## CACI U.S. Operations Achieves Enterprise-Wide Certification for Delivering Process Excellence

### *New ISO 9001:2015 Credential Validates CACI's Quality Management System*

ARLINGTON, Va.--(BUSINESS WIRE)-- CACI International Inc ([NYSE MKT: CACI](#)) announced today that its U.S. Operations has been certified for the International Organization for Standardization ISO 9001:2015 credential for quality management. The new certification, the first enterprise-wide ISO certification CACI has achieved, validates the company's commitment to delivering excellence and demonstrates to customers that the company offers products and services of consistently good quality.

The ISO 9001:2015 is earned on the basis of an external audit. Auditors examined every aspect of U.S. Operations' quality management system (QMS) - the internal processes developed to ensure quality service, customer satisfaction, product and process conformance, and continual process improvement - auditing a statistical sampling of U.S. Operations programs, as well as the activities of CACI's Operational Excellence team, the internal team responsible for ensuring CACI's processes meet the highest industry standards. Auditors also evaluated the involvement of CACI's top management in setting the direction and priorities for the QMS. This is the third major enterprise-wide quality appraisal CACI has completed this year.

CACI Chief Operating Officer and President of U.S. Operations [John Mengucci](#) said, "The ISO 9001:2015 certification, together with the two CMMI ML 3 appraisals we received in February, completes the trifecta of external recognition of the focus on quality built into CACI's project execution."

[Ken Asbury](#), CACI's President and Chief Executive Officer, said, "This new certification, with its increased emphasis on risk management, is a testament to the excellence that we pursue at CACI as our constant goal. We are gratified at the recognition the International Standards Organization have given us, particularly in how the outside appraiser called attention to our robust customer feedback program."

CACI provides information solutions and services in support of national security missions and government transformation for Intelligence, Defense, and Federal Civilian customers. A *Fortune* magazine World's Most Admired Company in the IT Services industry, CACI is a member of the Fortune 1000 Largest Companies, the Russell 2000 Index, and the S&P SmallCap600 Index. CACI provides dynamic careers for over 20,000 employees worldwide. Visit [www.caci.com](http://www.caci.com).

*There are statements made herein which do not address historical facts, and therefore could be interpreted to be forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Such statements are subject to factors that could cause actual results to differ materially from anticipated results. The factors that could cause actual results to differ materially from those anticipated include, but are not limited to, the risk factors set forth in CACI's Annual Report on Form 10-K for the fiscal year ended June 30, 2015, and other such filings that CACI makes with the Securities and Exchange Commission from time to time. Any forward-looking statements should not be unduly relied upon and only speak as of the date hereof.*
