*Note: Beginning in fiscal 2015, for our Adjusted Income and Adjusted EPS non-GAAP measures, we are conforming our definition of non-operating pension and postretirement benefit (credit) cost to the ASU 2017-07 definition. Under this new standard, only the service cost component of pension and postretirement benefit cost is an operating cost. For 2018 and prior years, amounts have been recost to conform with 2019 reporting.*
