CACI Awarded \$45 Million Prime Contract to Provide Operation and Maintenance for Federal Bureau of Investigation Financial Systems

ARLINGTON, Va.--(BUSINESS WIRE)-- CACI International Inc (NYSE:CACI) announced today that it was awarded a \$45 million prime contract in the first quarter of its fiscal year 2014, which ended September 30, 2013, by the Federal Bureau of Investigation (FBI) Finance Division (FD) to provide operation and maintenance for the Bureau's financial and procurement management systems. Awarded under the FBI Triple S contract vehicle, which supports a full portfolio of information technology supplies and support services, this four-year (one base year plus three option years) task order contract is new business for CACI and further expands CACI's presence in its high-growth Business System Solutions market area.

The FBI FD is responsible for the overall coordination and administration of the FBI's budgetary and fiscal matters, financial planning, voucher and payroll matters, and property and procurement activities. These essential financial management products and services support the FBI's criminal investigative, national security, counterterrorism, and law enforcement support missions.

Under the terms of the contract, CACI will provide operation and maintenance support for all FBI financial and procurement management systems. Moreover, if all contract options are exercised, CACI will be tasked with supporting asset management and help desk services for the FBI, as well as additional financial and procurement management systems for other Department of Justice agencies. CACI has a strong track record of successfully implementing business systems solutions in all primary functional domains for multiple federal agencies.

John Mengucci, CACI's Chief Operating Officer and President of U.S. Operations, said, "CACI's technical approach offers the FBI enhanced productivity, communication, and problem resolution across their financial systems, enabling them to focus on critical missions. We integrate top-tier tools and strong domain knowledge, coupled with a highly scalable workforce, to provide agility, quality, and focused end-user support."

According to CACI President and Chief Executive Officer Ken Asbury, "This award aligns with CACI's strategy for our high-growth Business System Solutions market. We combine innovative solutions and services with deep and proven experience implementing business systems for customers throughout the federal landscape. Our sustained focus on our market areas enhances customer capabilities and delivers shareholder value."

CACI provides information solutions and services in support of national security missions and government transformation for Intelligence, Defense, and Federal Civilian customers. A member of the Fortune 1000 Largest Companies and the Russell 2000 Index, CACI provides dynamic careers for approximately 15,900 employees working in over 120 offices worldwide. Visit www.caci.com.

There are statements made herein which do not address historical facts, and therefore could be interpreted to be forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Such statements are subject to factors that could cause actual results to differ materially from anticipated results. The factors that could cause actual results to differ materially from those anticipated include, but are not limited to, the risk factors set forth in CACI's Annual Report on Form 10-K for the fiscal year ended June 30, 2013, and other such filings that CACI makes with the Securities and Exchange Commission from time to time. Any forward-looking statements should not be unduly relied upon and only speak as of the date hereof.
