About GFG Resources Inc.

GFG Resources is a North American precious metals exploration company focused on district scale gold projects in tier one mining jurisdictions, Ontario and Wyoming. In Ontario, the Company owns 100% of the Pen and Dore gold projects, two large and highly prospective gold properties west of the prolific gold district of Timmins, Ontario, Canada. The Pen and the Dore gold projects have the same geological setting that hosts most of the gold deposits found in the Timmins Gold Camp which have produced over 70 million ounces of gold. In Wyoming, the Company has partnered with Newcrest Mining Ltd. through an option and earn-in agreement to advance the Rattlesnake Hills Gold Project. The geologic setting, alteration and mineralization seen in the Rattlesnake Hills are similar to other gold deposits of the Rocky Mountain alkaline province which, collectively, have produced over 50 million ounces of gold.
