NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

NOTE 1: ORGANIZATION AND BASIS OF PRESENTATION

PG&E Corporation is a holding company that conducts its business through Pacific Gas and Electric Company, a public utility operating in northern and central California. The Utility generates revenues mainly through the sale and delivery of electricity and natural gas to customers. The Utility is primarily regulated by the CPUC and the FERC. In addition, the NRC oversees the licensing, construction, operation, and decommissioning of the Utility's nuclear generation facilities. The Utility's accounts for electric and gas operations are maintained in accordance with the Uniform System of Accounts prescribed by the FERC.

This quarterly report on Form 10-Q is a combined report of PG&E Corporation and the Utility that includes separate Condensed Consolidated Financial Statements for each company. The Notes to the Condensed Consolidated Financial Statements apply to both PG&E Corporation and the Utility. PG&E Corporation's Condensed Consolidated Financial Statements include the accounts of PG&E Corporation, the Utility, and other wholly owned and controlled subsidiaries. The Utility's Condensed Consolidated Financial Statements include the accounts of the Utility and its wholly owned and controlled subsidiaries. All intercompany transactions have been eliminated from the Condensed Consolidated Financial Statements. PG&E Corporation and the Utility operate in one segment.

The accompanying Condensed Consolidated Financial Statements have been prepared in accordance with GAAP for interim financial statements and in accordance with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X promulgated by the U.S. Securities and Exchange Commission and therefore do not contain all of the information and footnotes required by GAAP and the U.S. Securities and Exchange Commission for annual financial statements. PG&E Corporation's and the Utility's Condensed Consolidated Financial Statements reflect all adjustments (consisting only of normal recurring adjustments) that management believes are necessary for the fair presentation of their financial condition, results of operations, and cash flows for the periods presented. The information at December 31, 2012 in both PG&E Corporation's and the Utility's Condensed Consolidated Balance Sheets included in this quarterly report was derived from the audited Consolidated Balance Sheets incorporated by reference into their combined 2012 Annual Report on Form 10-K filed with the U.S. Securities and Exchange Commission on February 21, 2013. This quarterly report should be read in conjunction with the 2012 Annual Report. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions based on a wide range of factors, including future regulatory decisions and economic conditions, that are difficult to predict. Some of the more critical estimates and assumptions relate to the Utility's regulatory assets and liabilities, legal and regulatory contingencies, environmental remediation liabilities, ARO, and pension and other postretirement benefit plans obligations. Management believes that its estimates and assumptions reflected in the Condensed Consolidated Financial Statements are appropriate and reasonable. Actual results could differ materially from those estimates.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies used by PG&E Corporation and the Utility are discussed in Note 2 of the Notes to the Consolidated Financial Statements in the 2012 Annual Report.

Pension and Other Postretirement Benefits

PG&E Corporation and the Utility provide a non-contributory defined benefit pension plan for eligible employees, as well as contributory postretirement medical plans for retirees and their eligible dependents, and non-contributory postretirement life insurance plans for eligible employees and retirees. The trusts underlying certain of these plans are qualified trusts under the Internal Revenue Code of 1986, as amended ("Code"). If certain conditions are met, PG&E Corporation and the Utility can deduct payments made to the qualified trusts, subject to certain Code limitations. PG&E Corporation and the Utility use a December 31 measurement date for all plans.

The net periodic benefit costs reflected in PG&E Corporation's Condensed Consolidated Financial Statements for the three months ended March 31, 2013 and 2012 were as follows:

Variable Interest Entities

Some of the counterparties to the Utility's power purchase agreements are considered VIEs. Each of these VIEs was designed to own a power plant that would generate electricity for sale to the Utility. To determine whether the Utility was the primary beneficiary of any of these VIEs at March 31, 2013, it assessed whether it absorbs any of the VIE's expected losses or receives any portion of the VIE's expected residual returns under the terms of the power purchase agreement, analyzed the variability in the VIE's gross margin, and considered whether it had any decision-making rights associated with the activities that are most significant to the VIE's performance, such as dispatch rights and operating and maintenance activities. The Utility's financial exposure is limited to the amount the Utility pays for delivered electricity and capacity. (See Note 10 below.) The Utility did not have any decision-making rights associated with any of the activities that are most significant to the economic performance of any of these VIEs. Since the Utility was not the primary beneficiary of any of these VIEs at March 31, 2013, it did not consolidate any of them.

At March 31, 2013, PG&E Corporation affiliates had entered into four tax equity agreements to fund residential and commercial retail solar energy installations with two privately held companies that are considered VIEs. Under these agreements, PG&E Corporation has made lease payments and investment contributions of \$363 million to these companies in exchange for the right to receive benefits from local rebates, federal grants, and a share of the customer payments made to these companies. The majority of these amounts are recorded in other noncurrent assets – other in PG&E Corporation's Condensed Consolidated Balance Sheets. PG&E Corporation determined that it does not have control over the companies' significant economic activities, such as the design of the companies, vendor selection, and construction. PG&E Corporation's remaining financial exposure is not material. Since PG&E Corporation was not the primary beneficiary of any of these VIEs at March 31, 2013, it did not consolidate any of them.

Adoption of New Accounting Pronouncements

Disclosures about Offsetting Assets and Liabilities

In January 2013, the FASB issued an ASU that clarifies the scope of disclosures about offsetting assets and liabilities. The guidance requires an entity to disclose gross and net information about derivatives that are offset in the balance sheet or subject to an enforceable master-netting arrangement or similar agreement. The ASU became effective for PG&E Corporation and the Utility on January 1, 2013. (See Note 7 below).

Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income

In February 2013, the FASB issued an ASU that requires an entity to provide information about the amounts reclassified out of accumulated other comprehensive income. The ASU became effective for PG&E Corporation and the Utility on January 1, 2013.

The changes, net of income tax, in PG&E Corporation's other comprehensive income for the three months ended March 31, 2013 consist of the following:

(in millions)	Pension and Other Postretirement Benefit Plans	Other	Total
Beginning balance (net of total income tax of \$101)	\$ (105)	\$ 4	\$ (101)
Other comprehensive income before reclassifications (net of total income tax of \$9)	(19)	6	(13)
Amounts reclassified from other comprehensive income:			
Amortization of prior service cost (net of total income tax of \$5) ⁽¹⁾	6	-	6
Amortization of actuarial gains (net of total income tax of \$11) ⁽¹⁾	17	-	17
Net current period other comprehensive income	4	6	10
Ending balance (net of total income tax of \$94)	\$ (101)	\$ 10	\$ (91)

⁽¹⁾ These other comprehensive income components are included in the computation of net periodic pension and other postretirement costs. (See the "Pension and Other Postretirement Benefits" table above for additional details.)

There was no material difference between PG&E Corporation and the Utility for the information disclosed above.

Accounting Standards Issued But Not Yet Adopted

Joint and Several Liability

In February 2013, the FASB issued an ASU that will require certain obligations resulting from joint and several liability arrangements to be recognized as the sum of (1) the amount the reporting entity agreed to pay on the basis of its arrangement among its co-obligors and (2) any additional amount the reporting entity expects to pay on behalf of its co-obligors. The ASU also requires entities to disclose the nature and amount of the obligation as well as other information about those obligations. This ASU will be effective retrospectively beginning on January 1, 2014. PG&E Corporation and the Utility are currently evaluating the impact of the ASU.

Regulatory Balancing Accounts

The Utility's recovery of a significant portion of revenue requirements and costs is decoupled from the volume of sales. The Utility records differences between actual customer billings and the Utility's authorized revenue requirement as well as differences between incurred costs and customer billings or authorized revenue. To the extent these differences are probable of recovery or refund, the Utility records a regulatory balancing account receivable or payable. Regulatory balancing accounts receivable and payable will fluctuate during the year based on seasonal electric and gas usage and timing of cost and collections.

⁽¹⁾ The CARB has adopted regulations that established a state-wide, "cap-and-trade" program (effective January 1, 2013) that sets a gradually declining limit on the amount of GHGs that may be emitted each year. This balancing account is used to record proceeds collected by the Utility for GHG emission allowances associated with the cap-and-trade program. These amounts will be refunded to customers in future periods.

NOTE 4: DEBT

Revolving Credit Facilities – PG&E Corporation and the Utility

At March 31, 2013, PG&E Corporation had \$120 million of cash borrowings and no letters of credit outstanding under its \$300 million revolving credit facility.

At March 31, 2013, the Utility had no cash borrowings and \$243 million of letters of credit outstanding under its \$3.0 billion revolving credit facility.

On April 1, 2013, PG&E Corporation and the Utility entered into an amendment and restatement of their respective \$300 million and \$3.0 billion five-year revolving credit facilities that were entered into on May 31, 2011. PG&E Corporation's and the Utility's amended and restated credit agreements contain substantially similar terms as their 2011 credit agreements, except that the termination dates have been extended to April 1, 2018.

Utility

Pollution Control Bonds

At March 31, 2013, the interest rates on the \$614 million principal amount of pollution control bonds Series 1996 C, E, F, and 1997 B and the related loan agreements ranged from 0.10% to 0.17%. At March 31, 2013, the interest rates on the \$309 million principal amount of pollution control bonds Series 2009 A-D and the related loan agreements ranged from 0.10% to 0.11%.

Commercial Paper Program

At March 31, 2013, the Utility had \$368 million of commercial paper outstanding.

NOTE 5: EQUITY

PG&E Corporation's and the Utility's changes in equity for the three months ended March 31, 2013 were as follows:

(in millions)	PG&E	Utility
	Corporation	
	Total	Total
	Equity	Shareholders' Equity
Balance at December 31, 2012	\$ 13,326	\$ 13,460
Comprehensive income	252	242

Share-based compensation expense	19	(1)
Common stock dividends declared	(202)	(179)
Preferred stock dividend requirement	-	(3)
Preferred stock dividend requirement of subsidiary	(3)	-
Equity contributions	-	370
Balance at March 31, 2013	\$ 13,824	\$ 13,889

In March 2013, PG&E Corporation sold 7,200,000 shares of its common stock in an underwritten public offering for cash proceeds of \$300 million, net of fees and commissions. During the three months ended March 31, 2013, PG&E Corporation issued 2,109,980 shares of its common stock under its 401(k) plan, its Dividend Reinvestment and Stock Purchase Plan, and its share-based compensation plans for total cash proceeds of \$63 million. PG&E Corporation also sold 1,480,900 shares of its common stock under the Equity Distribution Agreement executed in November 2011 for cash proceeds of \$63 million, net of fees, exhausting the remaining capacity under this agreement.

During the three months ended March 31, 2013, PG&E Corporation contributed equity of \$370 million to the Utility to maintain the Utility's CPUC-authorized capital structure, which consists of 52% common equity and 48% debt and preferred stock.

NOTE 6: EARNINGS PER SHARE

PG&E Corporation's basic EPS is calculated by dividing the income available for common shareholders by the weighted average number of common shares outstanding. PG&E Corporation applies the treasury stock method of reflecting the dilutive effect of outstanding share-based compensation in the calculation of diluted EPS. The following is a reconciliation of PG&E Corporation's income available for common shareholders and weighted average common shares outstanding for calculating diluted EPS:

(in millions, except per share amounts)	Three Months Ended March	
	31,	
	2013	2012
Income available for common shareholders	\$ 239	\$ 233
Weighted average common shares outstanding, basic	434	414
Add incremental shares from assumed conversions:		
Employee share-based compensation	1	2
Weighted average common share outstanding, diluted	435	416
Total earnings per common share, diluted	\$ 0.55	\$ 0.56

For each of the periods presented above, the calculation of outstanding common shares on a diluted basis excluded an insignificant amount of options and securities that were antidilutive.

NOTE 7: DERIVATIVES

The Utility uses both derivative and non-derivative contracts in managing its customers' exposure to commodity-related price risk, including forward contracts, swap agreements and futures contracts, and option contracts.

These instruments are not held for speculative purposes and are subject to certain regulatory requirements. Customer rates are designed to recover the Utility's reasonable costs of providing services, including the costs related to price risk management activities.

Price risk management activities that meet the definition of derivatives are recorded at fair value on the Condensed Consolidated Balance Sheets. As long as the current ratemaking mechanism discussed above remains in place and the Utility's price risk management activities are carried out in accordance with CPUC directives, the Utility expects to recover fully, in rates, all costs related to derivatives. Therefore, all unrealized gains and losses associated with the change in fair value of these derivatives are deferred and recorded within the Utility's regulatory assets and liabilities on the Condensed Consolidated Balance Sheets. (See Note 3 above.) Net realized gains or losses on commodity derivatives are recorded in the cost of electricity or the cost of natural gas with corresponding increases or decreases to regulatory balancing accounts for recovery from or refund to customers.

The Utility elects the normal purchase and sale exception for eligible derivatives. Derivatives that require physical delivery in quantities that are expected to be used by the Utility over a reasonable period in the normal course of business, and do not contain pricing provisions unrelated to the commodity delivered are eligible for the normal purchase and sale exception. The fair value of derivatives that are eligible for the normal purchase and sales exception are not reflected in the Condensed Consolidated Balance Sheets.

Presentation of Derivative Instruments in the Financial Statements

In PG&E Corporation's and the Utility's Condensed Consolidated Balance Sheets, derivatives are presented on a net basis by counterparty where the right and the intention to offset exists under a master netting agreement. All derivatives that are subject to a master netting arrangement have been netted. The net balances include outstanding cash collateral associated with derivative positions.

At March 31, 2013, PG&E Corporation's and the Utility's outstanding derivative balances were as follows:

(in millions)	Commodity Risk			
	Gross Derivative		Cash Collateral	Total Derivative
	Balance	Netting		Balance
Current assets – other	\$ 47	\$ (27)	\$ 33	\$ 53
Other noncurrent assets – other	92	(4)	-	88
Current liabilities – other	(182)	27	55	(100)
Noncurrent liabilities – other	(188)	4	11	(173)
Total commodity risk	\$ (231)	\$ -	\$ 99	\$ (132)

At December 31, 2012, PG&E Corporation's and the Utility's outstanding derivative balances were as follows:

(in millions)	Commodity Risk			
	Gross Derivative		Cash Collateral	Total Derivative
	Balance	Netting		Balance
Current assets – other	\$ 48	\$ (25)	\$ 36	\$ 59
Other noncurrent assets – other	99	(11)	-	88

Noncurrent liabilities – other	(221)	11	14	(196)
Total commodity risk	\$ (329)	\$ -	\$ 165	\$ (164)

Gains and losses recorded on PG&E Corporation's and the Utility's derivatives were as follows:

(in millions)	Commodity Risk	
	Three Months Ended	
	March 31,	
	2013	2012
Unrealized gain/(loss) - regulatory assets and liabilities ⁽¹⁾	\$ 98	\$ (54)
Realized loss - cost of electricity ⁽²⁾	(48)	(151)
Realized loss - cost of natural gas ⁽²⁾	(8)	(22)
Total commodity risk	\$ 42	\$ (227)

⁽¹⁾ Unrealized gains and losses on commodity risk-related derivative instruments are recorded to regulatory assets or liabilities, rather than being recorded to the Condensed Consolidated Statements of Income. These amounts exclude the impact of cash collateral postings.

⁽²⁾ These amounts are fully passed through to customers in rates. Accordingly, net income was not impacted by realized amounts on these instruments.

Volume of Derivative Activity

At March 31, 2013, the volumes of PG&E Corporation's and the Utility's outstanding derivatives were as follows:

At December 31, 2012, the volumes of PG&E Corporation's and the Utility's outstanding derivatives were as follows:

⁽⁴⁾ Million British Thermal Units .

The majority of the Utility's derivatives contain collateral posting provisions tied to the Utility's credit rating from each of the major credit rating agencies. At March 31, 2013, the Utility's credit rating was investment grade. If the Utility's credit rating were to fall below investment grade, the Utility would be required to post additional cash immediately to fully collateralize some of its net liability derivative positions.

The additional cash collateral that the Utility would be required to post if the credit risk-related contingency features were triggered was as follows:

(in millions)	Balance at	
	March 31, 2013	December 31, 2012
Derivatives in a liability position with credit risk-related contingencies that are not fully collateralized	\$ (191)	\$ (266)
Related derivatives in an asset position	59	59
Collateral posting in the normal course of business related to these derivatives	63	103
Net position of derivative contracts/additional collateral posting requirements ⁽¹⁾	\$ (69)	\$ (104)

⁽¹⁾ This calculation excludes the impact of closed but unpaid positions, as their settlement is not impacted by any of the Utility's credit risk-related contingencies.

NOTE 8: FAIR VALUE MEASUREMENTS

PG&E Corporation and the Utility measure their cash equivalents, trust assets, and price risk management instruments at fair value. Fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or a liability. A three-tier fair value hierarchy is established as a basis for considering such assumptions and for inputs used in the valuation methodologies in measuring fair value:

- **Level 1** – Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.
- **Level 2** – Other inputs that are directly or indirectly observable in the marketplace.
- **Level 3** – Unobservable inputs which are supported by little or no market activities.

The fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Assets and liabilities measured at fair value on a recurring basis for PG&E Corporation and the Utility are summarized below (assets held in rabbi trusts are held by PG&E Corporation and not the Utility):

Valuation Techniques

The following describes the valuation techniques used to measure the fair value of the assets and liabilities shown in the tables above. All investments that are valued using a net asset value per share can be redeemed quarterly with notice not to exceed 90 days.

Money Market Investments

PG&E Corporation and the Utility invest in money market funds that seek to maintain a stable net asset value. These funds invest in high quality, short-term, diversified money market instruments, such as U.S. Treasury bills, U.S. agency securities, certificates of deposit, and commercial paper with a maximum weighted average maturity of 60 days or less. PG&E Corporation's and the Utility's investments in these money market funds are valued using unadjusted prices for identical assets in an active market and are thus classified as Level 1. Money market funds are recorded as cash and cash equivalents in PG&E Corporation's and the Utility's Condensed Consolidated Balance Sheets.

Trust Assets

The assets held by the nuclear decommissioning trusts, the rabbi trusts related to the non-qualified deferred compensation plans, and the long-term disability trust are composed primarily of equity securities, debt securities, and life insurance policies. In general, investments held in the trusts are exposed to various risks, such as interest rate, credit, and market volatility risks.

Equity securities primarily include investments in common stock, which are valued based on unadjusted prices for identical securities in active markets and are classified as Level 1. Equity securities also include commingled funds that are valued using a net asset value per share and are composed of equity securities traded publicly on exchanges across multiple industry sectors in the U.S. and other regions of the world, which are classified as Level 2. Price quotes for the assets held by these funds are readily observable and available.

Debt securities are primarily composed of U.S. government and agency securities, municipal securities, and other fixed-income securities, including corporate debt securities. U.S. government and agency securities primarily consist of U.S. Treasury securities that are classified as Level 1 because the fair value is determined by observable market prices in active markets. A market approach is generally used to estimate the fair value of debt securities classified as Level 2. Under a market approach, fair values are determined based on evaluated pricing data, such as broker quotes, for similar securities adjusted for observable differences. Significant inputs used in the valuation model generally include benchmark yield curves and issuer spreads. The external credit ratings, coupon rate, and maturity of each security are considered in the valuation model, as applicable.

Price Risk Management Instruments

Price risk management instruments include physical and financial derivative contracts, such as power purchase agreements, forwards, swaps, options, and CRRs that are traded either on an exchange or over-the-counter.

Power purchase agreements, forwards, and swaps are valued using a discounted cash flow model. Exchange-traded forwards and swaps that are valued using observable market forward prices for the underlying commodity are classified as Level 1. Over-the-counter forwards and swaps that are identical to exchange-traded forwards and swaps or are valued using forward prices from broker quotes that are corroborated with market data are classified as Level 2. Long-dated power purchase agreements that are valued using significant unobservable data are classified as Level 3. These Level 3 contracts are valued using either estimated basis adjustments from liquid trading points or techniques, including extrapolation from observable prices, when a contract term extends beyond a period for which market data is available.

Exchange-traded options are valued using observable market data and market-corroborated data and are classified as Level 2. Over-the-counter options are classified as Level 3 and are valued using a standard option pricing model, which includes forward prices for the underlying commodity, time value at a risk-free rate, and volatility. For periods where market data is not available, the Utility extrapolates observable data using internal models.

The Utility holds CRRs to hedge the financial risk of CAISO-imposed congestion charges in the day-ahead market. CRRs are valued based on prices observed in the CAISO auction, which are discounted at the risk-free rate. Limited market data is available in the CAISO auction and between auction dates; therefore, the Utility uses models to forecast CRR prices for those periods not covered in the auctions. CRRs are classified as Level 3.

Transfers between Levels

PG&E Corporation and the Utility recognize transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels at March 31, 2013.

Level 3 Measurements and Sensitivity Analysis

The Utility's Market and Credit Risk Management department is responsible for determining the fair value of the Utility's price risk management derivatives. Market and Credit Risk Management reports to the Chief Risk Officer of the Utility. Market and Credit Risk Management utilizes models to derive pricing inputs for the valuation of the Utility's Level 3 instruments. These models use pricing inputs from brokers and historical data. The Market and Credit Risk Management department and the Controller's organization collaborate to determine the appropriate fair value methodologies and classification for each derivative. Inputs used and fair value of Level 3 instruments are reviewed period-over-period and compared with market conditions to determine reasonableness. Valuation models and techniques are reviewed periodically.

CRRs and power purchase agreements are valued using historical prices or significant unobservable inputs derived from internally developed models. Historical prices include CRR auction prices. Unobservable inputs include forward electricity prices. Significant increases or decreases in any of those inputs would result in a significantly higher or lower fair value, respectively. All reasonable costs related to Level 3 instruments are expected to be recoverable through customer rates; therefore, there is no impact to net income resulting from changes in the fair value of these instruments. (See Note 7 above.)

Level 3 Reconciliation

The following table presents the reconciliation for Level 3 price risk management instruments for the three months ended March 31, 2013 and 2012:

Financial Instruments

PG&E Corporation and the Utility use the following methods and assumptions in estimating fair value for financial instruments:

- The fair values of cash, restricted cash, net accounts receivable, short-term borrowings, accounts payable, customer deposits, and the Utility's variable rate pollution control bond loan agreements approximate their carrying values at March 31, 2013 and December 31, 2012, as they are short-term in nature or have interest rates that reset daily.
- The fair values of the Utility's fixed-rate senior notes and fixed-rate pollution control bond loan agreements and PG&E Corporation's fixed-rate senior notes were based on quoted market prices at March 31, 2013 and December 31, 2012.

The carrying amount and fair value of PG&E Corporation's and the Utility's debt instruments were as follows (the table below excludes financial instruments with carrying values that approximate their fair values):

(in millions)	March 31, 2013		December 31, 2012

NOTE 9: RESOLUTION OF REMAINING CHAPTER 11 DISPUTED CLAIMS

Various electricity suppliers filed claims in the Utility's proceeding filed under Chapter 11 of the U.S. Bankruptcy Code seeking payment for energy supplied to the Utility's customers between May 2000 and June 2001. These claims, which the Utility disputes, are being addressed in various FERC and judicial proceedings in which the State of California, the Utility, and other electricity purchasers are seeking refunds from electricity suppliers, including governmental entities, for overcharges incurred in the CAISO and the California Power Exchange wholesale electricity markets during this period.

While the FERC and judicial proceedings are pending, the Utility has pursued, and continues to pursue, settlements with electricity suppliers. The Utility entered into a number of settlement agreements with various electricity suppliers to resolve some of these disputed claims and to resolve the Utility's refund claims against these electricity suppliers. These settlement agreements provide that the amounts payable by the parties are, in some instances, subject to adjustment based on the outcome of the various refund offset and interest issues being considered by the FERC. The Utility is uncertain when and how the remaining disputed claims will be resolved.

Any net refunds, claim offsets, or other credits that the Utility receives from electricity suppliers through resolution of the remaining disputed claims, either through settlement or through the conclusion of the various FERC and judicial proceedings, are refunded to customers through rates in future periods.

At March 31, 2013, and December 31, 2012, the remaining net disputed claims liability consisted of \$156 million and \$157 million, respectively, of remaining net disputed claims (classified on the Condensed Consolidated Balance Sheets within accounts payable – disputed claims and customer refunds) and \$691 million and \$685 million, respectively, of accrued interest (classified on the Condensed Consolidated Balance Sheets within interest payable).

At March 31, 2013 and December 31, 2012, the Utility held \$291 million, respectively, in escrow, including earned interest, for payment of the remaining net disputed claims liability. These amounts are included within restricted cash on the Condensed Consolidated Balance Sheets.

NOTE 10: COMMITMENTS AND CONTINGENCIES

PG&E Corporation and the Utility have substantial financial commitments in connection with agreements entered into to support the Utility's operating activities. PG&E Corporation and the Utility also have significant contingencies arising from their operations, including contingencies related to regulatory proceedings, nuclear operations, legal matters and environmental remediation.

Commitments

In the ordinary course of business, the Utility enters into various agreements to purchase power and electric capacity; natural gas supply, transportation, and storage; nuclear fuel supply and services; and various other commitments. The Utility disclosed its commitments at December 31, 2012 in Note 15 of the Notes to the Consolidated Financial Statements in the 2012 Annual Report. The Utility has not entered into any new material commitments during the three months ended March 31, 2013.

Contingencies

Legal and Regulatory Contingencies

PG&E Corporation and the Utility are subject to various laws and regulations and, in the normal course of business, PG&E Corporation and the Utility are named as parties in a number of claims and lawsuits. In addition, the Utility can incur penalties for failure to comply with federal, state, or local laws and regulations.

PG&E Corporation and the Utility record a provision for a loss when it is both probable that a loss has been incurred and the amount of the loss can be reasonably estimated. PG&E Corporation and the Utility evaluate the range of reasonably estimated losses and record a provision based on the lower end of the range, unless an amount within the range is a better estimate than any other amount. These accruals, and the estimates of any reasonably possible losses are reviewed quarterly and are adjusted to reflect the impact of all known information, such as negotiations, discovery, settlements and payments, rulings, advice of legal counsel, and other information and events pertaining to a particular matter. In assessing the amounts related to such contingencies, PG&E Corporation's and the Utility's policy is to exclude anticipated legal costs.

The accrued liability associated with legal and regulatory contingencies (other than the amounts related to natural gas matters that are discussed below) totaled \$38 million at March 31, 2013 and \$34 million at December 31, 2012 and are included in PG&E Corporation's and the Utility's current liabilities – other in the Condensed Consolidated Balance Sheets. Except as discussed below, PG&E Corporation and the Utility do not believe that losses associated with legal and regulatory contingencies would have a material impact on their financial condition, results of operations, or cash flows.

Natural Gas Matters

Following the San Bruno accident in September 2010, various regulatory proceedings, investigations, and lawsuits were commenced. The NTSB, an independent review panel appointed by the CPUC, and the SED completed investigations with respect to the San Bruno accident, placing the blame primarily on the Utility.

Pending CPUC Investigations and Enforcement Matters

The CPUC is conducting three investigative enforcement proceedings of the Utility's natural gas operations that relate to (1) the Utility's safety recordkeeping for its natural gas transmission system, (2) the Utility's operation of its natural gas transmission pipeline system in or near locations of higher population density, and (3) the Utility's pipeline installation, integrity management, recordkeeping and other operational practices, and other events or courses of conduct, that could have led to or contributed to the San Bruno accident. Evidentiary hearings and briefing on the issue of alleged violations have been completed in each of these investigations. See Note 15 of the Notes to the Consolidated Financial Statements of the 2012 Annual Report for additional information regarding each investigative proceeding.

The CPUC has stated that it is prepared to impose significant penalties on the Utility if the CPUC determines that the Utility violated applicable laws, rules, and orders. Many factors can be considered in determining the amount of penalties to impose on the Utility, including the financial resources of the Utility. The SED's financial consultant prepared a report concluding that PG&E Corporation could raise approximately \$2.25 billion through additional equity issuances to fund CPUC-imposed penalties on the Utility. The Utility's financial consultant disagreed with this financial analysis and asserted that a fine in excess of financial analysts' expectations, which the consultant's report cited as a mean of \$477 million, would make financing more difficult and expensive.

The SED and each other intervening party has been previously ordered to file single briefs, rather than separate briefs in each proceeding, to recommend the amount of penalties and other remedies (which could include remedial operational or policy measures) to be imposed on the Utility based on the violations the SED alleges the Utility committed. Under the revised procedural schedule, these briefs are due May 6, 2013, the Utility's reply brief is due May 24, 2013, and rebuttal briefs are due on June 5, 2013. After briefing has been completed, it is anticipated that the ALJs will issue one or more presiding officer's decisions containing the violations determined to have been committed, the amount of penalties, and any required remedial actions. Based on the CPUC's rules, the presiding officer's decisions are currently due August 5, 2013. The decisions would become the final decisions of the CPUC thirty days after issuance unless the Utility or another party filed an appeal, or a CPUC commissioner requested review of the decision, within such time.

As of March 31, 2013, the Utility has also submitted 48 self-reports with the SED, plus additional follow-up reports, to provide notice about self-identified and self-corrected violations of certain state and federal regulations related to the safety of natural gas facilities and natural gas operating practices. The SED is authorized to issue citations and impose penalties on the Utility associated with these or future reports that the Utility may file. The SED may consider the same factors as the CPUC in exercising its discretion to impose penalties, as described above, except that the SED is required to impose the maximum daily statutory penalty per violation. PG&E Corporation and the Utility are uncertain whether the SED will issue citations and impose penalties on the Utility based on the self-reports the Utility has already submitted.

In addition, the Utility has notified the CPUC and the SED that the Utility is undertaking a system-wide effort to survey its transmission pipelines and identify and remove encroachments from pipeline rights-of-way over a multi-year period. PG&E Corporation and the Utility are uncertain whether this matter will result in the imposition of penalties on the Utility.

PG&E Corporation and the Utility continue to believe it is probable that the Utility will incur penalties of at least \$200 million in connection with these pending investigations and potential enforcement matters and have accrued this amount in their Condensed Consolidated Financial Statements. PG&E Corporation and the Utility are unable to make a better estimate of probable losses or estimate the amount of reasonably possible losses in excess of \$200 million due to the many variables that could affect the final outcome of these matters. These variables include how the total number and duration of violations will be determined; whether penalties will be determined separately in each investigative proceeding or in the aggregate; how the testimony of the financial consultants will be considered; whether the Utility's costs to perform any required remedial actions will be considered; how the CPUC responds to increasing public pressure; and whether and how the financial impact of non-recoverable costs the Utility has already incurred, and will continue to incur, to improve the safety and reliability of its pipeline system, will be considered. (See "CPUC Gas Safety Rulemaking Proceeding" below.) Future changes in these estimates or the assumptions on which they are based could have a material impact on PG&E Corporation's and the Utility's financial condition, results of operations, and cash flows. The ultimate amount of penalties imposed on the Utility could be materially higher than the amount accrued.

CPUC Gas Safety Rulemaking Proceeding

The CPUC is conducting a rulemaking proceeding to adopt new safety and reliability regulations for natural gas transmission and distribution pipelines in California and the related ratemaking mechanisms. On December 20, 2012, the CPUC approved the Utility's proposed pipeline safety enhancement plan (filed in August 2011) to modernize and upgrade its natural gas transmission system but disallowed the Utility's request for rate recovery of a significant portion of plan-related costs the Utility forecasted it would incur over the first phase of the plan (2011 through 2014). The CPUC decision limited the Utility's recovery of capital expenditures to \$1.0 billion of the total \$1.4 billion requested. Various parties have requested the CPUC to reconsider or modify its decision, arguing that the Utility's cost recovery should be more limited. It is uncertain whether or when the CPUC will act on these requests. In 2012, the Utility recorded a \$353 million charge to net income for plan-related capital expenditures incurred that are forecasted to exceed the CPUC's authorized levels or that were specifically disallowed. The Utility will update its forecasts as the project continues and may incur additional charges to net income.

Criminal Investigation

In June 2011, the Utility was notified that representatives from the U.S. Department of Justice, the California Attorney General's Office, and the San Mateo County District Attorney's Office are conducting an investigation of the San Bruno accident. Federal and state authorities have indicated that the Utility is a target of the investigation. The Utility is cooperating with the investigation. PG&E Corporation and the Utility are uncertain whether any criminal charges will be brought against either company or any of their current or former employees. A criminal charge or finding would further harm the Utility's reputation. PG&E Corporation and the Utility are unable to estimate the amount (or range of amounts) of reasonably possible losses associated with any civil or criminal penalties that could be imposed on the Utility and such penalties could have a material impact on PG&E Corporation's and the Utility's financial condition, results of operations, and cash flows. In addition, the Utility's business or operations could be negatively affected by any remedial measures imposed on the Utility.

Third-Party Claims

As of March 31, 2013, approximately 160 lawsuits involving third-party claims for personal injury and property damage, including two class action lawsuits, had been filed against PG&E Corporation and the Utility in connection with the San Bruno accident on behalf of approximately 480 plaintiffs. The lawsuits seek compensation for personal injury and property damage, and other relief, including punitive damages. The Utility has entered into settlement agreements to resolve the claims of approximately 140 plaintiffs and other claimants. The Utility and most of the remaining plaintiffs are engaged in settlement discussions. Since the San Bruno accident, the Utility has recorded cumulative charges of \$455 million through March 31, 2013 for estimated third-party claims, including personal injury and property damage, damage to infrastructure, and other damage claims. The Utility has made cumulative payments of \$382 million for settlements of these claims. The Utility estimates it is reasonably possible that it may incur as much as an additional \$145 million for third-party claims, for a total possible loss of \$600 million since the San Bruno accident. This estimate is subject to change as more information becomes known about the unresolved claims. PG&E Corporation and the Utility are unable to estimate the amount (or range of amounts) of reasonably possible losses associated with punitive damages, if any, related to these matters.

The following table presents changes in the third-party claims liability since December 31, 2012; the balance is included in other current liabilities in PG&E Corporation's and the Utility's Condensed Consolidated Balance Sheets:

(in millions)

Balance at January 1, 2010	\$	-
Loss accrued		220
Less: Payments		(6)
Balance at December 31, 2010		214
Additional loss accrued		155
Less: Payments		(92)
Balance at December 31, 2011		277
Additional loss accrued		80
Less: Payments		(211)
Balance at December 31, 2012		146
Additional loss accrued		-

Balance at March 31, 2013	\$	73

Additionally, the Utility has liability insurance from various insurers who provide coverage at different policy limits that are triggered in sequential order or “layers.” Generally, as the policy limit for a layer is exhausted the next layer of insurance becomes available. The aggregate amount of insurance coverage for third-party liability attributable to the San Bruno accident is approximately \$992 million in excess of a \$10 million deductible. Through March 31, 2013, the Utility has recognized cumulative insurance recoveries for third-party claims of \$284 million. Although the Utility believes that a significant portion of costs incurred for third-party claims relating to the San Bruno accident will ultimately be recovered through its insurance, it is unable to predict the amount and timing of additional insurance recoveries.

Class Action Complaint

On August 23, 2012, a complaint was filed in the San Francisco Superior Court against PG&E Corporation and the Utility (and other unnamed defendants) by individuals who seek certification of a class consisting of all California residents who were customers of the Utility between 1997 and 2010, with certain exceptions. The plaintiffs allege that the Utility collected more than \$100 million in customer rates from 1997 through 2010 for the purpose of various safety measures and operations projects but instead used the funds for general corporate purposes such as executive compensation and bonuses. The plaintiffs allege that PG&E Corporation and the Utility engaged in unfair business practices in violation of California state law. The plaintiffs seek restitution and disgorgement, as well as compensatory and punitive damages.

PG&E Corporation and the Utility contest the plaintiffs’ allegations. In January 2013, PG&E Corporation and the Utility requested that the court dismiss the complaint on the grounds that the CPUC has exclusive jurisdiction to adjudicate the issues raised by the plaintiffs’ allegations. In the alternative, PG&E Corporation and the Utility requested that the court stay the proceeding until the CPUC investigations described above are concluded. The court has set a hearing on the motion for May 23, 2013. Due to the early stage of this proceeding, PG&E Corporation and the Utility are unable to estimate the amount (or range of amounts) of reasonably possible losses that may be incurred in connection with this matter.

Nuclear Insurance

The Utility is a member of NEIL, which is a mutual insurer owned by utilities with nuclear facilities. NEIL provides insurance coverage for property damages and business interruption losses incurred by the Utility due to a nuclear event (meaning that nuclear material is released) that occurs at the Utility’s two nuclear generating units at Diablo Canyon and the retired Humboldt Bay Unit 3. NEIL provides property damage and business interruption coverage of up to \$3.2 billion per nuclear incident (\$2.7 billion for property damage and \$490 million for business interruption) for Diablo Canyon. In addition, NEIL provides \$131 million of coverage for nuclear and non-nuclear property damages at Humboldt Bay Unit 3. (NEIL also provides insurance coverage to the Utility for non-nuclear property damages and business interruption losses at Diablo Canyon. NEIL significantly lowered the limits for this coverage in April 2013.) Under this insurance, if any nuclear generating facility insured by NEIL suffers a catastrophic loss, the Utility may be required to pay an additional premium of up to \$46 million per one-year policy term. NRC regulations require that the Utility’s property damage insurance policies provide that all proceeds from such insurance be applied, first, to place the plant in a safe and stable condition after an accident and, second, to decontaminate the plant before any proceeds can be used for decommissioning or plant repair.

NEIL policies also provide coverage for damages caused by acts of terrorism at nuclear power plants. Certain acts of terrorism may be “certified” by the Secretary of the Treasury. If damages are caused by certified acts of terrorism, NEIL can obtain compensation from the federal government and will provide up to its full policy limit of \$3.2 billion for each insured loss. In contrast, NEIL would treat all non-certified terrorist acts occurring within a 12-month period against one or more commercial nuclear power plants insured by NEIL as one event and the owners of the affected plants would share the \$3.2 billion policy limit amount.

Under the Price-Anderson Act, public liability claims that arise from nuclear incidents that occur at Diablo Canyon, and that occur during the transportation of material to and from Diablo Canyon are limited to \$12.6 billion. As required by the Price-Anderson Act, the Utility purchased the maximum available public liability insurance of \$375 million for Diablo Canyon. The balance of the \$12.6 billion of liability protection is provided under a loss-sharing program among utilities owning nuclear reactors. The Utility may be assessed up to \$235 million per nuclear incident under this program, with payments in each year limited to a maximum of \$35 million per incident. Both the maximum assessment and the maximum yearly assessment are adjusted for inflation at least every five years. The next scheduled adjustment is due on or before October 29, 2013.

The Price-Anderson Act does not apply to public liability claims that arise from nuclear incidents that occur during shipping of nuclear material from the nuclear fuel enricher to a fuel fabricator or that occur at the fuel fabricator's facility. Such claims are covered by nuclear liability policies purchased by the enricher and the fuel fabricator, as well as by separate supplier's and transporter's insurance policies. The Utility has a separate supplier's and transporter's policy that provides coverage for claims arising from some of these incidents up to a maximum of \$375 million per incident.

In addition, the Utility has \$53 million of liability insurance for Humboldt Bay Unit 3 and has a \$500 million indemnification from the NRC for public liability arising from nuclear incidents, covering liabilities in excess of the \$53 million of liability insurance.

If the Utility incurs losses in connection with any of its nuclear generation facilities that are either not covered by insurance or exceed the amount of insurance available, such losses could have a material effect on PG&E Corporation's and the Utility's financial condition, results of operations, and cash flows.

Environmental Remediation Contingencies

The Utility has been, and may be required to pay for environmental remediation at sites where it has been, or may be, a potentially responsible party under federal and state environmental laws. These sites include former manufactured gas plant sites, power plant sites, gas gathering sites, sites where natural gas compressor stations are located, and sites used by the Utility for the storage, recycling, or disposal of potentially hazardous substances. Under federal and California laws, the Utility may be responsible for remediation of hazardous substances even if it did not deposit those substances on the site.

Given the complexities of the legal and regulatory environment and the inherent uncertainties involved in the early stages of a remediation project, the process for estimating remediation liabilities is subjective and requires significant judgment. The Utility records an environmental remediation liability when site assessments indicate that remediation is probable and the Utility can reasonably estimate the loss or a range of probable amounts. The Utility records an environmental remediation liability based on the lower end of the range of estimated probable costs, unless an amount within the range is a better estimate than any other amount. Amounts recorded are not discounted to their present value.

The following table presents the changes in the environmental remediation liability:

(in millions)	
Balance at December 31, 2012	\$ 910
Additional remediation costs accrued:	
Transfer to regulatory account for recovery	72
Amounts not recoverable from customers	16
Less: Payments	(44)
Balance at March 31, 2013	<u>\$ 954</u>

The environmental remediation liability is composed of the following:

(in millions)	Balance at	
	March 31, 2013	December 31, 2012
Utility-owned natural gas compressor site near Topock, Arizona ⁽¹⁾	\$ 271	\$ 239
Utility-owned natural gas compressor site near Hinkley, California ⁽¹⁾	217	226
Former manufactured gas plant sites owned by the Utility or third parties	187	181
Utility-owned generation facilities (other than for fossil fuel-fired), other facilities, and third-party disposal sites	172	158
Fossil fuel-fired generation facilities formerly owned by the Utility	88	87
Decommissioning fossil fuel-fired generation facilities and sites	19	19
Total environmental remediation liability	\$ 954	\$ 910

⁽¹⁾ See “Natural Gas Compressor Sites” below.

The CPUC has authorized the Utility to recover most of its environmental remediation costs through various ratemaking mechanisms, subject to exclusions for certain sites, such as the Hinkley natural gas compressor site, and subject to limitations for certain liabilities such as amounts associated with fossil fuel-fired generation facilities formerly owned by the Utility. At March 31, 2013, the Utility expected to recover \$596 million through these ratemaking mechanisms.

Natural Gas Compressor Sites

The Utility is legally responsible for remediating groundwater contamination caused by hexavalent chromium used in the past at the Utility’s natural gas compressor sites near Hinkley, California and Topock, Arizona. The Utility is also required to take measures to abate the effects of the contamination on the environment.

Hinkley Site

The Utility’s remediation and abatement efforts at the Hinkley site are subject to the regulatory authority of the California Regional Water Quality Control Board, Lahontan Region. The Regional Board has issued several orders directing the Utility to implement interim remedial measures to reduce the mass of the underground plume of hexavalent chromium, monitor and control movement of the plume, and provide replacement water to affected residents. As of March 31, 2013, approximately 350 residential households located near the chromium plume boundary were covered by the Utility’s whole house water replacement program and the majority have opted to accept the Utility’s offer to purchase their properties. The Utility expects that the Regional Board will consider certification of the final environmental impact report in the third quarter of 2013. Following certification of the final report, the Regional Board is expected to issue the final cleanup standards.

At March 31, 2013 and December 31, 2012, \$217 million and \$226 million, respectively, were accrued in PG&E Corporation’s and the Utility’s Condensed Consolidated Balance Sheets for estimated undiscounted future remediation costs associated with the Hinkley site. Remediation costs for the Hinkley site are not recovered from customers through rates. Future costs will depend on many factors, including the Regional Board’s certification of the final environmental impact report, the levels of hexavalent chromium the Utility is required to use as the standard for remediation, the Utility’s required time frame for remediation, and adoption of a final drinking water standard currently under development by the State of California. As more information becomes known regarding these factors, these estimates and the assumptions on which they are based regarding the amount of liability incurred may be subject to further changes. Future changes in estimates or assumptions may have a material impact on PG&E Corporation’s and the Utility’s future financial condition, results of operations, and cash flows.

Topock Site

The Utility's remediation and abatement efforts are subject to the regulatory authority of the California DTSC and the U.S. Department of the Interior. The Utility has implemented interim remediation measures, including a system of extraction wells and a treatment plant designed to prevent movement of a hexavalent chromium plume toward the Colorado River. The DTSC has certified the final environmental impact report and approved the Utility's final remediation plan for the groundwater plume, under which the Utility will implement an in-situ groundwater treatment system to convert hexavalent chromium into a non-toxic and non-soluble form of chromium. On April 5, 2013, the Utility submitted its intermediate design plan for implementing the final groundwater remedy to the DTSC and the U.S. Department of the Interior. The Utility's intermediate plan reflects its evaluation of input received from regulatory agencies and other stakeholders, potential sources of fresh water to be used as part of the remedy, and performing other engineering activities necessary to complete the remedial design. The Utility expects to submit its final plan for approval in 2014.

At March 31, 2013 and December 31, 2012, \$271 million and \$239 million, respectively, were accrued in PG&E Corporation's and the Utility's Condensed Consolidated Balance Sheets for estimated undiscounted future remediation costs associated with the Topock site. The increase reflects the Utility's best estimate of costs associated with the final groundwater remedy based on its intermediate design plan. The CPUC has authorized the Utility to recover 90% of its remediation costs for the Topock site from customers through rates without a reasonableness review. As more information becomes known regarding the extent of work to be performed to implement the final groundwater remedy, these estimates and the assumptions on which they are based regarding the amount of liability incurred may be subject to change. Future changes in estimates or assumptions could have a material impact on PG&E Corporation's and the Utility's future financial condition and cash flows.

Reasonably Possible Environmental Contingencies

Although the Utility has provided for known environmental obligations that are probable and reasonably estimable, the Utility's undiscounted future costs could increase to as much as \$1.7 billion (including amounts related to the Hinkley and Topock sites described above) if the extent of contamination or necessary remediation is greater than anticipated or if the other potentially responsible parties are not financially able to contribute to these costs, and could increase further if the Utility chooses to remediate beyond regulatory requirements. The Utility may incur actual costs in the future that are materially different than this estimate and such costs could have a material impact on PG&E Corporation's and the Utility's results of operations during the period in which they are recorded.

Tax Matters

In 2008, PG&E Corporation began participating in the compliance assurance process, a real-time IRS audit intended to expedite resolution of tax matters. Since 2008, the IRS has withheld several matters pertaining to the 2008, 2010, and 2011 tax returns for further review. The most significant of the matters withheld for review relates to a 2008 tax accounting method change filed by PG&E Corporation related to repairs. The IRS is expected to complete its review of the 2008 repair method changes in 2013. PG&E Corporation and the Utility expect the unrecognized tax benefits may change significantly within the next 12 months. However, PG&E Corporation and the Utility cannot estimate the change in unrecognized tax benefits related to the items discussed above.

There were no other significant developments to tax matters during the three months ended March 31, 2013. (Refer to Note 9 of the Notes to the Consolidated Financial Statements in the 2012 Annual Report.)

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

PG&E Corporation, incorporated in California in 1995, is a holding company that conducts its business through Pacific Gas and Electric Company, a public utility operating in northern and central California. The Utility generates revenues mainly through the sale and delivery of electricity and natural gas to customers. The Utility served approximately 5.2 million electricity distribution customers and approximately 4.4 million natural gas distribution customers at March 31, 2013.

The Utility is regulated primarily by the CPUC and the FERC. In addition, the NRC oversees the licensing, construction, operation, and decommissioning of the Utility's nuclear generation facilities. The CPUC has jurisdiction over the rates and terms and conditions of service for the Utility's electricity and natural gas distribution operations, electric generation, and natural gas transportation and storage. The FERC has jurisdiction over the rates and terms and conditions of service governing the Utility's electric transmission operations and over the rates and terms and conditions of service governing the Utility on its interstate natural gas transportation contracts. The Utility also is subject to the jurisdiction of other federal, state, and local governmental agencies.

Most of the Utility's revenue requirements that the Utility is authorized to collect through rates are set by the CPUC in the GRC, which occurs generally every three years. The Utility's revenue requirements for other portions of its operations, such as electric transmission, natural gas transportation and storage services, electricity and natural gas purchases, are authorized in other regulatory proceedings overseen by the CPUC or the FERC. The Utility's revenue requirements are generally set at a level to allow the Utility to recover its forecasted operating expenses, to recover depreciation, tax, and interest expenses associated with forecasted capital expenditures, and to provide the Utility with an opportunity to earn its authorized ROE. The Utility also collects revenue requirements to recover certain costs that the CPUC has authorized the Utility to pass through to customers, such as electricity procurement costs. From time to time, the Utility also files separate applications with the CPUC requesting authority to recover costs for other projects. PG&E Corporation's and the Utility's financial condition, results of operations, and cash flows are affected by the extent to which the Utility is able to timely recover its actual costs through rates and earn its authorized ROE.

This is a combined quarterly report of PG&E Corporation and the Utility and should be read in conjunction with each company's separate Condensed Consolidated Financial Statements and the Notes to the Condensed Consolidated Financial Statements included in this quarterly report. In addition, this quarterly report should be read in conjunction with the 2012 Annual Report.

Key Factors Affecting Results of Operations and Financial Condition

PG&E Corporation's and the Utility's financial condition, results of operations, and cash flows have continued to be materially affected by costs the Utility has incurred to improve the safety and reliability of its natural gas operations, as well as by costs related to the ongoing regulatory proceedings, investigations, and civil lawsuits that commenced following the San Bruno accident in September 2010. Through March 31, 2013, PG&E Corporation and the Utility have incurred cumulative charges of approximately \$1.9 billion related to the San Bruno accident and natural gas matters that will not be recoverable through rates. These matters and a number of other factors will continue to have a material negative impact on PG&E Corporation's and the Utility's future results of operations, financial condition, and cash flows.

- *The Outcome of Matters Related to the Utility's Natural Gas System.* The Utility forecasts that it will incur total pipeline-related costs ranging from \$400 million to \$500 million in 2013 that will not be recoverable through rates, including \$62 million incurred during the three months ended March 31, 2013. (See "Operating and Maintenance" below.) Additionally, the CPUC could impose penalties that are materially higher than the \$200 million accrued in connection with three pending CPUC investigations and other matters that were self-reported by the Utility related to the safety of its natural gas operations. The Utility may also incur costs to implement any remedial actions the CPUC may order the Utility to perform. On May 6, 2013, the SED and other parties are expected to file briefs to recommend the amount of penalties and other remedial actions to be imposed on the Utility based on the violations the SED alleges that the Utility committed. Based on the current procedural schedule, the Utility expects that the pending investigations will be resolved by the third quarter of 2013. (See "Pending CPUC Investigations and Enforcement Matters" below.) In addition, an ongoing investigation of the San Bruno accident by federal, state, and local authorities may result in the imposition of penalties and remedial measures on the Utility. (See "Criminal Investigation" below.) Finally, PG&E Corporation and the Utility believe it is reasonably possible that they may incur additional charges of up to \$145 million for estimated third-party claims related to the San Bruno accident. (See "Third-Party Claims" below.)

- *The Amount and Timing of the Utility's Equity Financing Needs* . PG&E Corporation contributes equity to the Utility as needed by the Utility to maintain its CPUC-authorized capital structure. The Utility has incurred significant expenses that are not recoverable through rates, which has increased the Utility's equity needs. For the three months ended March 31, 2013, PG&E Corporation made equity contributions to the Utility of \$370 million, which were funded primarily through common stock issuances. The Utility's future financing needs will be affected by the ultimate amount of unrecoverable costs and penalties incurred in connection with natural gas matters above. The Utility's financing needs also will be affected by other factors, including the timing and amount of the Utility's capital expenditures, operating expenses, and collateral requirements associated with price risk management activities. Additional equity issued by PG&E Corporation in the future to fund the Utility's equity needs attributable to unrecoverable costs, including the ultimate amount of penalties associated with the pending investigations, is expected to have a material dilutive effect on its EPS. PG&E Corporation's and the Utility's ability to access the capital markets and the terms and rates of future financings could be affected by changes in their respective credit ratings, the outcome of natural gas matters, general economic and market conditions, and other factors. (See "Liquidity and Financial Resources" below.)
- *The Timing and Outcome of Ratemaking Proceedings* . The Utility's financial results are affected by the timing and outcome of ratemaking proceedings. During 2013, the CPUC is scheduled to determine the amount of revenue requirements the Utility is authorized to recover beginning in 2014 for its electric and natural gas distribution operations and its electric generation operations in the 2014 GRC. The Utility has requested that the CPUC increase the Utility's base revenues for 2014 by \$1.28 billion over the comparable revenues for 2013 that were previously authorized. (See "2014 General Rate Case" below.) The FERC is also considering proposed changes in the Utility's electric transmission rates in the pending TO rate case. Although the proposed rate changes became effective on May 1, 2013, the Utility's collection of the increased rates is subject to refund following the issuance of a final decision by the FERC. (See "FERC Transmission Owner Rate Case" below.) The Utility expects to file an application with the CPUC in late 2013 to initiate the Utility's 2015 GT&S rate case in which the CPUC will determine the rates, and terms and conditions of the Utility's gas transmission and storage services beginning January 1, 2015. The Utility expects to address the scope, timing, and cost recovery of continuing work to enhance the safety and reliability of its gas pipeline system in the 2015 GT&S rate case. The outcome of these ratemaking proceedings can be affected by many factors, including general economic conditions, the level of customer rates, regulatory policies, and political considerations.
- *The Ability of the Utility to Control Operating Costs and Capital Expenditures*. Rates are primarily set based on forecasts and assumptions about the amount of operating costs and capital expenditures the Utility will incur in future periods. PG&E Corporation's and the Utility's net income is negatively affected when the revenues provided by rates are not sufficient for the Utility to recover the costs it actually incurs. In 2013, in addition to the non-recoverable costs related to the Utility's natural gas system described above, the Utility forecasts that it will incur approximately \$250 million to improve the safety and reliability of its electric and natural gas operations that it will not recover through rates. (See "Operating and Maintenance" below.) Any future increase in the Utility's environmental-related liabilities that are not recoverable through rates, such as costs associated with its natural gas compressor station located in Hinkley, California, also will negatively affect PG&E Corporation's and the Utility's net income. (See "Environmental Matters" below.) Other differences between the amount or timing of the Utility's actual costs and forecasted or authorized amounts may also affect the Utility's ability to earn its authorized ROE.

Summary of Changes in Earnings per Common Share and Income Available for Common Shareholders for 2013

The following table is a summary reconciliation of the key changes, after-tax, in PG&E Corporation's income available for common shareholders and earnings per common share for the three months ended March 31, 2013 compared to the three months ended March 31, 2012 (see "Results of Operations" below):

(in millions, except per share amounts)	Earnings	Earnings Per Common Share (Diluted)
Income Available for Common Shareholders - March 31, 2012	\$ 233	\$ 0.56

Growth in rate base earnings	21	0.05
Reduction in authorized cost of capital	(44)	(0.10)
Nuclear refueling outage	(27)	(0.06)
Timing of incremental work	(13)	(0.03)
Gas transmission revenues	(3)	(0.01)
Increase in shares outstanding ⁽²⁾	-	(0.04)
Other	(30)	(0.07)
Income Available for Common Shareholders - March 31, 2013	\$ 239	\$ 0.55

⁽¹⁾ The Utility incurred charges related to natural gas matters of \$62 million and \$163 million, pre-tax, for the three months ended March 31, 2013 and 2012, respectively. The amount shown above represents the favorable impact attributable to the lower amount of expenses recorded in 2013. See "Operating and Maintenance" below for additional information.

⁽²⁾ Represents the impact of a higher number of shares outstanding at March 31, 2013, compared to the number of shares outstanding at March 31, 2012. PG&E Corporation issues shares to fund its equity contributions to the Utility to maintain the Utility's capital structure and fund operations, including expenses related to natural gas matters. This has no dollar impact on earnings.

This quarterly report contains forward-looking statements that are necessarily subject to various risks and uncertainties. These statements reflect management's judgment and opinions which are based on current estimates, expectations, and projections about future events and assumptions regarding these events and management's knowledge of facts as of the date of this report.

These forward-looking statements relate to, among other matters, estimated losses associated with various investigations; estimated losses and insurance recoveries associated with the civil litigation arising from the San Bruno accident; forecasts of costs the Utility will incur to make safety and reliability improvements, including costs to perform work under the pipeline safety enhancement plan, that the Utility will not recover through rates; forecasts of capital expenditures; estimates and assumptions used in critical accounting policies, including those relating to environmental remediation, tax, litigation, third-party claims, and other liabilities; and the level of future equity or debt issuances. The following presents the Utility's operating results for the three months ended March 31, 2013 and 2012.

Electric Operating Revenues

The Utility's electric operating revenues consist of amounts charged to customers for electricity generation, transmission and distribution services, as well as amounts charged to customers to recover the cost of electricity procurement and the cost of public purpose, energy efficiency, and demand response programs.

The following table provides a summary of the Utility's total electric operating revenues:

(in millions)	Three Months Ended March 31,	
	2013	2012
Revenues excluding passed-through costs	\$ 1,597	\$ 1,575
Revenues for recovery of passed-through costs	1,201	1,196
Total electric operating revenues	\$ 2,798	\$ 2,771

The Utility's total electric operating revenues increased by \$27 million, or 1%, in the three months ended March 31, 2013, as compared to the same period in 2012. Electric operating revenues, excluding revenues intended to recover costs that are passed through to customers, increased by \$22 million, primarily due to an increase in base revenues as authorized in the 2011 GRC, partially offset by a decrease in revenues authorized in the 2013 Cost of Capital proceeding. Revenues intended to recover costs that are passed through to customers and do not impact net income increased, primarily due to a \$124 million increase in the cost of electricity (see "Cost of Electricity" below), offset by a \$115 million decrease resulting from the absence of revenue related to ERBs that matured in late 2012.

The Utility's future electric operating revenues are expected to be impacted by revenues authorized by the FERC in the pending TO rate case (these increased revenues became effective on May 1, 2013, subject to refund) and by the CPUC in the 2014 GRC. (See "Regulatory Matters" below.) Future electric operating revenues will also be impacted by the cost of electricity and other revenues intended to recover costs that are passed through to customers.

Cost of Electricity

The Utility's cost of electricity includes the costs of power purchased from third parties, transmission, fuel used in its own generation facilities, fuel supplied to other facilities under power purchase agreements, and realized gains and losses on price risk management activities. (See Note 7 of the Notes to the Condensed Consolidated Financial Statements.) The Utility's cost of electricity is passed through to customers. The Utility's cost of electricity excludes non-fuel costs associated with operating the Utility's own generation facilities and electric transmission and distribution system, which are included in operating and maintenance expense in the Condensed Consolidated Statements of Income.

The following table provides a summary of the Utility's cost of electricity and the total amount and average cost of purchased power:

(in millions)	Three Months Ended March 31,	
	2013	2012
Cost of purchased power	\$ 910	\$ 776
Fuel used in own generation facilities	73	83
Total cost of electricity	\$ 983	\$ 859
Average cost of purchased power per kWh	\$ 0.084	\$ 0.075
Total purchased power (in millions of kWh)	10,886	10,290

The Utility's total cost of electricity increased by \$124 million, or 14%, in the three months ended March 31, 2013, as compared to the same period in 2012, primarily due to the higher costs to purchase renewable energy and higher transmission costs. The volume of power the Utility purchases is driven by customer demand, the availability of the Utility's own generation facilities, and the cost effectiveness of each source of electricity.

Various factors will affect the Utility's future cost of electricity, including the market prices for electricity and natural gas, the availability of Utility-owned generation, and changes in customer demand. Additionally, the cost of electricity is expected to be impacted by the higher cost of procuring renewable energy as the Utility increases the amount of its renewable energy deliveries to comply with current and future California law and regulatory requirements. The Utility's future cost of electricity also will be affected by legislation and rules applicable to GHG emissions. (See "Environmental Matters" below.)

Natural Gas Operating Revenues

The Utility's natural gas operating revenues consist of amounts charged for transportation, distribution, and storage services, as well as amounts charged to customers to recover the cost of natural gas procurement and public purpose programs.

The following table provides a summary of the Utility's natural gas operating revenues:

(in millions)	Three Months Ended March 31,	
	2013	2012
Revenues excluding passed-through costs	\$ 442	\$ 439
Revenues for recovery of passed-through costs	431	430
Total natural gas operating revenues	\$ 873	\$ 869

The Utility's natural gas operating revenues remained flat in the three months ended March 31, 2013, as compared to the same period in 2012, primarily due to an increase in base revenues as authorized in the 2011 GT&S rate case and 2011 GRC that was offset by a decrease in revenues authorized in the 2013 Cost of Capital proceeding.

The Utility's natural gas operating revenues are expected to increase as authorized by the CPUC in the 2011 GT&S rate case. The Utility's future operating revenues will also depend on the amount of revenue requirements authorized by the CPUC in the Utility's 2014 GRC and the 2015 GT&S rate case. (See "Regulatory Matters" below.) Additionally, the Utility's future operating revenues will reflect revenues authorized by the CPUC under the Utility's pipeline safety enhancement plan. (See "Natural Gas Matters" below.) Future gas operating revenues will also be impacted by the cost of natural gas, natural gas throughput volume, and other factors.

Cost of Natural Gas

The Utility's cost of natural gas includes the costs of procurement, storage, transportation of natural gas and realized gains and losses on price risk management activities. (See Note 7 of the Notes to the Condensed Consolidated Financial Statements.) The Utility's cost of natural gas is passed through to customers. The Utility's cost of natural gas excludes the cost of operating the Utility's gas transmission and distribution system, which is included in operating and maintenance expense in the Condensed Consolidated Statements of Income.

The following table provides a summary of the Utility's cost of natural gas:

(in millions)	Three Months Ended March 31,	
	2013	2012
Cost of natural gas sold	\$ 300	\$ 294
Transportation cost of natural gas sold	46	49
Total cost of natural gas	\$ 346	\$ 343
Average cost per Mcf ⁽¹⁾ of natural gas sold	\$ 2.94	\$ 2.97
Total natural gas sold (in millions of Mcf) ⁽¹⁾	102	99

⁽¹⁾One thousand cubic feet

The Utility's total cost of natural gas slightly increased in the three months ended March 31, 2013, as compared to the same period in 2012, primarily due to an increase in the volume of natural gas sold.

The Utility's future cost of natural gas will be affected by the market price of natural gas and changes in customer demand. In addition, the Utility's future cost of natural gas may be affected by federal or state legislation or rules to regulate the GHG emissions from the Utility's natural gas transportation and distribution facilities and from natural gas consumed by the Utility's customers.

Operating and Maintenance

Operating and maintenance expenses consist mainly of the Utility's costs to operate and maintain its electricity and natural gas facilities, customer billing and service expenses, the cost of public purpose programs, and administrative and general expenses. The Utility's ability to earn its authorized rate of return depends in part on its ability to manage its expenses and to achieve operational and cost efficiencies.

The Utility's operating and maintenance expenses decreased by \$30 million, or 2%, from \$1,366 million in the three months ended March 31, 2012 to \$1,336 million in the three months ended March 31, 2013. The total decrease in operating and maintenance expense was primarily due to \$101 million of lower net costs associated with natural gas matters that are not recoverable through rates (see table below) and a \$69 million decrease in environmental remediation costs associated with a charge to net income in 2012 for the Hinkley natural gas compressor site. These costs were partially offset by a \$46 million increase for a scheduled refueling outage at Diablo Canyon and \$21 million related to continuing work to improve the safety and reliability of the Utility's electric and natural gas operations. The change in costs passed through to customers was immaterial.

The Utility incurred net costs of \$62 million and \$163 million during the three months ended March 31, 2013 and 2012, respectively, in connection with natural gas matters that are not recoverable through rates, as shown in the following table:

(in millions)	Three Months Ended March 31,	
	2013	2012
Pipeline-related expenses	\$ 62	\$ 104
Insurance recoveries	-	(11)
Contribution to City of San Bruno	-	70
Total natural gas matters	\$ 62	\$ 163

The Utility forecasts that the total unrecoverable pipeline-related expenses in 2013 will range from \$400 million to \$500 million. These amounts include costs to validate safe operating pressures, conduct strength testing, and perform other work associated with safety improvements to the Utility's natural gas pipeline system. They also include costs related to the Utility's multi-year effort to identify and remove encroachments (e.g. building structures and vegetation overgrowth) from transmission pipeline rights-of-way, to improve the integrity of transmission pipelines and to perform other gas-related work, and legal and other expenses. For the three months ended March 31, 2013, the Utility did not record any charges related to penalties or third-party claims. Since the San Bruno accident, PG&E Corporation and the Utility have incurred total cumulative charges to net income of approximately \$1.9 billion related to natural gas matters that are not recoverable through rates. (See "Natural Gas Matters" below.)

Future operating and maintenance expense will continue to be affected by pipeline-related expenses and other costs associated with natural gas matters that are not recoverable through rates, including any additional charges for third-party claims arising from the San Bruno accident that are not recoverable through insurance, additional charges for civil or criminal penalties, or punitive damages, if any, that may be imposed on the Utility. The Utility may incur costs to implement any remedial actions the CPUC may order the Utility to perform. (See "Natural Gas Matters – Pending CPUC Investigations and Enforcement Matters" below.)

Depreciation, Amortization, and Decommissioning

The Utility's depreciation and amortization expense consists of depreciation and amortization on plant and regulatory assets, and decommissioning expenses associated with fossil fuel-fired generation facilities and nuclear power facilities. The Utility's depreciation, amortization, and decommissioning expenses decreased by \$81 million, or 14%, in the three months ended March 31, 2013, as compared to the same period in 2012. The decrease is primarily due to the absence of amortization expense of \$109 million for the ERB regulatory asset, which fully amortized in 2012. This was partially offset by the impact of capital additions.

The Utility's depreciation expense for future periods is expected to be affected as a result of changes in capital expenditures and the implementation of new depreciation rates as authorized by the CPUC in future GRCs and GT&S rate cases. Future TO rate cases authorized by the FERC will also have an impact on depreciation rates.

Interest Income, Interest Expense and Other Income, Net

There were no material changes to interest income, interest expense and other income, net for the three months ended March 31, 2013, as compared to the same period in 2012.

Income Tax Provision

There were no material changes to the Utility's income tax provision, or the effective tax rate, in the three months ended March 31, 2013, as compared to the same period in 2012.

LIQUIDITY AND FINANCIAL RESOURCES

Overview

The Utility's ability to fund operations and make distributions to PG&E Corporation depends on the levels of its operating cash flows and access to the capital and credit markets. The levels of the Utility's operating cash and short-term debt fluctuate as a result of seasonal load, volatility in energy commodity costs, collateral requirements related to price risk management activities, the timing and amount of tax payments or refunds, and the timing and effect of regulatory decisions and long-term financings, among other factors. The Utility generally utilizes equity contributions from PG&E Corporation and long-term senior unsecured debt issuances to maintain its CPUC-authorized capital structure. The Utility relies on short-term debt, including commercial paper, to fund temporary financing needs. The CPUC authorizes the aggregate amount of long-term debt and short-term debt that the Utility may issue and authorizes the Utility to recover its related debt financing costs. The Utility has short-term borrowing authority of \$4.0 billion, including \$500 million that is restricted to certain contingencies.

PG&E Corporation's ability to fund operations, make scheduled principal and interest payments, fund Utility equity contributions as needed for the Utility to maintain its CPUC-authorized capital structure, and pay dividends primarily depends on the level of cash distributions received from the Utility and PG&E Corporation's access to the capital and credit markets.

PG&E Corporation's and the Utility's credit ratings may affect their access to the credit and capital markets and their respective financing costs in those markets. Credit rating downgrades may increase the cost of short-term borrowing, including the Utility's commercial paper, as well as the costs associated with their respective credit facilities, and long-term debt.

Revolving Credit Facilities and Commercial Paper Program

The following table summarizes PG&E Corporation's and the Utility's outstanding borrowings under their revolving credit facilities and the Utility's commercial paper program at March 31, 2013:

	Termination Date	Facility Limit	Letters of Credit Outstanding	Borrowings	Commercial Paper	Facility Availability
(in millions)						
PG&E Corporation	May 2016	\$ 300 ⁽¹⁾	\$ -	\$ 120	\$ -	\$ 180
Utility	May 2016	3,000 ⁽²⁾	243	-	368 ⁽³⁾	2,389 ⁽³⁾
Total revolving credit facilities		\$ 3,300	\$ 243	\$ 120	\$ 368	\$ 2,569

⁽¹⁾ Includes a \$100 million sublimit for letters of credit and a \$100 million commitment for loans that are made available on a same-day basis and are repayable in full within 7 days.

⁽²⁾ Includes a \$1.0 billion sublimit for letters of credit and a \$300 million commitment for loans that are made available on a same-day basis and are repayable in full within 7 days.

⁽³⁾ The Utility treats the amount of its outstanding commercial paper as a reduction to the amount available under its revolving credit facility.

For the three months ended March 31, 2013, the average and maximum outstanding borrowings under PG&E Corporation's revolving credit facility were \$120 million. On April 30, 2013, PG&E Corporation borrowed an additional \$140 million under its revolving credit facility for total borrowings of \$260 million. For the three months ended March 31, 2013, the Utility's average outstanding commercial paper balance was \$257 million and the maximum outstanding balance during the quarter was \$450 million. The Utility did not borrow under its credit facility for the three months ended March 31, 2013.

The revolving credit facilities include usual and customary provisions for revolving credit facilities of this type, including those regarding events of default and covenants limiting liens to those permitted under PG&E Corporation's and the Utility's senior note indentures, mergers, sales of all or substantially all of PG&E Corporation's and the Utility's assets, and other fundamental changes. In addition, the revolving credit facilities require that PG&E Corporation and the Utility maintain a ratio of total consolidated debt to total consolidated capitalization of at most 65% as of the end of each fiscal quarter. PG&E Corporation's revolving credit facility agreement also requires that PG&E Corporation own, directly or indirectly, at least 80% of the common stock and at least 70% of the voting capital stock of the Utility. At March 31, 2013, PG&E Corporation and the Utility were in compliance with all covenants under their respective revolving credit facilities.

On April 1, 2013, PG&E Corporation and the Utility entered into an amendment and restatement of their respective \$300 million and \$3.0 billion five-year revolving credit facilities that were entered into on May 30, 2011. PG&E Corporation's and the Utility's amended and restated credit agreements contain substantially similar terms as their 2011 credit agreements, except that the termination dates have been extended to April 1, 2018.

2013 Financings

During the three months ended March 31, 2013, PG&E Corporation issued a total of 10,790,880 shares of its common stock for aggregate net cash proceeds of \$426 million comprised of the following:

- 7,200,000 shares were sold in an underwritten public offering for cash proceeds of \$300 million, net of fees and commissions;
- 2,109,980 shares that were issued for cash proceeds of \$63 million under the PG&E Corporation 401(k) plan, the Dividend Reinvestment and Stock Purchase Plan, and share-based compensation plans; and
- 1,480,900 shares were sold for cash proceeds of \$63 million, net of fees of \$1 million, exhausting the remaining capacity under the equity distribution agreement executed in November 2011.

The proceeds from these sales were used for general corporate purposes, including the infusion of equity into the Utility. For the three months ended March 31, 2013, PG&E Corporation made equity contributions to the Utility of \$370 million. In addition, on April 30, 2013, PG&E Corporation made equity contributions of \$210 million to the Utility.

PG&E Corporation forecasts that it will need to continue to issue additional common stock to fund the Utility's equity needs. PG&E Corporation intends to enter into a new equity distribution agreement with a maximum aggregate offering price of \$400 million on May 2, 2013 to partially fund these needs. See "Future Financing Needs" below.

Future Financing Needs

The amount and timing of the Utility's future debt financings and equity needs will depend on various factors, including:

- the amount of cash internally generated through normal business operations;
- the timing and amount of forecasted capital expenditures;
- the timing and amount of payments made to third parties in connection with the San Bruno accident, and the timing and amount of related insurance recoveries (see "Natural Gas Matters" below);
- the timing and amount of penalties imposed on the Utility in connection with the pending investigations and other potential enforcement matters related to the San Bruno accident and the Utility's natural gas operations (see "Natural Gas Matters" below);
- the timing and amount of pipeline-related expenses and other expenses to improve the safety and reliability of the Utility's electric and natural gas operations that are not recoverable through rates (see "Operating and Maintenance" above);
- the timing of the resolution of the Chapter 11 disputed claims and the amount of interest on these claims that the Utility will be required to pay (see Note 9 of the Notes to the Condensed Consolidated Financial Statements);
- the amount of future tax payments;
- the conditions in the capital markets, and other factors; and
- the maturity date of existing debt instruments, including the \$1.0 billion of senior notes due in March 2014.

PG&E Corporation contributes equity to the Utility as needed to maintain the Utility's CPUC-authorized capital structure. The CPUC has authorized the Utility's capital structure through 2015 for the Utility's electric generation, electric and natural gas distribution, and natural gas transmission and storage rate base, consisting of 52% common equity, 47% long-term debt, and 1% preferred stock. The CPUC also authorized the Utility to earn a ROE of 10.40% effective January 1, 2013, compared to the 11.35% previously authorized. (See the "2013 Cost of Capital Proceeding" discussion in "Regulatory Matters" below.) The Utility's future equity needs will continue to be affected by costs that are not recoverable through rates, including costs related to natural gas matters. Further, given the Utility's significant ongoing capital expenditures, the Utility will continue to need equity contributions from PG&E Corporation to maintain its authorized capital structure.

PG&E Corporation's equity contributions to the Utility are funded primarily through common stock issuances. PG&E Corporation also may use draws under its revolving credit facility to occasionally fund equity contributions on an interim basis. Additional common stock issued by PG&E Corporation in the future to fund further equity contributions to the Utility could have a material dilutive effect on PG&E Corporation's earnings per common share, primarily depending upon the resolution of the pending investigations and the ultimate amount of unrecoverable operating and maintenance costs the Utility incurs.

Dividends

On February 20, 2013, the Board of Directors of PG&E Corporation declared quarterly dividends of \$0.455 per share, totaling \$202 million, of which \$196 million was paid on April 15, 2013 to shareholders of record on March 28, 2013. The remaining \$6 million was reinvested under the Dividend Reinvestment and Stock Purchase Plan.

On February 20, 2013, the Board of Directors of the Utility declared dividends on its outstanding series of preferred stock, payable on May 15, 2013, to shareholders of record on April 30, 2013.

Utility

Operating Activities

The Utility's cash flows from operating activities primarily consist of receipts from customers less payments of operating expenses, other than expenses such as depreciation that do not require the use of cash.

The Utility's cash flows from operating activities for the three months ended March 31, 2013 and 2012 were as follows:

(in millions)	2013	2012
Net income	\$ 237	\$ 231
Adjustments to reconcile net income to net cash provided by operating activities:		
Depreciation, amortization, and decommissioning	503	584
Allowance for equity funds used during construction	(26)	(27)
Deferred income taxes and tax credits, net	163	153
Other	37	57
Net effect of changes in operating assets and liabilities	(7)	(49)
Net cash provided by operating activities	\$ 907	\$ 949

During 2013, net cash provided by operating activities decreased by \$42 million compared to 2012. The changes in cash flows from operating activities consisted of fluctuations in activities within the normal course of business such as the timing and amount of customer billings and collections.

Future cash flow from operating activities will be affected by the timing and amount of payments to be made to third parties in connection with the San Bruno accident and related insurance recoveries; the timing and amount of penalties that may be assessed, as well as any remedial actions the CPUC may order the Utility to perform; and the anticipated higher operating and maintenance costs associated with the Utility's natural gas and electric operations, among other factors. (See "Operating and Maintenance" above and "Natural Gas Matters" below.)

Investing Activities

The Utility's investing activities primarily consist of construction of new and replacement facilities necessary to deliver safe and reliable electricity and natural gas services to its customers. The amount and timing of the Utility's capital expenditures is affected by many factors such as the occurrence of storms and other events causing outages or damages to the Utility's infrastructure. Cash used in investing activities also includes the proceeds from sales of nuclear decommissioning trust investments which are largely offset by the amount of cash used to purchase new nuclear decommissioning trust investments. The funds in the decommissioning trusts, along with accumulated earnings, are used exclusively for decommissioning and dismantling the Utility's nuclear generation facilities.

The Utility's cash flows from investing activities for the three months ended March 31, 2013 and 2012 were as follows:

(in millions)	2013	2012
Capital expenditures	\$ (1,249)	\$ (1,094)
Decrease (increase) in restricted cash	26	(5)
Proceeds from sales and maturities of nuclear decommissioning trust investments	363	351
Purchases of nuclear decommissioning trust investments	(364)	(370)
Other	5	3
Net cash used in investing activities	\$ (1,219)	\$ (1,115)

Net cash used in investing activities increased by \$104 million in 2013 compared to 2012 primarily due to higher capital expenditures. The increase in capital expenditures was partially offset by a reduction of \$31 million in restricted cash held in escrow for third-party agreements.

Future cash flows used in investing activities are largely dependent on the timing and amount of capital expenditures.

Financing Activities

The Utility's cash flows from financing activities for the three months ended March 31, 2013 and 2012 were as follows:

(in millions)	2013	2012
Net repayments of commercial paper, net of discount of \$1 in 2012	\$ (2)	\$ (245)
Energy recovery bonds matured	-	(102)
Preferred stock dividends paid	(3)	(3)
Common stock dividends paid	(179)	(179)
Equity contribution	370	385
Other	(15)	51
Net cash provided by (used in) financing activities	\$ 171	\$ (93)

In 2013, net cash provided by financing activities increased by \$264 million compared to the same period in 2012. Cash provided by or used in financing activities is driven by the Utility's financing needs, which depend on the level of cash provided by or used in operating activities and the level of cash provided by or used in investing activities. The Utility generally utilizes long-term senior unsecured debt issuances and equity contributions from PG&E Corporation to maintain its CPUC-authorized capital structure, and relies on short-term debt to fund temporary financing needs.

CONTRACTUAL COMMITMENTS

PG&E Corporation and the Utility enter into contractual commitments in connection with future obligations that relate to financing arrangements (such as long-term debt, preferred stock, and certain forms of regulatory financing), purchases of electricity and natural gas for customers, purchases of transportation capacity, purchases of renewable energy, and purchases of fuel and transportation to support the Utility's generation activities. (Refer to the 2012 Annual Report and "Liquidity and Financial Resources" above.)

NATURAL GAS MATTERS

PG&E Corporation's and the Utility's financial condition, results of operations, and cash flows, have continued to be negatively affected by costs the Utility has incurred to improve the safety and reliability of the Utility's natural gas operations, as well as by costs related to the on-going regulatory proceedings, investigations, and civil lawsuits related to the San Bruno accident and the Utility's natural gas operations. During the three months ended March 31, 2013, the Utility continued to make progress on efforts to improve the safety of its gas transmission system and to satisfy recommendations made by the NTSB and the CPUC following their investigations into the San Bruno accident. As of March 31, 2013, the Utility had satisfied seven of the twelve NTSB recommendations. The NTSB has stated that the Utility's progress on satisfying the remaining five recommendations was acceptable. The Utility expects to satisfy three more recommendations by the end of 2013. Since the San Bruno accident in September 2010, PG&E Corporation and the Utility have incurred total cumulative charges to net income of approximately \$1.9 billion related to natural gas matters that are not recoverable through rates, as shown in the following table:

(in millions)	Three Months Ended March 31,		Cumulative Charges ⁽⁵⁾
	2013	2012

(2) See "Pending CPUC Investigations and Enforcement Matters" below. Amount includes \$17 million penalty that was paid in 2012.

(3) See "Third-Party Claims" below.

(4) On March 12, 2012, the Utility and the City of San Bruno entered into an agreement under which the Utility contributed \$70 million to support the city and the community's recovery efforts.

Pending CPUC Investigations and Enforcement Matters

The CPUC is conducting three investigative enforcement proceedings of the Utility's natural gas operations that relate to (1) the Utility's safety recordkeeping for its natural gas transmission system, (2) the Utility's operation of its natural gas transmission pipeline system in or near locations of higher population density, and (3) the Utility's pipeline installation, integrity management, recordkeeping and other operational practices, and other events or courses of conduct, that could have led to or contributed to the San Bruno accident. Evidentiary hearings and briefing on the issue of alleged violations have been completed in each of these investigations. See Note 15 of the Notes to the Consolidated Financial Statements of the 2012 Annual Report for additional information regarding each investigative proceeding.

The CPUC has stated that it is prepared to impose significant penalties on the Utility if the CPUC determines that the Utility violated applicable laws, rules, and orders. Many factors can be considered in determining the amount of penalties to impose on the Utility, including the financial resources of the Utility. The SED's financial consultant prepared a report concluding that PG&E Corporation could raise approximately \$2.25 billion through additional equity issuances to fund CPUC-imposed penalties on the Utility. The Utility's financial consultant disagreed with this financial analysis and asserted that a fine in excess of financial analysts' expectations, which the consultant's report cited as a mean of \$477 million, would make financing more difficult and expensive.

The SED and each other intervening party has been previously ordered to file single briefs, rather than separate briefs in each proceeding, to recommend the amount of penalties and other remedies (which could include remedial operational or policy measures) to be imposed on the Utility based on the violations the SED alleges the Utility committed. Under the revised procedural schedule, these briefs are due May 6, 2013, the Utility's reply brief is due May 24, 2013, and rebuttal briefs are due on June 5, 2013. After briefing has been completed, it is anticipated that the ALJs will issue one or more presiding officer's decisions containing the violations determined to have been committed, the amount of penalties, and any required remedial actions. Based on the CPUC's rules, the presiding officer's decisions are currently due August 5, 2013. The decisions would become the final decisions of the CPUC thirty days after issuance unless the Utility or another party filed an appeal, or a CPUC commissioner requested review of the decision, within such time.

As of March 31, 2013, the Utility has also submitted 48 self-reports with the SED, plus additional follow-up reports, to provide notice about self-identified and self-corrected violations of certain state and federal regulations related to the safety of natural gas facilities and natural gas operating practices. The SED is authorized to issue citations and impose penalties on the Utility associated with these or future reports that the Utility may file. The SED may consider the same factors as the CPUC in exercising its discretion to impose penalties, as described above, except that the SED is required to impose the maximum daily statutory penalty per violation. PG&E Corporation and the Utility are uncertain whether the SED will issue citations and impose penalties on the Utility based on the self-reports the Utility has already submitted.

In addition, the Utility has notified the CPUC and the SED that the Utility is undertaking a system-wide effort to survey its transmission pipelines and identify and remove encroachments from pipeline rights-of-way over a multi-year period. PG&E Corporation and the Utility are uncertain whether this matter will result in the imposition of penalties on the Utility.

PG&E Corporation and the Utility continue to believe it is probable that the Utility will incur penalties of at least \$200 million in connection with these pending investigations and potential enforcement matters and have accrued this amount in their condensed consolidated financial statements. PG&E Corporation and the Utility are unable to make a better estimate of probable losses or estimate the amount of reasonably possible losses in excess of \$200 million due to the many variables that could affect the final outcome of these matters. These variables include how the total number and duration of violations will be determined; whether penalties will be determined separately in each investigative proceeding or in the aggregate; how the testimony of the financial consultants will be considered; whether the Utility's costs to perform any required remedial actions will be considered; how the CPUC responds to increasing public pressure; and whether and how the financial impact of non-recoverable costs the Utility has already incurred, and will continue to incur, to improve the safety and reliability of its pipeline system, will be considered. (See "CPUC Gas Safety Rulemaking Proceeding" below.) Future changes in these estimates or the assumptions on which they are based could have a material impact on PG&E Corporation's and the Utility's financial condition, results of operations, and cash flows. The ultimate amount of penalties imposed on the Utility could be materially higher than the amount accrued.

CPUC Gas Safety Rulemaking Proceeding

The CPUC is conducting a rulemaking proceeding to develop and adopt new safety and reliability regulations for natural gas transmission and distribution pipelines in California and the related ratemaking mechanisms. On December 28, 2012, the CPUC issued a decision that approved most of the Utility's pipeline safety enhancement plan to modernize and upgrade its natural gas transmission system, but disallowed the Utility's request for rate recovery of a significant portion of plan-related costs the Utility forecasted it would incur over the first phase of the plan (2011 through 2014). The CPUC stated that the Utility's recovery of the amounts authorized in the decision will be subject to refund, noting the possibility that further ratemaking adjustments may be made in the pending CPUC investigations in which the CPUC will address potential penalties to be imposed on the Utility. (See "Pending CPUC Investigations and Enforcement Matters" above.) In addition, the CPUC may disallow additional costs or adjust the authorized revenue requirements based on the final results of the Utility's pipeline records search and pipeline pressure validation work. The Utility is required to update its plan and file an expedited update application within 30 days after this work is completed, which the Utility expects to complete in the third quarter of 2013.

In 2012, the Utility recorded a \$353 million charge to net income for plan-related capital expenditures incurred that are forecasted to exceed the CPUC's authorized levels or that were specifically disallowed. The Utility will update its forecasts as the project continues and may incur additional charges to net income. For the three months ended March 31, 2013, the Utility incurred pipeline-related expenses of \$62 million in operating and maintenance expense that will not be recoverable through rates, including plan-related expenses of \$25 million. Unrecoverable plan-related expenses are expected to range from approximately \$150 million to \$200 million in 2013. The Utility expects to continue to incur unrecoverable expenses in 2014.

Several parties have filed applications for rehearing of the CPUC's decision. The applications for rehearing state, among other arguments, that the CPUC should have disallowed more of the Utility's costs and that the CPUC should have approved a reduced ROE for capital expenditures made under the plan. Several parties also have filed petitions for modification of the decision. It is uncertain whether or when the CPUC will grant these requests.

The second phase of the Utility's pipeline safety enhancement plan beginning in 2015 will focus on pipeline segments in less populated areas, as well as certain pressure testing and pipeline replacement work that the CPUC deferred from the first phase. The Utility expects to file an application with the CPUC in late 2013 to initiate the Utility's 2015 GT&S rate case, in which the CPUC will determine the rates, and terms and conditions of the Utility's gas transmission and storage services beginning January 1, 2015. The Utility expects to address the scope, timing, and cost recovery of continuing work to enhance the safety and reliability of the gas pipeline system in the 2015 GT&S rate case.

Criminal Investigation

The U.S. Department of Justice, the California Attorney General's Office, and the San Mateo County District Attorney's Office are conducting an investigation of the San Bruno accident and have indicated that the Utility is a target of the investigation. The Utility is cooperating with the investigation. PG&E Corporation and the Utility are uncertain whether any criminal charges will be brought against either company or any of their current or former employees. A criminal charge or finding would further harm the Utility's reputation. PG&E Corporation and the Utility are unable to estimate the amount (or range of amounts) of reasonably possible losses associated with any civil or criminal penalties that could be imposed on the Utility and such penalties could have a material impact on PG&E Corporation's and the Utility's financial condition, results of operations, and cash flows. In addition, the Utility's business or operations could be negatively affected by any remedial measures imposed on the Utility.

Third-Party Claims

In addition to the investigations and proceedings discussed above, as of March 31, 2013, approximately 160 lawsuits involving third-party claims for personal injury and property damage, including two class action lawsuits, had been filed against PG&E Corporation and the Utility in connection with the San Bruno accident on behalf of approximately 480 plaintiffs. The lawsuits seek compensation for personal injury and property damage, and other relief, including punitive damages. The Utility has entered into settlement agreements to resolve the claims of approximately 140 plaintiffs and other claimants. The Utility and most of the remaining plaintiffs are engaged in settlement discussions. Since the San Bruno accident, the Utility has recorded cumulative charges of \$455 million through March 31, 2013 for estimated third-party claims, including personal injury and property damage, damage to infrastructure, and other damage claims. The Utility has made cumulative payments of \$382 million for settlements of these claims. The Utility estimates it is reasonably possible that it may incur as much as an additional \$145 million for third-party claims, for a total possible loss of \$600 million since the San Bruno accident. This estimate is subject to change as more information becomes known about the unresolved claims. PG&E Corporation and the Utility are unable to estimate the amount (or range of amounts) of reasonably possible losses associated with punitive damages, if any, related to these matters. (See Note 10 to the Condensed Consolidated Financial Statements.)

Through March 31, 2013, the Utility has recognized cumulative insurance recoveries of \$284 million for third-party claims. Although the Utility believes that a significant portion of costs incurred for third-party claims relating to the San Bruno accident will ultimately be recovered through its insurance, it is unable to predict the amount and timing of additional insurance recoveries. (See Note 10 to the Condensed Consolidated Financial Statements.)

Class Action Complaint

On August 23, 2012, a complaint was filed in the San Francisco Superior Court against PG&E Corporation and the Utility (and other unnamed defendants) by individuals who seek certification of a class consisting of all California residents who were customers of the Utility between 1997 and 2010, with certain exceptions. The plaintiffs allege that the Utility collected more than \$100 million in customer rates from 1997 through 2010 for the purpose of various safety measures and operations projects but instead used the funds for general corporate purposes such as executive compensation and bonuses. The plaintiffs allege that PG&E Corporation and the Utility engaged in unfair business practices in violation of California state law. The plaintiffs seek restitution and disgorgement, as well as compensatory and punitive damages.

PG&E Corporation and the Utility contest the plaintiffs' allegations. In January 2013, PG&E Corporation and the Utility requested that the court dismiss the complaint on the grounds that the CPUC has exclusive jurisdiction to adjudicate the issues raised by the plaintiffs' allegations. In the alternative, PG&E Corporation and the Utility requested that the court stay the proceeding until the CPUC investigations described above are concluded. The court has set a hearing on the motion for May 23, 2013. Due to the early stage of this proceeding, PG&E Corporation and the Utility are unable to estimate the amount (or range of amounts) of reasonably possible losses that may be incurred in connection with this matter.

Other Pending Lawsuits and Claims

At March 31, 2013, there were two purported shareholder derivative lawsuits outstanding against PG&E Corporation and the Utility. In October 2010, a derivative lawsuit was filed in San Mateo Superior Court following the San Bruno accident to seek recovery on behalf of PG&E Corporation and the Utility for alleged breaches of fiduciary duty by officers and directors, among other claims, relating to the Utility's natural gas business. The proceedings have been stayed until further order of the court. On February 7, 2013, another derivative lawsuit was filed in U.S. District Court for the Northern District of California to seek recovery on behalf of PG&E Corporation for alleged breaches of fiduciary duty by officers and directors, among other claims. By agreement among the parties, this second derivative lawsuit is stayed in its entirety pending resolution of the first filed matter.

In February 2011, the Board of Directors of PG&E Corporation authorized PG&E Corporation to reject a demand made by another shareholder that the Board of Directors (1) institute an independent investigation of the San Bruno accident and related alleged safety issues; (2) seek recovery of all costs associated with such issues through legal proceedings against those determined to be responsible, including Board of Directors members, officers, other employees, and third parties; and (3) adopt corporate governance initiatives and safety programs. The Board of Directors also reserved the right to commence further investigation or litigation regarding the San Bruno accident if the Board of Directors deems such investigation or litigation appropriate.

PG&E Corporation and the Utility are uncertain when and how the above matters will be resolved.

REGULATORY MATTERS

The Utility is subject to substantial regulation by the CPUC, the FERC, the NRC and other federal and state regulatory agencies. The resolutions of these and other proceedings may affect PG&E Corporation's and the Utility's financial condition, results of operations, and cash flows. Significant regulatory developments that have occurred since the 2012 Annual Report was filed with the SEC are discussed below.

2014 General Rate Case

In November 2012, the Utility filed its 2014 GRC application to request that the CPUC determine the amount of revenue requirements the Utility is authorized to collect through rates for its electric generation operations and electric and natural gas distribution operations for 2014 through 2016. The Utility has requested that the CPUC increase the Utility's base revenues for 2014 by \$1.28 billion over the comparable revenues for 2013 that were previously authorized. The Utility also requested additional revenue increases of \$492 million in 2015 and \$504 million in 2016. (See the 2012 Annual Report for additional information.)

Independent consultants engaged by the SED are reviewing and evaluating certain operational plans underlying the Utility's 2014 cost forecast to ensure that safety and security concerns have been addressed and that the plans properly incorporate risk assessments and mitigation measures. The SED has also engaged independent consultants to conduct a financial review of the Utility's gas distribution system, which will examine the Utility's authorized and budgeted capital investments and operation and maintenance expenditures for its recent GRC cycles. The SED reports on the results of the consultants' evaluations and financial review are due May 17, 2013 and May 31, 2013, respectively. The Utility and other parties will be able to respond to the reports.

The DRA is scheduled to serve its report on the Utility's application on May 3, 2013. Testimony from other parties is scheduled to be submitted by May 17, 2013. The CPUC's current procedural schedule contemplates evidentiary hearings to be held this summer, followed by a proposed decision to be released in November 2013 and a final CPUC decision to be issued in December 2013. Consistent with practice in prior GRCs, the CPUC has authorized the revenue requirement changes to become effective as of January 1, 2014, even if the final decision is issued after that date.

FERC Transmission Owner Rate Case

As discussed in the 2012 Annual Report, in December 2012, the Utility revised its requested revenue requirements and rates being considered in its pending TO rate case to comply with an order issued by the FERC to reflect a 9.1% ROE on electric transmission assets, rather than the 11.5% the Utility originally requested. The Utility has filed a request for rehearing of the FERC's order but it is uncertain when the request will be addressed. Based on the reduced ROE, the Utility estimates that TO revenues would increase by approximately \$158 million, for total annual electric transmission revenues of \$1.1 billion. The proposed rate changes, based on a 9.1% ROE, became effective on May 1, 2013, subject to refund following the issuance of a final decision by the FERC. The resolution of revenue requirements and rates will be addressed through settlement or hearing procedures. Hearings are currently held in abeyance while settlement discussions are held. It is uncertain when the rate case will be resolved.

2013 Cost of Capital Proceeding

The CPUC has authorized the Utility's capital structure through 2015 for the Utility's electric generation, electric and natural gas distribution, and natural gas transmission and storage rate base, consisting of 52% common equity, 47% long-term debt, and 1% preferred stock. The CPUC also authorized the Utility to earn a ROE of 10.40% effective January 1, 2013, compared to the 11.35% previously authorized.

On March 21, 2013, the CPUC issued a final decision that retains the annual cost of capital adjustment mechanism. Under the mechanism, the Utility's ROE of 10.40% would be adjusted if the 12-month October-through-September average of the Moody's Investors Service long-term Baa utility bond index increases or decreases by more than 1.00% as compared to the applicable benchmark. If the adjustment mechanism is triggered, the Utility's authorized ROE, beginning January 1st of the following year, would be adjusted by one-half of the difference between the index and the benchmark. Additionally, the Utility's authorized costs of long-term debt and preferred stock would be updated to reflect actual August month-end embedded costs and forecasted interest rates for variable long-term debt, as well as new long-term debt and preferred stock scheduled to be issued. In any year where the 12-month average yield triggers an automatic ROE adjustment, that average would become the new benchmark.

The Utility will file its next full cost of capital application in April 2015 for the 2016 test year.

Oakley Generation Facility

In December 2012, the CPUC approved an amended purchase and sale agreement between the Utility and a third-party developer that provides for the construction of a 586-megawatt natural gas-fired facility in Oakley, California. The CPUC authorized the Utility to recover the purchase price through rates. On April 18, 2013, the CPUC denied various applications for rehearing that had been filed with respect to the CPUC's December 2012 decision. The parties have 30 days to file an appeal of the CPUC's decision at either the California Supreme Court or the California Court of Appeal. The Utility is uncertain whether appeals will be filed at the courts.

Diablo Canyon Nuclear Power Plant

The Utility's application to renew the operating licenses for the two operating units at Diablo Canyon (which expire in 2024 and 2025) is pending with the NRC. In May 2011, after the earthquake and tsunami that caused significant damage to the Fukushima-Dai-ichi nuclear facilities in Japan, the NRC granted the Utility's request to delay processing the Utility's application until certain advanced seismic studies were completed by the Utility. The Utility plans to complete its seismic studies and submit a final report to the NRC by June 2014. After the final report has been submitted, the Utility will determine whether and when it will request the NRC to resume the relicensing proceeding. In order for the NRC to issue renewed operating licenses, the California Coastal Commission must determine that license renewal is consistent with federal and state coastal laws. The disposition of the Utility's relicensing application also will be affected by the terms and timing of the NRC's "waste confidence" decision regarding the environmental impacts of the storage of spent nuclear fuel which is not expected to be issued before September 2014. The NRC has stated that it will not take action in licensing or re-licensing proceedings until it issues a new "waste confidence decision."

The CPUC is also considering the Utility's December 2012 application to recover estimated costs to decommission the Utility's nuclear facilities at Diablo Canyon and the retired nuclear facility located at the Utility's Humboldt Bay Generation Station. The Utility files an application with the CPUC every three years requesting approval of the Utility's estimated decommissioning costs and authorization to recover the estimated costs through rates. As discussed in the 2012 Annual Report, the estimated discounted cost to decommission the Utility's nuclear power plants increased by \$1.4 billion due to higher spent nuclear fuel disposal costs and an increase in the scope of work. The Utility requested that the CPUC issue a final decision by the end of 2013.

ENVIRONMENTAL MATTERS

The Utility's operations are subject to extensive federal, state, and local laws and permits relating to the protection of the environment and the safety and health of the Utility's personnel and the public. (See "Risk Factors" below.) These laws and requirements relate to a broad range of the Utility's activities, including the remediation of hazardous wastes; the reporting and reduction of carbon dioxide and other GHG emissions; the discharge of pollutants into the air, water, and soil; and the transportation, handling, storage, and disposal of spent nuclear fuel.

Hinkley Site

The Utility's remediation and abatement efforts at the Hinkley site are subject to the regulatory authority of the California Regional Water Quality Control Board, Lahontan Region. The Regional Board has issued several orders directing the Utility to implement interim remedial measures to reduce the mass of the underground plume of hexavalent chromium, monitor and control movement of the plume, and provide replacement water to affected residents. As of March 31, 2013, approximately 350 residential households located near the chromium plume boundary were covered by the Utility's whole house water replacement program and the majority have opted to accept the Utility's offer to purchase their properties. The Utility expects that the Regional Board will consider certification of the final environmental impact report in the third quarter of 2013. Following certification of the final report, the Regional Board is expected to issue the final cleanup standards.

At March 31, 2013 and December 31, 2012, \$217 million and \$226 million, respectively, were accrued in PG&E Corporation's and the Utility's Condensed Consolidated Balance Sheets for estimated undiscounted future remediation costs associated with the Hinkley site. Remediation costs for the Hinkley site are not recovered from customers through rates. Future costs will depend on many factors, including the Regional Board's certification of the final environmental impact report, the levels of hexavalent chromium the Utility is required to use as the standard for remediation, the Utility's required time frame for remediation, and adoption of a final drinking water standard currently under development by the State of California. As more information becomes known regarding these factors, these estimates and the assumptions on which they are based regarding the amount of liability incurred may be subject to further changes. Future changes in estimates or assumptions may have a material impact on PG&E Corporation's and the Utility's future financial condition, results of operations, and cash flows.

GHG Cap-and-Trade

California Assembly Bill 32 requires the gradual reduction of state-wide GHG emissions to the 1990 level by 2020. The CARB is the state agency charged with adopting regulations to implement and enforce AB 32. The CARB has established a state-wide, comprehensive "cap-and-trade" program that sets a gradually declining limit (or "cap") on the amount of GHGs that may be emitted by the major sources of GHG emissions each year. The cap and trade program's first two-year compliance period, which began on January 1, 2013, applies to the electricity generation and large industrial sectors. The next compliance period, from January 1, 2015 through December 31, 2017, will expand to include the natural gas supply and transportation sectors, effectively covering all the capped sectors until 2020.

Each year, the CARB will issue emission allowances (i.e., the rights to emit GHGs) equal to the amount of GHG emissions allowed for that year. Emitters can obtain allowances from the CARB at quarterly auctions held by the CARB or from third parties or exchanges on the secondary market for trading GHG allowances. Also, during each year of the program, the CARB will allocate a fixed number of allowances (which will decrease each year) for free to regulated electric distribution utilities, including the Utility, for the benefit of their electricity customers. The utilities are required to consign their allowances for auction by the CARB. The CPUC has ordered the utilities to allocate their auction revenues, including accrued interest, among certain classes of their electricity distribution customers in accordance with existing state law. Although the CPUC had previously authorized the utilities to recover their GHG compliance costs through rates, the CPUC decided that the recovery of these costs should be deferred until the CPUC adopted a final revenue allocation methodology. Until a final methodology is adopted, the utilities have been ordered to track GHG costs and auction revenues for future rate recovery.

The Utility expects all costs and revenues associated with GHG cap-and-trade to be passed through to customers.

OFF-BALANCE SHEET ARRANGEMENTS

PG&E Corporation and the Utility do not have any off-balance sheet arrangements that have had, or are reasonably likely to have, a current or future material effect on their financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures, or capital resources, other than those discussed in Note 2 (PG&E Corporation's tax equity financing agreements) and Note 10 (the Utility's commodity purchase agreements) of the Notes to the Condensed Consolidated Financial Statements.

RISK MANAGEMENT ACTIVITIES

PG&E Corporation and the Utility, mainly through its ownership of the Utility, are exposed to market risk, which is the risk that changes in market conditions will adversely affect net income or cash flows. PG&E Corporation and the Utility face market risk associated with their operations; their financing arrangements; the marketplace for electricity, natural gas, electric transmission, natural gas transportation, and storage; emissions allowances, other goods and services; and other aspects of their businesses. PG&E Corporation and the Utility categorize market risks as “price risk” and “interest rate risk.” The Utility is also exposed to “credit risk,” the risk that counterparties fail to perform their contractual obligations.

The Utility actively manages market risk through risk management programs designed to support business objectives, discourage unauthorized risk-taking, reduce commodity cost volatility, and manage cash flows. The Utility uses derivative instruments only for non-trading purposes (i.e., risk mitigation) and not for speculative purposes. The Utility’s risk management activities include the use of energy and financial instruments such as forward contracts, futures, swaps, options, and other instruments and agreements, most of which are accounted for as derivative instruments. Some contracts are accounted for as leases. These activities are discussed in detail in the 2012 Annual Report. There were no significant developments to the Utility and PG&E Corporation’s risk management activities during the three months ended March 31, 2013.

CRITICAL ACCOUNTING POLICIES

The preparation of the Condensed Consolidated Financial Statements in accordance with U.S. generally accepted accounting principles involved the use of estimates and assumptions that affect the recorded amounts of assets and liabilities as of the date of the Condensed Consolidated Financial Statements and the reported amounts of revenues and expenses during the reporting period. PG&E Corporation and the Utility consider their accounting policies for regulatory assets and liabilities, loss contingencies associated with environmental remediation liabilities and legal and regulatory matters, asset retirement obligations, and pension and other postretirement benefits plans to be critical accounting policies due, in part, to these accounting policies’ complexity, relevance and materiality to the financial position and results of operations of PG&E Corporation and the Utility, and requirement to use material judgments and estimates. Actual results may differ substantially from these estimates. These accounting policies and their key characteristics are discussed in detail in the 2012 Annual Report.

ACCOUNTING STANDARDS ISSUED BUT NOT YET ADOPTED

See Note 2 of the Notes to the Condensed Consolidated Financial Statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

PG&E Corporation's and the Utility's primary market risk results from changes in energy commodity prices. PG&E Corporation and the Utility engage in price risk management activities for non-trading purposes only. Both PG&E Corporation and the Utility may engage in these price risk management activities using forward contracts, futures, options, and swaps to hedge the impact of market fluctuations on energy commodity prices and interest rates. (See the section above entitled "Risk Management Activities" in Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.)

ITEM 4. CONTROLS AND PROCEDURES

Based on an evaluation of PG&E Corporation's and the Utility's disclosure controls and procedures as of March 31, 2013, PG&E Corporation's and the Utility's respective principal executive officers and principal financial officers have concluded that such controls and procedures were effective to ensure that information required to be disclosed by PG&E Corporation and the Utility in reports that the companies file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized, and reported within the time periods specified in the SEC rules and forms. In addition, PG&E Corporation's and the Utility's respective principal executive officers and principal financial officers have concluded that such controls and procedures were effective in ensuring that information required to be disclosed by PG&E Corporation and the Utility in the reports that PG&E Corporation and the Utility file or submit under the Securities Exchange Act of 1934 is accumulated and communicated to PG&E Corporation's and the Utility's management, including PG&E Corporation's and the Utility's respective principal executive officers and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

There were no changes in internal control over financial reporting that occurred during the three months ended March 31, 2013 that have materially affected, or are reasonably likely to materially affect, PG&E Corporation's or the Utility's internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

For information about the significant risks that could affect PG&E Corporation's and the Utility's future financial condition, results of operations, and cash flows, see the section of the 2012 Annual Report entitled "Risk Factors" and the section of this quarterly report entitled "Cautionary Language Regarding Forward-Looking Statements."

Diablo Canyon Power Plant

For more information regarding the status of the 2003 settlement agreement between the Central Coast Regional Water Quality Control Board and the Utility, see "Part I, Item 3. Legal Proceedings" in the 2012 Annual Report.

Litigation Related to the San Bruno Accident and Natural Gas Spending

Various lawsuits have been filed in San Mateo County Superior Court against PG&E Corporation and the Utility in connection with the San Bruno accident, including two class action lawsuits. The lawsuits seek compensation for personal injury and property damage, and other relief, including punitive damages. At March 31, 2013, the Utility has entered into settlement agreements to resolve the claims of approximately 140 plaintiffs. The Utility and most of the remaining plaintiffs are engaged in settlement discussions. It is uncertain whether or when the Utility will be able to resolve the remaining claims through settlement. Additionally, at March 31, 2013, there were two purported shareholder derivative lawsuits outstanding against PG&E Corporation and the Utility seeking recovery on behalf of PG&E Corporation for alleged breaches of fiduciary duty by officers and directors, among other claims. One of these lawsuits has been coordinated with the other cases in the San Mateo County Superior Court. The judge has ordered that proceedings in the derivative lawsuit be delayed until further order of the court. The other purported shareholder derivative lawsuit, filed in U.S. District Court for the Northern District of California, has been stayed pending the resolution of the first-filed derivative matter. PG&E Corporation and the Utility are uncertain when and how these derivative lawsuits will be resolved.

In addition, on August 23, 2012, a complaint was filed in the San Francisco Superior Court against PG&E Corporation and the Utility (and other unnamed defendants) by individuals who seek certification of a class consisting of all California residents who were customers of the Utility between 1997 and 2010, with certain exceptions. The plaintiffs allege that the Utility collected more than \$100 million in customer rates from 1997 through 2010 for the purpose of various safety measures and operations projects but instead used the funds for general corporate purposes such as executive compensation and bonuses. PG&E Corporation and the Utility contest the allegations.

For additional information, see "Part I, Item 3. Legal Proceedings" in the 2012 Annual Report and the discussion entitled "Natural Gas Matters" above in Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations and in Note 10 of the Notes to the Condensed Consolidated Financial Statements.

Pending CPUC Investigations and Enforcement Matters

The CPUC is conducting three investigations pertaining to the Utility's natural gas operations, including an investigation of the San Bruno accident. Evidentiary hearings and briefing on the issue of alleged violations have been completed in each of these investigations. On May 6, 2013, the SED and other parties are expected to file briefs to recommend the amount of penalties and other remedial actions to be imposed on the Utility based on the violations the SED alleges that the Utility committed. Based on the current procedural schedule, the Utility expects that the pending investigations will be resolved by the third quarter of 2013. The CPUC has stated that it is prepared to impose significant penalties on the Utility if the CPUC determines that the Utility violated applicable laws, rules, and orders. Many factors can be considered in determining the amount of penalties to impose on the Utility, including the financial resources of the Utility.

As of March 31, 2013, the Utility has also submitted 48 self-reports with the SED, plus additional follow-up reports, to provide notice about self-identified and self-corrected violations of certain state and federal regulations related to the safety of natural gas facilities and natural gas operating practices. The SED is authorized to issue citations and impose penalties on the Utility associated with these or future reports that the Utility may file. PG&E Corporation and the Utility are uncertain whether the SED will issue citations and impose penalties on the Utility based on the self-reports the Utility has already submitted.

In addition, the Utility has notified the CPUC and the SED that the Utility is undertaking a system-wide effort to survey its transmission pipelines and identify and remove encroachments from pipeline rights-of-way over a multi-year period. PG&E Corporation and the Utility are uncertain whether additional proceedings or investigations will be commenced that could result in regulatory orders or the imposition of penalties on the Utility.

For additional information, see "Part I, Item 3. Legal Proceedings" in the 2012 Annual Report and the discussion entitled "Natural Gas Matters – Pending CPUC Investigations and Enforcement Matters" above in Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations and in Note 10 of the Notes to the Condensed Consolidated Financial Statements.

Criminal Investigation

On June 9, 2011, the Utility was notified that representatives from the U.S. Department of Justice, the California Attorney General's Office, and the San Mateo County District Attorney's Office are conducting an investigation of the San Bruno accident. These representatives have indicated that the Utility is a target of the investigation. The Utility is cooperating with the investigation. PG&E Corporation and the

Utility are uncertain whether any criminal charges will be brought against either company or any of their current or former employees. A criminal charge or finding would further harm the Utility's reputation. PG&E Corporation and the Utility are unable to estimate the amount (or range of amounts) of reasonably possible losses associated with any civil or criminal penalties that could be imposed on the Utility and such penalties could have a material impact on PG&E Corporation's and the Utility's financial condition, results of operations, and cash flows. In addition, the Utility's business or operations could be negatively affected by any remedial measures imposed on the Utility.

ITEM 1A. RISK FACTORS

For information about the significant risks that could affect PG&E Corporation's and the Utility's future financial condition, results of operations, and cash flows, see the section of the 2012 Annual Report entitled "Risk Factors" and the section of this quarterly report entitled "Cautionary Language Regarding Forward-Looking Statements."

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

During the three months ended March 31, 2013, PG&E Corporation made equity contributions totaling \$370 million to the Utility in order to maintain the 52% common equity component of its CPUC-authorized capital structure. Neither PG&E Corporation nor the Utility made any sales of unregistered equity securities during the three months ended March 31, 2013.

Issuer Purchases of Equity Securities

During the three months ended March 31, 2013, PG&E Corporation did not redeem or repurchase any shares of common stock outstanding. During the three months ended March 31, 2013, the Utility did not redeem or repurchase any shares of its various series of preferred stock outstanding.

ITEM 5. OTHER INFORMATION

Since January 1, 2013 PG&E Corporation has made equity contributions to the Utility totalling \$580 million, including equity contributions of \$210 million that were made on April 30, 2013.

Ratio of Earnings to Fixed Charges and Ratio of Earnings to Combined Fixed Charges and Preferred Stock Dividends

The Utility's earnings to fixed charges ratio for the three months ended March 31, 2013 was 2.58. The Utility's earnings to combined fixed charges and preferred stock dividends ratio for the three months ended March 31, 2013 was 2.53. The statement of the foregoing ratios, together with the statements of the computation of the foregoing ratios filed as Exhibits 12.1 and 12.2 hereto, are included herein for the purpose of incorporating such information and Exhibits into the Utility's Registration Statement Nos. 33-62488 and 333-172394 relating to various series of the Utility's first preferred stock and its senior notes, respectively.

PG&E Corporation's earnings to fixed charges ratio for the three months ended March 31, 2013 was 2.49. The statement of the foregoing ratio, together with the statement of the computation of the foregoing ratio filed as Exhibit 12.3 hereto, is included herein for the purpose of incorporating such information and Exhibit into PG&E Corporation's Registration Statement No. 333-172393 relating to its senior notes.

WITNESSETH:

WHEREAS, the Borrower, the Administrative Agent, the Arrangers, the Syndication Agents, the Co-Documentation Agents and the other banks and financial institutions party thereto have previously entered into that certain Credit Agreement, dated as of May 31, 2011, as amended by Amendment No. 1 to Credit Agreement, dated as of December 24, 2012 (the “Existing Credit Agreement”), whereby certain credit facilities were made available to the Borrower upon the terms and conditions set forth therein; and

WHEREAS, the Borrower, the Administrative Agent and the Lenders wish to amend and restate the Existing Credit Agreement upon the terms and conditions set forth herein.

NOW, THEREFORE, IT IS AGREED THAT the Existing Credit Agreement shall be amended and restated in its entirety to read as follows:

SECTION 1. DEFINITIONS

1.1 Defined Terms. As used in this Agreement, the terms listed in this Section 1.1 shall have the respective meanings set forth in this Section 1.1.

“ABR”: for any day, a rate per annum (rounded upwards, if necessary, to the next 1/16 of 1%) equal to the greatest of (a) the Base Rate in effect on such day, (b) the Federal Funds Effective Rate in effect on such day plus ½ of 1% and (c) the Eurodollar Base Rate for Eurodollar Loans with a one-month Interest Period commencing on such day plus the Applicable Margin for Eurodollar Loans. For purposes hereof, “Base Rate” shall mean the rate of interest per annum publicly announced from time to time by the Administrative Agent as its base rate in effect at its principal office in New York City (the Base Rate not being intended to be the lowest rate of interest charged by the Administrative Agent in connection with extensions of credit to debtors). Any change in the ABR due to a change in the Base Rate, the Federal Funds Effective Rate or the Eurodollar Base Rate shall be effective as of the opening of business on the effective day of such change in the Base Rate, the Federal Funds Effective Rate or the Eurodollar Base Rate, respectively.

“ABR Loans”: Loans the rate of interest applicable to which is based upon the ABR.

“ Act ”: as defined in Section 10.16.

“ Administrative Agent ”: as defined in the preamble hereto.

“ Affiliate ”: with respect to a specified Person, another Person that directly, or indirectly through one or more intermediaries, Controls or is Controlled by or is under common Control with the Person specified.

“ Agents ”: the collective reference to the Syndication Agents, the Co-Documentation Agents and the Administrative Agent.

“ Agreement ”: as defined in the preamble hereto.

“ Applicable Margin ”: for any day, the applicable rate per annum set forth under the relevant column heading below, based upon the Applicable Ratings then in effect:

Level	Applicable Rating S&P/Moody's	Applicable Margin for ABR Loans	Applicable Margin for Eurodollar Loans
1	Higher than A-/A3	0.000%	0.900%
2	A-/A3	0.000%	1.000%
3	BBB+/Baa1	0.075%	1.075%
4	BBB/Baa2	0.275%	1.275%
5	BBB-/Baa3	0.475%	1.475%
6	Lower than BBB-/Baa3	0.650%	1.650%

Subject to the provisions of this paragraph regarding split ratings, changes in the Applicable Margins shall become effective on the date on which S&P and/or Moody's changes its relevant Applicable Rating. In the event the Applicable Ratings of S&P and Moody's are in different levels set forth in the grid above, the higher of the two Applicable Ratings (i.e., the Applicable Rating set forth in the grid above opposite the lower numerical level number) shall govern. In the event that, at any time, an Applicable Rating is not available from one of such rating agencies, the Applicable Margins shall be determined on the basis of the Applicable Rating from the other rating agency. In the event that, at any time, Applicable Ratings from each such rating agency are not available for companies generally, the Applicable Margins shall be determined on the basis of the last Applicable Rating(s) made available. In the event that, at any time, such Applicable Ratings are not available for the Borrower or PG&E Utility but are generally available for other companies, then the Applicable Margins shall be those set forth above opposite level 6.

“ Applicable Rating ”: for the purpose of determining the Applicable Margin and the Facility Fee Rate, (a) as long as either Moody's or S&P assigns a Rating, the Applicable Rating shall be the Rating assigned by Moody's and/or S&P or (b) if neither Moody's or S&P assigns a Rating, the Applicable Rating shall be the rating that is one numeric level below the rating assigned by Moody's and/or S&P to the long-term, senior unsecured, non-credit enhanced debt rating of PG&E Utility unless the long-term, senior unsecured, non-credit enhanced debt rating of PG&E Utility is rated below “Baa3” by Moody's or below “BBB-” by S&P in which case the

Applicable Rating shall be the rating set forth opposite level 6 in the applicable grid. For example, if neither Moody's or S&P assigns a Rating and the long-term, senior unsecured, non-credit enhanced debt rating of PG&E Utility is "A3" by Moody's and "A-" by S&P, the Applicable Rating for Moody's will be "Baa1" and the Applicable Rating for S&P will be "BBB+".

(d) If any bank, financial institution or other entity becomes a New Revolving Credit Lender pursuant to Section 2.3(b) or any Lender’s Commitment is increased pursuant to Section 2.3(c), additional Revolving Loans made on or after the effectiveness thereof (the “Revolving Credit Re-Allocation Date”) shall be made *pro rata* based on the Percentages in effect on and after such Revolving Credit Re-Allocation Date (except to the extent that any such *pro rata* borrowings would result in any Lender making an aggregate principal amount of Revolving Loans in excess of its Commitment, in which case such excess amount will be allocated to, and made by, such New Revolving Credit Lenders and/or Lenders with such increased Commitments to the extent of, and *pro rata* based on, their respective Commitments otherwise available for

Revolving Loans), and continuations of Eurodollar Loans outstanding on such Revolving Credit Re-Allocation Date shall be effected by repayment of such Eurodollar Loans on the last day of the Interest Period applicable thereto and the making of new Eurodollar Loans *pro rata* based on such new Percentages. In the event that on any such Revolving Credit Re-Allocation Date there is an unpaid principal amount of ABR Loans, the Borrower shall make prepayments thereof and borrowings of ABR Loans so that, after giving effect thereto, the ABR Loans outstanding are held *pro rata* based on such new Percentages. In the event that on any such Revolving Credit Re-Allocation Date there is an unpaid principal amount of Eurodollar Loans, such Eurodollar Loans shall remain outstanding with the respective holders thereof until the expiration of their respective Interest Periods (unless the Borrower elects to prepay any thereof in accordance with the applicable provisions of this Agreement), and interest on and repayments of such Eurodollar Loans will be paid thereon to the respective Lenders holding such Eurodollar Loans *pro rata* based on the respective principal amounts thereof outstanding.

(e) Notwithstanding anything to the contrary in this Section 2.3, (i) no Lender shall have any obligation to increase its Commitment unless it agrees to do so in its sole discretion and unless the Administrative Agent, the Swingline Lender and the Issuing Lenders consent to such increase (which consents of the Administrative Agent, the Swingline Lender and the Issuing Lenders shall not be unreasonably withheld or delayed); provided, that any Lender not responding to the Commitment Increase Notice within the time period prescribed therein shall be deemed to have declined to increase its Commitment and (ii) in no event shall any transaction effected pursuant to this Section 2.3 (A) cause the Total Commitments to exceed \$400,000,000 or (B) occur at a time at which a Default or an Event of Default has occurred and is continuing.

(f) The Administrative Agent shall have received on or prior to the Revolving Credit Re-Allocation Date, for the benefit of the Lenders, (i) a legal opinion of counsel to the Borrower covering such matters as are customary for transactions of this type as may be reasonably requested by the Administrative Agent, which opinions shall be substantially the same, to the extent appropriate, as the opinions rendered by counsel to the Borrower on the Effective Date and (ii) certified copies of resolutions of the board of directors of the Borrower authorizing the Borrower to borrow the Revolving Credit Offered Increase Amount.

2.4 Swingline Commitment.

(a) Subject to the terms and conditions hereof, the Swingline Lender agrees to make a portion of the credit otherwise available to the Borrower under the Commitments from time to time on or after the Effective Date during the Commitment Period by making swingline loans (“Swingline Loans”) to the Borrower; provided that (i) the aggregate principal amount of Swingline Loans outstanding at any time shall not exceed the Swingline Commitment then in effect (notwithstanding that the Swingline Loans outstanding at any time, when aggregated with the Swingline Lender’s other outstanding Revolving Loans, may exceed the Swingline Commitment or the Swingline Lender’s Commitment then in effect) and (ii) the Borrower shall not request, and the Swingline Lender shall not make, any Swingline Loan if, after giving effect to the making of such Swingline Loan, the aggregate amount of the Available Commitments would be less than zero. During the Commitment Period, the Borrower may use the Swingline Commitment by borrowing, repaying and reborrowing, all in accordance with the terms and conditions hereof. Swingline Loans shall be ABR Loans only.

(b) The Borrower shall repay to the Swingline Lender the then unpaid principal amount of each Swingline Loan on or prior to the date that is the earlier of (i) 7 days after the date such Swingline Loan is made and (ii) the Termination Date; provided that on each date on which a Revolving Loan is borrowed, the Borrower shall repay all Swingline Loans then outstanding.

2.5 Procedure for Swingline Borrowing; Refunding of Swingline Loans.

(a) Whenever the Borrower wishes to borrow Swingline Loans, it shall give the Swingline Lender irrevocable telephonic notice confirmed promptly in writing (which telephonic notice must be received by the Swingline Lender not later than 1:00 P.M., New York City time, on the proposed Borrowing Date), specifying (i) the amount to be borrowed and (ii) the requested Borrowing Date (which shall be a Business Day during the Commitment Period). Each borrowing under the Swingline Commitment shall be in an amount equal to \$100,000 or a whole multiple thereof. Not later than 2:00 P.M., New York City time, on the Borrowing Date specified in a notice in respect of Swingline Loans, the Swingline Lender shall make available to the Administrative Agent at the Funding Office an amount in immediately available funds equal to the amount of the Swingline Loan to be made by the Swingline Lender. The Administrative Agent shall make the proceeds of such Swingline Loan available to the Borrower on such Borrowing Date by depositing such proceeds in the account of the Borrower with the Administrative Agent on such Borrowing Date in immediately available funds.

(b) The Swingline Lender, at any time and from time to time in its sole and absolute discretion may, on behalf of the Borrower (which hereby irrevocably directs the Swingline Lender to act on its behalf), on one Business Day's notice given by the Swingline Lender no later than 12:00 Noon, New York City time, request each Lender to make, and each Lender hereby agrees to make, a Revolving Loan, in an amount equal to such Lender's Percentage of the aggregate amount of the Swingline Loans (the "Refunded Swingline Loans") outstanding on the date of such notice, to repay the Swingline Lender. Each Lender shall make the amount of such Revolving Loan available to the Administrative Agent at the Funding Office in immediately available funds, not later than 10:00 A.M., New York City time, one Business Day after the date of such notice. The proceeds of such Revolving Loans shall be immediately made available by the Administrative Agent to the Swingline Lender for application by the Swingline Lender to the repayment of the Refunded Swingline Loans. The Borrower irrevocably authorizes the Swingline Lender to charge the Borrower's accounts with the Administrative Agent (up to the amount available in each such account) in order to immediately pay the amount of such Refunded Swingline Loans to the extent amounts received from the Lenders are not sufficient to repay in full such Refunded Swingline Loans.

(c) If prior to the time a Revolving Loan would have otherwise been made pursuant to Section 2.5(b), one of the events described in Section 8(f) shall have occurred and be continuing with respect to the Borrower or if for any other reason, as determined by the Swingline Lender in its sole discretion, Revolving Loans may not be made as contemplated by Section 2.5(b), each Lender shall, on the date such Revolving Loan was to have been made pursuant to the notice referred to in Section 2.5(b), purchase for cash an undivided participating interest in the then outstanding Swingline Loans by paying to the Swingline Lender an amount (the "Swingline Participation Amount") equal to (i) such Lender's Percentage times (ii) the sum

of the aggregate principal amount of Swingline Loans then outstanding that were to have been repaid with such Revolving Loans.

(d) Whenever, at any time after the Swingline Lender has received from any Lender such Lender's Swingline Participation Amount, the Swingline Lender receives any payment on account of the Swingline Loans, the Swingline Lender will distribute to such Lender its Swingline Participation Amount (appropriately adjusted, in the case of interest payments, to reflect the period of time during which such Lender's participating interest was outstanding and funded and, in the case of principal and interest payments, to reflect such Lender's *pro rata* portion of such payment if such payment is not sufficient to pay the principal of and interest on all Swingline Loans then due); provided, however, that in the event that such payment received by the Swingline Lender is required to be returned, such Lender will return to the Swingline Lender any portion thereof previously distributed to it by the Swingline Lender.

(e) Each Lender's obligation to make the Loans referred to in Section 2.5(b) and to purchase participating interests pursuant to Section 2.5(c) shall be absolute and unconditional and shall not be affected by any circumstance, including (i) any setoff, counterclaim, recoupment, defense or other right that such Lender or the Borrower may have against the Swingline Lender, the Borrower or any other Person for any reason whatsoever, (ii) the occurrence or continuance of a Default or an Event of Default or the failure to satisfy any of the other conditions specified in Section 5, (iii) any adverse change in the condition (financial or otherwise) of the Borrower, (iv) any breach of this Agreement or any other Loan Document by the Borrower or any other Lender or (v) any other circumstance, happening or event whatsoever, whether or not similar to any of the foregoing.

2.6 Facility Fees, Etc.

(a) The Borrower agrees to pay to the Administrative Agent for the account of each Lender (other than a Defaulting Lender to the extent provided in Section 2.20) a facility fee for the period from and including the date hereof to the last day of the Commitment Period, computed at the Facility Fee Rate on the Commitment of such Lender during the period for which payment is made, payable quarterly in arrears on each Fee Payment Date, commencing on the first such date to occur after the Effective Date. In addition, if the principal amount of any Loan or any Reimbursement Obligations shall remain outstanding and unpaid after the last day of the Commitment Period, the Borrower agrees to pay to the Administrative Agent, for the account of each Lender, a facility fee for the period from the last day of the Commitment Period until the date on which such amounts are repaid in full, computed at the Facility Fee Rate on such amounts, payable quarterly in arrears on each Fee Payment Date, commencing on the first such date after the last day of the Commitment Period.

(b) The Borrower agrees to pay to the Administrative Agent the fees in the amounts and on the dates as set forth in any written, duly executed fee agreements with the Administrative Agent and to perform any other obligations contained therein.

2.7 Termination or Reduction of Commitments; Extension of Termination Date .

(a) The Borrower shall have the right, upon not less than three Business Days' notice to the Administrative Agent, to terminate the Commitments or, from time to time, to reduce the amount of the Commitments; provided that no such termination or reduction of Commitments shall be permitted if, after giving effect thereto and to any prepayments of the Revolving Loans and Swingline Loans made on the effective date thereof, the Total Extensions of Credit would exceed the Total Commitments. Any such reduction shall be in an amount equal to \$1,000,000, or a whole multiple thereof, and shall reduce permanently the Commitments then in effect.

(b) The Borrower may, by written notice to the Administrative Agent (such notice being an “ Extension Notice ”) given no more frequently than once in each calendar year, on not more than two occasions, request the Lenders to consider an extension of the then applicable Termination Date to a later date, which extension shall not exceed one year in each instance. The Administrative Agent shall promptly transmit any Extension Notice to each Lender. Each Lender shall notify the Administrative Agent whether it wishes to extend the then applicable Termination Date not later than 30 days after the date of such Extension Notice, and any such notice given by a Lender to the Administrative Agent, once given, shall be irrevocable as to such Lender. Any Lender which does not expressly notify the Administrative Agent prior to the expiration of such thirty-day period that it wishes to so extend the then applicable Termination Date shall be deemed to have rejected the Borrower's request for extension of such Termination Date. Lenders consenting to extend the then applicable Termination Date are hereinafter referred to as “ Continuing Lenders ”, and Lenders declining to consent to extend such Termination Date (or Lenders deemed to have so declined) are hereinafter referred to as “ Non-Extending Lenders ”. If the Required Lenders have elected (in their sole and absolute discretion) to so extend the Termination Date, the Administrative Agent shall promptly notify the Borrower of such election by the Required Lenders, and effective on the date which is 30 days after the date of such notice by the Administrative Agent to the Borrower, the Termination Date shall be automatically and immediately so extended with regard to the Continuing Lenders. No extension will be permitted hereunder without the consent of the Required Lenders. Upon the delivery of an Extension Notice and upon the extension of the Termination Date pursuant to this Section, the Borrower shall be deemed to have represented and warranted on and as of the date of such Extension Notice and the effective date of such extension, as the case may be, that no Default or Event of Default has occurred and is continuing. Notwithstanding anything contained in this Agreement to the contrary, no Lender shall have any obligation to extend the Termination Date, and each Lender may at its option, unconditionally and without cause, decline to extend the Termination Date.

(c) If the Termination Date shall have been extended in accordance with this Section, all references herein to the “Termination Date” (except with respect to any Non-Extending Lender) shall refer to the Termination Date as so extended.

(d) If any Lender shall determine (or be deemed to have determined) not to extend the Termination Date as requested by any Extension Notice given by the Borrower pursuant to this Section, the Commitment of such Non-Extending Lender (including the obligations of such Lender under Section 2.5 and 3.4 and, if such Non-Extending Lender is also an Issuing Lender, the obligation of such Issuing Lender to issue Letters of Credit pursuant to Section 3) shall terminate on the Termination Date without giving any effect to such proposed extension, and the Borrower shall on such date pay to the Administrative Agent, for the account of such Non

Extending Lender, the principal amount of, and accrued interest on, such Non-Extending Lender's Loans and outstanding Reimbursement Obligations, together with any amounts payable to such Lender pursuant to Section 2.17 and any and all fees or other amounts owing to such Non-Extending Lender under this Agreement (including, if such Non-Extending Lender is an Issuing Lender, such accrued fronting fees as may have been agreed between the Borrower and such Issuing Lender); provided that if the Borrower has replaced such Non-Extending Lender pursuant to paragraph (e) below then the provisions of such paragraph shall apply. The Total Commitments (but not, for the avoidance of doubt, except as hereinafter provided, the L/C Commitment) shall be reduced by the amount of the Commitment of such Non-Extending Lender to the extent the Commitment of such Non-Extending Lender has not been transferred to one or more Continuing Lenders pursuant to paragraph (e) below, provided that, if the Total Commitments, after giving effect to the reduction in the Total Commitments due to Non-Extending Lenders which are not replaced pursuant to paragraph (e) below, is less than the L/C Commitment, the L/C Commitment shall be reduced by an amount equal to such excess.

(e) A Non-Extending Lender shall be obligated, at the request of the Borrower and subject to (i) payment by the successor Lender described below to the Administrative Agent for the account of such Non-Extending Lender of the principal amount of, and accrued interest on, such Non-Extending Lender's Loans, and (ii) payment by the Borrower to such Non-Extending Lender of any amounts payable to such Non-Extending Lender pursuant to Section 2.17 (as if the purchase of such Non-Extending Lender's Loans constituted a prepayment thereof) and any and all fees or other amounts owing to such Non-Extending Lender under this Agreement (including, if such Non-Extending Lender is an Issuing Lender, such accrued fronting fees as may have been agreed between the Borrower and such Issuing Lender), to transfer without recourse, representation, warranty (other than a representation that such Lender has not created an adverse claim on its Loans) or expense to such Non-Extending Lender, at any time prior to the Termination Date applicable to such Non-Extending Lender, all of such Non-Extending Lender's rights and obligations hereunder to another financial institution or group of financial institutions nominated by the Borrower and willing to participate as a successor Lender in the place of such Non-Extending Lender; provided that, if such transferee is not already a Lender, (1) such transferee satisfies all the requirements of this Agreement, and (2) the Administrative Agent and each Issuing Lender that is a Continuing Lender shall have consented to such transfer, which consent shall not be unreasonably withheld or delayed. Each such transferee successor Lender shall be deemed to be a Continuing Lender hereunder in replacement of the transferor Non-Extending Lender and shall enjoy all rights and assume all obligations on the part of such Non-Extending Lender set forth in this Agreement. Each such transfer shall be effected pursuant to an Assignment and Assumption.

(f) If the Termination Date shall have been extended in respect of Continuing Lenders in accordance with this Section, any notice of borrowing pursuant to Section 2.2 or 2.5 specifying a Borrowing Date occurring after the Termination Date applicable to a Non-Extending Lender or requesting an Interest Period extending beyond such date shall (i) have no effect in respect of such Non-Extending Lender and (ii) not specify a requested aggregate principal amount exceeding the aggregate Available Commitments (calculated on the basis of the Commitments of the Continuing Lenders).

2.8 Optional Prepayments.

(a) The Borrower may at any time and from time to time prepay the Loans, in whole or in part, without premium or penalty, upon irrevocable notice delivered to the Administrative Agent no later than 12:00 Noon, New York City time, three Business Days prior thereto, in the case of Eurodollar Loans, and no later than 12:00 Noon, New York City time, one Business Day prior thereto, in the case of ABR Loans, which notice shall specify the date and amount of prepayment and whether the prepayment is of Eurodollar Loans or ABR Loans; provided, that if a Eurodollar Loan is prepaid on any day other than the last day of the Interest Period applicable thereto, the Borrower shall also pay any amounts owing pursuant to Section 2.17. Upon receipt of any such notice the Administrative Agent shall promptly notify each relevant Lender thereof. If any such notice is given, the amount specified in such notice shall be due and payable on the date specified therein, together with (except in the case of Revolving Loans that are ABR Loans and Swingline Loans) accrued interest to such date on the amount prepaid. Partial prepayments of Revolving Loans which shall be in an aggregate principal amount of \$1,000,000 or a whole multiple of \$500,000 in excess thereof. Partial prepayments of Swingline Loans shall be in an aggregate principal amount of \$100,000 or a whole multiple thereof.

(b) If a Lender becomes a Defaulting Lender at a time when Swingline Loans are outstanding and such occurrence results in the existence of Fronting Exposure in respect of such Swingline Loans, then the Borrower shall promptly (and in any event within three Business Days), prepay Loans in an amount sufficient to eliminate such Fronting Exposure arising from the existence of Swingline Loans. Except for the mandatory nature thereof, any prepayment of Loans pursuant to this Section 2.8(b) shall be subject to the provisions of Section 2.8(a); provided that such prepayment may be in the amount needed to eliminate the Fronting Exposure arising from the existence of Swingline Loans.

2.9 Conversion and Continuation Options.

(a) The Borrower may elect from time to time to convert Eurodollar Loans to ABR Loans by giving the Administrative Agent prior irrevocable notice of such election no later than 12:00 Noon, New York City time, on the Business Day preceding the proposed conversion date, provided that any such conversion of Eurodollar Loans may only be made on the last day of an Interest Period with respect thereto. The Borrower may elect from time to time to convert ABR Loans to Eurodollar Loans by giving the Administrative Agent prior irrevocable notice of such election no later than 12:00 Noon, New York City time, on the third Business Day preceding the proposed conversion date (which notice shall specify the length of the initial Interest Period therefor), provided that no ABR Loan may be converted into a Eurodollar Loan when any Event of Default has occurred and is continuing and the Required Lenders have determined in their sole discretion not to permit such conversions. Upon receipt of any such notice the Administrative Agent shall promptly notify each relevant Lender thereof.

(b) Any Eurodollar Loan may be continued as such upon the expiration of the then current Interest Period with respect thereto by the Borrower giving irrevocable notice to the Administrative Agent, in accordance with the applicable provisions of the term "Interest Period" set forth in Section 1.1, of the length of the next Interest Period to be applicable to such Loans, provided that no Eurodollar Loan may be continued as such when any Event of Default has

occurred and is continuing and the Required Lenders have determined in their sole discretion not to permit such continuations, and provided, further, that if the Borrower shall fail to give any required notice as described above in this paragraph or if such continuation is not permitted pursuant to the preceding proviso such Loans shall be automatically converted to ABR Loans on the last day of such then expiring Interest Period. Upon receipt of any such notice the Administrative Agent shall promptly notify each relevant Lender thereof.

2.10 Limitations on Eurodollar Tranches. Notwithstanding anything to the contrary in this Agreement, all borrowings, conversions and continuations of Eurodollar Loans and all selections of Interest Periods shall be in such amounts and be made pursuant to such elections so that (a) after giving effect thereto, the aggregate principal amount of the Eurodollar Loans comprising each Eurodollar Tranche shall be equal to \$1,000,000 or a whole multiple of \$500,000 in excess thereof and (b) no more than 15 Eurodollar Tranches shall be outstanding at any one time.

2.11 Interest Rates and Payment Dates.

(a) Each Eurodollar Loan shall bear interest for each day during each Interest Period with respect thereto at a rate per annum equal to the Eurodollar Rate determined for such day plus the Applicable Margin.

(b) Each ABR Loan shall bear interest at a rate per annum equal to the ABR plus the Applicable Margin.

(c) (i) If all or a portion of the principal amount of any Loan or Reimbursement Obligation shall not be paid when due (whether at the stated maturity, by acceleration or otherwise), such overdue amount shall bear interest at a default rate per annum equal to (x) in the case of the Loans, the rate that would otherwise be applicable thereto pursuant to the foregoing provisions of this Section plus 2% or (y) in the case of Reimbursement Obligations, the rate applicable to ABR Loans plus 2%, and (ii) if all or a portion of any interest payable on any Loan or Reimbursement Obligation or any facility fee, letter of credit fee, or any other fee payable (excluding any expenses or other indemnity) hereunder shall not be paid when due (whether at the stated maturity, by acceleration or otherwise), such overdue amount shall bear interest at a default rate per annum equal to the rate then applicable to ABR Loans plus 2%, in each case, with respect to clauses (i) and (ii) above, from the date of such non-payment until such amount is paid in full (as well after as before judgment). Interest shall be payable in arrears on each Interest Payment Date, provided that interest accruing pursuant to paragraph (c) of this Section shall be payable from time to time on demand.

2.12 Computation of Interest and Fees.

(a) Interest and fees payable pursuant hereto shall be calculated on the basis of a 360-day year for the actual days elapsed, except that, with respect to ABR Loans, the rate of interest on which is calculated on the basis of the Base Rate, the interest thereon shall be calculated on the basis of a 365- (or 366-, as the case may be) day year for the actual days elapsed. The Administrative Agent shall as soon as practicable notify the Borrower and the relevant Lenders

of each determination of a Eurodollar Rate. Any change in the interest rate on a Loan resulting from a change in the ABR or the Eurocurrency Reserve Requirements shall become effective as of the opening of business on the day on which such change becomes effective. The Administrative Agent shall as soon as practicable notify the Borrower and the relevant Lenders of the effective date and the amount of each such change in interest rate.

(b) Each determination of an interest rate by the Administrative Agent pursuant to any provision of this Agreement shall constitute prima facie evidence of such amounts. The Administrative Agent shall, at the request of the Borrower or any Lender, deliver to the Borrower or such Lender a statement showing the quotations used by the Administrative Agent in determining any interest rate pursuant to Section 2.11(a).

2.13 Inability to Determine Interest Rate. If prior to the first day of any Interest Period:

(a) the Administrative Agent shall have determined (which determination shall be conclusive and binding upon the Borrower) that, by reason of circumstances affecting the relevant market, adequate and reasonable means do not exist for ascertaining the Eurodollar Rate for such Interest Period, or

(b) the Administrative Agent shall have received notice from the Required Lenders that the Eurodollar Rate determined or to be determined for such Interest Period will not adequately and fairly reflect the cost to such Lenders (as conclusively certified by such Lenders) of making or maintaining their affected Loans during such Interest Period,

the Administrative Agent shall give telecopy or telephonic notice thereof to the Borrower and the relevant Lenders as soon as practicable thereafter. If such notice is given (x) any Eurodollar Loans requested to be made on the first day of such Interest Period shall be made as ABR Loans, (y) any Loans that were to have been converted on the first day of such Interest Period to Eurodollar Loans shall be continued as ABR Loans and (z) any outstanding Eurodollar Loans shall be converted, on the last day of the then-current Interest Period, to ABR Loans. Until such notice has been withdrawn by the Administrative Agent, no further Eurodollar Loans shall be made or continued as such, nor shall the Borrower have the right to convert Loans to Eurodollar Loans.

2.14 Pro Rata Treatment and Payments; Notes.

(a) Each borrowing by the Borrower from the Lenders hereunder, each payment by the Borrower on account of any commitment fee and any reduction of the Commitments of the Lenders shall be made pro rata according to the respective Percentages of the Lenders.

(b) Each payment (including each prepayment) by the Borrower on account of principal of and interest on the Revolving Loans shall be made pro rata according to the respective outstanding principal amounts of the Revolving Loans then held by the Lenders. Each payment in respect of Reimbursement Obligations in respect of any Letter of Credit shall be made to the Issuing Lender that issued such Letters of Credit.

(c) Notwithstanding anything to the contrary herein, all payments (including prepayments) to be made by the Borrower hereunder, whether on account of principal, Reimbursement Obligations, interest, fees or otherwise, shall be made without setoff or counterclaim and shall be made prior to 4:00 P.M., New York City time, on the due date thereof to the Administrative Agent, for the account of the Lenders or the Issuing Lenders, as applicable, at the Funding Office, in Dollars and in immediately available funds. The Administrative Agent shall distribute such payments to the Lenders promptly upon receipt in like funds as received. If any payment hereunder (other than payments on the Eurodollar Loans) becomes due and payable on a day other than a Business Day, such payment shall be extended to the next succeeding Business Day. If any payment on a Eurodollar Loan becomes due and payable on a day other than a Business Day, the maturity thereof shall be extended to the next succeeding Business Day unless the result of such extension would be to extend such payment into another calendar month, in which event such payment shall be made on the immediately preceding Business Day. In the case of any extension of any payment of principal pursuant to the preceding two sentences, interest thereon shall be payable at the then applicable rate during such extension.

(d) Unless the Administrative Agent shall have been notified in writing by any Lender prior to a borrowing that such Lender will not make the amount that would constitute its share of such borrowing available to the Administrative Agent, the Administrative Agent may assume that such Lender is making such amount available to the Administrative Agent, and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower a corresponding amount. If such amount is not made available to the Administrative Agent by the required time on the Borrowing Date therefor, such Lender shall pay to the Administrative Agent, on demand, such amount with interest thereon, at a rate equal to the greater of (i) the Federal Funds Effective Rate and (ii) a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation, for the period until such Lender makes such amount immediately available to the Administrative Agent. A certificate of the Administrative Agent submitted to any Lender with respect to any amounts owing under this paragraph shall be conclusive in the absence of manifest error. If such Lender's share of such borrowing is not made available to the Administrative Agent by such Lender within three Business Days after such Borrowing Date, the Administrative Agent shall also be entitled to recover such amount with interest thereon at the rate per annum applicable to ABR Loans from the Borrower within 30 days after written demand therefor.

(e) Unless the Administrative Agent shall have been notified in writing by the Borrower prior to the date of any payment due to be made by the Borrower hereunder that the Borrower will not make such payment to the Administrative Agent, the Administrative Agent may assume that the Borrower is making such payment, and the Administrative Agent may, but shall not be required to, in reliance upon such assumption, make available to the Lenders their respective *pro rata* shares of a corresponding amount. If such payment is not made to the Administrative Agent by the Borrower within three Business Days after such due date, the Administrative Agent shall be entitled to recover, on demand, from each Lender to which any amount which was made available pursuant to the preceding sentence, such amount with interest thereon at the rate per annum equal to the daily average Federal Funds Effective Rate. Nothing herein shall be deemed to limit the rights of the Administrative Agent or any Lender against the Borrower.

(f) The Borrower agrees that, upon the request to the Administrative Agent by any Lender, the Borrower will promptly execute and deliver to such Lender a promissory note (a “Note”) of the Borrower evidencing any Revolving Loans of such Lender, substantially in the form of Exhibit H, with appropriate insertions as to date and principal amount; provided, that delivery of Notes shall not be a condition precedent to the occurrence of the Effective Date or the making of Loans on the Effective Date.

(g) If any Lender shall fail to make any payment required to be made by it pursuant to Section 3.4 or 2.14 (d), then the Administrative Agent may, in its discretion and notwithstanding any contrary provision hereof, (i) apply any amounts thereafter received by the Administrative Agent hereunder for the account of such Lender for the benefit of the Administrative Agent or any Issuing Lender to satisfy such Lender’s obligations to the Administrative Agent or such Issuing Lender, as the case may be, under such Section until all such unsatisfied obligations are fully paid, and/or (ii) so long as such Lender is a Defaulting Lender, hold any such amounts in a segregated account as cash collateral for, and application to, any future funding obligations of such Lender under any such Section, in the case of each of clauses (i) and (ii) above, in any order as determined by the Administrative Agent in its discretion.

2.15 Change of Law.

(a) If a Change of Law shall:

(i) subject any Recipient to any Taxes (other than (A) Indemnified Taxes, (B) Taxes described in clauses (b) through (d) of the definition of Excluded Taxes and (C) Connection Income Taxes) on its Loans, Letters of Credit or Commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto;

(ii) impose, modify or hold applicable any reserve, special deposit, compulsory loan, Federal Deposit Insurance Corporation insurance charge or other similar insurance charge or similar requirement against assets held by, deposits or other liabilities in or for the account of, advances, loans or other extensions of credit by, or any other acquisition of funds by, any Lender or any Issuing Lender that is not otherwise included in the determination of the Eurodollar Rate, which requirements are generally applicable to advances, loans and other extensions of credit made by such Lender or such Issuing Lender; or

(iii) impose on any Lender or any Issuing Lender any other condition that is generally applicable to loans made by such Lender or Letters of Credit issued by such Issuing Lender or participations therein by a Lender;

and the result of any of the foregoing is to increase the cost to such Lender or such other Recipient, by an amount that such Lender or such other Recipient deems to be material, of making, converting into, continuing or maintaining Eurodollar Loans or issuing or participating in Letters of Credit, or to reduce any amount receivable hereunder in respect thereof, then, in any such case, the Borrower shall promptly pay such Lender or such other Recipient, within ten Business Days after its demand, any additional amounts necessary to compensate such Lender or such other Recipient for such increased cost or reduced amount receivable. If any Lender or

other Recipient becomes entitled to claim any additional amounts pursuant to this paragraph, it shall promptly notify the Borrower (with a copy to the Administrative Agent) of the event by reason of which it has become so entitled; provided, however, that no Lender or other Recipient shall be entitled to demand such compensation more than 90 days following (x) the last day of the Interest Period in respect of which such demand is made or (y) the repayment of the Loan or Swingline Loan in respect of which such demand is made, and no Issuing Lender shall be entitled to demand such compensation more than 90 days following the expiration or termination (by drawing or otherwise) of the Letter of Credit issued by it in respect of which such demand is made.

(b) If any Lender or any Issuing Lender shall have determined that a Change of Law regarding capital or liquidity requirements shall have the effect of reducing the rate of return on such Lender's or such Issuing Lender's capital or the capital of any corporation controlling such Lender or such Issuing Lender as a consequence of its obligations hereunder or under or in respect of any Letter of Credit to a level below that which such Lender, such Issuing Lender or such corporation could have achieved but for such Change of Law (taking into consideration such Lender's, such Issuing Lender's or such corporation's policies with respect to capital adequacy) by an amount deemed by such Lender or such Issuing Lender to be material, then from time to time, after submission by such Lender or such Issuing Lender to the Borrower (with a copy to the Administrative Agent) of a written request therefor, the Borrower shall pay to such Lender or such Issuing Lender such additional amount or amounts as will compensate such Lender, such Issuing Lender or such corporation for such reduction.

(c) A certificate as to any additional amounts payable pursuant to this Section submitted by any Lender, any Issuing Lender or any other Recipient to the Borrower (with a copy to the Administrative Agent) shall constitute prima facie evidence of such costs or amounts. Notwithstanding anything to the contrary in this Section, the Borrower shall not be required to compensate a Lender, any Issuing Lender or any other Recipient pursuant to this Section for any amounts incurred more than six months prior to the date that such Lender, such Issuing Lender or such other Recipient notifies the Borrower of such Lender's, such Issuing Lender's or such other Recipient's intention to claim compensation therefor; provided that, if the circumstances giving rise to such claim have a retroactive effect, then such six-month period shall be extended to include the period of such retroactive effect not to exceed twelve months. The obligations of the Borrower pursuant to this Section shall survive for 90 days after the termination of this Agreement and the payment of the Loans and all other amounts then due and payable hereunder.

2.16 Taxes.

(a) Any and all payments by or on account of any obligation of the Borrower under any Loan Document shall be made without deduction or withholding for any Taxes, except as required by applicable laws. If any applicable laws (as determined in the good faith discretion of the Borrower or the Administrative Agent) require the deduction or withholding of any Tax from any such payment by the Administrative Agent or the Borrower, then (A) the Borrower or the Administrative Agent shall withhold or make such deductions as are determined by the Borrower or the Administrative Agent to be required, (B) the Borrower or the Administrative Agent shall timely pay the full amount withheld or deducted to the relevant Governmental Authority in accordance with such laws, and (C) to the extent that the withholding or deduction is made on

account of Indemnified Taxes, the sum payable by the Borrower shall be increased as necessary so that after any required withholding or the making of all required deductions (including deductions applicable to additional sums payable under this Section 2.16) the applicable Recipient receives an amount equal to the sum it would have received had no such withholding or deduction been made.

(b) Without limiting the provisions of subsection (a) above, the Borrower shall timely pay to the relevant Governmental Authority in accordance with applicable law, or at the option of the Administrative Agent timely reimburse it for the payment of, any Other Taxes.

(c) (i) The Borrower shall, and does hereby, indemnify each Recipient, and shall make payment in respect thereof within 10 days after demand therefor, for the full amount of any Indemnified Taxes (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section 2.16) payable or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender or another Recipient (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender or another Recipient, shall be conclusive absent manifest error.

(ii) Each Lender and each Issuing Lender shall, and does hereby, severally indemnify, and shall make payment in respect thereof within 10 days after demand therefor, (x) the Administrative Agent against any Indemnified Taxes attributable to such Lender or such Issuing Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (y) the Administrative Agent against any Taxes attributable to such Lender's or such Issuing Lender's failure to comply with the provisions of Section 10.6(c)(iii) relating to the maintenance of a Participant Register and (z) the Administrative Agent against any Excluded Taxes attributable to such Lender or such Issuing Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender or any Issuing Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender and each Issuing Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender or such Issuing Lender, as the case may be, under this Agreement or any other Loan Document against any amount due to the Administrative Agent under this clause (ii).

(d) Upon request by the Borrower or the Administrative Agent, as the case may be, after any payment of Taxes by the Borrower or by the Administrative Agent to a Governmental Authority as provided in this Section 2.16, the Borrower shall deliver to the Administrative Agent or the Administrative Agent shall deliver to the Borrower, as the case may be, the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment,

a copy of any return required by laws to report such payment or other evidence of such payment reasonably satisfactory to the Borrower or the Administrative Agent, as the case may be.

(e) (i) Any Lender or any Issuing Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender or any Issuing Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender or such Issuing Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Sections 2.16(e)(ii)(A), (ii)(B) and (ii)(D) below) shall not be required if in the Lender's or any Issuing Lender's reasonable judgment such completion, execution or submission would subject such Lender or such Issuing Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender or such Issuing Lender.

(ii) Without limiting the generality of the foregoing,

(A) any Lender or any Issuing Lender that is a U.S. Person shall deliver to the Borrower and the Administrative Agent on or prior to the date on which such Lender or such Issuing Lender becomes a Lender or an Issuing Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed originals of IRS Form W-9 certifying that such Lender or such Issuing Lender is exempt from U.S. federal backup withholding tax;

(B) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender or an Issuing Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), whichever of the following is applicable:

(I) in the case of a Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed originals of IRS Form W-8BEN establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "interest" article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "business profits" or "other income" article of

such tax treaty;

(II) executed originals of IRS Form W-8ECI;

(III) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 881(c) of the Code, (x) a certificate substantially in the form of Exhibit G-1 to the effect that such Foreign Lender is not a “bank” within the meaning of Section 881(c)(3)(A) of the Code, a “10 percent shareholder” of the Borrower within the meaning of Section 881(c)(3)(B) of the Code, or a “controlled foreign corporation” described in Section 881(c)(3)(C) of the Code (a “U.S. Tax Compliance Certificate”) and (y) executed originals of IRS Form W-8BEN;

(IV) to the extent a Foreign Lender is not the beneficial owner, executed originals of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN, a U.S. Tax Compliance Certificate substantially in the form of Exhibit G-2 or Exhibit G-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Foreign Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit G-4 on behalf of each such direct and indirect partner; or

(V) notwithstanding anything to the contrary set forth in this Section 2.16(e), each Foreign Lender shall deliver to the Borrower and the Administrative Agent, on or prior to the date on which such Foreign Lender becomes a Lender or an Issuing Lender under this Agreement, forms described in Sections 2.16(e)(ii)(B)(I), (II), (III) or (IV), as applicable, establishing a complete exemption from U.S. federal withholding Tax with respect to amounts payable to such Foreign Lender under this Agreement; provided, however, that a Foreign Lender shall not be required to deliver forms establishing a complete exemption from U.S. federal withholding Tax with respect to amounts payable to such Foreign Lender under this Agreement pursuant to this Section 2.16(e)(ii)(B)(V) to the extent that, due to a Change of Law, such Foreign Lender is unable to do so.

(C) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender or an Issuing Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed originals of any other form prescribed by applicable law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(D) if a payment made to a Lender or any Issuing Lender under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender or such Issuing Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender or such Issuing Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender or such Issuing Lender has complied with such Lender's or such Issuing Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (D), "FATCA" shall include any amendments made to FATCA after the Effective Date.

(iii) Each Lender and each Issuing Lender agrees that if any form or certification it previously delivered pursuant to this Section 2.16 expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(f) Unless required by applicable laws, at no time shall the Administrative Agent have any obligation to file for or otherwise pursue on behalf of a Lender or an Issuing Lender, or have any obligation to pay to any Lender or any Issuing Lender, any refund of Taxes withheld or deducted from funds paid for the account of such Lender or such Issuing Lender, as the case may be. If any Recipient determines, in its sole discretion, that it has received a refund of, or credit with respect to, any Taxes as to which it has been indemnified by the Borrower or with respect to which the Borrower has paid additional amounts pursuant to this Section 2.16 (any such refund or credit, a "Tax Benefit"), it shall pay to the Borrower an amount equal to such Tax Benefit (but only to the extent of indemnity payments made, or additional amounts paid, by the Borrower under this Section 2.16 with respect to the Taxes giving rise to such Tax Benefit), net of all out-of-pocket expenses (including Taxes) incurred by such Recipient, and without interest (other than any interest paid by the relevant Governmental Authority with respect to such Tax Benefit), provided that the Borrower, upon the request of the Recipient, agrees to repay the amount paid over to the Borrower (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Recipient in the event the Recipient is required to repay such Tax Benefit to such Governmental Authority. Notwithstanding anything to the contrary in this subsection, in no event will the applicable Recipient be required to pay any amount to the Borrower pursuant to this subsection the payment of which would place the Recipient in a less favorable net after-Tax position than such Recipient would have been in if the Tax subject to indemnification and giving rise to such Tax Benefit had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This subsection shall not be construed to require any Recipient to

make available its tax returns (or any other information relating to its taxes that it deems confidential) to the Borrower or any other Person.

(g) Each party's obligations under this Section 2.16 shall survive for one year after the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

2.17 Indemnity. The Borrower agrees to indemnify each Lender for, and to hold each Lender harmless from, any loss (other than the loss of Applicable Margin) or expense that such Lender may sustain or incur as a consequence of (a) default by the Borrower in making a borrowing of, conversion into or continuation of Eurodollar Loans after the Borrower has given a notice requesting the same in accordance with the provisions of this Agreement, (b) default by the Borrower in making any prepayment of or conversion from Eurodollar Loans after the Borrower has given a notice thereof in accordance with the provisions of this Agreement or (c) the making of a prepayment of Eurodollar Loans on a day that is not the last day of an Interest Period with respect thereto. A certificate as to any amounts payable pursuant to this Section submitted to the Borrower by any Lender shall be conclusive in the absence of manifest error. This covenant shall survive for 90 days after the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

2.18 Change of Lending Office. Each Lender agrees that, upon the occurrence of any event giving rise to the operation of Section 2.15 or 2.16 with respect to such Lender, it will, if requested by the Borrower, use reasonable efforts (subject to overall policy considerations of such Lender) to designate another lending office for any Loans affected by such event with the object of avoiding the consequences of such event; provided, that such designation is made on terms that, in the sole but reasonable judgment of such Lender, cause such Lender and its lending office(s) to suffer no unreimbursed economic disadvantage or any legal or regulatory disadvantage, and provided, further, that nothing in this Section shall affect or postpone any of the obligations of the Borrower or the rights of any Lender pursuant to Section 2.15 or 2.16.

2.19 Replacement of Lenders. The Borrower shall be permitted to replace any Lender that (a) requests (on its behalf or any of its Participants) reimbursement for amounts owing pursuant to Section 2.15 or 2.16 or (b) becomes a Defaulting Lender, with a replacement financial institution; provided that (i) such replacement does not conflict with any Requirement of Law, (ii) no Event of Default shall have occurred and be continuing at the time of such replacement, (iii) prior to any such replacement, such Lender shall have taken no action under Section 2.18 which eliminates the continued need for payment of amounts owing pursuant to Section 2.15 or 2.16, (iv) the replacement financial institution shall purchase, at par, all Loans and other amounts owing to such replaced Lender on or prior to the date of replacement, (v) the Borrower shall be liable to such replaced Lender under Section 2.17 if any Eurodollar Loan owing to such replaced Lender shall be purchased other than on the last day of the Interest Period relating thereto, (vi) the replacement financial institution, if not already a Lender, shall be reasonably satisfactory to the Administrative Agent, (vii) the replaced Lender shall be obligated to make such replacement in accordance with the provisions of Section 10.6 (provided that the Borrower shall be obligated to pay the registration and processing fee referred to therein), (viii) until such time as such replacement shall be consummated, the Borrower shall pay all additional amounts (if any) required pursuant to Section 2.15 or 2.16, as the case may be, and

(ix) any such replacement shall not be deemed to be a waiver of any rights that the Borrower, the Administrative Agent or any other Lender shall have against the replaced Lender.

2.20 Defaulting Lenders. Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as that Lender is no longer a Defaulting Lender, to the extent permitted by applicable law:

(a) any payment of principal, interest, fees or other amounts (other than those described in Section 2.20(b)) received by the Administrative Agent for the account of that Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Section 7 or otherwise, and including any amounts made available to the Administrative Agent by that Defaulting Lender pursuant to Section 9.7), shall be applied at such time or times as may be determined by the Administrative Agent as follows: *first*, to the payment of any amounts owing by that Defaulting Lender to the Administrative Agent hereunder; *second*, to the payment on a pro rata basis of any amounts owing by that Defaulting Lender to the Swingline Lender and any Issuing Lender hereunder; *third*, if so requested by the Swingline Lender if Swingline loans are outstanding or any Issuing Lender with a Letter of Credit outstanding or with unreimbursed drawings owing under a Letter of Credit, to be held as cash collateral in respect of such Defaulting Lender's Percentage of such Swingline Loans and L/C Obligations; *fourth*, if so determined by the Administrative Agent or requested by the Swingline Lender or any Issuing Lender, to be held as cash collateral for future funding obligations of that Defaulting Lender of any participation in any Swingline Loan or L/C Obligations; *fifth*, as the Borrower may request (so long as no Default or Event of Default exists), to the funding of any Loan in respect of which that Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; *sixth*, if so determined by the Borrower with the consent of the Administrative Agent, not to be unreasonably withheld, to be held in a non-interest bearing deposit account and released in order to satisfy obligations of that Defaulting Lender to fund Loans under this Agreement; *seventh*, to the payment of any amounts owing to the Lenders, the Swingline Lender or any Issuing Lender as a result of any judgment of a court of competent jurisdiction obtained by any Lender, the Swingline Lender or any Issuing Lender against that Defaulting Lender as a result of that Defaulting Lender's breach of its obligations under this Agreement; *eighth*, so long as no Default or Event of Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against that Defaulting Lender as a result of that Defaulting Lender's breach of its obligations under this Agreement; and *ninth*, to that Defaulting Lender or as otherwise directed by a court of competent jurisdiction; provided that if such payment is a payment of the principal amount of any Loans or unreimbursed drawings under Letters of Credit in respect of which that Defaulting Lender has not fully funded its appropriate share such payment shall be applied solely to pay the Loans and unreimbursed drawings under Letters of Credit of all non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Loans of that Defaulting Lender or participating interests of that Defaulting Lender in unreimbursed drawings under Letters of Credit. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or to post cash collateral pursuant to

this Section 2.20(a) shall be deemed paid to and redirected by that Defaulting Lender, and each Lender irrevocably consents hereto;

(b) that Defaulting Lender shall be entitled to receive (i) any facility fee pursuant to Section 2.6(a) for any period during which that Lender is a Defaulting Lender only to the extent allocable to the sum of (1) the outstanding principal amount of Loans funded by it and (2) the principal amount of the Swingline Loans and the Percentage of L/C Obligations for which it has provided cash collateral pursuant to 2.20(a) (and the Borrower shall (x) be required to pay to the Swingline Lender and Issuing Lenders with Letters of Credit outstanding, as applicable, the amount of such fee allocable to its fronting of Extensions of Credit arising from that Defaulting Lender and (y) not be required to pay the remaining amount of such fee that otherwise would have been required to have been paid to that Defaulting Lender) and (ii) interest on Loans and Participation Amounts funded by such Lender prior to the period in which such Lender became a Defaulting Lender or during the period in which such Lender is a Defaulting Lender;

(c) during any period in which there is a Defaulting Lender, for purposes of computing the amount of the obligation of each non-Defaulting Lender to acquire, refinance or fund participations in Swingline Loans pursuant to Section 2.5 and Letters of Credit pursuant to Section 3.4, the Percentage of each non-Defaulting Lender shall be computed without giving effect to the Commitment of that Defaulting Lender; *provided*, that, (i) each such reallocation shall be given effect only if, at the date the applicable Lender becomes a Defaulting Lender, no Default or Event of Default exists; and (ii) the aggregate obligation of each non-Defaulting Lender to acquire, refinance or fund participations in Swingline Loans and L/C Obligations shall not exceed the positive difference, if any, of (1) the Commitment of that non-Defaulting Lender minus (2) the aggregate outstanding Loans of that Lender and that Lender's Percentage of L/C Obligations;

(d) if the reallocation described in paragraph (c) above cannot, or can only partially, be effected, the Borrower shall within one Business Day following notice by the Administrative Agent (after giving effect to any partial reallocation pursuant to paragraph (c) above) deposit cash with the Administrative Agent as collateral to secure such Defaulting Lender's Percentage of any outstanding L/C Obligations for so long as any such L/C Obligation are outstanding; and

(e) that Defaulting Lender's right to approve or disapprove any amendment, supplement, modification, waiver or consent with respect to this Agreement shall be restricted as set forth in the definition of "Required Lenders" and Section 10.1.

If the Borrower, the Administrative Agent, Swingline Lender and each Issuing Lender reasonably determine in writing that a Defaulting Lender should no longer be deemed to be a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein (which may include arrangements with respect to any cash collateral), that Lender will, to the extent applicable, purchase that portion of outstanding Loans and Participation Amounts of the other

Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Loans and funded and unfunded participations in Swingline Loans and Letters of Credit to be held on a pro rata basis by the Lenders in accordance with their Percentages (without giving effect to Section 2.20(c)), whereupon that Lender will cease to be a Defaulting Lender; provided that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while that Lender was a Defaulting Lender; and provided, further, that except to the extent otherwise expressly agreed by the affected parties, no change hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

Cash collateral held by the Administrative Agent to reduce Fronting Exposure shall be released to the applicable Lender promptly following (i) the elimination of the applicable Fronting Exposure or other obligations giving rise thereto (including by the termination of Defaulting Lender status of the applicable Lender (or, as appropriate, its assignee following compliance with Section 10.6)); (ii) the Administrative Agent's good faith determination that there exists excess cash collateral; and (iii) the termination of the Commitment Period and the repayment in full of all outstanding Loans and L/C Obligations.

SECTION 3. LETTERS OF CREDIT

3.1 L/C Commitment.

(a) Subject to the terms and conditions hereof, each Issuing Lender, in reliance on the agreements of the other Lenders set forth in Section 3.4(a), agrees to issue standby and commercial letters of credit; provided, however, that The Royal Bank of Scotland plc shall not be required to issue commercial letters of credit (the letters of credit issued pursuant to this Section 3, collectively, the "Letters of Credit"), for the account of the Borrower on any Business Day on or after the Effective Date and during the Commitment Period in such form as may be approved from time to time by such Issuing Lender; provided, that no Issuing Lender shall issue, amend, extend or renew any Letter of Credit if, after giving effect to such issuance, amendment, extension or renewal, (i) the aggregate amount of L/C Obligations owed by the Borrower to any Issuing Lender shall exceed the amount of such Issuing Lender's L/C Pro Rata Share of the L/C Commitment (or such higher amount agreed upon in writing between the Borrower and such Issuing Lender), (ii) the L/C Obligations would exceed the L/C Commitment and (iii) the aggregate amount of the Available Commitments would be less than zero. Each Letter of Credit shall (i) be denominated in Dollars and (ii) expire no later than the earlier of (x) the first anniversary of its date of issuance and (y) the date which is five Business Days prior to the Termination Date; provided that any Letter of Credit with a one-year term may provide for the renewal thereof for additional one-year periods (which shall in no event extend beyond the date referred to in clause (y) above).

(b) No Issuing Lender shall at any time be obligated to issue, amend, extend or renew any Letter of Credit hereunder if such issuance, amendment, extension or renewal would conflict with, or cause such Issuing Lender or any L/C Participant to exceed any limits imposed by, any applicable Requirement of Law.

(c) Unless otherwise specified herein, the amount of a Letter of Credit at any time shall be deemed to be the stated amount of such Letter of Credit in effect at such time; provided, however, that with respect to any Letter of Credit that provides for one or more automatic increases in the stated amount thereof, the amount of such Letter of Credit shall be deemed to be the maximum stated amount of such Letter of Credit after giving effect to all such increases, whether or not such maximum stated amount is in effect at such time.

(d) For all purposes of this Agreement, if on any date of determination, a Letter of Credit has expired by its terms but any amount may still be drawn thereunder by reason of the operation of Rule 3.14 of the ISP, such Letter of Credit shall be deemed to be “outstanding” in the amount so remaining available to be drawn.

3.2 Procedure for Issuance of Letters of Credit. The Borrower may from time to time request that an Issuing Lender issue a Letter of Credit by delivering to such Issuing Lender at its address for notices specified herein an Application therefor, completed to the satisfaction of such Issuing Lender, and such other certificates, documents and other papers and information as such Issuing Lender may request. Concurrently with the delivery of an Application to an Issuing Lender, the Borrower shall deliver a copy thereof to the Administrative Agent and the Administrative Agent shall provide notice of such request to the Lenders. Upon receipt of any Application, an Issuing Lender will process such Application and the certificates, documents and other papers and information delivered to it in connection therewith in accordance with its customary procedures and shall promptly issue the Letter of Credit requested thereby by issuing the original of such Letter of Credit to the beneficiary thereof or as otherwise may be agreed to by such Issuing Lender and the Borrower (but in no event shall any Issuing Lender be required to issue any Letter of Credit earlier than three Business Days after its receipt of the Application therefor and all such other certificates, documents and other papers and information relating thereto). Promptly after issuance by an Issuing Lender of a Letter of Credit, such Issuing Lender shall furnish a copy of such Letter of Credit to the Borrower. Each Issuing Lender shall promptly give notice to the Administrative Agent of the issuance of each Letter of Credit issued by such Issuing Lender (including the amount thereof), and shall provide a copy of such Letter of Credit to the Administrative Agent as soon as possible after the date of issuance. Unless otherwise expressly agreed by an Issuing Lender and the Borrower, when a Letter of Credit is issued (i) the rules of the ISP shall apply to each standby Letter of Credit, and (ii) the rules of the Uniform Customs and Practice for Documentary Credits, as most recently published by the International Chamber of Commerce at the time of issuance shall apply to each commercial Letter of Credit.

3.3 Fees and Other Charges.

(a) The Borrower will pay a fee on the aggregate drawable amount of all outstanding Letters of Credit at a per annum rate equal to the Applicable Margin then in effect with respect to Eurodollar Loans, shared ratably among the Lenders (other than Defaulting Lenders to the extent provided in Section 2.20) in accordance with their respective Percentages and payable quarterly in arrears on each Fee Payment Date after the issuance date. In addition, the Borrower shall pay to the relevant Issuing Lender for its own account a fronting fee on the aggregate drawable amount of all outstanding Letters of Credit issued in an amount to be agreed between the

Borrower and such Issuing Lender, payable quarterly in arrears on each Fee Payment Date after the issuance date.

(b) In addition to the foregoing fees, the Borrower shall pay or reimburse each Issuing Lender for such normal and customary costs and expenses as are incurred or charged by such Issuing Lender in issuing, negotiating, effecting payment under, amending, renewing or otherwise administering any Letter of Credit.

3.4 L/C Participations .

(a) Each Issuing Lender irrevocably agrees to grant and hereby grants to each L/C Participant, and, to induce each Issuing Lender to issue Letters of Credit hereunder, each L/C Participant irrevocably agrees to accept and purchase and hereby accepts and purchases from each Issuing Lender, on the terms and conditions hereinafter stated, for such L/C Participant's own account and risk, an undivided interest equal to such L/C Participant's Percentage in each Issuing Lender's obligations and rights under each Letter of Credit issued by such Issuing Lender hereunder and the amount of each draft paid by such Issuing Lender thereunder. Each L/C Participant unconditionally and irrevocably agrees with each Issuing Lender that, if a draft is paid under any Letter of Credit issued by such Issuing Lender for which such Issuing Lender is not reimbursed in full by the Borrower in accordance with the terms of this Agreement, such L/C Participant shall pay to the Administrative Agent for the account of such Issuing Lender upon demand at such Issuing Lender's address for notices specified herein (and thereafter the Administrative Agent shall promptly pay to such Issuing Lender) an amount equal to such L/C Participant's Percentage of the amount of such draft, or any part thereof, that is not so reimbursed. Each L/C Participant's obligation to pay such amount shall be absolute and unconditional and shall not be affected by any circumstance, including (i) any setoff, counterclaim, recoupment, defense or other right that such L/C Participant may have against the Issuing Lender, the Borrower or any other Person for any reason whatsoever, (ii) the occurrence or continuance of a Default or an Event of Default or the failure to satisfy any of the other conditions specified in Section 5, (iii) any adverse change in the condition (financial or otherwise) of the Borrower, (iv) any breach of this Agreement or any other Loan Document by the Borrower or any other L/C Participant or (v) any other circumstance, happening or event whatsoever, whether or not similar to any of the foregoing.

(b) If any amount (a "Participation Amount") required to be paid by any L/C Participant to an Issuing Lender pursuant to Section 3.4(a) in respect of any unreimbursed portion of any payment made by such Issuing Lender under any Letter of Credit is not paid to such Issuing Lender within three Business Days after the date such payment is due, such Issuing Lender shall so notify the Administrative Agent, which shall promptly notify the L/C Participants, and each L/C Participant shall pay to the Administrative Agent, for the account of such Issuing Lender, on demand (and thereafter the Administrative Agent shall promptly pay to such Issuing Lender) an amount equal to the product of (i) such Participation Amount, times (ii) the daily average Federal Funds Effective Rate during the period from and including the date such payment is required to the date on which such payment is immediately available to such Issuing Lender, times (iii) a fraction the numerator of which is the number of days that elapse during such period and the denominator of which is 360. If any Participation Amount required to be paid by any L/C Participant pursuant to Section 3.4(a) is not made available to the

Administrative Agent for the account of the relevant Issuing Lender by such L/C Participant within three Business Days after the date such payment is due, the Administrative Agent on behalf of such Issuing Lender shall be entitled to recover from such L/C Participant, on demand, such Participation Amount with interest thereon calculated from such due date at the rate per annum applicable to ABR Loans. A certificate of the Administrative Agent submitted on behalf of an Issuing Lender to any L/C Participant with respect to any amounts owing under this Section shall be conclusive in the absence of manifest error.

(c) Whenever, at any time after an Issuing Lender has made payment under any Letter of Credit and has received from the Administrative Agent any L/C Participant's *pro rata* share of such payment in accordance with Section 3.4(a), such Issuing Lender receives any payment related to such Letter of Credit (whether directly from the Borrower or otherwise, including proceeds of collateral applied thereto by such Issuing Lender), or any payment of interest on account thereof, such Issuing Lender will distribute to the Administrative Agent for the account of such L/C Participant (and thereafter the Administrative Agent will promptly distribute to such L/C Participant) its *pro rata* share thereof; provided, however, that in the event that any such payment received by such Issuing Lender shall be required to be returned by such Issuing Lender, such L/C Participant shall return to the Administrative Agent for the account of such Issuing Lender (and thereafter the Administrative Agent shall promptly return to such Issuing Lender) the portion thereof previously distributed by such Issuing Lender.

3.5 Reimbursement Obligation of the Borrower. The Borrower agrees to reimburse each Issuing Lender on (i) the Business Day on which the Borrower receives notice from an Issuing Lender of a draft drawn on a Letter of Credit issued by such Issuing Lender and paid by such Issuing Lender, if such notice is received on such Business Day prior to 11:00 A.M., New York City time, or (ii) if clause (i) above does not apply, the Business Day immediately following the day on which the Borrower receives such notice, for the amount of (a) such draft so paid and (b) any taxes, fees, charges or other costs or expenses incurred by such Issuing Lender in connection with such payment which are obligations of the Borrower hereunder (the amounts described in the foregoing clauses (a) and (b) in respect of any drawing, collectively, the "Payment Amount"). Each such payment shall be made to such Issuing Lender at its address for notices specified herein in lawful money of the United States of America and in immediately available funds. Interest shall be payable on each Payment Amount from the date of the applicable drawing until payment in full at the rate set forth in (i) until the second Business Day following the date of the applicable drawing, Section 2.11(b) and (ii) thereafter, Section 2.11(c). Each drawing under any Letter of Credit shall (unless an event of the type described in clause (i) or (ii) of Section 8(f) shall have occurred and be continuing with respect to the Borrower, in which case the procedures specified in Section 3.4 for funding by L/C Participants shall apply) constitute a request by the Borrower to the Administrative Agent for a borrowing pursuant to Section 2.1 of ABR Loans (or, at the option of the Administrative Agent and the Swingline Lender in their sole discretion, a borrowing pursuant to Section 2.4 of Swingline Loans) in the amount of such drawing. The Borrowing Date with respect to such borrowing shall be the first date on which a borrowing of Revolving Loans (or, if applicable, Swingline Loans) could be made, pursuant to Section 2.1 (or, if applicable, Section 2.4), if the Administrative Agent had received a notice of such borrowing at the time the Administrative Agent receives notice from the relevant Issuing Lender of such drawing under such Letter of Credit.

3.6 Obligations Absolute. The Borrower's obligations under this Section 3 shall be absolute and unconditional under any and all circumstances and irrespective of any setoff, counterclaim or defense to payment that the Borrower may have or have had against any Issuing Lender, any beneficiary of a Letter of Credit or any other Person; other than with respect to any action taken or omitted by an Issuing Lender under or in connection with any Letter of Credit issued by it or the related drafts or documents found in a final judgment of a court of competent jurisdiction to constitute gross negligence or willful misconduct or not in accordance with the standards of care specified in the Uniform Commercial Code of the State of New York. The Borrower also agrees with each Issuing Lender that such Issuing Lender shall not be responsible for, and the Borrower's Reimbursement Obligations under Section 3.5 shall not be affected by, among other things, the validity or genuineness of documents or of any endorsements thereon, even though such documents shall in fact prove to be invalid, fraudulent or forged, or any dispute between or among the Borrower and any beneficiary of any Letter of Credit or any other party to which such Letter of Credit may be transferred or any claims whatsoever of the Borrower against any beneficiary of such Letter of Credit or any such transferee. No Issuing Lender shall be liable for any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with any Letter of Credit, except for errors or omissions which resulted from the gross negligence or willful misconduct of such Issuing Lender as determined in a final judgment of a court of competent jurisdiction. The Borrower agrees that any action taken or omitted by an Issuing Lender under or in connection with any Letter of Credit issued by it or the related drafts or documents, if done in the absence of gross negligence or willful misconduct and in accordance with the standards of care specified in the Uniform Commercial Code of the State of New York as determined in a final judgment of a court of competent jurisdiction, shall be binding on the Borrower and shall not result in any liability of such Issuing Lender to the Borrower.

3.7 Letter of Credit Payments. If any draft shall be presented for payment under any Letter of Credit, the relevant Issuing Lender shall promptly notify the Borrower and the Administrative Agent of the date and amount thereof. The responsibility of the relevant Issuing Lender to the Borrower in connection with any draft presented for payment under any Letter of Credit, in addition to any payment obligation expressly provided for in such Letter of Credit issued by such Issuing Lender, shall be limited, in the absence of gross negligence or willful misconduct or failure to act in accordance with the standards of care specified in the Uniform Commercial Code of the State of New York, to determining that the documents (including each draft) delivered under such Letter of Credit in connection with such presentment appear on their face to be in conformity with such Letter of Credit.

3.8 Applications. To the extent that any provision of any Application related to any Letter of Credit is inconsistent with the provisions of this Section 3, the provisions of this Section 3 shall apply.

3.9 Actions of Issuing Lenders. Each Issuing Lender shall be entitled to rely, and shall be fully protected in relying, upon any draft, writing, resolution, notice, consent, certificate, affidavit, letter, cablegram, telegram, telecopy, telex or teletype message, statement, order or other document believed by it in good faith to be genuine and correct and to have been signed, sent or made by the proper Person or Persons, and upon advice and statements of legal counsel, independent accountants and other experts selected by such Issuing Lender. Each Issuing Lender

shall be fully justified in failing or refusing to take any action under this Agreement unless it shall first have received such advice or concurrence of the Required Lenders as it reasonably deems appropriate or it shall first be indemnified to its reasonable satisfaction by the Lenders against any and all liability and expense which may be incurred by it by reason of taking or continuing to take any such action. Notwithstanding any other provision of this Section, as between the Issuing Lenders and the Lenders, each Issuing Lender shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement in accordance with a request of the Required Lenders, and such request and any action taken or failure to act pursuant thereto shall be binding upon the Lenders and any future holders of a participation in any Letter of Credit.

3.10 Borrower's Indemnification. The Borrower hereby agrees to indemnify and hold harmless each Lender, each Issuing Lender and the Administrative Agent, and their respective directors, officers, agents and employees from and against any and all claims and damages, losses, liabilities, costs or expenses which such Lender, such Issuing Lender or the Administrative Agent may incur (or which may be claimed against such Lender, such Issuing Lender or the Administrative Agent by any Person whatsoever) by reason of or in connection with the issuance, execution and delivery or transfer of or payment or failure to pay under any Letter of Credit or any actual or proposed use of any Letter of Credit, including, without limitation, any claims, damages, losses, liabilities, costs or expenses which such Issuing Lender may incur by reason of or in connection with (i) the failure of any other Lender to fulfill or comply with its obligations to an Issuing Lender hereunder (but nothing herein contained shall affect any rights the Borrower may have against any Defaulting Lender) or (ii) by reason of or on account of an Issuing Lender issuing any Letter of Credit which specifies that the term "Beneficiary" included therein includes any successor by operation of law of the named Beneficiary, but which Letter of Credit does not require that any drawing by any such successor Beneficiary be accompanied by a copy of a legal document, satisfactory to such Issuing Lender, evidencing the appointment of such successor Beneficiary; provided that the Borrower shall not be required to indemnify any Lender, any Issuing Lender or the Administrative Agent for any claims, damages, losses, liabilities, costs or expenses to the extent, but only to the extent, caused by (x) the willful misconduct or gross negligence of such Issuing Lender in determining whether a request presented under any Letter of Credit complied with the terms of such Letter of Credit and in accordance with the standards of care specified in the Uniform Commercial Code of the State of New York as determined in a final judgment of a court of competent jurisdiction or (y) such Issuing Lender's failure to pay under any Letter of Credit after the presentation to it of a request strictly complying with the terms and conditions of such Letter of Credit. Nothing in this Section is intended to limit the obligations of the Borrower under any other provision of this Agreement.

3.11 Lenders' Indemnification. Each Lender shall, ratably in accordance with its Percentage, indemnify each Issuing Lender, its Affiliates and their respective directors, officers, agents and employees (to the extent not reimbursed by the Borrower) against any cost, expense (including reasonable counsel fees and disbursements), claim, demand, action, loss or liability (except such as result from such indemnitees' gross negligence or willful misconduct or failure to comply with the standard of care specified in the Uniform Commercial Code of the State of New York or such Issuing Lender's failure to pay under any Letter of Credit after the presentation to it of a request strictly complying with the terms and conditions of the Letter of

Credit in each case as determined in a final judgment of a court of competent jurisdiction) that such indemnitees may suffer or incur in connection with this Section or any action taken or omitted by such indemnitees hereunder.

SECTION 4. REPRESENTATIONS AND WARRANTIES

To induce the Administrative Agent and the Lenders to enter into this Agreement and to make the Loans and issue or participate in the Letters of Credit, the Borrower hereby represents and warrants to the Administrative Agent and each Lender, on the Effective Date and, except as provided in Section 5.2(a), on the date of each Credit Event hereunder after the Effective Date, that:

4.1 Financial Condition. The audited consolidated balance sheet of the Borrower and its consolidated Subsidiaries as of December 31, 2012, and the related consolidated statement of operations and cash flows for the fiscal year ended on such date, reported on by Deloitte & Touche LLP, present fairly in all material respects the consolidated financial condition of the Borrower and its consolidated Subsidiaries as of such date, and the consolidated results of its operations and its consolidated cash flows for the respective fiscal year then ended. All such financial statements, including the related schedules and notes thereto, have been prepared in accordance with GAAP applied consistently throughout the periods involved.

4.2 No Change. Since December 31, 2012, there has been no development or event that has had or could reasonably be expected to have a Material Adverse Effect, except as disclosed in the Specified Exchange Act Filings.

4.3 Existence; Compliance with Law. Each of the Borrower and its Significant Subsidiaries (a) is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization, (b) has the corporate power and corporate authority to own and operate its property, to lease the property it operates as lessee and to conduct the business in which it is currently engaged, (c) is duly qualified as a foreign corporation or other organization and in good standing under the laws of each jurisdiction where its ownership, lease or operation of property or the conduct of its business requires such qualification except to the extent that the failure to so qualify could not reasonably be expected to have a Material Adverse Effect and (d) is in compliance with all Requirements of Law except for any Requirements of Law being contested in good faith by appropriate proceedings and except to the extent that the failure to comply therewith could not, in the aggregate, reasonably be expected to have a Material Adverse Effect.

4.4 Power; Authorization; Enforceable Obligations. The Borrower has the corporate power and corporate authority to make, deliver and perform the Loan Documents and to obtain extensions of credit hereunder. The Borrower has taken all necessary corporate action to authorize the execution, delivery and performance of the Loan Documents and to authorize the extensions of credit on the terms and conditions of this Agreement. No consent or authorization of, filing with, notice to or other act by or in respect of, any Governmental Authority or any other Person is required in connection with the extensions of credit hereunder or with the execution, delivery, performance, validity or enforceability of this Agreement or any of the Loan Documents, except (i) consents, authorizations, filings and notices which have been obtained or

made and are in full force and effect and (ii) any consent, authorization or filing that may be required in the future the failure of which to make or obtain could not reasonably be expected to have a Material Adverse Effect. This Agreement has been, and each other Loan Document upon execution and delivery will be, duly executed and delivered. This Agreement constitutes, and each other Loan Document upon execution will constitute, a legal, valid and binding obligation of the Borrower, enforceable against the Borrower in accordance with its terms, except as enforceability may be limited by (x) applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally, laws of general application related to the enforceability of securities secured by real estate and by general equitable principles (whether enforcement is sought by proceedings in equity or at law) and (y) applicable regulatory requirements.

4.5 No Legal Bar. The execution, delivery and performance of this Agreement and the other Loan Documents, the issuance of Letters of Credit, the borrowings hereunder and the use of the proceeds thereof will not violate in any material respect any Requirement of Law or any Contractual Obligation of the Borrower or any of its Significant Subsidiaries and will not result in, or require, the creation or imposition of any Lien on any of their respective properties or revenues pursuant to any Requirement of Law or any such Contractual Obligation.

4.6 Litigation.

(a) No litigation, investigation or proceeding of or before any arbitrator or Governmental Authority is pending or, to the knowledge of the Borrower, threatened in writing by or against the Borrower or any of its Significant Subsidiaries or against any of their material respective properties or revenues with respect to any of the Loan Documents.

(b) No litigation, investigation or proceeding of or before any arbitrator or Governmental Authority is pending or, to the knowledge of the Borrower, threatened in writing by or against the Borrower or any of its Significant Subsidiaries or against any of their material respective properties or revenues, except as disclosed in the Specified Exchange Act Filings, that could reasonably be expected to have a Material Adverse Effect.

4.7 No Default. No Default or Event of Default has occurred and is continuing.

4.8 Taxes. The Borrower and each of its Significant Subsidiaries has filed or caused to be filed all Federal and state returns of income and franchise taxes imposed in lieu of net income taxes and all other material tax returns that are required to be filed and has paid all taxes shown to be due and payable on said returns or with respect to any claims or assessments for taxes made against it or any of its property by any Governmental Authority (other than (i) any amounts the validity of which are currently being contested in good faith by appropriate proceedings and with respect to which reserves in conformity with GAAP have been provided on the books of the Borrower or any of its Significant Subsidiaries, as applicable, and (ii) claims which could not reasonably be expected to have a Material Adverse Effect). No tax Liens have been filed against the Borrower or any of its Significant Subsidiaries other than (A) Liens for taxes which are not delinquent or (B) Liens for taxes which are being contested in good faith by appropriate proceedings and with respect to which reserves in conformity with GAAP have been provided on the books of the Borrower or any of its Significant Subsidiaries, as applicable.

4.9 Federal Regulations. No part of the proceeds of any Loans, and no other extensions of credit hereunder, will be used for “buying” or “carrying” any “margin stock” within the respective meanings of each of the quoted terms under Regulation U as now and from time to time hereafter in effect or for any purpose that violates the provisions of the Regulations of the Board.

4.10 ERISA. No Reportable Event has occurred during the five year period prior to the date on which this representation is made or deemed made with respect to any Plan, and each Plan has complied with the applicable provisions of ERISA and the Code, except, in each case, to the extent that any such Reportable Event or failure to comply with the applicable provisions of ERISA or the Code could not reasonably be expected to result in a Material Adverse Effect. During the five year period prior to the date on which this representation is made or deemed made, there has been no (i) failure to make a required contribution to any Plan that would result in the imposition of a lien or other encumbrance or the provision of security under Section 430 of the Code or Section 303 or 4068 of ERISA, or the arising of such a lien or encumbrance; or (ii) “unpaid minimum required contribution” or “accumulated funding deficiency” (as defined or otherwise set forth in Section 4971 of the Code or Part 3 of Subtitle B of Title I of ERISA), whether or not waived, except, in each case, to the extent that such event could not reasonably be expected to result in a Material Adverse Effect. No termination of a Single Employer Plan has occurred, and no Lien in favor of the PBGC or a Plan has arisen, during such five-year period. The present value of all accrued benefits under each Single Employer Plan (based on those assumptions used to fund such Plans) did not, as of the last annual valuation date prior to the date on which this representation is made or deemed made, exceed the value of the assets of such Plan allocable to such accrued benefits, except as could not reasonably be expected to result in a Material Adverse Effect. Neither the Borrower nor any Commonly Controlled Entity has had a complete or partial withdrawal from any Multiemployer Plan during the five year period prior to the date on which this representation is made or deemed made that has resulted or could reasonably be expected to result in a material liability under ERISA, and neither the Borrower nor any Commonly Controlled Entity would become subject to any liability under ERISA if the Borrower or any such Commonly Controlled Entity were to withdraw completely from all Multiemployer Plans as of the valuation date most closely preceding the date on which this representation is made or deemed made, except as could not reasonably be expected to result in a Material Adverse Effect. No such Multiemployer Plan is in Reorganization or Insolvent.

4.11 Investment Company Act; Other Regulations. The Borrower is not an “investment company”, or a company “controlled” by an “investment company”, within the meaning of the Investment Company Act of 1940, as amended. On the date hereof, the Borrower is not subject to regulation under any Requirement of Law (other than Regulation X of the Board) that limits its ability to incur Indebtedness under this Agreement.

4.12 Use of Proceeds. The proceeds of the Revolving Loans, the Swingline Loans and the Letters of Credit shall be used (i) for working capital purposes and (ii) for general corporate purposes, including commercial paper back-up and to support liquidity requirements associated with the Borrower’s energy procurement hedging activities.

4.13 Environmental Matters. Except as disclosed in the Specified Exchange Act Filings, the Borrower and its Significant Subsidiaries do not have liabilities under Environmental

Laws or relating to Materials of Environmental Concern that would reasonably be expected to have a Material Adverse Effect, and, to the knowledge of the Borrower, there are no facts, circumstances or conditions that could reasonably be expected to give rise to such liabilities.

4.14 Regulatory Matters. Solely by virtue of the execution, delivery and performance of, or the consummation of the transactions contemplated by this Agreement, no Lender shall be or become subject to regulation (a) under the FPA or (b) as a “public utility” or “public service corporation” or the equivalent under any Requirement of Law.

Agreement that contains a materiality qualification shall be true and correct on and as of the Effective Date (or, to the extent such representations and warranties specifically relate to an earlier date, that such representations and warranties were true and correct in all material respects, or true and correct, as the case may be, as of such earlier date).

(g) No Default. No Default or Event of Default shall have occurred and be continuing.

5.2 Conditions to Each Credit Event. (a) Representations and Warranties. Each of the representations and warranties made by the Borrower in this Agreement that does not contain a materiality qualification (other than, with respect to any Credit Event after the Effective Date, the representations and warranties set forth in Sections 4.2, 4.6(b) and 4.13) shall be true and correct in all material respects on and as of the date of such Credit Event as if made on and as of such date, and each of the representations and warranties made by the Borrower in this Agreement that contains a materiality qualification (other than, with respect to any Credit Event after the Effective Date, the representations and warranties set forth in Sections 4.2, 4.6(b) and 4.13) shall be true and correct on and as of such date (or, to the extent such representations and warranties specifically relate to an earlier date, that such representations and warranties were true and correct in all material respects, or true and correct, as the case may be, as of such earlier date).

(b) No Default. No Default or Event of Default shall have occurred and be continuing on the date of such Credit Event or after giving effect to the Credit Event requested to be made on such date.

Each borrowing of Loans hereunder, and each request by the Borrower for the issuance of or extension of an expiry date under a Letter of Credit hereunder (other than the extension of a Letter of Credit pursuant to the evergreen provisions therein), shall constitute a representation and warranty by the Borrower as of the date of such Credit Event that the conditions contained in this Section 5.2 have been satisfied.

SECTION 6. AFFIRMATIVE COVENANTS

(d) the Borrower shall default in the observance or performance of any other agreement contained in this Agreement or any other Loan Document (other than as provided in paragraphs (a) through (c) of this Section), and such default shall continue unremedied for a period of 30 days after notice to the Borrower from the Administrative Agent at the request of the Required Lenders; or

(g) a trustee shall be appointed to administer any Plan under Section 4042 of ERISA, or the PBGC shall institute proceedings to terminate, or to have a trustee appointed to administer any Plan and such proceedings shall continue undismissed or unstayed and in effect for a period of 60 days, but only if any such event could reasonably be expected to result in a Material Adverse Effect; or

(h) one or more judgments or decrees shall be entered against the Borrower or any of its Significant Subsidiaries by a court of competent jurisdiction involving in the aggregate a liability (not paid or, subject to customary deductibles, fully covered by insurance as to which the relevant insurance company has not denied coverage) of \$100,000,000 or more, and all such judgments or decrees shall not have been vacated, discharged, stayed or bonded pending appeal within 30 days from the entry thereof unless, in the case of a discharge, such judgment or decree is due at a later date in one or more payments and the Borrower or such Subsidiary satisfies the obligation to make such payment or payments on or prior to the date such payment or payments become due in accordance with such judgment or decree; or

- (i) there shall have occurred a Change of Control.

then, and in any such event, (A) if such event is an Event of Default specified in clause (i) or (ii) of paragraph (f) above with respect to the Borrower, automatically the Commitments shall immediately terminate and the Loans (with accrued interest thereon) and all other amounts owing under this Agreement and the other Loan Documents (including all amounts of L/C Obligations, whether or not the beneficiaries of the then outstanding Letters of Credit shall have presented the documents required thereunder) shall immediately become due and payable, and (B) if such event is any other Event of Default, either or both of the following actions may be taken: (i) with the consent of the Required Lenders, the Administrative Agent may, or upon the request of the Required Lenders, the Administrative Agent shall, by notice to the Borrower declare the Commitments to be terminated forthwith, whereupon the Commitments shall immediately terminate; and (ii) with the consent of the Required Lenders, the Administrative Agent may, or upon the request of the Required Lenders, the Administrative Agent shall, by notice to the Borrower, declare the Loans (with accrued interest thereon) and all other amounts owing under this Agreement and the other Loan Documents (including all amounts of L/C Obligations, whether or not the beneficiaries of the then outstanding Letters of Credit shall have presented the documents required thereunder) to be due and payable forthwith, whereupon the same shall immediately become due and payable. With respect to all Letters of Credit with respect to which presentment for honor shall not have occurred at the time of an acceleration pursuant to this paragraph, the Borrower shall at such time deposit in an interest-bearing cash collateral account opened by the Administrative Agent an amount equal to the aggregate then undrawn and unexpired amount of such Letters of Credit. Amounts held in such interest-bearing cash collateral account shall be applied by the Administrative Agent to the payment of drafts drawn under such Letters of Credit, and the unused portion thereof after all such Letters of Credit shall have expired or been fully drawn upon, if any, shall be applied to repay other obligations of the Borrower hereunder and under the other Loan Documents. After all such Letters of Credit shall have expired or been fully drawn upon, all Reimbursement Obligations shall have been satisfied and all other obligations of the Borrower hereunder and under the other Loan Documents shall have been paid in full, the balance, if any, in such interest-bearing cash collateral account shall be returned to the Borrower (or such other Person as may be lawfully entitled thereto). Except as expressly provided above in this Section, presentment, demand, protest and all other notices of any kind are hereby expressly waived by the Borrower.

SECTION 9. THE AGENTS

9.1 Appointment and Authority. Each of the Lenders and the Issuing Lenders hereby irrevocably appoints Bank of America, N.A. to act on its behalf as the Administrative Agent hereunder and under the other Loan Documents and authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto. The provisions of this Section 9 are solely for the benefit of the Administrative Agent, the Lenders and the Issuing Lenders, and the Borrower shall not have rights as a third-party beneficiary of any of such provisions (other than with respect to the Borrower's rights under Sections 9.9(a) and (b)). It is understood and agreed that the use of the term "agent" herein or in any other Loan Documents (or any other similar term) with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express)

obligations arising under agency doctrine of any applicable law. Instead such term is used as a matter of market custom, and is intended to create or reflect only an administrative relationship between contracting parties.

9.2 Delegation of Duties. The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. The exculpatory provisions of this Section shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the credit facilities provided for herein as well as activities as Administrative Agent. The Administrative Agent shall not be responsible for the negligence or misconduct of any sub-agents except to the extent that a court of competent jurisdiction determines in a final and nonappealable judgment that the Administrative Agent acted with gross negligence or willful misconduct in the selection of such sub-agents.

9.3 Exculpatory Provisions.

(a) No Agent shall have any duties or obligations except those expressly set forth herein and in the other Loan Documents, and its duties hereunder shall be administrative in nature. Without limiting the generality of the foregoing, no Agent:

(i) shall be subject to any fiduciary or other implied duties, regardless of whether a Default has occurred and is continuing;

(ii) shall have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that an Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents); provided that no Agent shall be required to take any action that, in its opinion or the opinion of its counsel, may expose such Agent to liability or that is contrary to any Loan Document or applicable law, including for the avoidance of doubt any action that may be in violation of the automatic stay under any Debtor Relief Law or that may effect a forfeiture, modification or termination of property of a Defaulting Lender in violation of any Debtor Relief Law; and

(iii) shall, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Borrower or any of its Affiliates that is communicated to or obtained by the Person serving as an Agent or any of its Affiliates in any capacity.

(b) No Agent shall be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as such Agent shall believe in good faith shall be necessary, under the circumstances as provided in Sections 10.1 and 8), or (ii) in the absence of its own

gross negligence or willful misconduct as determined by a court of competent jurisdiction by final and nonappealable judgment.

(c) No Agent shall be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with this Agreement or any other Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document, or (v) the satisfaction of any condition set forth in Section 5 or elsewhere herein, other than to confirm receipt of items expressly required to be delivered to such Agent.

9.4 Reliance by Administrative Agent. The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan, or the issuance, extension, renewal or increase of a Letter of Credit, that by its terms must be fulfilled to the satisfaction of a Lender or an Issuing Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender or such Issuing Lender unless the Administrative Agent shall have received notice to the contrary from such Lender or such Issuing Lender prior to the making of such Loan or the issuance, extension, renewal or increase of such Letter of Credit. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

9.5 Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default unless the Administrative Agent has received notice from a Lender, an Issuing Lender or the Borrower referring to this Agreement, describing such Default or Event of Default and stating that such notice is a “notice of default”. In the event that the Administrative Agent receives such a notice, the Administrative Agent shall give notice thereof to the Lenders and the Issuing Lenders. The Administrative Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by the Required Lenders (or, if so specified by this Agreement, all Lenders); provided that unless and until the Administrative Agent shall have received such directions, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable in the best interests of the Lenders and the Issuing Lenders.

9.6 Non-Reliance on Agents and Other Lenders. Each Lender and Issuing Lender acknowledges that it has, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as

it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender and Issuing Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any other Loan Document or any related agreement or any document furnished hereunder or thereunder. Except for notices, reports and other documents expressly required to be furnished to the Lenders by the Administrative Agent hereunder, the Administrative Agent shall not have any duty or responsibility to provide any Lender with any credit or other information concerning the business, operations, property, condition (financial or otherwise), prospects or creditworthiness of the Borrower or any of its Affiliates that may come into the possession of the Administrative Agent or any of its officers, directors, employees, agents, attorneys in fact or Affiliates.

9.7 Indemnification. The Lenders and the Issuing Lenders agree to indemnify each Agent in its capacity as such (to the extent not reimbursed by the Borrower and without limiting the obligation of the Borrower to do so), ratably according to their respective Percentages in effect on the date on which indemnification is sought under this Section (or, if indemnification is sought after the date upon which the Commitments shall have terminated and the Loans shall have been paid in full, ratably in accordance with such Percentages immediately prior to such date), from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind whatsoever that may at any time (whether before or after the payment of the Loans) be imposed on, incurred by or asserted against such Agent in any way relating to or arising out of, the Commitments, this Agreement, any of the other Loan Documents or any documents contemplated by or referred to herein or therein or the transactions contemplated hereby or thereby or any action taken or omitted by such Agent under or in connection with any of the foregoing; provided that no Lender or Issuing Lender shall be liable for the payment of any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements that are found by a final and nonappealable decision of a court of competent jurisdiction to have resulted from such Agent's gross negligence or willful misconduct.

9.8 Agent in Its Individual Capacity. Each Person serving as an Agent hereunder shall have the same rights and powers in its capacity as a Lender or an Issuing Lender as any other Lender or Issuing Lender and may exercise the same as though it were not an Agent, and the terms "Lender", "Swingline Lender", "Issuing Lender", "Lenders" or "Issuing Lenders" shall, unless otherwise expressly indicated or unless the context otherwise requires, include such Person serving as an Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money to, own securities of, act as the financial advisor or in any other advisory capacity for, and generally engage in any kind of business with, the Borrower or any Subsidiary or other Affiliate thereof as if such Person were not an Agent hereunder and without any duty to account therefor to the Lenders or the Issuing Lenders.

9.9 Successor Administrative Agent.

(a) The Administrative Agent may resign as Administrative Agent upon 10 days' notice to the Lenders and the Borrower. If the Administrative Agent shall resign as

Administrative Agent under this Agreement and the other Loan Documents, then the Required Lenders shall appoint from among the Lenders a successor agent for the Lenders, which successor agent shall (unless an Event of Default under Section 8(f) with respect to the Borrower shall have occurred and be continuing) be subject to approval by the Borrower (which approval shall not be unreasonably withheld or delayed), whereupon such successor agent shall succeed to the rights, powers and duties of the Administrative Agent, and the term “ Administrative Agent ” shall mean such successor agent effective upon such appointment and approval, and the former Administrative Agent’s rights, powers and duties as Administrative Agent shall be terminated, without any other or further act or deed on the part of such former Administrative Agent or any of the parties to this Agreement or any holders of the Loans. If no successor agent has accepted appointment as Administrative Agent by the date that is 10 days following a retiring Administrative Agent’s notice of resignation (the “ Resignation Effective Date ”), the retiring Administrative Agent’s resignation shall nevertheless thereupon become effective, and the Lenders shall assume and perform all of the duties of the Administrative Agent hereunder until such time, if any, as the Required Lenders appoint a successor agent as provided for above. After any retiring Administrative Agent’s resignation as Administrative Agent, the provisions of Section 9.7 shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement and the other Loan Documents.

(b) If the Person serving as Administrative Agent is a Defaulting Lender pursuant to clause (e) of the definition thereof, the Required Lenders may, to the extent permitted by applicable law, by notice in writing to the Borrower and such Person remove such Person as Administrative Agent and, shall appoint a successor, subject to the approval of the Borrower (unless an Event of Default under Section 8(f) with respect to the Borrower shall have occurred and be continuing), which approval shall not be unreasonably withheld or delayed. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days (or such earlier day as shall be agreed by the Required Lenders) (the “ Removal Effective Date ”), then such removal shall nonetheless become effective in accordance with such notice on the Removal Effective Date.

(c) With effect from the Resignation Effective Date or the Removal Effective Date (as applicable) (i) the retiring or removed Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents (except that in the case of any collateral security held by the Administrative Agent on behalf of the Lenders or any Issuing Lender under any of the Loan Documents, the retiring or removed Administrative Agent shall continue to hold such collateral security until such time as a successor Administrative Agent is appointed) and (2) except for any indemnity payments or other amounts then owed to the retiring or removed Administrative Agent, all payments, communications and determinations provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender and each Issuing Lender directly, until such time, if any, as the Required Lenders appoint a successor Administrative Agent as provided for above. Upon the acceptance of a successor’s appointment as Administrative Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring or removed Administrative Agent (other than any rights to indemnity payments or other amounts owed to the retiring or removed Administrative Agent as of the Resignation Effective Date or the Removal Effective Date (as applicable)), and the retiring or removed Administrative Agent shall be discharged from all of its duties and obligations hereunder or under the other Loan Documents.

The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring or removed Administrative Agent's resignation or removal hereunder and under the other Loan Documents, the provisions of this Section and Sections 2.17, 3.10 and 10.5 shall continue in effect for the benefit of such retiring or removed Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring or removed Administrative Agent was acting as Administrative Agent. Any resignation by Bank of America, N.A. as Administrative Agent pursuant to this Section shall also constitute its resignation as the Swingline Lender and as an Issuing Lender. Upon the acceptance of a successor's appointment as Administrative Agent hereunder, (i) such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring Swingline Lender and an Issuing Lender, (ii) the retiring Swingline Lender and Issuing Lender shall be discharged from all of their respective duties and obligations hereunder or under the other Loan Documents, and (iii) the successor Issuing Lender shall issue letters of credit in substitution for the Letters of Credit, if any, issued by the retiring Issuing Lender and outstanding at the time of such succession or make other arrangements satisfactory to the retiring Issuing Lender to effectively assume the obligations of the retiring Issuing Lender with respect to such Letters of Credit.

9.10 Co-Documentation Agents and Syndication Agents. None of the Co-Documentation Agents or the Syndication Agents shall have any duties or responsibilities hereunder in its capacity as such.

9.11 Administrative Agent May File Proofs of Claim. In case of the pendency of any proceeding under any Debtor Relief Law, the Administrative Agent (irrespective of whether the principal of any Loan or L/C Obligation shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered (but not obligated) by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans, L/C Obligations and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders, the Issuing Lenders and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders, the Issuing Lenders and the Administrative Agent and their respective agents and counsel and all other amounts due the Lenders, the Issuing Lenders and the Administrative Agent under Sections 2.6, 2.17, 3.3, 3.10 and 10.5) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender and Issuing Lender to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lenders and the Issuing Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses,

disbursements and advances of the Administrative Agent and its agents and counsel, and any other amounts due the Administrative Agent under Sections 2.6, 2.17, 3.10 and 10.5.

SECTION 10. MISCELLANEOUS

10.1 Amendments and Waivers. Neither this Agreement, any other Loan Document, nor any terms hereof or thereof may be amended, supplemented or modified except in accordance with the provisions of this Section 10.1. The Required Lenders and the Borrower may, or, with the written consent of the Required Lenders, the Administrative Agent and the Borrower may, from time to time, (a) enter into written amendments, supplements or modifications hereto and to the other Loan Documents for the purpose of adding any provisions to this Agreement or the other Loan Documents or changing in any manner the rights of the Lenders or of the Borrower hereunder or thereunder or (b) waive, on such terms and conditions as the Required Lenders or the Administrative Agent, as the case may be, may specify in such instrument, any of the requirements of this Agreement or the other Loan Documents or any Default or Event of Default and its consequences; provided, however, that no such waiver and no such amendment, supplement or modification shall:

(i) forgive the principal amount or extend the final scheduled date of maturity of any Loan, reduce the stated rate of any interest or fee payable hereunder (except in connection with the waiver of applicability of any post-default increase in interest rates (which waiver shall be effective with the consent of the Required Lenders)) or extend the scheduled date of any payment thereof, or increase the amount or extend the expiration date of any Lender's Commitment, in each case without the written consent of each Lender directly affected thereby (except that only the Lenders who are increasing their Commitments are required to consent to a request by the Borrower under Section 2.3 to increase the Total Commitments);

(ii) eliminate or reduce the voting rights of any Lender under this Section 10.1 or Section 10.6(a) (i) without the written consent of such Lender;

(iii) reduce any percentage specified in the definition of Required Lenders without the written consent of all Lenders;

(iv) amend, modify or waive any provision of Section 2.14 related to pro rata treatment without the consent of each Lender directly affected thereby;

(v) amend, modify or waive any provision of Section 9 without the written consent of the Administrative Agent;

(vi) amend, modify or waive any provision of Section 2.4 or 2.5 without the written consent of the Swingline Lender;

(vii) amend, modify or waive any provision of Section 5.1 without the consent of all the Lenders;
or

(viii) amend, modify or waive any provision of Section 3 or any other provision affecting the Issuing Lenders in their capacity as such without the written consent of each Issuing Lender affected thereby.

Any such waiver and any such amendment, supplement or modification shall apply equally to each of the Lenders and shall be binding upon the Borrower, the Lenders, the Administrative Agent and all future holders of the Loans. In the case of any waiver, the Borrower, the Lenders and the Administrative Agent shall be restored to their former position and rights hereunder and under the other Loan Documents, and any Default or Event of Default waived shall be deemed to be cured and not continuing; but no such waiver shall extend to any subsequent or other Default or Event of Default, or impair any right consequent thereon.

If the Required Lenders shall have approved any amendment which requires the consent of all of the Lenders, the Borrower shall be permitted to replace any non-consenting Lender with another financial institution, provided that, (i) the replacement financial institution shall purchase at par, all Loans and other amounts owing to such replaced Lender on or prior to the date of replacement, (ii) the Borrower shall be liable to such replaced Lender under Section 2.17 if any Eurodollar Loan owing to such replaced Lender shall be purchased other than on the last day of the Interest Period relating thereto (as if such purchase constituted a prepayment of such Loans), (iii) such replacement financial institution, if not already a Lender, shall be reasonably satisfactory to the Administrative Agent and each Issuing Lender, (iv) the replaced Lender shall be obligated to make such replacement in accordance with the provisions of Section 10.6 (provided that the Borrower shall be obligated to pay the registration and processing fee referred to therein) and (v) any such replacement shall not be deemed to be a waiver of any rights the Borrower, the Administrative Agent or any other Lender shall have against the replaced Lender.

Notwithstanding anything to the contrary herein, no Defaulting Lender shall have any right to approve or disapprove any amendment, supplement, modification, waiver or consent hereunder (and any amendment, supplement, modification, waiver or consent which by its terms requires the consent of all Lenders or each affected Lender may be effected with the consent of the applicable Lenders other than Defaulting Lenders), except that (i) (x) an increase or extension of the Commitment of such Defaulting Lender, or (y) any reduction of the amount of principal or interest owed to such Defaulting Lender (unless all non-Defaulting Lenders have agreed to a pro rata reduction) shall, in each case, require the consent of such Defaulting Lender, and (ii) a Defaulting Lender's Percentage shall be taken into consideration along with the Percentage of non-Defaulting Lenders when voting to approve or disapprove any waiver, amendment or modification that by its terms affects any Defaulting Lender more adversely than other affected Lenders.

Issuing Lenders: As notified by each Issuing Lender to the Administrative Agent and the Borrower.

provided that any notice, request or demand to or upon the Administrative Agent, the Issuing Lenders or any Lender shall not be effective until received.

(b) Notices and other communications to the Administrative Agent, the Issuing Lenders or the Lenders hereunder may be delivered or furnished by electronic communications pursuant to procedures approved by the Administrative Agent; provided that the foregoing shall not apply to notices pursuant to Section 2 unless otherwise agreed by the Administrative Agent, the applicable Issuing Lender and each Lender. The Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.

(c) Unless the Administrative Agent otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by the "return receipt requested" function, as available, return e-mail or other written acknowledgement), and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient, at its e-mail address as described in the foregoing clause (i), of notification that such notice or communication is available and identifying the website address therefor; provided that, for both clauses (i) and (ii) above, if such notice, email or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next business day for the recipient.

(d) ii) The Borrower agrees that the Administrative Agent may, but shall not be obligated to, make the Communications (as defined below) available to the Swingline Lender, the Issuing Lenders and the other Lenders by posting the Communications on Debt Domain, Intralinks, Syndtrak or a substantially similar electronic transmission system (the "Platform").

(ii) The Platform is provided "as is" and "as available." The Agent Parties (as defined below) do not warrant the adequacy of the Platform and expressly disclaim liability for errors or omissions in the Communications. No warranty of any kind, express, implied or statutory, including, without limitation, any warranty of merchantability, fitness for a particular purpose, non-infringement of third-party rights or freedom from viruses or other code defects, is made by any Agent Party in connection with the Communications or the Platform. In no event shall the Administrative Agent or any of its Related Parties (collectively, the "Agent Parties") have any liability to the Borrower, any Lender, the Swingline Lender, any Issuing Lender or any other Person or entity for damages of any kind, including, without limitation, direct or indirect, special, incidental or consequential damages, losses or expenses (whether in tort, contract or otherwise) arising out of the Borrower's or the Administrative Agent's transmission of communications through the Platform, except to the extent such liability resulted from the gross negligence or willful misconduct of the Administrative Agent or any of its Related Persons as determined by a court of competent jurisdiction. "Communications" means, collectively, any notice, demand, communication, information, document or other material provided by or on behalf of the Borrower pursuant to any Loan Document or the transactions contemplated therein which is distributed to the Administrative Agent, any

Lender, the Swingline Lender or any Issuing Lender by means of electronic communications pursuant to this Section, including through the Platform.

10.3 No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of the Administrative Agent or any Lender, any right, remedy, power or privilege hereunder or under the other Loan Documents shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law.

10.4 Survival of Representations and Warranties. All representations and warranties made hereunder, in the other Loan Documents and in any document, certificate or statement delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Agreement and the making of the Loans and other extensions of credit hereunder.

10.5 Payment of Expenses and Taxes. The Borrower agrees (a) to pay or reimburse the Administrative Agent, each Issuing Lender and the Lenders for all their respective reasonable out of pocket costs and expenses incurred in connection with the development, preparation and execution of, and any amendment, supplement or modification to, this Agreement and the other Loan Documents and any other documents prepared in connection herewith or therewith, and the consummation of the transactions contemplated hereby and thereby, including the reasonable fees and disbursements of only one counsel and special California regulatory counsel to the Administrative Agent, the Issuing Lenders and the Lenders and filing and recording fees and expenses, with statements with respect to the foregoing to be submitted to the Borrower prior to the Effective Date (in the case of amounts to be paid on the Effective Date) and from time to time thereafter on a quarterly basis or such other periodic basis as the Administrative Agent shall deem appropriate, (b) to pay or reimburse each Lender, each Issuing Lender and the Administrative Agent for all its costs and expenses incurred in connection with the enforcement or preservation of its rights under this Agreement, the other Loan Documents and any such other documents, including the fees and disbursements of only one counsel to the Administrative Agent, the Lenders and the Issuing Lenders, and (c) to pay, indemnify, and hold each Lender, each Issuing Lender and the Administrative Agent and their respective officers, directors, employees, agents and Affiliates (each, an “Indemnatee”) harmless from and against any and all other liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever whether brought by the Borrower or any other Person, with respect to the execution, delivery, enforcement and performance of this Agreement, the other Loan Documents and any such other documents, including any of the foregoing relating to the use of proceeds of the Loans or the violation of, noncompliance with or liability under, any Environmental Law applicable to the operations of the Borrower and its Significant Subsidiaries or any of the facilities and properties owned, leased or operated by the Borrower and its Significant Subsidiaries and the reasonable fees and expenses of one legal counsel in connection with claims, actions or proceedings by any Indemnatee against the Borrower under any Loan Document (all the foregoing in this clause (c), collectively, the “Indemnified Liabilities”), provided, that the Borrower shall have no obligation hereunder to any Indemnatee with respect to Indemnified Liabilities to the extent such Indemnified Liabilities resulted from the gross negligence or willful misconduct of such Indemnatee as determined in a final judgment by a

court of competent jurisdiction. Without limiting the foregoing, and to the extent permitted by applicable law, the Borrower agrees not to assert and to cause its Significant Subsidiaries not to assert, and hereby waives and agrees to cause its Significant Subsidiaries to waive, all rights for contribution or any other rights of recovery with respect to all claims, demands, penalties, fines, liabilities, settlements, damages, costs and expenses of whatever kind or nature, under or related to Environmental Laws, that any of them might have by statute or otherwise against any Indemnitee. All amounts due under this Section 10.5 shall be payable not later than 30 days after written demand therefor, subject to the Borrower's receipt of reasonably detailed invoices. Statements payable by the Borrower pursuant to this Section 10.5 shall be submitted to Treasurer (Telephone No. (415) 817-8199/(415) 267-7000) (Telecopy No. (415) 267-7265/7268), at the address of the Borrower set forth in Section 10.2(a) with a copy to Chief Counsel, Corporate (Telephone No. (415) 817-8200) (Telecopy No. (415) 817-8225), at the address of the Borrower set forth in Section 10.2(a), or to such other Person or address as may be hereafter designated by the Borrower in a written notice to the Administrative Agent. The agreements in this Section 10.5 shall survive for two years after repayment of the Loans and all other amounts payable hereunder. This Section 10.5 shall not apply with respect to Taxes, other than Taxes that represent claims, damages, losses, liabilities, costs or expenses arising from non-Tax claims.

10.6 Successors and Assigns; Participations and Assignments.

(a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby (including any Affiliate of the Issuing Lender that issues any Letter of Credit), except that (i) the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of each Lender (and any attempted assignment or transfer by the Borrower without such consent shall be null and void) and (ii) no Lender may assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section 10.6.

(b) (i) Subject to the conditions set forth in paragraph (b)(ii) below, any Lender may assign to one or more assignees (each, an "Assignee") other than a Defaulting Lender, any Subsidiary of a Defaulting Lender, the Borrower or any of the Borrower's Affiliates or Subsidiaries, all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitments and the Loans at the time owing to it) with the prior written consent (such consent not to be unreasonably withheld or delayed) of:

(A) the Borrower, provided that no consent of the Borrower shall be required for an assignment to a Lender, an Eligible Assignee that is an Affiliate of any Lender party to this Agreement on the Effective Date or, if an Event of Default has occurred and is continuing, any other Person;

(B) the Administrative Agent, provided that no consent of the Administrative Agent shall be required for an assignment of any Commitment to an assignee that is a Lender (or an Affiliate of a Lender) with a Commitment immediately prior to giving effect to such assignment;

(C) the Swingline Lender; and

- (D) each Issuing Lender.
- (ii) Assignments shall be subject to the following additional conditions:

(A) except in the case of an assignment to a Lender, an Eligible Assignee that is an Affiliate of any Lender party to this Agreement on the Effective Date or an assignment of the entire remaining amount of the assigning Lender's Commitments or Loans, the amount of the Commitments or Loans of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent) shall not be less than \$5,000,000 unless each of the Borrower and the Administrative Agent otherwise consent, provided that (1) no such consent of the Borrower shall be required if an Event of Default has occurred and is continuing and (2) with respect to any Lender party to this Agreement on the Effective Date, such amounts shall be aggregated in respect of such Lender and any Affiliate of such Lender that is an Eligible Assignee;

(B) the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of \$3,500, except that no such processing fee shall be payable in the case of an assignee which is an Affiliate of a Lender; and

(C) the Assignee, if it shall not be a Lender, shall deliver to the Administrative Agent an administrative questionnaire.

In connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Administrative Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Borrower and the Administrative Agent, the applicable pro rata share of Loans and L/C Obligations previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Administrative Agent, any Issuing Lender or any Lender hereunder (and interest accrued thereon) and (y) acquire (and fund as appropriate) its full pro rata share of all Loans and participations in Swingline Loans and Letters of Credit in accordance with its Percentage. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under applicable law without compliance with the provisions of this paragraph, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

(iii) Subject to acceptance and recording thereof pursuant to paragraph (b)(iv) below, from and after the effective date specified in each Assignment and Assumption the Assignee thereunder shall be a party hereto and, to the extent of the interest assigned by such Assignment and Assumption, shall have the rights and obligations of a Lender under this Agreement, and the

assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Sections 2.15, 2.16, 2.17 and 10.5 but shall be subject to the limitations set forth therein); provided, that except to the extent otherwise expressly agreed by the affected parties, no assignment by a Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from the Lender's having been a Defaulting Lender. Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this Section 10.6 shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with paragraph (c) of this Section.

(iv) The Administrative Agent, acting for this purpose as an agent of the Borrower (and such agency being solely for tax purposes), shall maintain at one of its offices a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amount of the Loans and L/C Obligations owing to, each Lender pursuant to the terms hereof from time to time (the "Register"). The entries in the Register shall be conclusive, in the absence of manifest error, and the Borrower, the Administrative Agent, the Issuing Lenders and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, notwithstanding notice to the contrary. The Register shall be available for inspection by the Borrower, each Issuing Lender and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(v) Upon its receipt of a duly completed Assignment and Assumption executed by an assigning Lender and an Assignee, the Assignee's completed administrative questionnaire (unless the Assignee shall already be a Lender hereunder), the processing and recordation fee referred to in paragraph (b) of this Section and any written consent to such assignment required by paragraph (b) of this Section, the Administrative Agent shall accept such Assignment and Assumption and record the information contained therein in the Register. No assignment shall be effective for purposes of this Agreement unless it has been recorded in the Register as provided in this paragraph.

(c) (i) Any Lender may, without the consent of the Borrower, the Administrative Agent, the Swingline Lender or any Issuing Lender, sell participations to one or more banks or other entities (other than a Defaulting Lender or the Borrower or any of the Borrower's Affiliates or Subsidiaries) (a "Participant") in all or a portion of such Lender's rights and obligations under this Agreement (including all or a portion of its Commitments and the Loans owing to it); provided that (A) such Lender's obligations under this Agreement shall remain unchanged, (B) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (C) the Borrower, the Administrative Agent, the Issuing Lender and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; provided that such agreement may provide that such Lender will not, without

the consent of the Participant, agree to any amendment, modification or waiver that (1) requires the consent of each Lender directly affected thereby pursuant to the proviso to the second sentence of Section 10.1 and (2) directly affects such Participant. Subject to paragraph (c)(ii) of this Section, the Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.15, 2.16 and 2.17 to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section.

(ii) Notwithstanding anything to the contrary herein, a Participant shall not be entitled to receive any greater payment under Section 2.15 or 2.16 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the Borrower's prior written consent to such greater payments. Any Participant that is a Foreign Lender shall not be entitled to the benefits of Section 2.16 unless such Participant complies with Section 2.16 (e).

(iii) Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Loans or other obligations under the Loan Documents (the "Participant Register"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any commitments, loans, letters of credit or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan, letter of credit or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(d) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank or other central bank having jurisdiction over such Lender, and this Section shall not apply to any such pledge or assignment of a security interest; provided that no such pledge or assignment of a security interest shall release a Lender from any of its obligations hereunder or substitute any such pledgee or Assignee for such Lender as a party hereto.

(e) The Borrower, upon receipt of written notice from the relevant Lender, agrees to issue Notes to any Lender requiring Notes to facilitate transactions of the type described in paragraph (d) above.

(f) Notwithstanding the foregoing, any Conduit Lender may assign any or all of the Loans it may have funded hereunder to its designating Lender without the consent of the Borrower, the Administrative Agent, the Swingline Lender or any Issuing Lender and without

regard to the limitations set forth in Section 10.6(b). Each of the Borrower, each Lender and the Administrative Agent hereby confirms that it will not institute against a Conduit Lender or join any other Person in instituting against a Conduit Lender any bankruptcy, reorganization, arrangement, insolvency or liquidation proceeding under any state bankruptcy or similar law, for one year and one day after the payment in full of the latest maturing commercial paper note issued by such Conduit Lender; provided, however, that each Lender designating any Conduit Lender hereby agrees to indemnify, save and hold harmless each other party hereto for any loss, cost, damage, expense, obligations, penalties, actions, judgments, suits or any kind whatsoever arising out of its inability to institute such a proceeding against such Conduit Lender during such period of forbearance.

(g) Notwithstanding anything to the contrary in this Section, none of the Agents, in their capacity as Lenders, will assign without the consent of the Borrower, prior to the Effective Date, any of the Commitments held by them on the date of this Agreement.

10.7 Adjustments; Set off.

(a) Except to the extent that this Agreement expressly provides for payments to be allocated to a particular Lender, if any Lender (a “Benefitted Lender”) shall receive any payment of all or part of the Obligations owing to it hereunder, or receive any collateral in respect thereof (whether voluntarily or involuntarily, by set off, pursuant to events or proceedings of the nature referred to in Section 8(f), or otherwise), in a greater proportion than any such payment to or collateral received by any other Lender, if any, in respect of the Obligations owing to such other Lender hereunder, such Benefitted Lender shall purchase for cash from the other Lenders a participating interest in such portion of the Obligations owing to each such other Lender hereunder, or shall provide such other Lenders with the benefits of any such collateral, as shall be necessary to cause such Benefitted Lender to share the excess payment or benefits of such collateral ratably with each of the Lenders; provided, however, that if all or any portion of such excess payment or benefits is thereafter recovered from such Benefitted Lender, such purchase shall be rescinded, and the purchase price and benefits returned, to the extent of such recovery, but without interest.

(b) In addition to any rights and remedies of the Lenders provided by law, including other rights of set-off, each Lender shall have the right, without prior notice to the Borrower, any such notice being expressly waived by the Borrower to the extent permitted by applicable law, upon any amount becoming due and payable by the Borrower hereunder (whether at the stated maturity, by acceleration or otherwise), after any applicable grace period, to set off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by such Lender or any branch, Affiliate or agency thereof to or for the credit or the account of the Borrower; provided, that in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Administrative Agent for further application in accordance with the provisions of Section 2.20 and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of the Administrative Agent, the Issuing Lenders and the Lenders, and (y) the Defaulting Lender shall provide promptly to the

Administrative Agent a statement describing in reasonable detail the Obligations owing to such Defaulting Lender as to which it exercised such right of setoff. Each Lender agrees promptly to notify the Borrower and the Administrative Agent after any such setoff and application made by such Lender, provided that the failure to give such notice shall not affect the validity of such setoff and application.

10.8 Counterparts. This Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Delivery of an executed signature page of this Agreement by facsimile transmission shall be effective as delivery of a manually executed counterpart hereof. A set of the copies of this Agreement signed by all the parties shall be lodged with the Borrower and the Administrative Agent.

10.9 Severability. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Without limiting the foregoing provisions of this Section 10.9, if and to the extent that the enforceability of any provisions in this Agreement relating to Defaulting Lenders shall be limited by Debtor Relief Laws, as determined in good faith by the Administrative Agent, any Issuing Lender or the Swingline Lender, as applicable, then such provisions shall be deemed to be in effect only to the extent not so limited.

10.10 Integration. This Agreement and the other Loan Documents represent the entire agreement of the Borrower, the Administrative Agent and the Lenders with respect to the subject matter hereof and thereof, and there are no promises, undertakings, representations or warranties by the Administrative Agent or any Lender relative to the subject matter hereof not expressly set forth or referred to herein or in the other Loan Documents.

10.11 **GOVERNING LAW . THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.**

10.12 Submission To Jurisdiction; Waivers. The Borrower hereby irrevocably and unconditionally:

(a) submits for itself and its property in any legal action or proceeding relating to this Agreement and the other Loan Documents to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the non exclusive general jurisdiction of the courts of the City of New York, Borough of Manhattan, State of New York, the courts of the United States for the Southern District of New York, and appellate courts from any thereof;

(b) consents that any such action or proceeding may be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such

action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(c) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the Borrower at its address set forth in Section 10.2(a) or at such other address of which the Administrative Agent shall have been notified pursuant thereto;

(d) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction; and

(e) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding relating to this Agreement or any other Loan Document any special, exemplary, punitive or consequential damages.

10.13 Acknowledgments. The Borrower hereby acknowledges that:

(a) it has been advised by counsel in the negotiation, execution and delivery of this Agreement and the other Loan Documents;

(b) neither the Administrative Agent nor any Lender has any fiduciary relationship with or duty to the Borrower arising out of or in connection with this Agreement or any of the other Loan Documents, and the relationship between Administrative Agent and Lenders, on one hand, and the Borrower, on the other hand, in connection herewith or therewith is solely that of debtor and creditor; and

(c) no joint venture is created hereby or by the other Loan Documents or otherwise exists by virtue of the transactions contemplated hereby among the Lenders or among the Borrower and the Lenders.

10.14 Confidentiality. Each of the Administrative Agent and each Lender agrees to keep confidential in accordance with such party's customary practices (and in any event in compliance with applicable law regarding material non-public information) all non-public information provided to it by the Borrower, the Administrative Agent or any Lender pursuant to or in connection with this Agreement that is designated by the provider thereof as confidential; provided that nothing herein shall prevent the Administrative Agent or any Lender from disclosing any such information (a) to the Administrative Agent, any other Lender or any Affiliate thereof, (b) subject to an agreement to comply with the provisions of this Section or substantially equivalent provisions, to any actual or prospective Transferee, any direct or indirect counterparty to any Swap Agreement (or any professional advisor to such counterparty) or any credit insurance providers, (c) to its employees, directors, agents, attorneys, accountants and other professional advisors or those of any of its Affiliates (as long as such attorneys, accountants and other professional advisors are subject to confidentiality requirements substantially equivalent to this Section), (d) upon the request or demand of any Governmental Authority, (e) in response to any order of any court or other Governmental Authority or as may otherwise be required pursuant to any Requirement of Law, (f) if requested or required to do so

in connection with any litigation or similar proceeding, (g) that has been publicly disclosed, (h) to the National Association of Insurance Commissioners or any similar organization or any nationally recognized rating agency that requires access to information about a Lender's investment portfolio in connection with ratings issued with respect to such Lender, or (i) in connection with the exercise of any remedy hereunder or under any other Loan Document, provided that, in the case of clauses (d), (e) and (f) of this Section 10.14, with the exception of disclosure to bank regulatory authorities, the Borrower (to the extent legally permissible) shall be given prompt prior notice so that it may seek a protective order or other appropriate remedy.

10.15 **WAIVERS OF JURY TRIAL**. **TO THE FULLEST EXTENT PERMITTED BY LAW, THE BORROWER, THE ADMINISTRATIVE AGENT AND THE LENDERS HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVE TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT AND FOR ANY COUNTERCLAIM THEREIN.**

10.16 **USA Patriot Act**. Each Lender hereby notifies the Borrower that pursuant to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "Act"), it is required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow such Lender to identify the Borrower in accordance with the Act.

10.17 **Judicial Reference**. If any action or proceeding is filed in a court of the State of California by or against any party hereto in connection with any of the transactions contemplated by this Agreement or any other Loan Document, (i) the court shall, and is hereby directed to, make a general reference pursuant to California Code of Civil Procedure Section 638 to a referee (who shall be a single active or retired judge) to hear and determine all of the issues in such action or proceeding (whether of fact or of law) and to report a statement of decision, provided that at the option of any party to such proceeding, any such issues pertaining to a "provisional remedy" as defined in California Code of Civil Procedure Section 1281.8 shall be heard and determined by the court, and (ii) without limiting the generality of Section 10.5, the Borrower shall be solely responsible to pay all fees and expenses of any referee appointed in such action or proceeding.

10.18 **No Advisory or Fiduciary Responsibility**. In connection with all aspects of each transactions contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), the Borrower acknowledges and agrees that: (i) (A) the arranging and other services regarding this Agreement provided by the Agents, the Arrangers and the Lenders are arm's-length commercial transactions between the Borrower, on the one hand, and the Agents, the Arrangers and the Lenders, on the other hand, (B) the Borrower has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate, and (C) the Borrower is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; (ii) (A) each Agent, Arranger and Lender is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Borrower or any other Person and (B) none of the Agents, Arrangers or Lenders has any obligation to the Borrower or any of its Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth

herein and in the other Loan Documents; and (iii) the Agents, the Arrangers and the Lenders and their respective Affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Borrower and its Affiliates, and none of the Agents, Arrangers or Lenders has any obligation to disclose any of such interests to the Borrower or its Affiliates. To the fullest extent permitted by law, the Borrower hereby waives and releases any claims that it may have against the Agents, the Arrangers and the Lenders with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby other than a breach of the confidentiality provisions set forth in Section 10.14.

10.19 Amendment and Restatement.

(a) As of the Effective Date (immediately prior to the effectiveness of this Agreement), certain Lenders, as lenders under the Existing Credit Agreement, hold the Commitments under the Existing Credit Agreement as set forth in Schedule 1.1A to the Existing Credit Agreement (the “Original Commitments”).

(b) Simultaneously with the effectiveness of this Agreement on the Effective Date, the parties hereby agree that (i) the Original Commitments shall continue as Commitments hereunder and shall be reallocated to the Lenders on a *pro rata* basis in accordance with their Commitments and the requisite assignments shall be deemed to be made in such amounts by and between Lenders and from each Lender to each other Lender, with the same force and effect as if such assignments were evidenced by assignment agreements under the Existing Credit Agreement and (ii) the Loans and Letters of Credit outstanding under the Existing Credit Agreement on the Effective Date shall continue hereunder as if such Loans or Letters of Credit were originally made hereunder. Notwithstanding anything to the contrary in Section 10.6 of the Existing Credit Agreement, no other documents or instruments, including any assignment agreement, shall be executed, and no fees payable to the Administrative Agent, in connection with the assignments herein shall be payable. On the Effective Date, the Lenders shall make full cash settlement with the Administrative Agent (as the Administrative Agent may direct or approve) with respect to all assignments, reallocations and other changes in Commitments, such that after giving effect to such settlements, each Lender’s *pro rata* basis in the unpaid balance of Loans and Letters of Credit outstanding shall be in accordance with their Commitments as set forth on Schedule 1.1A.

(c) The Borrower, the Administrative Agent, the Issuing Lenders and the Lenders hereby consent to the foregoing assignments and agree that upon the effectiveness of this Agreement, the terms and provisions of the Existing Credit Agreement shall be and are hereby amended and restated in their entirety by the terms, conditions and provisions of this Agreement, and the terms and provisions of the Existing Credit Agreement, except as otherwise expressly provided herein, shall be superseded by this Agreement.

(d) Notwithstanding anything in this amendment and restatement of the Existing Credit Agreement, including anything in this Section 10.19, and in any other Loan Document (as defined in the Existing Credit Agreement and referred to herein, individually or collectively, as the “Existing Loan Documents”), (i) all of the indebtedness, liabilities and obligations owing by the Borrower under the Existing Credit Agreement shall continue as Obligations hereunder, (ii)

all of the indebtedness, liabilities and obligations owing by any Person under each Existing Loan Document shall continue under the corresponding amended and restated Loan Document and (iii) each of this Agreement and any other Existing Loan Document that is amended and restated in connection with this Agreement is given as a substitution of, and not as a payment of, the indebtedness, liabilities and obligations of the Borrower under such Existing Loan Document, and neither the execution and delivery of such documents nor the consummation of any other transaction contemplated hereunder is, or is intended to constitute, a novation of the Existing Credit Agreement or of any of the other Existing Loan Documents or any obligations thereunder. From and after the Effective Date, all existing Loans and outstanding Letters of Credit shall continue as Loans and Letters of Credit hereunder.

NOW, THEREFORE, IT IS AGREED THAT the Existing Credit Agreement shall be amended and restated in its entirety to read as follows:

1.1 Defined Terms. As used in this Agreement, the terms listed in this Section 1.1 shall have the respective meanings set forth in this Section 1.1.

For purposes hereof, “Base Rate” shall mean the rate of interest per annum publicly announced from time to time by the Administrative Agent as its base rate in effect at its principal office in New York City (the Base Rate not being intended to be the lowest rate of interest charged by the Administrative Agent in connection with extensions of credit to debtors). Any change in the ABR due to a change in the Base Rate, the Federal Funds Effective Rate or the Eurodollar Base Rate shall be effective as of the opening of business on the effective day of such change in the Base Rate, the Federal Funds Effective Rate or the Eurodollar Base Rate, respectively.

“ABR Loans”: Loans the rate of interest applicable to which is based upon the ABR.

2	A-/A3	0.000%	1.000%
3	BBB+/Baa1	0.075%	1.075%
4	BBB/Baa2	0.275%	1.275%
5	BBB-/Baa3	0.475%	1.475%
6	Lower than BBB-/Baa3	0.650%	1.650%

Subject to the provisions of this paragraph regarding split ratings, changes in the Applicable Margins shall become effective on the date on which S&P and/or Moody's changes its relevant Rating. In the event the Ratings of S&P and Moody's are in different levels set forth in the grid above, the higher of the two Ratings (*i.e.*, the Rating set forth in the grid above opposite the lower numerical level number) shall govern. In the event that, at any time, a Rating is not available from one of such rating agencies, the Applicable Margins shall be determined on the basis of the Rating from the other rating agency. In the event that, at any time, Ratings from each such rating agency are not available for companies generally, the Applicable Margins shall be determined on the basis of the last Rating(s) made available. SECTION 2. AMOUNT AND TERMS OF COMMITMENTS

2.1 Commitments .

(a) Subject to the terms and conditions hereof, each Lender severally agrees to make revolving credit loans in Dollars (“Revolving Loans”) to the Borrower from time to time on or after the Effective Date and during the Commitment Period in an aggregate principal amount at any one time outstanding which, when added to such Lender’s Percentage of the sum of (i) the L/C Obligations then outstanding and (ii) the aggregate principal amount of the Swingline Loans

then outstanding, does not exceed the amount of such Lender's Commitment; provided that, after giving effect to the Revolving Loans requested to be made, the aggregate amount of the Available Commitments shall not be less than zero. During the Commitment Period, the Borrower may use the Commitments by borrowing, prepaying the Revolving Loans in whole or in part, and reborrowing, all in accordance with the terms and conditions hereof. The Revolving Loans may from time to time be Eurodollar Loans or ABR Loans, as determined by the Borrower and notified to the Administrative Agent in accordance with Sections 2.2 and 2.9.

(b) The Borrower shall repay all outstanding Revolving Loans on the Termination Date.

2.2 Procedure for Revolving Loan Borrowing. The Borrower may borrow under the Commitments during the Commitment Period on any Business Day, provided that the Borrower shall give the Administrative Agent irrevocable notice (which notice must be received by the Administrative Agent (a) prior to 12:00 Noon, New York City time, three Business Days prior to the requested Borrowing Date, in the case of Eurodollar Loans, or (b) prior to 11:00 A.M., New York City time, on the requested Borrowing Date, in the case of ABR Loans) specifying (i) the amount and Type of Revolving Loans to be borrowed, (ii) the requested Borrowing Date and (iii) in the case of Eurodollar Loans, the respective amounts of each such Type of Loan and the respective lengths of the initial Interest Period therefor. Each borrowing under the Commitments shall be in an amount equal to \$1,000,000 or a whole multiple of \$500,000 in excess thereof (or, if the then aggregate Available Commitments are less than \$1,000,000, such lesser amount); provided, that the Swingline Lender may request, on behalf of the Borrower, borrowings under the Commitments that are ABR Loans in other amounts pursuant to Section 2.5. Upon receipt of any such notice from the Borrower, the Administrative Agent shall promptly notify each Lender thereof. Each Lender will make the amount of its *pro rata* share of each borrowing available to the Administrative Agent for the account of the Borrower at the Funding Office prior to 12:00 Noon, New York City time, on the Borrowing Date requested by the Borrower in funds immediately available to the Administrative Agent. Such borrowing will then be made available to the Borrower by the Administrative Agent crediting the account of the Borrower on the books of such office with the aggregate of the amounts made available to the Administrative Agent by the Lenders and in like funds as received by the Administrative Agent.

2.3 Commitment Increases.

(a) In the event that the Borrower wishes to increase the Total Commitments at any time when no Default or Event of Default has occurred and is continuing (or shall result of such increase) and subject to obtaining all necessary regulatory approvals, it shall notify the Administrative Agent in writing, given not more frequently than once per calendar year, of the amount (the "Revolving Credit Offered Increase Amount") of such proposed increase (such notice, a "Commitment Increase Notice") which shall be in a minimum amount equal to \$10,000,000 and shall not exceed, in the aggregate for all increases, \$500,000,000. The Borrower shall offer each of the Lenders the opportunity to provide such Lender's Percentage of the Revolving Credit Offered Increase Amount, and if any Lender declines such offer, in whole or in part, the Borrower may offer such declined amount to (i) other Lenders with the consent of the Swingline Lender and the Issuing Lenders (which consents of the Swingline Lender and the Issuing Lenders shall not be unreasonably withheld or delayed) and/or (ii) other banks, financial

institutions or other entities with the consent of the Administrative Agent, the Swingline Lender and the Issuing Lenders (which consents of the Administrative Agent, the Swingline Lender and the Issuing Lenders shall not be unreasonably withheld or delayed). The Commitment Increase Notice shall specify the Lenders and/or banks, financial institutions or other entities that will be requested to provide such Revolving Credit Offered Increase Amount. The Borrower or, if requested by the Borrower, the Administrative Agent will notify such Lenders, and/or banks, financial institutions or other entities of such offer.

(b) Any additional bank, financial institution or other entity which the Borrower selects to offer a portion of the increased Total Commitments and which elects to become a party to this Agreement and obtain a Commitment in an amount so offered and accepted by it pursuant to Section 2.3(a) shall execute a new lender supplement (the “New Lender Supplement”) with the Borrower, the Issuing Lenders and the Administrative Agent, substantially in the form of Exhibit A, whereupon such bank, financial institution or other entity (herein called a “New Revolving Credit Lender”) shall become a Lender for all purposes and to the same extent as if originally a party hereto and shall be bound by and entitled to the benefits of this Agreement, provided that the Commitment of any such New Revolving Credit Lender shall be in an amount not less than \$5,000,000.

(c) Any Lender which accepts an offer to it by the Borrower to increase its Commitment pursuant to Section 2.3(a) shall, in each case, execute a Commitment Increase Supplement with the Borrower, the Issuing Lenders and the Administrative Agent, substantially in the form of Exhibit B, whereupon such Lender shall be bound by and entitled to the benefits of this Agreement with respect to the full amount of its Commitment as so increased.

(d) If any bank, financial institution or other entity becomes a New Revolving Credit Lender pursuant to Section 2.3(b) or any Lender’s Commitment is increased pursuant to Section 2.3(c), additional Revolving Loans made on or after the effectiveness thereof (the “Revolving Credit Re-Allocation Date”) shall be made *pro rata* based on the Percentages in effect on and after such Revolving Credit Re-Allocation Date (except to the extent that any such *pro rata* borrowings would result in any Lender making an aggregate principal amount of Revolving Loans in excess of its Commitment, in which case such excess amount will be allocated to, and made by, such New Revolving Credit Lenders and/or Lenders with such increased Commitments to the extent of, and *pro rata* based on, their respective Commitments otherwise available for Revolving Loans), and continuations of Eurodollar Loans outstanding on such Revolving Credit Re-Allocation Date shall be effected by repayment of such Eurodollar Loans on the last day of the Interest Period applicable thereto and the making of new Eurodollar Loans *pro rata* based on such new Percentages. In the event that on any such Revolving Credit Re-Allocation Date there is an unpaid principal amount of ABR Loans, the Borrower shall make prepayments thereof and borrowings of ABR Loans so that, after giving effect thereto, the ABR Loans outstanding are held *pro rata* based on such new Percentages. In the event that on any such Revolving Credit Re-Allocation Date there is an unpaid principal amount of Eurodollar Loans, such Eurodollar Loans shall remain outstanding with the respective holders thereof until the expiration of their respective Interest Periods (unless the Borrower elects to prepay any thereof in accordance with the applicable provisions of this Agreement), and interest on and repayments of such Eurodollar Loans will be paid thereon to the respective Lenders holding such Eurodollar Loans *pro rata* based on the respective principal amounts thereof outstanding.

(e) Notwithstanding anything to the contrary in this Section 2.3, (i) no Lender shall have any obligation to increase its Commitment unless it agrees to do so in its sole discretion and unless the Administrative Agent, the Swingline Lender and the Issuing Lenders consent to such increase (which consents of the Administrative Agent, the Swingline Lender and the Issuing Lenders shall not be unreasonably withheld or delayed); provided, that any Lender not responding to the Commitment Increase Notice within the time period prescribed therein shall be deemed to have declined to increase its Commitment and (ii) in no event shall any transaction effected pursuant to this Section 2.3 (A) cause the Total Commitments to exceed \$3,500,000,000 or (B) occur at a time at which a Default or an Event of Default has occurred and is continuing.

(f) The Administrative Agent shall have received on or prior to the Revolving Credit Re-Allocation Date, for the benefit of the Lenders, (i) a legal opinion of counsel to the Borrower covering such matters as are customary for transactions of this type as may be reasonably requested by the Administrative Agent, which opinions shall be substantially the same, to the extent appropriate, as the opinions rendered by counsel to the Borrower on the Effective Date and (ii) certified copies of resolutions of the board of directors of the Borrower authorizing the Borrower to borrow the Revolving Credit Offered Increase Amount.

2.4 Swingline Commitment.

(a) Subject to the terms and conditions hereof, the Swingline Lender agrees to make a portion of the credit otherwise available to the Borrower under the Commitments from time to time on or after the Effective Date during the Commitment Period by making swingline loans (“Swingline Loans”) to the Borrower; provided that (i) the aggregate principal amount of Swingline Loans outstanding at any time shall not exceed the Swingline Commitment then in effect (notwithstanding that the Swingline Loans outstanding at any time, when aggregated with the Swingline Lender’s other outstanding Revolving Loans, may exceed the Swingline Commitment or the Swingline Lender’s Commitment then in effect) and (ii) the Borrower shall not request, and the Swingline Lender shall not make, any Swingline Loan if, after giving effect to the making of such Swingline Loan, the aggregate amount of the Available Commitments would be less than zero. During the Commitment Period, the Borrower may use the Swingline Commitment by borrowing, repaying and reborrowing, all in accordance with the terms and conditions hereof. Swingline Loans shall be ABR Loans only.

(b) The Borrower shall repay to the Swingline Lender the then unpaid principal amount of each Swingline Loan on or prior to the date that is the earlier of (i) 7 days after the date such Swingline Loan is made and (ii) the Termination Date; provided that on each date on which a Revolving Loan is borrowed, the Borrower shall repay all Swingline Loans then outstanding.

2.5 Procedure for Swingline Borrowing; Refunding of Swingline Loans.

(a) Whenever the Borrower wishes to borrow Swingline Loans, it shall give the Swingline Lender irrevocable telephonic notice confirmed promptly in writing (which telephonic notice must be received by the Swingline Lender not later than 1:00 P.M., New York City time, on the proposed Borrowing Date), specifying (i) the amount to be borrowed and (ii) the requested Borrowing Date (which shall be a Business Day during the Commitment Period). Each borrowing under the Swingline Commitment shall be in an amount equal to \$100,000 or a whole multiple thereof. Not later than 2:00 P.M., New York City time, on the Borrowing Date specified in a notice in respect of Swingline Loans, the Swingline Lender shall make available to the Administrative Agent at the Funding Office an amount in immediately available funds equal to the amount of the Swingline Loan to be made by the Swingline Lender. The Administrative Agent shall make the proceeds of such Swingline Loan available to the Borrower on such Borrowing Date by depositing such proceeds in the account of the Borrower with the Administrative Agent on such Borrowing Date in immediately available funds.

(b) The Swingline Lender, at any time and from time to time in its sole and absolute discretion may, on behalf of the Borrower (which hereby irrevocably directs the Swingline Lender to act on its behalf), on one Business Day's notice given by the Swingline Lender no later than 12:00 Noon, New York City time, request each Lender to make, and each Lender hereby agrees to make, a Revolving Loan, in an amount equal to such Lender's Percentage of the aggregate amount of the Swingline Loans (the "Refunded Swingline Loans") outstanding on the date of such notice, to repay the Swingline Lender. Each Lender shall make the amount of such Revolving Loan available to the Administrative Agent at the Funding Office in immediately available funds, not later than 10:00 A.M., New York City time, one Business Day after the date of such notice. The proceeds of such Revolving Loans shall be immediately made available by the Administrative Agent to the Swingline Lender for application by the Swingline Lender to the repayment of the Refunded Swingline Loans. The Borrower irrevocably authorizes the Swingline Lender to charge the Borrower's accounts with the Administrative Agent (up to the amount available in each such account) in order to immediately pay the amount of such Refunded Swingline Loans to the extent amounts received from the Lenders are not sufficient to repay in full such Refunded Swingline Loans.

(c) If prior to the time a Revolving Loan would have otherwise been made pursuant to Section 2.5(b), one of the events described in Section 8(f) shall have occurred and be continuing with respect to the Borrower or if for any other reason, as determined by the Swingline Lender in its sole discretion, Revolving Loans may not be made as contemplated by Section 2.5(b), each Lender shall, on the date such Revolving Loan was to have been made pursuant to the notice referred to in Section 2.5(b), purchase for cash an undivided participating interest in the then outstanding Swingline Loans by paying to the Swingline Lender an amount (the "Swingline Participation Amount") equal to (i) such Lender's Percentage times (ii) the sum of the aggregate principal amount of Swingline Loans then outstanding that were to have been repaid with such Revolving Loans.

(d) Whenever, at any time after the Swingline Lender has received from any Lender such Lender's Swingline Participation Amount, the Swingline Lender receives any payment on account of the Swingline Loans, the Swingline Lender will distribute to such Lender its

Swingline Participation Amount (appropriately adjusted, in the case of interest payments, to reflect the period of time during which such Lender's participating interest was outstanding and funded and, in the case of principal and interest payments, to reflect such Lender's *pro rata* portion of such payment if such payment is not sufficient to pay the principal of and interest on all Swingline Loans then due); provided, however, that in the event that such payment received by the Swingline Lender is required to be returned, such Lender will return to the Swingline Lender any portion thereof previously distributed to it by the Swingline Lender.

(e) Each Lender's obligation to make the Loans referred to in Section 2.5(b) and to purchase participating interests pursuant to Section 2.5(c) shall be absolute and unconditional and shall not be affected by any circumstance, including (i) any setoff, counterclaim, recoupment, defense or other right that such Lender or the Borrower may have against the Swingline Lender, the Borrower or any other Person for any reason whatsoever, (ii) the occurrence or continuance of a Default or an Event of Default or the failure to satisfy any of the other conditions specified in Section 5, (iii) any adverse change in the condition (financial or otherwise) of the Borrower, (iv) any breach of this Agreement or any other Loan Document by the Borrower or any other Lender or (v) any other circumstance, happening or event whatsoever, whether or not similar to any of the foregoing.

2.6 Facility Fees, Etc .

(a) The Borrower agrees to pay to the Administrative Agent for the account of each Lender (other than a Defaulting Lender to the extent provided in Section 2.20) a facility fee for the period from and including the date hereof to the last day of the Commitment Period, computed at the Facility Fee Rate on the Commitment of such Lender during the period for which payment is made, payable quarterly in arrears on each Fee Payment Date, commencing on the first such date to occur after the Effective Date. In addition, if the principal amount of any Loan or any Reimbursement Obligations shall remain outstanding and unpaid after the last day of the Commitment Period, the Borrower agrees to pay to the Administrative Agent, for the account of each Lender, a facility fee for the period from the last day of the Commitment Period until the date on which such amounts are repaid in full, computed at the Facility Fee Rate on such amounts, payable quarterly in arrears on each Fee Payment Date, commencing on the first such date after the last day of the Commitment Period.

(b) The Borrower agrees to pay to the Administrative Agent the fees in the amounts and on the dates as set forth in any written, duly executed fee agreements with the Administrative Agent and to perform any other obligations contained therein.

2.7 Termination or Reduction of Commitments; Extension of Termination Date .

(a) The Borrower shall have the right, upon not less than three Business Days' notice to the Administrative Agent, to terminate the Commitments or, from time to time, to reduce the amount of the Commitments; provided that no such termination or reduction of Commitments shall be permitted if, after giving effect thereto and to any prepayments of the Revolving Loans and Swingline Loans made on the effective date thereof, the Total Extensions of Credit would exceed the Total Commitments. Any such reduction shall be in an amount equal to \$1,000,000, or a whole multiple thereof, and shall reduce permanently the Commitments then in effect.

(b) The Borrower may, by written notice to the Administrative Agent (such notice being an “Extension Notice”) given no more frequently than once in each calendar year, on not more than two occasions, request the Lenders to consider an extension of the then applicable Termination Date to a later date, which extension shall not exceed one year in each instance. The Administrative Agent shall promptly transmit any Extension Notice to each Lender. Each Lender shall notify the Administrative Agent whether it wishes to extend the then applicable Termination Date not later than 30 days after the date of such Extension Notice, and any such notice given by a Lender to the Administrative Agent, once given, shall be irrevocable as to such Lender. Any Lender which does not expressly notify the Administrative Agent prior to the expiration of such thirty-day period that it wishes to so extend the then applicable Termination Date shall be deemed to have rejected the Borrower’s request for extension of such Termination Date. Lenders consenting to extend the then applicable Termination Date are hereinafter referred to as “Continuing Lenders”, and Lenders declining to consent to extend such Termination Date (or Lenders deemed to have so declined) are hereinafter referred to as “Non-Extending Lenders”. If the Required Lenders have elected (in their sole and absolute discretion) to so extend the Termination Date, the Administrative Agent shall promptly notify the Borrower of such election by the Required Lenders, and effective on the date which is 30 days after the date of such notice by the Administrative Agent to the Borrower, the Termination Date shall be automatically and immediately so extended with regard to the Continuing Lenders. No extension will be permitted hereunder without the consent of the Required Lenders. Upon the delivery of an Extension Notice and upon the extension of the Termination Date pursuant to this Section, the Borrower shall be deemed to have represented and warranted on and as of the date of such Extension Notice and the effective date of such extension, as the case may be, that no Default or Event of Default has occurred and is continuing. Notwithstanding anything contained in this Agreement to the contrary, no Lender shall have any obligation to extend the Termination Date, and each Lender may at its option, unconditionally and without cause, decline to extend the Termination Date.

(c) If the Termination Date shall have been extended in accordance with this Section, all references herein to the “Termination Date” (except with respect to any Non-Extending Lender) shall refer to the Termination Date as so extended.

(d) If any Lender shall determine (or be deemed to have determined) not to extend the Termination Date as requested by any Extension Notice given by the Borrower pursuant to this Section, the Commitment of such Non-Extending Lender (including the obligations of such Lender under Section 2.5 and 3.4 and, if such Non-Extending Lender is also an Issuing Lender, the obligation of such Issuing Lender to issue Letters of Credit pursuant to Section 3) shall terminate on the Termination Date without giving any effect to such proposed extension, and the Borrower shall on such date pay to the Administrative Agent, for the account of such Non-Extending Lender, the principal amount of, and accrued interest on, such Non-Extending Lender’s Loans and outstanding Reimbursement Obligations, together with any amounts payable to such Lender pursuant to Section 2.17 and any and all fees or other amounts owing to such Non-Extending Lender under this Agreement (including, if such Non-Extending Lender is an Issuing Lender, such accrued fronting fees as may have been agreed between the Borrower and such Issuing Lender); provided that if the Borrower has replaced such Non-Extending Lender pursuant to paragraph (e) below then the provisions of such paragraph shall apply. The Total Commitments (but not, for the avoidance of doubt, except as hereinafter provided, the L/C

Commitment) shall be reduced by the amount of the Commitment of such Non-Extending Lender to the extent the Commitment of such Non-Extending Lender has not been transferred to one or more Continuing Lenders pursuant to paragraph (e) below, provided that, if the Total Commitments, after giving effect to the reduction in the Total Commitments due to Non-Extending Lenders which are not replaced pursuant to paragraph (e) below, is less than the L/C Commitment, the L/C Commitment shall be reduced by an amount equal to such excess.

(e) A Non-Extending Lender shall be obligated, at the request of the Borrower and subject to (i) payment by the successor Lender described below to the Administrative Agent for the account of such Non-Extending Lender of the principal amount of, and accrued interest on, such Non-Extending Lender's Loans, and (ii) payment by the Borrower to such Non-Extending Lender of any amounts payable to such Non-Extending Lender pursuant to Section 2.17 (as if the purchase of such Non-Extending Lender's Loans constituted a prepayment thereof) and any and all fees or other amounts owing to such Non-Extending Lender under this Agreement (including, if such Non-Extending Lender is an Issuing Lender, such accrued fronting fees as may have been agreed between the Borrower and such Issuing Lender), to transfer without recourse, representation, warranty (other than a representation that such Lender has not created an adverse claim on its Loans) or expense to such Non-Extending Lender, at any time prior to the Termination Date applicable to such Non-Extending Lender, all of such Non-Extending Lender's rights and obligations hereunder to another financial institution or group of financial institutions nominated by the Borrower and willing to participate as a successor Lender in the place of such Non-Extending Lender; provided that, if such transferee is not already a Lender, (1) such transferee satisfies all the requirements of this Agreement, and (2) the Administrative Agent and each Issuing Lender that is a Continuing Lender shall have consented to such transfer, which consent shall not be unreasonably withheld or delayed. Each such transferee successor Lender shall be deemed to be a Continuing Lender hereunder in replacement of the transferor Non-Extending Lender and shall enjoy all rights and assume all obligations on the part of such Non-Extending Lender set forth in this Agreement. Each such transfer shall be effected pursuant to an Assignment and Assumption.

(f) If the Termination Date shall have been extended in respect of Continuing Lenders in accordance with this Section, any notice of borrowing pursuant to Section 2.2 or 2.5 specifying a Borrowing Date occurring after the Termination Date applicable to a Non-Extending Lender or requesting an Interest Period extending beyond such date shall (i) have no effect in respect of such Non-Extending Lender and (ii) not specify a requested aggregate principal amount exceeding the aggregate Available Commitments (calculated on the basis of the Commitments of the Continuing Lenders).

2.8 Optional Prepayments .

(a) The Borrower may at any time and from time to time prepay the Loans, in whole or in part, without premium or penalty, upon irrevocable notice delivered to the Administrative Agent no later than 12:00 Noon, New York City time, three Business Days prior thereto, in the case of Eurodollar Loans, and no later than 12:00 Noon, New York City time, one Business Day prior thereto, in the case of ABR Loans, which notice shall specify the date and amount of prepayment and whether the prepayment is of Eurodollar Loans or ABR Loans; provided , that if a Eurodollar Loan is prepaid on any day other than the last day of the Interest Period applicable

thereto, the Borrower shall also pay any amounts owing pursuant to Section 2.17. Upon receipt of any such notice the Administrative Agent shall promptly notify each relevant Lender thereof. If any such notice is given, the amount specified in such notice shall be due and payable on the date specified therein, together with (except in the case of Revolving Loans that are ABR Loans and Swingline Loans) accrued interest to such date on the amount prepaid. Partial prepayments of Revolving Loans which shall be in an aggregate principal amount of \$1,000,000 or a whole multiple of \$500,000 in excess thereof. Partial prepayments of Swingline Loans shall be in an aggregate principal amount of \$100,000 or a whole multiple thereof.

(b) If a Lender becomes a Defaulting Lender at a time when Swingline Loans are outstanding and such occurrence results in the existence of Fronting Exposure in respect of such Swingline Loans, then the Borrower shall promptly (and in any event within three Business Days), prepay Loans in an amount sufficient to eliminate such Fronting Exposure arising from the existence of Swingline Loans. Except for the mandatory nature thereof, any prepayment of Loans pursuant to this Section 2.8(b) shall be subject to the provisions of Section 2.8(a); provided that such prepayment may be in the amount needed to eliminate the Fronting Exposure arising from the existence of Swingline Loans.

2.9 Conversion and Continuation Options.

(a) The Borrower may elect from time to time to convert Eurodollar Loans to ABR Loans by giving the Administrative Agent prior irrevocable notice of such election no later than 12:00 Noon, New York City time, on the Business Day preceding the proposed conversion date, provided that any such conversion of Eurodollar Loans may only be made on the last day of an Interest Period with respect thereto. The Borrower may elect from time to time to convert ABR Loans to Eurodollar Loans by giving the Administrative Agent prior irrevocable notice of such election no later than 12:00 Noon, New York City time, on the third Business Day preceding the proposed conversion date (which notice shall specify the length of the initial Interest Period therefor), provided that no ABR Loan may be converted into a Eurodollar Loan when any Event of Default has occurred and is continuing and the Required Lenders have determined in their sole discretion not to permit such conversions. Upon receipt of any such notice the Administrative Agent shall promptly notify each relevant Lender thereof.

(b) Any Eurodollar Loan may be continued as such upon the expiration of the then current Interest Period with respect thereto by the Borrower giving irrevocable notice to the Administrative Agent, in accordance with the applicable provisions of the term "Interest Period" set forth in Section 1.1, of the length of the next Interest Period to be applicable to such Loans, provided that no Eurodollar Loan may be continued as such when any Event of Default has occurred and is continuing and the Required Lenders have determined in their sole discretion not to permit such continuations, and provided, further, that if the Borrower shall fail to give any required notice as described above in this paragraph or if such continuation is not permitted pursuant to the preceding proviso such Loans shall be automatically converted to ABR Loans on the last day of such then expiring Interest Period. Upon receipt of any such notice the Administrative Agent shall promptly notify each relevant Lender thereof.

2.10 Limitations on Eurodollar Tranches. Notwithstanding anything to the contrary in this Agreement, all borrowings, conversions and continuations of Eurodollar Loans and all selections of Interest Periods shall be in such amounts and be made pursuant to such elections so

that (a) after giving effect thereto, the aggregate principal amount of the Eurodollar Loans comprising each Eurodollar Tranche shall be equal to \$1,000,000 or a whole multiple of \$500,000 in excess thereof and (b) no more than 15 Eurodollar Tranches shall be outstanding at any one time.

2.11 Interest Rates and Payment Dates .

(a) Each Eurodollar Loan shall bear interest for each day during each Interest Period with respect thereto at a rate per annum equal to the Eurodollar Rate determined for such day plus the Applicable Margin.

(b) Each ABR Loan shall bear interest at a rate per annum equal to the ABR plus the Applicable Margin.

(c) (i) If all or a portion of the principal amount of any Loan or Reimbursement Obligation shall not be paid when due (whether at the stated maturity, by acceleration or otherwise), such overdue amount shall bear interest at a default rate per annum equal to (x) in the case of the Loans, the rate that would otherwise be applicable thereto pursuant to the foregoing provisions of this Section plus 2% or (y) in the case of Reimbursement Obligations, the rate applicable to ABR Loans plus 2%, and (ii) if all or a portion of any interest payable on any Loan or Reimbursement Obligation or any facility fee, letter of credit fee, or any other fee payable (excluding any expenses or other indemnity) hereunder shall not be paid when due (whether at the stated maturity, by acceleration or otherwise), such overdue amount shall bear interest at a default rate per annum equal to the rate then applicable to ABR Loans plus 2%, in each case, with respect to clauses (i) and (ii) above, from the date of such non-payment until such amount is paid in full (as well after as before judgment). Interest shall be payable in arrears on each Interest Payment Date, provided that interest accruing pursuant to paragraph (c) of this Section shall be payable from time to time on demand.

2.12 Computation of Interest and Fees .

(a) Interest and fees payable pursuant hereto shall be calculated on the basis of a 360-day year for the actual days elapsed, except that, with respect to ABR Loans the rate of interest on which is calculated on the basis of the Base Rate, the interest thereon shall be calculated on the basis of a 365- (or 366-, as the case may be) day year for the actual days elapsed. The Administrative Agent shall as soon as practicable notify the Borrower and the relevant Lenders of each determination of a Eurodollar Rate. Any change in the interest rate on a Loan resulting from a change in the ABR or the Eurocurrency Reserve Requirements shall become effective as of the opening of business on the day on which such change becomes effective. The

Administrative Agent shall as soon as practicable notify the Borrower and the relevant Lenders of the effective date and the amount of each such change in interest rate.

(b) Each determination of an interest rate by the Administrative Agent pursuant to any provision of this Agreement shall constitute prima facie evidence of such amounts. The Administrative Agent shall, at the request of the Borrower or any Lender, deliver to the Borrower or such Lender a statement showing the quotations used by the Administrative Agent in determining any interest rate pursuant to Section 2.11(a).

2.13 Inability to Determine Interest Rate. If prior to the first day of any Interest Period:

(a) the Administrative Agent shall have determined (which determination shall be conclusive and binding upon the Borrower) that, by reason of circumstances affecting the relevant market, adequate and reasonable means do not exist for ascertaining the Eurodollar Rate for such Interest Period, or

(b) the Administrative Agent shall have received notice from the Required Lenders that the Eurodollar Rate determined or to be determined for such Interest Period will not adequately and fairly reflect the cost to such Lenders (as conclusively certified by such Lenders) of making or maintaining their affected Loans during such Interest Period,

the Administrative Agent shall give telecopy or telephonic notice thereof to the Borrower and the relevant Lenders as soon as practicable thereafter. If such notice is given (x) any Eurodollar Loans requested to be made on the first day of such Interest Period shall be made as ABR Loans, (y) any Loans that were to have been converted on the first day of such Interest Period to Eurodollar Loans shall be continued as ABR Loans and (z) any outstanding Eurodollar Loans shall be converted, on the last day of the then-current Interest Period, to ABR Loans. Until such notice has been withdrawn by the Administrative Agent, no further Eurodollar Loans shall be made or continued as such, nor shall the Borrower have the right to convert Loans to Eurodollar Loans.

2.14 Pro Rata Treatment and Payments; Notes.

(a) Each borrowing by the Borrower from the Lenders hereunder, each payment by the Borrower on account of any commitment fee and any reduction of the Commitments of the Lenders shall be made pro rata according to the respective Percentages of the Lenders.

(b) Each payment (including each prepayment) by the Borrower on account of principal of and interest on the Revolving Loans shall be made pro rata according to the respective outstanding principal amounts of the Revolving Loans then held by the Lenders. Each payment in respect of Reimbursement Obligations in respect of any Letter of Credit shall be made to the Issuing Lender that issued such Letters of Credit.

(c) Notwithstanding anything to the contrary herein, all payments (including prepayments) to be made by the Borrower hereunder, whether on account of principal, Reimbursement Obligations, interest, fees or otherwise, shall be made without setoff or counterclaim and shall be made prior to 4:00 P.M., New York City time, on the due date thereof

to the Administrative Agent, for the account of the Lenders or the Issuing Lenders, as applicable, at the Funding Office, in Dollars and in immediately available funds. The Administrative Agent shall distribute such payments to the Lenders promptly upon receipt in like funds as received. If any payment hereunder (other than payments on the Eurodollar Loans) becomes due and payable on a day other than a Business Day, such payment shall be extended to the next succeeding Business Day. If any payment on a Eurodollar Loan becomes due and payable on a day other than a Business Day, the maturity thereof shall be extended to the next succeeding Business Day unless the result of such extension would be to extend such payment into another calendar month, in which event such payment shall be made on the immediately preceding Business Day. In the case of any extension of any payment of principal pursuant to the preceding two sentences, interest thereon shall be payable at the then applicable rate during such extension.

(d) Unless the Administrative Agent shall have been notified in writing by any Lender prior to a borrowing that such Lender will not make the amount that would constitute its share of such borrowing available to the Administrative Agent, the Administrative Agent may assume that such Lender is making such amount available to the Administrative Agent, and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower a corresponding amount. If such amount is not made available to the Administrative Agent by the required time on the Borrowing Date therefor, such Lender shall pay to the Administrative Agent, on demand, such amount with interest thereon, at a rate equal to the greater of (i) the Federal Funds Effective Rate and (ii) a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation, for the period until such Lender makes such amount immediately available to the Administrative Agent. A certificate of the Administrative Agent submitted to any Lender with respect to any amounts owing under this paragraph shall be conclusive in the absence of manifest error. If such Lender's share of such borrowing is not made available to the Administrative Agent by such Lender within three Business Days after such Borrowing Date, the Administrative Agent shall also be entitled to recover such amount with interest thereon at the rate per annum applicable to ABR Loans from the Borrower within 30 days after written demand therefor.

(e) Unless the Administrative Agent shall have been notified in writing by the Borrower prior to the date of any payment due to be made by the Borrower hereunder that the Borrower will not make such payment to the Administrative Agent, the Administrative Agent may assume that the Borrower is making such payment, and the Administrative Agent may, but shall not be required to, in reliance upon such assumption, make available to the Lenders their respective *pro rata* shares of a corresponding amount. If such payment is not made to the Administrative Agent by the Borrower within three Business Days after such due date, the Administrative Agent shall be entitled to recover, on demand, from each Lender to which any amount which was made available pursuant to the preceding sentence, such amount with interest thereon at the rate per annum equal to the daily average Federal Funds Effective Rate. Nothing herein shall be deemed to limit the rights of the Administrative Agent or any Lender against the Borrower.

(f) The Borrower agrees that, upon the request to the Administrative Agent by any Lender, the Borrower will promptly execute and deliver to such Lender a promissory note (a "Note") of the Borrower evidencing any Revolving Loans of such Lender, substantially in the

form of Exhibit H, with appropriate insertions as to date and principal amount; provided, that delivery of Notes shall not be a condition precedent to the occurrence of the Effective Date or the making of Loans on the Effective Date.

(g) If any Lender shall fail to make any payment required to be made by it pursuant to Section 3.4 or 2.14 (d), then the Administrative Agent may, in its discretion and notwithstanding any contrary provision hereof, (i) apply any amounts thereafter received by the Administrative Agent hereunder for the account of such Lender for the benefit of the Administrative Agent or any Issuing Lender to satisfy such Lender's obligations to the Administrative Agent or such Issuing Lender, as the case may be, under such Section until all such unsatisfied obligations are fully paid, and/or (ii) so long as such Lender is a Defaulting Lender, hold any such amounts in a segregated account as cash collateral for, and application to, any future funding obligations of such Lender under any such Section, in the case of each of clauses (i) and (ii) above, in any order as determined by the Administrative Agent in its discretion.

2.15 Change of Law.

(a) If a Change of Law shall:

(i) subject any Recipient to any Taxes (other than (A) Indemnified Taxes, (B) Taxes described in clauses (b) through (d) of the definition of Excluded Taxes and (C) Connection Income Taxes) on its Loans, Letters of Credit or Commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto;

(ii) impose, modify or hold applicable any reserve, special deposit, compulsory loan, Federal Deposit Insurance Corporation insurance charge or other similar insurance charge or similar requirement against assets held by, deposits or other liabilities in or for the account of, advances, loans or other extensions of credit by, or any other acquisition of funds by, any Lender or any Issuing Lender that is not otherwise included in the determination of the Eurodollar Rate, which requirements are generally applicable to advances, loans and other extensions of credit made by such Lender or such Issuing Lender; or

(iii) impose on any Lender or any Issuing Lender any other condition that is generally applicable to loans made by such Lender or Letters of Credit issued by such Issuing Lender or participations therein by a Lender;

and the result of any of the foregoing is to increase the cost to such Lender or such other Recipient, by an amount that such Lender or such other Recipient deems to be material, of making, converting into, continuing or maintaining Eurodollar Loans or issuing or participating in Letters of Credit, or to reduce any amount receivable hereunder in respect thereof, then, in any such case, the Borrower shall promptly pay such Lender or such other Recipient, within ten Business Days after its demand, any additional amounts necessary to compensate such Lender or such other Recipient for such increased cost or reduced amount receivable. If any Lender or other Recipient becomes entitled to claim any additional amounts pursuant to this paragraph, it shall promptly notify the Borrower (with a copy to the Administrative Agent) of the event by reason of which it has become so entitled; provided, however, that no Lender or other Recipient

shall be entitled to demand such compensation more than 90 days following (x) the last day of the Interest Period in respect of which such demand is made or (y) the repayment of the Loan or Swingline Loan in respect of which such demand is made, and no Issuing Lender shall be entitled to demand such compensation more than 90 days following the expiration or termination (by drawing or otherwise) of the Letter of Credit issued by it in respect of which such demand is made.

(b) If any Lender or any Issuing Lender shall have determined that a Change of Law regarding capital or liquidity requirements shall have the effect of reducing the rate of return on such Lender's or such Issuing Lender's capital or the capital of any corporation controlling such Lender or such Issuing Lender as a consequence of its obligations hereunder or under or in respect of any Letter of Credit to a level below that which such Lender, such Issuing Lender or such corporation could have achieved but for such Change of Law (taking into consideration such Lender's, such Issuing Lender's or such corporation's policies with respect to capital adequacy) by an amount deemed by such Lender or such Issuing Lender to be material, then from time to time, after submission by such Lender or such Issuing Lender to the Borrower (with a copy to the Administrative Agent) of a written request therefor, the Borrower shall pay to such Lender or such Issuing Lender such additional amount or amounts as will compensate such Lender, such Issuing Lender or such corporation for such reduction.

(c) A certificate as to any additional amounts payable pursuant to this Section submitted by any Lender, any Issuing Lender or any other Recipient to the Borrower (with a copy to the Administrative Agent) shall constitute prima facie evidence of such costs or amounts. Notwithstanding anything to the contrary in this Section, the Borrower shall not be required to compensate a Lender, any Issuing Lender or any other Recipient pursuant to this Section for any amounts incurred more than six months prior to the date that such Lender, such Issuing Lender or such other Recipient notifies the Borrower of such Lender's, such Issuing Lender's or such other Recipient's intention to claim compensation therefor; provided that, if the circumstances giving rise to such claim have a retroactive effect, then such six-month period shall be extended to include the period of such retroactive effect not to exceed twelve months. The obligations of the Borrower pursuant to this Section shall survive for 90 days after the termination of this Agreement and the payment of the Loans and all other amounts then due and payable hereunder.

2.16 Taxes.

(a) Any and all payments by or on account of any obligation of the Borrower under any Loan Document shall be made without deduction or withholding for any Taxes, except as required by applicable laws. If any applicable laws (as determined in the good faith discretion of the Borrower or the Administrative Agent) require the deduction or withholding of any Tax from any such payment by the Administrative Agent or the Borrower, then (A) the Borrower or the Administrative Agent shall withhold or make such deductions as are determined by the Borrower or the Administrative Agent to be required, (B) the Borrower or the Administrative Agent shall timely pay the full amount withheld or deducted to the relevant Governmental Authority in accordance with such laws, and (C) to the extent that the withholding or deduction is made on account of Indemnified Taxes, the sum payable by the Borrower shall be increased as necessary so that after any required withholding or the making of all required deductions (including deductions applicable to additional sums payable under this Section 2.16) the applicable

Recipient receives an amount equal to the sum it would have received had no such withholding or deduction been made.

(b) Without limiting the provisions of subsection (a) above, the Borrower shall timely pay to the relevant Governmental Authority in accordance with applicable law, or at the option of the Administrative Agent timely reimburse it for the payment of, any Other Taxes.

(c) (i) The Borrower shall, and does hereby, indemnify each Recipient, and shall make payment in respect thereof within 10 days after demand therefor, for the full amount of any Indemnified Taxes (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section 2.16) payable or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender or another Recipient (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender or another Recipient, shall be conclusive absent manifest error.

(ii) Each Lender and each Issuing Lender shall, and does hereby, severally indemnify, and shall make payment in respect thereof within 10 days after demand therefor, (x) the Administrative Agent against any Indemnified Taxes attributable to such Lender or such Issuing Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (y) the Administrative Agent against any Taxes attributable to such Lender's or such Issuing Lender's failure to comply with the provisions of Section 10.6(c)(iii) relating to the maintenance of a Participant Register and (z) the Administrative Agent against any Excluded Taxes attributable to such Lender or such Issuing Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender or any Issuing Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender and each Issuing Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender or such Issuing Lender, as the case may be, under this Agreement or any other Loan Document against any amount due to the Administrative Agent under this clause (ii).

(d) Upon request by the Borrower or the Administrative Agent, as the case may be, after any payment of Taxes by the Borrower or by the Administrative Agent to a Governmental Authority as provided in this Section 2.16, the Borrower shall deliver to the Administrative Agent or the Administrative Agent shall deliver to the Borrower, as the case may be, the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of any return required by laws to report such payment or other evidence of such payment reasonably satisfactory to the Borrower or the Administrative Agent, as the case may be.

(e) (i) Any Lender or any Issuing Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender or any Issuing Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender or such Issuing Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Sections 2.16(e)(ii)(A), (ii)(B) and (ii)(D) below) shall not be required if in the Lender's or any Issuing Lender's reasonable judgment such completion, execution or submission would subject such Lender or such Issuing Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender or such Issuing Lender.

(ii) Without limiting the generality of the foregoing,

(A) any Lender or any Issuing Lender that is a U.S. Person shall deliver to the Borrower and the Administrative Agent on or prior to the date on which such Lender or such Issuing Lender becomes a Lender or an Issuing Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed originals of IRS Form W-9 certifying that such Lender or such Issuing Lender is exempt from U.S. federal backup withholding tax;

(B) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender or an Issuing Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), whichever of the following is applicable:

(I) in the case of a Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed originals of IRS Form W-8BEN establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "interest" article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "business profits" or "other income" article of such tax treaty;

(II) executed originals of IRS Form W-8ECI;

(III) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 881(c) of the Code, (x) a certificate substantially in the form of Exhibit G-1 to the effect that such Foreign Lender is not a “bank” within the meaning of Section 881(c)(3)(A) of the Code, a “10 percent shareholder” of the Borrower within the meaning of Section 881(c)(3)(B) of the Code, or a “controlled foreign corporation” described in Section 881(c)(3)(C) of the Code (a “U.S. Tax Compliance Certificate”) and (y) executed originals of IRS Form W-8BEN;

(IV) to the extent a Foreign Lender is not the beneficial owner, executed originals of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN, a U.S. Tax Compliance Certificate substantially in the form of Exhibit G-2 or Exhibit G-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Foreign Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit G-4 on behalf of each such direct and indirect partner; or

(V) notwithstanding anything to the contrary set forth in this Section 2.16(e), each Foreign Lender shall deliver to the Borrower and the Administrative Agent, on or prior to the date on which such Foreign Lender becomes a Lender or an Issuing Lender under this Agreement, forms described in Sections 2.16(e)(ii)(B)(I), (II), (III) or (IV), as applicable, establishing a complete exemption from U.S. federal withholding Tax with respect to amounts payable to such Foreign Lender under this Agreement; provided, however, that a Foreign Lender shall not be required to deliver forms establishing a complete exemption from U.S. federal withholding Tax with respect to amounts payable to such Foreign Lender under this Agreement pursuant to this Section 2.16(e)(ii)(B)(V) to the extent that, due to a Change of Law, such Foreign Lender is unable to do so.

(C) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender or an Issuing Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed originals of any other form prescribed by applicable law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(D) if a payment made to a Lender or any Issuing Lender under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender or such Issuing Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender or such Issuing Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender or such Issuing Lender has complied with such Lender's or such Issuing Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (D), "FATCA" shall include any amendments made to FATCA after the Effective Date.

(iii) Each Lender and each Issuing Lender agrees that if any form or certification it previously delivered pursuant to this Section 2.16 expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(f) Unless required by applicable laws, at no time shall the Administrative Agent have any obligation to file for or otherwise pursue on behalf of a Lender or an Issuing Lender, or have any obligation to pay to any Lender or any Issuing Lender, any refund of Taxes withheld or deducted from funds paid for the account of such Lender or such Issuing Lender, as the case may be. If any Recipient determines, in its sole discretion, that it has received a refund of, or credit with respect to, any Taxes as to which it has been indemnified by the Borrower or with respect to which the Borrower has paid additional amounts pursuant to this Section 2.16 (any such refund or credit, a "Tax Benefit"), it shall pay to the Borrower an amount equal to such Tax Benefit (but only to the extent of indemnity payments made, or additional amounts paid, by the Borrower under this Section 2.16 with respect to the Taxes giving rise to such Tax Benefit), net of all out-of-pocket expenses (including Taxes) incurred by such Recipient, and without interest (other than any interest paid by the relevant Governmental Authority with respect to such Tax Benefit), provided that the Borrower, upon the request of the Recipient, agrees to repay the amount paid over to the Borrower (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Recipient in the event the Recipient is required to repay such Tax Benefit to such Governmental Authority. Notwithstanding anything to the contrary in this subsection, in no event will the applicable Recipient be required to pay any amount to the Borrower pursuant to this subsection the payment of which would place the Recipient in a less favorable net after-Tax position than such Recipient would have been in if the Tax subject to indemnification and giving rise to such Tax Benefit had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This subsection shall not be construed to require any Recipient to

make available its tax returns (or any other information relating to its taxes that it deems confidential) to the Borrower or any other Person.

(g) Each party's obligations under this Section 2.16 shall survive for one year after the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

2.17 Indemnity. The Borrower agrees to indemnify each Lender for, and to hold each Lender harmless from, any loss (other than the loss of Applicable Margin) or expense that such Lender may sustain or incur as a consequence of (a) default by the Borrower in making a borrowing of, conversion into or continuation of Eurodollar Loans after the Borrower has given a notice requesting the same in accordance with the provisions of this Agreement, (b) default by the Borrower in making any prepayment of or conversion from Eurodollar Loans after the Borrower has given a notice thereof in accordance with the provisions of this Agreement or (c) the making of a prepayment of Eurodollar Loans on a day that is not the last day of an Interest Period with respect thereto. A certificate as to any amounts payable pursuant to this Section submitted to the Borrower by any Lender shall be conclusive in the absence of manifest error. This covenant shall survive for 90 days after the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

2.18 Change of Lending Office. Each Lender agrees that, upon the occurrence of any event giving rise to the operation of Section 2.15 or 2.16 with respect to such Lender, it will, if requested by the Borrower, use reasonable efforts (subject to overall policy considerations of such Lender) to designate another lending office for any Loans affected by such event with the object of avoiding the consequences of such event; provided, that such designation is made on terms that, in the sole but reasonable judgment of such Lender, cause such Lender and its lending office(s) to suffer no unreimbursed economic disadvantage or any legal or regulatory disadvantage, and provided, further, that nothing in this Section shall affect or postpone any of the obligations of the Borrower or the rights of any Lender pursuant to Section 2.15 or 2.16.

2.19 Replacement of Lenders. The Borrower shall be permitted to replace any Lender that (a) requests (on its behalf or any of its Participants) reimbursement for amounts owing pursuant to Section 2.15 or 2.16 or (b) becomes a Defaulting Lender, with a replacement financial institution; provided that (i) such replacement does not conflict with any Requirement of Law, (ii) no Event of Default shall have occurred and be continuing at the time of such replacement, (iii) prior to any such replacement, such Lender shall have taken no action under Section 2.18 which eliminates the continued need for payment of amounts owing pursuant to Section 2.15 or 2.16, (iv) the replacement financial institution shall purchase, at par, all Loans and other amounts owing to such replaced Lender on or prior to the date of replacement, (v) the Borrower shall be liable to such replaced Lender under Section 2.17 if any Eurodollar Loan owing to such replaced Lender shall be purchased other than on the last day of the Interest Period relating thereto, (vi) the replacement financial institution, if not already a Lender, shall be reasonably satisfactory to the Administrative Agent, (vii) the replaced Lender shall be obligated to make such replacement in accordance with the provisions of Section 10.6 (provided that the Borrower shall be obligated to pay the registration and processing fee referred to therein), (viii) until such time as such replacement shall be consummated, the Borrower shall pay all additional amounts (if any) required pursuant to Section 2.15 or 2.16, as the case may be, and

(ix) any such replacement shall not be deemed to be a waiver of any rights that the Borrower, the Administrative Agent or any other Lender shall have against the replaced Lender.

2.20 Defaulting Lenders. Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as that Lender is no longer a Defaulting Lender, to the extent permitted by applicable law:

(a) any payment of principal, interest, fees or other amounts (other than those described in Section 2.20 (b)) received by the Administrative Agent for the account of that Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Section 7 or otherwise, and including any amounts made available to the Administrative Agent by that Defaulting Lender pursuant to Section 9.7), shall be applied at such time or times as may be determined by the Administrative Agent as follows: *first*, to the payment of any amounts owing by that Defaulting Lender to the Administrative Agent hereunder; *second*, to the payment on a pro rata basis of any amounts owing by that Defaulting Lender to the Swingline Lender and any Issuing Lender hereunder; *third*, if so requested by the Swingline Lender if Swingline loans are outstanding or any Issuing Lender with a Letter of Credit outstanding or with unreimbursed drawings owing under a Letter of Credit, to be held as cash collateral in respect of such Defaulting Lender's Percentage of such Swingline Loans and L/C Obligations; *fourth*, if so determined by the Administrative Agent or requested by the Swingline Lender or any Issuing Lender, to be held as cash collateral for future funding obligations of that Defaulting Lender of any participation in any Swingline Loan or L/C Obligations; *fifth*, as the Borrower may request (so long as no Default or Event of Default exists), to the funding of any Loan in respect of which that Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; *sixth*, if so determined by the Borrower with the consent of the Administrative Agent, not to be unreasonably withheld, to be held in a non interest bearing deposit account and released in order to satisfy obligations of that Defaulting Lender to fund Loans under this Agreement; *seventh*, to the payment of any amounts owing to the Lenders, the Swingline Lender or any Issuing Lender as a result of any judgment of a court of competent jurisdiction obtained by any Lender, the Swingline Lender or any Issuing Lender against that Defaulting Lender as a result of that Defaulting Lender's breach of its obligations under this Agreement; *eighth*, so long as no Default or Event of Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against that Defaulting Lender as a result of that Defaulting Lender's breach of its obligations under this Agreement; and *ninth*, to that Defaulting Lender or as otherwise directed by a court of competent jurisdiction; provided that if such payment is a payment of the principal amount of any Loans or unreimbursed drawings under Letters of Credit in respect of which that Defaulting Lender has not fully funded its appropriate share such payment shall be applied solely to pay the Loans and unreimbursed drawings under Letters of Credit of all non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Loans of that Defaulting Lender or participating interests of that Defaulting Lender in unreimbursed drawings under Letters of Credit. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or to post cash collateral pursuant to this Section 2.20(a) shall be deemed paid to and redirected by that Defaulting Lender, and each Lender irrevocably consents hereto;

(b) that Defaulting Lender shall be entitled to receive (i) any facility fee pursuant to Section 2.6(a) for any period during which that Lender is a Defaulting Lender only to the extent allocable to the sum of (1) the outstanding principal amount of Loans funded by it and (2) the principal amount of the Swingline Loans and the Percentage of L/C Obligations for which it has provided cash collateral pursuant to 2.20(a) (and the Borrower shall (x) be required to pay to the Swingline Lender and Issuing Lenders with Letters of Credit outstanding, as applicable, the amount of such fee allocable to its fronting of Extensions of Credit arising from that Defaulting Lender and (y) not be required to pay the remaining amount of such fee that otherwise would have been required to have been paid to that Defaulting Lender) and (ii) interest on Loans and Participation Amounts funded by such Lender prior to the period in which such Lender became a Defaulting Lender or during the period in which such Lender is a Defaulting Lender;

(c) during any period in which there is a Defaulting Lender, for purposes of computing the amount of the obligation of each non-Defaulting Lender to acquire, refinance or fund participations in Swingline Loans pursuant to Section 2.5 and Letters of Credit pursuant to Section 3.4, the Percentage of each non-Defaulting Lender shall be computed without giving effect to the Commitment of that Defaulting Lender; *provided*, that, (i) each such reallocation shall be given effect only if, at the date the applicable Lender becomes a Defaulting Lender, no Default or Event of Default exists; and (ii) the aggregate obligation of each non-Defaulting Lender to acquire, refinance or fund participations in Swingline Loans and L/C Obligations shall not exceed the positive difference, if any, of (1) the Commitment of that non-Defaulting Lender minus (2) the aggregate outstanding Loans of that Lender and that Lender's Percentage of L/C Obligations;

(d) if the reallocation described in paragraph (c) above cannot, or can only partially, be effected, the Borrower shall within one Business Day following notice by the Administrative Agent (after giving effect to any partial reallocation pursuant to paragraph (c) above) deposit cash with the Administrative Agent as collateral to secure such Defaulting Lender's Percentage of any outstanding L/C Obligations for so long as any such L/C Obligation are outstanding; and

(e) that Defaulting Lender's right to approve or disapprove any amendment, supplement, modification, waiver or consent with respect to this Agreement shall be restricted as set forth in the definition of "Required Lenders" and Section 10.1.

If the Borrower, the Administrative Agent, Swingline Lender and each Issuing Lender reasonably determine in writing that a Defaulting Lender should no longer be deemed to be a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein (which may include arrangements with respect to any cash collateral), that Lender will, to the extent applicable, purchase that portion of outstanding Loans and Participation Amounts of the other Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Loans and funded and unfunded participations in Swingline Loans and Letters of Credit to be held on a pro rata basis by the Lenders in accordance with their Percentages (without giving effect to Section 2.20(c)), whereupon that Lender will cease to be a Defaulting Lender; provided that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while that Lender was a Defaulting Lender; and provided, further, that except to the extent otherwise expressly agreed by the affected parties, no change

hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

Cash collateral held by the Administrative Agent to reduce Fronting Exposure shall be released to the applicable Lender promptly following (i) the elimination of the applicable Fronting Exposure or other obligations giving rise thereto (including by the termination of Defaulting Lender status of the applicable Lender (or, as appropriate, its assignee following compliance with Section 10.6)); (ii) the Administrative Agent's good faith determination that there exists excess cash collateral; and (iii) the termination of the Commitment Period and the repayment in full of all outstanding Loans and L/C Obligations.

SECTION 3. LETTERS OF CREDIT

3.1 L/C Commitment.

(a) Subject to the terms and conditions hereof, each Issuing Lender, in reliance on the agreements of the other Lenders set forth in Section 3.4(a), agrees to issue standby and commercial letters of credit; provided, however, that The Royal Bank of Scotland plc shall not be required to issue commercial letters of credit (the letters of credit issued pursuant to this Section 3, collectively, the "Letters of Credit"), for the account of the Borrower on any Business Day on or after the Effective Date and during the Commitment Period in such form as may be approved from time to time by such Issuing Lender; provided, that no Issuing Lender shall issue, amend, extend or renew any Letter of Credit if, after giving effect to such issuance, amendment, extension or renewal, (i) the aggregate amount of L/C Obligations owed by the Borrower to any Issuing Lender shall exceed the amount of such Issuing Lender's L/C Pro Rata Share of the L/C Commitment (or such higher amount agreed upon in writing between the Borrower and such Issuing Lender), (ii) the L/C Obligations would exceed the L/C Commitment and (iii) the aggregate amount of the Available Commitments would be less than zero. Each Letter of Credit shall (i) be denominated in Dollars and (ii) expire no later than the earlier of (x) the first anniversary of its date of issuance and (y) the date which is five Business Days prior to the Termination Date; provided that any Letter of Credit with a one-year term may provide for the renewal thereof for additional one-year periods (which shall in no event extend beyond the date referred to in clause (y) above).

(b) No Issuing Lender shall at any time be obligated to issue, amend, extend or renew any Letter of Credit hereunder if such issuance, amendment, extension or renewal would conflict with, or cause such Issuing Lender or any L/C Participant to exceed any limits imposed by, any applicable Requirement of Law.

(c) Unless otherwise specified herein, the amount of a Letter of Credit at any time shall be deemed to be the stated amount of such Letter of Credit in effect at such time; provided, however, that with respect to any Letter of Credit that provides for one or more automatic increases in the stated amount thereof, the amount of such Letter of Credit shall be deemed to be the maximum stated amount of such Letter of Credit after giving effect to all such increases, whether or not such maximum stated amount is in effect at such time.

(d) For all purposes of this Agreement, if on any date of determination, a Letter of Credit has expired by its terms but any amount may still be drawn thereunder by reason of the operation of Rule 3.14 of the ISP, such Letter of Credit shall be deemed to be “outstanding” in the amount so remaining available to be drawn.

3.2 Procedure for Issuance of Letters of Credit. The Borrower may from time to time request that an Issuing Lender issue a Letter of Credit by delivering to such Issuing Lender at its address for notices specified herein an Application therefor, completed to the satisfaction of such Issuing Lender, and such other certificates, documents and other papers and information as such Issuing Lender may request. Concurrently with the delivery of an Application to an Issuing Lender, the Borrower shall deliver a copy thereof to the Administrative Agent and the Administrative Agent shall provide notice of such request to the Lenders. Upon receipt of any Application, an Issuing Lender will process such Application and the certificates, documents and other papers and information delivered to it in connection therewith in accordance with its customary procedures and shall promptly issue the Letter of Credit requested thereby by issuing the original of such Letter of Credit to the beneficiary thereof or as otherwise may be agreed to by such Issuing Lender and the Borrower (but in no event shall any Issuing Lender be required to issue any Letter of Credit earlier than three Business Days after its receipt of the Application therefor and all such other certificates, documents and other papers and information relating thereto). Promptly after issuance by an Issuing Lender of a Letter of Credit, such Issuing Lender shall furnish a copy of such Letter of Credit to the Borrower. Each Issuing Lender shall promptly give notice to the Administrative Agent of the issuance of each Letter of Credit issued by such Issuing Lender (including the amount thereof), and shall provide a copy of such Letter of Credit to the Administrative Agent as soon as possible after the date of issuance. Unless otherwise expressly agreed by an Issuing Lender and the Borrower, when a Letter of Credit is issued (i) the rules of the ISP shall apply to each standby Letter of Credit, and (ii) the rules of the Uniform Customs and Practice for Documentary Credits, as most recently published by the International Chamber of Commerce at the time of issuance shall apply to each commercial Letter of Credit.

3.3 Fees and Other Charges.

(a) The Borrower will pay a fee on the aggregate drawable amount of all outstanding Letters of Credit at a per annum rate equal to the Applicable Margin then in effect with respect to Eurodollar Loans, shared ratably among the Lenders (other than Defaulting Lenders to the extent provided in Section 2.20) in accordance with their respective Percentages and payable quarterly in arrears on each Fee Payment Date after the issuance date. In addition, the Borrower shall pay to the relevant Issuing Lender for its own account a fronting fee on the aggregate drawable amount of all outstanding Letters of Credit issued in an amount to be agreed between the Borrower and such Issuing Lender, payable quarterly in arrears on each Fee Payment Date after the issuance date.

(b) In addition to the foregoing fees, the Borrower shall pay or reimburse each Issuing Lender for such normal and customary costs and expenses as are incurred or charged by such Issuing Lender in issuing, negotiating, effecting payment under, amending, renewing or otherwise administering any Letter of Credit.

3.4 L/C Participations.

(a) Each Issuing Lender irrevocably agrees to grant and hereby grants to each L/C Participant, and, to induce each Issuing Lender to issue Letters of Credit hereunder, each L/C Participant irrevocably agrees to accept and purchase and hereby accepts and purchases from each Issuing Lender, on the terms and conditions hereinafter stated, for such L/C Participant's own account and risk, an undivided interest equal to such L/C Participant's Percentage in each Issuing Lender's obligations and rights under each Letter of Credit issued by such Issuing Lender hereunder and the amount of each draft paid by such Issuing Lender thereunder. Each L/C Participant unconditionally and irrevocably agrees with each Issuing Lender that, if a draft is paid under any Letter of Credit issued by such Issuing Lender for which such Issuing Lender is not reimbursed in full by the Borrower in accordance with the terms of this Agreement, such L/C Participant shall pay to the Administrative Agent for the account of such Issuing Lender upon demand at such Issuing Lender's address for notices specified herein (and thereafter the Administrative Agent shall promptly pay to such Issuing Lender) an amount equal to such L/C Participant's Percentage of the amount of such draft, or any part thereof, that is not so reimbursed. Each L/C Participant's obligation to pay such amount shall be absolute and unconditional and shall not be affected by any circumstance, including (i) any setoff, counterclaim, recoupment, defense or other right that such L/C Participant may have against the Issuing Lender, the Borrower or any other Person for any reason whatsoever, (ii) the occurrence or continuance of a Default or an Event of Default or the failure to satisfy any of the other conditions specified in Section 5, (iii) any adverse change in the condition (financial or otherwise) of the Borrower, (iv) any breach of this Agreement or any other Loan Document by the Borrower or any other L/C Participant or (v) any other circumstance, happening or event whatsoever, whether or not similar to any of the foregoing.

(b) If any amount (a "Participation Amount") required to be paid by any L/C Participant to an Issuing Lender pursuant to Section 3.4(a) in respect of any unreimbursed portion of any payment made by such Issuing Lender under any Letter of Credit is not paid to such Issuing Lender within three Business Days after the date such payment is due, such Issuing Lender shall so notify the Administrative Agent, which shall promptly notify the L/C Participants, and each L/C Participant shall pay to the Administrative Agent, for the account of such Issuing Lender, on demand (and thereafter the Administrative Agent shall promptly pay to such Issuing Lender) an amount equal to the product of (i) such Participation Amount, times (ii) the daily average Federal Funds Effective Rate during the period from and including the date such payment is required to the date on which such payment is immediately available to such Issuing Lender, times (iii) a fraction the numerator of which is the number of days that elapse during such period and the denominator of which is 360. If any Participation Amount required to be paid by any L/C Participant pursuant to Section 3.4(a) is not made available to the Administrative Agent for the account of the relevant Issuing Lender by such L/C Participant within three Business Days after the date such payment is due, the Administrative Agent on behalf of such Issuing Lender shall be entitled to recover from such L/C Participant, on demand, such Participation Amount with interest thereon calculated from such due date at the rate per annum applicable to ABR Loans. A certificate of the Administrative Agent submitted on behalf of an Issuing Lender to any L/C Participant with respect to any amounts owing under this Section shall be conclusive in the absence of manifest error.

(c) Whenever, at any time after an Issuing Lender has made payment under any Letter of Credit and has received from the Administrative Agent any L/C Participant's *pro rata* share of such payment in accordance with Section 3.4(a), such Issuing Lender receives any payment related to such Letter of Credit (whether directly from the Borrower or otherwise, including proceeds of collateral applied thereto by such Issuing Lender), or any payment of interest on account thereof, such Issuing Lender will distribute to the Administrative Agent for the account of such L/C Participant (and thereafter the Administrative Agent will promptly distribute to such L/C Participant) its *pro rata* share thereof; provided, however, that in the event that any such payment received by such Issuing Lender shall be required to be returned by such Issuing Lender, such L/C Participant shall return to the Administrative Agent for the account of such Issuing Lender (and thereafter the Administrative Agent shall promptly return to such Issuing Lender) the portion thereof previously distributed by such Issuing Lender.

3.5 Reimbursement Obligation of the Borrower. The Borrower agrees to reimburse each Issuing Lender on (i) the Business Day on which the Borrower receives notice from an Issuing Lender of a draft drawn on a Letter of Credit issued by such Issuing Lender and paid by such Issuing Lender, if such notice is received on such Business Day prior to 11:00 A.M., New York City time, or (ii) if clause (i) above does not apply, the Business Day immediately following the day on which the Borrower receives such notice, for the amount of (a) such draft so paid and (b) any taxes, fees, charges or other costs or expenses incurred by such Issuing Lender in connection with such payment which are obligations of the Borrower hereunder (the amounts described in the foregoing clauses (a) and (b) in respect of any drawing, collectively, the "Payment Amount"). Each such payment shall be made to such Issuing Lender at its address for notices specified herein in lawful money of the United States of America and in immediately available funds. Interest shall be payable on each Payment Amount from the date of the applicable drawing until payment in full at the rate set forth in (i) until the second Business Day following the date of the applicable drawing, Section 2.11(b) and (ii) thereafter, Section 2.11(c). Each drawing under any Letter of Credit shall (unless an event of the type described in clause (i) or (ii) of Section 8(f) shall have occurred and be continuing with respect to the Borrower, in which case the procedures specified in Section 3.4 for funding by L/C Participants shall apply) constitute a request by the Borrower to the Administrative Agent for a borrowing pursuant to Section 2.1 of ABR Loans (or, at the option of the Administrative Agent and the Swingline Lender in their sole discretion, a borrowing pursuant to Section 2.4 of Swingline Loans) in the amount of such drawing. The Borrowing Date with respect to such borrowing shall be the first date on which a borrowing of Revolving Loans (or, if applicable, Swingline Loans) could be made, pursuant to Section 2.1 (or, if applicable, Section 2.4), if the Administrative Agent had received a notice of such borrowing at the time the Administrative Agent receives notice from the relevant Issuing Lender of such drawing under such Letter of Credit.

3.6 Obligations Absolute. The Borrower's obligations under this Section 3 shall be absolute and unconditional under any and all circumstances and irrespective of any setoff, counterclaim or defense to payment that the Borrower may have or have had against any Issuing Lender, any beneficiary of a Letter of Credit or any other Person; other than with respect to any action taken or omitted by an Issuing Lender under or in connection with any Letter of Credit issued by it or the related drafts or documents found in a final judgment of a court of competent jurisdiction to constitute gross negligence or willful misconduct or not in accordance with the standards of care specified in the Uniform Commercial Code of the State of New York. The Borrower also agrees with each Issuing Lender that such Issuing Lender shall not be responsible for, and the Borrower's Reimbursement Obligations under Section 3.5 shall not be affected by, among other things, the validity or genuineness of documents or of any endorsements thereon, even though such documents shall in fact prove to be invalid, fraudulent or forged, or any dispute between or among the Borrower and any beneficiary of any Letter of Credit or any other party to which such Letter of Credit may be transferred or any claims whatsoever of the Borrower against any beneficiary of such Letter of Credit or any such transferee. No Issuing Lender shall be liable for any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with any Letter of Credit, except for errors or omissions which resulted from the gross negligence or willful misconduct of such Issuing Lender as determined in a final judgment of a court of competent jurisdiction. The Borrower agrees that any action taken or omitted by an Issuing Lender under or in connection with any Letter of Credit issued by it or the related drafts or documents, if done in the absence of gross negligence or willful misconduct and in accordance with the standards of care specified in the Uniform Commercial Code of the State of New York as determined in a final judgment of a court of competent jurisdiction, shall be binding on the Borrower and shall not result in any liability of such Issuing Lender to the Borrower.

3.7 Letter of Credit Payments. If any draft shall be presented for payment under any Letter of Credit, the relevant Issuing Lender shall promptly notify the Borrower and the Administrative Agent of the date and amount thereof. The responsibility of the relevant Issuing Lender to the Borrower in connection with any draft presented for payment under any Letter of Credit, in addition to any payment obligation expressly provided for in such Letter of Credit issued by such Issuing Lender, shall be limited, in the absence of gross negligence or willful misconduct or failure to act in accordance with the standards of care specified in the Uniform Commercial Code of the State of New York, to determining that the documents (including each draft) delivered under such Letter of Credit in connection with such presentment appear on their face to be in conformity with such Letter of Credit.

3.8 Applications. To the extent that any provision of any Application related to any Letter of Credit is inconsistent with the provisions of this Section 3, the provisions of this Section 3 shall apply.

3.9 Actions of Issuing Lenders. Each Issuing Lender shall be entitled to rely, and shall be fully protected in relying, upon any draft, writing, resolution, notice, consent, certificate, affidavit, letter, cablegram, telegram, telecopy, telex or teletype message, statement, order or other document believed by it in good faith to be genuine and correct and to have been signed, sent or made by the proper Person or Persons, and upon advice and statements of legal counsel, independent accountants and other experts selected by such Issuing Lender. Each Issuing Lender

shall be fully justified in failing or refusing to take any action under this Agreement unless it shall first have received such advice or concurrence of the Required Lenders as it reasonably deems appropriate or it shall first be indemnified to its reasonable satisfaction by the Lenders against any and all liability and expense which may be incurred by it by reason of taking or continuing to take any such action. Notwithstanding any other provision of this Section, as between the Issuing Lenders and the Lenders, each Issuing Lender shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement in accordance with a request of the Required Lenders, and such request and any action taken or failure to act pursuant thereto shall be binding upon the Lenders and any future holders of a participation in any Letter of Credit.

3.10 Borrower's Indemnification. The Borrower hereby agrees to indemnify and hold harmless each Lender, each Issuing Lender and the Administrative Agent, and their respective directors, officers, agents and employees from and against any and all claims and damages, losses, liabilities, costs or expenses which such Lender, such Issuing Lender or the Administrative Agent may incur (or which may be claimed against such Lender, such Issuing Lender or the Administrative Agent by any Person whatsoever) by reason of or in connection with the issuance, execution and delivery or transfer of or payment or failure to pay under any Letter of Credit or any actual or proposed use of any Letter of Credit, including, without limitation, any claims, damages, losses, liabilities, costs or expenses which such Issuing Lender may incur by reason of or in connection with (i) the failure of any other Lender to fulfill or comply with its obligations to an Issuing Lender hereunder (but nothing herein contained shall affect any rights the Borrower may have against any Defaulting Lender) or (ii) by reason of or on account of an Issuing Lender issuing any Letter of Credit which specifies that the term "Beneficiary" included therein includes any successor by operation of law of the named Beneficiary, but which Letter of Credit does not require that any drawing by any such successor Beneficiary be accompanied by a copy of a legal document, satisfactory to such Issuing Lender, evidencing the appointment of such successor Beneficiary; provided that the Borrower shall not be required to indemnify any Lender, any Issuing Lender or the Administrative Agent for any claims, damages, losses, liabilities, costs or expenses to the extent, but only to the extent, caused by (x) the willful misconduct or gross negligence of such Issuing Lender in determining whether a request presented under any Letter of Credit complied with the terms of such Letter of Credit and in accordance with the standards of care specified in the Uniform Commercial Code of the State of New York as determined in a final judgment of a court of competent jurisdiction or (y) such Issuing Lender's failure to pay under any Letter of Credit after the presentation to it of a request strictly complying with the terms and conditions of such Letter of Credit. Nothing in this Section is intended to limit the obligations of the Borrower under any other provision of this Agreement.

3.11 Lenders' Indemnification. Each Lender shall, ratably in accordance with its Percentage, indemnify each Issuing Lender, its Affiliates and their respective directors, officers, agents and employees (to the extent not reimbursed by the Borrower) against any cost, expense (including reasonable counsel fees and disbursements), claim, demand, action, loss or liability (except such as result from such indemnitees' gross negligence or willful misconduct or failure to comply with the standard of care specified in the Uniform Commercial Code of the State of New York or such Issuing Lender's failure to pay under any Letter of Credit after the presentation to it of a request strictly complying with the terms and conditions of the Letter of

Credit in each case as determined in a final judgment of a court of competent jurisdiction) that such indemnitees may suffer or incur in connection with this Section or any action taken or omitted by such indemnitees hereunder.

SECTION 4.

REPRESENTATIONS AND WARRANTIES

To induce the Administrative Agent and the Lenders to enter into this Agreement and to make the Loans and issue or participate in the Letters of Credit, the Borrower hereby represents and warrants to the Administrative Agent and each Lender, on the Effective Date and, except as provided in Section 5.2(a), on the date of each Credit Event hereunder after the Effective Date, that:

4.1 Financial Condition. The audited consolidated balance sheet of the Borrower and its consolidated Subsidiaries as of December 31, 2012, and the related consolidated statement of operations and cash flows for the fiscal year ended on such date, reported on by Deloitte & Touche LLP, present fairly in all material respects the consolidated financial condition of the Borrower and its consolidated Subsidiaries as of such date, and the consolidated results of its operations and its consolidated cash flows for the respective fiscal year then ended. All such financial statements, including the related schedules and notes thereto, have been prepared in accordance with GAAP applied consistently throughout the periods involved.

4.2 No Change. Since December 31, 2012, there has been no development or event that has had or could reasonably be expected to have a Material Adverse Effect, except as disclosed in the Specified Exchange Act Filings.

4.3 Existence; Compliance with Law. Each of the Borrower and its Significant Subsidiaries (a) is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization, (b) has the corporate power and corporate authority to own and operate its property, to lease the property it operates as lessee and to conduct the business in which it is currently engaged, (c) is duly qualified as a foreign corporation or other organization and in good standing under the laws of each jurisdiction where its ownership, lease or operation of property or the conduct of its business requires such qualification except to the extent that the failure to so qualify could not reasonably be expected to have a Material Adverse Effect and (d) is in compliance with all Requirements of Law except for any Requirements of Law being contested in good faith by appropriate proceedings and except to the extent that the failure to comply therewith could not, in the aggregate, reasonably be expected to have a Material Adverse Effect.

4.4 Power; Authorization; Enforceable Obligations. The Borrower has the corporate power and corporate authority to make, deliver and perform the Loan Documents and to obtain extensions of credit hereunder. The Borrower has taken all necessary corporate action to authorize the execution, delivery and performance of the Loan Documents and to authorize the extensions of credit on the terms and conditions of this Agreement. No consent or authorization of, filing with, notice to or other act by or in respect of, any Governmental Authority or any other Person is required in connection with the extensions of credit hereunder or with the execution, delivery, performance, validity or enforceability of this Agreement or any of the Loan Documents (other than the Indenture), except (i) consents, authorizations, filings and notices

which have been obtained or made and are in full force and effect, (ii) any consent, authorization or filing that may be required in the future the failure of which to make or obtain could not reasonably be expected to have a Material Adverse Effect and (iii) applicable regulatory requirements (including the approval of the CPUC) prior to foreclosure under the Indenture. This Agreement has been, and each other Loan Document upon execution and delivery will be, duly executed and delivered. This Agreement constitutes, and each other Loan Document upon execution will constitute, a legal, valid and binding obligation of the Borrower, enforceable against the Borrower in accordance with its terms, except as enforceability may be limited by (x) applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally, laws of general application related to the enforceability of securities secured by real estate and by general equitable principles (whether enforcement is sought by proceedings in equity or at law) and (y) applicable regulatory requirements (including the approval of the CPUC) prior to foreclosure under the Indenture.

4.5 No Legal Bar. The execution, delivery and performance of this Agreement and the other Loan Documents, the issuance of Letters of Credit, the borrowings hereunder and the use of the proceeds thereof will not violate in any material respect any Requirement of Law or any Contractual Obligation of the Borrower or any of its Significant Subsidiaries and will not result in, or require, the creation or imposition of any Lien on any of their respective properties or revenues pursuant to any Requirement of Law or any such Contractual Obligation (other than the Liens created by the Indenture).

4.6 Litigation.

(a) No litigation, investigation or proceeding of or before any arbitrator or Governmental Authority is pending or, to the knowledge of the Borrower, threatened in writing by or against the Borrower or any of its Significant Subsidiaries or against any of their material respective properties or revenues with respect to any of the Loan Documents.

(b) No litigation, investigation or proceeding of or before any arbitrator or Governmental Authority is pending or, to the knowledge of the Borrower, threatened in writing by or against the Borrower or any of its Significant Subsidiaries or against any of their material respective properties or revenues, except as disclosed in the Specified Exchange Act Filings, that could reasonably be expected to have a Material Adverse Effect.

4.7 No Default. No Default or Event of Default has occurred and is continuing.

4.8 Taxes. The Borrower and each of its Significant Subsidiaries has filed or caused to be filed all Federal and state returns of income and franchise taxes imposed in lieu of net income taxes and all other material tax returns that are required to be filed and has paid all taxes shown to be due and payable on said returns or with respect to any claims or assessments for taxes made against it or any of its property by any Governmental Authority (other than (i) any amounts the validity of which are currently being contested in good faith by appropriate proceedings and with respect to which reserves in conformity with GAAP have been provided on the books of the Borrower or any of its Significant Subsidiaries, as applicable, and (ii) claims which could not reasonably be expected to have a Material Adverse Effect). No tax Liens have been filed against the Borrower or any of its Significant Subsidiaries other than (A) Liens for

taxes which are not delinquent or (B) Liens for taxes which are being contested in good faith by appropriate proceedings and with respect to which reserves in conformity with GAAP have been provided on the books of the Borrower or any of its Significant Subsidiaries, as applicable.

4.9 Federal Regulations. No part of the proceeds of any Loans, and no other extensions of credit hereunder, will be used for “buying” or “carrying” any “margin stock” within the respective meanings of each of the quoted terms under Regulation U as now and from time to time hereafter in effect or for any purpose that violates the provisions of the Regulations of the Board.

4.10 ERISA. No Reportable Event has occurred during the five year period prior to the date on which this representation is made or deemed made with respect to any Plan, and each Plan has complied with the applicable provisions of ERISA and the Code, except, in each case, to the extent that any such Reportable Event or failure to comply with the applicable provisions of ERISA or the Code could not reasonably be expected to result in a Material Adverse Effect. During the five year period prior to the date on which this representation is made or deemed made, there has been no (i) failure to make a required contribution to any Plan that would result in the imposition of a lien or other encumbrance or the provision of security under Section 430 of the Code or Section 303 or 4068 of ERISA, or the arising of such a lien or encumbrance; or (ii) “unpaid minimum required contribution” or “accumulated funding deficiency” (as defined or otherwise set forth in Section 4971 of the Code or Part 3 of Subtitle B of Title I of ERISA), whether or not waived, except, in each case, to the extent that such event could not reasonably be expected to result in a Material Adverse Effect. No termination of a Single Employer Plan has occurred, and no Lien in favor of the PBGC or a Plan has arisen, during such five-year period. The present value of all accrued benefits under each Single Employer Plan (based on those assumptions used to fund such Plans) did not, as of the last annual valuation date prior to the date on which this representation is made or deemed made, exceed the value of the assets of such Plan allocable to such accrued benefits, except as could not reasonably be expected to result in a Material Adverse Effect. Neither the Borrower nor any Commonly Controlled Entity has had a complete or partial withdrawal from any Multiemployer Plan during the five year period prior to the date on which this representation is made or deemed made that has resulted or could reasonably be expected to result in a material liability under ERISA, and neither the Borrower nor any Commonly Controlled Entity would become subject to any liability under ERISA if the Borrower or any such Commonly Controlled Entity were to withdraw completely from all Multiemployer Plans as of the valuation date most closely preceding the date on which this representation is made or deemed made, except as could not reasonably be expected to result in a Material Adverse Effect. No such Multiemployer Plan is in Reorganization or Insolvent.

4.11 Investment Company Act; Other Regulations. The Borrower is not an “investment company”, or a company “controlled” by an “investment company”, within the meaning of the Investment Company Act of 1940, as amended. On the date hereof, the Borrower is not subject to regulation under any Requirement of Law (other than (a) Regulation X of the Board and (b) Sections 817-830, and Sections 701 and 851 of the California Public Utilities Code) that limits its ability to incur Indebtedness under this Agreement.

4.12 Use of Proceeds. The proceeds of the Revolving Loans, the Swingline Loans and the Letters of Credit shall be used (i) for working capital purposes and (ii) for general corporate purposes, including commercial paper back-up and to support liquidity requirements associated with the Borrower's energy procurement hedging activities.

4.13 Environmental Matters. Except as disclosed in the Specified Exchange Act Filings, the Borrower and its Significant Subsidiaries do not have liabilities under Environmental Laws or relating to Materials of Environmental Concern that would reasonably be expected to have a Material Adverse Effect, and, to the knowledge of the Borrower, there are no facts, circumstances or conditions that could reasonably be expected to give rise to such liabilities.

4.14 Regulatory Matters. Solely by virtue of the execution, delivery and performance of, or the consummation of the transactions contemplated by this Agreement, no Lender shall be or become subject to regulation (a) under the FPA or (b) as a "public utility" or "public service corporation" or the equivalent under any Requirement of Law.

(e) Legal Opinion. The Administrative Agent shall have received the legal opinion of Orrick, Herrington & Sutcliffe LLP, counsel to the Borrower, substantially in the form of Exhibit F.

(f) Representations and Warranties. Each of the representations and warranties made by the Borrower in this Agreement that does not contain a materiality qualification shall be true and correct in all material respects on and as of the Effective Date, and each of the representations and warranties made by the Borrower in this Agreement that contains a materiality qualification shall be true and correct on and as of the Effective Date (or, to the extent such representations and warranties specifically relate to an earlier date, that such representations and warranties were true and correct in all material respects, or true and correct, as the case may be, as of such earlier date).

(g) No Default. No Default or Event of Default shall have occurred and be continuing.

5.2 Conditions to Each Credit Event. The agreement of each Lender to make any Loan or to issue or extend the expiry date under, or participate in, a Letter of Credit (other than the extension of a Letter of Credit pursuant to the evergreen provisions therein) (each, a “Credit Event”), including each Issuing Lender to issue a Letter of Credit, on any date (including any Credit Event to occur on the Effective Date) is subject to the satisfaction of the following conditions precedent:

(a) Representations and Warranties. Each of the representations and warranties made by the Borrower in this Agreement that does not contain a materiality qualification (other than, with respect to any Credit Event after the Effective Date, the representations and warranties set forth in Sections 4.2, 4.6(b) and 4.13) shall be true and correct in all material respects on and as of the date of such Credit Event as if made on and as of such date, and each of the representations and warranties made by the Borrower in this Agreement that contains a materiality qualification (other than, with respect to any Credit Event after the Effective Date, the representations and warranties set forth in Sections 4.2, 4.6(b) and 4.13) shall be true and correct on and as of such date (or, to the extent such representations and warranties specifically relate to an earlier date, that such representations and warranties were true and correct in all material respects, or true and correct, as the case may be, as of such earlier date).

(b) No Default. No Default or Event of Default shall have occurred and be continuing on the date of such Credit Event or after giving effect to the Credit Event requested to be made on such date.

Each borrowing of Loans hereunder, and each request by the Borrower for the issuance of or extension of an expiry date under a Letter of Credit hereunder (other than the extension of a Letter of Credit pursuant to the evergreen provisions therein), shall constitute a representation and warranty by the Borrower as of the date of such Credit Event that the conditions contained in this Section 5.2 have been satisfied.

SECTION 6. AFFIRMATIVE COVENANTS

6.6 Inspection of Property; Books and Records; Discussions. (a) Keep proper books of records and account in which full, true and correct entries in conformity with GAAP and all Requirements of Law shall be made of all dealings and transactions in relation to its business and activities and (b) unless a Default or Event of Default has occurred and is continuing, not more than once a year and after at least five Business Days' notice, (i) permit representatives of any Lender to visit and inspect any of its properties and examine and make abstracts from any of its

Maintain in full force and effect any authorization, consent, license or approval of any Governmental Authority necessary for the conduct of the Borrower's business as now conducted by it or necessary in connection with this Agreement, except to the extent the failure to do so could not reasonably be expected to have a Material Adverse Effect.

(c) the Borrower shall default in the observance or performance of any agreement contained in Section 7.1 or Section 7.3 of this Agreement; or

(d) the Borrower shall default in the observance or performance of any other agreement contained in this Agreement or any other Loan Document (other than as provided in paragraphs (a) through (c) of this Section), and such default shall continue unremedied for a period of 30 days after notice to the Borrower from the Administrative Agent at the request of the Required Lenders; or

(e) the Borrower or any of its Significant Subsidiaries shall (i) default in making any payment of any principal of any Indebtedness (including any Guarantee Obligation, but excluding the Loans) on the due date with respect thereto (after giving effect to any period of grace, if any, provided in the instrument or agreement under which such Indebtedness was created); or (ii) default in making any payment of any interest on any such Indebtedness beyond the period of grace, if any, provided in the instrument or agreement under which such Indebtedness was created; or (iii) default in the observance or performance of any other agreement or condition relating to any such Indebtedness or contained in any instrument or agreement evidencing, securing or relating thereto, or any other event shall occur or condition exist, the effect of which default or other event or condition is to cause, or (in the case of all Indebtedness other than Indebtedness under any Swap Agreement) to permit the holder or beneficiary of such Indebtedness (or a trustee or agent on behalf of such holder or beneficiary) to cause, with the giving of notice if required, such Indebtedness to become due prior to its stated maturity or (in the case of any such Indebtedness constituting a Guarantee Obligation) to become payable; provided, that a default, event or condition described in clause (i), (ii) or (iii) of this paragraph (e) shall not at any time constitute an Event of Default unless, at such time, one or more defaults, events or conditions of the type described in clauses (i), (ii) and (iii) of this paragraph (e) shall have occurred and be continuing with respect to Indebtedness the outstanding principal amount of which exceeds in the aggregate \$100,000,000; provided further, that unless payment of the Loans hereunder has already been accelerated, if such default shall be cured by the Borrower or such Significant Subsidiary or waived by the holders of such Indebtedness and any acceleration of maturity having resulted from such default shall be rescinded or annulled, in each case, in accordance with the terms of such agreement or instrument, without any modification of the terms of such Indebtedness requiring the Borrower or such Significant Subsidiary to furnish security or additional security therefor, reducing the average life to maturity thereof or increasing the principal amount thereof, or any agreement by the Borrower or such Significant Subsidiary to furnish security or additional security therefor or to issue in lieu thereof Indebtedness secured by additional or other collateral or with a shorter average life to maturity or in a greater principal amount, then any Default hereunder by reason thereof shall be deemed likewise to have been thereupon cured or waived; or

part of its assets, or the Borrower or any of its Significant Subsidiaries shall make a general assignment for the benefit of its creditors; or (ii) there shall be commenced against the Borrower or any of its Significant Subsidiaries any case, proceeding or other action of a nature referred to in clause (i) above that (A) results in the entry of an order for relief or any such adjudication or appointment or (B) remains undismissed, undischarged or unbonded for a period of 60 days; or (iii) there shall be commenced against the Borrower or any of its Significant Subsidiaries any case, proceeding or other action seeking issuance of a warrant of attachment, execution, distraint or similar process against all or any substantial part of its assets that results in the entry of an order for any such relief that shall not have been vacated, discharged, or stayed or bonded pending appeal within 60 days from the entry thereof; or (iv) the Borrower or any of its Significant Subsidiaries shall generally not, or shall be unable to, or shall admit in writing its inability to, pay its debts as they become due; or

(g) a trustee shall be appointed to administer any Plan under Section 4042 of ERISA, or the PBGC shall institute proceedings to terminate, or to have a trustee appointed to administer any Plan and such proceedings shall continue undismissed or unstayed and in effect for a period of 60 days, but only if any such event could reasonably be expected to result in a Material Adverse Effect; or

(h) one or more judgments or decrees shall be entered against the Borrower or any of its Significant Subsidiaries by a court of competent jurisdiction involving in the aggregate a liability (not paid or, subject to customary deductibles, fully covered by insurance as to which the relevant insurance company has not denied coverage) of \$100,000,000 or more, and all such judgments or decrees shall not have been vacated, discharged, stayed or bonded pending appeal within 30 days from the entry thereof unless, in the case of a discharge, such judgment or decree is due at a later date in one or more payments and the Borrower or such Subsidiary satisfies the obligation to make such payment or payments on or prior to the date such payment or payments become due in accordance with such judgment or decree; or

(i) there shall have occurred a Change of Control.

then, and in any such event, (A) if such event is an Event of Default specified in clause (i) or (ii) of paragraph (f) above with respect to the Borrower, automatically the Commitments shall immediately terminate and the Loans (with accrued interest thereon) and all other amounts owing under this Agreement and the other Loan Documents (including all amounts of L/C Obligations, whether or not the beneficiaries of the then outstanding Letters of Credit shall have presented the documents required thereunder) shall immediately become due and payable, and (B) if such event is any other Event of Default, either or both of the following actions may be taken: (i) with the consent of the Required Lenders, the Administrative Agent may, or upon the request of the Required Lenders, the Administrative Agent shall, by notice to the Borrower declare the Commitments to be terminated forthwith, whereupon the Commitments shall immediately terminate; and (ii) with the consent of the Required Lenders, the Administrative Agent may, or upon the request of the Required Lenders, the Administrative Agent shall, by notice to the Borrower, declare the Loans (with accrued interest thereon) and all other amounts owing under this Agreement and the other Loan Documents (including all amounts of L/C Obligations, whether or not the beneficiaries of the then outstanding Letters of Credit shall have presented the documents required thereunder) to be due and payable forthwith, whereupon the

same shall immediately become due and payable. With respect to all Letters of Credit with respect to which presentment for honor shall not have occurred at the time of an acceleration pursuant to this paragraph, the Borrower shall at such time deposit in an interest-bearing cash collateral account opened by the Administrative Agent an amount equal to the aggregate then undrawn and unexpired amount of such Letters of Credit. Amounts held in such interest-bearing cash collateral account shall be applied by the Administrative Agent to the payment of drafts drawn under such Letters of Credit, and the unused portion thereof after all such Letters of Credit shall have expired or been fully drawn upon, if any, shall be applied to repay other obligations of the Borrower hereunder and under the other Loan Documents. After all such Letters of Credit shall have expired or been fully drawn upon, all Reimbursement Obligations shall have been satisfied and all other obligations of the Borrower hereunder and under the other Loan Documents shall have been paid in full, the balance, if any, in such interest-bearing cash collateral account shall be returned to the Borrower (or such other Person as may be lawfully entitled thereto). Except as expressly provided above in this Section, presentment, demand, protest and all other notices of any kind are hereby expressly waived by the Borrower.

SECTION 9.

THE AGENTS

9.1 Appointment and Authority. Each of the Lenders and the Issuing Lenders hereby irrevocably appoints Citibank, N.A. to act on its behalf as the Administrative Agent hereunder and under the other Loan Documents and authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto. The provisions of this Section 9 are solely for the benefit of the Administrative Agent, the Lenders and the Issuing Lenders, and the Borrower shall not have rights as a third-party beneficiary of any of such provisions (other than with respect to the Borrower's rights under Sections 9.9(a) and (b)). It is understood and agreed that the use of the term "agent" herein or in any other Loan Documents (or any other similar term) with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any applicable law. Instead such term is used as a matter of market custom, and is intended to create or reflect only an administrative relationship between contracting parties.

9.2 Delegation of Duties. The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. The exculpatory provisions of this Section shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the credit facilities provided for herein as well as activities as Administrative Agent. The Administrative Agent shall not be responsible for the negligence or misconduct of any sub-agents except to the extent that a court of competent jurisdiction determines in a final and nonappealable judgment that the Administrative Agent acted with gross negligence or willful misconduct in the selection of such sub-agents.

9.3 Exculpatory Provisions.

(a) No Agent shall have any duties or obligations except those expressly set forth herein and in the other Loan Documents, and its duties hereunder shall be administrative in nature. Without limiting the generality of the foregoing, no Agent:

(i) shall be subject to any fiduciary or other implied duties, regardless of whether a Default has occurred and is continuing;

(ii) shall have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that an Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents); provided that no Agent shall be required to take any action that, in its opinion or the opinion of its counsel, may expose such Agent to liability or that is contrary to any Loan Document or applicable law, including for the avoidance of doubt any action that may be in violation of the automatic stay under any Debtor Relief Law or that may effect a forfeiture, modification or termination of property of a Defaulting Lender in violation of any Debtor Relief Law; and

(iii) shall, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Borrower or any of its Affiliates that is communicated to or obtained by the Person serving as an Agent or any of its Affiliates in any capacity.

(b) No Agent shall be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as such Agent shall believe in good faith shall be necessary, under the circumstances as provided in Sections 10.1 and 8), or (ii) in the absence of its own gross negligence or willful misconduct as determined by a court of competent jurisdiction by final and nonappealable judgment.

(c) No Agent shall be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with this Agreement or any other Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document, or (v) the satisfaction of any condition set forth in Section 5 or elsewhere herein, other than to confirm receipt of items expressly required to be delivered to such Agent.

9.4 Reliance by Administrative Agent. The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan, or the issuance, extension, renewal or increase of a Letter of Credit, that by its terms must be fulfilled to the satisfaction of a Lender or an Issuing Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender or such Issuing Lender unless the Administrative Agent shall have received notice to the contrary from such Lender or such Issuing Lender prior to the making of such Loan or the issuance, extension, renewal or increase of such Letter of Credit. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

9.5 Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default unless the Administrative Agent has received notice from a Lender, an Issuing Lender or the Borrower referring to this Agreement, describing such Default or Event of Default and stating that such notice is a “notice of default”. In the event that the Administrative Agent receives such a notice, the Administrative Agent shall give notice thereof to the Lenders and the Issuing Lenders. The Administrative Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by the Required Lenders (or, if so specified by this Agreement, all Lenders); provided that unless and until the Administrative Agent shall have received such directions, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable in the best interests of the Lenders and the Issuing Lenders.

9.6 Non-Reliance on Agents and Other Lenders. Each Lender and Issuing Lender acknowledges that it has, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender and Issuing Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any other Loan Document or any related agreement or any document furnished hereunder or thereunder. Except for notices, reports and other documents expressly required to be furnished to the Lenders by the Administrative Agent hereunder, the Administrative Agent shall not have any duty or responsibility to provide any Lender with any credit or other information concerning the business, operations, property, condition (financial or otherwise), prospects or creditworthiness of the Borrower or any of its Affiliates that may come into the possession of the Administrative Agent or any of its officers, directors, employees, agents, attorneys in fact or Affiliates.

9.7 Indemnification. The Lenders and the Issuing Lenders agree to indemnify each Agent in its capacity as such (to the extent not reimbursed by the Borrower and without limiting the obligation of the Borrower to do so), ratably according to their respective Percentages in effect on the date on which indemnification is sought under this Section (or, if indemnification is sought after the date upon which the Commitments shall have terminated and the Loans shall have been paid in full, ratably in accordance with such Percentages immediately prior to such date), from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind whatsoever that may at any time (whether before or after the payment of the Loans) be imposed on, incurred by or asserted against such Agent in any way relating to or arising out of, the Commitments, this Agreement, any of the other Loan Documents or any documents contemplated by or referred to herein or therein or the transactions contemplated hereby or thereby or any action taken or omitted by such Agent under or in connection with any of the foregoing; provided that no Lender or Issuing Lender shall be liable for the payment of any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements that are found by a final and nonappealable decision of a court of competent jurisdiction to have resulted from such Agent's gross negligence or willful misconduct.

9.8 Agent in Its Individual Capacity. Each Person serving as an Agent hereunder shall have the same rights and powers in its capacity as a Lender or an Issuing Lender as any other Lender or Issuing Lender and may exercise the same as though it were not an Agent, and the terms "Lender", "Swingline Lender", "Issuing Lender", "Lenders" or "Issuing Lenders" shall, unless otherwise expressly indicated or unless the context otherwise requires, include such Person serving as an Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money to, own securities of, act as the financial advisor or in any other advisory capacity for, and generally engage in any kind of business with, the Borrower or any Subsidiary or other Affiliate thereof as if such Person were not an Agent hereunder and without any duty to account therefor to the Lenders or the Issuing Lenders.

9.9 Successor Administrative Agent.

(a) The Administrative Agent may resign as Administrative Agent upon 10 days' notice to the Lenders and the Borrower. If the Administrative Agent shall resign as Administrative Agent under this Agreement and the other Loan Documents, then the Required Lenders shall appoint from among the Lenders a successor agent for the Lenders, which successor agent shall (unless an Event of Default under Section 8(f) with respect to the Borrower shall have occurred and be continuing) be subject to approval by the Borrower (which approval shall not be unreasonably withheld or delayed), whereupon such successor agent shall succeed to the rights, powers and duties of the Administrative Agent, and the term "Administrative Agent" shall mean such successor agent effective upon such appointment and approval, and the former Administrative Agent's rights, powers and duties as Administrative Agent shall be terminated, without any other or further act or deed on the part of such former Administrative Agent or any of the parties to this Agreement or any holders of the Loans. If no successor agent has accepted appointment as Administrative Agent by the date that is 10 days following a retiring Administrative Agent's notice of resignation (the "Resignation Effective Date"), the retiring Administrative Agent's resignation shall nevertheless thereupon become effective, and the Lenders shall assume and perform all of the duties of the Administrative Agent hereunder until

such time, if any, as the Required Lenders appoint a successor agent as provided for above. After any retiring Administrative Agent's resignation as Administrative Agent, the provisions of Section 9.7 shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement and the other Loan Documents.

(b) If the Person serving as Administrative Agent is a Defaulting Lender pursuant to clause (e) of the definition thereof, the Required Lenders may, to the extent permitted by applicable law, by notice in writing to the Borrower and such Person remove such Person as Administrative Agent and, shall appoint a successor, subject to the approval of the Borrower (unless an Event of Default under Section 8(f) with respect to the Borrower shall have occurred and be continuing), which approval shall not be unreasonably withheld or delayed. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days (or such earlier day as shall be agreed by the Required Lenders) (the "Removal Effective Date"), then such removal shall nonetheless become effective in accordance with such notice on the Removal Effective Date.

(c) With effect from the Resignation Effective Date or the Removal Effective Date (as applicable) (i) the retiring or removed Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents (except that in the case of any collateral security held by the Administrative Agent on behalf of the Lenders or any Issuing Lender under any of the Loan Documents, the retiring or removed Administrative Agent shall continue to hold such collateral security until such time as a successor Administrative Agent is appointed) and (2) except for any indemnity payments or other amounts then owed to the retiring or removed Administrative Agent, all payments, communications and determinations provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender and each Issuing Lender directly, until such time, if any, as the Required Lenders appoint a successor Administrative Agent as provided for above. Upon the acceptance of a successor's appointment as Administrative Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring or removed Administrative Agent (other than any rights to indemnity payments or other amounts owed to the retiring or removed Administrative Agent as of the Resignation Effective Date or the Removal Effective Date (as applicable)), and the retiring or removed Administrative Agent shall be discharged from all of its duties and obligations hereunder or under the other Loan Documents. The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring or removed Administrative Agent's resignation or removal hereunder and under the other Loan Documents, the provisions of this Section and Sections 2.17, 3.10 and 10.5 shall continue in effect for the benefit of such retiring or removed Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring or removed Administrative Agent was acting as Administrative Agent.

9.10 Co-Documentation Agents and Syndication Agents. None of the Co-Documentation Agents or the Syndication Agents shall have any duties or responsibilities hereunder in its capacity as such.

9.11 Administrative Agent May File Proofs of Claim. In case of the pendency of any proceeding under any Debtor Relief Law, the Administrative Agent (irrespective of whether the principal of any Loan or L/C Obligation shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered (but not obligated) by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans, L/C Obligations and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders, the Issuing Lenders and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders, the Issuing Lenders and the Administrative Agent and their respective agents and counsel and all other amounts due the Lenders, the Issuing Lenders and the Administrative Agent under Sections 2.6, 2.17, 3.3, 3.10 and 10.5) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender and Issuing Lender to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lenders and the Issuing Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Administrative Agent and its agents and counsel, and any other amounts due the Administrative Agent under Sections 2.6, 2.17, 3.10 and 10.5.

SECTION 10.

MISCELLANEOUS

10.1 Amendments and Waivers. Neither this Agreement, any other Loan Document, nor any terms hereof or thereof may be amended, supplemented or modified except in accordance with the provisions of this Section 10.1. The Required Lenders and the Borrower may, or, with the written consent of the Required Lenders, the Administrative Agent and the Borrower may, from time to time, (a) enter into written amendments, supplements or modifications hereto and to the other Loan Documents for the purpose of adding any provisions to this Agreement or the other Loan Documents or changing in any manner the rights of the Lenders or of the Borrower hereunder or thereunder or (b) waive, on such terms and conditions as the Required Lenders or the Administrative Agent, as the case may be, may specify in such instrument, any of the requirements of this Agreement or the other Loan Documents or any Default or Event of Default and its consequences; provided , however , that no such waiver and no such amendment, supplement or modification shall:

(i) forgive the principal amount or extend the final scheduled date of maturity of any Loan, reduce the stated rate of any interest or fee payable hereunder (except in connection with the waiver of applicability of any post-default increase in interest rates (which waiver shall be effective with the consent of the Required Lenders)) or extend the scheduled date of any payment thereof, or increase the amount or extend the expiration date of any Lender's Commitment, in each case without the written consent of each Lender directly affected thereby (except that only the Lenders who are increasing their Commitments are required to consent to a request by the Borrower under Section 2.3 to increase the Total Commitments);

(ii) eliminate or reduce the voting rights of any Lender under this Section 10.1 or Section 10.6(a) without the written consent of such Lender;

(iii) reduce any percentage specified in the definition of Required Lenders without the written consent of all Lenders;

(iv) amend, modify or waive any provision of Section 2.14 related to pro rata treatment without the consent of each Lender directly affected thereby;

(v) amend, modify or waive any provision of Section 9 without the written consent of the Administrative Agent;

(vi) amend, modify or waive any provision of Section 2.4 or 2.5 without the written consent of the Swingline Lender;

(vii) amend, modify or waive any provision of Section 5.1 without the consent of all the Lenders;
or

(viii) amend, modify or waive any provision of Section 3 or any other provision affecting the Issuing Lenders in their capacity as such without the written consent of each Issuing Lender affected thereby.

Any such waiver and any such amendment, supplement or modification shall apply equally to each of the Lenders and shall be binding upon the Borrower, the Lenders, the Administrative Agent and all future holders of the Loans. In the case of any waiver, the Borrower, the Lenders and the Administrative Agent shall be restored to their former position and rights hereunder and under the other Loan Documents, and any Default or Event of Default waived shall be deemed to be cured and not continuing; but no such waiver shall extend to any subsequent or other Default or Event of Default, or impair any right consequent thereon.

If the Required Lenders shall have approved any amendment which requires the consent of all of the Lenders, the Borrower shall be permitted to replace any non-consenting Lender with another financial institution, provided that, (i) the replacement financial institution shall purchase at par, all Loans and other amounts owing to such replaced Lender on or prior to the date of replacement, (ii) the Borrower shall be liable to such replaced Lender under Section 2.17 if any Eurodollar Loan owing to such replaced Lender shall be purchased other than on the last day of the Interest Period relating thereto (as if such purchase constituted a prepayment of such Loans),

(iii) such replacement financial institution, if not already a Lender, shall be reasonably satisfactory to the Administrative Agent and each Issuing Lender, (iv) the replaced Lender shall be obligated to make such replacement in accordance with the provisions of Section 10.6 (provided that the Borrower shall be obligated to pay the registration and processing fee referred to therein) and (v) any such replacement shall not be deemed to be a waiver of any rights the Borrower, the Administrative Agent or any other Lender shall have against the replaced Lender.

Notwithstanding anything to the contrary herein, no Defaulting Lender shall have any right to approve or disapprove any amendment, supplement, modification, waiver or consent hereunder (and any amendment, supplement, modification, waiver or consent which by its terms requires the consent of all Lenders or each affected Lender may be effected with the consent of the applicable Lenders other than Defaulting Lenders), except that (i) (x) an increase or extension of the Commitment of such Defaulting Lender, or (y) any reduction of the amount of principal or interest owed to such Defaulting Lender (unless all non-Defaulting Lenders have agreed to a pro rata reduction) shall, in each case, require the consent of such Defaulting Lender, and (ii) a Defaulting Lender's Percentage shall be taken into consideration along with the Percentage of non-Defaulting Lenders when voting to approve or disapprove any waiver, amendment or modification that by its terms affects any Defaulting Lender more adversely than other affected Lenders.

Issuing Lenders: As notified by each Issuing Lender to the Administrative Agent and the Borrower.

provided that any notice, request or demand to or upon the Administrative Agent, the Issuing Lenders or any Lender shall not be effective until received.

(b) Notices and other communications to the Administrative Agent, the Issuing Lenders or the Lenders hereunder may be delivered or furnished by electronic communications pursuant to procedures approved by the Administrative Agent; provided that the foregoing shall not apply to notices pursuant to Section 2 unless otherwise agreed by the Administrative Agent, the applicable Issuing Lender and each Lender. The Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.

(c) Unless the Administrative Agent otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by the "return receipt requested" function, as available, return e-mail or other written acknowledgement), and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient, at its e-mail address as described in the foregoing clause (i), of notification that such notice or communication is available and identifying the website address therefor; provided that, for both clauses (i) and (ii) above, if such notice, email or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next business day for the recipient.

(d) (i) The Borrower agrees that the Administrative Agent may, but shall not be obligated to, make the Communications (as defined below) available to the Swingline Lender, the Issuing Lenders and the other Lenders by posting the Communications on Debt Domain, Intralinks, Syndtrak or a substantially similar electronic transmission system (the "Platform").

(ii) The Platform is provided "as is" and "as available." The Agent Parties (as defined below) do not warrant the adequacy of the Platform and expressly disclaim liability for errors or omissions in the Communications. No warranty of any kind, express, implied or statutory, including, without limitation, any warranty of merchantability, fitness for a particular purpose, non-infringement of third-party rights or freedom from viruses or other code defects, is made by any Agent Party in connection with the Communications or the Platform. In no event shall the Administrative Agent or

any of its Related Parties (collectively, the “Agent Parties”) have any liability to the Borrower, any Lender, the Swingline Lender, any Issuing Lender or any other Person or entity for damages of any kind, including, without limitation, direct or indirect, special, incidental or consequential damages, losses or expenses (whether in tort, contract or otherwise) arising out of the Borrower’s or the Administrative Agent’s transmission of communications through the Platform, except to the extent such liability resulted from the gross negligence or willful misconduct of the Administrative Agent or any of its Related Persons as determined by a court of competent jurisdiction. “Communications” means, collectively, any notice, demand, communication, information, document or other material provided by or on behalf of the Borrower pursuant to any Loan Document or the transactions contemplated therein which is distributed to the Administrative Agent, any Lender, the Swingline Lender or any Issuing Lender by means of electronic communications pursuant to this Section, including through the Platform.

10.3 No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of the Administrative Agent or any Lender, any right, remedy, power or privilege hereunder or under the other Loan Documents shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law.

10.4 Survival of Representations and Warranties. All representations and warranties made hereunder, in the other Loan Documents and in any document, certificate or statement delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Agreement and the making of the Loans and other extensions of credit hereunder.

10.5 Payment of Expenses and Taxes. The Borrower agrees (a) to pay or reimburse the Administrative Agent, each Issuing Lender and the Lenders for all their respective reasonable out of pocket costs and expenses incurred in connection with the development, preparation and execution of, and any amendment, supplement or modification to, this Agreement and the other Loan Documents and any other documents prepared in connection herewith or therewith, and the consummation of the transactions contemplated hereby and thereby, including the reasonable fees and disbursements of only one counsel and special California regulatory counsel to the Administrative Agent, the Issuing Lenders and the Lenders and filing and recording fees and expenses, with statements with respect to the foregoing to be submitted to the Borrower prior to the Effective Date (in the case of amounts to be paid on the Effective Date) and from time to time thereafter on a quarterly basis or such other periodic basis as the Administrative Agent shall deem appropriate, (b) to pay or reimburse each Lender, each Issuing Lender and the Administrative Agent for all its costs and expenses incurred in connection with the enforcement or preservation of its rights under this Agreement, the other Loan Documents and any such other documents, including the fees and disbursements of only one counsel to the Administrative Agent, the Lenders and the Issuing Lenders, and (c) to pay, indemnify, and hold each Lender, each Issuing Lender and the Administrative Agent and their respective officers, directors, employees, agents and Affiliates (each, an “Indemnatee”) harmless from and against any and all other liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever whether brought by the Borrower or any other

Person, with respect to the execution, delivery, enforcement and performance of this Agreement, the other Loan Documents and any such other documents, including any of the foregoing relating to the use of proceeds of the Loans or the violation of, noncompliance with or liability under, any Environmental Law applicable to the operations of the Borrower and its Significant Subsidiaries or any of the facilities and properties owned, leased or operated by the Borrower and its Significant Subsidiaries and the reasonable fees and expenses of one legal counsel in connection with claims, actions or proceedings by any Indemnatee against the Borrower under any Loan Document (all the foregoing in this clause (c), collectively, the “Indemnified Liabilities”), provided, that the Borrower shall have no obligation hereunder to any Indemnatee with respect to Indemnified Liabilities to the extent such Indemnified Liabilities resulted from the gross negligence or willful misconduct of such Indemnatee as determined in a final judgment by a court of competent jurisdiction. Without limiting the foregoing, and to the extent permitted by applicable law, the Borrower agrees not to assert and to cause its Significant Subsidiaries not to assert, and hereby waives and agrees to cause its Significant Subsidiaries to waive, all rights for contribution or any other rights of recovery with respect to all claims, demands, penalties, fines, liabilities, settlements, damages, costs and expenses of whatever kind or nature, under or related to Environmental Laws, that any of them might have by statute or otherwise against any Indemnatee. All amounts due under this Section 10.5 shall be payable not later than 30 days after written demand therefor, subject to the Borrower’s receipt of reasonably detailed invoices. Statements payable by the Borrower pursuant to this Section 10.5 shall be submitted to Treasurer (Telephone No. (415) 817-8199/(415) 267-7000) (Telecopy No. (415) 267-7265/7268), at the address of the Borrower set forth in Section 10.2(a) with a copy to Chief Counsel, Corporate (Telephone No. (415) 817-8200) (Telecopy No. (415) 817-8225), at the address of the Borrower set forth in Section 10.2(a), or to such other Person or address as may be hereafter designated by the Borrower in a written notice to the Administrative Agent. The agreements in this Section 10.5 shall survive for two years after repayment of the Loans and all other amounts payable hereunder. This Section 10.5 shall not apply with respect to Taxes, other than Taxes that represent claims, damages, losses, liabilities, costs or expenses arising from non-Tax claims.

10.6 Successors and Assigns; Participations and Assignments.

(a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby (including any Affiliate of the Issuing Lender that issues any Letter of Credit), except that (i) the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of each Lender (and any attempted assignment or transfer by the Borrower without such consent shall be null and void) and (ii) no Lender may assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section 10.6.

(b) iii) Subject to the conditions set forth in paragraph (b)(ii) below, any Lender may assign to one or more assignees (each, an “Assignee”) other than a Defaulting Lender, any Subsidiary of a Defaulting Lender, the Borrower or any of the Borrower’s Affiliates or Subsidiaries, all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitments and the Loans at the time owing to it) with the prior written consent (such consent not to be unreasonably withheld or delayed) of:

(A) the Borrower, provided that no consent of the Borrower shall be required for an assignment to a Lender, an Eligible Assignee that is an Affiliate of any Lender party to this Agreement on the Effective Date or, if an Event of Default has occurred and is continuing, any other Person;

(B) the Administrative Agent, provided that no consent of the Administrative Agent shall be required for an assignment of any Commitment to an assignee that is a Lender (or an Affiliate of a Lender) with a Commitment immediately prior to giving effect to such assignment;

(C) the Swingline Lender; and

(D) each Issuing Lender.

(ii) Assignments shall be subject to the following additional conditions:

(A) except in the case of an assignment to a Lender, an Eligible Assignee that is an Affiliate of any Lender party to this Agreement on the Effective Date or an assignment of the entire remaining amount of the assigning Lender's Commitments or Loans, the amount of the Commitments or Loans of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent) shall not be less than \$10,000,000 (or, if such assignee is an Eligible Assignee that is an Affiliate of a Lender, \$5,000,000) unless each of the Borrower and the Administrative Agent otherwise consent, provided that (1) no such consent of the Borrower shall be required if an Event of Default has occurred and is continuing and (2) with respect to any Lender party to this Agreement on the Effective Date, such amounts shall be aggregated in respect of such Lender and any Affiliate of such Lender that is an Eligible Assignee;

(B) the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of \$3,500, except that no such processing fee shall be payable in the case of an assignee which is an Affiliate of a Lender; and

(C) the Assignee, if it shall not be a Lender, shall deliver to the Administrative Agent an administrative questionnaire.

In connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Administrative Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Borrower and the Administrative Agent, the applicable pro rata share of Loans and L/C Obligations previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Administrative Agent, any

Issuing Lender or any Lender hereunder (and interest accrued thereon) and (y) acquire (and fund as appropriate) its full pro rata share of all Loans and participations in Swingline Loans and Letters of Credit in accordance with its Percentage. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under applicable law without compliance with the provisions of this paragraph, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

(iii) Subject to acceptance and recording thereof pursuant to paragraph (b)(iv) below, from and after the effective date specified in each Assignment and Assumption the Assignee thereunder shall be a party hereto and, to the extent of the interest assigned by such Assignment and Assumption, shall have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Sections 2.15, 2.16, 2.17 and 10.5 but shall be subject to the limitations set forth therein); provided, that except to the extent otherwise expressly agreed by the affected parties, no assignment by a Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from the Lender's having been a Defaulting Lender. Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this Section 10.6 shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with paragraph (c) of this Section.

(iv) The Administrative Agent, acting for this purpose as an agent of the Borrower (and such agency being solely for tax purposes), shall maintain at one of its offices a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amount of the Loans and L/C Obligations owing to, each Lender pursuant to the terms hereof from time to time (the "Register"). The entries in the Register shall be conclusive, in the absence of manifest error, and the Borrower, the Administrative Agent, the Issuing Lenders and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, notwithstanding notice to the contrary. The Register shall be available for inspection by the Borrower, each Issuing Lender and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(v) Upon its receipt of a duly completed Assignment and Assumption executed by an assigning Lender and an Assignee, the Assignee's completed administrative questionnaire (unless the Assignee shall already be a Lender hereunder), the processing and recordation fee referred to in paragraph (b) of this Section and any written consent to such assignment required by paragraph (b) of this Section, the Administrative Agent shall accept such Assignment and Assumption and record the information contained therein in the Register. No assignment shall be effective for

purposes of this Agreement unless it has been recorded in the Register as provided in this paragraph.

(c) (i) Any Lender may, without the consent of the Borrower, the Administrative Agent, the Swingline Lender or any Issuing Lender, sell participations to one or more banks or other entities (other than a Defaulting Lender or the Borrower or any of the Borrower's Affiliates or Subsidiaries) (a "Participant") in all or a portion of such Lender's rights and obligations under this Agreement (including all or a portion of its Commitments and the Loans owing to it); provided that (A) such Lender's obligations under this Agreement shall remain unchanged, (B) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (C) the Borrower, the Administrative Agent, the Issuing Lender and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; provided that such agreement may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver that (1) requires the consent of each Lender directly affected thereby pursuant to the proviso to the second sentence of Section 10.1 and (2) directly affects such Participant. Subject to paragraph (c)(ii) of this Section, the Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.15, 2.16 and 2.17 to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section.

(ii) Notwithstanding anything to the contrary herein, a Participant shall not be entitled to receive any greater payment under Section 2.15 or 2.16 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the Borrower's prior written consent to such greater payments. Any Participant that is a Foreign Lender shall not be entitled to the benefits of Section 2.16 unless such Participant complies with Section 2.16 (e).

(iii) Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Loans or other obligations under the Loan Documents (the "Participant Register"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any commitments, loans, letters of credit or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan, letter of credit or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the

Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(d) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank or other central bank having jurisdiction over such Lender, and this Section shall not apply to any such pledge or assignment of a security interest; provided that no such pledge or assignment of a security interest shall release a Lender from any of its obligations hereunder or substitute any such pledgee or Assignee for such Lender as a party hereto.

(e) The Borrower, upon receipt of written notice from the relevant Lender, agrees to issue Notes to any Lender requiring Notes to facilitate transactions of the type described in paragraph (d) above.

(f) Notwithstanding the foregoing, any Conduit Lender may assign any or all of the Loans it may have funded hereunder to its designating Lender without the consent of the Borrower, the Administrative Agent, the Swingline Lender or any Issuing Lender and without regard to the limitations set forth in Section 10.6(b). Each of the Borrower, each Lender and the Administrative Agent hereby confirms that it will not institute against a Conduit Lender or join any other Person in instituting against a Conduit Lender any bankruptcy, reorganization, arrangement, insolvency or liquidation proceeding under any state bankruptcy or similar law, for one year and one day after the payment in full of the latest maturing commercial paper note issued by such Conduit Lender; provided, however, that each Lender designating any Conduit Lender hereby agrees to indemnify, save and hold harmless each other party hereto for any loss, cost, damage, expense, obligations, penalties, actions, judgments, suits or any kind whatsoever arising out of its inability to institute such a proceeding against such Conduit Lender during such period of forbearance.

(g) Notwithstanding anything to the contrary in this Section, none of the Agents, in their capacity as Lenders, will assign without the consent of the Borrower, prior to the Effective Date, any of the Commitments held by them on the date of this Agreement.

10.7 Adjustments; Set off.

(a) Except to the extent that this Agreement expressly provides for payments to be allocated to a particular Lender, if any Lender (a “Benefitted Lender”) shall receive any payment of all or part of the Obligations owing to it hereunder, or receive any collateral in respect thereof (whether voluntarily or involuntarily, by set off, pursuant to events or proceedings of the nature referred to in Section 8(f), or otherwise), in a greater proportion than any such payment to or collateral received by any other Lender, if any, in respect of the Obligations owing to such other Lender hereunder, such Benefitted Lender shall purchase for cash from the other Lenders a participating interest in such portion of the Obligations owing to each such other Lender hereunder, or shall provide such other Lenders with the benefits of any such collateral, as shall be necessary to cause such Benefitted Lender to share the excess payment or benefits of such collateral ratably with each of the Lenders; provided, however, that if all or any portion of such excess payment or benefits is thereafter recovered from such Benefitted Lender, such purchase

shall be rescinded, and the purchase price and benefits returned, to the extent of such recovery, but without interest.

(b) In addition to any rights and remedies of the Lenders provided by law, including other rights of set-off, each Lender shall have the right, without prior notice to the Borrower, any such notice being expressly waived by the Borrower to the extent permitted by applicable law, upon any amount becoming due and payable by the Borrower hereunder (whether at the stated maturity, by acceleration or otherwise), after any applicable grace period, to set off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by such Lender or any branch, Affiliate or agency thereof to or for the credit or the account of the Borrower; provided, that in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Administrative Agent for further application in accordance with the provisions of Section 2.20 and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of the Administrative Agent, the Issuing Lenders and the Lenders, and (y) the Defaulting Lender shall provide promptly to the Administrative Agent a statement describing in reasonable detail the Obligations owing to such Defaulting Lender as to which it exercised such right of setoff. Each Lender agrees promptly to notify the Borrower and the Administrative Agent after any such setoff and application made by such Lender, provided that the failure to give such notice shall not affect the validity of such setoff and application.

10.8 Counterparts. This Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Delivery of an executed signature page of this Agreement by facsimile transmission shall be effective as delivery of a manually executed counterpart hereof. A set of the copies of this Agreement signed by all the parties shall be lodged with the Borrower and the Administrative Agent.

10.9 Severability. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Without limiting the foregoing provisions of this Section 10.9, if and to the extent that the enforceability of any provisions in this Agreement relating to Defaulting Lenders shall be limited by Debtor Relief Laws, as determined in good faith by the Administrative Agent, any Issuing Lender or the Swingline Lender, as applicable, then such provisions shall be deemed to be in effect only to the extent not so limited.

10.10 Integration. This Agreement and the other Loan Documents represent the entire agreement of the Borrower, the Administrative Agent and the Lenders with respect to the subject matter hereof and thereof, and there are no promises, undertakings, representations or warranties by the Administrative Agent or any Lender relative to the subject matter hereof not expressly set forth or referred to herein or in the other Loan Documents.

10.11 GOVERNING LAW. THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

10.12 Submission To Jurisdiction; Waivers. The Borrower hereby irrevocably and unconditionally:

- (a) submits for itself and its property in any legal action or proceeding relating to this Agreement and the other Loan Documents to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the non exclusive general jurisdiction of the courts of the City of New York, Borough of Manhattan, State of New York, the courts of the United States for the Southern District of New York, and appellate courts from any thereof;
- (b) consents that any such action or proceeding may be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;
- (c) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the Borrower at its address set forth in Section 10.2(a) or at such other address of which the Administrative Agent shall have been notified pursuant thereto;
- (d) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction; and
- (e) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding relating to this Agreement or any other Loan Document any special, exemplary, punitive or consequential damages.

10.13 Acknowledgments. The Borrower hereby acknowledges that:

- (a) it has been advised by counsel in the negotiation, execution and delivery of this Agreement and the other Loan Documents;
- (b) neither the Administrative Agent nor any Lender has any fiduciary relationship with or duty to the Borrower arising out of or in connection with this Agreement or any of the other Loan Documents, and the relationship between Administrative Agent and Lenders, on one hand, and the Borrower, on the other hand, in connection herewith or therewith is solely that of debtor and creditor; and
- (c) no joint venture is created hereby or by the other Loan Documents or otherwise exists by virtue of the transactions contemplated hereby among the Lenders or among the Borrower and the Lenders.

10.14 Confidentiality. Each of the Administrative Agent and each Lender agrees to keep confidential in accordance with such party's customary practices (and in any event in

compliance with applicable law regarding material non-public information) all non-public information provided to it by the Borrower, the Administrative Agent or any Lender pursuant to or in connection with this Agreement that is designated by the provider thereof as confidential; provided that nothing herein shall prevent the Administrative Agent or any Lender from disclosing any such information (a) to the Administrative Agent, any other Lender or any Affiliate thereof, (b) subject to an agreement to comply with the provisions of this Section or substantially equivalent provisions, to any actual or prospective Transferee, any direct or indirect counterparty to any Swap Agreement (or any professional advisor to such counterparty) or any credit insurance providers, (c) to its employees, directors, agents, attorneys, accountants and other professional advisors or those of any of its Affiliates (as long as such attorneys, accountants and other professional advisors are subject to confidentiality requirements substantially equivalent to this Section), (d) upon the request or demand of any Governmental Authority, (e) in response to any order of any court or other Governmental Authority or as may otherwise be required pursuant to any Requirement of Law, (f) if requested or required to do so in connection with any litigation or similar proceeding, (g) that has been publicly disclosed, (h) to the National Association of Insurance Commissioners or any similar organization or any nationally recognized rating agency that requires access to information about a Lender's investment portfolio in connection with ratings issued with respect to such Lender, or (i) in connection with the exercise of any remedy hereunder or under any other Loan Document, provided that, in the case of clauses (d), (e) and (f) of this Section 10.14, with the exception of disclosure to bank regulatory authorities, the Borrower (to the extent legally permissible) shall be given prompt prior notice so that it may seek a protective order or other appropriate remedy.

10.15 WAIVERS OF JURY TRIAL. TO THE FULLEST EXTENT PERMITTED BY LAW, THE BORROWER, THE ADMINISTRATIVE AGENT AND THE LENDERS HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVE TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT AND FOR ANY COUNTERCLAIM THEREIN.

10.16 USA Patriot Act. Each Lender hereby notifies the Borrower that pursuant to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "Act"), it is required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow such Lender to identify the Borrower in accordance with the Act.

10.17 Judicial Reference. If any action or proceeding is filed in a court of the State of California by or against any party hereto in connection with any of the transactions contemplated by this Agreement or any other Loan Document, (i) the court shall, and is hereby directed to, make a general reference pursuant to California Code of Civil Procedure Section 638 to a referee (who shall be a single active or retired judge) to hear and determine all of the issues in such action or proceeding (whether of fact or of law) and to report a statement of decision, provided that at the option of any party to such proceeding, any such issues pertaining to a "provisional remedy" as defined in California Code of Civil Procedure Section 1281.8 shall be heard and determined by the court, and (ii) without limiting the generality of Section 10.5, the Borrower shall be solely responsible to pay all fees and expenses of any referee appointed in such action or proceeding.

10.18 No Advisory or Fiduciary Responsibility . In connection with all aspects of each transactions contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), the Borrower acknowledges and agrees that: (i) (A) the arranging and other services regarding this Agreement provided by the Agents, the Arrangers and the Lenders are arm's-length commercial transactions between the Borrower, on the one hand, and the Agents, the Arrangers and the Lenders, on the other hand, (B) the Borrower has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate, and (C) the Borrower is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; (ii) (A) each Agent, Arranger and Lender is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Borrower or any other Person and (B) none of the Agents, Arrangers or Lenders has any obligation to the Borrower or any of its Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents; and (iii) the Agents, the Arrangers and the Lenders and their respective Affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Borrower and its Affiliates, and none of the Agents, Arrangers or Lenders has any obligation to disclose any of such interests to the Borrower or its Affiliates. To the fullest extent permitted by law, the Borrower hereby waives and releases any claims that it may have against the Agents, the Arrangers and the Lenders with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby other than a breach of the confidentiality provisions set forth in Section 10.14.

10.19 Amendment and Restatement .

(a) As of the Effective Date (immediately prior to the effectiveness of this Agreement), certain Lenders, as lenders under the Existing Credit Agreement, hold the Commitments under the Existing Credit Agreement as set forth in Schedule 1.1A to the Existing Credit Agreement (the “ Original Commitments ”).

(b) Simultaneously with the effectiveness of this Agreement on the Effective Date, the parties hereby agree that (i) the Original Commitments shall continue as Commitments hereunder and shall be reallocated to the Lenders on a *pro rata* basis in accordance with their Commitments and the requisite assignments shall be deemed to be made in such amounts by and between Lenders and from each Lender to each other Lender, with the same force and effect as if such assignments were evidenced by assignment agreements under the Existing Credit Agreement and (ii) the Loans and Letters of Credit outstanding under the Existing Credit Agreement on the Effective Date shall continue hereunder as if such Loans or Letters of Credit were originally made hereunder. Notwithstanding anything to the contrary in Section 10.6 of the Existing Credit Agreement, no other documents or instruments, including any assignment agreement, shall be executed, and no fees payable to the Administrative Agent, in connection with the assignments herein shall be payable. On the Effective Date, the Lenders shall make full cash settlement with the Administrative Agent (as the Administrative Agent may direct or approve) with respect to all assignments, reallocations and other changes in Commitments, such that after giving effect to such settlements, each Lender's *pro rata* basis in the unpaid balance of

Loans and Letters of Credit outstanding shall be in accordance with their Commitments as set forth on Schedule 1.1A.

(c) The Borrower, the Administrative Agent, the Issuing Lenders and the Lenders hereby consent to the foregoing assignments and agree that upon the effectiveness of this Agreement, the terms and provisions of the Existing Credit Agreement shall be and are hereby amended and restated in their entirety by the terms, conditions and provisions of this Agreement, and the terms and provisions of the Existing Credit Agreement, except as otherwise expressly provided herein, shall be superseded by this Agreement.

(d) Notwithstanding anything in this amendment and restatement of the Existing Credit Agreement, including anything in this Section 10.19, and in any other Loan Document (as defined in the Existing Credit Agreement and referred to herein, individually or collectively, as the “Existing Loan Documents”), (i) all of the indebtedness, liabilities and obligations owing by the Borrower under the Existing Credit Agreement shall continue as Obligations hereunder, (ii) all of the indebtedness, liabilities and obligations owing by any Person under each Existing Loan Document shall continue under the corresponding amended and restated Loan Document and (iii) each of this Agreement and any other Existing Loan Document that is amended and restated in connection with this Agreement is given as a substitution of, and not as a payment of, the indebtedness, liabilities and obligations of the Borrower under such Existing Loan Document, and neither the execution and delivery of such documents nor the consummation of any other transaction contemplated hereunder is, or is intended to constitute, a novation of the Existing Credit Agreement or of any of the other Existing Loan Documents or any obligations thereunder. From and after the Effective Date, all existing Loans and outstanding Letters of Credit shall continue as Loans and Letters of Credit hereunder.

PG&E CORPORATION

2006 LONG-TERM INCENTIVE PLAN

RESTRICTED STOCK UNIT AGREEMENT

The LTIP and Other Agreements

This Agreement constitutes the entire understanding between you and PG&E Corporation regarding the Restricted Stock Units, subject to the terms of the LTIP. Any prior agreements, commitments, or negotiations are superseded. In the event of any conflict or inconsistency between the provisions of this Agreement and the LTIP, the LTIP shall govern. Capitalized terms that are not defined in this Agreement are defined in the LTIP. In the event of any conflict between the provisions of this Agreement and the PG&E Corporation Officer Severance Policy or the PG&E Corporation 2012 Officer Severance Policy, this Agreement shall govern. For purposes of this Agreement, employment with PG&E Corporation shall mean employment with any member of the Participating Company Group.

Grant of Restricted Stock Units

PG&E Corporation grants you the number of Restricted Stock Units shown on the cover sheet of this Agreement. The Restricted Stock Units are subject to the terms and conditions of this Agreement and the LTIP.

Vesting of Restricted Stock Units

As long as you remain employed with PG&E Corporation, 20 percent of the total number of Restricted Stock Units originally subject to this Agreement, as shown above on the cover sheet, will vest on the first business day of March of each of the first, second and third years following the Date of Grant, and the additional 40 percent of the total number of shares of Restricted Stock Units will vest on the on the first business day of March of the fourth year following the Date of Grant (collectively, the "Normal Vesting Schedule"). The amounts payable upon each vesting date are hereby designated separate payments for purposes of Code Section 409A. Except as described below, all Restricted Stock Units subject to this Agreement which have not vested upon termination of your employment shall then be automatically cancelled. As set forth below, the Restricted Stock Units may vest earlier upon the occurrence of certain events.

Dividends

Restricted Stock Units will accrue Dividend Equivalents in the event cash dividends are paid with respect to PG&E Corporation common stock having a record date prior to the date on which the Restricted Stock Units are settled. Such Dividend Equivalents will be converted into cash and paid, if at all, upon settlement of the underlying Restricted Stock Units.

Settlement

Vested Restricted Stock Units will be settled in an equal number of shares of PG&E Corporation common stock, subject to the satisfaction of Withholding Taxes, as described below. PG&E Corporation shall issue shares as soon as practicable after the Restricted Stock Units vest in accordance with the Normal Vesting Schedule (but not later than sixty (60) days after the applicable vesting date); provided, however, that such issuance shall, if earlier, be made with respect to all of your outstanding vested Restricted Stock Units (after giving effect to the vesting provisions described below) as soon as practicable after (but not later than sixty (60) days after) the earliest to occur of your (1) Disability (as defined under Code Section 409A), (2) death or (3) "separation from service," within the

meaning of Code Section 409A within 2 years following a Change in Control.

**Voluntary
Termination**

In the event of your voluntary termination (other than Retirement), all unvested Restricted Stock Units will be cancelled on the date of termination.

Retirement

In the event of your Retirement, unvested Restricted Stock Units will continue to vest and be settled pursuant to the Normal Vesting Schedule (without regard to the requirement that you be employed), subject to the earlier settlement provisions of this Agreement; provided, however that in the event of your Retirement within 2 years following a Change in Control, all of your Restricted Stock Units shall vest and be settled as soon as practicable after (but not later than sixty (60) days after) the date of such event. Your voluntary termination of employment will be considered to be a Retirement if you are both age 55 or older on the date of termination and if you were employed by PG&E Corporation for at least five consecutive years ending on the date of termination of your employment.

**Termination for
Cause**

If your employment with PG&E Corporation is terminated at any time by PG&E Corporation for cause, all unvested Restricted Stock Units will be cancelled on the date of termination. In general, termination for “cause” means termination of employment because of dishonesty, a criminal offense or violation of a work rule, and will be determined by and in the sole discretion of PG&E Corporation.

**Termination other
than for Cause**

If your employment with PG&E Corporation is terminated by PG&E Corporation other than for cause and you are an officer in Bands 1-5, any unvested Restricted Stock Units that would have vested during the period of the “Severance Multiple” under the PG&E Corporation Officer Severance Policy or the PG&E Corporation 2012 Officer Severance Policy (as applicable at the time of termination) will continue to vest and be settled pursuant to the Normal Vesting Schedule (without regard to the requirement that you be employed), subject to the earlier settlement provisions of this Agreement. In the event of your involuntary termination other than for cause, if you are not an officer in Bands 1-5, any unvested Restricted Stock Units that would have vested within the 12 months following such termination had your employment continued will continue to vest and be settled pursuant to the Normal Vesting Schedule (without regard to the requirement that you be employed), subject to the earlier settlement provisions of this Agreement. All other unvested Restricted Stock Units will be cancelled unless your termination of employment was in connection with a Change in Control as provided below.

Death/Disability

In the event of your death or Disability while you are employed, all of your Restricted Stock Units shall vest and be settled as soon as practicable after (but not later than sixty (60) days after) the date of such event. If your death or Disability occurs following the termination of your employment and your Restricted Stock Units are then outstanding under the terms hereof, then all of your vested Restricted Stock Units plus any Restricted Stock Units that would have otherwise vested during any continued vesting period hereunder shall be settled as soon as practicable after (but not later than sixty (60) days after) the date of your death or Disability.

Termination Due to Disposition of Subsidiary

(1) If your employment is terminated (other than termination for cause, your voluntary termination, or your Retirement) by reason of a divestiture or change in control of a subsidiary of PG&E Corporation, which divestiture or change in control results in such subsidiary no longer qualifying as a subsidiary corporation under Section 424(f) of the Internal Revenue Code of 1986, as amended (the “Code”), or (2) if your employment is terminated (other than termination for cause, your voluntary termination, or your Retirement) coincident with the sale of all or substantially all of the assets of a subsidiary of PG&E Corporation, the Restricted Stock Units shall vest and be settled in the same manner as for a “Termination other than for Cause” described above.

Change in Control

In the event of a Change in Control, the surviving, continuing, successor, or purchasing corporation or other business entity or parent thereof, as the case may be (the “Acquiror ”), may, without your consent, either assume or continue PG&E Corporation’s rights and obligations under this Agreement or provide a substantially equivalent award in substitution for the Restricted Stock Units subject to this Agreement.

If the Restricted Stock Units are neither assumed nor continued by the Acquiror or if the Acquiror does not provide a substantially equivalent award in substitution for the Restricted Stock Units, all of your unvested Restricted Stock Units shall automatically vest immediately preceding and contingent on, the Change in Control and be settled in accordance with the Normal Vesting Schedule, subject to the earlier settlement provisions of this Agreement.

Termination In Connection with a Change in Control

If you separate from service (other than termination for cause, your voluntary termination, or your Retirement) in connection with a Change in Control within three months before the Change in Control occurs, all of your outstanding Restricted Stock Units (including Restricted Stock Units that you would have otherwise forfeited after the end of the continued vesting period) shall automatically vest on the date of the Change in Control and will be settled in accordance with the Normal Vesting Schedule (without regard to the requirement that you be employed) subject to the earlier settlement provisions of this Agreement. In the event of such a separation in connection with a Change in Control within two years following the Change in Control, your Restricted Stock Units (to the extent they did not previously vest upon, for example, failure of the Acquiror to assume or continue this Award) shall automatically vest on the date of such separation and will be settled as soon as practicable after (but not later than sixty (60) days after) the date of such separation. PG&E Corporation shall have the sole discretion to determine whether termination of your employment was made in connection with a Change in Control

Delay

PG&E Corporation shall delay the issuance of any shares of common stock to the extent it is necessary to comply with Section 409A(a)(2)(B)(i) of the Code (relating to payments made to certain “key employees” of certain publicly-traded companies); in such event, any shares of common stock to which you would otherwise be entitled during the six (6) month period following the date of your “separation from service” under Section 409A (or shorter period ending on the date of your death following such separation) will instead be issued on the first business day following the expiration of the applicable delay period.

Withholding Taxes

The number of shares of PG&E Corporation common stock that you are otherwise entitled to receive upon settlement of Restricted Stock Units will be reduced by a number of shares having an aggregate Fair Market Value, as determined by PG&E Corporation, equal to the amount of any Federal, state, or local taxes of any kind required by law to be withheld by PG&E Corporation in connection with the Restricted Stock Units determined using the applicable minimum statutory withholding rates , including social security and Medicare taxes due under the Federal Insurance Contributions Act and the California State Disability Insurance tax (“ Withholding Taxes”). If the withheld shares were not sufficient to satisfy your minimum Withholding Taxes, you will be required to pay, as soon as practicable, including through additional payroll withholding, any amount of the Withholding Taxes that is not satisfied by the withholding of shares described above .

Leaves of Absence

For purposes of this Agreement, if you are on an approved leave of absence from PG&E Corporation, or a recipient of PG&E Corporation sponsored disability benefits, you will continue to be considered as employed. If you do not return to active employment upon the expiration of your leave of absence or the expiration of your PG&E Corporation sponsored disability benefits, you will be considered to have voluntarily terminated your employment. See above under “Voluntary Termination.”

Notwithstanding the foregoing, if the leave of absence exceeds six (6) months, and a return to service upon expiration of such leave is not guaranteed by statute or contract, then you shall be deemed to have had a “separation from service” for purposes of any Restricted Stock Units that are settled hereunder upon such separation. To the extent an authorized leave of absence is due to a medically determinable physical or mental impairment that can be expected to result in death or to last for a continuous period of at least six (6) months and such impairment causes you to be unable to perform the duties of your position of employment or any substantially similar position of employment, the six (6) month period in the prior sentence shall be twenty-nine (29) months.

PG&E Corporation reserves the right to determine which leaves of absence will be considered as continuing employment and when your employment terminates for all purposes under this Agreement.

Voting and Other Rights

PG&E CORPORATION 2006 LONG-TERM INCENTIVE PLAN

PERFORMANCE SHARE AGREEMENT

The LTIP and Other Agreements

This Agreement constitutes the entire understanding between you and PG&E Corporation regarding the Performance Shares, subject to the terms of the LTIP. Any prior agreements, commitments or negotiations are superseded. In the event of any conflict or inconsistency between the provisions of this Agreement and the LTIP, the LTIP shall govern. Capitalized terms that are not defined in this Agreement are defined in the LTIP. In the event of any conflict between the provisions of this Agreement and the PG&E Corporation Officer Severance Policy or the PG&E Corporation 2012 Officer Severance Policy, this Agreement shall govern. The LTIP provides the Committee with discretion to adjust the performance award formula.

For purposes of this Agreement, employment with PG&E Corporation shall mean employment with any member of the Participating Company Group.

Grant of Performance Shares

PG&E Corporation grants you the number of Performance Shares shown on the cover sheet of this Agreement. The Performance Shares are subject to the terms and conditions of this Agreement and the LTIP.

Vesting of Performance Shares

As long as you remain employed with PG&E Corporation, the Performance Shares will vest on the first business day of March (the "Vesting Date") of the third year following the date of grant specified in the cover sheet. Except as described below, all Performance Shares subject to this Agreement that have not vested shall be forfeited upon termination of your employment.

Settlement in Shares

Vested performance shares will be settled in shares of PG&E Corporation common stock, subject to the satisfaction of Withholding Taxes, as described below. The number of shares you are entitled to receive will be calculated by multiplying the number of vested Performance Shares by the "settlement percentage" determined as follows (except as set forth elsewhere in this Agreement):

Upon the Vesting Date, PG&E Corporation's total shareholder return ("TSR") will be compared to the TSR of the twelve other companies in PG&E Corporation's comparator group ¹ for the prior three calendar years (the "Performance Period"). Subject to rounding considerations, if PG&E Corporation's TSR falls below the 25th percentile of the comparator group the settlement percentage will be 0%; if PG&E Corporation's TSR is at the 25th percentile, the settlement percentage will be 25%; if PG&E Corporation's TSR is at the 75th percentile, the settlement percentage will be 100%; and if PG&E Corporation's TSR is in the top rank, the settlement percentage will be 200%. The following table sets forth the settlement percentages for the other TSR rankings that could be achieved based on PG&E Corporation's TSR rank within the comparator group:

Companies in	Number of	
	To tal (Including PG&E Corporation)	- 13
Rank	Performance Percentile	Rounded Payout

1	100%	200%
2	92%	170%
3	83%	130%
4	75%	100%
5	67%	90%
6	58%	75%
7	50%	65%
8	42%	50%
9	33%	35%
10	25%	25%
11	17%	0%
12	8%	0%

The final settlement percentage, if any, will be determined as soon as practicable following the date that the Compensation Committee (or a subcommittee of that Committee) of the PG&E Corporation Board of Directors or an equivalent body certifies the TSR percentile rank over the Performance Period pursuant to Section 10.5(a) of the LTIP. PG&E Corporation will issue shares as soon as practicable after such determination, but no earlier than the Vesting Date, and not later than sixty (60) days after the Vesting Date.

¹ The current Performance Comparator Group consists of the following companies: American Electric Power, CMS Energy, Consolidated Edison, Inc., DTE Energy, Duke Energy, NiSource, Inc., Northeast Utilities, Pinnacle West Capital, Southern Company, SCANA Corp., Wisconsin Energy Corporation, and Xcel Energy, Inc.. PG&E Corporation reserves the right to change the companies comprising the comparator group in accordance with the rules established by PG&E Corporation in connection with this award.

Dividends

Each time that PG&E Corporation declares a dividend on its shares of common stock, an amount equal to the dividend multiplied by the number of Performance Shares granted to you by this Agreement shall be accrued on your behalf. If you receive a Performance Share settlement in accordance with the preceding paragraph, at that same time you also shall receive a cash payment equal to the amount of any dividends accrued with respect to your Performance Shares over the Performance Period multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any.

Voluntary Termination

If you terminate your employment with PG&E Corporation voluntarily before the Vesting Date (other than for Retirement), all of the Performance Shares shall be cancelled as of the date of such termination and any dividends accrued with respect to your Performance Shares shall be forfeited.

Termination for Cause

If your employment with PG&E Corporation is terminated at any time by PG&E Corporation for cause before the Vesting Date, all of the Performance Shares shall be cancelled as of the date of such termination and any dividends accrued with respect to your Performance Shares shall be forfeited. In general, termination for “cause” means termination of employment because of dishonesty, a criminal offense or violation of a work rule, and will be determined by and in the sole discretion of PG&E Corporation.

Termination other than for

If your employment with PG&E Corporation is terminated by PG&E Corporation other than for cause before the Vesting Date, your unvested

Cause Performance Shares will vest proportionally based on the number of months during the Performance Period that you were employed (rounded down) divided by the number of months in the Performance Period (36 months). All other outstanding Performance Shares (and any associated accrued dividends) shall be cancelled unless your termination of employment was in connection with a Change in Control as provided below. Your vested Performance Shares will be settled, if at all, as soon as practicable after the Vesting Date and in any event within sixty (60) days of the Vesting Date, based on the same settlement percentage applied to active employees. At that time you also shall receive a cash payment, if any, equal to the amount of dividends accrued over the Performance Period with respect to your vested Performance Shares multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any.

Retirement If you retire before the Vesting Date, your outstanding Performance Shares will continue to vest as though your employment had continued and will be settled, if at all, as soon as practicable following the Vesting Date and in any event within sixty (60) days of the Vesting Date. At the same time you also shall also receive a cash payment, if any, equal to the amount of dividends accrued over the Performance Period with respect to your Performance Shares multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any. You will be considered to have retired if you are age 55 or older on the date of termination and if you were employed by PG&E Corporation for at least five consecutive years ending on the date of termination of your employment.

Death/Disability If your employment terminates due to your death or disability before the Vesting Date, all of your Performance Shares shall immediately vest and will be settled, if at all, as soon as practicable after the Vesting Date and in any event within sixty (60) days of the Vesting Date based on the same settlement percentage applied to active employees. At that same time you also shall receive a cash payment, if any, equal to the amount of dividends accrued over the Performance Period with respect to your Performance Shares multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any.

Termination Due to Disposition of Subsidiary (1) If your employment is terminated (other than for cause or your voluntary termination) by reason of a divestiture or change in control of a subsidiary of PG&E Corporation, which divestiture or change in control results in such subsidiary no longer qualifying as a subsidiary corporation under Section 424(f) of the Internal Revenue Code of 1986, as amended, or (2) if your employment is terminated (other than for cause or your voluntary termination) coincident with the sale of all or substantially all of the assets of a subsidiary of PG&E Corporation, your unvested Performance Shares shall vest and be settled in the same manner as for a "Termination other than for Cause" described above.

Change in Control In the event of a Change in Control, the surviving, continuing, successor, or purchasing corporation or other business entity or parent thereof, as the case may be (the "Acquiror "), may, without your consent, either assume or continue PG&E Corporation's rights and obligations under this Agreement or provide a substantially equivalent award in substitution for the Performance Shares subject to this Agreement. If the Acquiror assumes or continues PG&E Corporation's rights and obligations under this

Agreement or substitutes a substantially equivalent award, TSR shall be calculated by combining (a) the TSR of PG&E Corporation for the period from January 1 of the year of grant to the date of the Change in Control, and (b) the TSR of the Acquiror from the date of the Change in Control to the last calendar day of the year preceding the Vesting Date. The settlement percentage reflected in the table set forth above for the highest percentile TSR performance met or exceeded when calculated on that basis, and considering any adjustments to the comparator group, will be used to determine the number of shares, if any, you are entitled to receive upon settlement of the assumed, continued or substituted award, which settlement shall occur as soon as practicable after the Vesting Date and in any event within sixty (60) days of the Vesting Date. At that time you also shall receive a cash payment, if any, equal to the amount of dividends accrued with respect to your Performance Shares over the Performance Period multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any.

If the Change in Control of PG&E Corporation occurs before the original Vesting Date, and if this Award is neither assumed nor continued by the Acquiror or if the Acquiror does not provide a substantially equivalent award in substitution for the Performance Shares subject to this Agreement, all of your outstanding Performance Shares shall automatically vest and become nonforfeitable on the date of the Change in Control. Such vested Performance Shares will be settled, if at all, as soon as practicable following the original Vesting Date and in any event within sixty (60) days of the original Vesting Date. The settlement percentage, if any, will be based on TSR for the period from January 1 of the year of grant to the date of the Change in Control compared to the TSR of the other companies in PG&E Corporation's comparator group for the same period. At the same time you also shall receive a cash payment, if any, equal to the amount of dividends accrued with respect to your Performance Shares to the date of the Change in Control multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any.

**Termination In
Connection with
a Change in
Control**

If your employment is terminated by PG&E Corporation other than for cause in connection with a Change in Control within two years following the Change in Control, all of your outstanding Performance Shares (to the extent they did not previously vest upon failure of the Acquiror to assume or continue this Award) shall automatically vest and become nonforfeitable on the date of termination of your employment. If your employment is terminated by PG&E Corporation other than for cause in connection with a Change in Control within three months before the Change in Control occurs, all of your outstanding performance shares will automatically vest in full and become nonforfeitable (including the portion that you would have otherwise forfeited based on the proration of vested performance shares through the date of termination of your employment) as of the date of the Change in Control. Your vested Performance Shares will be settled, if at all, as soon as practicable following the original Vesting Date and in any event within sixty (60) days of the Vesting Date and will be based on the same settlement percentage applied to active employees. You shall also at that time receive a cash payment, if any, equal to the amount of dividends accrued over the Performance Period with respect to your vested Performance Shares multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any. PG&E Corporation shall have the sole discretion to determine whether termination of your employment was made in connection with a Change in Control.

**Withholding
Taxes**

The number of shares of PG&E Corporation common stock that you are otherwise entitled to receive upon settlement of Performance Shares will be reduced by a number of shares having an aggregate Fair Market Value, as determined by PG&E Corporation, equal to the amount of any Federal, state, or local taxes of any kind required by law to be withheld by PG&E Corporation in connection with the Performance Shares determined using the applicable minimum statutory withholding rates , including social security and Medicare taxes due under the Federal Insurance Contributions Act and the California State Disability Insurance tax (“ Withholding Taxes”). If the withheld shares were not sufficient to satisfy your minimum Withholding Taxes, you will be required to pay, as soon as practicable, including through additional payroll withholding, any amount of the Withholding Taxes that is not satisfied by the withholding of shares described above .

**Leaves of
Absence**

For purposes of this Agreement, if you are on an approved leave of absence from PG&E Corporation, or a recipient of PG&E Corporation sponsored disability benefits, you will continue to be considered as employed. If you do not return to active employment upon the expiration of your leave of absence or the expiration of your PG&E Corporation sponsored disability benefits, you will be considered to have voluntarily terminated your employment. See above under “Voluntary Termination.”

PG&E Corporation reserves the right to determine which leaves of absence will be considered as continuing employment and when your employment terminates for all purposes under this Agreement.

**No Retention
Rights**

This Agreement is not an employment agreement and does not give you the right to be retained by PG&E Corporation. Except as otherwise provided in an applicable employment agreement, PG&E Corporation reserves the right to terminate your employment at any time and for any reason.

Applicable Law

This Agreement will be interpreted and enforced under the laws of the State of California.

PG&E CORPORATION

2006 LONG-TERM INCENTIVE PLAN

RESTRICTED STOCK UNIT AGREEMENT

The LTIP and Other Agreements

This Agreement constitutes the entire understanding between you and PG&E Corporation regarding the Restricted Stock Units, subject to the terms of the LTIP. Any prior agreements, commitments, or negotiations are superseded. In the event of any conflict or inconsistency between the provisions of this Agreement and the LTIP, the LTIP shall govern. Capitalized terms that are not defined in this Agreement are defined in the LTIP. In the event of any conflict between the provisions of this Agreement and the PG&E Corporation Officer Severance Policy or the PG&E Corporation 2012 Officer Severance Policy, this Agreement shall govern. For purposes of this Agreement, employment with PG&E Corporation shall mean employment with any member of the Participating Company Group.

Grant of Restricted Stock Units

PG&E Corporation grants you the number of Restricted Stock Units shown on the cover sheet of this Agreement. The Restricted Stock Units are subject to the terms and conditions of this Agreement and the LTIP.

Vesting of Restricted Stock Units

As long as you remain employed with PG&E Corporation, 20 percent of the total number of Restricted Stock Units originally subject to this Agreement, as shown above on the cover sheet, will vest on the first business day of March of each of the first, second and third years following the Date of Grant, and the additional 40 percent of the total number of shares of Restricted Stock Units will vest on the on the first business day of March of the fourth year following the Date of Grant (collectively, the "Normal Vesting Schedule"). The amounts payable upon each vesting date are hereby designated separate payments for purposes of Code Section 409A. Except as described below, all Restricted Stock Units subject to this Agreement which have not vested upon termination of your employment shall then be automatically cancelled. As set forth below, the Restricted Stock Units may vest earlier upon the occurrence of certain events.

Pro-Rata Vesting of Restricted Stock Units

Notwithstanding any other vesting provisions noted in this Agreement, after you complete at least three years of employment with PG&E Corporation, upon your termination (other than termination for cause, voluntary termination, Retirement, termination due to death or Disability, or termination in connection with a Change in Control) additional Restricted Stock Units shall continue to vest (as if you continued to be employed by PG&E Corporation) such that the total number of vested Restricted Stock Units (including Restricted Stock Units, if any, that vested prior to the date of termination) shall be equal to the greater of (1) the actual number of vested Restricted Stock Units or (2) the number determined by multiplying the total number of Restricted Stock Units subject to this Agreement by the number of your days of service with PG&E Corporation in the Normal Vesting Schedule (through the date of termination), divided by the potential number of days of service in the Normal Vesting Schedule. All other unvested Restricted Stock Units will be cancelled upon such termination. Vested Restricted Stock Units will continue to be settled and paid on the same time schedule and at the rate

that would be normally applicable (absent your termination of employment) until the pro-rated amount (if any) is exhausted.

Dividends

Restricted Stock Units will accrue Dividend Equivalents in the event cash dividends are paid with respect to PG&E Corporation common stock having a record date prior to the date on which the Restricted Stock Units are settled. Such Dividend Equivalents will be converted into cash and paid, if at all, upon settlement of the underlying Restricted Stock Units.

Settlement

Vested Restricted Stock Units will be settled in an equal number of shares of PG&E Corporation common stock, subject to the satisfaction of Withholding Taxes, as described below. PG&E Corporation shall issue shares as soon as practicable after the Restricted Stock Units vest in accordance with the Normal Vesting Schedule (but not later than sixty (60) days after the applicable vesting date); provided, however, that such issuance shall, if earlier, be made with respect to all of your outstanding vested Restricted Stock Units (after giving effect to the vesting provisions described below) as soon as practicable after (but not later than sixty (60) days after) the earliest to occur of your (1) Disability (as defined under Code Section 409A), (2) death or (3) "separation from service," within the meaning of Code Section 409A within 2 years following a Change in Control.

Voluntary Termination

In the event of your voluntary termination (other than Retirement), all unvested Restricted Stock Units will be cancelled on the date of termination.

Retirement

In the event of your Retirement, unvested Restricted Stock Units will continue to vest and be settled pursuant to the Normal Vesting Schedule (without regard to the requirement that you be employed), subject to the earlier settlement provisions of this Agreement; provided, however that in the event of your Retirement within 2 years following a Change in Control, all of your Restricted Stock Units shall vest and be settled as soon as practicable after (but not later than sixty (60) days after) the date of such event. Your voluntary termination of employment will be considered to be a Retirement if you are both age 55 or older on the date of termination and if you were employed by PG&E Corporation for at least five consecutive years ending on the date of termination of your employment.

Termination for Cause

If your employment with PG&E Corporation is terminated at any time by PG&E Corporation for cause, all unvested Restricted Stock Units will be cancelled on the date of termination.

For these purposes, "cause" means when PG&E Corporation, acting in good faith based upon information then known to it, determines that you have engaged in, committed, or are responsible for, (1) serious misconduct, gross negligence, theft, or fraud against PG&E Corporation and/or its affiliates, (2) refusal or unwillingness to perform your duties; (3) inappropriate conduct in violation of PG&E Corporation's equal employment opportunity policy; (4) conduct which reflects adversely upon, or making any remarks disparaging of, PG&E Corporation, its Board of Directors, Officers, or employees, or its affiliates or subsidiaries; (5) insubordination; (6) any willful act that is likely to have the effect of injuring the reputation, business, or business relationships of PG&E Corporation or its subsidiaries or affiliates; (7) violation of any fiduciary

duty; or (8) breach of any duty of loyalty.

Termination other than for Cause

If your employment with PG&E Corporation is terminated by PG&E Corporation other than for cause, all unvested Restricted Stock Units will be cancelled unless your termination was in connection with a Change in Control as provided below, or if provisions relating to pro-rata vesting of Restricted Stock Units apply. All other unvested Restricted Stock Units will be cancelled unless your termination of employment was in connection with a Change in Control as provided below.

Death/Disability

In the event of your death or Disability while you are employed, all of your Restricted Stock Units shall vest and be settled as soon as practicable after (but not later than sixty (60) days after) the date of such event. If your death or Disability occurs following the termination of your employment and your Restricted Stock Units are then outstanding under the terms hereof, then all of your vested Restricted Stock Units plus any Restricted Stock Units that would have otherwise vested during any continued vesting period hereunder shall be settled as soon as practicable after (but not later than sixty (60) days after) the date of your death or Disability.

Termination Due to Disposition of Subsidiary

(1) If your employment is terminated (other than termination for cause, your voluntary termination, or your Retirement) by reason of a divestiture or change in control of a subsidiary of PG&E Corporation, which divestiture or change in control results in such subsidiary no longer qualifying as a subsidiary corporation under Section 424(f) of the Internal Revenue Code of 1986, as amended (the "Code"), or (2) if your employment is terminated (other than termination for cause, your voluntary termination, or your Retirement) coincident with the sale of all or substantially all of the assets of a subsidiary of PG&E Corporation, the Restricted Stock Units shall vest and be settled in the same manner as for a "Termination other than for Cause" described above.

Change in Control

In the event of a Change in Control, the surviving, continuing, successor, or purchasing corporation or other business entity or parent thereof, as the case may be (the "Acquiror"), may, without your consent, either assume or continue PG&E Corporation's rights and obligations under this Agreement or provide a substantially equivalent award in substitution for the Restricted Stock Units subject to this Agreement.

If the Restricted Stock Units are neither assumed nor continued by the Acquiror or if the Acquiror does not provide a substantially equivalent award in substitution for the Restricted Stock Units, all of your unvested Restricted Stock Units shall automatically vest immediately preceding and contingent on, the Change in Control and be settled in accordance with the Normal Vesting Schedule, subject to the earlier settlement provisions of this Agreement.

Termination In Connection with a Change in Control

If you separate from service (other than termination for cause, your voluntary termination, or Retirement) in connection with a Change in Control within three months before the Change in Control occurs, all of your outstanding Restricted Stock Units (including Restricted Stock Units that you would have otherwise forfeited after the end of the continued vesting period) shall automatically vest on the date of the Change in Control and will be settled in accordance with the Normal Vesting Schedule (without regard to the requirement that you be employed) subject

to the earlier settlement provisions of this Agreement. In the event of such a separation in connection with a Change in Control within two years following the Change in Control, your Restricted Stock Units (to the extent they did not previously vest upon, for example, failure of the Acquiror to assume or continue this Award) shall automatically vest on the date of such separation and will be settled as soon as practicable after (but not later than sixty (60) days after) the date of such separation. PG&E Corporation shall have the sole discretion to determine whether termination of your employment was made in connection with a Change in Control

Delay

PG&E Corporation shall delay the issuance of any shares of common stock to the extent it is necessary to comply with Section 409A(a)(2)(B)(i) of the Code (relating to payments made to certain “key employees” of certain publicly-traded companies); in such event, any shares of common stock to which you would otherwise be entitled during the six (6) month period following the date of your “separation from service” under Section 409A (or shorter period ending on the date of your death following such separation) will instead be issued on the first business day following the expiration of the applicable delay period.

Withholding Taxes

The number of shares of PG&E Corporation common stock that you are otherwise entitled to receive upon settlement of Restricted Stock Units will be reduced by a number of shares having an aggregate Fair Market Value, as determined by PG&E Corporation, equal to the amount of any Federal, state, or local taxes of any kind required by law to be withheld by PG&E Corporation in connection with the Restricted Stock Units determined using the applicable minimum statutory withholding rates, including social security and Medicare taxes due under the Federal Insurance Contributions Act and the California State Disability Insurance tax (“Withholding Taxes”). If the withheld shares were not sufficient to satisfy your minimum Withholding Taxes, you will be required to pay, as soon as practicable, including through additional payroll withholding, any amount of the Withholding Taxes that is not satisfied by the withholding of shares described above.

Leaves of Absence

For purposes of this Agreement, if you are on an approved leave of absence from PG&E Corporation, or a recipient of PG&E Corporation sponsored disability benefits, you will continue to be considered as employed. If you do not return to active employment upon the expiration of your leave of absence or the expiration of your PG&E Corporation sponsored disability benefits, you will be considered to have voluntarily terminated your employment. See above under “Voluntary Termination.”

Notwithstanding the foregoing, if the leave of absence exceeds six (6) months, and a return to service upon expiration of such leave is not guaranteed by statute or contract, then you shall be deemed to have had a “separation from service” for purposes of any Restricted Stock Units that are settled hereunder upon such separation. To the extent an authorized leave of absence is due to a medically determinable physical or mental impairment that can be expected to result in death or to last for a continuous period of at least six (6) months and such impairment causes you to be unable to perform the duties of your position of employment or any substantially similar position of employment, the six (6) month period in the prior sentence shall be twenty-nine (29) months.

PG&E Corporation reserves the right to determine which leaves of

absence will be considered as continuing employment and when your employment terminates for all purposes under this Agreement.

Voting and Other Rights

You shall not have voting rights with respect to the Restricted Stock Units until the date the underlying shares are issued (as evidenced by appropriate entry on the books of PG&E Corporation or its duly authorized transfer agent).

No Retention Rights

This Agreement is not an employment agreement and does not give you the right to be retained by PG&E Corporation. Except as otherwise provided in an applicable employment agreement, PG&E Corporation reserves the right to terminate your employment at any time and for any reason.

Applicable Law

This Agreement will be interpreted and enforced under the laws of the State of California.

PG&E CORPORATION 2006 LONG-TERM INCENTIVE PLAN

PERFORMANCE SHARE AGREEMENT

The LTIP and Other Agreements

This Agreement constitutes the entire understanding between you and PG&E Corporation regarding the Performance Shares, subject to the terms of the LTIP. Any prior agreements, commitments or negotiations are superseded. In the event of any conflict or inconsistency between the provisions of this Agreement and the LTIP, the LTIP shall govern. Capitalized terms that are not defined in this Agreement are defined in the LTIP. In the event of any conflict between the provisions of this Agreement and the PG&E Corporation Officer Severance Policy or the PG&E Corporation 2012 Officer Severance Policy, this Agreement shall govern. The LTIP provides the Committee with discretion to adjust the performance award formula.

For purposes of this Agreement, employment with PG&E Corporation shall mean employment with any member of the Participating Company Group.

Grant of Performance Shares

PG&E Corporation grants you the number of Performance Shares shown on the cover sheet of this Agreement. The Performance Shares are subject to the terms and conditions of this Agreement and the LTIP.

Vesting of Performance Shares

As long as you remain employed with PG&E Corporation, the Performance Shares will vest on the first business day of March (the "Vesting Date") of the third year following the date of grant specified in the cover sheet. Except as described below, all Performance Shares subject to this Agreement that have not vested shall be forfeited upon termination of your employment.

Pro-Rata Vesting of Performance Shares

Notwithstanding any other vesting provisions noted in this Agreement, after you complete at least three years of employment with PG&E Corporation, upon your termination (other than termination for cause, voluntary termination, Retirement, termination due to death or Disability, or termination in connection with a Change in Control) the number of vested Performance Shares shall equal the number of Performance Shares subject to this Agreement, multiplied by the number of your days of service with PG&E Corporation in the vesting period (through the date of termination), divided by the potential number of days of service in the vesting period. Your vested Performance Shares will be settled, if at all, as soon as practicable after the Vesting Date and in any event within sixty (60) days of the Vesting Date, based on the same settlement percentage applied to active employees. All other unvested Performance Shares will be cancelled upon such termination. At that time you also shall receive a cash payment, if any, equal to the amount of dividends accrued over the Performance Period with respect to your vested Performance Shares multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any.

Settlement in Shares

Vested performance shares will be settled in shares of PG&E Corporation common stock, subject to the satisfaction of Withholding Taxes, as described below. The number of shares you are entitled to receive will be calculated by multiplying the number of vested Performance Shares by the "settlement percentage" determined as follows (except as set forth elsewhere in this Agreement):

Upon the Vesting Date, PG&E Corporation's total shareholder return ("TSR") will be compared to the TSR of the twelve other companies in PG&E Corporation's comparator group ¹ for the prior three calendar years (the "Performance Period"). Subject to rounding considerations, if PG&E Corporation's TSR falls below the 25th percentile of the comparator group the settlement percentage will be 0%; if PG&E Corporation's TSR is at the 25th percentile, the settlement percentage will be 25%; if PG&E Corporation's TSR is at the 75th percentile, the settlement percentage will be 100%; and if PG&E Corporation's TSR is in the top rank, the settlement percentage will be 200%. The following table sets forth the settlement percentages for the other TSR rankings that could be achieved based on PG&E Corporation's TSR rank within the comparator group:

Number of Companies in Total (Including PG&E Corporation) - 13		
Rank	Performance Percentile	Rounded Payout
1	100%	200%
2	92%	170%
3	83%	130%
4	75%	100%
5	67%	90%
6	58%	75%
7	50%	65%
8	42%	50%
9	33%	35%
10	25%	25%
11	17%	0%
12	8%	0%

The final settlement percentage, if any, will be determined as soon as practicable following the date that the Compensation Committee (or a subcommittee of that Committee) of the PG&E Corporation Board of Directors or an equivalent body certifies the TSR percentile rank over the Performance Period pursuant to Section 10.5(a) of the LTIP. PG&E Corporation will issue shares as soon as practicable after such determination, but no earlier than the Vesting Date, and not later than sixty (60) days after the Vesting Date.

¹ The current Performance Comparator Group consists of the following companies: American Electric Power, CMS Energy, Consolidated Edison, Inc., DTE Energy, Duke Energy, NiSource, Inc., Northeast Utilities, Pinnacle West Capital, Southern Company, SCANA Corp., Wisconsin Energy Corp., and Xcel Energy. PG&E Corporation reserves the right to change the companies comprising the comparator group in accordance with the rules established by PG&E Corporation in connection with this award.

Dividends

Each time that PG&E Corporation declares a dividend on its shares of common stock, an amount equal to the dividend multiplied by the number of Performance Shares granted to you by this Agreement shall be accrued on your behalf. If you receive a Performance Share settlement in accordance with the preceding paragraph, at that same time you also shall receive a cash payment equal to the amount of any dividends accrued with respect to your Performance Shares over the Performance Period multiplied by the same settlement percentage used to determine the number of shares

you are entitled to receive, if any.

**Voluntary
Termination**

If you terminate your employment with PG&E Corporation voluntarily before the Vesting Date (other than for Retirement), all of the Performance Shares shall be cancelled as of the date of such termination and any dividends accrued with respect to your Performance Shares shall be forfeited.

**Termination for
Cause**

If your employment with PG&E Corporation is terminated at any time by PG&E Corporation for cause before the Vesting Date, all of the Performance Shares shall be cancelled as of the date of such termination and any dividends accrued with respect to your Performance Shares shall be forfeited.

For these purposes, “cause” means when PG&E Corporation, acting in good faith based upon information then known to it, determines that you have engaged in, committed, or are responsible for, (1) serious misconduct, gross negligence, theft, or fraud against PG&E Corporation and/or its affiliates, (2) refusal or unwillingness to perform your duties; (3) inappropriate conduct in violation of PG&E Corporation’s equal employment opportunity policy; (4) conduct which reflects adversely upon, or making any remarks disparaging of, PG&E Corporation, its Board of Directors, Officers, or employees, or its affiliates or subsidiaries; (5) insubordination; (6) any willful act that is likely to have the effect of injuring the reputation, business, or business relationships of PG&E Corporation or its subsidiaries or affiliates; (7) violation of any fiduciary duty; or (8) breach of any duty of loyalty.

**Termination
other than for
Cause**

If your employment with PG&E Corporation is terminated by PG&E Corporation other than for cause before the Vesting Date, all unvested Performance Shares shall be cancelled unless your termination of employment was in connection with a Change in Control as provided below, or if provisions relating to pro-rata vesting of Restricted Stock Units apply.

Retirement

If you retire before the Vesting Date, your outstanding Performance Shares will continue to vest as though your employment had continued and will be settled, if at all, as soon as practicable following the Vesting Date and in any event within sixty (60) days of the Vesting Date. At the same time you also shall also receive a cash payment, if any, equal to the amount of dividends accrued over the Performance Period with respect to your Performance Shares multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any. You will be considered to have retired if you are age 55 or older on the date of termination and if you were employed by PG&E Corporation for at least five consecutive years ending on the date of termination of your employment.

Death/Disability

If your employment terminates due to your death or disability before the Vesting Date, all of your Performance Shares shall immediately vest and will be settled, if at all, as soon as practicable after the Vesting Date and in any event within sixty (60) days of the Vesting Date based on the same settlement percentage applied to active employees. At that same time you also shall receive a cash payment, if any, equal to the amount of dividends accrued over the Performance Period with respect to your Performance Shares multiplied by the same settlement percentage used to determine the

number of shares you are entitled to receive, if any.

**Termination Due
to Disposition of
Subsidiary**

(1) If your employment is terminated (other than for cause, your voluntary termination, or your Retirement) by reason of a divestiture or change in control of a subsidiary of PG&E Corporation, which divestiture or change in control results in such subsidiary no longer qualifying as a subsidiary corporation under Section 424(f) of the Internal Revenue Code of 1986, as amended, or (2) if your employment is terminated (other than for cause or your voluntary termination) coincident with the sale of all or substantially all of the assets of a subsidiary of PG&E Corporation, your unvested Performance Shares shall vest and be settled in the same manner as for a “Termination other than for Cause” described above.

**Change in
Control**

In the event of a Change in Control, the surviving, continuing, successor, or purchasing corporation or other business entity or parent thereof, as the case may be (the “Acquiror ”), may, without your consent, either assume or continue PG&E Corporation’s rights and obligations under this Agreement or provide a substantially equivalent award in substitution for the Performance Shares subject to this Agreement. If the Acquiror assumes or continues PG&E Corporation’s rights and obligations under this Agreement or substitutes a substantially equivalent award, TSR shall be calculated by combining (a) the TSR of PG&E Corporation for the period from January 1 of the year of grant to the date of the Change in Control, and (b) the TSR of the Acquiror from the date of the Change in Control to the last calendar day of the year preceding the Vesting Date. The settlement percentage reflected in the table set forth above for the highest percentile TSR performance met or exceeded when calculated on that basis, and considering any adjustments to the comparator group, will be used to determine the number of shares, if any, you are entitled to receive upon settlement of the assumed, continued or substituted award, which settlement shall occur as soon as practicable after the Vesting Date and in any event within sixty (60) days of the Vesting Date. At that time you also shall receive a cash payment, if any, equal to the amount of dividends accrued with respect to your Performance Shares over the Performance Period multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any.

If the Change in Control of PG&E Corporation occurs before the original Vesting Date, and if this Award is neither assumed nor continued by the Acquiror or if the Acquiror does not provide a substantially equivalent award in substitution for the Performance Shares subject to this Agreement, all of your outstanding Performance Shares shall automatically vest and become nonforfeitable on the date of the Change in Control. Such vested Performance Shares will be settled, if at all, as soon as practicable following the original Vesting Date and in any event within sixty (60) days of the original Vesting Date. The settlement percentage, if any, will be based on TSR for the period from January 1 of the year of grant to the date of the Change in Control compared to the TSR of the other companies in PG&E Corporation’s comparator group for the same period. At the same time you also shall receive a cash payment, if any, equal to the amount of dividends accrued with respect to your Performance Shares to the date of the Change in Control multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any.

**Termination In
Connection with**

If your employment is terminated by PG&E Corporation other than for cause in connection with a Change in Control within within two years

a Change in Control

following the Change in Control, all of your outstanding Performance Shares (to the extent they did not previously vest upon failure of the Acquiror to assume or continue this Award) shall automatically vest and become nonforfeitable on the date of termination of your employment. If your employment is terminated by PG&E Corporation other than for cause in connection with a Change in Control within three months before the Change in Control occurs, all of your outstanding performance shares will automatically vest in full and become nonforfeitable (including the portion that you would have otherwise forfeited based on the proration of vested performance shares through the date of termination of your employment) as of the date of the Change in Control. Your vested Performance Shares will be settled, if at all, as soon as practicable following the original Vesting Date and in any event within sixty (60) days of the Vesting Date and will be based on the same settlement percentage applied to active employees. You shall also at that time receive a cash payment, if any, equal to the amount of dividends accrued over the Performance Period with respect to your vested Performance Shares multiplied by the same settlement percentage used to determine the number of shares you are entitled to receive, if any. PG&E Corporation shall have the sole discretion to determine whether termination of your employment was made in connection with a Change in Control.

Withholding Taxes

The number of shares of PG&E Corporation common stock that you are otherwise entitled to receive upon settlement of Performance Shares will be reduced by a number of shares having an aggregate Fair Market Value, as determined by PG&E Corporation, equal to the amount of any Federal, state, or local taxes of any kind required by law to be withheld by PG&E Corporation in connection with the Performance Shares determined using the applicable minimum statutory withholding rates, including social security and Medicare taxes due under the Federal Insurance Contributions Act and the California State Disability Insurance tax ("Withholding Taxes"). If the withheld shares were not sufficient to satisfy your minimum Withholding Taxes, you will be required to pay, as soon as practicable, including through additional payroll withholding, any amount of the Withholding Taxes that is not satisfied by the withholding of shares described above.

Leaves of Absence

For purposes of this Agreement, if you are on an approved leave of absence from PG&E Corporation, or a recipient of PG&E Corporation sponsored disability benefits, you will continue to be considered as employed. If you do not return to active employment upon the expiration of your leave of absence or the expiration of your PG&E Corporation sponsored disability benefits, you will be considered to have voluntarily terminated your employment. See above under "Voluntary Termination."

PG&E Corporation reserves the right to determine which leaves of absence will be considered as continuing employment and when your employment terminates for all purposes under this Agreement.

No Retention Rights

This Agreement is not an employment agreement and does not give you the right to be retained by PG&E Corporation. Except as otherwise provided in an applicable employment agreement, PG&E Corporation reserves the right to terminate your employment at any time and for any reason.

Applicable Law

This Agreement will be interpreted and enforced under the laws of the State of California.
