

CACI to Demonstrate Secure Cloud-Based Solutions at Amazon Web Services Public Sector Summit

Arlington, Va., June 7, 2018 - CACI International Inc ([NYSE: CACI](#)) will showcase secure cloud-based solutions that enable improved operations for Intelligence Community, Defense, and Federal Civilian customers at the 2018 Amazon Web Services (AWS) Public Sector Summit at the Walter E. Washington Convention Center in Washington, D.C. June 20-21. CACI is a silver sponsor of the event.

At the summit, CACI subject matter experts will deliver a “Tech Talk” about the five pillars of cloud-native design and explain how these benchmarks enhance cloud reliability, availability, and efficiency. The discussion will also include how the deployment of DevSecOps enables effective automation and continuous operational improvement while greatly reducing the time required to achieve Authority to Operate.

CACI will also demonstrate intelligence outcomes enabled by a deep learning framework for object detection in full motion video streams. This actionable intelligence speeds decision-making for analysts.

CACI is an AWS Advanced Consulting Partner, Public Sector Partner, and Authorized Reseller and has developed secure, mission-critical cloud solutions for customers across all data classification levels. CACI has planned and performed hundreds of cloud migrations, working in tandem with customers to develop secure and efficient cloud architectures while adhering to all regulatory and compliance requirements.
