MELVILLE, N.Y., February 19, 2019 – Zahn Dental, Henry Schein, Inc.'s dental laboratory business, today announced its lineup of equipment that will be available for demonstrations during LMT LAB DAY, which will be held at Hyatt Regency Chicago from February 21-23, 2019. In addition, Zahn will offer nearly 50 live lectures and clinics on a variety of topics for dental laboratory technicians and owners looking to enhance their digital workflows with new technology, equipment and materials, and to create seamless collaboration with dental practitioners. This event program, to be held in Grand Ballroom EF, will include keynote speaker, **Rella Christensen PhD., RDH** whose discussion will address, "Zirconia: New Independent Clinical Research Confirms its Superiority" on Friday, February 22 at 8:30 a.m. CT.

Visitors of LMT LAB DAY can receive demonstrations of new Zahn solutions, including vhf's K5+ Mill, Amann Girrbach's NextDent 5100 for Ceramill®, and EnvisionTEC's Envision One™ cDLM® 3D Printer. Additional solutions and materials will be available for demonstrations from partners, including: 3Shape, Amann Girrbach, Dekema, Dental Direkt, Dentsply Sirona, GC, Keystone Industries, Kulzer, Lista, Myerson, Noritake, NT Trading, Quatro, Renfert, DGSHAPE by Roland, Shenpaz, Sierra Tools, VITA and Zirlux.

"As part of our ongoing commitment to help laboratories thrive in the age of digital dentistry, we are excited to showcase new offerings that customers can rely on to meet their unique

laboratory needs," said Rita Acquafredda, President, Global Laboratory Business, Zahn Dental. "We also look forward to delivering a rich lineup of lectures and clinics that will help our customers grow their business, and help them better understand the innovative products and services that can improve patient care. By working together, we can help advance dentistry and oral health."

Educational events offered by Zahn at LAB DAY will feature a variety of topics by industry thought leaders to help customers integrate technology into digital workflows, learn about advances in digital dentures, elevate esthetics, increase growth with new materials, create high quality restorations and achieve predictable outcomes.

Featured events include:

- Thursday, February 21: 8:00 a.m. – Printing Dentures on the cara Print 4.0 (Presenter: Andrew Johnston, CDT)
