

Sensata Technologies Holding plc Announces Pricing of \$500 Million of Senior Notes by Sensata Technologies B.V.

2022-08-15

SWINDON, England--(BUSINESS WIRE)-- Sensata Technologies Holding plc (NYSE: ST) ("Sensata Technologies") today announced that its indirect wholly owned subsidiary Sensata Technologies B.V. (the "Issuer") priced \$500 million in aggregate principal amount of 5.875% senior notes due 2030 (the "Notes") in a private offering that is exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"). The Notes were priced at par. The closing of the offering is expected to occur on August 29, 2022, subject to customary closing conditions.

The Notes will be guaranteed on a senior unsecured basis by each of the Issuer's wholly owned subsidiaries that is a borrower or a guarantor under Sensata's senior credit facilities and an issuer or a guarantor under Sensata's outstanding series of existing notes. The Notes and the guarantees will be the Issuer's and the guarantors' senior unsecured obligations and will rank equally in right of payment to all existing and future senior indebtedness of the Issuer or the guarantors, respectively, including the senior credit facilities and outstanding series of existing notes. The Notes and the guarantees will be senior to all the Issuer's and the guarantors' existing and future indebtedness that is expressly subordinated to the Notes and the guarantees. The Notes and the guarantees will be effectively junior to the Issuer's and the guarantors' existing and future secured indebtedness to the extent of the value of the assets securing such indebtedness, including indebtedness under the senior credit facilities, and will be structurally subordinated to all the existing and future obligations of any of, as applicable, the Issuer's or respective guarantor's subsidiaries that do not guarantee the Notes.

Sensata Technologies intends to use the net proceeds from the offering of the Notes to redeem, repurchase or otherwise repay the Issuer's 4.875% senior notes due 2023 or other existing debt.

The Notes and the related guarantees will be offered only to persons reasonably believed to be “qualified institutional buyers” in reliance on the exemption from registration provided by Rule 144A under the Securities Act and to non-U.S. persons outside the United States in compliance with Regulation S under the Securities Act. The Notes and the related guarantees have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction and may not be offered or sold in the United States without registration or an applicable exemption from the registration requirements of the Securities Act and applicable state securities or blue sky laws or outside the United States except in compliance with foreign securities laws.

This press release is for informational purposes only and shall not constitute an offer to sell or a solicitation of an offer to buy the Notes or any other securities. The Notes offering is not being made to any person in any jurisdiction in which the offer, solicitation or sale is unlawful. Any offers of the Notes will be made only by means of a private offering memorandum.

About Sensata Technologies

Sensata Technologies is a global industrial technology company striving to create a cleaner, more efficient, electrified and connected world. Safe Harbor Statement

Statements in this release which are not historical facts, such as those that may be identified by the use of words such as “anticipate,” “believe,” “could,” “estimate,” “expect,” “feel,” “forecast,” “intend,” “may,” “plan,” “potential,” “project,” “should,” “would,” and similar expressions, are forward-looking statements under the provisions of the Private Securities Litigation Reform Act of 1995. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. These risks and uncertainties include, but are not limited to, the consummation of the offering by the Issuer and the use of proceeds. Detailed information about some of the other known risks is included in our Annual Report on Form 10-K for the year ended December 31, 2021 and our other reports filed with the Securities and Exchange Commission. Because actual results could differ materially from our intentions, plans, expectations, assumptions, and beliefs about the future, you are urged to view all forward-looking statements contained in this news release with caution. Except as required by applicable law, we do not undertake to publicly update or revise any of these forward-looking statements, whether as a result of new information, future events, or otherwise.
