CACI Chairman Dr. J.P. (Jack) London Named One of the Most Influential People in Business Ethics by the Ethisphere Institute

ARLINGTON, Va.--(BUSINESS WIRE)-- CACI International Inc ([NYSE:CACI](#)) announced today that Dr. J.P. (Jack) London, Executive Chairman and Chairman of the Board, has been named as one of the [100 Most Influential People in Business Ethics](#) for 2014 by the Ethisphere Institute, the global leader in defining and advancing the standards of ethical business practices. The annual list recognizes individuals who have made a positive material impact in the world of business ethics and compliance.

Dr. London is a recognized proponent of the importance of ethical behavior in today's government, military, and corporate environments. He shares his philosophy in his 2013 book, [Character: The Ultimate Success Factor](#), in which he presents insights from history and his personal experiences to provide a practical demonstration of how good character is the key to long-term success.

Dr. London maintains that every organization must create a strong culture of character, establish standards and values, strengthen leadership practices, and inspire good character in the next generation. In his view, successful cultures are based on ethics, integrity, respect, trust, and accountability. Considered to be the founder of the modern-era CACI, Dr. London has instilled this culture of character throughout the company for more than 40 years, and points to it as the driving force behind CACI's success.

"The 2014 list is an inspirational group that has undeniably impacted the way business is regarded and conducted around the globe," said Ethisphere Managing Editor Nicole Thomas. "Dr. Jack London is part of an exclusive community of leaders who have shown tremendous dedication to business ethics, transparency, sustainability, and corporate compliance."

Commenting on the Ethisphere ranking, Dr. London said, "On behalf of all the outstanding professionals at CACI, I am honored to receive this recognition from the Ethisphere Institute as a tribute to CACI's own steadfast dedication to ethics, integrity, and good character. Over the last several decades, there has been a significant erosion in the concept of character in our society. Sustaining good character and ethics is an ongoing commitment. We need the leaders and teams of tomorrow to understand and uphold this commitment to ensure the success of our society and the nation."

According to CACI President and Chief Executive Officer Ken Asbury, "We congratulate Dr. London on his ranking as one of the Ethisphere Institute's 100 Most Influential People in Business Ethics for 2014. For more than four decades, Jack has been a positive force for the promotion of ethical behavior and good character at CACI and a leader people both admire and respect."
