## **CACI to Showcase Multi-INT Analytics, SkyTracker™, and Integrated Data Environment at Air Force Association Air, Space & Cyber Conference**

ARLINGTON, Va.--(BUSINESS WIRE)-- CACI International Inc ([NYSE MKT: CACI](#)) will showcase solutions to support readying and securing the Air Force in air, space, and cyberspace domains for global operations at the Air Force Association's [Air, Space & Cyber Conference](#) on September 19-21, 2016 at the Gaylord National Resort and Convention Center in National Harbor, Md. The annual conference brings together Air Force leadership, industry experts, academia, and current aerospace specialists from around the world to discuss the issues and challenges facing the U.S. and the aerospace community today.

In keeping with this year's conference theme, "Airmen, Industry & Allies - A Global Security Team," CACI will demonstrate the company's innovative solutions and services for the Air Force's most critical missions. These include unique multi-INT analytic and visualization tools that characterize the battlespace and inform mission planning by discovering and exploiting behavioral patterns; SkyTracker™, CACI's proprietary, precision system to protect high-value assets and support public safety against the escalating threat posed by the inadvertent or unlawful misuse of UAS; and an Integrated Data Environment that enhances interoperability and implements effective data integration for more effective product lifecycle management. Visit CACI at Booth 1034 to view these demonstrations and more.
