

# Sensata Technologies Reports First Quarter 2024 Financial Results

2024-04-29

SWINDON, United Kingdom--(BUSINESS WIRE)-- Sensata Technologies (NYSE: ST), a global industrial technology company and leading provider of sensors, sensor-rich solutions and electrical protection devices used in mission-critical systems that create valuable business insights for customers, today announced financial results for its first quarter ended March 31, 2024.

"We are pleased to report a solid start to 2024, with first quarter revenue and adjusted operating margins towards the high end of our guidance range," said Jeff Cote, CEO and President of Sensata. "We are the trusted electrification partner of choice as evidenced by more than \$1.3 billion in electrification wins during the past three years and our safe and efficient capabilities remain a durable, proven, and profitable business driving value for our shareholders."

## Operating Results - First Quarter

Operating results for the first quarter of 2024 compared to the first quarter of 2023 are summarized below. These results include non-GAAP financial measures, each of which is defined and reconciled to the most directly comparable GAAP measure later in this press release.

### Revenue:

- Revenue was \$1,006.7 million, an increase of \$8.5 million, or 0.9%, compared to \$998.2 million in the first quarter of 2023.
- On a constant currency basis, revenue increased 2.3% as compared to the first quarter of 2023.

## Operating income:

- Operating income was \$144.8 million, or 14.4% of revenue, a decrease of \$4.1 million, or 2.7%, compared to operating income of \$148.8 million, or 14.9% of revenue, in the first quarter of 2023.
- Adjusted operating income was \$188.5 million, or 18.7% of revenue (\$197.6 million or 19.4% of revenue on a constant currency basis), a decrease of \$4.4 million, or 2.3%, compared to adjusted operating income of \$192.9 million, or 19.3% of revenue, in the first quarter of 2023.

## Earnings per share:

- Earnings per share was \$0.50, a decrease of \$0.06, or 10.7%, compared to earnings per share of \$0.56 in the first quarter of 2023.
- Adjusted earnings per share was \$0.89, a decrease of \$0.03, or 3.3% (\$0.93 or an increase of 1.1% on a constant currency basis), compared to adjusted earnings per share of \$0.92 in the first quarter of 2023.

Sensata generated \$106.5 million of operating cash flow in the first quarter of 2024, compared to \$96.9 million in the prior year period. Sensata's free cash flow totaled \$64.4 million in the first quarter of 2024, compared to \$60.0 million in the prior year period.

During the first quarter of 2024, Sensata returned approximately \$28.1 million to shareholders, including \$18.1 million through its quarterly dividend of \$0.12 per share paid on February 28, 2024, and approximately \$10.1 million of shares repurchased.

## Guidance

For the second quarter of 2024, Sensata expects revenue of \$1,025 to \$1,055 million and adjusted EPS of \$0.89 to \$0.95.

Q2-2024 Guidance	Q2-24 Guidance	Q2-23	Y/Y Change
\$ in millions, except EPS			
Revenue	\$1,025 - \$1,055	\$1,062.1	(3%) - (1%)
organic growth			(2%) - (1%)
Adjusted Operating Income	\$192 - \$202	\$205.7	(7%) - (2%)
Adjusted Net Income	\$134 - \$144	\$149.2	(10%) - (4%)
Adjusted EPS	\$0.89 - \$0.95	\$0.97	(8%) - (2%)

Versus the prior year period, Sensata expects that changes in foreign currency exchange rates will decrease revenue by approximately \$13 million at the midpoint and decrease adjusted EPS by approximately \$0.02 at the midpoint in the second quarter of 2024.

## Non-GAAP Financial Measures

We supplement the reporting of our financial information determined in accordance with U.S. generally accepted accounting principles ("GAAP") with certain non-GAAP financial measures. We use these non-GAAP financial measures internally to make operating and strategic decisions, including the preparation of our annual operating plan, evaluation of our overall business performance, and as a factor in determining compensation for certain employees. We believe presenting non-GAAP financial measures is useful for period-over-period comparisons of underlying business trends and our ongoing business performance. We also believe presenting these non-GAAP measures provides additional transparency into how management evaluates the business.

Non-GAAP financial measures should be considered as supplemental in nature and are not meant to be considered in isolation or as a substitute for the related financial information prepared in accordance with U.S. GAAP. In addition, our non-GAAP financial measures may not be the same as, or comparable to, similar non-GAAP measures presented by other companies.

The non-GAAP financial measures referenced by Sensata in this release include: adjusted net income, adjusted earnings per share ("EPS"), adjusted operating income, adjusted operating margin, free cash flow, organic revenue growth, market outgrowth, adjusted earnings before interest, taxes, depreciation and amortization ("EBITDA"), net debt, and net leverage ratio. We also refer to changes in certain non-GAAP measures, usually reported either as a

percentage or number of basis points, between two periods. Such changes are also considered non-GAAP measures.

**Adjusted net income** (or loss) is defined as net income (or loss), determined in accordance with U.S. GAAP, excluding certain non-GAAP adjustments which are detailed in the accompanying reconciliation tables. **Adjusted EPS** is calculated by dividing adjusted net income (or loss) by the number of diluted weighted-average ordinary shares outstanding in the period. We believe that these measures are useful to investors and management in understanding our ongoing operations and in analysis of ongoing operating trends.

**Adjusted operating income** (or loss) is defined as operating income (or loss), determined in accordance with U.S. GAAP, excluding certain non-GAAP adjustments which are detailed in the accompanying reconciliation tables. **Adjusted operating margin** is calculated by dividing adjusted operating income (or loss) by net revenue. We believe that these measures are useful to investors and management in understanding our ongoing operations and in analysis of ongoing operating trends.

**Free cash flow** is defined as net cash provided by/(used in) operating activities less additions to property, plant and equipment and capitalized software. We believe that this measure is useful to investors and management as a measure of cash generated by business operations that will be used to repay scheduled debt maturities and can be used to fund acquisitions, repurchase ordinary shares, or for the accelerated repayment of debt obligations.

**Organic revenue growth** (or decline) is defined as the reported percentage change in net revenue calculated in accordance with U.S. GAAP, excluding the period-over-period impact of foreign exchange rate differences as well as the net impact of material acquisitions and divestitures for the 12-month period following the respective transaction date(s). We believe that this measure is useful to investors and management in understanding our ongoing operations and in analysis of ongoing operating trends.

**Adjusted EBITDA** is defined as net income (or loss), determined in accordance with U.S. GAAP, excluding interest expense, net, provision for (or benefit from) income taxes, depreciation expense, amortization of intangible assets, and the following non-GAAP adjustments, if applicable: (1) restructuring related and other, (2) financing and other transaction costs, and (3) deferred gain or loss on derivative instruments. We believe that this measure is useful to investors and management in understanding our ongoing operations and in analysis of ongoing operating trends.

**Gross leverage ratio** is defined as gross debt divided by last twelve months (LTM) adjusted EBITDA. We believe that gross leverage ratio is a useful measure to management and investors in understanding trends in our overall financial condition.

**Net debt** is defined as total debt, finance lease, and other financing obligations less cash and cash equivalents. We believe net debt is a useful measure to management and investors in understanding trends in our overall financial condition.

**Net leverage ratio** is defined as net debt divided by last twelve months (LTM) adjusted EBITDA. We believe the net leverage ratio is a useful measure to management and investors in understanding trends in our overall financial condition.

In discussing trends in our performance, we may refer to certain non-GAAP financial measures or the percentage change of certain non-GAAP financial measures in one period versus another, calculated on a **constant currency basis**. Constant currency is determined by stating revenues and expenses at prior period foreign currency exchange rates and excludes the impact of foreign currency exchange rates on all hedges and, as applicable, net monetary assets. We believe these measures are useful to investors and management in understanding our ongoing operations and in analysis of ongoing operating trends.

## Safe Harbor Statement

This earnings release includes "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements may be identified by terminology such as "may," "will," "could," "should," "expect," "anticipate," "believe," "estimate," "predict," "project," "forecast," "continue," "intend," "plan," "potential," "opportunity," "guidance," and similar terms or phrases. Forward-looking statements involve, among other things, expectations, projections, and assumptions about future financial and operating results, objectives, business and market outlook, megatrends, priorities, growth, shareholder value, capital expenditures, cash flows, demand for products and services, share repurchases, and Sensata's strategic initiatives, including those relating to acquisitions and dispositions and the impact of such transactions on our strategic and operational plans and financial results. These statements are subject to risks, uncertainties, and other important factors relating to our operations and business environment, and we can give no assurances that these forward-looking statements will prove to be correct.

A wide variety of potential risks, uncertainties, and other factors could materially affect our ability to achieve the results either expressed or implied by these forward-looking statements, including, but not limited to, risks related to public health crises, instability and changes in the global markets, supplier interruption or non-performance, the acquisition or disposition of businesses, adverse conditions or competition in the industries upon which we are dependent, intellectual property, product liability, warranty, and recall claims, market acceptance of new product introductions and product innovations, labor disruptions or increased labor costs, and changes in existing environmental or safety laws, regulations, and programs.

Investors and others should carefully consider the foregoing factors and other uncertainties, risks, and potential events including, but not limited to, those described in Item 1A: Risk Factors in our most recent Annual Report on Form 10-K and as may be updated from time to time in Item 1A: Risk Factors in our quarterly reports on Form 10-Q or other subsequent filings with the United States Securities and Exchange Commission. All such forward-looking statements speak only as of the date they are made, and we do not undertake any obligation to update these statements other than as required by law.
