(iii) when the Securities of such series and the Coupons, if any, appertaining thereto shall have been executed by the Corporation and authenticated by the Trustee in accordance with the provisions of this Indenture and delivered to and duly paid for by the purchasers thereof, such Securities will have been duly issued under this Indenture and will be valid and legally binding obligations of the Corporation enforceable in accordance with their respective terms, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights generally and to general principles of equity (regardless of whether considered in a proceeding in equity or at law), and will be entitled to the benefits of this Indenture;

(iv) the issuance of such Securities and any Coupons will not contravene the articles of incorporation or by-laws of the Corporation or result in any violation of any of the terms or provisions of any law or regulation or of any indenture, mortgage or other agreement known to such Counsel by which the Corporation is bound; and

(v) no consent, approval, authorization, order, registration or qualification of or with any governmental agency or body having jurisdiction over the Corporation is required for the execution and delivery of the Securities of such series by the Corporation except such as have been obtained, but no opinion need be expressed as to provincial or state securities or Blue Sky laws.

The Trustee shall have the right to decline to authenticate and deliver any Securities of any series under this Section if the Trustee, being advised by Counsel, shall determine that such action may not lawfully be taken or if the Trustee shall in good faith, by any one of its Responsible Officers, determine that such action would expose the Trustee to personal liability to the Holders of the Securities then Outstanding or would affect the Trustee's rights, duties or immunities under the Securities of such series or this Indenture in a manner which is not reasonably acceptable to the Trustee.

If the Corporation shall establish pursuant to Section 3.01 that the Securities of any series are to be issued in the form of one or more Registered Global Securities, then the Corporation shall execute and the Trustee shall, in accordance with this Section and the Corporation Order with respect to such series, authenticate and deliver one or more Registered Global Securities that (i) shall be in an aggregate principal amount equal to the aggregate principal amount specified in such Corporation Order, (ii) shall be registered in the name of the Depositary therefor or its nominee, (iii) shall be delivered by the Trustee to such Depositary or pursuant to such Depositary's instructions and (iv) shall bear a legend substantially to the following effect:

"Unless and until it is exchanged in whole or in part for Securities in definitive registered form, this Security may not be transferred except as a whole by the Depositary to the nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor Depositary or a nominee of such successor Depositary."

Each Depositary designated pursuant to Section 3.01 must, at the time of its designation and at all times while it serves as Depositary, be a clearing agency registered under the U.S. Securities Exchange Act of 1934, as amended, and any other applicable statute or regulation.

No Security shall be entitled to any benefit under this Indenture or be valid or obligatory for any purpose unless there shall appear on such Security a certificate of authentication substantially in the form and manually executed as hereinabove provided, and such certificate upon any Security shall be conclusive evidence, and the only evidence, that such Security has been duly authenticated and delivered hereunder and is entitled to the benefits of this Indenture. No Coupon shall be entitled to any benefit under this Indenture or be valid or obligatory for any purpose until the certificate of authentication on the Security to which such Coupon appertains shall have been duly executed as hereinabove provided. Notwithstanding the foregoing, if any Security shall have been authenticated and delivered hereunder but never issued and sold by the Corporation, and the Corporation shall deliver such Security and any Coupons appertaining thereto to the Trustee for cancellation as provided in Section 3.09, for all purposes of this Indenture such Security shall be deemed never to have been authenticated and delivered hereunder and shall never be entitled to the benefits of this Indenture.

SECTION 3.03 Denomination and Date of Securities. The Securities of each series shall be issuable as Registered Securities or Unregistered Securities in denominations established as provided in Section 3.01 or, with respect to the Registered Securities or the Unregistered Securities of any series if not so established, in denominations of $1,000 and any integral multiple thereof. The Securities of each series shall be numbered, lettered or otherwise distinguished in such manner or in accordance with such plan as the Officers executing the same may determine with the approval of the Trustee, as evidenced by the execution and authentication thereof.

Each Security shall be dated the date of its authentication. The Securities of each series shall bear interest, if any, from the date, and such interest shall be payable on the dates, established in or pursuant to Section 3.01.

SECTION 3.04 Temporary Securities. Pending the preparation of definitive Securities of any series, the Corporation may execute, and upon Corporation Order the Trustee shall authenticate and deliver, temporary Securities for such series which are printed, lithographed, typewritten or otherwise produced. Temporary Securities of any series shall be issuable as Registered Securities, or as Unregistered Securities with or without Coupons attached thereto, in any authorized denomination and substantially in the forms of the definitive Securities of such series, but with such omissions, insertions and variations as may be appropriate for temporary Securities, all as may be determined by the Corporation with the concurrence of the

Trustee, as evidenced by the execution and authentication thereof. Temporary Securities may contain such references to any provisions of this Indenture as may be appropriate. Every temporary Security of any series shall be executed by the Corporation and authenticated by the Trustee upon the same conditions and in substantially the same manner, and with like effect, as the definitive Securities of such series. Without unreasonable delay, the Corporation shall execute and deliver to the Trustee for authentication definitive Securities of such series; and thereupon temporary Registered Securities of such series may be surrendered in exchange for definitive Registered Securities of such series without charge at each office or agency to be maintained for such purpose in a Place of Payment of that series, and temporary Unregistered Securities of such series may be surrendered in exchange for definitive Unregistered Securities of such series, having attached thereto appropriate Coupons, if any, without charge at any office or agency to be maintained in a Place of Payment of that series. The Trustee shall authenticate and deliver in exchange for temporary Securities of such series so surrendered an equal aggregate principal amount of definitive Securities of such series in authorized denominations. Until so exchanged, the temporary Securities of any series shall be entitled to the same benefits under this Indenture as definitive Securities of such series, unless otherwise established pursuant to Section 3.01. The provisions of this Section are subject to any restrictions or limitations on the issue and delivery of temporary Unregistered Securities of any series that may be established pursuant to Section 3.01 (including any provision that Unregistered Securities of such series initially be issued in the form of a single global Unregistered Security to be delivered to a Depositary or agency located outside the United States of America and the procedures pursuant to which definitive Unregistered Securities of such series would be issued in exchange for such temporary global Unregistered Security).

SECTION 3.05 Registration, Transfer and Exchange. The Corporation shall keep, or cause to be kept, at the Corporate Trust Office, or at any office or agency to be maintained by the Corporation in a Place of Payment, for each series of Securities issuable as Registered Securities a register (the "Security Register") in which, subject to such reasonable regulations as it may prescribe, the Corporation will provide for the registration of Registered Securities of such series and the registration of transfer of Registered Securities of such series. The Security Register shall be in written form in the English language or in any other form capable of being converted into such form within a reasonable time. At all reasonable times, any Security Register not maintained by the Trustee shall be open for inspection by the Trustee or delivered to the Trustee upon its request. Unless and until otherwise determined by the Corporation pursuant to Section 3.01, the Security Register with respect to each series of Securities issuable as Registered Securities shall be kept at the Corporate Trust Office and, for this purpose, the Trustee shall be designated the "Security Registrar". The holder of any Registered Security shall be entitled to inspect the Security Register at any time during normal business hours of the Trustee at the Corporate Trust Office and to make extracts therefrom.

Upon surrender for registration of transfer of any Registered Security of any series at any office or agency to be maintained for such purpose in a Place of Payment for that series, the Corporation shall execute, and the Trustee, upon receipt of a Corporation Order, shall authenticate and deliver, in the name of the designated transferee or transferees one or more new Registered Securities of the same series of like tenor and terms in authorized denominations for a like aggregate principal amount.

Unregistered Securities (except for any temporary global Unregistered Securities) and Coupons (except for Coupons attached to any temporary global Unregistered Securities) shall be transferable by delivery.

At the option of the Holder thereof, Registered Securities of any series (other than a Registered Global Security, except as set forth below) may be exchanged for one or more Registered Securities of such series of like tenor and terms in authorized denominations for a like aggregate principal amount, upon surrender of any such Registered Security to be exchanged at the office or agency to be maintained for such purpose in a Place of Payment for that series and upon payment, if the Corporation shall so require, of the charges hereinafter provided. At the option of the Holder thereof, if the Securities of any series are issued in both registered and unregistered form, except as otherwise established for a particular series pursuant to Section 3.01, one or more Unregistered Securities of such series may be exchanged for Registered Securities of such series of like tenor and terms in authorized denominations for a like aggregate principal amount, upon surrender of any such Unregistered Security to be exchanged at the office or agency to be maintained for such purpose in a Place of Payment for that series, with, in the case of Unregistered Securities having Coupons attached, all unmatured Coupons and all matured Coupons in default thereto appertaining, and upon payment, if the Corporation shall so require, of the charges hereinafter provided. At the option of the Holder thereof, if Unregistered Securities of any series are issued in more than one authorized denomination, except as otherwise established for a particular series pursuant to Section 3.01, any such Unregistered Security may be exchanged for one or more Unregistered Securities of such series of like tenor and terms in authorized denominations for a like aggregate principal amount, upon surrender of any such Unregistered Securities at the office or agency to be maintained for such purpose in a Place of Payment for that series with, in the case of Unregistered Securities having Coupons attached, all unmatured Coupons and all matured Coupons in default thereto appertaining, and upon payment, if the Corporation shall so require, of the charges hereinafter provided. Unless otherwise established for a particular series pursuant to Section 3.01, Registered Securities of any series may not be exchanged for Unregistered Securities of such series. Whenever Securities of any series are so surrendered for exchange, the Corporation shall execute, and the Trustee shall authenticate and deliver, the Securities, in accordance with the Depositary's customary procedures and the provisions hereof, which the Holder making the exchange is entitled to receive. All Securities and Coupons surrendered upon any exchange or transfer provided for in this Indenture shall be promptly cancelled and the Trustee, upon written request of the Corporation, shall deliver a certificate of disposition thereof to the Corporation.

All Registered Securities of any series presented for registration of transfer, exchange, redemption or payment shall (if so required by the Corporation or the Trustee) be duly endorsed by, or be accompanied by a written instrument or instruments of transfer in form satisfactory to the Corporation and the Trustee duly executed by, the Holder or other appropriate person.

The Corporation may require payment by the Holder of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any exchange or registration of transfer of Securities; but unless otherwise provided in the Securities to be exchanged or transferred, no service charge shall be made for any such transaction.

Neither the Corporation nor the Security Registrar shall be required to (i) issue, exchange or register the transfer of Securities of any series during a period beginning at the opening of 15 Business Days next preceding the first mailing or publication of notice of redemption of the Securities of such series to be redeemed, (ii) exchange or register the transfer of any Securities selected for redemption, in whole or in part, except the unredeemed portion of any Security to be redeemed in part or (iii) exchange or register the transfer of any Security if the Holder thereof has exercised any right to require the Corporation to purchase such Security, in whole or in part, except any portion thereof not required to be so purchased.

Notwithstanding any other provision of this Section, unless and until it is exchanged in whole or in part for Securities in definitive registered form, a Registered Global Security representing all or a portion of the Securities of any series may not be transferred except as a whole by the Depositary for such Registered Global Security to a nominee of such Depositary or by a nominee of such Depositary to such Depositary or nominee of such Depositary or by such Depositary or any such nominee to a successor Depositary for such Registered Global Security or a nominee of such successor Depositary.

If at any time a Depositary for any Registered Securities of a series represented by one or more Registered Global Securities shall notify the Corporation that it is unwilling or unable to continue as Depositary for such Registered Securities or if at any time any such Depositary shall no longer be eligible to continue as Depositary, the Corporation shall appoint a successor Depositary with respect to the Registered Securities held by such Depositary. If a successor Depositary shall not be appointed by the Corporation within 90 days after the Corporation receives such notice or becomes aware of such ineligibility, the Corporation shall execute, and the Trustee upon receipt of a Corporation Order shall authenticate and deliver, in exchange for such Registered Global Securities, Registered Securities of such series in definitive form in authorized denominations for an aggregate principal amount equal to the aggregate principal amount of the Registered Global Securities held by such Depositary.

If an Event of Default described in clause (a) or (b) of Section 5.01 shall occur and be continuing with respect to any series of the Securities, the Corporation shall execute and deliver to the Trustee, together with a Corporation Order, and the Trustee shall, upon receipt thereof, authenticate and deliver, in exchange for Registered Global Securities evidencing the Securities of such series, Registered Securities of such series in definitive form in authorized denominations for an aggregate principal amount equal to the aggregate principal amount of such Registered Global Securities.

The Corporation may at any time, in its sole discretion, determine that the Registered Securities of a particular series shall no longer be represented by Registered Global Securities. In such event, the Corporation shall execute, and the Trustee upon receipt of a Corporation Order, and any other applicable documents required to be delivered in accordance with the provisions of this Indenture, shall authenticate and deliver, in exchange for such Registered Global Securities, Registered Securities of such series in definitive form in authorized denominations for an aggregate principal amount equal to the aggregate principal amount of such Registered Global Securities.

If so established by the Corporation pursuant to Section 3.01 with respect to the Securities of a particular series represented by a Registered Global Security, the Depositary for such Registered Global Security may surrender such Registered Global Security in exchange, in whole or in part, for Registered Securities of such series in definitive form upon such terms as are acceptable to the Corporation and such Depositary. Thereupon, the Corporation shall execute, and the Trustee upon receipt of a Corporation Order shall authenticate and deliver:

(a) to each Person specified by such Depositary, one or more new Registered Securities of such series in authorized denominations requested by such Person for an aggregate principal amount equal to, and in exchange for, such Person's beneficial interest in such Registered Global Security; and

(b) to such Depositary, a new Registered Global Security in a denomination equal to the difference between the principal amount of the surrendered Registered Global Security and the aggregate principal amount of the Registered Securities authenticated and delivered pursuant to clause (a) above.

Upon the surrender for exchange of any Registered Global Security for Registered Securities in definitive form, such Registered Global Security shall be promptly cancelled and disposed of by the Trustee, and the Trustee, upon written request of the Corporation, shall deliver a certificate of disposition to the Corporation. Registered Securities in definitive form issued in exchange for a Registered Global Security pursuant to this Section shall be registered in such names and in such authorized denominations as the Depositary for such Registered Global Security, pursuant to instructions from its direct or indirect participants or otherwise, shall instruct the Trustee or an agent of the Corporation or the Trustee. The Trustee or such agent shall deliver such Registered Securities to or as directed by the Persons in whose names such Registered Securities are so registered.

All Securities issued upon any registration of transfer or exchange of Securities shall be valid obligations of the Corporation, evidencing the same indebtedness, and entitled to the same benefits under this Indenture, as the Securities surrendered upon such registration of transfer or exchange.

Notwithstanding anything herein or in the terms of the Securities of any series to the contrary, none of the Corporation, the Trustee or any agent of the Corporation or the Trustee (any of which, other than the Corporation, shall conclusively rely on an Officers' Certificate and an Opinion of Counsel) shall be required to exchange any Unregistered Security of any series for a Registered Security of such series if such exchange would result in adverse income tax consequences to the Corporation (such as, for example, the inability of the Corporation to deduct from its income the interest payable on the Unregistered Securities) under then applicable income tax laws.

SECTION 3.06 Mutilated, Defaced, Destroyed, Lost or Stolen Securities. In case any temporary or definitive Security or any Coupon appertaining thereto shall become mutilated or defaced or be destroyed, lost or stolen, the Corporation shall execute, and the Trustee upon receipt of a Corporation Order shall authenticate and deliver, a new Security of the same series of like tenor and terms, bearing a number or other distinguishing symbol not

contemporaneously outstanding, in lieu of and substitution for the mutilated, defaced, destroyed, lost or stolen Security, with Coupons corresponding to any Coupons appertaining to the Security so mutilated, defaced, destroyed, lost or stolen, or in lieu of or substitution for the Security to which such mutilated, defaced, destroyed, lost or stolen Coupon appertained, with Coupons corresponding to the Coupons so mutilated, defaced, destroyed, lost or stolen. In each case, the applicant for a substitute Security or Coupon shall furnish to the Corporation and to the Trustee and any agent of the Corporation or the Trustee such security or indemnity as may be required by them to save each of them harmless and, in each case of destruction, loss or theft, evidence to their satisfaction of the destruction, loss or theft of such Security or Coupon and of the ownership thereof and, in each case of mutilation or defacement, shall surrender the Security and related Coupons to the Trustee or such agent.

Upon the issuance of any substitute Security or Coupon under this Section, the Corporation may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee or its agent) connected therewith. In case any Security or Coupon which has matured or is about to mature or has been called for redemption in full shall become mutilated or defaced or be destroyed, lost or stolen, the Corporation may, instead of issuing a substitute Security, pay or authorize the payment of the same or the relevant Coupon (without surrender thereof except in the case of a mutilated or defaced Security or Coupon), if the applicant for such payment shall furnish to the Corporation and to the Trustee and any agent of the Corporation or the Trustee such security or indemnity as may be required by them to save each of them harmless, and, in each case of destruction, loss or theft, evidence to their satisfaction of the destruction, loss or theft of such Security or Coupon and of the ownership thereof.

Every substitute Security or Coupon of any series issued pursuant to this Section in lieu of any mutilated, destroyed, lost or stolen Security or Coupon shall constitute an additional contractual obligation of the Corporation, whether or not the mutilated, destroyed, lost or stolen Security or Coupon shall be at any time enforceable by anyone, and shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Securities or Coupons of such series duly authenticated and delivered hereunder. All Securities and Coupons shall be held and owned upon the express condition that, to the extent permitted by law, the foregoing provisions are exclusive with respect to the replacement or payment of mutilated, defaced, destroyed, lost or stolen Securities and Coupons and shall preclude any and all other rights or remedies notwithstanding any law or statute existing or hereafter enacted to the contrary with respect to the replacement or payment of negotiable instruments or other securities without their surrender.

SECTION 3.07 Payment; Interest Rights Preserved. (a) Except as otherwise provided in accordance with Section 3.01 or 3.07(b) for the Registered Securities of a particular series, payments of the principal of (and premium, if any) and interest on any Registered Security (other than a Registered Global Security) will be made at the Corporate Trust Office except that, at the option of the Corporation, may be paid (i) by mailing checks for such interest payable to or upon the written order of such Holders at their last addresses as they appear on the Security Register, or (ii) by wire transfer to an account maintained by the Person entitled thereto as specified in the Security Register. Any payments under this Indenture for the benefit of Holders shall be received by the Trustee or Paying Agent no later than 12:00 p.m. (New York time) on the applicable payment or redemption date.

(b) Except as otherwise provided as contemplated by Section 3.01, interest on any Registered Security (other than a Registered Global Security) or on any Unregistered Security registered as to interest shall be paid to the Person in whose name such Security or whose entitlement to interest is registered at the close of business on the Regular Record Date for such interest.

(c) Interest on any Securities with Coupons attached (together with any additional related amounts payable pursuant to the terms of such Securities) shall be payable only upon presentation and surrender of the several Coupons for such interest installments as are evidenced thereby as they severally mature.

(d) If any temporary Unregistered Security provides that interest thereon may be paid while in temporary form, the interest on any such temporary Unregistered Security (together with any additional related amounts payable pursuant to the terms of such Security) shall be paid, as to the installments of interest evidenced by Coupons attached thereto, if any, only upon presentation and surrender thereof, and, as to the other installments of interest, if any, only upon presentation of such temporary Unregistered Security for notation thereon of the payment of such interest, in each case subject to any restrictions that may be established pursuant to Section 3.01.

(e) Any interest on any Registered Security which is payable, but is not punctually paid or duly provided for, on any Interest Payment Date ("Defaulted Interest") shall forthwith cease to be payable to the Holder on the relevant Regular Record Date by virtue of having been such Holder, and such Defaulted Interest may be paid by the Corporation, at its election in each case, as provided in paragraph (i) or (ii) below:

(i) The Corporation may elect to make payment of any Defaulted Interest on Registered Securities and on Unregistered Securities registered as to interest to the Persons in whose names the Registered Securities or whose entitlements to interest are registered at the close of business on a Special Record Date for the payment of such Defaulted Interest, which shall be fixed in the following manner. The Corporation shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each such Security and the date of the proposed payment, and at the same time the Corporation shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed

payment, such money when deposited to be held in trust for the benefit of the Persons entitled to such Defaulted Interest as in this paragraph provided. Thereupon, the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest which shall be not more than 15 days and not less than 10 days prior to the date of the proposed payment and not less than 10 days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Corporation of such Special Record Date and, in the name and at the expense of the Corporation, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first-class postage prepaid, or delivered electronically, to each Holder of the Registered Securities or each Person so entitled to interest at his or her address as it appears in the Security Register, not less than 10 days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been so mailed, such Defaulted Interest shall be Paid to the Persons in whose names the Registered Securities or whose entitlements to interest are registered at the close of business on such Special Record Date.

(ii) The Corporation may make payment of any Defaulted Interest on the Registered Securities of any series in any other lawful manner not inconsistent with the requirements of an securities exchange on which such Registered Securities may be listed, and upon such notice as may be required by such exchange, after notice given by the Corporation to the Trustee of the proposed payment pursuant to this paragraph.

SECTION 3.08 Persons Deemed Owners. The Corporation, the Trustee and any agent of the Corporation or the Trustee may treat the Person in whose name each Registered Security is registered in the Security Register as the owner of such Registered Security for the purpose of receiving payment of or on account of the principal of (and premium, if any) and (subject to Section 3.07) interest, if any, on such Registered Security and for all other purposes whatsoever (other than the payment of Additional Amounts), whether or not such payment in respect of such Registered Security shall be overdue, and none of the Corporation, the Trustee and any agent of the Corporation or the Trustee shall be affected by any notice to the contrary. The Corporation, the Trustee and any agent of the Corporation or the Trustee may treat the Holder of any Unregistered Security and the Holder of any Coupon as the owner of such Unregistered Security or Coupon for the purpose of receiving payment thereof or on account thereof and for all other purposes whatsoever, whether or not such payment in respect of such Unregistered Security or Coupon shall be overdue and none of the Corporation, the Trustee and any agent of the Corporation or the Trustee shall be affected by any notice to the contrary. All such payments so made to any such Person or Holder, or upon the order of any such Person or Holder, shall be valid and, to the extent of the amounts so paid, effectual to satisfy and discharge the indebtedness on any such Security or Coupon.

SECTION 3.09 Cancellation. All Securities and Coupons surrendered for payment, redemption, repayment at the option of the Holder, registration of transfer or exchange, or for credit against any payment in respect of any sinking or analogous fund, if surrendered to the Corporation or any agent of the Corporation or any agent of the Trustee, shall be delivered to the Trustee for cancellation or if surrendered to the Trustee, shall be cancelled by it; and no Securities or Coupons shall be issued in lieu thereof except as expressly permitted by any of the provisions of this Indenture. The Trustee shall dispose of cancelled Securities and Coupons, if

any, in accordance with its customary procedures. If the Corporation or its agent shall acquire any of the Securities or Coupons, such acquisition shall not operate as a redemption or satisfaction of the indebtedness represented by such Securities or Coupons unless and until the same are delivered to the Trustee for cancellation. No Securities shall be authenticated in lieu of or in exchange for any Securities cancelled as provided in this Section, except as expressly permitted by this Indenture. All cancelled Securities held by the Trustee shall be disposed of by the Trustee in accordance with its customary procedures and, upon written request of the Corporation, certification of their disposal delivered to the Corporation unless by Corporation Order the Corporation shall direct that cancelled Securities be returned to it.

SECTION 3.10 Computation of Interest. Except as otherwise established pursuant to Section 3.01 for the Securities of any series, interest on the Securities of each series shall be computed on the basis of a 360-day year of twelve 30-day months.

SECTION 3.11 Currency and Manner of Payments in Respect of Securities. (a) With respect to Registered Securities of any series not permitting the election provided for in paragraph (b) below or the Holders of which have not made the election provided for in paragraph (b) below, and with respect to Unregistered Securities of any series, except as provided in paragraph (d) below, payment of the principal of (and premium, if any) and interest, if any, on any Registered or Unregistered Security of such series will be made in the Currency in which such Registered Security or Unregistered Security, as the case may be, is payable. The provisions of this Section 3.11 may be modified or superseded with respect to any Securities pursuant to Section 3.01.

(b) It may be provided pursuant to Section 3.01 with respect to Registered Securities of any series that Holders shall have the option, subject to paragraphs (d) and (e) below, to receive payments of principal of (or premium, if any) or interest, if any, on such Registered Securities in any of the Currencies which may be designated for such election by delivering to the Trustee a written election with signature guarantees and in the applicable form established pursuant to Section 3.01, not later than the close of business on the Election Date immediately preceding the applicable payment date. If a Holder so elects to receive such payments in any such Currency, such election will remain in effect for such Holder or any transferee of such Holder until changed by such Holder or such transferee by written notice to the Trustee (but any such change must be made not later than the close of business on the Election Date immediately preceding the next payment date to be effective for the payment to be made on such payment date and no such change of election may be made with respect to payments to be made on any Registered Security of such series with respect to which an Event of Default has occurred or with respect to which the Corporation has deposited funds pursuant to Article Four or Twelve or with respect to which a notice of redemption has been given by the Corporation or a notice of option to elect repayment has been sent by such Holder or such transferee). Any Holder of any such Registered Security who shall not have delivered any such election to the Trustee not later than the close of business on the applicable Election Date will be paid the amount due on the applicable payment date in the relevant Currency as provided in Section 0. The Trustee shall notify the Exchange Rate Agent as soon as practicable after the Election Date of the aggregate principal amount of Registered Securities for which Holders have made such written election.

(c) Unless otherwise specified pursuant to Section 3.01, if the election referred to in paragraph (b) above has been provided for pursuant to Section 3.01, then, unless otherwise specified pursuant to Section 3.01, not later than the fourth Business Day after the Election Date for each payment date for Registered Securities of any series, the Exchange Rate Agent will deliver to the Corporation a written notice specifying, in the Currency in which Registered Securities of such series are payable, the respective aggregate amounts of principal of (and premium, if any) and interest, if any, on the Registered Securities to be paid on such payment date, specifying the amounts in such Currency so payable in respect of the Registered Securities as to which the Holders of Registered Securities of such series shall have elected to be paid in another Currency as provided in paragraph (b) above. If the election referred to in paragraph (b) above has been provided for pursuant to Section 3.01 and if at least one Holder has made such election, then, unless otherwise specified pursuant to Section 3.01, on the second Business Day preceding such payment date the Corporation will deliver to the Trustee for such series of Registered Securities an Exchange Rate Officer's Certificate in respect of the Dollar or Foreign Currency payments to be made on such payment date. Unless otherwise specified pursuant to Section 3.01, the Dollar or Foreign Currency amount receivable by Holders of Registered Securities who have elected payment in a Currency as provided in paragraph (b) above shall be determined by the Corporation on the basis of the applicable Market Exchange Rate in effect on the third Business Day (the "Valuation Date") immediately preceding each payment date, and such determination shall be conclusive and binding for all purposes, absent manifest error.

(d) If a Conversion Event occurs with respect to a Foreign Currency in which any of the Securities are denominated or payable other than pursuant to an election provided for pursuant to paragraph (b) above, then with respect to each date for the payment of principal of (and premium, if any) and interest, if any, on the applicable Securities denominated or payable in such Foreign Currency occurring after the last date on which such Foreign Currency was used (the "Conversion Date"), the Dollar shall be the Currency of payment for use on each such payment date. Unless otherwise specified pursuant to Section 3.01, the Dollar amount to be paid by the Corporation to the Trustee and by the Trustee or any Paying Agent to the Holders of such Securities with respect to such payment date shall be, in the case of a Foreign Currency other than a currency unit, the Dollar Equivalent of the Foreign Currency or, in the case of a currency unit, the Dollar Equivalent of the Currency Unit, in each case as determined by the Exchange Rate Agent in the manner provided in paragraph (f) or (g) below.

(e) Unless otherwise specified pursuant to Section 3.01, if the Holder of a Registered Security denominated in any Currency shall have elected to be paid in another Currency as provided in paragraph (b) above, and a Conversion Event occurs with respect to such elected Currency, such Holder shall receive payment in the Currency in which payment would have been made in the absence of such election; and if a Conversion Event occurs with respect to the Currency in which payment would have been made in the absence of such election, such Holder shall receive payment in Dollars as provided in paragraph (d) above.

(f) The "Dollar Equivalent of the Foreign Currency" shall be determined by the Exchange Rate Agent and shall be obtained for each subsequent payment date by converting the specified Foreign Currency into Dollars at the Market Exchange Rate on the Conversion Date.

(g) The "Dollar Equivalent of the Currency Unit" shall be determined by the Exchange Rate Agent and subject to the provisions of paragraph (h) below shall be the sum of each amount obtained by converting the Specified Amount of each Component Currency into Dollars at the Market Exchange Rate for such Component Currency on the Valuation Date with respect to each payment.

(h) For purposes of this Section 3.11 the following terms shall have the following meanings:

A "Component Currency" shall mean any Currency which, on the Conversion Date, was a component currency of the relevant currency unit, including, but not limited to, the Euro.

A "Specified Amount" of a Component Currency shall mean the number of units of such Component Currency or fractions thereof which were represented in the relevant currency unit, including, but not limited to, the Euro, on the Conversion Date. If after the Conversion Date the official unit of any Component Currency is altered by way of combination or subdivision, the Specified Amount of such Component Currency shall be divided or multiplied in the same proportion. If after the Conversion Date two or more Component Currencies are consolidated into a single currency, the respective Specified Amounts of such Component Currencies shall be replaced by an amount in such single Currency equal to the sum of the respective Specified Amounts of such consolidated Component Currencies expressed in such single Currency, and such amount shall thereafter be a Specified Amount and such single Currency shall thereafter be a Component Currency. If after the Conversion Date any Component Currency shall be divided into two or more currencies, the Specified Amount of such Component Currency shall be replaced by amounts of such two or more currencies, having an aggregate Dollar Equivalent value at the Market Exchange Rate on the date of such replacement equal to the Dollar Equivalent value of the Specified Amount of such former Component Currency at the Market Exchange Rate immediately before such division and such amounts shall thereafter be Specified Amounts and such currencies shall thereafter be Component Currencies. If, after the Conversion Date of the relevant currency unit, including, but not limited to, the Euro, a Conversion Event (other than any event referred to above in this definition of "Specified Amount") occurs with respect to any Component Currency of such currency unit and is continuing on the applicable Valuation Date, the Specified Amount of such Component Currency shall, for purposes of calculating the Dollar Equivalent of the Currency Unit, be converted into Dollars at the Market Exchange Rate in effect on the Conversion Date of such Component Currency.

"Election Date" shall mean the date for any series of Registered Securities as specified pursuant to clause (12) of Section 3.01 by which the written election referred to in paragraph (b) above may be made.

All decisions and determinations of the Exchange Rate Agent regarding the Dollar Equivalent of the Foreign Currency, the Dollar Equivalent of the Currency Unit, the Market Exchange Rate and changes in the Specified Amounts as specified above shall be in its sole discretion and shall, in the absence of manifest error, be conclusive for all purposes and

irrevocably binding upon the Corporation, the Trustee and all Holders of such Securities denominated or payable in the relevant Currency. The Exchange Rate Agent shall promptly give written notice to the Corporation and the Trustee of any such decision or determination.

In the event that the Corporation determines in good faith that a Conversion Event has occurred with respect to a Foreign Currency, the Corporation will immediately give written notice thereof to the Trustee and to the Exchange Rate Agent (and the Trustee will promptly thereafter give notice in the manner provided for in Section 1.07 to the affected Holders) specifying the Conversion Date. In the event the Corporation so determines that a Conversion Event has occurred with respect to the Euro or any other currency unit in which Securities are denominated or payable, the Corporation will immediately give written notice thereof to the Trustee and to the Exchange Rate Agent (and the Trustee will promptly thereafter give notice in the manner provided for in Section 1.07 to the affected Holders) specifying the Conversion Date and the Specified Amount of each Component Currency on the Conversion Date. In the event the Corporation determines in good faith that any subsequent change in any Component Currency as set forth in the definition of Specified Amount above has occurred, the Corporation will similarly give written notice to the Trustee and the Exchange Rate Agent.

The Trustee shall be fully justified and protected in conclusively relying and acting upon information received by it from the Corporation and the Exchange Rate Agent and shall not otherwise have any duty or obligation to determine the accuracy or validity of such information independent of the Corporation or the Exchange Rate Agent.

SECTION 3.12 Appointment and Resignation of Successor Exchange Rate Agent. (a) Unless otherwise specified pursuant to Section 3.01, if and so long as the Securities of any series (i) are denominated in a Currency other than Dollars or (ii) may be payable in a Currency other than Dollars, or so long as it is required under any other provision of this Indenture, then the Corporation will maintain with respect to each such series of Securities, or as so required, at least one Exchange Rate Agent. The Corporation will cause the Exchange Rate Agent to make the necessary foreign exchange determinations at the time and in the manner specified pursuant to Section 3.01 for the purpose of determining the applicable rate of exchange and, if applicable, for the purpose of converting the issued Currency into the applicable payment Currency for the payment of principal (and premium, if any) and interest, if any, pursuant to Section 3.11.

(b) No resignation of the Exchange Rate Agent and no appointment of a successor Exchange Rate Agent pursuant to this Section shall become effective until the acceptance of appointment by the successor Exchange Rate Agent as evidenced by a written instrument delivered to the Corporation and the Trustee.

(c) If the Exchange Rate Agent shall resign, be removed or become incapable of acting, or if a vacancy shall occur in the office of the Exchange Rate Agent for any cause with respect to the Securities of one or more series, the Corporation, by or pursuant to a Directors' Resolution, shall promptly appoint a successor Exchange Rate Agent or Exchange Rate Agents with respect to the Securities of that or those series (it being understood that any such successor Exchange Rate Agent may be appointed with respect to the Securities of one or more or all of such series and that, unless otherwise specified pursuant to Section 3.01, at any time there shall

only be one Exchange Rate Agent with respect to the Securities of any particular series that are originally issued by the Corporation on the same date and that are initially denominated and/or payable in the same Currency).

ARTICLE IV

SATISFACTION AND DISCHARGE

SECTION 4.01 Satisfaction and Discharge of Indenture. This Indenture shall cease to be of further effect (except as to any surviving rights of registration of transfer or exchange of Securities herein expressly provided for) and the Trustee, upon Corporation Request and at the expense of the Corporation, shall execute proper instruments acknowledging satisfaction and discharge of this Indenture, when:

(1) either

(i) all Securities and Coupons theretofore authenticated and delivered (other than (A) Securities and Coupons which have been destroyed, lost or stolen and which have been replaced or paid as provided in Section 3.06 and (B) Securities for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Corporation and thereafter repaid to the Corporation or discharged from such trust, as provided in Section 9.05) have been delivered to the Trustee for cancellation; or

(ii) all such Securities and Coupons not theretofore delivered to the Trustee for cancellation

(A) have become due and payable, or

(B) will become due and payable at their Stated Maturity within one year, or

(C) are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Corporation,

and the Corporation, in the case of clause (A), (B) or (C) of this clause (1)(ii), has, in accordance with the conditions set forth in Section 12.04(1), made or caused to be made deposits in trust for the purpose in an amount which shall be sufficient to pay and discharge the entire indebtedness on such Securities and Coupons not theretofore delivered to the Trustee for cancellation, for principal (and premium, if any) and interest to the date of such deposit (in the case of Securities and Coupons which have become due and payable) or to the Stated Maturity or Redemption Date, as the case may be;

(2) the Corporation has paid or caused to be paid all other sums payable hereunder by the Corporation; and

(3) the Corporation has delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent herein provided for relating to the satisfaction and discharge of this Indenture have been complied with.

Notwithstanding the satisfaction and discharge of this Indenture, the obligations of the Corporation to the Trustee under Sections 6.03(vii) and 6.03(viii), the obligations of the Corporation to any Authenticating Agent under Section 6.13 and, if deposits shall have been made pursuant to clause (1)(ii) of the first paragraph of this Section, the obligations of the Trustee under Sections 4.02 and 12.05 and the last paragraph of Section 9.05 shall survive such satisfaction and discharge.

SECTION 4.02 Application of Trust Money. Subject to the provisions of the last paragraph of Section 9.05, all money deposited with the Trustee shall be held in trust and applied by it, in accordance with the provisions of the Securities, the Coupons and this Indenture, to the payment, either directly or through any Paying Agent (including the Corporation acting as its own Paying Agent) as the Trustee may determine, to the Persons entitled thereto of the principal (and premium, if any) and interest for whose payment such money has been deposited with the Trustee.

ARTICLE V

REMEDIES

SECTION 5.01 Event of Default. "Event of Default", wherever used herein with respect to the Securities of any series, means any one of the following events (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(1) default by the Corporation in the payment of all or any part of the principal of any of the Securities of such series when the same becomes due under any provision hereof or of such Securities;

(2) default by the Corporation in the payment of any interest upon any of the Securities of such series when and as the same shall become due and payable, and continuance of such default for a period of 30 days;

(3) default by the Corporation in the observance or performance of any other covenant or condition contained in the Securities of such series or in this Indenture to be observed or performed on the part of the Corporation and continuance of such default for a period of 60 days after notice in writing has been given by the Trustee to the Corporation, or if given by Holders, to the Corporation and the Trustee, specifying such default and requiring the Corporation to put an end to the same, which notice the Trustee may give on its own initiative and shall give when requested to do so by the Holders of not less than 25% in aggregate principal amount of the Securities of all series then Outstanding affected thereby;

(4) default by the Corporation or any Subsidiary in the payment of the principal of, premium, if any, or interest on any indebtedness for borrowed money having an outstanding principal amount in excess of the greater of $150 million and 2% of the Shareholders' Equity of the Corporation in the aggregate at the time of default or default in the performance of any other covenant of the Corporation or any Subsidiary contained in any instrument under which such indebtedness is created or issued and the holders thereof, or a trustee, if any, for such holders, declare such indebtedness to be due and payable prior to the stated maturities of such indebtedness ("accelerated indebtedness"), and such acceleration shall not be rescinded or annulled, or such default under such instrument shall not be remedied or cured, whether by payment or otherwise, or waived by the holders of such indebtedness, provided that if (a) such accelerated indebtedness is the result of an event of default which is not related to the failure to pay principal or interest on the terms, at the times and on the conditions set forth in such instrument, it will not be considered an Event of Default under this Section 5.01(4) until 30 days after such acceleration, or (b) if such accelerated indebtedness shall occur as a result of such failure to pay principal or interest or as a result of an event of default which is related to the failure to pay principal or interest on the terms, at the times, and on the conditions set out in any such indenture or instrument, then (i) if such accelerated indebtedness is, by its terms, non recourse to the Company or the Railroad Subsidiaries, it shall not be considered an Event of Default for purposes of this Indenture; or (ii) if such accelerated indebtedness is recourse to the Company or the Railroad Subsidiaries, any requirement in connection with such failure to pay or event of default for the giving of notice or the lapse of time or the happening of any further condition, event or act under such other indenture or instrument in connection with such failure to pay principal or an event of default shall be applicable together with an additional seven days before being considered an Event of Default for purposes of this Indenture;

(5) the entry of a decree or order by a court having jurisdiction in the premises adjudging the Corporation a bankrupt or insolvent, or approving as properly filed a petition seeking reorganization, arrangement, adjustment or composition of or in respect of the Corporation under or subject to the *Bankruptcy and Insolvency Act* (Canada), the *Companies' Creditors Arrangement Act* (Canada) or any other bankruptcy, insolvency or analogous laws, the issuance of a sequestration order or the appointment of a receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the Corporation or in receipt of any substantial part of the property of the Corporation or the ordering of the winding up, liquidation or dissolution of the Corporation, and any such decree, order or appointment continues unstayed and in effect for a period of 90 consecutive days; or the making by the Corporation or any Significant Subsidiary of a general assignment for the benefit of its creditors or other acknowledgment by the Corporation or any Significant Subsidiary of its insolvency, or the making of a bankruptcy receiving order against the Corporation or any Significant Subsidiary if the Corporation or any Significant Subsidiary fails to file an appeal therefrom within the applicable appeal period or, if the Corporation or any such Significant Subsidiary does file an appeal therefrom within such period, such order is not within a period of 60 days from the date thereof, and does not remain, vacated, discharged or stayed, or the making by the Corporation or any Significant Subsidiary of an authorized assignment or a proposal to its creditors, or the seeking of relief, under any bankruptcy or insolvency or

analogous law (including, without limitation, the *Bankruptcy and Insolvency Act* (Canada), the *Companies Creditors Arrangement Act* (Canada) or the *Winding-up and Restructuring Act* (Canada)), or the consenting to, or acquiescence by the Corporation or any Significant Subsidiary in, the appointment of a trustee, custodian, receiver or receiver and manager or any other officer with similar powers of the Corporation or any such Significant Subsidiary or of all of the assets of the Corporation or any such Significant Subsidiary or any part thereof the loss of which could reasonably be expected to materially and adversely affect the ability of the Corporation to perform its obligations under this Indenture; or

(6) any other Event of Default provided in or pursuant to the supplemental indenture, Directors' Resolution or Officers' Certificate establishing the terms of such series of Securities as provided in Section 3.01 or in the form or forms of Security for such series.

SECTION 5.02 Acceleration of Maturity. If an Event of Default described in clause (1) or (2) of Section 5.01 shall have occurred and be continuing with respect to the Securities of any series, then, and in each and every such case, unless the principal of all of the Securities of such series shall have already become due and payable, the Trustee shall upon request in writing made by the Holders of not less than 25% in aggregate principal amount of the Securities of such series then Outstanding, by notice in writing to the Corporation, declare the entire principal (or, if any of the Securities of that series are Original Issue Discount Securities, the specified portion of the principal) of (and premium, if any, on) all the Securities of such series then Outstanding and the interest accrued thereon and all other money owing under the provisions of the Indenture in respect of such Securities to be due and payable to the Trustee on demand and upon any such demand the same shall forthwith become immediately due and payable to the Trustee. If an Event of Default described in clause (3) or (6) of Section 5.01 shall have occurred and be continuing with respect to the Securities of one or more series, then, and in each and every such case, unless the principal of all of the Securities of such affected series shall have already become due and payable, the Trustee shall upon request in writing made by the Holders of not less than 25% in aggregate principal amount of the Securities of all such affected series then Outstanding (voting as one class), by notice in writing to the Corporation, declare the entire principal (or, if any of the Securities of that series are Original Issue Discount Securities, the specified portion of the principal) of (and premium, if any, on) all the Securities of all such affected series then Outstanding and the interest accrued thereon and all other money owing under the provisions of the Indenture in respect of such Securities to be due and payable to the Trustee on demand, and upon any such demand the same shall forthwith become immediately due and payable. If an Event of Default described in clause (4) or (5) of Section 5.01 shall have occurred and be continuing, then, and in each and every such case, unless the principal of all Securities shall have already become due and payable, the Trustee shall upon request in writing made by the Holders of not less than 25% in aggregate principal amount of all the Securities then Outstanding (voting as one class), by notice in writing to the Corporation, declare the entire principal (or, if any of the Securities of that series are Original Issue Discount Securities, the specified portion of the principal) of (and premium, if any, on) all the Securities then Outstanding and the interest accrued thereon and all other money owing under the provisions of the Indenture in respect of such Securities to be due and payable to the Trustee on demand, and upon any such demand the same shall forthwith become immediately due and payable.

The Corporation shall, upon demand of the Trustee, forthwith pay to the Trustee, for the benefit of the Holders of the Securities of such series, the whole amount then due and payable on such Securities, including all Coupons appertaining thereto, for the principal (or, if any of the Securities of that series are Original Issue Discount Securities, the specified portion of the principal) of (and premium, if any) and interest accrued to the date of such payment on all such Securities of such series and all other money owing under the provisions of the Indenture in respect of such Securities, together with interest from the date of such demand to the date of such payment upon overdue principal and premium and, to the extent that payment of such interest shall be enforceable under applicable law, on overdue installments of interest and on such other money at the same rate as the rate of interest (or Yield to Maturity, in the case of Original Issue Discount Securities) specified in the Securities of such series; and, in addition thereto, such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and Counsel, except as a result of negligence or bad faith.

Until such demand shall be made by the Trustee, the Corporation shall pay the principal of (and premium, if any) and interest on the Securities of such series to the Holders in accordance with the terms hereof and thereof, whether or not payment of any amount in respect of such Securities of such series shall be overdue.

If an Event of Default shall have occurred and be continuing the Trustee shall, within 30 days after it becomes aware of the occurrence of such Event of Default, give notice of such Event of Default to the Holders of the Securities of all series then Outstanding affected thereby in the manner provided in Section 1.07, provided that, notwithstanding the foregoing, except in the case of Events of Default described in clauses (1) and (2) of Section 5.01, the Trustee shall not be required to give such notice if the Trustee in good faith shall have decided that the withholding of such notice is in the best interests of the Holders of the Securities of all series then Outstanding affected thereby and shall have so advised the Corporation in writing. Where a notice of the occurrence of an Event of Default has been given to the Holders of such Securities pursuant to the preceding sentence and the Event of Default is thereafter cured, the Trustee shall give notice that the Event of Default is no longer continuing to the Holders of such Securities within 30 days after it becomes aware that the Event of Default has been cured.

SECTION 5.03 Waiver of Acceleration Upon Default. In the event of the acceleration of maturity with respect to Securities of any series as provided in Section 5.02 hereof, and prior to such time as a judgment or decree for payment of the money due has been obtained by the Trustee as herein below in this Article provided, the Holders of not less than a majority in aggregate principal amount of the Securities of such affected series then Outstanding (voting as one class, except in the case of Events of Default described in clauses (1) and (2) of Section 5.01, in which case each series of Securities as to which such an Event of Default shall have occurred shall vote as a separate class) shall have the power exercisable by the Act of such Holders to direct the Trustee to cancel the declaration made by the Trustee and the Trustee shall thereupon cancel the declaration if, subject to Section 5.07 hereunder:

(1) the Corporation has paid or deposited with the Trustee a sum sufficient to pay

(i) all overdue interest on all Securities of that series, if any,

(ii) the principal of (and premium, if any, on) any Securities of that series which have become due otherwise than by such declaration of acceleration and any interest thereon, if any, at the rate or rates prescribed therefor in such Securities,

(iii) to the extent that payment of such interest is lawful, interest upon overdue interest, if any, at the rate or rates specified therefor in such Securities,

(iv) all sums paid or advanced by the Trustee hereunder and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, except as a result of negligence or willful misconduct, if any, and

(v) any other amounts payable under this Indenture at such time otherwise than by reason of such declaration of acceleration;

and

(2) all Events of Default with respect to Securities of that series, other than the non-payment of the principal of Securities of that series which has become due solely by such declaration of acceleration, have been cured or waived;

provided that no such waiver or cancellation shall extend to or shall affect any subsequent default or breach or shall impair any right consequent thereon.

SECTION 5.04 Enforcement of Payment of Trustee. Subject to the provisions of Sections 5.01 and 5.03, in case the Corporation shall fail to pay to the Trustee or the Holders of the Securities of any series then Outstanding the principal of (or, premium, if any) or interest accrued on all the Securities of such series and other money owing hereunder, the Trustee shall upon the request in writing of the Holders of not less than 25% in principal amount of the Securities of such series and upon being indemnified to its satisfaction against all costs, expenses and liabilities to be incurred, in its own name and as trustee of an express trust, institute judicial proceedings for the collection of the amounts so due and unpaid, prosecute such proceedings to judgment or final decree and enforce the same against the Corporation or any other obligor upon such Securities of such series and collect the money adjudged or decreed to be payable in the manner provided by law out of the property of the Corporation or any other obligor upon such Securities, wherever situated.

If an Event of Default with respect to the Securities of any series shall occur and be continuing, the Trustee may in its discretion proceed to protect and enforce its rights and the rights of the Holders of the Securities of such series by such appropriate judicial proceedings as the Trustee shall deem necessary to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in this Indenture or in aid of the exercise of any power granted herein, or to enforce any other proper remedy.

SECTION 5.05 Trustee May File Proofs of Claim. Subject to the provisions of Article Seven, in case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other similar judicial proceeding relative to the Corporation or the assets of the Corporation, the Trustee (irrespective of whether the principal of the Securities of any series shall then be due and payable as therein expressed or by declaration or otherwise and irrespective of whether the Trustee shall have made any demand on the Corporation for the payment of overdue principal, premium or interest) shall be entitled and empowered, either in its own name or as trustee of an express trust, or as attorney-in-fact for the respective Holders of the Securities of any series, or in any one or more of such capacities, by intervention in such proceeding or otherwise:

(i) to file and prove a claim, debt, petition or other document for the whole amount of the principal (and premium, if any) and interest (or if the Securities of any series are Original Issue Discount Securities, such portion of the principal amount as may be specified in the terms of such series) owing and unpaid in respect of the Securities of each series, and to execute and file such other papers or documents and do and perform all such things as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, except as a result of negligence or willful misconduct) and of the Holders allowed in such judicial proceeding, and

(ii) to collect and receive any money or other property payable or deliverable on any such claims and to distribute the same; and any custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, except as a result of the Trustee's negligence or willful misconduct, and any other amounts due the Trustee under clause (3) of Sections 9.01 and 6.03(vii).

The Trustee is hereby irrevocably appointed (and the successive respective Holders of the Securities of each series by taking and holding the same shall be conclusively deemed to have so appointed the Trustee) the true and lawful attorney-in-fact of the respective Holders of such Securities with authority to do and perform any and all such acts contemplated by clauses (i) and (ii) of this Section for and on behalf of such Holders as may be necessary or advisable in the opinion of the Trustee. Subject to the provisions of Article Seven, nothing herein contained shall be deemed to authorize the Trustee, unless so authorized by Act of the Holders, to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Securities of any series or the rights of any Holder thereof or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding; provided, however, that the Trustee may, on behalf of the Holders, vote for the election of a trustee in bankruptcy or similar official and be a member of a creditors' or other similar committee.

SECTION 5.06 Trustee May Enforce Claims without Possession of Securities. All rights of action and claims under this Indenture, or under the Securities of any series or any Coupons appertaining thereto, may be prosecuted and enforced by the Trustee without the possession of any of the Securities of such series or such Coupons or the production thereof in any suit or proceeding relating thereto, and any such suit or proceeding instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment shall, after provision for the payment of the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, except as a result of the Trustee's negligence or willful misconduct, be for the ratable benefit of the Holders of the Securities and Coupons in respect of which such judgment has been recovered subject to the provisions of this Indenture.

In any suit or proceeding brought by the Trustee (and also in any suit or proceeding involving the interpretation or construction of any provision of this Indenture to which the Trustee shall be a party), the Trustee shall be held to represent all the Holders of the Securities and Coupons appertaining thereto in respect to which action was taken, and it shall not be necessary to make any Holders of such Securities or Coupons parties to any such proceedings.

SECTION 5.07 Application of Money Collected. Any money collected or received by the Trustee pursuant to this Article in respect of the Securities of any series shall be applied in the following order, at the date or dates fixed by the Trustee and, in the case of any distribution of such money on account of the principal of (or premium, if any) or interest on the Securities of such series, upon presentation of the several Securities and Coupons appertaining thereto in respect of which money has been collected and the notation thereon of such distribution if such principal, premium and interest be only partially paid or upon surrender thereof if fully paid:

(1) firstly, to pay or reimburse to the Trustee (acting in any capacity hereunder) for all amounts due the Trustee under Sections 6.03(vii) and 6.03(viii);

(2) secondly, to pay or reimburse the Holders of the Securities of such series the costs, charges, expenses, advances and compensation to the Trustee in or about the execution of its trust, or otherwise in relation hereto, with interest thereon as herein provided;

(3) thirdly, in or towards payment of interest on any overdue interest on such Securities of such series and thereafter in or towards payment of the accrued and unpaid interest on such Securities of such series and interest on any other money owing under the provisions of this Indenture and thereafter in or towards payment of the principal (and premium, if any) of such Securities of such series (or if the Holders of a majority in aggregate principal amount of the Securities of such affected series then Outstanding (voting as one class) shall have directed payments to be made in accordance with any other order of priority, or without priority as between principal (and premium, if any) and interest, then such money shall be applied in accordance with such direction); provided that no payment shall be made in respect of any interest the time of payment of which has been extended contrary to the provisions of Section 9.01(2) hereof, until the prior payment in full of all other money payable hereunder; and

(4) fourthly, the surplus, if any, of such money shall be paid to the Corporation.

SECTION 5.08 Limitation on Suits. No Holder of any Security of any series or of any Coupon shall have any right to institute any action, suit or proceeding, judicial or otherwise, with respect to this Indenture, for payment of any principal, premium, if any, or interest owing on any Security or Coupon, or for the execution of any trust or power hereunder or for the appointment of a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official, or to have the Corporation wound up, or for any other remedy hereunder, unless:

(1) such Holder shall have previously given written notice to the Trustee of the occurrence of a continuing Event of Default hereunder with respect to the Securities of such series;

(2) the Holders of not less than 25% in aggregate principal amount of the Outstanding Securities of that series in the case of an Event of Default described in clause (1), (2), (3), (4) or (6) of Section 5.01, or in the case of an Event of Default described in clause (5) of Section 5.01, the Holders of not less than 25% in principal amount of all such affected series then Outstanding (voting as one class) shall have made written request to the Trustee to institute such proceeding in its own name as Trustee hereunder;

(3) such Holder or Holders shall have offered to the Trustee, when so requested by the Trustee, indemnity reasonably satisfactory to it against the costs, expenses and liabilities to be incurred therein or thereby in compliance with such request;

(4) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity shall have failed to institute such action, suit or proceeding; and

(5) no direction inconsistent with such written request shall have been given to the Trustee during such 60 day period by the Holders of not less than a majority in aggregate principal amount of the Outstanding Securities of that series in the case of any Event of Default described in clause (1)5.01(1), (2), (3), (4) or (6) of Section 5.01 or, in the case of any Event of Default described in clause (5) of Section 5.01 by the Holders of a majority or more of all such affected series then Outstanding (voting as one class);

it being understood and intended that no one or more of Holders of Securities of any series or Coupons appertaining thereto shall have any right in any manner whatsoever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other Holder of the Securities or the Coupons, or to obtain or to seek to obtain preference or priority over any other such Holder or to enforce any right under this Indenture, except in the manner herein provided and for the equal and ratable benefit of all Holders of Securities of the affected series and Coupons appertaining thereto.

SECTION 5.09 Unconditional Right of Holders to Receive Principal, Premium and Interest. Notwithstanding any other provision in this Indenture or any provision of any Security of any series, the Holder of a Security of any series or Coupon appertaining thereto shall have the right, which is absolute and unconditional, to receive payment of the principal of

(and premium, if any) and (subject to Section 3.07) interest on such Security or Coupon on the Stated Maturity or Stated Maturities expressed in such Security or Coupon or, in the case of redemption, on the Redemption Date and to institute suit for the enforcement of any such payment, and such rights shall not be impaired without the consent of such Holder.

SECTION 5.10 Restoration of Rights and Remedies. In case the Trustee or any Holder shall have proceeded to enforce any right or remedy under this Indenture and such proceeding shall have been discontinued or abandoned for any reason, or shall have been determined adversely to the Trustee or to such Holder, then, and in every such case, the Corporation, the Trustee and the Holders shall be restored severally and respectively to their former positions hereunder; and all rights, remedies and powers of the Corporation, the Trustee and the Holders shall continue as though no such proceeding had been taken.

SECTION 5.11 Rights and Remedies Cumulative. Except as otherwise provided with respect to the replacement or payment of mutilated, defaced, destroyed, lost or stolen Securities and Coupons in the last sentence of Section 3.06, no right or remedy herein conferred upon or reserved to the Trustee or to the Holders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

SECTION 5.12 Delay or Omission Not Waiver. No delay or omission of the Trustee or of any Holder of Securities or Coupons to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article or by law to the Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Holders, as the case maybe, except as otherwise expressly provided in this Indenture.

SECTION 5.13 Control by Holders. The Holders of not less than a majority in aggregate principal amount of the Securities of all affected series at the time Outstanding (determined as provided in Section 5.02 and voting as one class) shall have the right exercisable by Act of such Holders to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee with respect to the Securities of such affected series, provided that:

(1) such direction shall not be in conflict with any rule of law or with this Indenture;

(2) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction; and

(3) the Trustee shall have the right to decide to follow such direction if the Trustee in good faith shall, by a Responsible Officer, determine that such direction be

prejudicial to the Holders not joining in such direction or would involve the Trustee in personal liability.

SECTION 5.14 Waiver of Past Defaults. The Holders of a majority in aggregate principal amount of the Securities of all series at the time Outstanding with respect to which a default or breach or an Event of Default shall have occurred and be continuing (determined as provided in Section 5.02 and voting as one class) shall have the right exercisable by Act of such Holders to waive any past default or breach or Event of Default and its consequences, except a default

(1) in the payment of the principal of or any premium or interest on any Security of any such series, or

(2) in respect of a covenant or provision hereof which under Article Eight cannot be modified or amended without the consent of all Holders of all Outstanding Securities of any such series affected.

Upon any such waiver, such default or breach shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Indenture, but no such waiver shall extend to any subsequent or other default or breach or Event of Default or impair any right consequent thereon.

SECTION 5.15 Undertaking for Costs. All parties to this Indenture agree, and each Holder of any Security or Coupon by acceptance thereof shall be deemed to have agreed, that any court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Trustee for any action taken, suffered or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees and documented out-of-pocket expenses, against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant. Neither the Indenture nor the Trust Indenture Act shall be deemed to authorize any court to require such an undertaking or make such assessment in any suit instituted by the Trustee.

SECTION 5.16 Waiver of Usury, Stay or Extension Laws. The Corporation covenants (to the fullest extent that it may lawfully do so) that it will not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any usury, stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and the Corporation (to the fullest extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

ARTICLE VI

THE TRUSTEE

SECTION 6.01 Certain Duties and Responsibilities. (a) Except during the continuance of an Event of Default,

(i) The Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Trustee.

(ii) In the absence of bad faith on its part, the Trustee, in the exercise of its rights and duties hereunder, may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture; but in the case of any such certificates or opinions which by any provision hereof are specifically required to be furnished to the Trustee, the Trustee shall be under a duty to examine the same to determine whether or not they conform to and comply with the requirements of this Indenture (but need not confirm or investigate the accuracy of any mathematical calculations or other facts stated therein).

(b) In case an event of default with respect to any series of Securities has occurred and is continuing, the Trustee shall exercise with respect to the Securities of such series such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(c) No provision of this Indenture shall be construed to relieve the Trustee from the duties imposed on it in Sections 6.01(a) and (b) or from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

(i) this Subsection shall not be construed to limit the effect of Section 6.01;

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts;

(iii) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with an appropriate written direction of the Holders pursuant to Section 5.13 relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under this Indenture; and

(iv) no provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur any personal financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, if it shall

have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(d) Whether or not therein expressly so provided, every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section.

SECTION 6.02 Certain Rights of Trustee. Subject to the provisions of Section 6.01 and Sections 315(a) through 315(d) of the Trust Indenture Act:

(a) the Trustee may conclusively rely and shall be protected in acting or refraining from acting upon any resolution, Officers' Certificate or other certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, Coupon, other evidence of indebtedness or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(b) any order, request or direction of the Corporation mentioned herein shall be sufficiently evidenced by a Corporation Request or Corporation Order and any resolution of the Directors shall be sufficiently evidenced by a Directors' Resolution;

(c) whenever in the administration of this Indenture the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officers' Certificate, including (i) as to any statements of fact, as evidence of the truth of such statements, and (ii) to the effect that any particular dealing or transaction or step or thing is, in the opinion of the Officers so certifying, expedient, as evidence that it is expedient; provided that the Trustee may in its sole discretion require from the Corporation or otherwise further evidence or information before acting or relying on such certificate;

(d) the Trustee may employ or retain such agents, counsel and other experts or assistants as it may reasonably require for the proper discharge of its duties hereunder and shall not be responsible for any misconduct or negligence on the part of any such persons who have been selected with due care by the Trustee;

(e) the Trustee may, in relation to this Indenture, act on the opinion or advice of or on information obtained from any Counsel, notary, valuer, surveyor, engineer, broker, auctioneer, accountant or other expert, whether obtained by the Trustee or by the Corporation or otherwise;

(f)) the Trustee may consult with counsel of its selection and the advice of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(g) the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders pursuant to this Indenture, unless such Holders shall have offered and furnished to the Trustee funds for the

purpose and indemnity satisfactory to the Trustee, acting reasonably, against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction;

(h) the Trustee may, before commencing (or at any time during the continuance of) any act, action or proceeding, require the Holders at whose instance it is acting to deposit with the Trustee the Securities held by them, for which Securities the Trustee shall issue receipts to the Holders;

(i) prior to the occurrence of an Event of Default with respect to the Securities of any series and after the curing or waiving of all such Events of Default which may have occurred, the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, Coupon, other evidence of indebtedness or other paper or document, or any investigation of the books and records of the Corporation (but the Trustee may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled on reasonable notice to examine the books, records and premises of the Corporation, personally or by agent or attorney), unless requested to do so by the Act of the Holders of a majority in aggregate principal amount of the Securities of such affected series then Outstanding; provided, however, that the Trustee may require indemnity satisfactory to the Trustee, acting reasonably, against the costs, expenses or liabilities likely to be incurred by it in the making of such investigation; and

(j) the Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys, and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it hereunder.

(k) the Trustee shall not be liable for any action taken, suffered, or omitted to be taken by it in good faith and reasonably believed by it to be authorized or within the discretion or rights or powers conferred upon it by this Indenture;

(l) the Trustee shall not be deemed to have notice of any Default or Event of Default unless a Responsible Officer of the Trustee has actual knowledge thereof or unless written notice of any event which is in fact such a Default is received by the Trustee at the Corporate Trust Office of the Trustee, and such notice references the Securities and this Indenture;

(m) the rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder;

(n) the Trustee may request that the Company deliver an Officers' Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officers' Certificate may be signed by any

person authorized to sigh an Officers' Certificate, including any person specified as so authorized in any such certificate previously delivered and not superseded; and

(o) in no event shall the Trustee be responsible or liable for special, punitive, indirect, or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit), regardless of whether the Trustee was advised of the likelihood of such loss or damages and regardless of the form of action.

SECTION 6.03 Protection of Trustee. By way of supplement to the provisions of any law for the time being relating to trustees, it is expressly declared and agreed as follows:

(i) the recitals contained herein and in the Securities, except the Trustee's certificates of authentication, shall be taken as the statements of the Corporation, and neither the Trustee nor any Authenticating Agent shall be liable for or assume any responsibility for their correctness;

(ii) the Trustee makes no representations as to, and shall not be liable for, the validity or sufficiency of this Indenture or of the Securities or Coupons;

(iii) neither the Trustee nor any Authenticating Agent shall be accountable for the use or application by the Corporation of any of the Securities or Coupons or of the proceeds thereof;

(iv) nothing herein contained shall impose any obligation on the Trustee to see or to require evidence of registration or filing (or renewals thereof) of this Indenture or any instrument ancillary or supplemental hereto;

(v) the Trustee shall not be bound to give any notice of the execution hereof;

(vi) the Trustee shall not incur any liability or responsibility whatever or be in any way responsible for the consequence of any breach on the part of the Corporation of any of the covenants herein contained or of any act of the agents or servants of the Corporation;

(vii) the Corporation shall indemnify the Trustee, its directors, officers and employees for, and hold it harmless against, any and all loss, liability or expense, including taxes (other than taxes based upon the income of the Trustee) incurred without negligence or willful misconduct on its part, arising out of or in connection with the acceptance or administration of the trust or trusts hereunder, including the costs and expenses of defending itself against any claim (whether asserted by the Corporation, any Holder or any other Person) or liability in connection with the exercise or performance of any of its powers or duties hereunder; and

(viii) the Corporation will pay the Trustee from time to time in writing such compensation for all services hereunder as the parties shall agree from time to time and will repay to the Trustee on demand all expenditures or advances whatever that the

Trustee may reasonably make or incur in and about the execution of the trusts hereby created (including the reasonable compensation and the expenses and disbursements of its agents and counsel).

As security for the performance of the obligations of the Corporation under Sections 6.03(vii) and 6.03(viii), the Trustee shall have a lien prior to the Securities upon all property and funds held or collected by the Trustee as such, except funds held in trust for the payment of principal of (and premium, if any) or interest on particular Securities. The obligations of the Company under this Section shall survive the satisfaction and discharge of this Indenture and the resignation or removal of the Trustee.

SECTION 6.04 Trustee Not Required to Give Security. The Trustee shall not be required to give a bond or security for the execution of the trusts or its conduct or administration hereunder.

SECTION 6.05 No Person Dealing with Trustee Need Inquire. No person dealing with the Trustee shall be concerned to inquire whether the powers that the Trustee is purporting to exercise have become exercisable, or whether any money remains due upon the Securities or to see to the application of any money paid to the Trustee.

SECTION 6.06 May Hold Securities. The Trustee, any Authenticating Agent, any Paying Agent, any Security Registrar or any other agent of the Corporation, in its individual or in any other capacity, may become the owner or pledgee of Securities or Coupons and, subject to Section 6.08, may otherwise deal with the Corporation with the same rights it would have if it were not Trustee, Authenticating Agent, Paying Agent, Security Registrar or such other agent, and without being liable to account for any profit made thereby.

SECTION 6.07 Money Held In Trust. Money held in trust hereunder need not be segregated from other funds except to the extent required by law. The Trustee shall be under no liability for interest on any money received by it hereunder except as otherwise agreed with the Corporation.

SECTION 6.08 Disqualification; Conflicting Interest. The Trustee for the Securities of any series issued hereunder shall be subject to the provisions of Section 310(b) of the Trust Indenture Act during the period of time provided for therein. In determining whether the Trustee has a conflicting interest as defined in Section 310(b) of the Trust Indenture Act with respect to the Securities of any series, there shall be excluded for purposes of the conflicting interest provisions of such Section 310(b) the Securities of every other series issued under this Indenture. Nothing herein shall prevent the Trustee from filing with the Commission the application referred to in the second to last paragraph of Section 310(b) of the Trust Indenture Act.

SECTION 6.09 Corporate Trustee Required; Eligibility. There shall at all times be a Trustee hereunder for each series of Securities which shall be (i) a corporation organized and doing business under the laws of the United States of America, any State thereof or the District of Columbia, authorized under such laws to exercise corporate trust powers and subject to supervision or examination by United States federal or State authority, or (ii) a

corporation or other Person organized and doing business under the laws of any other government which is permitted to act as Trustee pursuant to any rule, regulation or order of the Commission, authorized under such laws to exercise corporate trust powers and subject to supervision or examination by an authority of such government, or a political subdivision thereof, substantially equivalent to the supervision or examination applicable to an institution described in clause (i) above, in each case under clauses (i) and (ii) having a combined capital and surplus of at least $50,000,000 and its Corporate Trust Office in New York, New York, provided that there shall be such a corporation or other Person in such location willing to act upon customary and reasonable terms. If such corporation or other Person publishes reports of condition at least annually, pursuant to law or to the requirements of said supervising or examining authority, then for the purposes of this Section the combined capital and surplus of such corporation or other Person shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. Neither the Corporation nor any Person directly or indirectly controlling, controlled by or under common control with the Corporation shall serve as Trustee. For purposes of the preceding sentence, the term "control shall mean the power to direct the management and policies of a Person directly or through one or more intermediaries, whether through the ownership of voting securities, by contract, or otherwise, and the terms "controlling" and "controlled" shall have meanings correlative to the foregoing. If at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section, the Trustee shall resign immediately in the manner and with the effect hereinafter specified in this Article.

SECTION 6.10 Resignation and Removal; Appointment of Successor. (a) No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article shall become effective until the acceptance of appointment by the successor Trustee in accordance with the applicable requirements of Section 6.11.

(b) The Trustee may resign its trust and be discharged from all further duties and liabilities hereunder at any time with respect to the Securities of one or more series by giving to the Corporation 30 days' notice in writing or such shorter notice as the Corporation may accept as sufficient. If the instrument of acceptance by a successor Trustee required by Section 6.11 shall not have been delivered to the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee at the expense of the Corporation may petition any court of competent jurisdiction for the appointment of a successor Trustee with respect to the Securities of such series.

(c) The Trustee may be removed at any time with respect to the Securities of any series by the Act of the Holders of a majority in aggregate principal amount of the Securities of such series then Outstanding delivered to the Trustee and to the Corporation by notice delivered no less than 30 days prior to the effective date of such removal. If the instrument of acceptance by a successor Trustee required by Section 6.11 shall not have been delivered to the Trustee within 30 days after such removal, the Trustee at the expense of the Corporation may petition any court of competent jurisdiction for the appointment of a successor Trustee with respect to the Securities of such series.

(d) If at any time:

(i) the Trustee shall fail to comply with Section 310(b) of the Trust Indenture Act pursuant to Section 6.08 with respect to the Securities of any series after written request therefor by the Corporation or by any Holder who has been a *bona fide* Holder of a Security of such series for at least six months; or

(ii) the Trustee shall cease to be eligible under Section 6.09 and shall fail to resign after written request therefor by the Corporation or by any such Holder; or

(iii) the Trustee shall be dissolved, shall become incapable of acting or shall become or be adjudged a bankrupt or insolvent or a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation;

then, in any such case (a) the Corporation by a Directors' Resolution may remove the Trustee with respect to the Securities of any or all series, as appropriate, or (b) subject to Section 5.15, any Holder who has been a *bona fide* Holder of a Security of an affected series for at least six months may, on behalf of such Holder and all other Holders similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee or Trustees.

(e) If the Trustee shall resign, be removed or become incapable of acting, or if a vacancy shall occur in the office of Trustee for any cause, with respect to the Securities of one or more series, the Corporation, by a Directors' Resolution, shall promptly appoint a successor Trustee or Trustees with respect to the Securities of such series and shall comply with the applicable requirements of Section 6.11. If, within one year after such resignation, removal or incapability, or the occurrence of such vacancy, a successor Trustee with respect to the Securities of any series shall be appointed by Act of the Holders of a majority in aggregate principal amount of the Securities of such series then Outstanding delivered to the Corporation and the retiring Trustee, the successor Trustee so appointed shall, forthwith upon its acceptance of such appointment in accordance with the applicable requirements of Section 6.11, become the successor Trustee with respect to the Securities of such series and to that extent supersede the successor Trustee appointed by the Corporation with respect to the Securities of such series. If no successor Trustee with respect to the Securities of any series shall have been so appointed by the Corporation or the Holders and accepted appointment in the manner required by Section 6.11, any Holder who has been a *bona fide* Holder of a Security of such series for at least six months may, on behalf of such Holder and all other Holders similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee with respect to the Securities of such series.

(f) The Corporation shall give notice of each resignation and each removal of the Trustee with respect to the Securities of any series and each appointment of a successor Trustee with respect to the Securities of any series. If the Corporation shall fail to give such notice within 10 days after acceptance of appointment by the successor Trustee, the successor Trustee shall cause such notice to be given at the expense of the Corporation. Each notice shall

include the name of the successor Trustee with respect to the Securities of such series and the address of its Corporate Trust Office.

SECTION 6.11 Acceptance of Appointment by Successor. (a) In case of the appointment hereunder of a successor Trustee with respect to the Securities of one or more series, each successor Trustee so appointed shall execute, acknowledge and deliver to the Corporation and to the retiring Trustee an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Trustee with respect to such applicable series of the Securities shall become effective and such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee with respect to such applicable series; but, on the request of the Corporation or the successor Trustee, such retiring Trustee shall, upon payment of its charges then unpaid, execute, acknowledge and deliver an instrument transferring to such successor Trustee all such rights, powers and trusts of the retiring Trustee and shall duly assign, transfer and deliver to such successor Trustee all property and money held by such retiring Trustee hereunder.

(b) In case of the appointment hereunder of a successor Trustee with respect to the Securities of one or more series, the Corporation, the retiring Trustee and each successor Trustee with respect to the Securities of one or more series shall execute, acknowledge and deliver an indenture supplemental hereto in which each successor Trustee shall accept such appointment and which shall (i) contain such provisions as shall be deemed necessary or desirable to transfer and confirm to, and to vest in, each successor Trustee all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of each series to which the appointment of such successor Trustee relates, (ii) if the retiring Trustee shall not be retiring with respect to the Securities of all series, contain such provisions as shall be deemed necessary or desirable to confirm that all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of the series as to which the retiring Trustee shall not be retiring shall continue to be vested in the retiring Trustee and (iii) add to or change any of the provisions of this Indenture to the extent necessary to provide for or facilitate the administration of the trusts hereunder by more than one Trustee, it being understood that nothing herein or in such supplemental indenture (except as specifically provided for therein) shall constitute such Trustees co-trustees of the same trust and that each such Trustee shall be trustee of a trust or trusts hereunder separate and apart from any trust or trusts hereunder administered by any other such Trustee; and upon the execution and delivery of such supplemental indenture, the resignation or removal of the retiring Trustee shall become effective to the extent provided therein, and each such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of each series to which the appointment of such successor Trustee relates, and upon payment of its outstanding fees and expenses, such retiring Trustee shall duly assign, transfer and deliver to each successor Trustee all property and money held by such retiring Trustee hereunder with respect to the Securities of each series to which the appointment of such successor Trustee relates.

(c) Upon request of any such successor Trustee, the Corporation shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Trustee all rights, powers and trusts referred to in Section 6.11(a) or (b), as the case may be.

(d) No successor Trustee shall accept its appointment unless at the time of such acceptance such successor Trustee shall be qualified and eligible under this Article.

SECTION 6.12 Merger, Consolidation, Amalgamation or Succession to Trustee. Any corporation into which the Trustee may be merged or with which it may be consolidated or amalgamated, or any corporation resulting from any merger, consolidation or amalgamation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, provided such corporation shall be otherwise qualified and eligible under this Article, without the execution or filing of any paper or instrument or any further act on the part of any of the parties hereto. In case any Securities shall have been authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such authentication and deliver the Securities so authenticated with the same effect as though such successor Trustee had itself authenticated such Securities.

SECTION 6.13 Appointment of Authenticating Agent. The Trustee may appoint an Authenticating Agent or Agents with respect to one or more series of the Securities which shall be authorized to act on behalf of, and subject to the direction of, the Trustee to authenticate the Securities of such series, including Securities issued upon original issue, exchange, registration of transfer or partial redemption thereof or pursuant to Section 3.06; and Securities so authenticated shall be entitled to the benefits of this Indenture and shall be valid and obligatory for all purposes as though authenticated by the Trustee. Wherever reference is made in this Indenture to the authentication and delivery of the Securities of any series by the Trustee or to the Trustee's certificate of authentication, such reference shall be deemed to include authentication and delivery on behalf of the Trustee by any Authenticating Agent for such series and a certificate of authentication executed on behalf of the Trustee by such Authenticating Agent. Each Authenticating Agent shall be acceptable to the Corporation and shall at all times be either (i) a corporation organized and doing business under the laws of the United States of America, any State thereof or the District of Columbia, authorized under such laws to act as Authenticating Agent, having a combined capital and surplus of not less than $50,000,000 and subject to supervision or examination by Federal or State authority or (ii) a corporation or other Person organized and doing business under the laws of Canada or any province thereof or England or Luxembourg, authorized under such laws to act as Authenticating Agent, having a combined capital and surplus of not less than $50,000,000 and subject to supervision or examination by governmental authority of its jurisdiction of incorporation and organization. If such Authenticating Agent publishes reports of condition at least annually, pursuant to law or to the requirements of said supervising or examining authority, then for the purposes of this Section the combined capital and surplus of such Authenticating Agent shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If at any time an Authenticating Agent shall cease to be eligible in accordance with the provisions of this Section, such Authenticating Agent shall resign immediately in the manner and with the effect specified in this Section.

Any corporation into which an Authenticating Agent may be merged or converted or with which it may be consolidated or amalgamated, or any corporation resulting from any merger, conversion, consolidation or amalgamation to which such Authenticating Agent shall be

a party, or any corporation succeeding to all or substantially all of the corporate agency or corporate trust business of any Authenticating Agent, shall be the successor to such Authenticating Agent with respect to all series of the Securities for which it served as Authenticating Agent, provided such corporation shall be otherwise eligible under this Section, without the execution or filing of any paper or any further act on the part of the Trustee or such Authenticating Agent.

Any Authenticating Agent may resign at any time by giving written notice thereof to the Trustee and to the Corporation. The Trustee may at any time terminate the appointment of any Authenticating Agent by giving written notice thereof to such Authenticating Agent and to the Corporation. Upon receiving such notice of resignation or upon such termination, or in case at any time such Authenticating Agent shall cease to be eligible in accordance with the provisions of this Section, the Trustee may appoint a successor Authenticating Agent which shall be acceptable to the Corporation and shall, at the expense of the Corporation, provide notice of such appointment to all Holders of the Securities affected thereby in the manner provided in Section 6.10 with respect to the appointment of a successor Trustee. Any successor Authenticating Agent, upon acceptance of its appointment hereunder, shall become vested with all the rights, powers and duties of its predecessor hereunder, with like effect as though originally named as an Authenticating Agent. No successor Authenticating Agent shall be appointed unless eligible under the provisions of this Section.

The Corporation agrees to pay to each Authenticating Agent from time to time reasonable compensation for its services hereunder.

SECTION 6.14 Notice of Defaults. Within 30 days after the occurrence of any default hereunder with respect to Securities of any series, the Trustee shall transmit by mail to all Holders Securities of such series, as their names and addresses appear in the Security Register, notice of such default hereunder known to the Trustee, unless such default shall have been cured or waived; provided, however, that, except in the case of a default in the payment of the principal of (or premium, if any) or interest on any Security of such series or in payment of any sinking or purchase fund installment or analogous obligation with respect to Securities of such series, the Trustee shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interests of the Holders Securities of such series; and provided, further, that in the case of any default of the character specified in Section 5.01(3) with respect to Securities of such series no such notice to Holders of Securities of such series shall be given until at least 60 days after the occurrence thereof. For the purpose of this Section, the term "default", with respect to Securities of any series, means any event which is, or after notice or lapse of time or both would become, an Event of Default with respect to Securities of such series.

ARTICLE VII

CONSOLIDATION, MERGER, AMALGAMATION, SALE OR TRANSFER

SECTION 7.01 Consolidation, Merger, Amalgamation or Succession to Business. The Corporation shall not enter into any transaction (whether by way of consolidation, amalgamation, merger, transfer, sale or otherwise) whereby all or substantially all of its assets would become the property of any other Person (herein called a "Successor") unless:

(1) prior to or contemporaneously with the consummation of such transaction the Corporation and/or the Successor shall have executed such instruments, which may include a supplemental indenture, and done such things, if any, as are necessary or advisable to establish that upon the consummation of such transaction:

(i) the Successor will have assumed all the covenants and obligations of the Corporation under this Indenture in respect of the Securities of every series; and

(ii) the Securities of every series will be valid and binding obligations of the Successor entitling the Holders thereof, as against the Successor to all the rights of Holders of Securities under this Indenture;

it being understood, for greater certainty, that no supplemental indenture shall be required if the transaction in question is an amalgamation of the Corporation with any one or more corporations, which amalgamation is governed by the statutes of Canada or any province thereof and upon the effectiveness of such amalgamation, the Successor shall continue to be liable for all of the covenants and obligations of the Corporation under this Indenture in respect of the Securities of every series by operation of law;

(2) the Successor is a corporation, company, partnership, or trust organized and validly existing under the laws of Canada or any province thereof or of the United States, any state thereof or the District of Columbia;

(3) the Corporation has delivered to the Trustee an Officers' Certificate and an Opinion of Counsel each stating that such transaction and such supplemental indenture comply with this Article and all conditions precedent herein provided for relating to such transaction have been complied with; and

(4) immediately before and after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing.

SECTION 7.02 Successor to Possess Powers of the Corporation. Whenever the conditions of Section 7.01 hereof shall have been duly observed and performed the Successor shall possess and from time to time may exercise each and every right and power of the Corporation under this Indenture in the name of the Corporation or otherwise and any act or proceeding by any provision hereof required to be done or performed by any Director or

Officer of the Corporation may be done and performed with like force and effect by the like directors or officers of the Successor.

ARTICLE VIII

SUPPLEMENTAL INDENTURES

SECTION 8.01 Supplemental Indentures Without Consent of Holders. Without the consent of the Holders of any series, the Corporation, when authorized by a Directors' Resolution, and the Trustee, at any time and from time to time, may enter into one or more indentures supplemental hereto, in form satisfactory to the Trustee, for any one or more of the following purposes:

(1) to evidence the succession of another Person, or successive successions of other Persons, to the Corporation and the assumption by any such successor of the covenants and obligations of the Corporation herein and in the Securities and the Coupons appertaining thereto;

(2) to add to the covenants of the Corporation for the benefit of the Holders of all or any series of the Securities (and if such covenants are to be for the benefit of less than all series of the Securities, stating that such covenants are expressly being included solely for the benefit of such series) or to surrender any right or power herein conferred upon the Corporation;

(3) to add any additional Events of Default with respect to all or any series of the Securities for the benefit of the Holders of all or any series of Securities;

(4) to add to or change any of the provisions of this Indenture to such extent as shall be necessary to permit or facilitate the issuance of the Securities in bearer form, registrable or not registrable as to principal, and with or without interest coupons or to permit or facilitate the issuance of Securities in uncertificated form; provided that any such action shall not adversely affect the interests of the Holders of any series or any related Coupons in any material respect;

(5) to add to, change or eliminate any provision of this Indenture in respect of one or more series of Securities, provided that any such addition, change or elimination shall become effective only when there is no Security Outstanding of any series created prior to the execution of such supplemental indenture which is entitled to the benefit of such provision;

(6) to secure the Securities and the Coupons appertaining thereto pursuant to the requirements of Section 9.01 or otherwise;

(7) to establish the form or forms and the terms of the Securities of any series as permitted by Sections 2.01 and 3.01;

(8) to evidence and provide for the acceptance of appointment hereunder by a successor Trustee with respect to the Securities of one or more series and

to add to or change any of the provisions of this Indenture as shall be necessary to provide for or facilitate the administration of the trusts hereunder by more than one Trustee, pursuant to the requirements of Section 6.11; or

(9) to cure any ambiguity, to correct or supplement any provision herein or in any supplemental indenture which may be defective or inconsistent with any other provision herein or in any supplemental indenture, or to make any other provisions as may be necessary or desirable, including the making of any modifications in the form of the Securities and the Coupons appertaining thereto, provided that such action shall be not prejudicial, in any material respect, to the interests of the Holders of the Securities of any series or the Coupons appertaining thereto.

SECTION 8.02 Supplemental Indentures With Consent of Holders. With the consent of the Holders of not less than a majority in aggregate principal amount of the Securities of each series then Outstanding and affected by such supplemental indenture (voting as one class), by Act of such Holders delivered to the Corporation and the Trustee, the Corporation, when authorized by a Directors' Resolution, and the Trustee, at any time or from time to time, shall enter into an indenture or indentures supplemental hereto for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Indenture or any supplemental indenture or of modifying in any manner the rights of the Holders of the Securities of each such series or of the Coupons appertaining thereto; provided, however, that no such supplemental indenture shall, without the consent of all Holders of all Outstanding Securities affected thereby,

(1) change the Stated Maturity of the principal of, or any installment of principal of or interest on, such Security,

(2) reduce the principal amount thereof or the rate of interest thereon or any premium payable upon the redemption thereof,

(3) reduce the amount of the principal of an Original Issue Discount Security that would be due and payable upon a declaration of acceleration of the Maturity thereof pursuant to Section 5.02,

(4) change any Place of Payment where, or the coin or currency in which, such Security or any premium or interest thereon is payable,

(5) impair the right to institute suit for the enforcement of any such payment on or after the Stated Maturity thereof (or, in the case of redemption, on or after the Redemption Date),

(6) reduce the percentage in principal amount of the Outstanding Securities of such series, the consent of whose Holders is required for any such supplemental indenture, or the consent of whose Holders is required for any waiver (of compliance with certain provisions of this Indenture or certain Events of Default hereunder and their consequences) provided for in this Indenture, or

(7) modify any of the provisions of this Section or Section 5.14, except to increase any such percentage or adversely affect any right to convert or exchange any Security or to provide that certain other provisions of this Indenture cannot be modified or waived without the consent of the Holder of each Outstanding Security affected thereby, provided, however, that this clause shall not be deemed to require the consent of any Holder with respect to changes in the references to "the Trustee", in accordance with the requirements of Sections 6.11 and 8.01(8) and concomitant changes in this Section, or the deletion of this proviso.

A supplemental indenture which changes or eliminates any covenant or other provision of this Indenture which has expressly been included solely for the benefit of one or more (but less than all) series of the Securities, or which modifies the rights of the Holders of such series or of the Coupons appertaining thereto with respect to such covenant or other provision, shall be deemed not to affect the rights under this Indenture of the Holders of the Securities of any other series or of the Coupons appertaining thereto.

It shall not be necessary for any Act of Holders under this Section to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such Act shall approve the substance thereof.

SECTION 8.03 Execution of Supplemental Indentures. In executing, or accepting the additional trusts created by, any supplemental indenture permitted by this Article or the modifications thereby of the trusts created by this Indenture, the Trustee shall be provided with, and (subject to Section 6.01) shall be fully protected in conclusively relying upon, an Officers' Certificate and an Opinion of Counsel stating that the execution of such supplemental indenture is authorized or permitted by this Indenture and that such supplemental indenture is the legal, valid and binding obligation of the Corporation, enforceable against the Corporation in accordance with its terms. The Trustee may, but shall not be obligated to, enter into any such supplemental indenture which affects the Trustee's own rights, duties or immunities under this Indenture or otherwise.

SECTION 8.04 Effect of Supplemental Indentures. Upon the execution of any supplemental indenture under this Article, this Indenture shall be modified in accordance therewith, and such supplemental indenture shall form a part of this Indenture for all purposes; and every Holder of the Securities theretofore or thereafter authenticated and delivered hereunder shall be bound thereby.

SECTION 8.05 Reference in Securities to Supplemental Indentures. The Securities of any series authenticated and delivered after the execution of any supplemental indenture pursuant to this Article may, and shall if required by the Trustee, bear a notation in form approved by the Trustee as to any matter provided for in such supplemental indenture. If the Corporation shall so determine, new Securities of any series so modified as to conform, in the opinion of the Trustee and the Corporation, to any such supplemental indenture may be prepared and executed by the Corporation and authenticated and delivered by the Trustee in exchange for Outstanding Securities of such series.

SECTION 8.06 Conformity with Trust Indenture Act. Every supplemental indenture executed pursuant to this Article shall conform to the requirements of the Trust Indenture Act as then in effect.

SECTION 8.07 Notice of Supplemental Indentures. Promptly after the execution by the Corporation and the Trustee of any supplemental indenture pursuant to the provisions of Section 8.02, the Corporation shall give notice thereof to the Holders of each Outstanding Security affected, in the manner provided for in Section 1.07, setting forth in general terms the substance of such supplemental indenture.

ARTICLE IX

COVENANTS OF THE CORPORATION

SECTION 9.01 General Covenants. The Corporation hereby covenants and agrees that, subject to all the provisions of this Indenture:

(1) it will duly and punctually pay or cause to be paid to the Holder of every Security of each series the principal thereof, premium thereon, if any, and interest accrued thereon and, in case of default, interest on the amount in default, on the dates and at the places, in the money and in the manner mentioned herein and in such Securities;

(2) in order to prevent any accumulation after the Stated Maturity of interest, it will not, directly or indirectly, extend or assent to the extension of time for payment of any interest upon any Security, and will not, directly or indirectly, be a party to or approve any such arrangement by purchasing or funding such interest or in any other manner; and

(3) so long as any of the Securities remain outstanding, it will not, and will not permit any Subsidiary to, create, assume or otherwise have outstanding any Security Interest, except for Permitted Encumbrances, on or over any present or future Railway Properties of the Corporation or any of its Subsidiaries or on any shares in the capital stock of any Railroad Subsidiary securing any Indebtedness of any Person without also at the same time or prior thereto securing equally and ratably with such other Indebtedness all of the Securities then Outstanding under the Indenture.

SECTION 9.02 Certificates of Compliance. The Corporation shall deliver to the Trustee annually within 120 days (or such longer period as the Trustee in its discretion may consent to) after the end of each fiscal year, and at any other reasonable time if the Trustee so requires, an Officers' Certificate stating that the Corporation has complied with all covenants, conditions or other requirements contained in this Indenture, non-compliance with which would, with the giving of notice or the lapse of time, or both, constitute an Event of Default hereunder or, if the Corporation has not complied with all such requirements, giving particulars as to each non-compliance.

SECTION 9.03 Maintenance of Office or Agency. The Corporation will maintain in each Place of Payment for the Securities of any series an office or agency where Securities of that series may be presented or surrendered for payment, where Securities of that

series may be surrendered for registration of transfer or exchange and where notices and demands to or upon the Corporation in respect of the Securities of that series and this Indenture may be served. The Corporation will give prompt written notice to the Trustee of the location, and any change in the location, of such office or agency. If at any time the Corporation shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Corporation hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

The Corporation may also from time to time designate one or more other offices or agencies where the Securities of one or more series may be presented or surrendered for any or all such purposes and may from time to time rescind such designations; provided, however, that no such designation or rescission shall in any manner relieve the Corporation of its obligation to maintain an office or agency in each Place of Payment for Securities of any series for such purposes. The Corporation will give prompt written notice to the Trustee of any such designation or rescission and of any change in the location of any such other office or agency.

SECTION 9.04 Money for Securities Payments to Be Held In Trust. If the Corporation shall at any time act as its own Paying Agent with respect to any series of Securities, it will, on or before each due date of the principal of or any premium or interest on any of the Securities of that series, segregate and hold in trust for the benefit of the Persons entitled thereto a sum sufficient to pay the principal and any premium and interest so becoming due until such sums shall be paid to such Persons or otherwise disposed of as herein provided and will promptly notify the Trustee of its actions or failure so to act.

Whenever the Corporation shall have one or more Paying Agents for any series of Securities, it will, prior to each due date of the principal of or any premium or interest on any Securities of that series, deposit with a Paying Agent a sum sufficient to pay such amount, and (unless such Paying Agent is the Trustee) the Corporation will promptly notify the Trustee of its action or failure so to act.

The Corporation will cause each Paying Agent for the Securities of any series other than the Trustee to execute and deliver to the Trustee an instrument in which such Paying Agent shall agree with the Trustee, subject to the provisions of this Section, that such Paying Agent will, during the continuance of any default by the Corporation (or any other obligor upon the Securities of that series) in the making of any payment in respect of the Securities of that series, upon the written request of the Trustee, forthwith pay to the Trustee all sums held in trust by such Paying Agent for payment in respect of the Securities of that series.

The Corporation may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, pay, or by Corporation Order direct any Paying Agent to pay, to the Trustee all sums held in trust by the Corporation or such Paying Agent, such sums to be held by the Trustee upon the same trusts as those upon which such sums were held by the Corporation or such Paying Agent; and, upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such money.

Any money deposited with the Trustee or any Paying Agent, or then held by the Corporation, in trust for the payment of the principal of or any premium or interest on any Security of any series and remaining unclaimed for two years after such principal, premium or interest has become due and payable shall be paid to the Corporation on Corporation Request, or (if then held by the Corporation) shall be discharged from such trust; and the Holder of such Security shall thereafter, as an unsecured general creditor, look only to the Corporation for payment of such principal, premium or interest on such Security and all liability of the Trustee or such Paying Agent with respect to such trust money, and all liability of the Corporation as trustee thereof, shall thereupon cease; provided, however, that the Corporation, before the Trustee or such Paying Agent is required to make any such repayment, may cause to be published once, in an Authorized Newspaper in Canada, if required, and, if required, The City of New York and, if required, the United Kingdom and, if required, Luxembourg, notice that such money remains unclaimed and that, after a date specified therein, which shall be not less than 30 days from the date of such publication, any unclaimed balance of such money then remaining will be repaid to the Corporation.

SECTION 9.05 Maintenance of Corporate Existence. Subject to Article Seven, the Corporation will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence in good standing and will conduct its business in a prudent manner.

SECTION 9.06 Payment of Taxes and Other Claims. The Corporation will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all material taxes, assessments and governmental charges levied or imposed upon the Corporation or upon the income, profits or assets of the Corporation, and (ii) all lawful claims against the Corporation for labor, materials and supplies which, if unpaid, might by law become a lien upon the assets of the Corporation; provided, however, that the Corporation shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings.

SECTION 9.07 Additional Amounts. All payments made by the Corporation under or with respect to the Securities will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereinafter "Canadian Taxes"), unless the Corporation is required to withhold or deduct Canadian Taxes by law or by the interpretation or administration thereof. If the Corporation is so required to withhold or deduct any amount for or on account of Canadian Taxes from any payment made under or with respect to the Securities, the Corporation will pay as additional interest such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each Holder after such withholding or deduction (and after deducting any Canadian Taxes on such Additional Amounts) will not be less than the amount the Holder would have received if such Canadian Taxes had not been withheld or deducted. However, no Additional Amounts will be payable with respect to a payment made to a Holder (such Holder, an "Excluded Holder") in respect of the beneficial owner thereof:

(i) with which the Corporation does not deal at arm's length (within the meaning of the *Income Tax Act* (Canada)) at the time of making such payment;

(ii) which is subject to such Canadian Taxes by reason of the Holder being a resident, domicile or national of, or engaged in business or maintaining a permanent establishment or other physical presence in or otherwise having some connection with Canada or any province or territory thereof otherwise than by the mere holding of Securities or the receipt of payments thereunder;

(iii) which is subject to such Canadian Taxes by reason of the Holder's failure to comply with any certification, identification, information, documentation or other reporting requirements if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in the rate of deduction or withholding of, such Canadian Taxes;

(iv) by reason of such Holder or beneficial owner being a "specified shareholder" (within the meaning of subsection 18(5) of the *Income Tax Act* (Canada)) of us at the time of payment or deemed payment, or by reason of such Holder or beneficial owner not dealing at arm's length for the purposes of the *Income Tax Act* (Canada) with a "specified shareholder" of us at the time of payment or deemed payment; or

(v) if the Holder or beneficial owner of, or person ultimately entitled to obtain any interest in, the Securities is not the sole beneficial owner of such payments, or is a fiduciary or partnership, to the extent that any beneficial owner, beneficiary or settlor with respect to such fiduciary or any partner or member of such partnership would not have been entitled to such Additional Amounts with respect to such payments had such beneficial owner, beneficiary, settlor, partner or member received directly its beneficial or distributive shares of such payments.

The Corporation will also:

(i) make such withholding or deduction; and

(ii) remit the full amount deducted or withheld to the relevant authority in accordance with applicable law.

The Corporation will furnish to the Trustee and Holders of the Securities, within 30 days after the date the payment of any Canadian Taxes is due pursuant to applicable law, certified copies of tax receipts or other documents evidencing such payment by the Corporation.

The Corporation will indemnify and hold harmless each Holder (other than an Excluded Holder) and upon written request reimburse each such Holder for the amount of:

(i) any Canadian Taxes so levied or imposed and paid by such Holder as a result of payments made under or with respect to the Securities;

(ii) any liability (including penalties, interest and expenses) arising therefrom or with respect thereto; and

(iii) any Canadian Taxes imposed with respect to any reimbursement under clause (i) or (ii) above, but excluding any such Canadian Taxes on such Holder's net income.

Wherever in this Indenture there is mentioned, in any context, the payment of principal (and premium, if any), interest or any other amount payable under or with respect to a Security, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

In any event, no Additional Amounts or indemnity will be payable with respect to taxes imposed directly or indirectly under FATCA and no Additional Amounts or indemnity will be payable in excess of the Additional Amounts or indemnity which would be required if the Holder was a resident of the United States for purposes of, and entitled to claim the benefits under, the Canada-United States Income Tax Convention (1980), as amended.

SECTION 9.08 Original Issue Discount. The Corporation shall provide to the Trustee on a timely basis such information as the Trustee requires to enable the Trustee to prepare and file any form required to be submitted by the Corporation with the Internal Revenue Service and the Holders of the Securities relating to original issue discount, including, without limitation, Form 1099-OID or any successor form.

ARTICLE X

REDEMPTION OF SECURITIES

SECTION 10.01 Applicability of Article. The Securities of any series which are redeemable before their Stated Maturity shall be redeemable in accordance with their terms and (except as otherwise established in accordance with Section 3.01 for the Securities of a particular series) in accordance with this Article.

SECTION 10.02 Election to Redeem; Notice to Trustee. The election of the Corporation to redeem any Securities shall be evidenced by a Directors' Resolution. In case of any redemption at the election of the Corporation of less than all the Securities of any series, the Corporation shall, at least 60 days prior to the Redemption Date fixed by the Corporation (unless a shorter notice shall be acceptable to the Trustee), notify the Trustee of such Redemption Date and of the principal amount of the Securities of such series to be redeemed and, if applicable, of the tenor of the Securities to be redeemed. Such notice shall be irrevocable. In the case of any redemption of Securities prior to the expiration of any restriction on such redemption provided in the terms of such Securities or elsewhere in this Indenture, the Corporation shall furnish the Trustee with an Officers' Certificate evidencing compliance with such restriction.

SECTION 10.03 Selection by Trustee of Securities to be Redeemed. If less than all the Securities of any series are to be redeemed (unless all of the Securities of such series and of a specified tenor are to be redeemed), the particular Securities to be redeemed shall be selected, not more than 60 days prior to the Redemption Date, by the Trustee, in accordance with the Depositary's procedures, from among the Outstanding Securities of such series (and, if

applicable, of the specified tenor) not previously called for redemption, by such method as the Trustee shall deem fair and appropriate and which may provide for the selection for redemption of portions (equal to the minimum authorized denomination for the Securities of such series or any integral multiple thereof) of the principal amount of the Securities of such series of a denomination larger than the minimum authorized denomination for the Securities of such series.

The Trustee shall promptly notify the Corporation in writing of the Securities selected for redemption and, in the case of any Securities selected for partial redemption, the principal amount thereof to be redeemed.

For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to the redemption of Securities shall relate, in the case of any Securities redeemed or to be redeemed only in part, to the portion of the principal amount of such Securities which has been or is to be redeemed.

SECTION 10.04 Notice of Redemption. Notice of redemption to the Holders of Registered Securities of any series to be redeemed shall be given by mailing notice of such redemption by first class mail, postage prepaid or, if sent through the Depositary, in accordance with the Depositary's customary procedures, at least 30 days and not more than 60 days prior to the Redemption Date, to such Holders at their addresses as they shall appear on the Security Register. Notice of redemption to the Holders of Unregistered Securities of any series to be redeemed who have filed their names and addresses with the Trustee shall be given by mailing notice of such redemption by first class mail, postage prepaid or, if sent through the Depositary, in accordance with the Depositary's customary procedures, at least 30 days and not more than 60 days prior to the Redemption Date, to such Holders at such filed addresses. Notice of redemption to all other Holders of Unregistered Securities of any series shall be given by the Corporation by publication in an Authorized Newspaper in Canada, if required, and, if required, The City of New York, and, if required, the United Kingdom and, if required, Luxembourg, in each case once in each of two successive calendar weeks, the first publication to be not less than 30 days and not more than 60 days prior to the Redemption Date. Any notice which is mailed or delivered in the manner herein provided shall be conclusively presumed to have been duly given, whether or not the Holder receives such notice. Failure to give notice by mail, or any defect in the notice to the Holder of any Security of any series designated for redemption in whole or in part, shall not affect the validity of the proceedings for the redemption of any other Security of such series.

All notices of redemption shall state:

(i) the Redemption Date;

(ii) the Redemption Price;

(iii) the accrued and unpaid interest;

(iv) the CUSIP (or applicable ISIN) or similar number of the Securities to be redeemed;

(v) if less than all of the Outstanding Securities of any series are to be redeemed, the identification (and, in the case of partial redemption, the portions of the principal amounts) of the particular Securities to be redeemed;

(vi) that on the Redemption Date the Redemption Price will become due and payable upon each such Security to be redeemed and that interest thereon will cease to accrue on and after such date;

(vii) the place or places where such Securities are to be surrendered for payment of the Redemption Price;

(viii) that the redemption is for a sinking or analogous fund, if such is the case;

(ix) in case any Security is to be redeemed in part only, the notice which relates to such Security shall state that on and after the Redemption Date, upon surrender of such Security, the holder will receive, without charge, a new Security or Securities of authorized denominations for the principal amount thereof remaining unredeemed;

(x) that, unless otherwise specified in such notice, Unregistered Securities of any series, if any, surrendered for redemption must be accompanied by all Coupons maturing subsequent to the Redemption Date or the amount of any such missing Coupon or Coupons will be deducted from the Redemption Price unless security or indemnity satisfactory to the Corporation, the Trustee and any Paying Agent is furnished; and

(xi) if Unregistered Securities of any series are to be redeemed and any Registered Securities of such series are not to be redeemed, and if such Unregistered Securities may be exchanged for Registered Securities not subject to redemption on such Redemption Date pursuant to Section 3.05 or otherwise, the last date, as determined by the Corporation, on which such exchanges may be made.

Each notice of redemption of Securities to be redeemed at the election of the Corporation shall be given by the Corporation or, at the Corporation's request, such request to be delivered at least 5 Business Days prior to the date of the publication of the notice (or such shorter period as the Trustee may agree to), by the Trustee in the name and at the expense of the Corporation.

SECTION 10.05 Deposit of Redemption Price. Prior to 10 a.m. (New York City time) on any Redemption Date, the Corporation shall deposit with the Trustee or with a Paying Agent (or, if the Corporation shall be acting as its own Paying Agent, segregate and hold in trust as provided in Section 9.05) an amount of money sufficient to pay the Redemption Price of, and (except if the Redemption Date shall be an Interest Payment Date) accrued interest on, all the Securities which are to be redeemed on the Redemption Date.

SECTION 10.06 Securities Payable on Redemption Date. Notice of redemption having been given as aforesaid, the Securities so to be redeemed shall, on the

Redemption Date, become due and payable at the Redemption Price therein specified in the Currency in which the Securities of such series are payable (together with accrued interest, if any, to the Redemption Date), and from and after such date (unless the Corporation shall default in the payment of the Redemption Price and accrued interest) such Securities shall cease to bear interest, and the unmatured Coupons, if any, appertaining thereto shall be void. Upon surrender of any such Security for redemption in accordance with such notice, together with all Coupons, if any, appertaining thereto maturing after the Redemption Date, such Security shall be paid by the Corporation at the Redemption Price, together with accrued interest to the Redemption Date; provided, however, that, unless otherwise specified as contemplated by Section 3.01, installments of interest whose Stated Maturity is on or prior to the Redemption Date shall be payable, in the case of Unregistered Securities with Coupons attached thereto, to the Holders of the Coupons for such interest upon the surrender thereof or, in the case of Registered Securities, to the Holders of such Registered Securities, registered as such at the close of business on the relevant Regular or Special Record Dates according to their terms and the provisions of Section 3.07.

If any Unregistered Security surrendered for redemption shall not be accompanied by all appurtenant Coupons maturing after the Redemption Date, such Security may be paid after deducting from the Redemption Price an amount equal to the face amount of all such missing Coupons, or the surrender of such missing Coupon or Coupons may be waived by the Corporation and the Trustee if there be furnished to them such security or indemnity as they may require to save each of them and any Paying Agent harmless. If thereafter the Holder of such Security shall surrender to the Trustee or any Paying Agent any such missing Coupon in respect of which a deduction shall have been made from the Redemption Price, such Holder shall be entitled to receive the amount so deducted; provided, however, that interest represented by Coupons shall be payable only at an office or agency located outside the United States (except as otherwise provided in Section 9.04) and, unless otherwise specified as contemplated by Section 3.01, only upon presentation and surrender of those Coupons.

If any Security called for redemption shall not be so paid upon surrender thereof for redemption, the principal (and premium, if any) shall, until paid, bear interest from the Redemption Date at the same rate specified in such Security as the rate of interest (or Yield to Maturity, in the case of Original Issue Discount Securities).

SECTION 10.07 Securities Redeemed In Part. Any Security which is to be redeemed only in part shall be surrendered at an office or agency of the Corporation at a Place of Payment therefor (with, if the Corporation or the Trustee shall so require in the case of a Registered Security, due endorsement by, or a written instrument of transfer in form satisfactory to the Corporation and the Trustee duly executed by, the Holder thereof or other appropriate person), and the Corporation shall execute, and the Trustee shall authenticate and deliver to the Holder of such Security, without service charge to Holders, a new Security or Securities of the same series and of like tenor, of any authorized denomination as requested by such Holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Security so surrendered.

SECTION 10.08 Redemption at the Option of the Corporation for Taxation Reasons. The Securities of a series will be subject to redemption in whole, but not in part, at the

option of the Corporation, at any time, on not less than 30 nor more than 60 days prior written notice, at a redemption price equal to 100% of the principal amount thereof, together with accrued interest thereon to the redemption date, in the event there is more than an insubstantial risk that the Corporation has become or would become obligated to pay, on the next date on which any amount would be payable with respect to any such Securities, any Additional Amounts as a result of an amendment to or change in the laws (including any regulations promulgated thereunder) of Canada (or any political subdivision or taxing authority thereof or therein), or any amendment to or change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of the applicable prospectus by which such Securities are offered and sold. No redemption shall be made pursuant to this paragraph unless:

(i) The Corporation shall have received an opinion of independent Counsel that there is more than an insubstantial risk that Additional Amounts will be payable on the next payment date in respect of such series of Securities;

(ii) The Corporation shall have delivered to the Trustee an Officers' Certificate stating that the Corporation is entitled to redeem such Securities pursuant to the terms of such series of Securities; and

(iii) At the time such notice of redemption is given, such obligation to pay such Additional Amounts remains in effect.

ARTICLE XI

SINKING FUNDS

SECTION 11.01 Applicability of Article. The provisions of this Article shall be applicable to any sinking fund for the retirement of Securities of any series, except as otherwise established in accordance with Section 3.01 for the Securities of such series.

The minimum amount of any sinking fund payment provided for by the terms of the Securities of any series is in this Section referred to as a "mandatory sinking fund payment", and any payment in excess of such minimum amount provided for by the terms of the Securities of any series is in this Section referred to as an "optional sinking fund payment". The date on which any sinking fund payment is to be made is in this Section referred to as the "sinking fund payment date". If so provided by the terms of the Securities of any series, the cash amount of any sinking fund payment may be subject to reduction as provided in Section 11.02. Each sinking fund payment in respect of the Securities of any series shall be applied to the redemption of the Securities of such series as provided for by the terms of the Securities of such series.

SECTION 11.02 Satisfaction of Sinking Fund Payments with Securities. Subject to Section 11.03, in lieu of making all or any part of any mandatory sinking fund payment with respect to the Securities of any series in cash, the Corporation may at its option (i) deliver to the Trustee Securities of such series theretofore purchased or otherwise acquired (except upon redemption pursuant to any mandatory sinking fund payment) by the Corporation or receive credit for Securities of such series (not previously so credited) theretofore purchased

or otherwise acquired (except as aforesaid) by the Corporation and delivered to the Trustee for cancellation pursuant to Section 3.09; (ii) receive credit for any optional sinking fund payments (not previously so credited) made pursuant to this Section; or (iii) receive credit for any Securities of such series (not previously so credited) redeemed by the Corporation through any optional redemption provision contained in the terms of such series. Such Securities shall be received and credited for such purpose by the Trustee at the Redemption Price specified in such Securities for redemption through operation of the sinking fund therefor and the amount of such mandatory sinking fund payment shall be reduced accordingly.

SECTION 11.03 Redemption of Securities for Sinking Fund. Not less than 60 days prior to each sinking fund payment date for the Securities of any series, the Corporation will deliver to the Trustee an Officers' Certificate (which need not contain the statements required by Section 1.02) (i) specifying the portion of the mandatory sinking fund payment due on such sinking fund payment date satisfied by the payment of cash and the portion to be satisfied by credit of Securities of such series pursuant to Section 11.02, (ii) stating that none of the Securities of such series to be so credited has theretofore been so credited, and (iii) stating whether or not the Corporation intends to exercise its right to make an optional sinking fund payment on such date with respect to such series and, if so, specifying the amount of such optional sinking fund payment. Any Securities of such series to be so credited and required to be delivered to the Trustee in order for the Corporation to be entitled to credit therefor which have not theretofore been delivered to the Trustee shall be delivered for cancellation pursuant to Section 3.09 to the Trustee with such Officers' Certificate. Such Officers' Certificate shall be irrevocable, and upon its receipt by the Trustee the Corporation shall become unconditionally obligated to make all the cash payments and other deliveries therein referred to on or before the next succeeding sinking fund payment date. Failure by the Corporation, on or before such 60th day, to deliver such Officers' Certificate and Securities, if any, shall not constitute a default hereunder, but shall constitute, on and as of such 60th day, the irrevocable election by the Corporation that (i) the mandatory sinking fund payment for the Securities of such series due on the next succeeding sinking fund payment date shall be paid entirely in cash and (ii) the Corporation will make no optional sinking fund payment with respect to the Securities of such series on such date. Not more than 60 days prior to each sinking fund payment date with respect to the Securities of any series, the Trustee shall select the Securities of such series to be redeemed upon such sinking fund payment date in the manner specified in Section 10.03 (the Trustee's decision as to such selection for redemption being final and binding on all parties) and cause notice of the redemption thereof to be given in the name and at the expense of the Corporation in the manner provided in Section 10.04. Such notice of redemption having been duly given, the redemption of the Securities of such series to be redeemed shall be made upon the terms and in the manner stated in Sections 10.05, 10.06 and 10.07.

ARTICLE XII

DEFEASANCE AND COVENANT DEFEASANCE

SECTION 12.01 Corporation's Option to Effect Defeasance or Covenant Defeasance. Except as otherwise specified as contemplated by Section 3.01 for Securities of any series, the provisions of this Article Twelve shall be applicable to the Securities of each series; and the Corporation may at any time, at its option, by Directors' Resolution elect to have either

Section 12.02 or Section 12.03 applied to the outstanding Securities of any series upon compliance with the applicable conditions set forth in this Article Twelve.

SECTION 12.02 Defeasance and Discharge. Upon the Corporation's exercise of the option provided in Section 12.01 to defease the Securities of a particular series, the Corporation shall be discharged from its obligations with respect to the Securities of such series on the date that the applicable conditions set forth in Section 12.04 shall be satisfied. The term "defeasance" means that the Corporation shall be deemed to have paid and discharged the entire indebtedness represented by the Securities of such series and all Coupons appertaining thereto and to have satisfied all its other obligations under such Securities and Coupons and this Indenture insofar as such Securities and Coupons shall be concerned; and the Trustee, at the expense of the Corporation, shall execute proper instruments acknowledging the same; provided, however, that the following rights, obligations, powers, trusts, duties and immunities shall survive until otherwise terminated or discharged hereunder: (i) the rights of the Holders of the Securities of such series and such Coupons to receive, solely from the trust fund provided for in Section 12.04, payments in respect of the principal of (and premium, if any) and interest on such Securities and Coupons when and as such payments shall become due, (ii) the Corporation's obligations with respect to such Securities and Coupons under Sections 3.04, 3.05, 3.06 and 9.05, (iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder, (iv) the rights and obligations under this Article Twelve and (v) the rights and obligations described in the second paragraph of Section 4.01. Subject to compliance with this Article Twelve, the Corporation may exercise its option with respect to defeasance under this Section 12.02 notwithstanding the prior exercise of its option with respect to covenant defeasance under Section 12.03 with respect to the Securities of such series.

SECTION 12.03 Covenant Defeasance. Upon the Corporation's exercise of the option provided in Section 12.01 to obtain a covenant defeasance with respect to the Securities of a particular series, the Corporation shall be released from its obligations under Sections 9.01(3), 9.04, 9.07 and 9.08 with respect to the Securities of such series on and after the date that the applicable conditions set forth in Section 12.04 shall be satisfied. The term "covenant defeasance" means that, with respect to the Securities of such series, the Corporation may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in Sections 9.01(3), 9.04, 9.07 and 9.08, whether directly or indirectly by reason of any reference elsewhere herein to such Section or Article or by reason of any reference in such Section or Article to any other provision herein or in any other document, and such omission to comply shall not constitute an Event of Default under Section 5.01 with respect to the Securities of such series; but the remaining provisions of this Indenture and the other terms of the Securities of such series shall be unaffected thereby.

SECTION 12.04 Conditions to Defeasance or Covenant Defeasance. The following shall be the conditions to defeasance under Section 12.02 and covenant defeasance under Section 12.03 with respect to the Securities of a particular series:

(1) The Corporation shall have irrevocably deposited or caused to be deposited with the Trustee as a trust fund in trust for the purpose of making the payments described below, and dedicated solely to, the benefit of the Holders of the Securities of such series: (i) the Required Currency in an amount, or (ii) Government Obligations

which, through scheduled payments of principal and interest in respect thereof in accordance with their terms, will assure, not later than one day before the due date of any payment, cash in an amount, or (iii) a combination thereof, sufficient, in the opinion of a nationally recognized firm of independent chartered accountants expressed in a written certification thereof delivered to the Trustee, to pay and discharge, and which shall be applied by the Trustee to pay and discharge: (A) the principal of (and premium, if any, on) and each installment of principal of (and premium, if any) and interest on the Securities of such series and the Coupons appertaining thereto on the Stated Maturity of such principal or installment of principal or interest; and (B) any mandatory sinking fund payments or analogous payments applicable to the Securities of such series on the dates on which such payments shall become due and payable in accordance with the terms of this Indenture and of such Securities. Before such a deposit, the Corporation may give to the Trustee, in accordance with Section 10.02 hereof, a notice of its election to redeem all or any portion of such Outstanding Securities at a future date in accordance with the terms of such Securities and Article X hereof, which notice shall be irrevocable. Such irrevocable redemption notice, if given, shall be given effect in applying the foregoing.

(2) No Event of Default or event which, with notice or lapse of time or both, would become an Event of Default with respect to the Securities of such Series shall have occurred and be continuing on the date of such deposit or, insofar as Section 5.01(5) is concerned, at any time during the period ending on the 91st day after the date of such deposit (it being understood that this condition shall not be deemed satisfied until the expiration of such period).

(3) Such defeasance or covenant defeasance shall not result in a breach or violation of, or constitute a default under, this Indenture or any other agreement or instrument to which the Corporation is a party or by which it is bound.

(4) Such defeasance or covenant defeasance shall not cause any Securities of such series then listed on any national securities exchange registered under the U.S. Securities Exchange Act of 1934, as amended, to be delisted.

(5) In the case of a defeasance, the Corporation shall have delivered to the Trustee an Opinion of Counsel qualified to practice law in the United States stating that (A) if the deposit referred to in paragraph (1) above shall include Government Obligations in respect of any government other than the United States of America, such deposit shall not result in the Corporation, the Trustee or such trust constituting an "investment company" under the U.S. Investment Company Act of 1940, as amended, and (B) (i) the Corporation has received from, or there has been published by, the Internal Revenue Service a ruling, or (ii) since the date of this Indenture, there has been a change in the applicable United States federal income tax laws or regulations in either case to the effect that, and based thereon such opinion shall confirm that, the Holders of the Securities of such series and the Coupons appertaining thereto should not recognize income, gain or loss for United States federal income tax purposes as a result of such defeasance and should be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred.

(6) In the case of a covenant defeasance, the Corporation shall have delivered to the Trustee an Opinion of Counsel qualified to practice law in the United States to the effect that (A) if the deposit referred to in paragraph (1) above shall include Government Obligations in respect of any government other than the United States of America, such deposit shall not result in the Corporation, the Trustee or such trust constituting an "investment company" under the U.S. Investment Company Act of 1940, as amended and (B) the Holders of Securities of such series then Outstanding and the Coupons appertaining thereto should not recognize income, gain or loss for United States federal income tax purposes as a result of such covenant defeasance and should be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred.

(7) The Corporation has delivered to the Trustee an Opinion of Counsel qualified to practice law in Canada or a ruling from the Canada Revenue Agency to the effect that the Holders of the Securities of such series then Outstanding should not recognize income, gain or loss for Canadian federal or provincial income or other Canadian tax purposes as a result of such defeasance or covenant defeasance and should be subject to Canadian federal or provincial income and other Canadian tax on the same amounts, in the same manner and at the same times as would have been the case had such defeasance or covenant defeasance, as the case may be, not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that Holders of such series then Outstanding include Holders who are not resident in Canada).

(8) The Corporation shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in this Section 12.04 relating to either the defeasance under Section 12.02 or the covenant defeasance under Section 12.03, as the case may be, have been satisfied.

(9) The Corporation is not an "insolvent person" within the meaning of the *Bankruptcy and Insolvency Act* (Canada) on the date of such deposit or at any time during the period ending on the 91st day after the date of such deposit (it being understood that this condition shall not be deemed satisfied until the expiration of such period).

(10) The Corporation has delivered to the Trustee an Opinion of Counsel to the effect that such deposit shall not cause the Trustee or the trust so created to be subject to the Investment Company Act of 1940, as amended.

SECTION 12.05 Deposited Money and Government Obligations to be Held In Trust; Other Miscellaneous Provisions. Subject to the provisions of the last paragraph of Section 9.05, all money and Government Obligations (including the proceeds thereof) deposited with the Trustee (or other qualifying trustee (collectively, for the purposes of this Section 12.05, the "Trustee")) pursuant to Section 12.04 in respect of the Securities of a particular series then Outstanding and the Coupons appertaining thereto shall be held in trust and applied by the Trustee, in accordance with the provisions of such Securities and Coupons and this Indenture, to the payment, either directly or through any Paying Agent as the Trustee may determine, to the

Holders of such Securities and Coupons of all sums due and to become due thereon in respect of principal (and premium, if any) and interest, but such money need not be segregated from other funds except to the extent required by law.

The Corporation shall pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the Government Obligations deposited pursuant to Section 12.04 or the principal and interest received in respect thereof, other than any such tax, fee or other charge which by law is for the account of the Holders of the Securities and the Coupons for whose benefit such Government Obligations are held.

Anything in this Article Twelve to the contrary notwithstanding, the Trustee shall deliver or pay to the Corporation from time to time, upon Corporation Request, any money or Government Obligations held by it as provided in Section 12.04 which, in the opinion of a nationally recognized firm of independent chartered accountants expressed in a written certification thereof delivered to the Trustee, are in excess of the amount thereof which would then be required to be deposited for the purpose for which such money or Government Obligations were deposited.

SECTION 12.06 Reinstatement. If the Trustee or any Paying Agent is unable to apply any money in accordance with Section 12.05 by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, then the Corporation's obligations under this Indenture and such Securities shall be revived and reinstated as though no deposit had occurred pursuant to Section 12.04 until such time as the Trustee or Paying Agent is permitted to apply all such money in accordance with Section 12.05; provided, however, that if the Corporation makes any payment of principal of or interest on any such Security following the reinstatement of its obligations, the Corporation shall be subrogated to the rights of the Holders of such Securities to receive such payment from the money held by the Trustee or Paying Agent.

ARTICLE XIII

MEETINGS OF HOLDERS

SECTION 13.01 Purposes for which Meetings May be Called. A meeting of the Holders of the Securities of one or more series may be called at any time and from time to time pursuant to the provisions of this Article for one or more of the following purposes:

(1) to give any notice to the Corporation or to the Trustee, to give any directions to the Trustee, to consent to the waiving of any Event of Default hereunder and its consequences or to take any other action authorized to be taken by the Holders of the Securities of such series pursuant to any of the provisions of Article Five;

(2) to remove the Trustee and appoint a successor Trustee with respect to the Securities of such series pursuant to the provisions of Article VI;

(3) to consent to the execution of an indenture or indentures supplemental hereto pursuant to the provisions of Section 8.02; or

(4) to take any other action required or permitted to be taken by or on behalf of the Holders of any specified percentage of the aggregate principal amount of the Securities of such series under any other provision of this Indenture or under applicable law.

SECTION 13.02 Convening of Meetings. The Trustee or the Corporation may at any time and from time to time, and the Trustee shall on requisition in writing made by the Corporation or by the Holders of at least 25% of the aggregate principal amount of the Securities of one or more series then Outstanding, convene a meeting of the Holders of the Securities of such series to take any action specified in Section 13.01. In the event of the Trustee failing to convene a meeting within 21 days after the receipt of requisition made as aforesaid, the Corporation or the Holders of at least 25% of the aggregate principal amount of the Securities of such series, as the case may be, may convene such meeting. Every such meeting shall be held in The City of New York or at such other place as the Trustee may approve.

SECTION 13.03 Notice. Notice of every such meeting, setting forth the time and the place of such meeting and in general terms the action proposed to be taken at such meeting, shall be given by the Trustee or, in the event of the Trustee failing to convene a meeting specified in Section 13.02, by the Corporation or such Holders, not less than 21 and not more than 120 days prior to the date fixed for such meeting (i) if any Unregistered Securities of any affected series are then Outstanding, to the Holders thereof by publication of such notice at least twice in an Authorized Newspaper in such cities as the Trustee (or the Corporation or such Holders, if applicable) shall deem appropriate under the circumstances, (ii) if any Unregistered Securities of any affected series are then Outstanding, to the Holders thereof who have filed their names and addresses with the Trustee by mailing such notice to such Holders at such addresses and (iii) if any Registered Securities of any affected series are then outstanding, by mailing such notice to such Holders at their addresses as they shall appear on the Security Register. A copy of the notice shall be sent by prepaid registered mail to the Trustee unless the meeting has been called by it and to the Corporation unless the meeting has been called by it. A Holder of Securities may waive notice of a meeting either before or after the meeting.

SECTION 13.04 Persons Entitled to Vote, to be Present and to Speak at Meetings. To be entitled to vote at any meeting of the Holders of the Securities of one or more series, a Person shall be (i) a Holder of one or more Securities of such series or (ii) a Person appointed by an instrument in writing as proxy for a Holder of one or more Securities of such series. The only Persons who shall be entitled to be present or to speak at any such meeting shall be the Persons entitled to vote at such meeting and their Counsel, any representatives of the Trustee and its Counsel and any representatives of the Corporation and its Counsel.

SECTION 13.05 Quorum; Action. The Persons entitled to vote a majority in principal amount of the Outstanding Securities of a series shall constitute a quorum for a meeting of Holders of such series; provided, however, that, if any action is to be taken at such meeting with respect to a consent or waiver which this Indenture expressly provides may be given by the Holders of not less than a specified percentage in principal amount of the Outstanding Securities of a series, the Persons entitled to vote such specified percentage in principal amount of the Outstanding Securities of such series shall constitute a quorum. In the absence of a quorum within 30 minutes of the time appointed for any such meeting, the meeting shall, if convened at

the request of Holders of such series, be dissolved. In any other case the meeting may be adjourned for a period of not less than 10 days as determined by the chairman of the meeting prior to the adjournment of such meeting. In the absence of a quorum at any such adjourned meeting, such adjourned meeting may be further adjourned for a period of not less than 10 days as determined by the chairman of the meeting prior to the adjournment of such adjourned meeting. Notice of the reconvening of any adjourned meeting shall be given as provided in Section 13.03, except that such notice need be given only once not less than five days prior to the date on which the meeting is scheduled to be reconvened. Notice of the reconvening of any adjourned meeting shall state expressly the percentage, as provided above, of the principal amount of the Outstanding Securities of such series which shall constitute a quorum.

Subject to the foregoing, at the reconvening of any meeting adjourned for lack of a quorum the Persons entitled to vote 25% in principal amount of the Outstanding Securities at the time shall constitute a quorum for the taking of any action set forth in the notice of the original meeting.

Except as limited by the proviso to Section 8.02, any resolution presented to a meeting or adjourned meeting duly reconvened at which a quorum is present as aforesaid may be adopted by the affirmative vote of the Holders of not less than a majority in principal amount of the Outstanding Securities of such series; provided, however, that, except as limited by the proviso to Section 8.02, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action which this Indenture expressly provides may be made, given or taken by the Holders of a specified percentage, which is less than a majority, in principal amount of the Outstanding Securities of a series may be adopted at a meeting or an adjourned meeting duly reconvened and at which a quorum is present as aforesaid by the affirmative vote of the Holders of not less than such specified percentage in principal amount of the Outstanding Securities of such series.

Any resolution passed or decision taken at any meeting of Holders of any series duly held in accordance with this Section shall be binding on all the Holders of Securities of such series and the related Coupons, whether or not present or represented at the meeting.

Notwithstanding the foregoing provisions of this Section 13.05, if any action is to be taken at a meeting of Holders of any series with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that this Indenture expressly provides may be made, given or taken by the Holders of a specified percentage in principal amount of all Outstanding Securities affected thereby, or of the Holders of such series and one or more additional series:

(i) there shall be no minimum quorum requirement for such meeting; and

(ii) the principal amount of the Outstanding Securities of such series that vote in favor of such request, demand, authorization, direction, notice, consent, waiver or other action shall be taken into account in determining whether such request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under this Indenture.

SECTION 13.06 Determination of Voting Rights; Conduct and Adjournment of Meetings.

(1) Notwithstanding any other provision of this Indenture, the Corporation, with the approval of the Trustee, in case it convenes the meeting or the Trustee in any other case may make such reasonable regulations as it may deem advisable for any meeting of the Holders of the Securities of one or more series in regard to (i) the proof of the holding of the Securities of such series, (ii) the appointment of proxies, (iii) the appointment and duties of inspectors of votes, (iv) the submission and examination of proxies and other evidence of the right to vote and (v) such other matters concerning the conduct of such meeting as it shall deem necessary or appropriate. Except as otherwise permitted or required by any such regulation, the holding of the Securities of such series and the appointment of any proxy shall be proved in the manner specified in Section 1.04.

(2) The Trustee shall, by an instrument in writing, appoint a chairman and secretary of such meeting, unless the meeting shall have been convened by the Corporation or by Holders as provided in Section 13.02, in which case the Corporation or such Holders, as the case may be, shall in like manner appoint a chairman and secretary.

(3) At any such meeting, each Holder of the Securities of such series or the proxy therefor shall be entitled to one vote for each $1,000 principal amount of the Securities of such series held or represented by such Holder or proxy; provided, however, that no vote shall be cast or counted at any such meeting in respect of any Security of such series challenged as not Outstanding and ruled by the permanent chairman of such meeting to be not Outstanding. No chairman of such meeting shall have any right to vote thereat, except as a Holder of the Securities of such series or as a proxy therefor.

(4) At any such meeting duly called pursuant to the provisions of Section 13.02, the presence of Persons holding or representing Securities of the affected series in an aggregate principal amount sufficient to take action on the business for the transaction of which such meeting was called shall constitute a quorum; but if less than a quorum shall be present, such meeting may be adjourned from time to time by the Holders of a majority in aggregate principal amount of the Securities of such series represented and entitled to vote at such meeting, and any such adjourned meeting may be held without further notice.

SECTION 13.07 Manner of Voting; Recording of Action. The vote upon any resolution submitted to any meeting of the Holders of the Securities of one or more series shall be by written ballots on which shall be subscribed the signatures of such Holders or their duly authorized proxies and the principal amount or amounts of the Securities represented thereby. The permanent chairman of such meeting shall appoint two inspectors of votes, who shall count all votes cast at such meeting for or against any resolution and shall make and file with the permanent secretary of such meeting their verified written report, in duplicate, of all votes cast at such meeting. A record, in duplicate, of the proceedings of such meeting shall be prepared by the permanent secretary of such meeting, and there shall be attached to such record (i) such report of the inspectors of votes and (ii) affidavits by one or more persons, having

knowledge of the facts, setting forth a copy of the notice of such meeting and showing that such notice was given as provided in Section 13.02. Such record shall be signed and verified by the affidavits of the permanent chairman and the permanent secretary of such meeting. One of such duplicate records shall be delivered to the Corporation and the other shall be delivered to the Trustee, to be preserved by the Trustee, the latter having attached thereto the ballots voted at such meeting. Any record so signed and verified shall be conclusive evidence of the matters therein stated.

SECTION 13.08 Instrument in lieu of Resolution. Notwithstanding the foregoing provisions of this Indenture, any resolution or instrument signed in one or more counterparts by or on behalf of the Holders of the specified percentage of the aggregate principal amount of the Securities of any series shall have the same force and effect as a resolution passed by the Holders of such specified percentage at a meeting of the Holders of Securities of such series.

SECTION 13.09 Evidence of Instruments of Holders. Any request, direction, notice, consent or other instrument which this Indenture may require or permit to be signed or executed by the Holders of Securities may be in any number of concurrent instruments of similar tenor signed or executed by such Holders.

The Trustee may, in its discretion, require proof of execution in cases where it deems proof desirable and may accept such proof as it shall consider proper.

SECTION 13.10 Binding Effect of Resolutions. Every resolution passed by the Holders of the specified percentage at a meeting of the Holders of Securities of one or more series held in accordance with the provisions herein contained shall be binding upon all the Holders of Securities of such series, whether present at or absent from such meeting, and every instrument in writing signed by Holders of the specified percentage of Securities of one or more series in accordance with Section 13.07 shall be binding upon all the Holders of Securities of such series, whether signatories thereto or not, and each and every Holder of Securities of such series and the Trustee (subject to the provisions for its indemnity herein contained) shall be bound to give effect thereto accordingly.

SECTION 13.11 No Delay of Rights. Nothing contained in this Article shall be deemed or construed to authorize or permit, by reason of any call of a meeting of the Holders of the Securities of one or more series, or any rights expressly or impliedly conferred hereunder to make such call, any hindrance or delay in the exercise of any right or rights conferred upon or reserved to the Trustee or to the Holders of the Securities of such series under any of the provisions of this Indenture or of the Securities of such series.

SECTION 13.12 Waiver of Jury Trial. Each of the Corporation and the Trustee hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Indenture, the Securities or the transactions contemplated hereby.

ARTICLE XIV

REPAYMENT AT OPTION OF HOLDERS

SECTION 14.01 Applicability of Article. Repayment of Securities of any series before their Stated Maturity at the option of Holders thereof shall be made in accordance with the terms of such Securities and (except as otherwise specified as contemplated by Section 3.01 for Securities of any series) in accordance with this Article.

SECTION 14.02 Repayment of Securities. Securities of any series subject to repayment in whole or in part at the option of the Holders thereof will, unless otherwise provided in the terms of such Securities, be repaid at a price equal to the principal amount thereof, together with interest, if any, thereon accrued to the Repayment Date specified in or pursuant to the terms of such Securities. The Corporation covenants that on or before the Repayment Date it will deposit with the Trustee or with a Paying Agent (or, if the Corporation is acting as its own Paying Agent, segregate and hold in trust as provided in Section 9.05) an amount of money in the Currency in which the Securities of such series are payable (except as otherwise specified pursuant to Section 3.01 for the Securities of such series and except, if applicable, as provided in Sections 3.11(b), 3.11(d) and 3.11(e)) sufficient to pay the principal (or, if so provided by the terms of the Securities of any series, a percentage of the principal) of and (except if the Repayment Date shall be an Interest Payment Date) accrued interest, if any, on, all the Securities or portions thereof, as the case may be, to be repaid on such date.

SECTION 14.03 Exercise of Option. Securities of any series subject to repayment at the option of the Holders thereof will contain an "Option to Elect Repayment" form on the reverse of such Securities. To be repaid at the option of the Holder, any Security so providing for such repayment, with the "Option to Elect Repayment" form on the reverse of such Security duly completed by the Holder (or by the Holder's attorney duly authorized in writing), must be received by the Corporation at the Place of Payment therefor specified in the terms of such Security (or at such other place or places or which the Corporation shall from time to time notify the Holders of such Securities) not earlier than 45 days nor later than 30 days prior to the Repayment Date. If less than the entire principal amount of such Security is to be repaid in accordance with the terms of such Security, the principal amount of such Security to be repaid, in increments of the minimum denomination for Securities of such series, and the denomination or denominations of the Security or Securities to be issued to the Holder for the portion of the principal amount of such Security surrendered that is not to be repaid, must be specified. The principal amount of any Security providing for repayment at the option of the Holder thereof may not be repaid in part if, following such repayment, the unpaid principal amount of such Security would be less than the minimum authorized denomination of Securities of the series of which such Security to be repaid is a part. Except as otherwise may be provided by the terms of any Security providing for repayment at the option of the Holder thereof, exercise of the repayment option by the Holder shall be irrevocable unless waived by the Corporation.

SECTION 14.04 When Securities Presented for Repayment Become Due and Payable. If Securities of any series providing for repayment at the option of the Holders thereof shall have been surrendered as provided in this Article and as provided by or pursuant to the terms of such Securities, such Securities or the portions thereof, as the case may be, to be

repaid shall become due and payable and shall be paid by the Corporation on the Repayment Date therein specified, and on and after such Repayment Date (unless the Corporation shall default in the payment of such Securities on such Repayment Date) such Securities shall, if the same were interest-bearing, cease to bear interest and the Coupons for such interest appertaining to any Unregistered Securities so to be repaid, except to the extent provided below, shall be void. Upon surrender of any such Security for repayment in accordance with such provisions, together with all Coupons, if any, appertaining thereto maturing after the Repayment Date, the principal amount of such Security so to be repaid shall be paid by the Corporation, together with accrued interest, if any, to the Repayment Date; provided, however, that Coupons whose Stated Maturity is on or prior to the Repayment Date shall be payable only at an office or agency located outside the United States (except as otherwise provided in Section 9.04) and, unless otherwise specified pursuant to Section 3.01, only upon presentation and surrender of such Coupons; and provided further that, in the case of Registered Securities, installments of interest, if any, whose Stated Maturity is on or prior to the Repayment Date shall be payable to the Holders of such Securities, or one or more Predecessor Securities, registered as such at the close of business on the relevant Record Dates according to their terms and the provisions of Section 3.07.

If any Unregistered Security surrendered for repayment shall not be accompanied by all appurtenant Coupons maturing after the Repayment Date, such Security may be paid after deducting from the amount payable therefor as provided in Section 14.02 an amount equal to the face amount of all such missing Coupons, or the surrender of such missing Coupon or Coupons may be waived by the Corporation and the Trustee if there be furnished to them such security or indemnity as they may require to save each of them and any Paying Agent harmless. If thereafter the Holder of such Security shall surrender to the Trustee or any Paying Agent any such missing Coupon in respect of which a deduction shall have been made as provided in the preceding sentence, such Holder shall be entitled to receive the amount so deducted; provided, however, that interest represented by Coupons shall be payable only at an office or agency located outside the United States (except as otherwise provided in Section 9.04) and, unless otherwise specified as contemplated by Section 3.01, only upon presentation and surrender of those Coupons.

If the principal amount of any Security surrendered for repayment shall not be so repaid upon surrender thereof, such principal amount (together with interest, if any, thereon accrued to such Repayment Date) shall, until paid, bear interest from the Repayment Date at the rate of interest or Yield to Maturity (in the case of Original Issue Discount Securities) set forth in such Security.

SECTION 14.05 Securities Repaid in Part. Upon surrender of any Registered Security which is to be repaid in part only, the Corporation shall execute and the Trustee shall authenticate, subject to the terms hereof, and deliver to the Holder of such Security, without service charge and at the expense of the Corporation, a new Registered Security or Securities of the same series, of any authorized denomination specified by the Holder, in an aggregate principal amount equal to and in exchange for the portion of the principal of such Security so surrendered which is not to be repaid.

ARTICLE XV

HOLDERS' LISTS AND REPORTS BY TRUSTEE AND COMPANY

SECTION 15.01 Disclosure of Names and Addresses of Holders. Every Holder of Securities or Coupons, by receiving and holding the same, agrees with the Company and the Trustee that none of the Company or the Trustee or any agent of either of them shall be held accountable by reason of the disclosure of any such information as to the names and addresses of the Holders in accordance with Section 312 of the Trust Indenture Act, regardless of the source from which such information was derived, and that the Trustee shall not be held accountable by reason of mailing any material pursuant to a request made under Section 312(b) of the Trust Indenture Act.

SECTION 15.02 Reports by Trustee. Within 60 days after May 15 of each year commencing with the first May 15 after the first issuance of Securities pursuant to this Indenture, the Trustee shall transmit to the Holders, in the manner and to the extent provided in Section 313(c) of the Trust Indenture Act, a brief report dated as of such May 15 if required by Section 313(a) of the Trust Indenture Act.

SECTION 15.03 Reports by the Company. The Company shall:

(1) file with the Trustee, within 15 days after the Parent is required to file the same with the Commission, copies of the annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the Commission may from time to time by rules and regulations prescribe) which the Parent may be required to file with the Commission pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934; or if the Parent is not required to file information, documents, or reports pursuant to either of such Sections, then the Company shall file with the Trustee and the Commission, in accordance with rules and regulations prescribed from time to time by the Commission, such of the supplementary and periodic information, documents, and reports which may be required pursuant to Section 13 of the Securities Exchange Act of 1934 in respect of a debt security listed and registered on a national securities exchange as may be prescribed from time to time in such rules and regulations;

(2) file with the Trustee and the Commission, in accordance with rules and regulations prescribed from time to time by the Commission, such additional information, documents and reports with respect to compliance by the Company with the conditions and covenants of this Indenture as may be required from time to time by such rules and regulations;

(3) transmit to all Holders, in the manner and to the extent provided in Section 313(c) of the Trust Indenture Act, within 30 days after the filing thereof with the Trustee, such summaries of any information, documents and reports required to be filed by the Company pursuant to paragraphs (1) and (2) of this Section as may be required by rules and regulations prescribed from time to time by the Commission.

(4) Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officers' Certificates).

NOW, THEREFORE, THIS FIRST SUPPLEMENTAL INDENTURE WITNESSETH: For and in consideration of the premises and the purchase of the Notes by the holders thereof, it is mutually covenanted and agreed, for the equal and proportionate benefit of all holders of the Notes, as follows:

1. INTERPRETATIONS AND AMENDMENTS

1.1 First Supplemental Indenture

As used herein "**First Supplemental Indenture**", "**hereto**", "**herein**", "**hereof**", "**hereby**", "**hereunder**" and similar expressions refer to this First Supplemental Indenture and not to any particular Article, Section or other portion hereof and include any and every instrument supplemental or ancillary hereto or in implementation hereof, and further include the terms of the Notes set forth in the form of Notes annexed as Schedule A-1 and Schedule A-2 hereto.

1.2 Definitions in First Supplemental Indenture

All terms contained in this First Supplemental Indenture which are defined in the Original Indenture and not defined herein shall, for all purposes hereof, have the meanings given to such terms in the Original Indenture, unless the context otherwise specifies or requires; provided, however, that notwithstanding the foregoing, the terms "**Issuer**" and "**Trustee**" shall have the respective meanings given to them in the Original Indenture.

1.3 Interpretation not Affected by Headings

The division of this First Supplemental Indenture into Articles and Sections, the provision of the table of contents hereto and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this First Supplemental Indenture.

2. NOTES

2.1 Form and Terms of Notes

There shall be and there is hereby created for issuance under the Original Indenture, as supplemented by this First Supplemental Indenture (i) a series of Securities which shall consist of an aggregate principal amount of U.S.$300,000,000 2035 Notes and (ii) a series of Securities which shall consist of an aggregate principal amount of U.S.$900,000,000 2115 Notes; provided, however, that if the Issuer shall, at any time after the date hereof, increase the principal amount of 2035 Notes or 2115 Notes which may be issued and issue such increased principal amount (or any portion thereof), then any such additional 2035 Notes or 2115 Notes, as applicable, so issued shall have the same form and terms (other than the date of issuance and the date from which interest thereon shall begin to accrue and, under certain circumstances, the first interest payment date), and shall carry the same right to receive accrued and unpaid interest, as the 2035 Notes or 2115 Notes theretofore issued; and provided, further, that, notwithstanding the foregoing, the Issuer shall not be entitled to increase the principal amount of 2035 Notes or 2115 Notes which may be issued or issue any such increased principal amount if the Issuer has effected satisfaction and discharge of the Indenture pursuant to Section 4.01 of the Original Indenture or defeasance or covenant defeasance pursuant to Article 12 of the Original Indenture.

The 2035 Notes will mature, and the principal of the 2035 Notes and accrued and unpaid interest thereon will be due and payable, on September 15, 2035, or such earlier date as the principal of any of the 2035 Notes may become due and payable in accordance with the provisions of the Original Indenture and this First Supplemental Indenture.

The 2115 Notes will mature, and the principal of the 2115 Notes and accrued and unpaid interest thereon will be due and payable, on September 15, 2115, or such earlier date as the principal of any of the 2115 Notes may become due and payable in accordance with the provisions of the Original Indenture and this First Supplemental Indenture.

The 2035 Notes and the 2115 Notes shall each bear interest on the principal amount thereof from September 11, 2015 or from the last date to which interest shall have been paid or duly made available for payment on the 2035 Notes or the 2115 Notes, as applicable, whichever is later, at the rate of (i) 4.800% per annum for the 2035 Notes and (ii) 6.125% per annum for the 2115 Notes, payable semi-annually in arrears on March 15 and September 15 (each, an "**Interest Payment Date**") in each year, commencing March 15, 2016 until the principal of and premium, if any, on the applicable series of Notes is paid or duly made available for payment; and should the Issuer at any time default in the payment of any principal of, or premium, if any, or interest on the 2035 Notes or the 2115 Notes, as applicable, when due, the Issuer shall pay interest (such interest to be payable on demand), to the extent permitted by law, on the amount in default at the same rate applicable to the series of Notes on which the Issuer defaulted. Interest on the 2035 Notes and 2115 Notes shall be computed on the basis of a 360-day year comprised of twelve 30-day months. The interest payable, and punctually paid or duly provided for, on any Interest Payment Date will, as provided in the Original Indenture, be paid to the Persons in whose names the 2035 Notes and 2115 Notes (or one or more predecessor Notes) are registered at the close of business on February 28 and August 31 (the "**Regular Record Dates**"), as the case may be, immediately prior to such Interest Payment Date, regardless of whether any such Regular Record Date is a Business Day. Any such interest on the 2035 Notes and 2115 Notes not so punctually paid or duly provided for on any Interest Payment Date shall be payable, as applicable, as provided in the form of 2035 Note and form of 2115 Note annexed hereto as Schedule A-1 and Schedule A-2, respectively, to this First Supplemental Indenture.

The 2035 Notes and 2115 Notes constitute unsecured obligations of the Issuer and rank *pari passu* with all of its other unsecured and unsubordinated debt from time to time outstanding and *pari passu* with other notes issued pursuant to the Original Indenture.

For the purposes only of the disclosure required by the *Interest Act* (Canada), and without affecting the amount of interest payable to any holder of a Note or the calculation of interest on any Note, if the rate of interest on any Note is calculated on the basis of a year (the "**deemed year**") which contains fewer days than the actual number of days in the calendar year of calculation, such rate of interest shall be expressed as a yearly rate for the purposes of the *Interest Act* (Canada) by multiplying such rate of interest by the actual number of days in the calendar year of calculation and dividing it by the number of days in the deemed year.

All payments of principal of and premium, if any, and interest on the Notes will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, and all references herein to "**United States dollars**", "**U.S.$**" or "**U.S. dollars**" shall be deemed to refer to such coin or currency of the United States of America.

The principal of and premium, if any, and interest on the Notes shall be payable, and the Notes may be surrendered for exchange, registration, transfer or discharge from

registration, at the Corporate Trust Office of the Trustee in the City of New York, New York, and in such other places as the Issuer may from time to time designate in accordance with the Original Indenture. The Trustee is hereby appointed as the initial Paying Agent, registrar and transfer agent for the Notes in the City of New York, New York.

The Notes of each series shall be issued only as fully registered Notes, without coupons, in denominations of U.S.$2,000 and integral multiples of U.S.$1,000 thereafter. Each series of Notes initially will be represented by one or more global Securities (collectively, the "**Global Notes**") registered in the name of The Depository Trust Company, as Depositary or its nominee, or a successor depositary or its nominee.

The certificates representing the Notes shall bear the following legend:

> "UNLESS AND UNTIL IT IS EXCHANGED IN WHOLE OR IN PART FOR SECURITIES IN DEFINITIVE REGISTERED FORM, THIS CERTIFICATE MAY NOT BE TRANSFERRED EXCEPT AS A WHOLE BY DTC TO A NOMINEE OF DTC OR BY A NOMINEE OF DTC TO DTC OR ANOTHER NOMINEE OF DTC OR BY DTC OR ANY SUCH NOMINEE TO A SUCCESSOR DEPOSITARY OR A NOMINEE OF SUCH SUCCESSOR DEPOSITARY."

The 2035 Notes and the 2115 Notes and the certificate of authentication of the Trustee endorsed thereon shall be in the applicable forms set out in Schedule A-1 and Schedule A-2, respectively, to this First Supplemental Indenture with such appropriate insertions, omissions, substitutions and variations as the Trustee may approve and shall be numbered in such manner as the Trustee may approve, such approvals of the Trustee concerning any Note to be conclusively evidenced by its certification of such Note.

The Security Register referred to in Section 3.05 of the Original Indenture shall, with respect to the Notes of each series, be kept at the office or agency in the City of New York, New York that the Issuer may from time to time designate for such purpose (which shall initially be the Corporate Trust Office of the Trustee in the City of New York, New York), and at such other place or places as the Issuer with the approval of the Trustee may hereafter designate.

The Notes shall be subject to redemption at the option of the Issuer as provided in Article 3 (Optional Redemption of Notes) of this First Supplemental Indenture and Article 10 of the Original Indenture and the Notes shall be subject to repurchase by the Issuer as provided in Article 4 (Change of Control) of this First Supplemental Indenture. The Issuer shall not otherwise be required to redeem, purchase or repay Notes of either series pursuant to any mandatory redemption, sinking fund or analogous provision or at the option of the holders thereof. The Notes will not be convertible into or exchangeable for securities of any Person.

The Issuer shall be required to pay Additional Amounts as contemplated in Section 9.07 of the Original Indenture.

The Notes shall have the other terms and provisions set forth in the applicable forms of 2035 Notes and 2115 Notes attached hereto as Schedule A-1 and Schedule A-2,

respectively, to this First Supplemental Indenture with the same force and effect as if such terms and provisions were set forth in full herein.

The Issuer will provide notice to the Trustee prior to the applicable Redemption Date of the calculation of the applicable Redemption Price.

3.2 Certain Additional Definitions

For the purposes of this First Supplemental Indenture, the following expressions shall have the following meanings:

"Comparable Treasury Issue" means the United States Treasury security or securities selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the Notes to be redeemed (assuming, for this purpose, that such series of Notes matured on the applicable Par Call Date) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

"Comparable Treasury Price" means (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by such Reference Treasury Dealer at 3:30 p.m. New York time on the third Business Day preceding such redemption date.

"Treasury Yield" means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated (on a day count basis) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

In the event that the Independent Investment Banker fails to provide the Trustee with the Reference Treasury Dealer Quotations, the Issuer will use commercially reasonable efforts to assist the Trustee in obtaining such quotations.

4. CHANGE OF CONTROL

4.1 Change of Control

(a) Upon the occurrence of a Change of Control Triggering Event in respect of a series of Notes, unless all Notes of such series have been called for redemption

To the extent that the provisions of any securities laws or regulations conflict with the provisions of this Section 4.1, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Section 4.1 by virtue of such conflict.

[Reverse of Security]

This Security is one of a duly authorized issue of securities of the Corporation designated as its 4.800% Notes due 2035 (herein called the "Securities"), limited (except as otherwise provided in the Indenture referred to below) in aggregate principal amount to US$300,000,000, which may be issued under an indenture dated as of September 11, 2015, among the Corporation and Wells Fargo Bank, National Association, as trustee (herein called the "Trustee", which term includes any successor trustee under the Indenture, as defined below), as supplemented by the First Supplemental Indenture, among the Corporation and the Trustee (as supplemented by the First Supplemental Indenture, the "Indenture"), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties, obligations and immunities thereunder of the Corporation, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is a global Security representing US$300,000,000 aggregate principal amount of the Securities.

Payment of the principal of (and premium, if any, on) and interest on this Security will be made at the office or agency of the Corporation maintained or caused to be maintained for that purpose in New York, New York or at such other office or agency of the Corporation as may be maintained or caused to be maintained for such purpose, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts; *provided, however*, that payment of the principal (and premium, if any) and interest may be made at the option of the Corporation (i) by check mailed to the address of the Person entitled thereto as such address shall appear on the Security Register or (ii) by wire transfer to an account maintained by the Person located in the United States entitled thereto as specified in the Security Register; *provided*, that principal paid in relation to any Security, redeemed at the option of the Corporation or upon Maturity, shall be paid to the Holder of such Security only upon presentation and surrender of such Security to such office or agency referred to above.

The Corporation will pay to the Holders such Additional Amounts as may be payable under Section 9.07 of the Indenture.

Prior to March 15, 2035 (the date that is six months prior to the maturity date of the Securities), the Corporation may redeem the Securities, in whole or in part, at the option of the Corporation, at any time or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the Securities to be redeemed and (2) the sum of the present values of the remaining scheduled payments of principal and interest on the Securities to be redeemed that would be due if the Securities matured on March 15, 2035 (the date that is six months prior to the maturity date of the Securities) (exclusive of any portion of the payments of interest accrued to the date of redemption) discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Yield plus 30 basis points, plus, in the case of (1) and (2), accrued interest thereon to, but excluding, the date of redemption, all as provided in the Indenture.

On or after March 15, 2035 (the date that is six months prior to the maturity date of the Securities) the Corporation may redeem the Securities, in whole or in part, at a redemption price equal to 100% of the principal amount of the Securities to be redeemed, plus accrued and unpaid

interest thereon to, but excluding, the date of redemption.

Holders of Securities to be redeemed will receive notice of redemption delivered at least 30 and not more than 60 days prior to the date fixed for redemption.

"Treasury Yield" means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated (on a day count basis) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

"Comparable Treasury Issue" means the United States Treasury security or securities selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the Securities to be redeemed (assuming, for this purpose, that the Securities matured on the Par Call Date) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Securities.

"Comparable Treasury Price" means (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations.

"Independent Investment Banker" means one of the Reference Treasury Dealers selected by the Corporation or, if such firm is unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing in the United States appointed by the Corporation.

“Par Call Date” means March 15, 2035, the date that is six months prior to the maturity date of the Securities.

"Reference Treasury Dealers" means each of Morgan Stanley & Co. LLC, HSBC Securities (USA) Inc., J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, RBC Capital Markets, LLC, Citigroup Global Markets Inc. and a Primary Treasury Dealer (as defined below) selected by Wells Fargo Securities, LLC and/or their affiliates which are primary U.S. government securities dealers, and their respective successors, plus one other which is a primary U.S. Government securities dealer and its respective successors; provided, however, that if any of the foregoing ceases to be a primary U.S. government securities dealer in The City of New York (a “Primary Treasury Dealer”), the Corporation will substitute therefor another Primary Treasury Dealer.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by such Reference Treasury Dealer at 3:30p.m. New York time on the third business day preceding such redemption date.

The Securities are also subject to redemption as a whole but not in part, at the option of the Corporation, at any time, on not less than 30 nor more than 60 days' prior written notice to each Holder of Securities to be redeemed at such Holder's address appearing on the Security Register at a redemption price equal to 100% of the principal amount, together with accrued and unpaid interest to but excluding the date fixed for redemption, in the event there is more than an insubstantial risk that the Corporation has become or would become obligated to pay, on the next date on which any amount would be payable with respect to the Securities, any Additional Amounts as a result of any amendment or change in the laws (including any regulations promulgated thereunder) of Canada (or any political subdivision or taxing authority thereof or therein), or any amendment to or change in any official position regarding the application or interpretation of such laws or regulations, which change or amendment is announced or becomes effective on or after September 8, 2015, all as provided in Section 10.08 of the Indenture.

The Securities are also subject to redemption pursuant to Article 3 of the Seventh Supplemental Indenture.

In the case of any redemption of Securities, interest installments whose Stated Maturity is on or prior to the Redemption Date will be payable to the Holders of such Securities of record at the close of business on the relevant Record Date referred to on the face hereof. Securities (or portions thereof) for whose redemption provision is made in accordance with the Indenture shall cease to bear interest from and after the Redemption Date.

The Securities do not have the benefit of sinking fund obligations.

In the event of redemption of this Security in part only, a new Security or Securities for the unredeemed portion hereof shall be issued in the name of the Holder hereof upon the cancellation hereof.

If an Event of Default shall occur and be continuing, the principal of all the Securities may be declared due and payable in the manner and with the effect provided in the Indenture.

The Indenture contains provisions for defeasance at any time of (a) the entire indebtedness of the Corporation on this Security and (b) certain restrictive covenants and the related Defaults and Events of Default, upon compliance by the Corporation with certain conditions set forth therein, which provisions apply to this Security.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Corporation and the rights of the Holders under the Indenture at any time by the Corporation and the Trustee with the consent of the Holders of not less than a majority in aggregate principal amount of all affected Securities at the time Outstanding. The Indenture also contains provisions permitting the Holders of specified percentages in aggregate principal amount of the Securities at the time Outstanding, on behalf of the Holders of all the Securities affected thereby, to waive compliance by the Corporation with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by or on behalf of the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any

Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof whether or not notation of such consent or waiver is made upon this Security.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Corporation, which is absolute and unconditional, to pay the principal of (and premium, if any, on) and interest on this Security at the times, place, and rate, and in the coin or currency, herein prescribed.

As provided in the Indenture and subject to certain limitations therein set forth, the transfer of this Security is registrable on the Security Register of the Corporation, upon surrender of this Security for registration of transfer at the office or agency of the Corporation maintained or caused to be maintained for such purpose in New York, New York duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Corporation and the Security Registrar duly executed by, the Holder hereof or his attorney duly authorized in writing, and thereupon one or more new Securities, of authorized denominations and for the same aggregate principal amount, will be issued to the designated transferee or transferees.

The Securities are issuable only in registered form without coupons in denominations of US$2,000 and any integral multiple of $1,000 in excess thereof. As provided in the Indenture and subject to certain limitations therein set forth, the Securities are exchangeable for a like aggregate principal amount of Securities of a different authorized denomination, as requested by the Holder surrendering the same.

No service charge shall be made for any registration of transfer or exchange of Securities, but the Corporation may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to the time of due presentment of this Security for registration of transfer, the Corporation, the Trustee and any agent of the Corporation or the Trustees may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Corporation, the Trustee nor any agent shall be affected by notice to the contrary.

Interest on this Security shall be computed on the basis of a 360-day year of twelve 30-day months.

For the purposes only of the disclosure required by the *Interest Act* (Canada), and without affecting the amount of interest payable to any holder of a Security or the calculation of interest on any Security, if the rate of interest on any Security is calculated on the basis of a year which contains fewer days than the actual number of days in the calendar year of calculation, such rate of interest shall be expressed as a yearly rate for the purposes of the *Interest Act* (Canada) by multiplying such rate of interest by the actual number of days in the calendar year of calculation and dividing it by the number of days in the deemed year.

As provided for in the Indenture, the Corporation may, from time to time, without notice or consent of the Holders, create and issue additional Securities so that such additional Securities shall be consolidated and form a single series with the Securities initially issued by the Corporation and shall have the same terms as to status, redemption or otherwise as the Securities originally

issued.

If at any time, (i) the Depositary notifies the Corporation that it is unwilling or unable or no longer qualifies to continue as Depositary or if at any time the Depositary shall no longer be registered or in good standing under the Securities Exchange Act of 1934, as amended, or other applicable statute or regulation and a successor depositary is not appointed by the Corporation within 90 days after the Corporation receives such notice or becomes aware of such condition, as the case may be, or (ii) the Corporation determines that the Securities shall no longer be represented by a global Security or Securities, then in such event the Corporation will execute and the Trustee will authenticate and deliver Securities in definitive registered form, in authorized denominations, and in an aggregate principal amount equal to the principal amount of this Security in exchange for this Security. Such Securities in definitive registered form shall be registered in such names and issued in such authorized denominations as the Depositary, pursuant to instructions from its direct or indirect participants or otherwise, shall instruct the Trustee. The Trustee shall deliver such Securities to the Persons in whose names such Securities are so registered.

The Indenture and this Security shall be governed by and construed in accordance with the laws of the State of New York.

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture.

Schedule A-2

See attached

Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to the Corporation (as defined below) or its agent for registration of transfer, exchange or payment, and any certificate issued is registered in the name of Cede & Co. or such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.

Unless and until it is exchanged in whole or in part for Securities (as defined herein) in definitive registered form, this certificate may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or by DTC or any such nominee to a successor Depositary or a nominee of such successor Depositary.

As provided for in the Indenture, the Corporation may, from time to time, without notice or consent of the Holders, create and issue additional Securities so that such additional Securities shall be consolidated and form a single series with the Securities initially issued by the Corporation and shall have the same terms as to status, redemption or otherwise as the Securities originally

issued.

If at any time, (i) the Depositary notifies the Corporation that it is unwilling or unable or no longer qualifies to continue as Depositary or if at any time the Depositary shall no longer be registered or in good standing under the Securities Exchange Act of 1934, as amended, or other applicable statute or regulation and a successor depositary is not appointed by the Corporation within 90 days after the Corporation receives such notice or becomes aware of such condition, as the case may be, or (ii) the Corporation determines that the Securities shall no longer be represented by a global Security or Securities, then in such event the Corporation will execute and the Trustee will authenticate and deliver Securities in definitive registered form, in authorized denominations, and in an aggregate principal amount equal to the principal amount of this Security in exchange for this Security. Such Securities in definitive registered form shall be registered in such names and issued in such authorized denominations as the Depositary, pursuant to instructions from its direct or indirect participants or otherwise, shall instruct the Trustee. The Trustee shall deliver such Securities to the Persons in whose names such Securities are so registered.

The Indenture and this Security shall be governed by and construed in accordance with the laws of the State of New York.

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture.

Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to the Corporation (as defined below) or its agent for registration of transfer, exchange or payment, and any certificate issued is registered in the name of Cede & Co. or such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.

Unless and until it is exchanged in whole or in part for Securities (as defined herein) in definitive registered form, this certificate may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or by DTC or any such nominee to a successor Depositary or a nominee of such successor Depositary.

This Security is one of a duly authorized issue of securities of the Corporation designated as its 6.125% Notes due 2115 (herein called the "Securities"), limited (except as otherwise provided in the Indenture referred to below) in aggregate principal amount to US$900,000,000, which may be issued under an indenture dated as of September 11, 2015, among the Corporation and Wells Fargo Bank, National Association, as trustee (herein called the "Trustee", which term includes any successor trustee under the Indenture, as defined below), as supplemented by the First Supplemental Indenture, among the Corporation and the Trustee (as supplemented by the First Supplemental Indenture, the "Indenture"), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties, obligations and immunities thereunder of the Corporation, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is a global Security representing US$400,000,000 aggregate principal amount of the Securities.

Payment of the principal of (and premium, if any, on) and interest on this Security will be made at the office or agency of the Corporation maintained or caused to be maintained for that purpose in New York, New York or at such other office or agency of the Corporation as may be maintained or caused to be maintained for such purpose, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts; *provided, however*, that payment of the principal (and premium, if any) and interest may be made at the option of the Corporation (i) by check mailed to the address of the Person entitled thereto as such address shall appear on the Security Register or (ii) by wire transfer to an account maintained by the Person located in the United States entitled thereto as specified in the Security Register; *provided*, that principal paid in relation to any Security, redeemed at the option of the Corporation or upon Maturity, shall be paid to the Holder of such Security only upon presentation and surrender of such Security to such office or agency referred to above.

The Corporation will pay to the Holders such Additional Amounts as may be payable under Section 9.07 of the Indenture.

Prior to March 15, 2115 (the date that is six months prior to the maturity date of the Securities), the Corporation may redeem the Securities, in whole or in part, at the option of the Corporation, at any time or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the Securities to be redeemed and (2) the sum of the present values of the remaining scheduled payments of principal and interest on the Securities to be redeemed that would be due if the Securities matured on March 15, 2115 (the date that is six months prior to the maturity date of the Securities) (exclusive of any portion of the payments of interest accrued to the date of redemption) discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Yield plus 50 basis points, plus, in the case of (1) and (2), accrued interest thereon to, but excluding, the date of redemption, all as provided in the Indenture.

On or after March 15, 2115 (the date that is six months prior to the maturity date of the Securities) the Corporation may redeem the Securities, in whole or in part, at a redemption price equal to 100% of the principal amount of the Securities to be redeemed, plus accrued and unpaid

interest thereon to, but excluding, the date of redemption.

Holders of Securities to be redeemed will receive notice of redemption delivered at least 30 and not more than 60 days prior to the date fixed for redemption.

"Treasury Yield" means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated (on a day count basis) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

"Comparable Treasury Issue" means the United States Treasury security or securities selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the Securities to be redeemed (assuming, for this purpose, that the Securities matured on the Par Call Date) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Securities.

"Comparable Treasury Price" means (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations.

"Independent Investment Banker" means one of the Reference Treasury Dealers selected by the Corporation or, if such firm is unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing in the United States appointed by the Corporation.

“Par Call Date” means March 15, 2115, the date that is six months prior to the maturity date of the Securities.

"Reference Treasury Dealers" means each of Morgan Stanley & Co. LLC, HSBC Securities (USA) Inc., J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, RBC Capital Markets, LLC, Citigroup Global Markets Inc. and a Primary Treasury Dealer (as defined below) selected by Wells Fargo Securities, LLC and/or their affiliates which are primary U.S. government securities dealers, and their respective successors, plus one other which is a primary U.S. Government securities dealer and its respective successors; provided, however, that if any of the foregoing ceases to be a primary U.S. government securities dealer in The City of New York (a “Primary Treasury Dealer”), the Corporation will substitute therefor another Primary Treasury Dealer.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by such Reference Treasury Dealer at 3:30p.m. New York time on the third business day preceding such redemption date.

The Securities are also subject to redemption as a whole but not in part, at the option of the Corporation, at any time, on not less than 30 nor more than 60 days' prior written notice to each Holder of Securities to be redeemed at such Holder's address appearing on the Security Register at a redemption price equal to 100% of the principal amount, together with accrued and unpaid interest to but excluding the date fixed for redemption, in the event there is more than an insubstantial risk that the Corporation has become or would become obligated to pay, on the next date on which any amount would be payable with respect to the Securities, any Additional Amounts as a result of any amendment or change in the laws (including any regulations promulgated thereunder) of Canada (or any political subdivision or taxing authority thereof or therein), or any amendment to or change in any official position regarding the application or interpretation of such laws or regulations, which change or amendment is announced or becomes effective on or after September 8, 2015, all as provided in Section 10.08 of the Indenture.

The Securities are also subject to redemption pursuant to Article 3 of the Seventh Supplemental Indenture.

In the case of any redemption of Securities, interest installments whose Stated Maturity is on or prior to the Redemption Date will be payable to the Holders of such Securities of record at the close of business on the relevant Record Date referred to on the face hereof. Securities (or portions thereof) for whose redemption provision is made in accordance with the Indenture shall cease to bear interest from and after the Redemption Date.

The Securities do not have the benefit of sinking fund obligations.

In the event of redemption of this Security in part only, a new Security or Securities for the unredeemed portion hereof shall be issued in the name of the Holder hereof upon the cancellation hereof.

If an Event of Default shall occur and be continuing, the principal of all the Securities may be declared due and payable in the manner and with the effect provided in the Indenture.

The Indenture contains provisions for defeasance at any time of (a) the entire indebtedness of the Corporation on this Security and (b) certain restrictive covenants and the related Defaults and Events of Default, upon compliance by the Corporation with certain conditions set forth therein, which provisions apply to this Security.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Corporation and the rights of the Holders under the Indenture at any time by the Corporation and the Trustee with the consent of the Holders of not less than a majority in aggregate principal amount of all affected Securities at the time Outstanding. The Indenture also contains provisions permitting the Holders of specified percentages in aggregate principal amount of the Securities at the time Outstanding, on behalf of the Holders of all the Securities affected thereby, to waive compliance by the Corporation with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by or on behalf of the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any

Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof whether or not notation of such consent or waiver is made upon this Security.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Corporation, which is absolute and unconditional, to pay the principal of (and premium, if any, on) and interest on this Security at the times, place, and rate, and in the coin or currency, herein prescribed.

As provided in the Indenture and subject to certain limitations therein set forth, the transfer of this Security is registrable on the Security Register of the Corporation, upon surrender of this Security for registration of transfer at the office or agency of the Corporation maintained or caused to be maintained for such purpose in New York, New York duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Corporation and the Security Registrar duly executed by, the Holder hereof or his attorney duly authorized in writing, and thereupon one or more new Securities, of authorized denominations and for the same aggregate principal amount, will be issued to the designated transferee or transferees.

The Securities are issuable only in registered form without coupons in denominations of US$2,000 and any integral multiple of $1,000 in excess thereof. As provided in the Indenture and subject to certain limitations therein set forth, the Securities are exchangeable for a like aggregate principal amount of Securities of a different authorized denomination, as requested by the Holder surrendering the same.

No service charge shall be made for any registration of transfer or exchange of Securities, but the Corporation may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to the time of due presentment of this Security for registration of transfer, the Corporation, the Trustee and any agent of the Corporation or the Trustees may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Corporation, the Trustee nor any agent shall be affected by notice to the contrary.

Interest on this Security shall be computed on the basis of a 360-day year of twelve 30-day months.

For the purposes only of the disclosure required by the *Interest Act* (Canada), and without affecting the amount of interest payable to any holder of a Security or the calculation of interest on any Security, if the rate of interest on any Security is calculated on the basis of a year which contains fewer days than the actual number of days in the calendar year of calculation, such rate of interest shall be expressed as a yearly rate for the purposes of the *Interest Act* (Canada) by multiplying such rate of interest by the actual number of days in the calendar year of calculation and dividing it by the number of days in the deemed year.

As provided for in the Indenture, the Corporation may, from time to time, without notice or consent of the Holders, create and issue additional Securities so that such additional Securities shall be consolidated and form a single series with the Securities initially issued by the Corporation and shall have the same terms as to status, redemption or otherwise as the Securities originally

issued.

If at any time, (i) the Depositary notifies the Corporation that it is unwilling or unable or no longer qualifies to continue as Depositary or if at any time the Depositary shall no longer be registered or in good standing under the Securities Exchange Act of 1934, as amended, or other applicable statute or regulation and a successor depositary is not appointed by the Corporation within 90 days after the Corporation receives such notice or becomes aware of such condition, as the case may be, or (ii) the Corporation determines that the Securities shall no longer be represented by a global Security or Securities, then in such event the Corporation will execute and the Trustee will authenticate and deliver Securities in definitive registered form, in authorized denominations, and in an aggregate principal amount equal to the principal amount of this Security in exchange for this Security. Such Securities in definitive registered form shall be registered in such names and issued in such authorized denominations as the Depositary, pursuant to instructions from its direct or indirect participants or otherwise, shall instruct the Trustee. The Trustee shall deliver such Securities to the Persons in whose names such Securities are so registered.

The Indenture and this Security shall be governed by and construed in accordance with the laws of the State of New York.

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture.

RECITALS OF THE ISSUER AND THE GUARANTOR

WHEREAS, the Issuer and the Trustee entered into an Indenture, dated as of September 11, 2015 (as supplemented, the "**Original Indenture**"). Section 8.01(2) of the Original Indenture provides that the Issuer and the Trustee may, without the consent of any Holder, enter into a supplemental indenture to add to the covenants of the Issuer for the benefit of the Holders of all or any series of the Securities.

WHEREAS, the Issuer and the Trustee have heretofore executed one supplemental indenture to the Original Indenture, providing for the establishment of the following series of Securities: (i) the 4.800% Notes due 2035, initially limited to the aggregate principal amount of U.S.$300,000,000, and (ii) the 6.125% Notes due 2115, initially limited to the aggregate principal amount of U.S.$900,000,000 (collectively, the "**Notes**").

WHEREAS, the foregoing series of Notes constitute all of the issued and outstanding series of Securities issued pursuant to the Original Indenture as of the date hereof.

WHEREAS, the Guarantor desires to fully and unconditionally guarantee the Notes (the "**Guarantee**"), and to provide therefor, the Guarantor has duly authorized the execution and delivery of this Second Supplemental Indenture.

WHEREAS, the Issuer has requested that the Trustee execute and deliver this Second Supplemental Indenture. The Issuer has delivered to the Trustee an Opinion of Counsel and an Officers' Certificate pursuant to Sections 1.02 and 8.03 of the Original Indenture to the effect, among other things, that all conditions precedent provided for in the Indenture to the Trustee's execution and delivery of this Second Supplemental Indenture have been complied with. All acts and things necessary have been done and performed to make this Second Supplemental Indenture enforceable in accordance with its terms, and the execution and delivery of this Second Supplemental Indenture has been duly authorized in all respects.

NOW, THEREFORE, THIS SECOND SUPPLEMENTAL INDENTURE WITNESSETH: it is mutually covenanted and agreed, for the equal and proportionate benefit of all holders of the Notes, as follows:

1. INTERPRETATIONS AND AMENDMENTS

1.1 Second Supplemental Indenture

As used herein "**Second Supplemental Indenture**", "**hereto**", "**herein**", "**hereof**", "**hereby**", "**hereunder**" and similar expressions refer to this Second Supplemental Indenture and not to any particular Article, Section or other portion hereof and include any and every instrument supplemental or ancillary hereto or in implementation hereof.

1.2 Definitions in Second Supplemental Indenture

All terms contained in this Second Supplemental Indenture which are defined in the Original Indenture and not defined herein shall, for all purposes hereof, have the meanings given to such terms in the Original Indenture, unless the context otherwise specifies or requires.

1.3 Interpretation not Affected by Headings

The division of this Second Supplemental Indenture into Articles and Sections, the provision of the table of contents hereto and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this Second Supplemental Indenture.

2. GUARANTEE

2.1 Agreement to Guarantee

The Guarantor hereby fully and unconditionally guarantees to each Holder of Notes, the due and punctual payment of the principal of, premium, if any, and interest on the Notes, the due and punctual payment of any sinking fund or analogous payments that may be payable with respect to such Notes and the due and punctual payment of any Additional Amounts that may be payable with respect to such Notes, when and as the same shall become due and payable, whether on the Stated Maturity, by declaration of acceleration, call for redemption or otherwise, according to the terms hereof and of the Original Indenture, as supplemented by the supplemental indentures heretofore executed by the Issuer and the Trustee. In case of the failure of the Issuer punctually to make any such payment of principal, premium, if any, or interest, or any such sinking fund or analogous payment that may be payable with respect to the Notes or any Additional Amounts that may be payable with respect to the Notes, the Guarantor hereby agrees to cause any such payment to be made punctually when and as the same shall become due and payable, whether on the Stated Maturity or by declaration of acceleration, call for redemption or otherwise, and as if such payment were made by the Issuer.

The Guarantor hereby agrees that its obligations hereunder shall be as if it were principal debtor and not merely surety, and shall be absolute and unconditional, irrespective of, and shall be unaffected by, any invalidity, irregularity or unenforceability of the Notes, the Original Indenture or this Second Supplemental Indenture, any failure to enforce the provisions of the Notes, the Original Indenture or this Second Supplemental Indenture, or any waiver, modification or indulgence granted to the Issuer with respect thereto or hereto, by the Holder of the Notes or the Trustee or any other circumstance which may otherwise constitute a legal or

equitable discharge of a surety or guarantor; provided, however, that, notwithstanding the foregoing, no such waiver, modification or indulgence shall, without the consent of the Guarantor, increase the principal amount of the Notes, or increase the interest rate thereon, or increase any premium payable upon redemption thereof, or alter the Stated Maturity thereof. The Guarantor hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of merger or bankruptcy of the Issuer, any right to require a proceeding first against the Issuer, protest or notice with respect to the Notes or the indebtedness evidenced thereby, or with respect to any sinking fund or analogous payment that may be payable with respect to the Notes or with respect to any Additional Amounts that may be payable with respect to the Notes and all demands whatsoever, and covenants that its obligations under this Section 2.1 will not be discharged except by payment in full of the principal of, premium, if any, and interest on and any Additional Amounts that may be payable with respect to the Notes.

The Guarantor shall be subrogated to all rights of each Holder of the Notes, the Trustee and any Paying Agent against the Issuer in respect of any amounts paid to such Holder by the Guarantor pursuant to the provisions of this Section 2.1; provided, however, that the Guarantor shall not be entitled to enforce or to receive any payments arising out of or based upon such right of subrogation until the principal of, premium, if any, and interest on all Notes of the same series issued under the Original Indenture, as supplemented by the supplemental indentures heretofore executed by the Issuer and the Trustee, and any sinking fund or analogous payments and Additional Amounts with respect to such Notes shall have been paid in full.

Any term or provision of the Original Indenture, as supplemented by the supplemental indentures heretofore executed by the Issuer and the Trustee, and this Second Supplemental Indenture to the contrary notwithstanding, the maximum aggregate amount of the Notes guaranteed hereunder by the Guarantor shall not exceed the maximum amount that can be hereby guaranteed by the Guarantor without rendering the Guarantee, as it relates to the Guarantor, voidable under applicable law relating to fraudulent conveyance, fraudulent transfer, corporate benefit, financial assistance or similar laws affecting the rights of creditors generally.

By executing this Second Supplemental Indenture, the Guarantor acknowledges and agrees that the obligations to compensate, reimburse, and indemnify the Trustee under the Original Indenture, including, without limitation, Section 6.03 of the Original Indenture, shall apply to the Guarantor and that the Guarantor and the Issuer, jointly and severally, are obligated to compensate, reimburse, and indemnify the Trustee in accordance with the terms of the Original Indenture, including, without limitation, Section 6.03 of the Original Indenture.

2.2 Additional Amounts

The obligations of the Issuer pursuant to Section 9.07 of the Original Indenture shall apply, *mutatis mutandis*, to the Guarantor.

2.3 Execution and Delivery

To evidence its Guarantee set forth in Section 2.1 hereof, the Guarantor hereby agrees that this Second Supplemental Indenture shall be executed on behalf of the Guarantor by one or more authorized officers or persons holding an equivalent title.

The Guarantor hereby agrees that its Guarantee set forth in Section 2.1 hereof shall remain in full force and effect notwithstanding the absence of the endorsement of any notation of such Guarantee on the Notes.

2.4 Release of Guarantee

The Guarantor will be released and relieved of its obligations under the Guarantee in respect of any series of the Notes, and such Guarantee will be terminated, upon receipt by the Trustee of a Corporation Order (without the consent of the Trustee) requesting such release, upon (i) satisfaction and discharge of the Original Indenture or (ii) defeasance or covenant defeasance with respect to any series of the Notes , in each case, under the terms of the Original Indenture. At the request of the Issuer, the Trustee shall execute and deliver an appropriate instrument evidencing such release.

3. GENERAL

3.1 Effectiveness

This Second Supplemental Indenture will become effective upon its execution and delivery.

3.2 Effect of Recitals

The recitals contained herein, shall be taken as the statements of the Issuer and the Guarantor, and neither the Trustee nor any Authenticating Agent assumes any responsibility for their correctness. 3.3 Ratification of Original Indenture

The Original Indenture as supplemented by this Second Supplemental Indenture is in all respects ratified and confirmed, and this Second Supplemental Indenture shall be deemed part of the Original Indenture in the manner and to the extent herein and therein provided.

3.4 Limitation on Liability

The Trustee shall act at the direction of the requisite Holders without liability.

3.5 Jurisdiction

Each of the parties hereto hereby irrevocably consents to the jurisdiction of the courts of the State of New York and of any Federal Court located in the Borough of Manhattan in the State of New York in connection with any action, suit or other proceeding arising out of or relating to this Second Supplemental Indenture or any action taken or omitted hereunder, and waives any claim of forum non conveniens and any objections as to laying of venue.

3.6 Governing Law This Second Supplemental Indenture (including the Guarantee provided herein), and the Original Indenture as supplemented hereby shall be governed by and construed in accordance with the laws of the State of New York.

3.7 Severability

In case any provision in this Second Supplemental Indenture (including the Guarantee provided herein) or in the Original Indenture as supplemented hereby shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

3.8 Acceptance of Trust

The Trustee hereby accepts the trusts in this Second Supplemental Indenture declared and provided for and agrees to perform the same upon the terms and conditions herein before set forth in trust for the various Persons who shall from time to time be Holders subject to all the terms and conditions herein set forth.

3.9 Counterparts and Formal Date

This Second Supplemental Indenture may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same instrument and notwithstanding their date of execution shall be deemed to bear the date first above written.

1.1 Agreement to Guarantee

The Guarantor hereby fully and unconditionally guarantees to each Holder of Consolidated Debenture Stock, the due and punctual payment of the principal of and interest on the Consolidated Debenture Stock, when and as the same shall become due and payable, according to the terms hereof and the Consolidated Debenture Stock. In case of the failure of the Issuer to punctually make any such payment of principal or interest, the Guarantor hereby agrees to cause any such payment to be made punctually when and as the same shall become due and payable, as if such payment were made by the Issuer.

The Guarantor hereby agrees that its obligations hereunder shall be as if it were principal debtor and not merely surety, and shall be absolute and unconditional, irrespective of, and shall be unaffected by, any invalidity, irregularity or unenforceability of the Consolidated Debenture Stock, any failure to enforce the provisions of the Consolidated Debenture Stock, or any waiver, modification or indulgence granted to the Issuer with respect thereto or hereto, by the Holder of the Consolidated Debenture Stock or any other circumstance which may otherwise constitute a legal or equitable discharge of a surety or guarantor; provided, however, that,

notwithstanding the foregoing, no such waiver, modification or indulgence shall, without the consent of the Guarantor, increase the principal amount of the Consolidated Debenture Stock, or increase the interest rate thereon, or alter the maturity thereof. The Guarantor hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of merger or bankruptcy of the Issuer, any right to require a proceeding first against the Issuer, protest or notice with respect to the Consolidated Debenture Stock or the indebtedness evidenced thereby, and covenants that its obligations under this Section 1.1 will not be discharged except by payment in full of the principal of and interest on the Consolidated Debenture Stock.

The Guarantor shall be subrogated to all rights of each Holder of the Consolidated Debenture Stock, and any paying agent in respect thereof, against the Issuer in respect of any amounts paid to such Holder by the Guarantor pursuant to the provisions of this Section 1.1; provided, however, that the Guarantor shall not be entitled to enforce or to receive any payments arising out of or based upon such right of subrogation until the principal of and interest on the Consolidated Debenture Stock shall have been paid in full.

The maximum aggregate amount of the Consolidated Debenture Stock guaranteed hereunder by the Guarantor shall not exceed the maximum amount that can be hereby guaranteed by the Guarantor without rendering this Guarantee, as it relates to the Guarantor, voidable under applicable law relating to fraudulent conveyance, fraudulent transfer, corporate benefit, financial assistance or similar laws affecting the rights of creditors generally.

1.2 Execution and Delivery

To evidence its Guarantee set forth in Section 1.1 hereof, the Guarantor hereby agrees that this Guarantee shall be executed on behalf of the Guarantor by one or more authorized officers or persons holding an equivalent title.

The Guarantor hereby agrees that its Guarantee set forth in Section 1.1 hereof shall remain in full force and effect notwithstanding the absence of the endorsement of any notation of such Guarantee on the Consolidated Debenture Stock.

1.3 Release of Guarantee

The Guarantor will be released and relieved of its obligations under the Guarantee in respect of the Consolidated Debenture Stock to the same extent the Issuer is released and relieved of its obligations to Holders in respect of the Consolidated Debenture Stock. At the request of the Guarantor, the Issuer shall execute and deliver an appropriate instrument evidencing such release.

2. GENERAL

2.1 Effectiveness

This Guarantee will become effective upon its execution and delivery.

2.2 Jurisdiction

Each of the parties hereto hereby irrevocably consents to the jurisdiction of the courts of the State of New York and of any Federal Court located in the Borough of Manhattan in the State of New York in connection with any action, suit or other proceeding arising out of or relating to this Guarantee or any action taken or omitted hereunder, and waives any claim of forum non conveniens and any objections as to laying of venue.

2.3 Governing Law

This Guarantee shall be governed by and construed in accordance with the laws of the State of New York.

2.4 Severability

In case any provision in this Guarantee shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

2.5 Counterparts and Formal Date

This Guarantee may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same instrument and notwithstanding their date of execution shall be deemed to bear the date first above written.

IN WITNESS WHEREOF the parties hereto have executed this Guarantee on the date first above written.

CP 401(k) SAVINGS PLAN

(As Amended and Restated Effective October 27, 2014)

ARTICLE I
GENERAL

Sec. 1.1 **Name of Plan**. Effective October 27, 2014, the name of the profit sharing plan set forth herein is the CP 401(k) Savings Plan. It is sometimes herein referred to herein as the "Plan". Prior to October 27, 2014, the Plan was known as the Canadian Pacific Savings Plan for U.S. Management Employees. Prior to that, the Plan was named the Canadian Pacific Railway Savings Plan for U.S. Management Employees. Prior to that the Plan was known as the CP Rail System Savings Plan for U.S. Management Employees and prior to that it was known as the Soo Line Railroad Savings Plan. Originally, the Plan was a stock bonus plan named the "Soo Line Railroad Tax Credit Employee Stock Ownership Plan". The stock bonus plan feature was terminated as of December 1, 1998.

Sec. 1.2 **Purpose**. The Plan has been established so that eligible employees may have an additional source of retirement income.

Sec. 1.3 **Effective Date**. The "Effective Date" of the Plan, the date as of which the Plan was established, is January 1, 1979. This restatement of the Plan is generally effective October 27, 2014 (unless otherwise noted) and incorporates all amendments adopted effective through October 27, 2014.

Sec. 1.4 **Company**. The "Company" is the Soo Line Railroad Company, a Minnesota corporation, and any Successor Employer thereof.

Sec. 1.5 **Participating Employer**. The Company is a Participating Employer in the Plan. With the consent of the Company, any other employer may also become a Participating Employer in the Plan effective as of a date specified by it in its adoption of the Plan. Any Successor Employer to a Participating Employer shall also be a Participating Employer in the Plan. As of October 27, 2014, the following are the only Participating Employers in the Plan:

(1) Soo Line Railroad Company

(2) Delaware and Hudson Railroad Company (effective January 18, 1991)

(3) Dakota, Minnesota & Eastern Railroad Corporation (effective December 13, 2013)

Canadian Pacific (U.S.) Finance ceased being a Participating Employer in the Plan as of December 31, 2004.

Sec. 1.6 **Participating Union**. "Participating Union" means any Union that adopts the Plan with the consent of the Company and pursuant to a collective bargaining agreement between the Participating Union and a Participating Employer.

Sec. 1.7 Construction and Applicable Law. The Plan is intended to meet the requirements for qualification under section 401(a) of the Code and the requirements for a qualified cash or deferred arrangement under section 401(k) of the Code. The Plan is also intended to be in full compliance with applicable requirements of ERISA. The Plan shall be administered and construed consistent with said intent. It shall also be construed and administered according to the laws of the State of Minnesota to the extent that such laws are not preempted by the laws of the United States of America. All controversies, disputes, and claims arising hereunder shall be submitted to the United States District Court for the District of Minnesota, except as otherwise provided in any trust agreement entered into with a Funding Agency.

Sec. 1.8 Benefit Determinations and Applicability of Amendments. Except as may be specifically provided herein to the contrary, benefits under the Plan attributable to service prior to a Participant's Termination of Employment shall be determined and paid in accordance with the provisions of the Plan as in effect as of the date the Termination of Employment occurred. Any amendment to the Plan shall apply only to benefits accrued by individuals who are employees of a Participating Employer or Affiliate on or after the effective date of such amendment, unless he or she becomes an Active Participant after that date and such active participation causes a contrary result under the provisions the Plan. Notwithstanding the foregoing:

(a) Certain provisions of the Plan have specific effective dates, which are noted in the particular provisions.

(b) Certain provisions of the 1994 amendment and restatement of the Plan were required as a result of federal statutes and regulations. In cases where these new legal requirements were applicable prior to January 1, 1994, the Plan has been and will be applied and interpreted in a manner that is consistent with a good faith interpretation of the applicable legal requirements.

(c) Certain provisions of the 1998 and 2002 amendment and restatements of the Plan were intended to reflect and comply with certain provisions of (and legal changes made by) the General Agreement on Trades and Tariffs contained in the Uruguay Round Agreements Act, P.L. 103-465 ("GATT"), the Small Business Job Protection Act of 1996, P.L. 104-88 ("SBJA"), the Taxpayer Relief Act of 1997, P.L.105-34 ("TRA 97"), the Internal Revenue Service Restructuring and Reform Act of 1998 ("RRA 98") and the Community Renewal Tax Relief Act of 2000 ("CRA") (the "GUST" requirements). Unless otherwise provided herein, these provisions are generally effective January 1, 1997. Some provisions of these Acts may not be reflected in this amendment and restatement because of delayed effective dates or because final regulations have not been issued interpreting and providing guidance with respect to this legislation. In the absence of explicit regulatory guidance, the Plan will be applied and interpreted in a manner that is consistent with a good faith interpretation of the legal requirements of these Acts.

(d) Notwithstanding any provision of the Plan to the contrary, contributions, benefits and service credit with respect to qualified military service will be provided in accordance with section 414(u) of the Code and the Uniformed Services Employment and Reemployment Rights Act of 1994, P.L. 103-353 ("USERRA"). In the absence of explicit regulatory guidance, the Plan will be applied and interpreted in a manner that is consistent with a good faith interpretation of the legal requirements of USERRA.

(e) Certain provisions of the 2002 restatement of the Plan were intended to reflect the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA") and the Job Creation and Older Worker Assistance Act of 2002 ("JOCWA"). Unless otherwise provided herein (or by applicable law) these provisions were generally effective January 1, 2002. Some provisions of these Acts may not be reflected in the 2002 restatement of the Plan because of the delayed effective dates or because final regulations have not been issued interpreting and providing guidance with respect to this legislation. In the absence of explicit regulatory guidance, the Plan was applied and interpreted in a manner that was consistent with a good faith interpretation of the legal requirements of the above-referenced Acts. The 2002 restatement of the Plan, dated "2-21-02" was the subject of a favorable determination letter issued by the Internal Revenue Service on June 13, 2002 and was formally adopted by the Company on July 2, 2002.

(f) The restatement of the Plan dated "1-22-10" included all amendments adopted through December 31, 2009 and incorporated good faith amendments intended to reflect and comply with the provisions of EGTRRA, JOCWA the Pension Protection Act of 2006 ("PPA") and the Worker, Retiree and Employer Recovery Act of 2008 (the "HEART Act"). Unless stated otherwise or required by law, the effective date of the PPA and WRERA amendments is January 1, 2008. Unless otherwise stated or required by law, the effective date of the HEART Act amendments is January 1, 2007. The Plan shall be applied and interpreted in a manner that is consistent with a good faith interpretation of the requirements of the PPA, WRERA and the HEART Act. The "1-22-10" restatement of the Plan document was the subject of a favorable determination letter issued by the Internal Revenue Service on December 20, 2010, which confirmed its ongoing tax qualified status subject to the adoption of proposed amendments dated "4-22-10", which were timely adopted by the Company on March 11, 2011.

(g) The portion of the DM&E Employee Savings Plan attributable to salaried and hourly paid employees was merged into this Plan effective December 13, 2013. All salaried and non-union hourly paid participants in the DM&E Employee Savings Plan (the "DM&E Plan") became Participants in this Plan as of that date. In addition, all active salaried and non-union hourly paid participants in the DM&E Plan on December 13, 2013 became fully vested and have a non-forfeitable right to all amounts transferred from their accounts under the DM&E Plan to this Plan in connection with the merger. Former salaried and non-hourly

hourly paid employees of the DM&E who had a partially vested benefit under the DM&E Plan and are rehired by a Participating Employer within 60 months following their last termination of employment with the DM&E will have any unvested portion of their accounts under the DM&E Plan reinstated in their accounts under this Plan, which shall be fully vested.

(h) This restatement of the Plan dated "12-18-14" reflects the merger of the Soo Line 401(k) Plan for Union Employees (the "Union 401(k) Plan") and the Soo Savings Plan for TCU Employees (the "TCU Savings Plan") into this Plan effective October 27, 2014 and includes all amendments effective through October 27, 2014. In that regard, union represented participants in the DM&E Employee Savings Plan and the DM&E (T&E) Savings Plan were merged into the Union 401(k) Plan effective December 13, 2013. Qualified Employees in the Union 401(k) Plan and the TCU Savings Plan who had not satisfied the eligibility requirements of their respective Plan on October 27, 2014 remain subject to the eligibility requirements in effect prior to the October 27, 2014 merger.

* Sec. 2.11, which defines "Company Stock" and Sec. 6.2, "Investment Funds," have been corrected to refer to common stock of Canadian Pacific Railway Limited instead of Canadian Pacific Railway Company, effective as of July 1, 2014.

Sec. 2.8 **Certified Earnings**. "Certified Earnings" of a Participant from a Participating Employer for a Plan Year means the amount determined by the Participating Employer and reported to the Company to be the total earnings paid to the Participant by the Participating Employer during such Plan Year for service as an Active Participant, subject to the following:

(a) Bonuses shall not be included in Certified Earnings.

(b) Certified Earnings include Before Tax Deposits to this Plan and any contributions made by salary reduction to any other plan which meets the requirements of Code sections 125 or 401(k), whether or not such contributions are actually excludable from the Participant's gross income for federal income tax purposes. In addition, for Plan Years beginning on or after January 1, 2001, Certified Earnings shall include any salary reduction contributions to a qualified transportation fringe benefit program that are not includable in gross income pursuant to Code section 132(f)(4).

(c) Allowances or reimbursements for expenses (including but not limited to relocation expenses), severance pay, payments or employer contributions to or for the benefit of the employee under this Plan or any other deferred compensation, pension, profit sharing, insurance, or other employee benefit plan, purchase

(e) A Participant's Certified Earnings shall include the Certified Earnings that the Participant would have received during a period of qualified military service (or, if the amount of such Certified Earnings is not reasonably certain, the Participant's average earnings comprising Certified Earnings from all Participating Employers for the twelve-month period immediately preceding the Participant's period of qualified military service); but only if the Participant returns to work within the period during which his right to reemployment is protected by law or dies during the period of qualified military service. For purposes of this subsection, "qualified military service" shall mean any service in the uniformed services (as defined in chapter 43 of title 38, United States Code) where the Participant's right to reemployment is protected by law, including a period of military service where the Participant dies prior to the end of such military service and is thus unable to return to employment.

Service for all entities under Common Control shall be treated as service for a single employer to the extent required by the Code; provided, however, that an individual

shall not be a Qualified Employee by reason of this section. In applying the first sentence of this section for purposes of Sec. 5.1, the provisions of subsections (b) and (c) of section 414 of the Code are deemed to be modified as provided in Code section 415(h).

Sec. 2.15 **Forfeitures**. "Forfeitures" (or "Forfeited") means that part of the Fund so recognized under Sec. 8.2(a), which provides for the forfeiture of non-vested employer Matching Contributions and any other amounts treated as Forfeitures under the terms of the Plan.

Sec. 2.17 **Funding Agency**. "Funding Agency" is a trustee or trustees or an insurance company appointed and acting from time to time in accordance with the provisions of Sec. 10.2 for the purpose of holding, investing, and disbursing all or a part of the Fund.

Sec. 2.18 **Highly Compensated Employee**. Highly Compensated Employee" for any Plan Year means a Participant described in (a) or (b) below:

(a) The employee received Compensation (as defined in Sec. 5.1(e) of the Plan) of $115,000 or more for the prior Plan Year, subject to the following:

(1) The $115,000 amount shall be adjusted for cost of living increases after the 2014 Plan Year as provided in Code §414(q). For example, the Code §414(q) limit for the 2015 Plan Year is $120,000.

(2) The Company may elect to treat those employees, who receive Compensation equal to or in excess of the applicable limit under Code §414(q) (as adjusted for cost of living increases) but who are not among the top paid 20 percent of all employees, as Non-Highly Compensated Employees. Any such election shall be made in accordance with applicable regulations prescribed by the Internal Revenue Service. Currently, the Company is not making this election.

(b) The employee at any time during the current or prior Plan Year was a 5 percent owner as defined in Code §416(i)(1).

Sec. 2.19 **Hours of Service**. "Hours of Service" are determined according to the following subsections with respect to each applicable computation period. The Company may round up the number of Hours of Service at the end of each computation period or more frequently as long as a uniform practice is followed with respect to all employees determined by the Company to be similarly situated for compensation, payroll, and record keeping purposes.

(a) Hours of Service are computed only with respect to service with Participating Employers (for service both before and after the Participating Employer becomes such), Affiliates, members of the Affiliated Group and Predecessor Employers and are aggregated for service with all such employers.

(b) For any portion of a computation period during which a record of hours is maintained for an employee, Hours of Service shall be credited as follows:

(1) Each hour for which the employee is paid, or entitled to payment, for the performance of duties for his employer during the applicable computation period is an Hour of Service.

(2) Each hour for which the employee is paid, or entitled to payment, by his employer on account of a period of time during which no duties are performed (irrespective of whether the employment relationship has terminated) due to vacation, holiday, illness incapacity (including disability), layoff, jury duty, military duty, or leave of absence, is an Hour of Service. Hours of Service shall not be credited under this paragraph with respect to payments under a plan maintained solely for the purpose of complying with applicable unemployment compensation or disability insurance laws or with respect to a payment which solely reimburses the individual for medical or medically related expenses incurred by the employer.

(3) Each hour credited for a period of time during which no duties are performed, but during which the employment relationship has not been terminated, during a period of excused absence, vacation, sick leave or jury duty is an Hour of Service. Such Hours of Service shall be credited on an assumed basis of a nine (9) hour workday and five (5) workdays per week. If an Hour of Service is creditable under both paragraph (2) and this paragraph (3), the employee shall be credited with Hours of Service under the computation which results in the most Hours of Service being credited to the employee.

(4) Each hour for which back pay, irrespective of mitigation of damages, is either awarded or agreed to by the employer is an Hour of Service. Such Hours of Service shall be credited to the computation period or periods to

which the award or agreement for back pay pertains, rather than to the computation period in which the award, agreement, or payment is made. Crediting of Hours of Service for back pay awarded or agreed to with respect to periods described in paragraph (2) shall be subject to the limitations set forth therein.

(5) Hours under this subsection shall be calculated and credited pursuant to Section 2530.200b-2 of the Department of Labor Regulations, which are incorporated herein by this reference.

(6) The Company may use any records to determine Hours of Service which it considers an accurate reflection to the actual facts.

(c) For any portion of a computation period during which an employee is within a classification for which a record of hours for the performance of duties is not maintained, he shall be credited with 45 Hours of Service for each week for which he would otherwise be credited with at least one Hour of Service under subsection (b).

(d) Nothing in this section shall be construed as denying an employee credit for an Hour of Service if credit is required under Code Section 414(n) or by any other federal law. The nature and extent of such credit shall be determined under such other law.

(e) In no event shall duplicate credit as an Hour of Service be given for the same hour.

Sec. 2.20 **Investment Fund**. "Investment Fund" means any of the funds for investment of Plan assets established under Sec. 6.2.

Sec. 2.21 **Leased Employees**. "Leased Employees", within the meaning of Code section 414(n)(2) and individuals who would meet those requirements but for failure to complete a year of leased service, shall be counted as employees of the Company or a Participating Employer to the extent required by the Code or regulations issued thereunder. "Leased Employee" means any person (other than an employee of the recipient) who, pursuant to an agreement between the recipient and any other person ("leasing organization"), has performed services for the recipient (or for the recipient and related persons determined in accordance with Code section 414(n)(6)), on a substantially full-time basis for a period of at least one year, and such services are performed under primary direction or control by the recipient. Contributions or benefits provided a leased employee by the leasing organization which are attributable to service performed for the recipient employer shall be treated as provided by the recipient employer. Leased Employees are not Participants in the Plan, however, and are not eligible to make Before Tax Deposits or to receive Matching Contributions under the Plan.

Sec. 2.22 **Matching Contribution**. A "Matching Contribution" is an amount contributed by a Participating Employer pursuant to Sec. 4.4.

Sec. 2.23 **Named Fiduciary**. The Company is a "Named Fiduciary" for purposes of ERISA with authority to control or manage the operation and administration of the Plan, including control or management of the assets of the Plan. Other persons are also Named Fiduciaries under ERISA if so provided thereunder or if so identified by the Company, by action of the Board. Such other person or persons shall have such authority to control or manage the operation and administration of the Plan, including control or management of the assets of the Plan, as may be provided by ERISA or as may be allocated by the Company, by action of the Board.

Sec. 2.24 **Non-Highly Compensated Employee**. "Non-Highly Compensated Employee" means an Active Participant who is not a Highly Compensated Employee.

Sec. 2.25 **Normal Retirement Age**. "Normal Retirement Age" is age 65.

Sec. 2.26 **Participant**. A "Participant" is an individual described as such in Article III.

Sec. 2.27 **Plan Year**. The "Plan Year" is the 12-consecutive-month period commencing each January 1 and ending each December 31.

Sec. 2.28 **Predecessor Employer**. An employer shall be a Predecessor Employer if required by regulations prescribed by the Internal Revenue Service. In addition, any corporation, partnership, firm, or individual, a substantial part of the assets and employees of which are acquired by a successor is a "Predecessor Employer" subject to any conditions and limitations with respect thereto imposed by this section; provided, however, that any such corporation, partnership, firm or individual may be named as a Predecessor Employer only if all of its employees who at the time of the acquisition become employees of the successor and Participants hereunder are treated uniformly, the use of service with it does not produce discrimination in favor of Highly Compensated Employees, and there is no duplication of benefits for such service. To be considered a Predecessor Employer, the acquisition of assets and employees of a corporation, partnership, firm, or individual must be by a Participating Employer, by an Affiliate, or by another Predecessor Employer and, unless required by law, the Company recognizes that he entity is a Predecessor Employer for purposes of this Plan.

Sec. 2.29 **Qualified Employee**. "Qualified Employee" means an employee of a Participating Employer, subject to the following:

(a) An employee is not a Qualified Employee prior to the date as of which his or her employer becomes a Participating Employer. In that regard, Salaried and hourly paid employees of the Dakota, Minnesota and Eastern Railroad Corporation (the "DM&E") are Qualified Employees in this Plan effective December 13, 2013.

(b) Eligibility of employees in a collective bargaining unit to participate in the Plan shall be subject to negotiations with the representative of that Participating Union. During any period that an employee's wages and hours are covered by the

provisions of a collective bargaining agreement between his or her Participating Employer and a Participating Union, the employee will only be considered a Qualified Employee for purposes of this Plan if the agreement expressly so provides. For purposes of this section only, such an agreement shall be deemed to continue after its formal expiration during collective bargaining negotiations pending the execution of a new agreement. In that regard:

(1) Employees of the Dakota, Minnesota & Eastern Railroad Corporation (the "DM&E") whose wages and hours are covered by a collective bargaining agreement between their Participating Employer and a Participating Union as in effect on October 27, 2014 are Qualified Employees in this Plan as of that date, unless their collective bargaining agreement provides otherwise.

(2) Individuals who were Qualified Employees in either the Soo Savings Plan for TCU Employees or the Soo Line 401(k) Plan for Union Employees on October 26, 2014, became Qualified Employees in this Plan on October 27, 2014, as a result of the merger of those Plans into this Plan effective October 27, 2014, but only if the individual was employed by a Participating Employer on October 27, 2014.

(3) Employees hired on or after October 27, 2014, whose wages and hours are covered by the provisions of a collective bargaining agreement between a Participating Union and a Participating Employer are Qualified Employees, but only if their collective bargaining agreement provides for participation in this Plan.

(c) An employee shall be deemed to be a Qualified Employee during a period of absence from active service which does not result from his or her Termination of Employment, provided he or she is a Qualified Employee at the commencement of such period of absence.

(d) A nonresident alien while not receiving earned income (within the meaning of Code Section 911(b)) from a Participating Employer which constitutes income from sources within the United States (within the meaning of Code Section 861(a)(3)) is not a Qualified Employee.

(e) An employee is not a Qualified Employee unless his or her services are performed within the United States, or his or her principal base of operations to which he or she frequently returns is within the United States. Notwithstanding the foregoing, if a Participant would otherwise cease to be a Qualified Employee on or after July 1, 1991 because he or she was transferred to a position in Canada with a Participating Employer, he or she shall be deemed to be a Qualified Employee for up to 24 additional consecutive months following the transfer, provided he or she is employed by a Participating Employer during that period.

(f) Any individual designated by the Company as an "independent contractor" by payroll practice or otherwise is not a Qualified Employee (regardless of whether the individual is actually a common law employee) and is not eligible to make Before Tax Deposits or receive Matching Contributions.

Sec. 2.30 Recognized Break in Service. A "Recognized Break in Service" is a period of at least 12 consecutive months duration that begins on the day on which the individual's Termination of Employment occurs and during which the individual has no Hours of Service. A Recognized Break in Service ends, if ever, on the day on which the individual again performs an Hour of Service for a Participating Employer, an Affiliate or a Successor Employer. Notwithstanding the foregoing, if an individual is absent from work for maternity or paternity reasons, a period of up to 12 months beginning with the first day of such absence shall not count as part of a Recognized Break in Service.

For purposes of this Sec. 3.3 an absence from work for maternity or paternity reasons means an absence for one of the following reasons:

(a) Because the individual was pregnant;

(b) Because the individual gave birth to a child;

(c) Because the individual adopted a child or had a child placed with them for purposes of adoption; or

(d) Because the individual needs to care for the child for a period beginning immediately following a birth, adoption or placement described above.

Sec. 2.31 Sick Leave Deposits. "Sick Leave Deposits" is an amount contributed by a Participating Employer pursuant to Sec. 4.2.

Sec. 2.32 Successor Employer. A "Successor Employer" is any entity that succeeds to the business of a Participating Employer through merger, consolidation, acquisition of all or substantially all of its assets, or any other means and which elects before or within a reasonable time after such succession, by appropriate action evidenced in writing, to continue the Plan; provided, however, that in the case of such succession with respect to any Participating Employer other than the Company, the acquiring entity shall be a Successor Employer only if consent thereto is granted by the Company.

Sec. 2.33 Testing Wages. A Participant's "Testing Wages" for a Plan Year means the Participant's compensation for the Plan Year as reported on Internal Revenue Service form W-2 subject to the following:

(a) For purposes of applying the limitations of Sections 4.7 and 4.8, the Company may, on a uniform and nondiscriminatory basis, modify the definition of Testing Wages in any other way that satisfies the definition of "compensation" under Code section 414(s) or regulations issued thereunder. The same definition of

Testing Wages shall be used for all Participants for a particular year, but different definitions may be used for different years.

(b) For purposes of limitations of Sections 4.7 and 4.8, the Company may limit a Participant's Testing Wages to compensation received while the employee is a Participant.

(c) For purposes of satisfying Sec. 4.7 relating to the adjustment of contributions necessary to satisfy Code section 401(k), and Sec. 4.8 relating to the adjustment of contributions necessary to satisfy Code section 401(m), the Company shall determine whether Testing Wages for a Plan Year shall include Before Tax Deposits under this Plan and any other salary reduction contributions to any other Plan or arrangement which meets the requirements in Code section 401(k), 403(b) 132(f)(4), or 402(h)(1)(B), which are not includable in the Participant's gross income for the taxable year in which contributed. In addition, Testing Wages shall not exceed the limit as may be in effect under Code section 401(a)(17) for any given Plan Year.

(d) Effective January 1, 2009 "Testing Wages" includes any military differential pay paid to a Participant by a Participating Employer.

Sec. 2.34 Termination of Employment. The "Termination of Employment" of an employee for purposes of the Plan shall be deemed to occur upon resignation, discharge, retirement, death, failure to return to active work at the end of an authorized leave of absence or the authorized extension or extensions thereof, failure to return to work when duly called following a temporary layoff, a separation from service (for example, a furlough of one year or longer), the occurrence of a bodily injury or disease that the Company determines, in its sole discretion, makes the Participant permanently disabled from performing the normal duties of his or her position with the Company, or upon the happening of any other event or circumstance, which, under the policy of a Participating Employer or Affiliate as in effect from time to time, results in the termination of the employer-employee relationship; provided, however, that a Termination of Employment shall not be deemed to occur upon a transfer between any combination of Participating Employers and Affiliates. If the employer-employee relationship is terminated because of the entry of an employee into the armed forces of the United States and if the employee subsequently returns to employment with a Participating Employer or an Affiliate under circumstances such that he or she has reemployment rights under the provisions of any applicable federal law, for all purposes of the Plan and only for such purposes the employee shall be deemed to have been on authorized leave of absence during the period of military service. A change in employment status from a common law employee to a Leased Employee shall not constitute a Termination of Employment.

Sec. 2.35 Valuation Date. "Valuation Date" means the date on which the Fund and Accounts are valued as provided in Article VI. Each of the following is a Valuation Date:

(a) The last day of each quarter of the Plan Year.

(b) A more frequently occurring date, such as daily valuations, as designated by the Company in written notice to the Funding Agency, as the Company may consider necessary or advisable to provide for the orderly and equitable administration of the Plan.

Sec. 2.36 **Years of Vesting Service**. An individual's "Years of Vesting Service" are equal to the aggregate time elapsed between his or her original Employment Commencement Date and his or her most recent Termination of Employment or any other date as of which a determination of Years of Vesting Service is to be made, expressed in years and days, reduced by all Recognized Breaks in Service, subject to the following:

(a) Service prior to a Recognized Break in Service will not be excluded from a Participant's Years of Vesting Service regardless of the length of the Recognized Break in Service.

(b) For purposes of converting days into years, 365 days constitute one year.

ARTICLE III
PLAN PARTICIPATION

Sec. 3.1 **Entry Date**. "Entry Date" means the first day of each month. The Company may designate additional dates as Entry Dates.

Sec. 3.2 **Eligibility for Participation**. Effective October 27, 2014 and subject to Sec. 3.2(b) and Sec. 3.5 below, eligibility to participate in the Plan shall be determined as follows:

(a) An employee of a Participating Employer shall become a Participant in the Plan on the earliest Entry Date (on or after the date the Plan becomes effective with respect to his or her Participating Employer) on which all of the following requirements are met:

(1) The employee is a Qualified Employee.

(2) The employee has attained age 18.

(3) The employee has completed 30 days of employment with a Participating Employer or an Affiliate prior to the Entry Date.

(b) Salaried and hourly paid participants in the DM&E Employee Savings Plan became Participants in this Plan effective December 13, 2013, when the DM&E Plan was merged into this Plan.

(c) If a former Participant in this Plan or one of the DM&E Plans is reemployed, he or she will become a Participant on the date he or she again becomes a Qualified Employee in this Plan. The DM&E Plans include the DM&E Employee Savings Plan and the DM&E (T&E) Employee Savings Plan.

Sec. 3.3 **Duration of Participation**. A Participant shall continue to be such until the later of:

(a) The Participant's Termination of Employment.

(b) The date all benefits, if any, to which the Participant is entitled hereunder have been distributed from the Fund.

Sec. 3.4 **No Guarantee of Employment**. Participation in the Plan does not constitute a guarantee or contract of employment with the Participating Employers. Such participation shall in no way interfere with any rights the Participating Employers would have in the absence of such participation to determine the duration of an employee's employment.

Sec. 3.5 **Eligibility for Participation for TCU and Union 401(k) Employees**. The Soo Savings Plan for TCU Employees (the "TCU Savings Plan") and the Soo Line 401(k) Plan for Union Employees (the "Union 401(k) Plan") were merged into this Plan effective

October 27, 2014. As a result, individuals who had satisfied the eligibility requirements under either of those plans prior to the merger became Participants in this Plan on October 27, 2014. With respect to individuals who were Qualified Employees in either the TCU Savings Plan or the Union 401(k) Plan on October 26, 2014 but had not yet satisfied the eligibility requirements under their applicable Plan as of October 26, 2014, eligibility to participate in this Plan shall be determined as follows:

(a) Any such employee shall become a Participant in this Plan on the first day of the month on which all of the following requirements are met:

(1) The employee is a Qualified Employee in this Plan.

(2) The employee has attained age 18.

(3) Beginning on or after October 27, 2014, the employee has completed 30 days of employment with a Participating Employer:

For example, if an individual was a qualified employee in the TCU Savings Plan or the Union 401(k) Plan on October 26, 2014, but had not yet satisfied the eligibility requirement under the applicable plan, the individual will become a Participant in this Plan on December 1, 2014 (provided he or she had 30 days of service on or after October 27, 2014 and was still a Qualified Employee on December 1, 2014).

(b) If, however, a qualified employee in the Union 401(k) Plan would have become a Participant under the terms of that plan on November 1, 2014, he or she shall become a Participant in this Plan on November 1, 2014.

(c) If a former participant in the TCU Savings Plan or the Union 401(k) Plan is reemployed, he or she will become a Participant in this Plan on the date he or she again becomes a Qualified Employee in this Plan.

ARTICLE IV
DEPOSITS AND CONTRIBUTIONS

Sec. 4.1 **Before Tax Deposits**. Each Active Participant may elect to have his or her Participating Employer make Before Tax Deposits on his or her behalf, subject to the following:

(a) A Participant may elect to have his or her current earnings reduced by any whole percent the Participant may designate, but not exceeding fifty percent (50%) of Certified Earnings. The fifty percent limit may be applied to each payroll period. The election shall be in such form and subject to such rules and procedures as the Company may prescribe. Each election shall apply only to earnings which become payable after the election is made in accordance with rules established by the Company. Each election shall continue in effect until a new election is made pursuant to this section.

(b) Each Participating Employer will make a Before Tax Deposit with respect to each Participant in its employ who elects to have earnings for that period reduced pursuant to this section. The amount of the contribution will be equal to the amount by which the Participant's earnings were reduced.

(c) Subject to rules established by the Company, an Active Participant may increase, decrease, discontinue or reinstate his or her contribution rate for Before Tax Deposits.

(d) All Before Tax Deposits by a Participant shall cease when the Participant ceases to be a Qualified Employee.

(e) The sum of a Participant's Before Tax Deposits and Sick Leave Deposits for any calendar year may not exceed the limit under Code section 402(g) in effect for the Plan Year in which made, and shall cease at the point that limit is reached during the year. The limit under Code section 402(g) for any Plan Year shall be adjusted for any cost of living increases provided for any calendar year in accordance with regulations issued by the Secretary of the Treasury.

(f) Notwithstanding the foregoing provisions, if the Participant has received a hardship distribution from this Plan in accordance with Sec. 8.3(b) or from any other plan maintained by a Participating Employer or an Affiliate, no Before Tax Deposits or Sick Leave Deposits shall be made to this Plan on behalf of such Participant for six months following the date on which the hardship distribution was made. If a Participant's Before Tax Deposits or Sick Leave Deposits are suspended under this subsection (f), Before Tax Deposits and Sick Leave Deposits shall automatically recommence following the end of the six-month suspension period.

(g) Automatic Enrollment. Any Active Participant hired by a Participating Employer

on or after October 27, 2014 who does not affirmatively elect to make Before Tax Deposits shall be automatically enrolled in the Plan (as of the first pay period which is at least 30 days following the date he or she becomes eligible to participate in the Plan) at a Before Tax Deposit rate of three percent (3%) unless he or she affirmatively elects a different contribution rate (including a zero percent contribution rate) within 30 days following the date he or she becomes eligible to participate in the Plan, subject to the following:

(1) Certain Participants hired prior to October 27, 2014 will continue to be subject to automatic enrollment at the Before Tax Deposit (or salary reduction contribution) rate in effect under the terms of their plan in effect prior to October 27, 2014. In that regard:

(A) Participants in the Soo Savings Plan for TCU Employees were subject to automatic enrollment in that plan at a Before Tax Deposit rate of two percent (2%).

(B) Participants in the Soo Line 401(k) Plan for Union Employees represented by the United Transportation Union ("UTU") and whose date of hire with a Participating Employer was on or after June 1, 2010 (including rehires) were subject to automatic enrollment in that plan at a salary reduction contribution rate of two percent (2%).

(C) Participants in the Soo Line 401(k) Plan for Union Employees represented by the Brotherhood of Maintenance of Way Employees Division of the International Brotherhood of Teamsters ("BMWED") whose date of hire with a Participating Employer was on or after June 1, 2010 (including rehires) were subject to automatic enrollment in that plan at a salary reduction contribution rate of three percent (3%).

(D) Qualified Employees of the Dakota, Minnesota & Eastern Railroad Corporation (the "DM&E") whose Employment Commencement Date is on or after December 13, 2013 are subject to automatic enrollment in this plan at a Before Tax Deposit (or salary reduction) rate of three percent (3%).

(E) Qualified Employees in this Plan prior to October 27, 2014 were subject to automatic enrollment at a Before Tax Deposit rate of three percent (3%).

(2) A Participant who is automatically enrolled in the Plan may discontinue making Before Tax Deposits or change the rate of his or her Before Tax Deposits at any time subject to rules prescribed by the Company. These rules shall comply with the provisions of ERISA and the Code that apply

to automatic contribution arrangements.

(3) An automatic enrollment notice shall be provided to each Participant no less than 30 days nor more than 90 days before the first day of the Plan Year or, if later, 30 to 90 days before the first pay period for which the automatic enrollment takes effect.

(4) As provided in Sec. 6.3 of the Plan, the Participant may direct the investment of Before Tax Deposits credited to his or her Before Tax Account. In the absence of any investment direction by a Participant, the Participant's Before Tax Deposits shall be invested in a default Investment Fund designated by the Company pursuant to Sec. 6.2 of the Plan.

(5) This subsection (g) shall be administered and interpreted in a manner that is consistent with the provisions of ERISA and the Code that apply to automatic contribution arrangements. In that regard and by way of clarification, this automatic contribution arrangement is not intended to be an eligible automatic contribution arrangement ("EACA") or a qualified automatic contribution arrangement ("QACA").

Sec. 4.2 **Sick Leave Deposits**. Rule 58(i)(2), agreed to by the Company and the Transportation Communications International Union ("TCU") in 1985 (as amended by Article IV of the December 19, 1991 Agreement), permits a Participant who is covered by a collective bargaining agreement between the Company and the TCU ("TCU Participants") to elect to have his or her Participating Employer make Sick Leave Deposits to the Plan in lieu of days of unused sick leave. Each TCU Participant may elect to have his or her Participating Employer make Sick Leave Deposits up to the maximum amount available for him as specified by said Rule. Any Sick Leave Deposits shall be made by the Company at the time specified in the Rule and shall be credited to the TCU Participant's Account as provided in Sec. 4.10 and Article VI. No Matching Contributions shall be made with respect to Sick Leave Deposits.

Sec. 4.3 **Catch-Up Contributions**. If a Participant is, or will be, 50 or older on the last day of a Plan Year, and has contributed the full amount permitted under Sec. 4.1 or otherwise would have his or her Before Tax Deposits limited under Sec. 4.6, Sec. 4.7 or Sec. 5.1, he or she may make additional "Catch-Up Contributions", but not in excess of the amount determined from the following table:

Year	Maximum Amount
2014	$5,500
2015	$6,000 (adjusted for cost of living after 2015)

If a Participant's Before Tax Deposits would otherwise exceed any applicable limit imposed under the Plan or the Code for a Plan Year, the additional Catch-Up Contributions limit for that Plan Year shall automatically be applied to eliminate or minimize the need to return or otherwise

decrease the Participant's Before-Tax Deposits. Catch-Up Contributions shall not be taken into account under the Plan for purposes of implementing the required limitations of sections 402(g) and 415 of the Code. The Plan shall not be treated as failing to satisfy the requirements of section 401(k)(3), 401(k)(11), 401(k)(12), 410(b), or 416 of the Code, as applicable, by reason of the making of such Catch-Up Contributions. Otherwise, Catch-Up Contributions are treated as Before Tax Deposits for purposes of the Plan, except that no Matching Contribution shall be made with respect to Catch-Up Contributions.

Sec. 4.4 **Matching Contributions**. Matching Contributions to this Plan will be made by the Participating Employers pursuant to the following:

(a) Each Participating Employer may, at its own discretion, make a Matching Contribution each payroll period on behalf of each Active Participant for whom a Before Tax Deposit is made. The Matching Contribution with respect to each such Active Participant, if made, shall be in an amount which is a percentage of the Before Tax Deposit with respect to the Active Participant. The contribution rate will be determined from time to time by each Participating Employer, and will remain in effect until the Participating Employer modifies it.

(b) Salaried and hourly paid employees of a Participating Employer who are not members of a collective bargaining unit are eligible to receive Matching Contributions.

(c) Participants whose wages and hours are subject to the terms of a collective bargaining agreement between their Participating Employer and a Participating Union are eligible to receive Matching Contributions only if their collective bargaining agreement so provides. As of December 13, 2013, only those union represented Participants employed by the Dakota, Minnesota & Eastern Railroad Corporation (DM&E) and represented by a Participating Union are eligible to receive Matching Contributions.

(d) No Matching Contribution will be made with respect to any amount by which a Participant's Before Tax Deposits are reduced or refunded to him or her pursuant to Sec. 4.5, Sec. 4.6 or Sec. 4.7. If any such contributions are actually made, they shall be treated as having been made by error and shall be forfeited.

(e) Matching Contributions shall be allocated and credited to Matching Contribution Accounts as provided in Sec. 4.10 and Sec. 6.1.

(f) No Matching Contributions shall be made for Catch-Up Contributions made pursuant to Sec. 4.3 or Sick Pay Deposits made pursuant to Sec. 4.2.

Sec. 4.5 **Reduction of Before Tax Deposits**. The Company may in its sole discretion reduce or limit, or direct a Participating Employer to limit, the amount of Before Tax Deposits for a Participant or a group of Participants to a whole or fractional percentage, which will enable the Plan to satisfy the requirements of Sec. 4.6, Sec. 4.7, Sec. 4.8 or Sec. 5.1.

Sec. 4.6 Limit on Before Tax and Sick Leave Deposits and Distribution of Excess Deferrals. The sum of a Participant's Before Tax Deposits and Sick Leave Deposits may not exceed the limit under Code section 402(g) in effect for the Plan Year in which they are made. Notwithstanding any other provisions of the Plan if the 402(g) limit is exceeded, Excess Deferrals for a calendar year and income or losses allocable thereto shall be distributed in the case of Before Tax Deposits, or recredited to the Participant as unused sick leave in the case of Sick Leave Deposits no later than the following April 15 to Participants who claim (or are deemed to have claimed) such Excess Deferrals, subject to the following:

(a) For purposes of this section, "Excess Deferrals" means the amount of Before Tax Deposits and/or Sick Leave Deposits for a calendar year that the Participant claims (or is deemed to have claimed) pursuant to the procedure set forth in subsection (b) because the total amount deferred, under this Plan and any other applicable plan, for the calendar year exceeds the limit imposed on the Participant for that year under Code section 402(g). The limit under Code section 402(g) for 2014 is $17,500. The 402(g) limit for 2015 is $18,000, and may be adjusted in subsequent years by Treasury Regulations or under the Code for cost-of-living adjustments or otherwise.

(b) The Participant's written claim, specifying the amount of the Participant's Excess Deferral for any calendar year, shall be submitted to the Company no later than the March 1 following such calendar year. The claim shall include the Participant's written statement that if such amounts are not distributed, such Excess Deferrals, when added to amounts deferred under other plans or arrangements described in Code section 401(k), 403(b), or 408(k), exceed the limit imposed on the Participant by Code section 402(g) for the year in which the deferral occurred. In the absence of such a claim, the Company may deem that a claim has been made to the extent that Before Tax Deposits and/or Sick Leave Deposits under this Plan exceed the limit under Code section 402(g).

(c) Excess Deferrals distributed to a Participant with respect to a calendar year shall be adjusted to include income or losses allocable thereto. The amount of income or loss shall be the pro-rata portion of the income or loss for the year which the Company determines fairly reflects the portion of the Plan's aggregate income or loss for the year attributable to the Excess Deferrals. With the exception of the 2007 Plan Year, however, any income or loss after the end of the year for which the contributions were made does not need to be included when calculating the amount of the distribution, unless the Plan is legally required to do so.

(d) The amount of Excess Deferrals and income allocable thereto which would otherwise be distributed pursuant to this section shall be reduced, in accordance with regulations, by the amount of excess Before Tax Deposits and income allocable thereto previously distributed to the Participant pursuant to Sec. 4.7 for the Plan Year and by the amount of any Sick Leave Deposits which are reduced and recredited to the Participant pursuant to Sec. 4.7 for the Plan Year.

(e) Any reductions required under this Sec. 4.6 shall be made from Before Tax Deposits before Sick Leave Deposits.

Sec. 4.7 Adjustment of Before Tax and Sick Leave Deposits if Required by Code Section 401(k). For purposes of non-discrimination testing under Code section 401(k), employees whose terms and conditions of employment are subject to a collective bargaining agreement shall be tested separately and any adjustments necessary to satisfy Code section 401(k) shall be made separately from the group of employees whose employment is not subject to a collective bargaining agreement. If necessary to satisfy the requirements of Code section 401(k), Before Tax Contributions and/or Sick Leave Deposits shall be adjusted in accordance with the following:

(a) If the requirements of either paragraph (1) or (2) are satisfied with respect to a Plan Year, then no further action is needed under this section:

(1) The average deferral percentage of Highly Compensated Employees for the current Plan Year is not more than 1.25 times the average deferral percentage of Non-Highly Compensated Employees for the immediately preceding Plan Year.

(2) The excess of the average deferral percentage of Highly Compensated Employees for the current Plan Year over the average deferral percentage of Non-Highly Compensated Employees for the immediately preceding Plan Year is not more than two percentage points, and the average deferral percentage of Highly Compensated Employees for the current Plan Year is not more than two times the average deferral percentage for Non-Highly Compensated Employees for the immediately preceding Plan Year.

For purposes of this subsection (a), average deferral percentages shall be calculated separately with respect to the employees represented by the Participating Unions and for salaried and hourly paid employees who are not represented by a Participating Union.

(b) The Company may elect to apply subsection (a) by using the average deferral percentage of Non-Highly Compensated Employees for the current Plan Year (rather than the prior Plan Year). Any such election shall be made in accordance with procedures prescribed by the Internal Revenue Service and can be revoked only in accordance with those procedures.

(c) Each Plan Year average deferral percentages for each separate group being tested will be determined as follows:

(1) A Participant's deferral percentage for a Plan Year is his or her Before Tax Deposits and Sick Leave Deposits for said Plan Year (including any Excess Deferrals distributed under Sec. 4.6), divided by his or her Testing Wages for said Plan Year.

(2) The average deferral percentage of Highly Compensated Employees for a Plan Year is the average of the individual percentages for all Highly Compensated Employees in the testing group who were Active Participants at any time during that Plan Year.

(3) The average deferral percentage of Non-Highly Compensated Employees for a Plan Year is the average of the individual percentages for Non-Highly Compensated Employees in the testing group who were Active Participants at any time during that Plan Year.

(4) When determining the average deferral percentage for Non-Highly Compensated Employees for the immediately preceding Plan Year, all individuals in the testing group who were Active Participants and Non-Highly Compensated Employees at any time during the preceding Plan Year are taken into account regardless of whether the individual is an Active Participant and/or a Non-Highly Compensated Employee for the current Plan Year.

(5) The individual and average deferral percentages shall be calculated to the nearest one-hundredth of one percent.

(d) At any time during the Plan Year, the Company may make an estimate of the amount of Before Tax Deposits and Sick Leave Deposits by Highly Compensated Employees that will be permitted under this section for the year and may limit, or direct any Participating Employer to limit, the Before Tax Deposits or Sick Leave Deposits for any such employee or employees to the extent the Company determines in its sole discretion to be necessary to satisfy at least one of the requirements in subsection (a). Alternatively, the Company can use any of the following techniques to satisfy at least one of the requirements in subsection (a):

(1) Separate testing for employees who have not reached age 21 and completed one year of service under either of the methods described in Treasury Regulations §1.401(k)-2(a)(1)(iii).

(2) Borrowing from Matching Contributions to help pass the actual deferral percentage test under Code §401(k)(3) to the extent permitted under Treasury Regulations.

(3) Using an alternative definition of compensation under Code §414(s) for Testing Wages, as provided in Sec. 2.33 of this Plan.

(4) Any other correction mechanism permitted under applicable guidance or regulations issued by the Department of Treasury or Internal Revenue Service.

(e) If neither of the requirements of subsection (a) is satisfied with respect to any group being tested, then the Before Tax Deposits and/or Sick Leave Deposits with respect to Highly Compensated Employees in the testing group shall be reduced as follows:

(1) Determine excess amount with respect to each Highly Compensated Employee. The Company will determine the maximum individual deferral percentage which could be allowed and still satisfy subsection (a)(1) or (a)(2) above. For each Highly Compensated Employee whose actual deferral percentage was higher than the maximum individual deferral percentage, the Company will determine the amount of excess Before Tax Deposits and Sick Leave Deposits (*i.e.*, the amount by which the individual's actual Before Tax Deposits and Sick Leave Deposits exceeds what the individual's Before Tax Deposits and Sick Leave Deposits would have been if the individual had contributed the maximum permitted individual deferral percentage).

(2) Add up excess amount for all Highly Compensated Employees. Rather than distributing the amounts determined in paragraph (1) above to the individuals whose Before Tax Deposits and Sick Leave Deposits exceeded the maximum permitted deferral percentage, these amounts will be added together to determine an aggregate amount of excess deferrals.

(3) Reduce Before Tax and Sick Leave Deposits. Before Tax Deposits and Sick Leave Deposits of the Highly Compensated Employee who contributed the highest dollar amount shall be reduced by the amount required to cause his or her Before Tax Deposits and Sick Leave Deposits to equal the amount contributed by the Highly Compensated Employee with the next highest dollar amount. Such reductions shall continue to be made until the aggregate amount of reductions equals the total determined in paragraph (2) above. For purposes of this paragraph (3), Before Tax Deposits shall be reduced before Sick Leave Deposits.

As noted above, any adjustments necessary to comply with Code §401(k) shall be determined and made separately with respect to employees covered under collective bargaining agreements and employees who are not covered under collective bargaining agreements.

(f) The portion of the Before Tax Deposits and/or Sick Leave Deposits with respect to a Highly Compensated Employee that are reduced pursuant to subsection (e) above (adjusted for income or losses allocable thereto) shall be distributed or recredited to the Participants (on whose behalf such excess contributions were made) no later than December 31 of the following Plan Year. Furthermore, the Company shall attempt to distribute (or recredit) such amount by March 15 of the following Plan Year to avoid the imposition on the Company of an excise tax under Code section 4979. Income or losses allocable to excess Before Tax

Deposits and/or Sick Leave Deposits shall equal the pro-rata portion of the income or loss for the year for which the contributions were made that the Company determines fairly reflects the portion of the Plan's aggregate income or loss for said year properly attributable to the excess contributions. Effective for the 2008 Plan Year and subsequent Plan Years, any income or loss after the close of the year ("gap period income") for which the contributions were made shall not be distributed unless the Plan is legally required to do so. The amount that would otherwise be distributed pursuant to this subsection shall be reduced by any Excess Deferrals (adjusted for income or loss) previously distributed to the Participant during the same Plan Year pursuant to Sec. 4.6. Before Tax Deposits shall be reduced before Sick Leave Deposits. Sick Leave Deposits that need to be reduced shall be recredited to the Participant as unused Sick Leave.

(g) The deferral percentage for any Participant who is a Highly Compensated Employee for the calendar year, and who is eligible to participate in two or more plans with cash or deferred arrangements described in Code Section 401(k) to which any Participating Employer or Affiliate contributes, shall be determined pursuant to applicable Treasury regulations.

(h) If two or more plans that include cash or deferred arrangements are considered as one plan for purposes of Code Section 401(a)(4) or Code Section 410(b), the cash or deferred arrangements shall be treated as one for the purposes of applying the provisions of this section unless mandatorily disaggregated pursuant to regulations under Code Section 401(k).

Sec. 4.8 Adjustment of Matching Contributions Required by Code Section 401(m). After the provisions of Sec. 4.6 and Sec. 4.7 have been satisfied, the requirements set forth in this section must also be met. Participants whose hours and wages are subject to a collective bargaining agreement between a Participating Union and a Participating Employer ("union employees") are not included when determining any adjustments required under Code section 401(m) or this Sec. 4.8.

If necessary to satisfy the requirements of Code section 401(m), Matching Contributions for non-union employees during a Plan Year shall be adjusted in accordance with the following:

(a) If the requirements of either paragraph (1) or (2) are satisfied, then no further action is needed under this section:

(1) The average contribution percentage of Highly Compensated Employees for the current Plan Year is not more than 1.25 times the average contribution percentage of Non-Highly Compensated Employees for the immediately preceding Plan Year.

(2) The excess of the average contribution percentage of Highly Compensated Employees for the current Plan Year over the average contribution percentage of Non-Highly Compensated Employees for the immediately

preceding Plan Year is not more than two percentage points, and the average contribution percentage of Highly Compensated Employees for the current Plan Year is not more than 2 times the average contribution percentage of Non-Highly Compensated Employees for the immediately preceding Plan Year.

(b) The Company may elect to apply subsection (a) by using the average contribution percentage of Non-Highly Compensated Employees for the immediately preceding Plan Year (rather than the current Plan Year). Any such election shall be made in accordance with procedures prescribed by the Internal Revenue Service.

(c) Average contribution percentages for a Plan Year will be determined as follows:

(1) A Participant's contribution percentage for a Plan Year is the amount in (A) divided by the amount in (B):

(A) The Participant's Matching Contributions for that Plan Year. The Company may also elect to include part or all of the Participant's Before Tax Deposits, provided that the requirements of Treasury Regulation §1.401(m)-2(a)(6) are satisfied and provided that the requirements of Sec. 4.7 are met before such contributions are used under this section and continue to be met after the exclusion of the Before Tax Deposits that are used to satisfy the requirements of this section.

(B) The Participant's Testing Wages for said Plan Year.

(2) The average contribution percentage for Highly Compensated Employees for a Plan Year is the average of the individual contribution percentages for all Highly Compensated Employees who were Active Participants at any time during that Plan Year.

(3) The average contribution percentage for Non-Highly Compensated Employees for a Plan Year is the overall average of the individual contribution percentages for all Non-Highly Compensated Employees who were Active Participants at any time during that Plan Year.

(4) When determining the average contribution percentage for Non-Highly Compensated Employees for the immediately preceding Plan Year, all individuals who were Active Participants and Non-Highly Compensated Employees at any time during the preceding Plan Year are taken into account, regardless of whether the individual is an Active Participant and/or a Non-Highly Compensated Employee for the current Plan Year.

(5) The individual and average contribution percentages shall be calculated to the nearest one-hundredth of one percent.

(d) At any time during the Plan Year, the Company may make an estimate of the amount of Matching Contributions on behalf of Highly Compensated Employees that will be permitted under this section for the year and may direct any Participating Employer to reduce the Matching Contribution for Highly Compensated Employees to the extent the Company determines in its sole discretion to be necessary to satisfy at least one of the requirements in subsection (a). Alternatively, the Company can use any of the following techniques to satisfy at least one of the requirements in subsection (a):

(1) Separate testing for employees who have not reached age 21 and completed one year of service under either of the methods described in Treasury Regulations §1.401(k)-2(a)(1)(iii).

(2) Borrowing from Before Tax Contributions to help pass the actual contribution percentage test under Code §401(m) to the extent permitted under Treasury Regulations.

(3) Using an alternative definition of compensation under Code §414(s) for testing purposes, as provided in Sec. 2.33 of this Plan.

(4) Any other correction mechanism permitted under applicable guidance or regulations issued by the Department of Treasury or Internal Revenue Service.

(e) If neither of the requirements of subsection (a) is satisfied, then Matching Contributions with respect to non-union represented Highly Compensated Employees shall be reduced as follows:

(1) Determine excess amount with respect to each Highly Compensated Employee. The Company will determine the maximum individual contribution percentage which could be allowed and still satisfy subsection (a)(1) or (a)(2) above. For each Highly Compensated Employee whose actual contribution percentage was higher than the maximum individual percentage, the Company will determine the amount of excess contributions (*i.e.* the amount by which the individual's actual Matching Contributions exceeds what they would have been if limited to the maximum permitted contribution percentage).

(2) Add up excess amount for Highly Compensated Employees. Rather than distribute amounts determined in paragraph (1) above to the individuals whose Matching Contributions exceeded the maximum permitted contribution percentage, these amounts will be added together to determine an aggregate amount of excess contributions.

(3) Reduce Matching Contributions. Matching Contributions of Highly Compensated Employees, who received the highest dollar amount of Matching Contributions, shall be reduced by the amount required to cause his or her Matching Contributions to equal the amount received by the Highly Compensated Employee with the next highest dollar amount of Matching Contributions. Such reductions shall continue to be made until the aggregate amount of reductions equals the total amount determined in paragraph (2) above.

(f) If contributions with respect to a Highly Compensated Employee are reduced pursuant to subsection (e), the excess contributions (adjusted for income or losses allocable thereto, determined in the same manner as provided in Sec. 4.7(f)) shall be subtracted from the Participant's Employer Matching Contribution Account and distributed to the Participant in the same manner described in Sec. 4.7(f).

(g) The contribution percentage for any Participant who is a Highly Compensated Employee for the year, and who is eligible to receive matching contributions under two or more plans described in Code Section 401(a) that are maintained by the Participating Employers or any Affiliate, shall be determined pursuant to applicable Treasury regulations.

(h) If two or more plans maintained by the Participating Employers or Affiliates are treated as one plan for purposes of satisfying the eligibility requirements of Code Section 410(b), those plans must be treated as one plan for purposes of applying the provisions of this section unless mandatorily disaggregated pursuant to regulations under Code Section 401(m).

Sec. 4.9 **Time for Payment of Deposits**. Before Tax Deposits by a Participating Employer for a Plan Year shall be paid to the Funding Agency as soon as practicable, but no later than the 15th business day of the month following the month in which the Before Tax Deposits were withheld from the Participant's pay. Sick Leave Deposits shall be paid to the Funding Agency no later than the time (including extensions) for filing the employer's federal income tax return for the tax year in which the Plan Year ends.

Sec. 4.10 **Allocations**. Contributions to the Plan shall be allocated to the Accounts of Participants as follows:

(a) Allocations shall be reflected in Accounts as provided in Article VI. For the purposes of allocating investment gains and losses pro rata adjustments will be made to Participants' Accounts in a fair, equitable and non-discriminatory manner to reflect the time when contributions were actually received by the Funding Agency and allocated to Participant's Accounts.

(b) Before Tax Deposits (including Catch-Up Contributions), Sick Leave Deposits and Matching Contributions with respect to a Plan Year that are deposited with

the Funding Agency after the end of that Plan Year shall also be allocated to the appropriate Accounts as of the last day of that Plan Year unless the Company determines that it is necessary to treat some or all of the Matching Contributions as being contributions for the Plan Year in which they are actually deposited with the Funding Agency.

Sec. 4.11 **Application of Forfeitures**. Forfeitures recognized with respect to a Plan Year may, at the Company's discretion, be applied in any of the following ways:

(a) Such amounts may be used to pay reasonable administrative expenses of the Plan to the extent permitted by ERISA.

(b) To the extent directed by the Company, such amounts may be applied to reinstate Forfeited Accounts as provided in Sec. 8.2(b).

(c) Such amounts may be credited against Matching Contributions to be made by the Participating Employers for the current Plan Year or for the next Plan Year. In making allocations to the Accounts of Participants, amounts credited against Matching Contributions shall have the same attributes as Matching Contributions.

(d) To the extent permissible under IRS guidance, such amounts may be used to make any corrective contributions to the Plan that may be necessary under the Internal Revenue Service voluntary correction program.

(e) Such amounts may be allocated among the Accounts of Active Participants employed on the last day of the Plan Year in the ratio that each such Active Participant's Eligible Earnings for the Plan Year bears to the total Certified Earnings of Active Participants that are employed on the last day of the Plan Year.

ARTICLE V
LIMITATION ON ALLOCATIONS

Sec. 5.1 **Limitation on Allocations**. Notwithstanding any provisions of the Plan to the contrary, allocations to Participants under the Plan shall not exceed the maximum amount permitted under Code section 415. For purposes of the preceding sentence, the following rules shall apply unless otherwise provided in Code section 415:

(a) The Annual Additions with respect to a Participant for any Plan Year (which is the "limitation year" for purposes of Code §415) shall not exceed the lesser of:

(1) $52,000, as adjusted pursuant to Code section 415(d) for any applicable cost of living increases after 2014. For example, the Code section 415 limit for 2015 will be $53,000.

(2) 100% of the Participant's Compensation for the Plan Year, as defined in subsection (e) hereof.

The compensation limit referred to in paragraph (2) shall not apply to any contribution for medical benefits after separation from service (within the meaning of Code section 401(h) or 419A(f)(2)) which is otherwise treated as an annual addition.

(b) If a Participant is also a participant in one or more other defined contribution plans maintained by a Participating Employer or an Affiliate, and if the amount of employer contributions and Forfeitures otherwise be allocated to the Participant for a Plan Year must be reduced to comply with the limitations under Code section 415, such allocations under this Plan and each of such other plans shall be reduced pro rata to the extent necessary to comply with said limitations, except that reductions to the extent necessary shall be made in allocations under profit sharing plans and stock bonus plans before any reductions are made under money purchase plans.

(c) If for any Plan Year the limitation described in subsection (a) would otherwise be exceeded with respect to any Participant:

(1) Excess Before Tax Deposits and any related investment earnings for any Participant who was age 50 or older on the last day of the Plan Year will be recharacterized as Catch-Up Deposits, but only to the extent that the recharacterized amount, when added to any other Catch-Up Deposits for the Participant, does not exceed the limit on Catch-Up Deposits under Sec. 4.10.

(2) Effective for the Plan Year beginning January 1, 2008 and each subsequent Plan Year, if there is any excess amount remaining after the adjustments in paragraph (1), any excess annual additions, which are due to operational error, shall be adjusted and self-corrected pursuant to the

Internal Revenue Service Employee Plans Compliance Resolution System. Such correction is to be made pursuant to procedures established by the Company and shall be completed by the close of the second Plan Year following the error.

(d) For purposes of this section, "Annual Additions" means the sum of the following amounts allocated to a Participant with respect to a Plan Year (whether or not the contribution is actually made during that Plan Year), under this Plan and all other defined contribution plans maintained by a Participating Employer or an Affiliate in which he or she participates:

(1) Employer contributions, including Matching Contributions, Before Tax Deposits and Sick Leave Deposits made under this Plan, other than "Catch-Up" Contributions under Sec. 4.3. Excess Before Tax Deposits, Sick Leave Deposits and Matching Contributions which are required to be distributed under the provisions of Sec. 4.7 or Sec. 4.8 are included as "Annual Additions".

(2) Forfeitures, if any.

(3) Voluntary, non-deductible contributions, if any.

(4) Amounts attributable to medical benefits as described in Code sections 415(1)(2) and 419A(d)(2).

Excess Deferrals (over the Code Section 402(g) limit) distributed pursuant to Sec. 4.6 are not Annual Additions. An Annual Addition with respect to a Participant's Accounts shall be deemed credited thereto with respect to a Plan Year if it is allocated to the Participant's Accounts under the terms of the Plan as of any date within such Plan Year.

(e) "Compensation" for purposes of applying the Code Section 415 limitations has the meaning set forth in Code Section 415(c)(3) and final regulations issued thereunder for the Plan Year, subject to the following:

(1) Subject to Paragraph (2) below, Compensation excludes employer contributions to a plan of deferred compensation which are not includable in the Participant's gross income for the taxable year in which contributed, and other amounts which received special tax benefits. However, any amounts received by a Participant pursuant to an unfunded non-qualified plan of deferred compensation are Compensation in the year such amounts are includable in the Participant's gross income.

(2) Salary reduction contributions to a cash or deferred arrangement under Code Section 401(k), a Code Section 403(b) Plan, a cafeteria plan under Code Section 125, or a plan of deferred compensation under Code Section

457 are includable as Compensation. Effective after December 31, 2000, Compensation shall include elective amounts that are not includable in the gross income of the employer under Code Section 132(f)(4).

(3) Compensation recognized for an employee for a Plan Year shall not exceed the limit in effect for that Plan Year under Code section 401(a)(17) as adjusted by the Secretary of Treasury.

(4) Payments made by the later of 2½ months after severance from employment or the end of the Plan Year in which the severance from employment occurs are included in Compensation for the limitation year if, absent a severance from employment, such payments would have been paid to the Participant while the Participant continued in employment with the Company or an Affiliate and are regular earnings for services performed during the Participant's regular working hours, compensation for services outside the Participant's regular working hours (such as overtime or shift differential), commissions, bonuses or other similar compensation. This provision shall be applied in a manner that is consistent with the requirements of Treas. Reg. §1.415(c)-2, effective for limitation years beginning on or after January 1, 2008.

(5) Effective January 1, 2009, Compensation for Code section 415 purposes includes any military differential pay paid to a Participant by a Participating Employer.

(f) This Section shall be applied in accordance with final regulations under Code §415 that were issued by the Department of Treasury and Internal Revenue Service on April 5, 2007, which are hereby incorporated by reference.

ARTICLE VI
INDIVIDUAL ACCOUNTS

Sec. 6.1 **Accounts for Participants**. The following Accounts may be established under the Plan for a Participant:

(a) A "Before Tax Deposit Account", to which Before Tax Deposits (and any Catch-Up Contributions made pursuant to Sec. 4.3) shall be credited. These amounts are subject to the withdrawal restrictions in Sec. 8.3.

(b) A "Matching Contribution Account", to which Matching Contributions shall be credited. These amounts are subject to the withdrawal restrictions in Sec. 8.3.

(c) A "Sick Leave Account", to which Sick Leave Deposits shall be credited. These amounts are subject to the withdrawal restrictions in Sec. 8.3.

(d) A "Rollover Account" shall be established for each Participant who makes an Eligible Rollover Contribution under Sec. 6.7, or other direct transfer of certain employer contributions from a plan not sponsored by the Company as provided in Sec. 6.6(c). Amounts credited to Rollover Accounts are fully vested and can be withdrawn by the Participant at any time.

(e) A "Restricted Distribution Account" shall be established for each Participant who makes a direct transfer of funds subject to distribution restrictions or other special requirements as provided in Sec. 6.6(d). Amounts credited to a Restricted Distribution Account cannot be withdrawn prior to the Participant's Termination of Employment, Disability or attainment of age 59 ½.

(f) A "QNEC Account" shall be established for each Participant who receives a corrective contribution or other fully vested non-elective employer contribution. Amounts credited to a Restricted Distribution Account cannot be withdrawn prior to the Participant's Termination of Employment, Disability or attainment of age 59 ½.

Additional Accounts may be established for a Participant if deemed advisable by the Company.

Sec. 6.2 **Investment Funds**. Investment Funds for the investment of amounts credited to Participants' Accounts shall be established at the direction of the Company. The Company shall determine the types of investments to be held in each Investment Fund or the investment manager, trustee, or insurance company responsible for selecting investments. Income on the investments of each Investment Fund shall be reinvested by the appropriate Funding Agency in the appropriate Investment Fund. Notwithstanding the foregoing, the Fund shall include at least three investment alternatives for the investment of Before Tax Deposits, Sick Leave Deposits, Matching Contributions, Rollover Contributions, and any amounts transferred from other plans. Furthermore, at least three core Investment Funds shall be made available to Participants that have materially different risk and return characteristics, with the

intent of complying with U.S. Department of Labor guidelines set forth in the regulations issued under section 404(c) of ERISA. In addition, a Company Stock Fund comprised primarily of common stock of Canadian Pacific Railway Limited shall be available for the investment of Participant's Accounts and contributions made on behalf of Participants. Pursuant to Section 401(a)(35)(C) of the Code and Sec. 6.3 of the Plan, Participants have the right to divest any amounts held in their Accounts that are invested in the Company Stock Fund and may reinvest any such divested amounts in any of the other Investment Funds available under the Plan for Participant directed investments. The Company shall from time to time designate the Investment Funds to be maintained by one or more Funding Agencies and shall arrange for Participants to receive appropriate information respecting the Investment Funds. The Company may impose limits on the amount, or percentage of a Participant's total account balance under the Plan, that may be invested in the Company Stock Fund or any other Investment Fund. The Company may also designate one or more default Investment Funds which shall hold amounts for which no investment direction is given by Participants, provided that the Company Stock Fund shall not be used for this purpose.

Sec. 6.3 **Participant Direction of Investments**. Accounts shall be invested in the Investment Funds established pursuant to Sec. 6.2, pursuant to designations by the respective Participants (including an alternate payee with respect to a Participant) or Beneficiaries. A Participant may change his or her designation of the Investment Funds in which future Before Tax Deposits, Sick Leave Deposits, Matching Contributions, Rollover Contributions, or other transferred amounts shall be invested. A Participant or Beneficiary also may direct the investment of existing amounts in his or her Accounts among the various Investment Funds. Each investment direction shall remain in effect until a new direction is made and becomes effective. Investment directions under this Section shall be made in accordance with rules and procedures established by the Company. Said rules may require that the investment direction be made a reasonable time prior to the date it will become effective. The rules also may limit the frequency of such elections, but shall satisfy the requirements of the regulations issued under section 404(c) of ERISA. If a Participant fails to give proper investment directions with respect to his or her Accounts under the Plan, his or her Accounts shall be invested in a default Investment Funds or Funds established by the Company pursuant to Sec. 6.2.

Sec. 6.4 **Valuation of Investment Funds**. As of each Valuation Date, the Funding Agency shall determine, in accordance with a method consistently followed and uniformly applied, the fair market value of each Investment Fund. During any period that all or a part of any Investment Fund is held under a contract, of a type sometimes referred to as a "guaranteed income contract", issued by an insurance company and invested by it and under which the insurance company pays a guaranteed minimum rate of return, and provided no event has occurred that would result in a payment by the insurance company under the contract at a discount from book value of the contract, the fair market value of the contract shall be deemed to equal its book value.

Sec. 6.5 **Valuation of Accounts in Investment Funds**. As of each Valuation Date the value of each Participant's various Accounts in the Investment Funds shall be determined. The value of each such Account shall be adjusted to reflect the effect of income,

realized and unrealized profits and losses, withdrawals, interfund transfers, and all other transactions since the next preceding Valuation Date.

Sec. 6.6 **Transfers from Other Plans**. At the request of a Qualified Employee and with the consent of the Company, which shall be granted in its sole discretion and only if it determines that the transfer of funds is consistent with the provisions of the Code, the Plan may accept from another plan a direct trustee to trustee transfer of funds credited to the employee under such other plan (provided such plan is a qualified plan under Code section 401(a)). The transferred funds and the Qualified Employee shall be subject to the following:

(a) Transfers of Funds Subject to Code § 401(k). Any transferred funds that are attributable to salary reduction contributions (a/k/a before-tax deposits) or sick leave deposits under Code section 401(k) shall be credited to a separate Before Tax Deposit Account and/or Sick Leave Deposit Account for the Participant, which shall be subject to the withdrawal restrictions imposed by Code section 401(k) and Sec. 8.3 of this Plan.

(b) Transfer of Employer Contributions from Another Plan Sponsored by the Company or Affiliate. Any transferred funds from a plan sponsored by the Company or an Affiliate that are attributable to employer contributions (for example, matching contributions) shall be credited to a separate Matching Contribution Account or QNEC Account for the Participant and shall remain subject to any vesting schedule which may have applied under the other plan, unless otherwise specified below. Amounts credited to a Matching Contribution Account or QNEC shall be subject to the withdrawal restrictions imposed by Sec. 8.3 of this Plan. Notwithstanding the foregoing, any amounts directly transferred from the DM&E Employee Savings Plan to this Plan on or after January 1, 2013, shall be fully vested when they are received by this Plan and allocated to the appropriate Participants' Accounts under this Plan.

(c) Transfers of Employer Contributions from Plans Not Sponsored by the Company. Any funds attributable to employer contributions from a plan not sponsored by the Company shall be credited to a separate Rollover Account for the Participant, unless subsection (d) applies because the funds are subject to restrictions. If subsection (d) does not apply, the transferred funds will be fully vested and can be withdrawn by the Participant at any time as provided in Sec. 8.3(a).

(d) Transfers of Restricted Funds from Other Companies. This subsection (d) applies to funds that are transferred to this Plan from a plan that is not sponsored by the Company and the transferred funds are subject to special distribution requirements or other restrictions under the Code or the other Plan. In that case, a Restricted Distribution Account will be established which will be subject to any requirements or restrictions, which, under the Code or the other plan, must continue to apply to the transferred amounts. Amounts credited to a Restricted Distribution Account cannot be withdrawn prior to the Participant's Termination of Employment, Disability or reaching age 59 ½.

(e) Although any Qualified Employee can request that a transfer of funds be made on his or behalf, the employee shall not be eligible to make Before Tax Deposits, Sick Leave Deposits or receive Matching Contributions until he or she has satisfied the eligibility requirements of Article III.

Sec. 6.7 **Direct and Indirect Rollover Contributions**. With the consent of the Company, a Qualified Employee may make an Eligible Rollover Contribution to the Plan. The Company shall consent only if it has reasonably concluded that the amount to be transferred will constitute an Eligible Rollover Contribution. The following shall apply with respect to an Eligible Rollover Contribution and to the employee making the rollover:

(a) Any Eligible Rollover Contribution will be credited to a fully vested Rollover Account established for the employee making the Eligible Rollover Contribution. Amounts credited to Rollover Accounts may be withdrawn by the Participant at any time as provided in Sec. 8.3(a).

(b) For purposes of this section, an "Eligible Rollover Contribution" is an amount which may be rolled over to this Plan pursuant to Code section 401(a)(31) ("direct rollover"), Code section 402(c) ("indirect rollover") or any provision of the Code which permits rollovers to this Plan.

(c) Although any Qualified Employee can request that an Eligible Rollover Contribution be made on his or her behalf, the employee shall not be eligible to make Before Tax Deposits, Sick Leave Deposits or receive Matching Contributions until he or she has satisfied the eligibility requirements of Article III.

ARTICLE VII
DESIGNATION OF BENEFICIARY

Sec. 7.1 **Persons Eligible to Designate**. Any Participant may designate a Beneficiary to receive any amount payable from the Fund as a result of the Participant's death, provided that the Beneficiary survives the Participant. The Beneficiary may be one or more persons, natural or otherwise. By way of illustration, but not by way of limitation, the Beneficiary may be an individual, trustee, executor, or administrator. A Participant may also change or revoke a designation previously made, without the consent of any Beneficiary named therein.

Sec. 7.2 **Special Requirements for Married Participants**. Notwithstanding the provisions of Sec. 7.1, if a Participant is married at the time of his or her death, the Beneficiary shall be the Participant's spouse unless the spouse has consented in writing to the designation of a different Beneficiary, the spouse's consent acknowledges the effect of such designation, and the spouse's consent is witnessed by a representative of the Plan or a notary public. Such consent shall be deemed to have been obtained if it is established to the satisfaction of the Company that such consent cannot be obtained because there is no spouse, because the spouse cannot be located, or because of such other circumstances as may be prescribed by federal regulations. Any consent by a spouse shall be irrevocable. Any designation of a Beneficiary or form of benefits which has received spousal consent may be changed (other than by being revoked) without spousal consent only if the consent by the spouse expressly permits subsequent designations by the Participant without any requirement of further consent of the spouse. Any such consent shall be valid only with respect to the spouse who signed the consent, or in the case of a deemed consent, the designated spouse.

Sec. 7.3 **Form and Method of Designation**. Any designation or a revocation of a prior designation of Beneficiary shall be in writing on a form acceptable to the Company and shall be filed with the Company. The Company and all other parties involved in making payment to a Beneficiary may rely on the latest Beneficiary designation on file with the Company at the time of payment or may make payment pursuant to Sec. 7.4 if an effective designation is not on file, shall be fully protected in doing so, and shall have no liability whatsoever to any person making claim for such payment under a subsequently filed designation of Beneficiary or for any other reason.

Sec. 7.4 **No Effective Designation**. If there is not on file with the Company or recordkeeper an effective designation of Beneficiary by a deceased Participant, or if the designated Beneficiary fails to survive the Participant, the Beneficiary shall be the person or persons surviving the Participant in the first of the following classes in which there is a survivor, share and share alike:

(a) The Participant's spouse.

(b) The Participant's children, except that if any of the Participant's children predecease the Participant but leave issue surviving the Participant, such issue shall take by right of representation the share their parent would have taken if living.

(c) The Participant's parents.

(d) The Participant's brothers and sisters.

(e) The Participant's personal representative (executor or administrator).

Determination of the identity of the Beneficiary in each case shall be made by the Company.

Sec. 7.5 Successor Beneficiary. If a Beneficiary who survives the Participant subsequently dies before receiving all payments to which the Beneficiary was entitled, the successor Beneficiary, determined in accordance with the provisions of this Section, shall be entitled to the balance of any remaining payments due. Only a Beneficiary who is the surviving spouse of the Participant may designate a successor Beneficiary. A Beneficiary who is the surviving spouse may designate a successor Beneficiary only if the Participant specifically authorized such designations on the Participant's Beneficiary designation form. If a Beneficiary is permitted to designate a successor Beneficiary, each such designation shall be made according to the same rules (other than Sec. 7.2) applicable to designations by Participants. If a Beneficiary is not permitted to designate a successor Beneficiary, or is permitted to do so but fails to make such a designation, the balance of any payments remaining due will be payable to a contingent Beneficiary if the Participant's Beneficiary designation so specifies, and otherwise to the personal representative (executor or administrator) of the deceased Beneficiary.

Sec. 7.6 Disclaimers by Beneficiaries. A Beneficiary entitled to all or a portion of a deceased Participant's Accounts may disclaim his or her interest therein, subject to the following:

(a) To be eligible to disclaim, the Beneficiary must not have received a distribution of all or any portion of the Participant's Accounts and, in the case of a Beneficiary who is a natural person, must have attained at least age 21 at the time such disclaimer is signed and delivered. A disclaimer shall state that the Beneficiary's entire interest in the Participant's Accounts is disclaimed or shall specify what portion thereof is disclaimed. The Company shall be the sole judge of the content, interpretation and validity of a purported disclaimer.

(b) Any disclaimer must be in writing and must be signed by the Beneficiary making the disclaimer and acknowledged by a notary public. The Company may establish rules for the use of electronic signatures and acknowledgments. Until such rules are established, electronic signatures and acknowledgments shall not be effective. To be effective, an original signed copy of the disclaimer must be actually delivered to the Company following the date of the Participant's death but not later than nine months after the date of the Participant's death. A disclaimer shall be irrevocable upon delivery to the Company. A disclaimer shall be considered to be delivered to the Company only when it is actually received by the Company.

(c) Upon the filing of a valid disclaimer, the Beneficiary shall be considered not to have survived the Participant with respect to the disclaimed interest. A disclaimer shall not be considered to violate the provisions of Sec. 9.7, and shall not be considered to be an assignment or alienation of benefits in violation of any federal law prohibiting the assignment or alienation of benefits under this Plan.

(d) No form of attempted disclaimer that does not meet the requirements of this Section will be recognized by the Company.

Sec. 7.7 Definition of Spouse and Marriage. Effective September 16, 2013, the Plan will recognize any marriage (same sex or otherwise) that is valid either under the laws of the State of Minnesota or the state in which the marriage took place. This Section shall be administered in accordance with guidance issued by the Department of Treasury.

ARTICLE VIII
BENEFIT REQUIREMENTS

Sec. 8.1 **Benefit on Retirement, Disability or Death**. If a Participant (i) Terminates Employment after he or she has reached age 65, (ii) becomes totally and permanently disabled while employed (as determined by the Company in its sole discretion), or (iii) dies while employed by a Participating Employer or Affiliate, the Participant shall be 100% vested and shall be entitled to a benefit equal to the value of all of his or her Accounts. The benefit shall be paid at the time and in the manner determined under Article IX. The value of each Account shall be adjusted as provided in Sec. 6.5 until the Account has been distributed in full.

Sec. 8.2 **Other Termination of Employment**. If a Participant's Termination of Employment occurs under circumstances such that the Participant is not entitled to a benefit under Sec. 8.1, the Participant shall be entitled to a benefit equal to the value of his or her 401(k) Account, Sick Leave Account, Rollover Account, Restricted Distribution Account and QNEC Account (if any). In addition, the Participant is entitled to the vested portion of his or her Matching Contribution Account, if any.

In that regard, all Participants are fully vested in their Matching Contribution Accounts, except for DM&E Participants described in Sec. 4.4(c) who are represented by a Participating Union ("DM&E Union Participants"). These DM&E Union Participants become vested as follows:

If the DM&E Union Participant has completed three or more Years of Vesting Service, the Participant is fully vested and is entitled to a benefit equal to the value of his or her Matching Contribution Account, if any.

If the DM&E Union Participant has less than three years of Vesting Service, he or she shall be entitled to the vested portion of his or her Matching Contribution Account according to the following schedule:

Years of Vesting Service	Vested Percentage
Less than One	0%
One but less than Two	33%
Two but less than Three	66%
Three or More	100%

The value of all Participants' Accounts shall continue to be adjusted as provided in Sec. 6.5 until all of the Accounts have been distributed in full, subject, however, to the following:

(a) Timing of Forfeitures. If the Participant is not fully vested in his or her Matching Contribution Account (referred to as the "non-vested amount") and the Participant receives a distribution of the entire vested balance in his or her Matching Contribution Account and the entire balance of all of his or her other Accounts under the Plan following his or her Termination of Employment, the unvested

balance in his or her Matching Contribution Account shall be treated as a Forfeiture by the end of the Plan Year in which the distribution of the entire vested balance in all of the Participant's Accounts was made. In that regard, if a Participant is zero percent vested in all of his or her Accounts (which means that the Participant must not have made any Salary Reduction Contributions), he or she will be treated as having received a distribution of the entire vested balance in all of his or her Accounts in the Plan Year in which he or she Terminates Employment.

Otherwise, if the Participant does not receive a distribution of the entire vested balance of in all of his or her Accounts, the non-vested amounts in the Participant's Matching Contribution Account shall not be forfeited until after the Participant has a Recognized Break in Service of 60 months. The undistributed Accounts shall continue to share in investment earnings and losses until the Forfeiture occurs. Forfeitures shall be applied as provided in Sec. 4.11 and shall be reinstated as provided in paragraph (b) below.

(b) Reinstatement of Forfeitures. If the Participant resumes employment with a Participating Employer with a Recognized Break in Service of less than 60 months, the following shall apply:

(1) The portion of Participant's Matching Contributions Account that was previously Forfeited (if any) prior to the Recognized Break in Service will be restored to its value as of the Valuation Date coincident with or next following the Participant's prior Termination of Employment. The Participant's right to these reinstated amounts following any subsequent Termination of Employment is subject to the completion of additional Years of Vesting Service (including both service before and after the Recognized Break in Service) in accordance with the vesting schedule above.

(2) Amounts to be reinstated pursuant to paragraph (1) may be obtained from any of the following sources:

(A) Forfeitures, if any, for the Plan Year in which the reinstatement occurs.

(B) Contributions by the Participating Employer who rehired the Participant.

(C) Net income or gain of the Fund not previously allocated to other Accounts.

(c) Permanent Forfeiture. If a Participant whose Accounts were Forfeited pursuant to subsection (a) resumes employment with a Participating Employer after a Recognized Break in Service of 60 months or longer, his or her Matching Contribution Account is permanently Forfeited and will not be reinstated.

(d) The benefit under this section shall be paid at the times and in the manner determined under Article IX.

Sec. 8.3 Withdrawals While Employed. Withdrawals from Restricted Distribution Accounts and QNEC Accounts cannot be made prior to Termination of Employment, Disability or age 59 ½. A Participant may request a cash withdrawal from his or her Before Tax, Sick Leave, Matching and Rollover Accounts at any time prior to the date benefits first become payable to the Participant under Sec. 8.1 pursuant to the following:

(a) A Participant may elect to withdraw part or all of his or her Rollover Accounts at any time.

(b) Until the Participant reaches age 59½, a withdrawal may be made from his or her Before Tax Account, Sick Leave Account or the vested portion of his or her Matching Accounts only to meet a financial hardship.

(1) A hardship withdrawal will be permitted only if all of the requirements in (A) and (B) below are met:

(A) The distribution must be made on account of one of the following reasons:

(i) Medical expenses described in section 213(d) of the Code incurred or to be incurred by the Participant, the Participant's spouse, or any dependents of the Participant, which are not reimbursable through insurance or otherwise.

(ii) Purchase (excluding mortgage payments) of the principal residence of the Participant.

(iii) Payment of tuition covering the next 12 months of post-secondary education for the Participant, or for his or her spouse, children or dependents.

(iv) The need to prevent the eviction of the Participant from his or her principal residence or foreclosure on the mortgage of the Participant's principal residence.

(v) Expenses for the repair of damage to the Participant's principal residence that would qualify for the casualty deduction under Code section 165 (determined without regard to whether the loss exceeds 10% of adjusted gross income).

(vi) Payments for burial or funeral expenses for the Participant's deceased parent, spouse, children or dependents (as defined in Code section 152, but without

regard to the earnings limitation in section 152(d)(1)(B)).

(B) All of the following requirements must be satisfied:

(i) The amount of the distribution cannot exceed the amount of the immediate and heavy financial need of the Participant, including any amount required to cover taxes the Participant can reasonably be expected to incur in connection with the distribution. The Company may reasonably rely on the Participant's representation as to that amount.

(ii) The Participant must have obtained all distributions, other than hardship distributions, and all nontaxable loans currently available under all plans maintained by the Participating Employers or any Affiliate.

(iii) The Participant's Before Tax Deposits and Sick Leave Deposits and all other elective contributions and employee contributions under all plans maintained by the Participating Employers or any Affiliate will be suspended for at least six months after the receipt of the hardship distribution.

(iv) Notwithstanding the foregoing provisions of this subparagraph (B), this subparagraph (B) will be satisfied if the IRS issues a revenue ruling, notice, or other document of general applicability which establishes an alternative method under which distributions will be deemed to be necessary to satisfy an immediate and heavy financial need and all of the requirements of such alternative method are met.

(2) Earnings credited to the Participant's Before Tax Account or Sick Leave Account cannot be withdrawn on account of financial hardship.

(3) Only the vested portion of any Account may be withdrawn.

(c) After the Participant reaches age 59½ , a withdrawal may be made at any time from any of his or her Accounts (other than any unvested amounts).

(d) Requests for withdrawals under this Section shall be made pursuant to applicable rules and regulations adopted by the Company which are uniform and non-discriminatory as to all Participants and shall be submitted in writing to the Company on such form as the Company prescribes for this purpose. The

Company shall determine whether the requirements of subsection (a) have been met.

(e) The Company shall direct the Funding Agency respecting the payment of withdrawals under this section. Payment shall be made to the Participant as soon as administratively practicable following approval of the withdrawal request.

Sec. 8.4 **Loans to Participants**. The Company may authorize a loan to an Active Participant, or to a Participant who is transferred to a position with an Affiliate (whether or not the Affiliate is a Participating Employer in the Plan), who makes application therefor. Each such loan shall be subject to the following provisions:

(a) The amount of any loan to a Participant, when added to the balance of all other loans to the Participant under this Plan and all related plans which are outstanding on the day on which such loan is made, shall not exceed the lesser of:

(1) $50,000, reduced by the excess (if any) of (i) the highest outstanding balance of loans to the Participant from the Plan and all related plans during the one-year period ending on the day before the date the loan is made, over (ii) the outstanding balance of loans to the Participant from the Plan and all related plans on the date the loan is made; or

(2) 50% of the amount to which the Participant would be entitled in the event his or her Termination of Employment were to occur on the date the loan is made.

For purposes of this section, a related plan is any "qualified employer plan," as defined in Code section 72(p)(4), sponsored by the Participant's Participating Employer or any related employer, determined according to Code section 72(p)(2)(D).

(b) The minimum amount of any loan shall be $1,000. If the maximum amount available under subsection (a) is less than $1,000, no loan will be permitted.

(c) Each loan shall be evidenced by the Participant's promissory note payable to the order of the Funding Agency. Each loan shall be adequately secured as determined by the Company. A loan shall be considered adequately secured whenever the outstanding balance does not exceed the amount in which the Participant would have a vested interest in the event of his or her Termination of Employment.

(d) The Company shall determine the rate of interest to be paid with respect to each loan, which shall be a reasonable rate of interest within the meaning of Code section 4975. The rate shall be based on the interest rates charged by persons in the business of lending money in the region in which the Company operates for loans which would be made under similar circumstances. It is anticipated that the

interest rate will be equal to the published prime rate, as of the date the loan is made, at a bank designated by the Company, plus two percent.

(e) Each such loan shall provide for the payment of accrued interest and for repayment of principal in substantially equal installments no less frequently than quarterly. There will be no penalty for prepayments of any loan. All loans to Active Participants shall be repaid through payroll deductions. The Participant shall execute any documents required to authorize such deductions.

(f) Each loan shall extend for a stated period determined by agreement of the Participant and the Company, not exceeding five years. The limitation in the preceding sentence shall not apply to any loan designated by the Company as a home loan. For purposes of this paragraph, a home loan is a loan used to acquire or construct any dwelling unit which within a reasonable time is to be used as the principal residence of the Participant. The duration of home loans shall be determined by the Company.

(g) Failure to pay any installment of interest or principal on a loan by the end of the calendar quarter following the calendar quarter in which the payment was due, shall constitute a default on the unpaid balance of the loan. Notwithstanding the foregoing, if a Participant is on an unpaid leave of absence, no default will occur for a period of up to one year (or until the end of the leave of absence, if shorter). This grace period will not extend the original repayment period of the loan beyond the maximum period allowable under subsection (f) when the loan was made, however, and the unpaid loan balance must be reamortized over the remaining portion of the original maximum repayment period under subsection (f) following the end of the leave of absence. If a Participant is performing military service for the United States, however, loan repayments shall be suspended as permitted under Code section 414(u)(4) and the loan will be repaid as permitted or required under Code section 414(u)(4). Events of a default shall also include any other events identified as such in the Participant's Note. Upon a default, the entire loan balance will be declared to be in default to the extent required by (and in accordance with) applicable Treasury Regulations. In the event of a default on a loan, foreclosure on the Note and offset of the Participant's Accounts to satisfy the Note will not occur until the earliest date on which the Participant or Participant's Beneficiary is eligible to receive payment of benefits under Sec. 8.1 or Sec. 8.2 of the Plan.

(h) If a loan to a Participant is outstanding on the date a distribution is to be made from the Fund, the balance of the loan, or a portion thereof equal to the amount to be distributed, if less, shall on such date become due and payable. The portion of the loan due and payable shall be satisfied by offsetting such amount against the portion of the Participant's Account Balance consisting of the loan and shall be treated as a distribution to the Participant. No new loan shall be made to a Participant following his or her Termination of Employment.

(i) If a loan to a Participant is outstanding at the time of the Participant's death, and if the loan is not repaid by the Participant's Beneficiary or the executor or administrator of the Participant's estate, the loan will be offset against the Participant's Accounts and shall be treated as a taxable distribution to the Beneficiary or Beneficiaries if they so elect, or in the absence of such an election, the offset amount shall be treated as a taxable distribution to the Participant's estate.

(j) The Company shall administer the loan program under this Section and shall direct the Funding Agency with respect to the making of loans to Participants, the collection thereof, and all other matters pertaining thereto. The Funding Agency shall follow such directions to the extent possible and shall not take any independent action with respect to such loans. The Funding Agency shall have no responsibility whatsoever with respect to loans to Participants except to follow the directions of the Company to the extent possible.

(k) In accordance with the foregoing standards and requirements, loans shall be available to all Participants on a reasonably equivalent basis.

(l) All loans shall be governed by such non-discriminatory written rules as the Company may adopt, which shall be deemed to be a part of this Plan. Applications for loans shall be filed with the Company on such forms as the Company may provide for this purpose.

(m) The portion of a Participant's Account or Accounts represented by the outstanding loan principal shall be segregated for investment purposes. In lieu of sharing in income or losses on investments of the Fund, the segregated portion of the Participant's Accounts shall be credited with all interest paid by the Participant on the loan. The Funding Agency may charge to the Participant's Accounts any expenses attributable to the loan and such portion of the general expenses of the Fund as the Funding Agency determines in its discretion to be reasonable.

(n) If a Participant in this Plan has an outstanding loan under another tax qualified Plan sponsored by the Company or an Affiliate, the Company may authorize the direct transfer of that loan to this Plan.

ARTICLE IX
DISTRIBUTION OF BENEFITS

Sec. 9.1 **Time and Method of Payment**. Except as otherwise provided in this Section, the benefit to which a Participant or Beneficiary may become entitled under Sec. 8.1 or 8.2 shall be distributed at such time and according to such method as he or she elects, subject to the following:

(a) Distribution shall be made by one or a combination of the following methods, as the Participant or Beneficiary may select:

(1) Payment in a single sum.

(2) Substantially equal installments over a period not to exceed the lesser of (i) ten years or (ii) the Participant's life expectancy or the joint life expectancy of the Participant and his or her Beneficiary.

(3) A direct rollover to another eligible retirement plan or an IRA.

(b) Subject to subsection (c) below, distributions from all Accounts may occur at any time after the Participant's Termination of Employment. Distributions will be made upon receipt of proper instructions from the Participant. In that regard, the Company shall provide Participants with a distribution election (or consent) form and notice 30 to 180 days in advance of the date the first distribution is made to the Participant. These materials shall include the following:

(1) An explanation of the right to defer commencement of benefits and the consequences of failing to defer receipt of benefits; and

(2) The special tax and rollover notice referenced in Code Section 402(f).

The 30-day advance notice period may be waived by the Participant provided that the distribution of benefits still cannot commence until at least eight days after the distribution notices are provided. The Company may require Participants to apply for benefits under the Plan before benefit payments will commence. Since Participants can elect to receive benefits at any time following Termination of Employment, the requirements of Code Section 401(a)(14) are satisfied.

(c) Distributions to a Participant must begin not later than the Participant's "required beginning date". A Participant's "required beginning date" is April 1 of the Plan Year following the later of (i) the Plan Year in which the Participant attains age 70½, or (ii) the Plan Year in which the Participant's Termination of Employment occurs. If the Participant is a 5% owner, however, as described in Code Section 416, the required beginning date is April 1 following the Plan Year the Participant reaches 70½ regardless of whether he or she has had a Termination of Employment.

(d) The amount distributed to a Participant for the calendar year preceding his or her required beginning date and for each subsequent calendar year shall not be less than the amount required by Treasury Regulation Section 1.401(a)(9)-5. The distribution for the calendar year preceding the individual's required beginning date must be paid not later than the required beginning date. The distribution for each subsequent year must be paid not later than December 31 of that year.

(e) If the Participant dies after his or her required beginning date and after beginning to receive payments in installments, the remaining payments shall be made to the Beneficiary in annual amounts at least equal to the minimum amount required by Treasury Regulation Section 1.401(a)(9)-5.

(f) If the Participant dies before his or her required beginning date, the Participant's Accounts shall be distributed to the Beneficiary not later than December 31 of the year containing the fifth anniversary of the Participant's death, subject to the following:

(1) Distributions to a Beneficiary may extend beyond five years from the death of the Participant if they are in the form of installment payments over a period not exceeding the Beneficiary's life expectancy, provided such payments begin not later than December 31 of the year following the year in which the Participant's death occurred.

(2) If a Beneficiary is the surviving spouse of the Participant, payments to that surviving spouse pursuant to paragraph (1) need not commence until December 31 of the year in which the Participant would have reached age 70½.

(g) If a Beneficiary of a deceased Participant dies before receiving all benefits to which the Beneficiary is entitled under the Plan, any remaining amounts shall be paid to the successor beneficiary if one is designated, or, if not, as provided in Sec. 7.4.

(h) If more than one Beneficiary is entitled to benefits following the Participant's death, the interest of each Beneficiary shall be segregated into a separate Account for purposes of applying this section.

(i) Distributions shall be made in accordance with the requirements of Code Section 401(a)(9), including the incidental death benefit requirements of Code Section 401(a)(9)(G) and in accordance with Treasury Regulation Sections 1.401(a)(9)-1 through 1.401(a)(9)-9. These requirements will override any inconsistent distribution option and no distribution option otherwise permitted under this Plan will be available to a Participant or Beneficiary if such distribution option does not meet the requirements of Code Section 401(a)(9), including paragraph (G) thereof.

Sec. 9.2 **Accounts Totaling $5,000 or Less**. If the total value of the Accounts of the Participant (or a Beneficiary following the Participant's death) is $5,000 or less when benefit payments can commence due to Termination of Employment, disability or death, partial distributions and installment payments are not available. In that case, if the Participant (or spouse Beneficiary) has failed to make an election between a Direct Rollover (pursuant to Sec. 9.3) or a single sum cash distribution within 90 days following receipt of his or her distribution election form, the following rules shall apply:

(a) If the total value of the Participant's Accounts is more than $1,000 but not more than $5,000 and the Participant is alive and the Participant has not reached age 65, the Company will cause the balance in the Participant's Accounts (excluding unpaid loans) to be Directly Rolled over to an individual retirement plan ("IRA") designated by the Company. Any unpaid loan balance will be subject to the provisions of Sec. 8.4(h).

(b) If the total value of the Participant's Accounts is $1,000 or less and the Participant is alive, a single-sum cash distribution shall be made to the Participant as soon as administratively feasible following the Participant's Termination of Employment or disability.

(c) Unless benefit payments have already commenced, if the Participant dies, a single-sum distribution equal to the total value of the Participant's Accounts shall be made to the Participant's Beneficiary as soon as administratively feasible following the Participant's death. By way of clarification, no default Direct Rollovers to IRAs pursuant to subsection (a) shall be made on behalf of Beneficiaries of decreased Participants. Surviving Beneficiaries (including non-spousal Beneficiaries are, however, eligible to elect voluntary Direct Rollovers pursuant to Sec. 9.3. If benefit payments have already commenced, any possible remaining payments to the Beneficiary are subject to the provisions of Sec. 9.1.

(d) For purposes of determining whether the total value of a Participant's Accounts is over $1,000, any amounts in the Participant's Rollover Accounts under the Plan shall be included. Rollover Accounts shall not be included when determining whether the total value of a Participant's Accounts exceeds $5,000, but shall be included in the default Direct Rollover. Accordingly, the entire default rollover amount can be more than $5,000 if the Participant's non-rollover Accounts total $5,000 or less.

(e) If the Participant Terminates Employment after Normal Retirement Age, the default rollover rules do not apply and his or her Accounts will be distributed in a single-sum cash distribution as soon as feasible following his or her Termination of Employment.

(f) The default rollover provisions of this Section do not apply to alternate payees under a Qualified Domestic Relations Order. Those distributions shall be made in a single sum cash distribution.

(g) For purposes of this Section, a Participant (or Beneficiary) is deemed to have received his or her election form five days after the form is mailed to his or her last known address.

Sec. 9.3 Direct Rollovers to IRAs and Other Eligible Plans. A distributee may elect, at the time and in the manner prescribed by the Company, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee (a "direct rollover"). The following definitions shall be used in administering the provisions of this section.

(a) Eligible rollover distribution. For purposes of this section, an eligible rollover distribution is any distribution (other than a hardship withdrawal under Sec. 8.3 (b)) of all or any portion of the balance to the credit of the distributee that is not in the form of substantially equal installments over the lifetime or life expectancy of the Participant (or the Participant and his or her Beneficiary) or for a period of 10 years or more.

(b) Eligible Retirement Plan. An eligible retirement plan is one of the following plans or arrangements that agrees to accept the distributee's eligible rollover contribution: (i) a qualified trust described in Code section 401(a), (ii) an individual retirement account described in Code section 408(a), (iii) an individual retirement annuity described in Code section 408(b), (iv) an annuity plan described in Code section 457(b) maintained by a governmental entity such as a state, political subdivision or a state, or agency or instrumentality of a state or political subdivision of a state that agrees to separately account for amounts transferred from this Plan, (vi) a Roth IRA described in Code section 408A, or (vii) a tax sheltered annuity contract described in Code section 403(b).

(c) Distributee. A distributee means a Participant, a Participant's surviving spouse, a surviving non-spouse Beneficiary of the Participant, a trust maintained for the benefit of one or more designated Beneficiaries, or a former spouse who is the alternate payee under a qualified domestic relations order, as defined in Code section 414(p). Individuals or entities other than those named in this subsection are not permitted to roll over distributions from the Plan.

(d) Direct Rollover. A direct rollover is a payment by the Funding Agency to the eligible retirement plan specified by the distributee.

(e) Direct Transfers by Non-Spousal Beneficiaries. Effective January 1, 2008, a designated Beneficiary who is not the Participant's spouse, following the death of a Participant, may request a direct trustee to trustee transfer of his or her entire interest in the Plan, but only to an individual retirement account or annuity described in Code sections 408(a) or 408(b) (an "IRA") that is designated as an "inherited IRA". For purposes of the preceding sentence, a designated Beneficiary includes a trust maintained for the benefit of one or more designated Beneficiaries. The transfer shall then be made as soon as practicable following the Beneficiary's request. Amounts transferred to an inherited IRA under this subsection are subject to the required minimum distribution rules of Code section

401(a)(9). Also, any required minimum distributions that would otherwise be due to the Participant or Beneficiary shall be made to the Beneficiary before any such direct transfer is made to the inherited IRA. The inherited IRA must be established in a manner that identifies it as an inherited IRA with respect to the deceased Participant and must also identify the Beneficiary. Transfers under this Section shall be administered in accordance with applicable regulations or other guidance issued by the Department of Treasury.

Sec. 9.4 **Accounting Following Termination of Employment**. If distribution of all or any part of a benefit is deferred or delayed for any reason, the undistributed portion of any Account shall continue to be revalued as of each Valuation Date as provided in Article VI.

Sec. 9.5 **Source of Benefits**. All benefits to which persons become entitled hereunder shall be provided only out of the Fund and only to the extent that the Fund is adequate therefor. No benefits are provided under the Plan except those expressly described herein.

Sec. 9.6 **Incompetent Payee**. If in the opinion of the Company a person entitled to payments hereunder is disabled from caring for his or her affairs because of mental or physical condition, or age, payment due such person may be made to such person's guardian, conservator, or other legal personal representative upon furnishing the Company with evidence satisfactory to the Company of such status. Prior to the furnishing of such evidence, the Company may cause payments due the person under disability to be made, for such person's use and benefit, to any person or institution then in the opinion of the Company caring for or maintaining the person under disability. The Company shall have no liability with respect to payments so made. The Company shall have no duty to make inquiry as to the competence of any person entitled to receive payments hereunder.

Sec. 9.7 **Benefits May Not Be Assigned or Alienated**. Except as otherwise expressly permitted by the Plan or required by law, the interests of persons entitled to benefits under the Plan may not in any manner whatsoever be assigned or alienated, whether voluntarily or involuntarily, or directly or indirectly. However, the Plan shall comply with the provisions of any court order which the Company determines is a qualified domestic relations order as defined in Code section 414(p). Any expenses relating to review or administration of a domestic relations order may be charged against the Accounts of the Participant and/or the alternate payee. Notwithstanding any provisions in the Plan to the contrary, an individual who is entitled to payments from the Plan as an "alternate payee" pursuant to a qualified domestic relations order may receive a lump sum payment from the Plan as soon as administratively feasible after the Valuation Date coincident with or next following the date of the Company's determination that the order is a qualified domestic relations order, unless the order specifically provides for payment to be made at a later time or in a different form of payment that is permitted under Sec. 9.1.

Sec. 9.8 **Payments Pursuant to a Qualified Domestic Relations Order**. Notwithstanding any provisions in the Plan to the contrary, an individual who is entitled to payments from the Plan as an "alternate payee" pursuant to a qualified domestic relations order may receive a lump sum payment from the Plan (or have a Direct Rollover made on his or her behalf pursuant to Sec. 9.3) as soon as administratively feasible after the Valuation Date coincident with or next following the date of the Company's determination that the order is a

qualified domestic relations order, unless the order specifically provides for payment to be made at a later time or in a different form permitted under Sec. 9.1.

Sec. 9.9 **Payment of Taxes**. The Funding Agency may pay any estate, inheritance, income, or other tax, charge, or assessment attributable to any benefit payable hereunder which in the Funding Agency's opinion it shall be or may be required to pay out of such benefit. The Funding Agency may require, before making any payment, such release or other document from any taxing authority and such indemnity from the intended payee as the Funding Agency shall deem necessary for its protection.

Sec. 9.10 **Conditions Precedent**. No person shall be entitled to a benefit hereunder until his or her right thereto has been finally determined by the Company nor until the person has submitted to the Company relevant data reasonably requested by the Company, including, but not limited to, proof of birth or death.

Sec. 9.11 **Company Directions to Funding Agency**. The Company shall designate an individual or individuals to give such written directions to the Funding Agency as are necessary to accomplish distributions to the Participants and Beneficiaries in accordance with the provisions of the Plan.

Sec. 9.12 **Transfers to Other Plans**. At the request of a Qualified Employee and with the consent of the Company, which shall be granted in its sole discretion and only if it determines that the transfer of funds is consistent with the provisions of the Code, the Plan may make a direct trustee to trustee transfer of funds (that is not eligible for a Direct Rollover under Sec. 9.3) credited to the employee under this Plan to another tax qualified plan. Notwithstanding the foregoing, no transfer of amounts subject to the withdrawal restrictions of Code section 401(k) or Sec. 8.3 of this Plan shall be made unless the Company reasonably concludes that the plan accepting the transfer will continue to maintain the distribution limitations that apply under this Plan and the Code. Also, no transfer to another plan will be allowed with respect to a Participant's Accounts if the Participant has an outstanding loan balance under this Plan.

ARTICLE X
FUND

Sec. 10.1 **Composition**. All sums of money and all securities and other property received by the Funding Agency for purposes of the Plan, together with all investments made therewith, the proceeds thereof, and all earnings and accumulations thereon, and the part from time to time remaining shall constitute the "Fund". The Company may cause the Fund to be divided into any number of parts for investment purposes or any other purposes necessary or advisable for the proper administration of the Plan.

Sec. 10.2 **Funding Agency**. The Fund may be held and invested as one fund or may be divided into any number of parts for investment purposes. Each part of the Fund, or the entire Fund if it is not divided into parts for investment purposes, shall be held and invested by one or more trustees or by an insurance company. The trustee or trustees or the insurance company so acting with respect to any part of the Fund is referred to herein as the Funding Agency with respect to such part of the Fund. The selection and appointment of each Funding Agency shall be made by the Company. The Company shall have the right at any time to remove a Funding Agency, in which case the Company shall appoint a successor thereto, subject only to the terms of any applicable trust agreement or group annuity contract. The Company shall have the right to determine the form and substance of each trust agreement and group annuity contract under which any part of the Fund is held, subject only to the requirement that they are not inconsistent with the provisions of the Plan. Any such trust agreement may contain provisions pursuant to which the trustee will make investments on direction of a third party.

Sec. 10.3 **Compensation and Expenses of Funding Agency**. The Funding Agency shall be entitled to receive such reasonable compensation for its services as may be agreed upon with the Company. The Funding Agency shall also be entitled to reimbursement for all reasonable and necessary costs, expenses, and disbursements incurred by it in the performance of its services. Such compensation and reimbursements shall be paid from the Fund, except as specifically agreed to in writing by the Company.

Sec. 10.4 **No Diversion**. The Fund shall be for the exclusive purpose of providing benefits to Participants under the Plan and their beneficiaries and defraying reasonable expenses of administering the Plan. Such expenses may include premiums for the bonding of Plan officials required by ERISA. No part of the corpus or income of the Fund may be used for, or diverted to, purposes other than for the exclusive benefit of employees of the Participating Employers or their beneficiaries. Notwithstanding the foregoing:

(a) If any contribution or portion thereof is made by a Participating Employer by a mistake of fact, the Funding Agency shall, upon written request of the Company, return such contribution or portion thereof to the Participating Employer within one year after the payment of the contribution to the Funding Agency; however, earnings attributable to such contribution or portion thereof shall not be returned to the Participating Employer but shall remain in the Fund, and the amount returned to the Participating Employer shall be reduced by any losses attributable to such contribution or portion thereof.

(b) Contributions by the Participating Employers are conditioned upon the deductibility of each contribution under Code section 404. To the extent the deduction is disallowed, the Funding Agency shall, upon written request of the Company, return such contribution to the Participating Employer within one year after the disallowance of the deduction; however, earnings attributable to such contribution (or disallowed portion thereof) shall not be returned to the Participating Employer but shall remain in the Fund, and the amount returned to the Participating Employer shall be reduced by any losses attributable to such contribution (or disallowed portion thereof).

In the case of any such return of contribution the Company shall cause such adjustments to be made to the Accounts of Participants as the Company considers fair and equitable under the circumstances resulting in the return of such contribution.

ARTICLE XI
ADMINISTRATION OF PLAN

Sec. 11.1 **Administration by Company**. The Company is the "administrator" of the Plan for purposes of ERISA. Except as expressly otherwise provided herein, the Company, and not the other Participating Employers, shall control and manage the operation and administration of the Plan and make all decisions and determinations incident thereto. In carrying out its Plan responsibilities, the Company shall have the discretionary authority to construe the terms of the Plan. Except in cases where the Plan expressly provides to the contrary, action on behalf of the Company may be taken by any of the following:

(a) The Board.

(b) The chief executive officer of the Company.

(c) Any person or persons, natural or otherwise, or committee, to whom responsibilities for the operation and administration of the Plan are allocated by the Company, by resolution of the Board or by written instrument executed by the chief executive officer of the Company and filed with its permanent records, but action of such person or persons or committee shall be within the scope of said allocation.

Sec. 11.2 **Certain Fiduciary Provisions**. For purposes of the Plan:

(a) Any person or group of persons may serve in more than one fiduciary capacity with respect to the Plan.

(b) A Named Fiduciary, or a fiduciary designated by a Named Fiduciary pursuant to the provisions of the Plan, may employ one or more persons to render advice with regard to any responsibility such fiduciary has under the Plan.

(c) To the extent permitted by any applicable trust agreement or group annuity contract a Named Fiduciary with respect to control or management of the assets of the Plan may appoint an investment manager or managers, as defined in ERISA, to manage (including the power to acquire and dispose of) any assets of the Plan.

(d) At any time the Plan has more than one Named Fiduciary, if pursuant to the Plan provisions fiduciary responsibilities are not already allocated among such Named Fiduciaries, the Company, by action of the Board or its chief executive officer, may provide for such allocation; except that such allocation shall not include any responsibility, if any, in a trust agreement to manage or control the assets of the Plan other than a power under the trust agreement to appoint an investment manager as defined in ERISA.

(e) Unless expressly prohibited in the appointment of a Named Fiduciary which is not the Company acting as provided in Sec. 11.1, such Named Fiduciary by written instrument may designate a person or persons other than such Named Fiduciary to carry out any or all of the fiduciary responsibilities under the Plan of such Named Fiduciary; except that such designation shall not include any responsibility, if any, in a trust agreement to manage or control the assets of the Plan other than a power under the trust agreement to appoint an investment manager as defined in ERISA.

(f) A person who is a fiduciary with respect to the Plan, including a Named Fiduciary, shall be recognized and treated as a fiduciary only with respect to the particular fiduciary functions as to which such person has responsibility.

Each Named Fiduciary (other than the Company), each other fiduciary, each person employed pursuant to subsection (b) above, and each investment manager shall be entitled to receive reasonable compensation for services rendered, or for the reimbursement of expenses properly and actually incurred in the performance of their duties with the Plan and to payment therefor from the Fund if not paid directly by the Participating Employers in such proportions as the Company shall determine. Notwithstanding the foregoing, no person so serving who already receives full-time pay from any employer or association of employers whose employees are Participants, or from an employee organization whose members are Participants, shall receive compensation from the Plan, except for reimbursement of expenses properly and actually incurred.

Sec. 11.3 **Discrimination Prohibited**. No person or persons in exercising discretion in the operation and administration of the Plan shall discriminate in favor of Highly Compensated Employees.

Sec. 11.4 **Evidence**. Evidence required of anyone under this Plan may be by certificate, affidavit, document, or other instrument which the person acting in reliance thereon considers to be pertinent and reliable and to be signed, made, or presented to the proper party.

Sec. 11.5 **Correction of Errors**. It is recognized that in the operation and administration of the Plan certain mathematical and accounting errors may be made or mistakes may arise by reason of factual errors in information supplied to the Company or Funding Agency. The Company shall have power to cause such equitable adjustments to be made to correct for such errors as the Company in its discretion considers appropriate. Such adjustments shall be final and binding on all persons. Any return of a contribution due to a mistake in fact will be subject to Sec. 10.4.

Sec. 11.6 **Records**. Each Participating Employer, each fiduciary with respect to the Plan, and each other person performing any functions in the operation or administration of the Plan or the management or control of the assets of the Plan shall keep such records as may be necessary or appropriate in the discharge of their respective functions hereunder, including records required by ERISA or any other applicable law. Records shall be retained as long as necessary for the proper administration of the Plan and at least for any period required by ERISA or other applicable law.

Sec. 11.7 **General Fiduciary Standard**. Each fiduciary shall discharge its duties with respect to the Plan solely in the interests of Participants and their beneficiaries and with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims.

Sec. 11.8 **Prohibited Transactions**. A fiduciary with respect to the Plan shall not cause the Plan to engage in any prohibited transaction within the meaning of ERISA.

Sec. 11.9 **Claims Procedure**. The Company shall establish a claims procedure consistent with the requirements of ERISA. Such claims procedure shall provide adequate notice in writing to any Participant or beneficiary whose claim for benefits under the Plan has been denied, setting forth the specific reasons for such denial, written in a manner calculated to be understood by the claimant and shall afford a reasonable opportunity to a claimant, whose claim for benefits has been denied, for a full and fair review by the appropriate Named Fiduciary of the decision denying the claim. No person claiming a benefit under the Plan may initiate a civil action regarding the claim until all steps under the claims procedure (including appeals) have been completed.

Sec. 11.10 **Bonding**. Plan personnel shall be bonded to the extent required by ERISA. Premiums for such bonding may, in the sole discretion of the Company, be paid in whole or in part from the Fund. Such premiums may also be paid in whole or in part by the Participating Employers in such proportions as the Company shall determine. The Company may provide by agreement with any person that the premium for required bonding shall be paid by such person.

Sec. 11.11 **Waiver of Notice**. Any notice required hereunder may be waived by the person entitled thereto.

Sec. 11.12 **Agent for Legal Process**. The Company shall be the agent for service of legal process with respect to any matter concerning the Plan, unless and until the Company designates some other person as such agent.

Sec. 11.13 **Indemnification**. In addition to any other applicable provisions for indemnification, the Participating Employers jointly and severally agree to indemnify and hold harmless, to the extent permitted by law, each director, officer, and employee of the Participating Employers against any and all liabilities, losses, costs, or expenses (including legal fees) of whatsoever kind and nature which may be imposed on, incurred by, or asserted against such person at any time by reason of such person's services as a fiduciary in connection with the Plan, but only if such person did not act dishonestly, or in bad faith, or in willful violation of the law or regulations under which such liability, loss, cost, or expense arises. The Company shall have the right, but not the obligation, to select counsel and control the defense and settlement of any action against the indemnitee for which the indemnitee may be entitled to indemnification under this Section.

Sec. 11.14 **Expenses of Administration**. Investment management and brokerage fees shall be charged against the Participants' Accounts to which such fees are attributable. In addition, the Company may, to the extent permitted by ERISA, allocate and charge other expenses of Plan administration against Participants' Accounts.

ARTICLE XII
AMENDMENT, TERMINATION, MERGER

Sec. 12.1 **Amendment**. Subject to the non-diversion provisions of Sec. 10.4, the Company (and not the other Participating Employers) by action of the Board, or by action of a person so authorized by resolution of the Board, may amend the Plan at any time and from time to time. No amendment of the Plan shall have the effect of changing the rights, duties, and liabilities of any Funding Agency without its written consent. Also, no amendment shall divest a Participant or Beneficiary of Accounts accrued prior to the amendment.

Sec. 12.2 **Permanent Discontinuance of Contributions**. A Participating Employer, by action of its board of directors, may completely discontinue contributions in support of the Plan. In such event, notwithstanding any provisions of the Plan to the contrary, no employee of such employer shall become a Participant after such discontinuance. Subject to the foregoing, all of the provisions of the Plan shall continue in effect, and upon entitlement thereto distributions shall be made in accordance with the provisions of Article IX.

Sec. 12.3 **Reorganizations of Participating Employers**. In the event two or more Participating Employers shall be consolidated or merged or in the event one or more Participating Employers shall acquire the assets of another Participating Employer, the Plan shall be deemed to have continued, without termination and without a complete discontinuance of contributions, as to all the Participating Employers involved in such reorganization and their employees. In such event, in administering the Plan the corporation resulting from the consolidation, the surviving corporation in the merger, or the employer acquiring the assets shall be considered as a continuation of all of the Participating Employers involved in the reorganization.

Sec. 12.4 **Termination**. A Participating Employer, by action of its board of directors, may terminate the Plan as applicable to such Participating Employer and its employees. After a termination no employee of such employer shall become a Participant. The Accounts of each Participant in the employ of such Participating Employer at the time of such termination shall be nonforfeitable, the Participant shall be entitled to a benefit equal to the value of those Accounts determined as of the Valuation Date coincident with or next following the termination of the Plan, distributions shall be made to Participants and Beneficiaries as soon as administratively practicable (and, taking into account the provisions of Sec. 12.6) after the termination of the Plan, but not before the earliest date permitted under the Code and applicable regulations, and the Plan and any related trust agreement or group annuity contract shall continue in force for the purpose of making such distributions.

Sec. 12.5 **Partial Termination**. If there is a partial termination of the Plan, either by operation of law, by amendment of the Plan, or for any other reason, which partial termination shall be confirmed by the Company, the Accounts of each Participant with respect to whom the partial termination applies shall be nonforfeitable. Subject to the foregoing, all of the provisions of the Plan shall continue in effect as to each such Participant, and upon entitlement thereto distributions shall be made in accordance with the provisions of Article IX.

Sec. 12.6 **Merger, Consolidation, or Transfer of Plan Assets**. In the case of any merger or consolidation of the Plan with any other plan, or in the case of the transfer of assets or liabilities of the Plan to any other plan, provision shall be made so that each Participant and Beneficiary would (if such other plan then terminated) receive a benefit immediately after the merger, consolidation, or transfer which is equal to or greater than the benefit he or she would have been entitled to receive immediately before the merger, consolidation, or transfer (if the Plan had then terminated). No such merger, consolidation, or transfer shall be effected until such statements with respect thereto, if any, required by the Code or ERISA to be filed in advance thereof have been filed and the Company has determined that the merger, consolidation, or transfer complies with the requirements of the Code and ERISA, and regulations issued thereunder. In that regard:

(a) The portion of the DM&E Employee Savings Plan attributable to salaried and hourly paid participants was merged into this Plan effective December 13, 2013.

(b) The Soo Savings Plan for TCU Employees was merged into this Plan effective October 27, 2014.

(c) The Soo Line 401(k) Plan for Union Employees was merged into this Plan effective October 27, 2014.

Sec. 12.7 **Deferral of Distributions**. Notwithstanding any provisions of the Plan to the contrary, in the case of a complete discontinuance of contributions to the Plan or of a complete or partial termination of the Plan, the Company or the Funding Agency may defer any distribution of benefit payments to Participants and Beneficiaries with respect to which such discontinuance or termination applies (except for distributions which are required to be made under Sec. 9.1) until after the following have occurred:

(a) Receipt of a final determination from the Treasury Department or any court of competent jurisdiction regarding the effect of such discontinuance or termination on the qualified status of the Plan under Code section 401(a).

(b) Appropriate adjustment of Accounts to reflect taxes, costs, and expenses, if any, incident to such discontinuance or termination.

ARTICLE XIII
TOP-HEAVY PLAN PROVISIONS

Sec. 13.1 **Effective Date**. Unless otherwise provided herein, top heavy plan provisions shall apply to Plan Years beginning after December 31, 2001. For Plan Years prior to January 1, 2002, the top heavy status of the Plan shall be determined according to the provisions of the Plan then in effect.

Sec. 13.2 **Key Employee Defined**. "Key Employee" means any employee or former employee (including any deceased employee) who at any time during the Plan Year that includes the determination date was an officer of the Company or an Affiliate having annual compensation greater than $170,000 (as adjusted under Code section 416(i)(1) for Plan Years beginning after December 31, 2015), a five-percent owner of the Company or an Affiliate, or a one-percent owner of the Company having annual compensation of more than $150,000. For this purpose, annual Compensation means Compensation within the meaning of Code section 415(c)(3), as defined in Sec. 5.1(e) of the Plan. The determination of who is a Key Employee will be made in accordance with Code section 416(i)(1) and the applicable regulations and other guidance of general applicability issued thereunder.

Sec. 13.3 **Determination of Top-Heavy Status**. The top-heavy status of the Plan shall be determined according to Code Section 416 and the regulations thereunder, using the following standards and definitions:

(a) The Plan is a Top-Heavy Plan for a Plan Year beginning after December 31, 2001 if either of the following applies:

(1) If this Plan is not part of a required aggregation group and the top-heavy ratio for this Plan exceeds 60 percent.

(2) If this Plan is part of a required aggregation group of plans and the top-heavy ratio for the group of plans exceeds 60 percent.

Notwithstanding paragraphs (1) and (2) above, the Plan is not a Top-Heavy Plan with respect to a Plan Year if it is part of a permissive aggregation group of plans for which the top-heavy ratio does not exceed 60 percent.

(b) The "top-heavy ratio" shall be determined as follows:

(1) If the ratio is being determined only for this Plan, or if the aggregation group only includes defined contribution plans, the top-heavy ratio is a fraction, the numerator of which is the sum of the account balances of all Key Employees under the Plan or plans as of the determination date (including any part of any account balance distributed in the five-year period ending on the determination date), and the denominator of which is the sum of the account balances (including any part of any account balance distributed in the one-year period ending on the determination

date) of all employees under the Plan or plans as of the determination date. (The "Plans" referred to in the preceding sentence are the plans in the required or permissive aggregation group, as applicable.) The preceding provisions shall also apply to distributions under a terminated plan which, had it not been terminated, would have been aggregated with the Plan under Code section 416(g)(2)(A)(i). Both the numerator and denominator of the top-heavy ratio shall be adjusted to reflect any contribution not actually made as of the determination date but which is required to be taken into account on that date under Code section 416 and the regulations thereunder. In the case of a distribution made for a reason other than severance from employment, death or disability, the "one-year period" shall be applied by substituting "five-year period" for "one-year period".

(2) If the determination is being made for a required or permissive aggregation group which includes one or more defined benefit plans, the top-heavy ratio is a fraction, the numerator of which is the sum of the account balances of all Key Employees under the defined contribution plan or plans and the present value of accrued benefits of all Key Employees under the defined benefit plan or plans as of the determination date, and the denominator of which is the sum of the account balances of all employees under the defined contribution plan or plans and the present value of accrued benefits of all employees under the defined benefit plan or plans as of the determination date. The account balances and accrued benefits in both the numerator and denominator of the top-heavy ratio shall be adjusted to reflect any distributions made in the one-year period ending on the determination date and any contributions due but unpaid as of the determination date, subject to the special aggregation rule for terminated plans in paragraph (1).

(3) For purposes of paragraphs (1) and (2), the value of account balances and the present value of accrued benefits will be determined as of the most recent valuation date that falls within the 12-month period ending on the determination date. The account balances and accrued benefits of an employee who is not a Key Employee but who was a Key Employee in a prior year will be disregarded. The calculation of the top-heavy ratio and the extent to which distributions, rollovers, and transfers are taken into account will be made in accordance with Code section 416 and the regulations thereunder. When aggregating plans, the value of account balances and accrued benefits will be calculated with reference to the determination dates that fall within the same calendar year.

(c) "Required aggregation group" means (i) each qualified plan of the employer (including terminated plans) in which at least one Key Employee participates in the Plan Year containing the determination date, or any of the four preceding Plan Years, and (ii) any other qualified plan of the employer that enables a plan described in (i) to meet the requirements of Code sections 401(a)(4) or 410.

(d) "Permissive aggregation group" means the required aggregation group of plans plus any other plan or plans of the employer which, when consolidated as a group with the required aggregation group, would continue to satisfy the requirements of Code sections 401(a)(4) and 410.

(e) "Determination date" means, for any Plan Year subsequent to the first Plan Year, the last day of the preceding Plan Year. For the first Plan Year of the Plan, the last day of that year is the determination date.

(f) The "valuation date" is the last day of each Plan Year and is the date as of which account balances or accrued benefits are valued for purposes of calculating the top-heavy ratio.

(g) For purposes of establishing the "present value" of benefits under a defined benefit plan to compute the top-heavy ratio, any benefit shall be discounted only for mortality and interest based on the interest rate and mortality table specified in the defined benefit plan for this purpose.

(h) If an individual has not performed any services for the employer at any time during the one-year period ending on the determination date with respect to a Plan Year, any account balance or accrued benefit for such individual shall not be taken into account for such Plan Year.

Sec. 13.4 **Minimum Contribution Requirement**. For any Plan Year with respect to which the Plan is a Top-Heavy Plan, the employer contributions and Forfeitures allocated to each Active Participant who is not a Key Employee and whose Termination of Employment has not occurred prior to the end of such Plan Year shall not be less than the minimum amount determined in accordance with the following:

(a) The minimum amount shall be the amount equal to that percentage of the Participant's Compensation for the Plan Year which is the smaller of:

(1) Three percent.

(2) The percentage which is the largest percentage of Compensation allocated to any Key Employee from employer contributions and Forfeitures for such Plan Year.

(b) Any employer contribution attributable to, or contingent upon, a salary reduction or similar arrangement (including Before Tax Deposits, Sick Leave Deposits and Matching Contributions under this Plan) may not be used to satisfy the minimum amount of employer contributions which must be allocated under subsection (a).

(c) This section shall not apply to any Participant who is covered under any other plan of the employer under which the minimum contribution or minimum benefit

requirement applicable to Top-Heavy Plans will be satisfied. For purposes of this section, any employer contribution attributable to a salary reduction or similar arrangement shall be taken into account. Any employer contribution attributable to a salary reduction or similar arrangement (including Before Tax Deposits under this Plan) may not be used to satisfy the minimum amount of employer contributions which must be allocated under this section. However, employer Matching Contributions under this Plan (and employer matching contributions under any other plan whose contributions are to be used to satisfy the requirements of this section) may be used to satisfy the minimum amount of employer contributions which must be allocated under this section. Employer matching contributions that are used to satisfy this section shall be treated as employer matching contributions for purposes of the actual contribution percentage test and other requirements of Code Section 401(m).

(d) For purposes of determining the minimum Contribution under this Sec. 13.4 for Top Heavy Years, the term "Compensation" is defined in Sec. 5.1(e) of the Plan.

Sec. 13.5 **Definition of Employer**. For purposes of this Article XIII, the term "employer" means all Participating Employers and trade or business entity under Common Control with a Participating Employer.

Sec. 13.6 **Exception for Collective Bargaining Unit**. Section 13.4 shall not apply with respect to any employee included in a unit of employees covered by an agreement which the Secretary of Labor finds to be a collective bargaining agreement between employee representatives and one or more employers if there is evidence that retirement benefits were the subject of good faith bargaining between such employee representative and such employer or employers.

ARTICLE XIV
MISCELLANEOUS PROVISIONS

Sec. 14.1 **Insurance Company Not Responsible for Validity of Plan**. No insurance company that issues a contract under the Plan shall have any responsibility for the validity of the Plan. An insurance company to which an application may be submitted hereunder may accept such application and shall have no duty to make any investigation or inquiry regarding the authority of the applicant to make such application or any amendment thereto or to inquire as to whether a person on whose life any contract is to be issued is entitled to such contract under the Plan.

Sec. 14.2 **Headings**. Headings at the beginning of articles and sections hereof are for convenience of reference, shall not be considered a part of the text of the Plan, and shall not influence its construction.

Sec. 14.3 **Capitalized Definitions**. Capitalized terms used in the Plan shall have their meaning as defined in the Plan unless the context clearly indicates to the contrary.

Sec. 14.4 **Gender**. Any references to the masculine gender include the feminine and vice versa.

Sec. 14.5 **Use of Compounds of Word "Here"**. Use of the words "hereof," "herein," "hereunder," or similar compounds of the word "here" shall mean and refer to the entire Plan unless the context clearly indicates to the contrary.

Sec. 14.6 **Construed as a Whole**. The provisions of the Plan shall be construed as a whole in such manner as to carry out the provisions thereof and shall not be construed separately without relation to the context.

Sec. 14.7 **Benefits of Reemployed Veterans**. Notwithstanding any provisions of this Plan to the contrary, contributions, benefits and service credit with respect to Qualified Military Service will be provided in accordance with Code section 414(u). For this purpose:

(a) As provided by Code section 414(u), "Qualified Military Service" means service in the uniformed services (as defined in Chapter 43 of Title 38, United States Code) by an individual if he or she is qualified under such chapter to reemployment rights with the Company or an Affiliate following such military service.

(b) "USERRA" means the Uniformed Services Employment and Reemployment Rights Act of 1994 as amended.

(c) If an individual returns to employment with the Company or an Affiliate following a period of Qualified Military Service under circumstances that he or she has reemployment rights under USERRA, and the individual reports for said

reemployment within the time frame required by USERRA, the following provisions shall apply:

(1) The employee can elect to have "make up" Before Tax Deposits made out of his or her Certified Earnings following his or her period of Qualified Military Service to the extent he or she could have made Before Tax Deposits had he or she remained a Participant in the Plan during the period of his or her Qualified Military Service. The deadline for a returning participant to make up Before Tax Deposits is three times the period of Qualified Military Service but not more than five years. Such Before Tax Deposits shall be matched in the same way as other Before Tax Deposits would have been, but the Before Tax Deposits and Matching Contributions shall not be subject to the provisions of Sec. 4.7 or Sec. 4.8 of the Plan.

(2) The Participant may elect to have his or her loan payments under the Plan suspended and the interest rate on the loan capped in accordance with USERRA and the Servicemembers Civil Relief Act ("SCRA").

(3) The Qualified Military Service shall be recognized as service under the Plan to the same extent as it would have been if the employee had remained continuously employed with the Company or an Affiliate rather than going into the military.

(4) Certified Earnings shall be determined for the individual as of each January 1 during the period of Qualified Military Service. The amount of Certified Earnings shall be determined by the Company consistent with the requirements of the USERRA, and shall reflect the Company's best estimate of the earnings the individual would have received but for the Qualified Military Service. Effective January 1, 2009, any shift differential pay shall be treated as Certified Earnings under the Plan.

(d) The Plan shall comply with the provisions of the Heroes Earnings Assistance and Relief Tax Act (the "HEART Act"), which amended certain provisions of USERRA. The HEART Act is generally effective January 1, 2007 and provides as follows:

(1) If a Participant dies while performing "qualified military service" (as defined in USERRA), the Participant's survivors shall receive the same benefits under the Plan as if the Participant died while employed by a Participating Employer. This rule does not, however, require survivors to be provided with any additional benefit accruals relating to the period of qualified military service.

(2) If a Participant is receiving military shift differential pay (which is the amount of pay, if any, that the Participant is receiving from his or her

Participating Employer while performing qualified military service), he or she may make Before Tax Deposits out of the military shift differential pay. After December 31, 2008, military shift differential pay is subject to federal income tax withholding if the employee is on active duty with the uniformed services for more than 30 days. In addition, the military shift differential pay shall be treated as Certified Earnings under the Plan. FICA and FUTA withholding, however, is not required. If a Participant receiving military differential pay takes a distribution described in paragraph (3) below, however, he or she cannot make Before Tax Deposits for six months following the date of the distribution.

(3) If a Participant receiving military shift differential pay is performing qualified military service for at least 30 days, he or she may take a distribution of part or all of his or her Accounts under the Plan as if he or she had a Termination of Employment. Individuals who take such a distribution have the option to repay the distribution within the two-year period after the end of the qualified military service.

(e) The foregoing provisions are intended to provide the benefits required by USERRA and the HEART Act, and are not intended to provide any other benefits. This section shall be construed consistently with said intent.

ARTICLE XV
REVIEW BOARD

Sec. 15.1 **Review Board**. Except as expressly provided herein to the contrary, a Review Board shall be established for the purpose of hearing and determining all disputes which may arise concerning eligibility for participation in, or benefits payable under, the Plan, but only with respect to Participants whose hours and wages are subject to the terms of a collective bargaining agreement between a Participating Employer and a Participating Union. The Review Board shall act pursuant to the following:

(a) The Review Board shall consist of members selected by the Company and the Participating Unions. Each Participating Union shall be entitled to select one member. The Company may select one or more members and alternate members who may act for any of the members appointed by the Company in the event of absence or inability to act of one or more of the Company appointed members. Likewise, the Participating Unions may select alternate members who may act for any of the members appointed by the Participating Unions in the event of the absence or inability to act of one or more of such members. The Company or the Participating Unions at any time may remove a member appointed by it and may select a member to fill any vacancy caused by such removal or other reason such as resignation or death. Both the Company and the Participating Unions shall, in writing, notify each other respectively concerning such selections, which shall continue until further written notice.

(b) The Review Board shall adopt rules as to what constitutes a quorum for the transaction of business. At all Review Board meetings, Company members present shall be entitled to one aggregate vote and Participating Union members shall be entitled to one aggregate vote. There shall be no fractional votes, and the Company's vote and the vote of the Participating Unions shall be determined by a majority vote of the Company members and the Participating Union members respectively.

(c) The Review Board shall have the authority to appoint subcommittees from the members of the Review Board to handle any problem within the jurisdiction of the Review Board. Such subcommittee shall report exclusively to the Review Board.

(d) The compensation, travel, and other reasonable living expenses, if any, of members of the Review Board selected by the Company which are incidental to the holding of such meetings and performing functions of the Review Board, shall be paid by the Company. The compensation, travel, and other reasonable living expenses, if any, of members of the Review Board selected by the Participating Unions that are incidental to the holding of such meetings and performing such functions of the Review Board, shall be paid by the appropriate Participating Unions.

(e) All decisions and actions taken by the Review Board shall be by two affirmative votes or agreements. Such affirmative votes or agreements shall be in writing if made or given other than during a meeting of the Review Board. All decisions of the Review Board shall be final and binding upon the Company, the Participating Employers, the Participating Unions, and any other person having an interest in, under, or derived from the Plans. No ruling or decision of the Review Board in one case shall create a basis for a retroactive adjustment in any prior case.

(f) If the Review Board shall fail to agree on any matter or dispute coming before it, the matter or dispute shall be submitted to the Review Board sitting with an impartial referee who shall act as chairman during the proceedings pertaining to such matter. Such impartial referee shall have one vote. Two affirmative votes shall be required to render a decision or determination on matters coming before the Review Board sitting together with the impartial referee. The impartial referee shall be selected according to the procedures agreed upon between the Company and Participating Unions; provided, however, that the impartial referee shall be familiar with the provisions of ERISA and the tax laws governing the Plan, and shall have a financial background sufficient to make informed decisions regarding the investment options to be made available under the Plan and to select appropriate investment managers to invest Plan assets.

(g) The compensation and expenses (including premiums for bonding, if any, required by ERISA) of the impartial referee shall be paid by the Plan.

(h) Meetings of the Review Board may be called at any time by both (i) a majority of the Participating Union appointed members and (ii) a majority of the Company appointed members of the Review Board. In addition, meetings of the Review Board may be called by any two Company appointed members or any two Participating Union appointed members of the Review Board upon not less than 30 days notice to the other members of the Review Board. All meetings shall be conducted at the Company's offices unless otherwise agreed to by the Review Board.

(i) The Review Board shall sit as a "System Board of Adjustment" pursuant to Section 3, Second of the Railway Labor Act with respect to all matters referable to it under the Plan, which matters shall not be subject to the grievance procedure provided in the collective bargaining agreements between the Company and the Participating Unions as in effect from time to time. All decisions of the Review Board shall be final, binding and conclusive upon the Company, the Participating Employers, the Participating Unions, the Funding Agency, the Participants and Beneficiaries, and any person having or claiming to have an interest in the Plan and shall be enforceable in any court of competent jurisdiction.

Sec. 15.2 **Powers of the Review Board**. The Review Board shall determine all disputes which may arise concerning eligibility for participation in the Plan or benefits payable under the Plan. The Review Board shall have full power to affirm, reverse or otherwise modify

any decision or administrative action or proposed action which gave rise to any dispute involving matters described in the previous sentence. Notwithstanding the foregoing, any determination of disability made by the Company pursuant to Sec. 2.34, for purposes of determining whether a Termination of Employment has occurred, or any Company determination with respect to a qualified domestic relations order pursuant to Sec. 9.8 shall be final and not subject to reversal or modification by the Review Board. In carrying out its Plan responsibilities, the Review Board shall have the final discretionary authority to construe the terms of the Plan. The Review Board shall have no power to add to or subtract from or modify any of the terms of the Plan. The Review Board shall have the power to establish rules of procedure for the conduct of its business and of hearings before it, which rules shall not be inconsistent with the provisions of the Plan.

Sec. 15.3 **Review Functions**. The Review Board shall have the following rights and review functions:

(a) To examine, during normal business hours, all books, records, reports, regulations, and procedures relative to participation and benefits payable under the Plan, Investment Funds, hardship withdrawals while employed, Participant loans, annual reports, Participant statements and related data.

(b) The Company, the Participating Employers, and each Funding Agency, as the case may be, shall, upon request, furnish to the Participating Union members of the Review Board and the Participating Unions all records and material set forth in subsection (a) above within 30 days from the later of the date on which such material may have been prepared or compiled or a request is made. The Participating Union members of the Review Board may request and shall be entitled to receive additional material and data relating to the foregoing.

Sec. 15.4 **Liability**. The Review Board and any members thereof shall be entitled to rely upon the correctness of any information furnished by the Company and the Participating Unions. Neither the Review Board nor any of its members, nor the Participating Unions, nor any officers or other representatives of the Participating Unions, nor any officers or other representatives of the Participating Employers, nor the Company, nor any officers or other representatives of the Company, shall be liable because of any act or failure to act on the part of the Review Board, or any of its members, except that nothing herein shall be deemed to relieve any such individual from liability for his own fraud or bad faith.

Sec. 15.5 **Indemnity**. The Company as to employer members and alternate employer members of the Review Board and the Participating Unions as to employee members and alternate employee members of the Review Board, shall indemnify, save and hold harmless such members, respectively, from any and all liability, loss, costs, damage or expense which such members or any of them may incur or sustain, arising out of the discharge of the responsibilities under the Plan of the Review Board, but only if such person did not act dishonestly or in bad faith or in willful violation of the law or regulations under which such liability, loss, cost or expense arises. The Company as to employer members and alternate employee members of the Review Board and the Participating Unions as to employee members and alternate employee members of the Review Board shall have the right, but not the obligation, to select counsel and

control the defense and settlement of any action against the indemnitee for which the indemnitee may be entitled to indemnification under this section.

Sec. 15.6 **Company Records**. The Company, the Participating Employers, and the Funding Agency shall keep or cause to be kept such records as may be necessary or appropriate in the discharge of their respective duties hereunder. The records and reports maintained or received by the Company, the Participating Employers or the Funding Agency in connection with the administration of eligibility and benefit determination, hardship withdrawals and Investment Funds under the Plan shall be available for inspection at all reasonable times by the Review Board or the Participating Unions and such consultants as they may employ.

The Options will continue in effect until their Expiry Date or expire before their Expiry Date, as the case may be, in the following events and manner:

Optioned Shares in respect of which the right to purchase is being exercised, such greater or lesser number of Common Shares as result from the subdivision, consolidation or stock dividend;

(b) upon (i) a capital reorganization, reclassification or change of the Common Shares, (ii) a consolidation, amalgamation, arrangement or other form of business combination of the Corporation with another person or corporation or (iii) a sale, lease or exchange of all or substantially all of the property of the Corporation, the Exercise Price will be adjusted accordingly and the Corporation will deliver upon exercise of the Options, in lieu of the Optioned Shares in respect of which the right to purchase is being exercised, the kind and amount of shares or other securities or property as results from such event;

(c) upon the distribution by the Corporation to holders of the Common Shares of (i) shares of any class (whether of the Corporation or another corporation) other than Common Shares, (ii) rights, options or warrants, (iii) evidences of indebtedness or (iv) cash (excluding a cash dividend paid in the ordinary course), securities or other property or assets, the Exercise Price will be adjusted accordingly but no adjustment will be made to the number of Optioned Shares to be delivered upon exercise of the Options;

3.7.2 If a "take-over bid" (within the meaning of applicable securities legislation) made by any person for the voting securities of the Corporation would, if successful, result in a Change of Control, then:

(a) the Corporation will promptly notify the Optionholder of the take-over bid and the rights of the Optionholder under this Section;

(b) the Optionholder may exercise the Options (including, for greater certainty, the Options that had vested as at the Date of Termination and the Options that had not

yet vested as at the Date of Termination), during the period ending on the earlier of the expiration of the take-over bid and the Expiry Date;

(c) the exercise of the Options (including, for greater certainty, the Options that had vested as at the Date of Termination and the Options that had not yet vested as at the Date of Termination) shall only be for the purpose of depositing the Optioned Shares pursuant to the take-over bid; and

(d) if the Optioned Shares are not deposited by the Optionholder pursuant to the take-over bid or, if deposited, are subsequently withdrawn by the Optionholder or not all taken up and paid for by the offeror, then the Optionholder shall promptly return the Optioned Shares (or the portion that are not taken up and paid for) to the Corporation for cancellation, the Options respecting such Optioned Shares shall be deemed not to have been exercised, the Optioned Shares shall be deemed not to have been issued and the Corporation shall refund to the Optionholder the aggregate Exercise Price for the Optioned Shares.

3.8 Accredited Investor

The Optionholder represents that he is an "accredited investor" (as such term is defined in National Instrument 45-106 – *Prospectus and Registration Exemptions*).

ARTICLE 4
EXERCISE OF OPTIONS

4.1 Manner of Exercise

4.1.1 The Optionholder who wishes to exercise the Options may do so by delivering the following to the Corporation on or before the Expiry Date of the Options:

(a) a completed Notice of Exercise; and

(b) subject to Section 4.3, a cheque (which need not be a certified cheque) or bank draft payable to the Corporation for the aggregate Exercise Price of the Optioned Shares being acquired.

4.1.2 If the Optionholder is deceased or mentally disabled, the Options may be exercised by a legal representative of the Optionholder or the Optionholder's estate or by a person who acquires the Optionholder's rights under the Options by bequest or inheritance and who, in addition to delivering to the Corporation the Notice of Exercise and (if applicable) cheque or bank draft described above, must also deliver to the Corporation evidence of their status.

4.2 Delivery of Share Certificate

Not later than five business days after receipt by the Corporation, pursuant to Section 4.1, of the Notice of Exercise and payment in full for the Optioned Shares being acquired, the Corporation will direct its registrar and transfer agent to issue a certificate in the

name of the Optionholder or an intermediary on behalf of the Optionholder (or, if deceased, his or her legal representative or beneficiary) for the number of Optioned Shares purchased by the Optionholder (or his or her legal representative or beneficiary), which will be issued as fully paid and non-assessable Common Shares.

4.3 Cashless Exercise

4.3.1 The Optionholder may elect "cashless" exercise in a Notice of Exercise if the Optioned Shares are to be immediately sold. In such case, the Optionholder will not be required to deliver to the Corporation a cheque or bank draft in respect of the aggregate Exercise Price. Instead, the following procedure will be followed, as detailed in a Cashless Exercise Instruction Form to be provided by the Corporation and completed by the Optionholder (or such other form of cashless exercise instruction as may be established by the Corporation, including by electronic means through a service provider selected by the Corporation from time to time):

(a) the Optionholder will instruct a broker selected by the Optionholder to sell through the Toronto Stock Exchange the Common Shares issuable on exercise of the Options, as soon as possible and at the then applicable bid price for the Common Shares;

(b) on the settlement date for the trade, the Corporation will direct its registrar and transfer agent to issue a certificate in the name of the broker (or as the broker may otherwise direct) for the number of Common Shares issued on exercise of the Options, against payment by the broker to the Corporation of the Exercise Price for such Common Shares; and

(c) the broker will deliver to the Optionholder the remaining proceeds of sale, net of brokerage commission.

4.4 Withholding

If the Corporation determines that the satisfaction of taxes, including withholding tax, or other withholding liabilities is necessary or desirable in respect of the exercise of the Options, the exercise of the Options is not effective unless such taxes have been paid or withholdings made to the satisfaction of the Corporation. The Corporation may require the Optionholder to pay to the Corporation, in addition to the Exercise Price for the Optioned Shares, any amount as the Corporation is obliged to remit to the relevant taxing authority in respect of the exercise of the Options. Any such additional payment is due no later than the date on which any amount with respect to the Options exercised is required to be included in the gross income of the Optionholder for tax purposes.

(ii) determine the terms of such Options;

(iii) prescribe the form of Option Agreement and Notice of Exercise with respect to a particular Option, if other than substantially as set forth in Schedules A and B to this Plan; and

(iv) interpret the Plan and determine all questions arising out of the Plan and any Option granted pursuant to the Plan, which interpretations and determinations will be conclusive and binding on the Corporation, Eligible Persons, Optionholders and all other affected persons.

4.2 Shares Reserved

(a) The maximum number of Common Shares that may be reserved for issuance pursuant to Options granted under the Plan is 11,000,000. The maximum number of Common Shares will be reduced as Options are exercised and the Common Shares so reserved are issued.

(a.1) The maximum number of Common Shares reserved for issuance under the Plan shall be increased on February 20, 2007 by a number of Common Shares equal to (i) the lesser of 7% of the outstanding Common Shares on February 20, 2007 and 11,400,000 Common Shares, less (ii) the sum of the number of Common Shares subject to outstanding Options on February 20, 2007 and the remaining number of Common Shares available for

issuance under the Plan on February 20, 2007 (prior to giving effect to such increase) that are not subject to granted Options.

(a.2) The maximum number of Common Shares reserved for issuance under the Plan shall be increased at and after May 12, 2011 by 3,000,000 shares.

(b) The maximum number of Common Shares that may be reserved for issuance to any one Eligible Person pursuant to Options granted under the Plan is 5% of the number of Common Shares outstanding at the time of reservation.

(c) Any Common Shares subject to an Option that expires or terminates without having been fully exercised may be made the subject of a further Option. No fractional Common Shares may be issued under the Plan.

4.3 Eligibility

Options may be granted by the Administrator to any Eligible Person, subject to the limitations set forth in sections 3.2 and 3.4 and any parameters set by the Board.

4.4 Limits with respect to Insiders

(a) The maximum number of Common Shares that may be reserved for issuance to Insiders pursuant to Options granted under the Plan and any other Share Compensation Arrangement is 10% of the number of Common Shares outstanding.

(b) The maximum number of Common Shares that may be issued to Insiders under the Plan and any other Share Compensation Arrangement within a one-year period is 10% of the number of Common Shares outstanding.

(c) The maximum number of Common Shares that may be issued to any one Insider (and such Insider's associates, as defined in the *Securities Act* (Alberta)), under the Plan and any other Share Compensation Arrangement within a one-year period is 5% of the number of Common Shares outstanding.

(d) For the purposes of (a), (b) and (c) above, any entitlement to acquire Common Shares granted pursuant to the Plan or any other Share Compensation Arrangement prior to the grantee becoming an Insider is to be excluded. For the purposes of (b) and (c) above, the number of Common Shares outstanding is to be determined on the basis of the number of Common Shares outstanding at the time of the reservation or issuance, as the case may be, excluding Common Shares issued under the Plan or under any other Share Compensation Arrangement over the preceding one-year period.

4.5 Non-Exclusivity

Nothing in this Plan will prevent the Board from adopting other or additional Share Compensation Arrangements, subject to obtaining any required regulatory or shareholder approvals.

4.6 Amendment of Plan and Options

(a) The Board may amend, suspend or terminate the Plan at any time, provided that no such amendment, suspension or termination may:

(i) be made without obtaining any required regulatory approval or consent by applicable regulatory bodies, including the Toronto Stock Exchange and the New York Stock Exchange, or shareholder approvals as provided for in section 3.7; or

(ii) prejudice the rights of any Optionholder under any Option previously granted to the Optionholder, without the consent or deemed consent of the Optionholder.

(b) Subject to sections 3.6(a) and 3.7 the Board shall have the power and authority to approve amendments relating to the Plan or to Options, without further approval of the shareholders, including, without limitation, to the extent that such amendment:

(i) is for the purpose of curing any ambiguity, error or omission in the Plan or to correct or supplement any provision of the Plan that is inconsistent with any other provision of the Plan;

(ii) is necessary to comply with applicable law or the requirements of any stock exchange on which the Optioned Shares are listed;

(iii) is an amendment to the Plan respecting administration and eligibility for participation under the Plan;

(iv) is an amendment to the Plan of a "housekeeping nature", or

(v) is an amendment to the terms of any outstanding Option (including, without limitation, to cancel an Option or amend the date or dates on which an Option or a portion thereof vests and so becomes exercisable), provided that:

A. the Board would have had the authority to initially grant the Option under terms as so amended; and

B. the consent or deemed consent of the Optionholder is obtained if the amendment would prejudice the rights of the Optionholder under the Option.

4.7 Amendments for which Shareholder Approval is Required

Shareholder approval is not required for amendments to the Plan or Options except as may be required by applicable regulatory bodies, including the Toronto Stock Exchange and New York Stock Exchange and except for any amendment that:

(a) increases the maximum number of Common Shares reserved for issuance pursuant to Options granted under the Plan;

(b) reduces the Exercise Price of an Option to a price below the Exercise Price applicable to such Option determined at the Grant Date; except for the purpose of maintaining Option value in connection with a conversion, change, reclassification, redivision, redesignation, subdivision or consolidation of Common Shares (or a reorganization, amalgamation, consolidation, merger, takeover bid or similar transaction involving the Corporation);

(c) permits the grant of an Option in exchange for, or in connection with, the cancellation or surrender of an Option;

(d) extends the term of an Option beyond the Expiry Date determined at the time of the grant of the Option, except for the extension of the term of an Option beyond the Expiry Date in accordance with section 4.6.1 when the Expiry Date falls within a Trading Blackout;

(e) amends the Plan to permit the granting of an Option with a term in excess of ten years;

(f) amends the Plan to permit non-employee directors of the Corporation or its subsidiaries to participate in the Plan;

(g) amends the Plan to permit Options to be assigned other than to:

(i) an Optionholder's Family Trust, Personal Holding Corporation or Retirement Trust (or between such entities or from either of such entities to the Optionholder),

(ii) a legal representative of the Optionholder's estate or a person who acquires the Optionholder's rights under the Option by bequest or inheritance on death of the Optionholder, or

(iii) otherwise for normal purposes of the settlement of estates of Optionholders;

(h) amends the Plan to permit the grant of instruments other than Options or SARs, including without limitation deferred shares, restricted shares or performance shares; or

(i) amends the amendment provisions contained in section 3.7 for which shareholder approval is required.

4.8 Compliance with Laws and Stock Exchange Rules

The Plan, the grant and exercise of Options under the Plan and the Corporation's obligation to issue Common Shares on exercise of Options will be subject to all applicable federal, provincial and foreign laws, rules and regulations and the rules of any stock exchange on which the Common Shares are listed for trading. No Option will be granted and no Common Shares will be issued under the Plan where such grant or issue would require registration of the Plan or such Common Shares under the securities laws of any foreign jurisdiction except the securities laws of the United States. Common Shares issued to Optionholders pursuant to the exercise of Options may be subject to limitations on sale or resale under applicable securities laws.

ARTICLE 5 - GRANT OF OPTIONS

5.1 Grants of Options

Options may be granted to Eligible Persons from time to time (prior to the Date of Termination in respect of a particular Eligible Person) in accordance with this Plan.

5.2 Option Agreement

(a) Upon the grant of an Option, the Corporation will deliver to the Optionholder an Option Agreement dated the Grant Date, containing the terms of the Option and executed by the Corporation. Upon return to the Corporation of the Option Agreement, executed by the Optionholder, the Optionholder will be a participant in the Plan and have the right to purchase the Optioned Shares on the terms set out in the Option Agreement and in the Plan.

(b) An Optionholder may elect at the time of grant to have all or a portion of the Option granted to the Optionholder's Family Trust, Personal Holding Corporation or Retirement Trust (if permitted by applicable securities laws). In that case, an Option Agreement will be entered into between the Corporation and the Family Trust, Personal Holding Corporation or Retirement Trust, which will be the Optionholder for the purposes of this Plan.

5.3 Exercise Price

The Exercise Price of Common Shares subject to an Option will be determined or ratified by the Administrator and will not be less than the market price of the Common Shares at the Grant Date, calculated as:

(a) the closing price of a board lot of the Common Shares on the Toronto Stock Exchange, if the Option is granted in Canadian dollars, or on the New York Stock Exchange, if the Option is granted in United States dollars, on:

(i) the last trading day preceding the Grant Date, if the Option is granted before the close of trading on the Grant Date; or

(ii) the Grant Date, if the Option is granted after the close of trading on the Grant Date;

provided that if the Common Shares did not trade on that trading day, then the closing price on the last preceding trading day on which a board lot of the Common Shares traded will be used;

(b) such other Exercise Price as may be permitted or required by the Toronto Stock Exchange or the New York Stock Exchange, as applicable.

5.4 Time of Exercise

(a) An Option may be exercised by an Optionholder from time to time as follows:

(i) on and after the second anniversary of the Grant Date, as to 50% of the Optioned Shares or any part thereof; and

(ii) on and after the third anniversary of the Grant Date, as to the remaining 50% of the Optioned Shares or any part thereof.

(b) Notwithstanding section 4.4(a):

(i) the Administrator may determine on the Grant Date that a particular Option will be exercisable in whole or in part on different dates or for reasons other than the passage of time (including the achievement by the Corporation or the Optionholder of specified performance or other criteria);

(ii) the Board may determine after the Grant Date that a particular Option will be exercisable in whole or in part on earlier dates for any reason; and

(iii) an Option will be exercisable on an earlier date pursuant to section 4.11, with respect to a Change of Control.

5.5 Expiry Date

The Expiry Date of an Option will be ten years after the Grant Date, subject to:

(a) the right of the Administrator to determine at the time of grant that a particular Option will have a shorter term;

(b) the provisions of section 4.6.1 relating to Blackout Period extensions of the Expiry Date; and

(c) the provisions of section 4.7 relating to early expiry.

5.6 Grants of SARs

(a) SARs may be granted to Eligible Persons at the same time as the grant of an Option.

(b) SARs, if granted, will have the following terms (or such other terms as are consistent with the related Options):

(i) the number of SARS to be granted shall, in the sole discretion of the Administrator, be:

A. one SAR for every two Optioned Shares, or

B. one SAR for each Optioned Share;

(ii) the reference price for an SAR will be the same as the Exercise Price of the related Option;

(iii) SARs may be exercised from time to time by an Optionholder as follows:

A. on and after the second anniversary of the Grant Date, as to 50% of the SARs or any part thereof;

B. on and after the third anniversary of the Grant Date, as to the remaining 50% of the SARs or any part thereof;

(iv) exercise of SARs will result in a reduction in the number of Optioned Shares on the basis of one Optioned Share for each exercised SAR;

(v) exercise of an Option will result in a reduction in the number of SARs on the basis of:

A. one SAR for each Optioned Share purchased in excess of 50% of the number of Optioned Shares, where one SAR was granted for every two Optioned Shares, and

B. one SAR for each Optioned Share purchased, where one SAR was granted for each Optioned Share; and

(vi) the Expiry Date of an SAR will be ten years after the Grant Date.

(c) An Optionholder who wishes to exercise an SAR may do so by delivering a completed Notice of Exercise to the Corporation on or before the Expiry Date of the SAR.

(d) Not later than five business days after receipt by the Corporation pursuant to section 4.6(c) of the Notice of Exercise, the Corporation will pay to the Optionholder, for each exercised SAR, an amount equal to:

(i) the closing price of a board lot of the Common Shares on the Toronto Stock Exchange, if the Option is granted in Canadian dollars, or on the New York Stock Exchange, if the Option is granted in United States dollars on:

A. the last trading day preceding the day of receipt by the Corporation of the Notice of Exercise, if received by the Corporation before the close of trading; or

B. the day of receipt by the Corporation of the Notice of Exercise, if received by the Corporation after the close of trading;

provided that if the Common Shares did not trade on the relevant day, then the closing price on the last preceding trading day on which a board lot of the Common Shares traded will be used; less

(ii) the Exercise Price.

(e) The provisions of this Plan with respect to Options apply to SARs, where appropriate and with the necessary changes.

4.6.1 Blackout Period Extension of Expiry Date

If the Expiry Date of an Option falls within a Blackout Period, the Expiry Date of that Option shall be extended to the date ten business days after the date on which Blackout Period ends, provided that if within ten business days of the end of a Blackout Period an additional Blackout Period commences the Expiry Date of that Option shall be further extended at the end of the additional Blackout Period so that the number of days during which the Optionholders are able to exercise the Option is extended for a total of ten business days.

5.7 Early Expiry

An Option will continue in effect until its Expiry Date or expire before its Expiry Date, as the case may be, in the following events and manner:

(a) if an Optionholder resigns from his or her employment (other than in the circumstances described in (c)), or an Optionholder's contract as a Consultant terminates at its normal termination date, then only the portion of the Option that is exercisable at the date of resignation or termination may be exercised by the Optionholder and any such exercise must be during the period ending on the earlier of (i) 30 days after the date of resignation or termination and (ii) the Expiry Date, after which period the Option will expire;

(b) if an Optionholder's employment is terminated by the Corporation or a Subsidiary without Cause, including a constructive dismissal, or an Optionholder's contract as a Consultant is terminated by the Corporation or a Subsidiary before its normal termination date without Cause, then the Option will continue to become exercisable by the Optionholder pursuant to section 4.4(a) after the Date of Termination and any exercise of the Option must be during the period ending on the earlier of (i) six months after the Date of Termination and (ii) the Expiry Date, after which period the Option will expire;

(c) if an Optionholder's employment is terminated by the Corporation or a Subsidiary for Cause, or an Optionholder's contract as a Consultant is terminated by the Corporation or a Subsidiary before its normal termination date for Cause, including where an Optionholder resigns from his or her employment or terminates his or her contract as a Consultant after being requested to do so by the Corporation or a Subsidiary as an alternative to being terminated for Cause, then the Option will expire on the Date of Termination;

(d) if an Optionholder's contract as a Consultant is frustrated before its normal termination date due to permanent disability, then only the portion of the Option that is exercisable at

the date of frustration may be exercised by the Optionholder and any such exercise must be during the period ending on the earlier of (i) six months after the date of frustration and (ii) the Expiry Date, after which period the Option will expire;

(e) if an Optionholder's employment ceases due to permanent disability, then the Option will continue to become exercisable pursuant to section 4.4 and will expire on the Expiry Date;

(f) if an Optionholder retires upon attaining the mandatory or early retirement age established by the Corporation or a Subsidiary from time to time ("Retires") and gives notice of retirement (the "Retirement Notice") to the Corporation or a Subsidiary in accordance with policy established by the Corporation or a Subsidiary from time to time, then the Option will continue to become exercisable pursuant to section 4.4 and will expire on the earlier of

(i) the date five (5) years after the Optionholder Retires, and

(ii) the Expiry Date, after which period the Option will expire.

If an Optionholder Retires without giving the Retirement Notice the provisions of section 4.7(a) shall apply to such Optionholder; and

(g) if an Optionholder dies, the Option will vest immediately after the death of the Optionholder, any exercise of the Options must be effected by a legal representative of the Optionholder's estate or by a person who acquires the Optionholder's rights under the Option by bequest or inheritance, and any such exercise must be during the period ending on the earlier of:

(i) 12 months after the death of the Optionholder and

(ii) the Expiry Date, after which period the Option will expire,

notwithstanding the foregoing, if an Option may vest, or vests, for reasons other than the passage of time (including the achievement by the Corporation or the Optionholder of specified performance or other criteria) then, if an Optionholder dies, such Option will continue to become exercisable pursuant to section 4.4(a) after the death of the Optionholder, any exercise of such Option must be effected by a legal representative of the Optionholder's estate or by a person who acquires the Optionholder's rights under the Option by bequest or inheritance and any such exercise must be during the period ending on the earlier of

(iii) 12 months after the death of the Optionholder and

(iv) (ii) the Expiry Date, after which period the Option will expire,

subject to the right of:

A. the Administrator to, on the Grant Date, set shorter or longer periods for exercise (not later than the Expiry Date) with respect to a particular Optionholder; and

B. the Board to, after the Grant Date, set shorter (with the consent of the Optionholder) or longer periods for exercise (not later than the Expiry Date) with respect to a particular Optionholder or group of Optionholders.

5.8 Limited Assignment

(a) An Option may not be assigned, except to:

(i) an Optionholder's Family Trust, Personal Holding Corporation or Retirement Trust (or between such entities or from either of such entities to the Optionholder); or

(ii) a legal representative of the Optionholder's estate or a person who acquires the Optionholder's rights under the Option by bequest or inheritance on death of the Optionholder.

(b) If a Personal Holding Corporation to which an Option has been granted or assigned is no longer controlled by the related Eligible Person, or the shares of the Personal Holding Corporation are no longer beneficially owned by the Eligible Person and persons who were the spouse, minor children or minor grandchildren of the Eligible Person at the time of the grant or assignment, then the Option cannot be exercised until it is assigned by the Personal Holding Corporation to that Eligible Person or another assignee permitted by section 4.8(a).

5.9 No Rights as Shareholder or to Remain an Eligible Person; Status of Consultants

(a) An Optionholder will only have rights as a shareholder of the Corporation with respect to those of the Optioned Shares that the Optionholder has acquired through exercise of an Option in accordance with its terms.

(b) Nothing in this Plan or in any Option Agreement will confer on any Optionholder any right to remain as an officer, employee or Consultant of the Corporation or any Subsidiary.

(c) Nothing in this Plan or in any Option Agreement entered into with a Consultant will constitute the Consultant as an employee of the Corporation or any Subsidiary.

5.10 Adjustments

Adjustments will be made to (i) the Exercise Price of an Option, (ii) the number of Common Shares delivered to an Optionholder upon exercise of an Option and/or (iii) the maximum number of Common Shares that, pursuant to section 3.2(a), may at any time be reserved for issuance pursuant to Options granted under the Plan in the following events and manner, subject to any required regulatory approvals and the right of the Board to make such other or additional adjustments, or to make no adjustments at all, as the Board considers to be appropriate in the circumstances:

(a) upon (i) a subdivision of the Common Shares into a greater number of Common Shares, (ii) a consolidation of the Common Shares into a lesser number of Common Shares or (iii) the issue of a stock dividend to holders of the Common Shares (excluding a stock dividend paid in lieu of a cash dividend in the ordinary course), the Exercise Price will be adjusted accordingly and the Corporation will deliver upon exercise of an Option, in addition to or in lieu of the number of Optioned Shares in respect of which the right to purchase is being exercised, such greater or lesser number of Common Shares as result from the subdivision, consolidation or stock dividend;

(b) upon (i) a capital reorganization, reclassification or change of the Common Shares, (ii) a consolidation, amalgamation, arrangement or other form of business combination of the Corporation with another person or corporation or (iii) a sale, lease or exchange of all or substantially all of the property of the Corporation, the Exercise Price will be adjusted

accordingly and the Corporation will deliver upon exercise of an Option, in lieu of the Optioned Shares in respect of which the right to purchase is being exercised, the kind and amount of shares or other securities or property as results from such event;

(c) upon the distribution by the Corporation to holders of the Common Shares of (i) shares of any class (whether of the Corporation or another corporation) other than Common Shares, (ii) rights, options or warrants, (iii) evidences of indebtedness or (iv) cash (excluding a cash dividend paid in the ordinary course), securities or other property or assets, the Exercise Price will be adjusted accordingly but no adjustment will be made to the number of Optioned Shares to be delivered upon exercise of an Option;

(d) upon the occurrence of an event described in (a) or (b) above, the maximum number of Common Shares that, pursuant to section 3.2(a), may at any time be reserved for issuance pursuant to Options granted under the Plan will be adjusted accordingly;

(e) adjustments to the Exercise Price of an Option will be rounded up to the nearest one cent and adjustments to the number of Common Shares delivered to an Optionholder upon exercise of an Option and the maximum number of Common Shares that, pursuant to section 3.2(a), may at any time be reserved for issuance pursuant to Options granted under the Plan will be rounded down to the nearest whole Common Share; and

(f) an adjustment will take effect at the time of the event giving rise to the adjustment, and the adjustments provided for in this section are cumulative;

5.11 Change of Control

(a) If after the occurrence of a Change of Control an Optionholder's employment is terminated by the Corporation or a Subsidiary without Cause, including a constructive dismissal, or an Optionholder's contract as a Consultant is terminated by the Corporation or a Subsidiary before its normal termination date without Cause, the Optionholder may exercise the Option, notwithstanding section 4.4(a), as to any of the Optioned Shares in respect of which the Option has not been exercised. Notwithstanding the foregoing, for Options granted prior to February 28, 2012, on the occurrence of a Change of Control, an Optionholder may exercise the Option, notwithstanding section 4.4(a), as to any of the Optioned Shares in respect of which the Option has not been exercised.

(b) If a "take-over bid" (within the meaning of applicable securities legislation) made by any person for the voting securities of the Corporation would, if successful, result in a Change of Control, then:

(i) the Corporation will promptly notify the Optionholder of the take-over bid and the rights of the Optionholder under this section;

(ii) the Optionholder may exercise the Option, notwithstanding section 4.4(a), as to any of the Optioned Shares in respect of which the Option has not been exercised, during the period ending on the earlier of the expiration of the take-over bid and the Expiry Date;

(iii) exercise of the Option shall only be for the purpose of depositing the Optioned Shares pursuant to the take-over bid;

(iv) the Optionholder may elect cashless exercise pursuant to section 5.3, which will apply with the necessary changes; and

(v) if the Optioned Shares are not deposited by the Optionholder pursuant to the take-over bid or, if deposited, are subsequently withdrawn by the Optionholder or not all taken up and paid for by the offeror, then the Optionholder shall promptly return the Optioned Shares (or the portion that are not taken up and paid for) to the Corporation for cancellation, the Option respecting such Optioned Shares shall be deemed not to have been exercised, the Optioned Shares shall be deemed not to have been issued and the Corporation shall refund to the Optionholder the aggregate Exercise Price for the Optioned Shares (unless the Optionholder elected cashless exercise).

ARTICLE 6 - EXERCISE OF OPTIONS

6.1 Manner of Exercise

An Optionholder who wishes to exercise an Option may do so by delivering the following to the Corporation on or before the Expiry Date of the Option:

(a) a completed Notice of Exercise; and

(b) subject to section 5.3, a cheque (which need not be a certified cheque) or bank draft payable to the Corporation for the aggregate Exercise Price of the Optioned Shares being acquired.

If the Optionholder is deceased or mentally disabled, the Option may be exercised by a legal representative of the Optionholder or the Optionholder's estate or by a person who acquires the Optionholder's rights under the Option by bequest or inheritance and who, in addition to delivering to the Corporation the Notice of Exercise and (if applicable) cheque or bank draft described above, must also deliver to the Corporation evidence of their status.

6.2 Delivery of Share Certificate

Not later than five business days after receipt by the Corporation pursuant to section 5.1 of the Notice of Exercise and payment in full for the Optioned Shares being acquired, the Corporation will direct its registrar and transfer agent to issue a certificate in the name of the Optionholder or an intermediary on behalf of the Optionholder (or, if deceased, his or her legal representative or beneficiary) for the number of Optioned Shares purchased by the Optionholder (or his or her legal representative or beneficiary), which will be issued as fully paid and non-assessable Common Shares.

6.3 Cashless Exercise

An Optionholder may elect "cashless" exercise in a Notice of Exercise if the Common Shares issuable on exercise of an Option are to be immediately sold. In such case, the Optionholder will not be required to deliver to the Corporation the cheque or bank draft referred to in section 5.1. Instead, the following procedure will be followed, as detailed in a Cashless Exercise Instruction Form to be provided by the Corporation and completed by the Optionholder:

(a) the Optionholder will instruct a broker selected by the Optionholder to sell through the Toronto Stock Exchange, if the Option is granted in Canadian dollars, or through the New York Stock Exchange, if the Option is granted in United States dollars, the Common Shares issuable on exercise of an Option, as soon as possible and at the then applicable bid price for the Common Shares of the Corporation;

(b) on the settlement date for the trade, the Corporation will direct its registrar and transfer agent to issue a certificate in the name of the broker (or as the broker may otherwise direct) for the number of Common Shares issued on exercise of the Option, against payment by the broker to the Corporation of the Exercise Price for such Common Shares; and

(c) the broker will deliver to the Optionholder the remaining proceeds of sale, net of brokerage commission.

5.4 Net Stock Settlement

(a) Unless otherwise determined by the Administrator at the Grant Date for an Option, an Optionholder shall be entitled to settle an Option in Common Shares, or a combination of Common Shares and cash, on a net basis calculated and in such form as provided in (c) and (d) below.

(b) Settlement of Options in such form may occur only if and to the extent the Option related thereto is then exercisable and if the Optionholder exercises such entitlement in accordance with such procedures as may be established by the Administrator.

(c) Upon exercise thereof and subject to payment or other satisfaction of all related withholding obligations in accordance with section 5.5 hereof, Options may be settled under this section by delivery of the greatest number of Common Shares having an aggregate Market Value on the date of exercise equal to the following amount:

the product of

(A) the excess of the Market Value of a Common Share on the date of exercise over the Exercise Price for a Common Share under the applicable Option,

multiplied by

(B) the number of Common Shares covered by the Option so settled.

For this purpose, Market Value means the closing price per Common Share of the Common Shares on the Toronto Stock Exchange, if the Option is granted in Canadian Dollars, or on the New York Stock Exchange if the Option is granted in United States dollars, on the trading day preceding the date of exercise.

(d) In addition, unless otherwise determined by the Administrator at the Grant Date, the Optionholder may elect to receive a combination of cash and Common Shares where the aggregate Market Value of the Common Shares and the amount of cash is equal in total to the aggregate amount determined as set forth in (c) above, the amount of cash being that which is determined by the Corporation to satisfy withholding obligations under section 5.5. In the event of such an election, such cash amount shall be used to satisfy the Optionholder's obligations under section 5.5.

(e) On settlement of an Option in accordance with this section, the Option shall be cancelled and the Optionholder shall have no further rights thereunder.

6.5 Withholding

If the Corporation determines that the satisfaction of taxes, including withholding tax, or other withholding liabilities is necessary or desirable in respect of the exercise of any Option, the exercise of the Option is not effective unless such taxes have been paid or withholdings made to the satisfaction of the Corporation. The Corporation may require an Optionholder to pay to the

Corporation, in addition to the Exercise Price for the Optioned Shares, any amount as the Corporation is obliged to remit to the relevant taxing authority in respect of the exercise of the Option. Any such additional payment is due no later than the date on which any amount with respect to the Option exercised is required to be included in the gross income of the Optionholder for tax purposes.

The terms and conditions of this Plan, including the acquisition, sale and delivery of Shares, are subject to compliance with all applicable laws, regulatory requirements and approvals.

Section 3 — Participation and Enrolment

Eligible Employees may elect to enrol as Participants in the Plan in any calendar month in which they are eligible. To enrol, the Eligible Employee must complete and deliver to the Plan Administrator an Enrolment/Change Form. Enrolment in the Plan will be effected as soon as practicable once the completed Enrolment/Change Form is received and processed by both the Plan Administrator and CPR. Delivery of a duly executed Enrolment/Change Form shall constitute acceptance by the Eligible Employee of all the terms and conditions of the Plan as set forth herein and of any regulations adopted or to be adopted pursuant to Section 11 herein.

The Plan Administrator will send a written letter of confirmation of enrolment to the Participant where applicable as soon as practicable.

Participation in the Plan is voluntary. CPR is not making any representations or warranties as to the value of Shares at any time, nor recommending to employees as to whether or not they should participate in the Plan. Employees considering participation in the Plan should consult their own accountant, legal counsel or other financial advisors regarding participation in the Plan.

Section 4 — Participant Contributions to the Plan

4.1 Amount of Contributions

Participants may contribute, via payroll deductions, a percentage of their Eligible Earnings ranging from a minimum of one per cent (1%) to a maximum of ten per cent (10%) (based on whole percentages) for investment under the Plan. The Participant shall indicate the percentage amount of Participant Contributions on the Enrolment/Change Form. Participant Contributions up to six per cent (6%) of Eligible Earnings shall be eligible for Company Contribution pursuant to Paragraph 5.1.

In the event that the Eligible Earnings of a Participant vary at any time in the course of a Plan Year, the Participant Contributions of such Participant shall be automatically adjusted accordingly in order to remain equal to the selected percentage of the Participant's Eligible Earnings as set out in the Enrolment/ Change Form.

4.2 Payroll Deductions

Each Participant shall make Participant Contributions to the Plan by regularly scheduled payroll deductions at the end of each Pay Period for the percentage indicated on the Enrolment/Change Form. The Participant Contributions in any given Plan Year shall be made on the basis of the year of receipt of the Eligible Earnings from which such Participant Contributions are deducted. Payroll deductions shall commence as soon as practicable once the completed Enrolment/Change Form is received and processed by both the Plan Administrator and CPR.

4.3 Continuing Contributions

With the exception of a Participant's voluntary suspension of Participant Contributions as provided for in Paragraph 4.8, Participant Contributions via payroll deductions shall continue indefinitely while the Participant continues to receive Eligible Earnings. Should a Participant cease to receive Eligible Earnings from time to time, payroll deductions will cease and shall resume following the receipt of Eligible Earnings.

4.4 Union Representative Participant Contributions

In the case of Eligible Bargaining Unit Representatives where contributions via payroll deductions are not possible, contributions may be made via post-dated checks provided to CPR, subject to the provisions of Paragraph 4.1. Contributions by this method may be made only on a monthly basis. Upon request, CPR shall notify Eligible Bargaining Unit Representatives of the amount of Eligible Earnings available for determination of contribution amounts and CPR will bring all such Eligible Bargaining Unit Representatives to the Plan Administrator's attention.

4.5 No Retroactive Contributions

A Participant may not make retroactive Participant Contributions to the Plan, unless CPR determines otherwise.

4.6 No Lump Sum Contributions

A Participant may not make lump sum Participant Contributions to the Plan, unless CPR determines otherwise.

4.7 Changes to a Participant's Contribution Level

A Participant may change contribution levels, in whole percentages, once per calendar quarter by providing to the Plan Administrator an Enrolment/Change Form indicating the desired change no later than two (2) weeks prior to the last day of that quarter. The change will be implemented as soon as practicable once the completed Enrolment/Change Form is received and processed by both the Plan Administrator and CPR at which time the Participant Contributions shall be adjusted accordingly, provided such adjustment conforms with Paragraph 4.1.

4.8 Voluntary Suspension of Contributions

A Participant may at any time, by completing and delivering to the Plan Administrator an Enrolment/Change Form, request that Participant Contributions be suspended. The suspension will be implemented as soon as practicable once the completed Enrolment/Change Form is received and processed by both the Plan Administrator and CPR. Participant Contributions shall also be suspended during any period of time that such suspension is required in connection with a hardship withdrawal under any pension plan of CPR qualified under section 401(a) of the Code ("Hardship Suspension"). A Hardship Suspension shall be treated as a voluntary suspension under this Paragraph 4.8. However, in the event of a suspension under this Paragraph 4.8, the Participant shall not be allowed to resume making Participant Contributions until a waiting period of six (6) consecutive months (which shall be treated as running concurrently with any Hardship Suspension) has passed. Upon expiration of the six (6) month waiting period the Participant will have the option of resuming Participant Contributions by completing and delivering to the Plan Administrator a new Enrolment/Change Form. Participant Contributions shall resume as soon as practicable once the completed Enrolment/Change Form is received and processed by both the Plan Administrator and CPR at which time the Participant Contributions shall be adjusted accordingly, provided such adjustment conforms with Paragraph 4.1. If the voluntary suspension exceeds a period of four (4) consecutive full calendar quarters, CPR shall terminate the participation in the Plan of the Participant in accordance with the provisions of Paragraph 9.2.

4.9 Leaves of Absence

Subject to Paragraphs 4.1 and 4.3, a Participant shall continue to make Participant Contributions during any leave of absence for which the Participant continues to receive Eligible Earnings unless such Participant has completed and delivered to the Plan Administrator an Enrolment/Change Form indicating a desire to suspend Participant Contributions, during the period of such absence, in which event Paragraph 4.8 shall become applicable where appropriate and with the necessary changes.

If at any time prior to or during such leave of absence the Participant ceases to receive Eligible Earnings the Participant Contributions of the Participant will cease and shall resume following the receipt of Eligible Earnings. Should the cessation of contributions

under this Paragraph 4.9 extend for a period exceeding four (4) consecutive full calendar quarters, the provisions of Paragraph 9.2 shall apply.

4.10 Remittance of Participant Contributions

Participant Contributions withheld through payroll deduction by CPR and Affiliates in each Pay Period shall be remitted by CPR and Affiliates to the Plan Administrator as soon as practicable but not later than the fifth (5) Business Day following the date such withholding is effected. Participant Contributions described in Paragraph 4.4 shall be remitted by CPR to the Plan Administrator no later than the fifth (5) Business Day following the date of the post-dated check. All Participant Contributions remitted to the Plan Administrator shall be invested solely in Restricted Shares.

4.11 Continued Participation in Plan

During any suspension of Participant Contributions under Section 4 a Participant shall remain eligible to receive Company Contributions earned prior to such suspension of Participant Contributions.

Section 5 — Company Contributions to the Plan

5.1 Company Contributions

In any month during which a Participant has made Participant Contributions, CPR shall remit to the Plan Administrator, in accordance with the provisions of Paragraph 4.10, a Company Contribution. Such Company Contribution shall be equal to thirty-three (33%) percent of the amount of any Participant Contributions being remitted during such period up to six per cent (6%) of Eligible Earnings. For greater certainty Participant Contributions in excess of six per cent (6%) of Eligible Earnings shall not be eligible for corresponding Company Contribution.

The vesting of any Shares purchased with such Company Contributions is contingent upon holding the corresponding Restricted Shares within the Participant Account during the vesting period in accordance with Paragraph 8.4. Actual Company Contributions may be reduced from time to time by the value of forfeited Shares in the Plan Reserve. Shares purchased with Participant Contributions in excess of six per cent (6%) of Eligible Earnings shall be deemed to be Unrestricted Shares.

5.2 Use of Funds

All Company Contributions shall be invested solely in Unvested Shares.

Section 6 – Asset Fund

6.1 Assets of the Asset Fund

The Plan Administrator shall receive from CPR, or its Affiliates, the Participant Contributions of all the Participants made in accordance with Section 4 and the Company Contributions made to the Plan in accordance with Section 5. Participant

Contributions, Company Contributions, and the Shares acquired therewith and any dividends paid on Restricted Shares and Unrestricted Shares thereon, from the date of receipt by the Plan Administrator, shall constitute the Asset Fund of the Plan and shall be held, invested, managed, administered and dealt with by the Plan Administrator pursuant to the terms of the Plan.

6.2 Allocations to Participant Accounts

The Plan Administrator shall maintain a separate Account for each Participant. The Plan Administrator shall credit to the Account of a Participant all Company Contributions made for the benefit of the said Participant, all Participant Contributions made by such Participant, and all Shares acquired therewith. The Plan Administrator shall allocate either absolutely or contingently to each Participant all capital gains realized, and capital losses sustained by the Asset Fund on their Account at such time or times as the Plan Administrator may determine, but in any event, at least annually. The Plan Administrator shall credit to the Plan Reserve all Unvested Shares forfeited by Participants in accordance with Paragraph 8.5.

Section 7 — Investment

7.1 Acquisition of Shares with Participant Contributions

The Plan Administrator shall use Participant Contributions eligible for Company Contribution to purchase Restricted Shares and shall use Participant Contributions not eligible for Company Contribution to purchase Unrestricted Shares, only on the open market through the Stock Exchange.

The Plan Administrator will purchase the requisite number of Restricted Shares and Unrestricted Shares as soon as practicable, as determined by the Plan Administrator, but in no circumstances less than once per calendar month or any other such period as required by securities legislation, stock exchange rules, or other relevant rules. The Plan Administrator will allocate the Restricted Shares and Unrestricted Shares to the appropriate Participant Accounts after each purchase.

7.2 Acquisition of Unvested Shares

The Plan Administrator shall use Company Contributions to purchase Unvested Shares on the open market through the Stock Exchange.

The Plan Administrator will purchase the requisite number of Unvested Shares as soon as practicable, as determined by the Plan Administrator, but in no circumstances less than once per calendar month or any other such period as required by securities legislation, Stock Exchange rules, or other relevant rules.

7.3 Number of Shares Purchased

The number of Restricted Shares, Unrestricted Shares and Unvested Shares purchased depends upon the Market Price of the Shares at the time purchases are made and the total amount of contributed funds available for each of the respective purchases. To the

extent set forth in Section 10.6, CPR will be responsible for the payment of all brokerage commissions or similar fees incurred in connection with such purchases.

The maximum number of Shares that may be purchased pursuant to this Plan is 1,000,000.

Notwithstanding the provisions of Paragraphs 7.1 and 7.2 and Section 8, the Plan Administrator, in its discretion, may limit the daily volume of its purchases of Shares and sales of Shares or make such purchases and sales over several trading days to the extent that such action is deemed by it to be in the best interests of Participants. Should the purchase or sale of Shares by the Plan Administrator in any given month be at various prices, the Plan Administrator shall establish an average weighted purchase or sale price, as the case may be, applicable for each Share in the relevant month.

7.4 Registration of Shares

At the time of purchases, all Participants shall acquire beneficial ownership of all Restricted Shares and Unrestricted Shares and of any fractional interest in Restricted Shares and Unrestricted Shares acquired for their Account. Notwithstanding any other provisions of this Plan, no fractional common share certificates will be issued.

All Shares purchased by the Plan Administrator on behalf of a Participant pursuant to this Plan shall be registered in the name of the Plan Administrator, on behalf of such Participant. Provided Unvested Shares have not been forfeited pursuant to Paragraph 8.5 and are governed by the provisions of the Plan, they shall be held by the Plan Administrator on behalf of Participants. All rights and privileges, however, with respect to Shares, including voting rights, shall be exercised by Participants through the Plan Administrator, and any dividends shall be credited to Participant Accounts.

7.5 Allocation of Shares

Allocations of Restricted Shares and Unrestricted Shares shall be made to each Participant’s Account in proportion to the contributions received in respect of such Participant. Allocations shall be made in whole and fractional Shares. Restricted Shares and Unrestricted Shares purchased with Participant Contributions shall be held for the Account of Participants. Participants shall not be allowed under any circumstance to withdraw a fraction of a Share. The value of any such fractional Share will be paid in cash.

7.6 Dividends

In the event a cash dividend is paid to holders of Shares, the net amount of such cash dividend attributable to Shares allocated to Plan Accounts, excluding any Unvested Shares, shall be applied to purchase Unrestricted Shares for the benefit of Participants. The net amount of the cash dividend that is available for the purchase of Shares shall be determined after deduction from the gross amount of the cash dividend of such amount of income and employment tax (if any) as is required to be withheld in accordance with applicable law (including foreign law) to the extent applicable to the Participant in question.

Each Participant shall receive quarterly confirmation from the Plan Administrator, which will include all changes, if any, in the amount of common shares held for the Participant's Account.

7.7 Interest

All Participant Contributions and Company Contributions remitted to the Plan Administrator shall, prior to the acquisition of Restricted Shares, Unrestricted Shares or Unvested Shares, earn interest. Any such interest earned on contributions between the time of receipt, by the Plan Administrator, and their subsequent investment in Shares shall be applied to offset Basic Administration Expenses, to the extent possible, in accordance with all applicable laws and regulations.

7.8 Shares acquired at end of Plan Year

Where Participant Contributions and/or purchases are made in respect of a Plan Year, but are not settled until after the end of that Plan Year, such Shares will be reflected in the new Plan Year.

Section 8 — Withdrawals/Sales of Shares

8.1 Sale of Shares

Upon completion and delivery to the Plan Administrator of a completed Withdrawal/Termination Form, a Participant may direct the Plan Administrator to sell some or all of the Unrestricted Shares or Restricted Shares in their Account. Upon such sale, the Plan Administrator shall pay to the Participant an amount equal to the net proceeds from the sale of such Shares. Any fees applicable to the sale of Shares shall be paid by Participants and withheld from settlement of the sale by the Plan Administrator.

For the purpose of the Plan, a Participant shall be deemed to sell all Unrestricted Shares in the Account prior to the sale of Restricted Shares in the Account. For purposes of the Plan, Restricted Shares shall be deemed to be sold on a "first in, first out" basis for purposes of determining forfeiture of Unvested Shares in accordance with Paragraph 8.5.

The price of fractional Shares will be the same as the price of whole Shares. Fractional Shares may only be sold by a Participant upon termination of participation in the Plan.

8.2 Withdrawal of Shares

Upon completion and delivery to the Plan Administrator of a completed Withdrawal/Termination Form, a Participant may direct the Plan Administrator to withdraw some or all of the Unrestricted Shares and/or Restricted Shares in the Account. Upon such withdrawal, the Plan Administrator shall transfer title and deliver to the Participant those Shares that have been withdrawn at the Participant's direction. Any fees applicable to the withdrawal of Shares shall be payable by the Participant and withheld from settlement by the Plan Administrator.

For the purpose of the Plan, a Participant shall be deemed to withdraw the Unrestricted Shares in the Account prior to the withdrawal of Restricted Shares in the Account. For purposes of the Plan, Restricted Shares shall be deemed to be withdrawn on a “first in, first out” basis for purposes of determining forfeiture of Unvested Shares in accordance with Paragraph 8.5.

The price of fractional Shares will be the same as the price of whole Shares. Fractional Shares may only be withdrawn by a Participant upon termination of participation in the Plan.

8.3 Restriction on Sale and Withdrawal

A Participant may not direct the Plan Administrator to sell or withdraw any Unvested Shares. In the event a Participant sells or withdraws any Restricted Shares, the Participant shall forfeit all Unvested Shares contingent on such Restricted Shares in accordance with Paragraph 8.5.

Should a Participant make more than two (2) transactions being either a sale or withdrawal during a Plan Year such Participant shall be suspended from contributing to the Plan for a period of six (6) consecutive months from the date of such transaction, provided that the foregoing restriction shall not apply to Unrestricted Shares for which there were no corresponding Unvested Shares purchased with a Company Contribution. For greater certainty, any Unrestricted Shares purchased on behalf of a participant with Participant Contributions in excess of six per cent (6%) of Eligible Earnings may be sold or withdrawn by the Participant at any time without suspension of Participant from contributing to the Plan.

The Participant shall have the option of resuming Participant Contributions in accordance with the provisions of Paragraph 4.8 as if the suspension were deemed to be a voluntary suspension.

8.4 Vesting of Unvested Shares

All Unvested Shares shall immediately vest to become Unrestricted Shares on the first day of the calendar quarter after a holding period of four (4) consecutive full calendar quarters has passed subsequent to their purchase provided that the corresponding Restricted Shares upon which the Unvested Shares are contingent have, at all times during this period, been held for the Account of the Participant. Upon vesting of Unvested Shares all Restricted Shares upon which such Unvested Shares were contingent shall immediately become Unrestricted Shares.

8.5 Forfeiture of Unvested Shares

In the event a Participant chooses to sell or withdraw any Restricted Shares, such Participant shall forfeit all Unvested Shares contingent on such Restricted Shares and shall not be entitled to title to, or any proceeds of, such sale. Such Unvested Shares shall be credited to the Plan Reserve and may be utilized to satisfy future Company Contributions.

8.6 Compliance with Securities Laws

Any sale, withdrawal or other transfer of Shares pursuant to the Plan may only be made in compliance with applicable securities laws and Stock Exchange rules.

Section 9 –Termination of Participation in the Plan

9.1 Voluntary Termination of Participation

Participants may, at their discretion, terminate their participation in the Plan at any time by providing to the Plan Administrator a Termination/Withdrawal Form. The termination will be implemented as soon as practicable once the completed Termination/Withdrawal Form is received and processed by both the Plan Administrator and CPR. Upon such termination the Participant's Account will be closed by the Plan Administrator in accordance with the provisions of Paragraph 9.3.

9.2 Automatic Termination

The Plan Administrator shall, on behalf of CPR, terminate the participation in the Plan of any Participant who has had nil (zero) balances or has not made any Participant Contributions for a consecutive period exceeding four (4) consecutive full calendar quarters unless stated otherwise. The Plan Administrator shall monitor Participants who have not made contributions for such period and will, on behalf of CPR, terminate the participation in the Plan of such Participants. In the event of such termination the closure of the Participant's Account shall be handled in accordance with the provisions of Paragraph 9.3.

Dividends received within the period as a result of Share holdings within the Account do not qualify as contributions for the purposes of determining inactivity.

9.3 Account Closure Upon Termination

Upon the termination of a Participant's participation in the Plan for any reason the Plan Administrator will effect the closure of the Participant's Account and shall either transfer and deliver or sell all of the Unrestricted Shares and Restricted Shares in the Participant's Account, at the option of the Participant, or Legal Representative in the event of death of the Participant. The transfer and delivery of the Shares or payment of the net proceeds of sale, as the case may be, shall be effected as soon as practicable but in no event later than thirty (30) days from the date the Plan Administrator receives notification of such termination. Any fees applicable to the issuance of share certificates or the sale transaction will be payable by the Participant, or the Participant's estate in the event of death of the Participant and shall be withheld from settlement by the Plan Administrator.

If the Participant or Legal Representative fails to make an election, or if no Legal Representative comes forward to CPR, within ninety (90) calendar days of the termination of the Participant's participation in the Plan, the Plan Administrator shall issue a share certificate for all whole Shares recorded in such Account, plus a cash payment equal to the value of any fraction of a Share. The Plan Administrator shall send

the share certificate and any cash payment to the last known address of such Participant or Legal Representative, as the case may be.

The Participant shall not be entitled to title to, or proceeds of, sale of their Unvested Shares. Such Shares shall be credited to the Plan Reserve and may be utilized to satisfy future Company Contributions.

In the event of a transfer and delivery of Shares, the Plan Administrator will issue a share certificate for all whole Shares recorded in a Participant's Account, plus a cash payment equal to the value of any fraction of a Share as determined in accordance with the provisions of Paragraph 8.2.

The Plan Administrator shall send a written letter of confirmation of termination from the Plan to the Participant where applicable as soon as practicable.

9.4 Rejoining the Plan

Any former Participant who chooses to re-join the Plan will be subject to a mandatory six (6) month waiting period prior to re-enrolment. The Plan Administrator will keep track of such period and will, on behalf of CPR, re-enrol any former Participant who has completed such waiting period and submits a new Enrolment/Change Form as per Section 3. The re-enrolment of such Participant shall be effected as soon as practicable once the completed Enrolment/Change Form is received and processed by both the Plan Administrator and CPR.

9.5 Resignation or Termination for Cause

In the event that the employment of a Participant is terminated for cause or a Participant resigns, such Participant's participation in the Plan shall be terminated on the termination or resignation date, as the case may be. Upon notification of a termination or resignation the Plan Administrator shall effect the closure of the Participant's Account in accordance with Paragraph 9.3.

9.6 Termination in other circumstances

In the event of the death, Retirement or involuntary termination without cause of a Participant, such Participant's participation in the Plan will be terminated effective on the date of death or the date of retirement or termination, as the case may be. Upon notification of such termination, the Plan Administrator shall effect the closure of the Participant's Account in accordance with Paragraph 9.3 with the exception that all Unvested Shares shall vest immediately and all proceeds or title shall accrue to the benefit of the Participant.

9.7 Company Contributions Upon Certain Terminations

In the event of the death, Retirement or involuntary termination without cause of a Participant, CPR or the relevant Affiliate shall, not later than thirty (30) days following receipt of satisfactory evidence of death, Retirement or involuntary termination without cause remit to the Plan Administrator for the benefit of such Participant, any outstanding Company Contribution in accordance with Sections 5 and 8 and any such Company

Contributions previously remitted, but not yet allocated for the benefit of the Participant, shall be immediately so allocated.

Section 10 — Administration of the Plan

10.1 Responsibility for Administration

CPR will be responsible for the administration of the Plan and for the interpretation of its provisions. Where any reference in the Plan is made to any action to be taken, consent, approval or opinion to be given, direction or decision to be exercised or made by CPR, it shall be read as Canadian Pacific Railway Limited acting directly or through its subsidiaries and through their authorized officers or any other person authorized by the Board, where required for the purposes of the Plan.

10.4 Rules and Procedure

CPR may from time to time adopt rules and procedures in respect of the administration of the Plan, provided that all such rules and procedures shall be consistent with the provisions of the Plan as in effect from time to time. Such rules and procedures may vary for different employees. The rules and procedures shall be binding on all Participants and Eligible Employees in respect of whom such rules and procedures are applicable.

10.5 Delegation of Administrative Responsibilities

CPR may delegate to third parties, including the Plan Administrator, the whole or any part of the administration of the Plan and shall determine the scope of such delegation in its sole discretion. Any decision taken by CPR or its delegate in carrying out responsibilities with respect to the administration of the Plan, including the interpretation or application of any rules or procedures adopted, pursuant to Paragraph 11.1, shall be final and binding on the Participants and their beneficiaries.

10.6 Costs and Expenses

CPR shall pay net Basic Administration Expenses in connection with the operation of the Plan as determined by CPR. If the Participant fails to furnish timely instructions to the Plan Administrator, the Plan Administrator shall not vote the Participant's whole Shares. The Plan Administrator shall not vote any fractional Shares allocated to Participant's Plan Accounts and shall not vote any Shares not allocated to Participant Accounts as of the record date. The Plan Administrator shall keep confidential the voting instructions of the Participants and shall not disclose the same to CPR except to the extent required by law.

Section 11 — Plan Amendment and Termination

11.1 Plan Amendment

CPR reserves the right to amend the Plan, in whole or in part, at any time at its discretion without the consent of Participants, provided that no such amendment shall have the effect of reducing any benefits accrued to any Participant as of the date of amendment.

11.2 Plan Termination

CPR reserves the right to terminate the Plan at any time, in which event Participants' rights will be governed by Paragraph 9.6 as if the Participants' Retirements had all occurred on the date of the termination of the Plan. Any amount remaining in the Plan Reserve after the Participants have been allocated the amounts required pursuant to Paragraph 9.6 shall revert to CPR.

11.3 Plan Administrator Duties

No amendment, change, or modification shall be made to the Plan that will alter the duties of the Plan Administrator, without CPR's and the Plan Administrator's written consents.

11.4 The Plan Administrator

CPR, as agent for each Participant, may at any time remove the Plan Administrator and appoint a successor or successors to fill any vacancy arising for any reason whatever.

The Plan Administrator may, with CPR's written approval, delegate to any corporation authorized to carry on the business of a trust company in Canada, or the US, the duty to maintain records and to furnish statements in connection with all aspects of the Plan.

The Plan Administrator shall be indemnified and held harmless by CPR against and from any and all loss, cost, liability or expense resulting from any claim, action, suit or proceeding to which it may be a party or in which it may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by it in any settlement thereof (with CPR's written approval) or paid by it in satisfaction of a judgment in any such action, suit or proceeding against it. The Plan Administrator shall in writing give CPR a reasonable opportunity, at CPR's expense, to handle and defend such action within a time frame to be specified by the Plan Administrator, before the Plan Administrator undertakes to handle and defend such claim, action, suit or proceeding on its own behalf. CPR and the Participants shall be indemnified and held harmless by the Plan Administrator against and from any and all loss, cost, liability or expense resulting from the willful misconduct, negligence or bad faith of the Plan Administrator or of any person (other than CPR) to which the Plan Administrator has delegated any of its duties hereunder.

Section 12 — Market Fluctuation

CPR makes no representations or warranties to Participants with respect to the Plan or the Shares whatsoever. CPR shall not indemnify any Participant under the Plan against loss resulting from fluctuations in the price of Shares. Participants are expressly advised that all Participant Contributions and Company Contributions will be invested in Shares and the value of any Participant's Shares in the Plan will fluctuate as the trading price of the Shares fluctuates.

In seeking the benefits of participation in the Plan, a Participant solely accepts the risk of a decline in the market price of Shares in the Participant's Account.

Section 13 — Income Taxes

CPR and Participants acknowledge that sale of Shares by a Participant may result in income tax consequences including, without limitation, a taxable capital gain, or an allowable capital loss to the Participant under US tax law.

Participants shall be responsible to pay any and all income taxes resulting from participation in the Plan or the sale of Shares, including without limitation:

a) taxes from a capital gain;
b) taxes from the payment and receipt of dividends;
c) taxes from Company Contributions or the payment by CPR of brokerage or other fees where deemed under applicable law to be a taxable benefit to the Participant.

CPR shall have the right to withhold from any payment, including any payment of Eligible Earnings or other earnings, sufficient amounts to cover required withholding and income or employment taxes with respect to the Plan. If a Participant, including an Eligible Bargaining Unit Representative, does not have sufficient earnings available from which CPR can make any required withholdings, CPR may condition the allocation of Unvested Shares to the Account of the Participant on the receipt of the amount required for CPR to meet its withholding obligations, or may instruct the Plan Administrator to reduce the amount otherwise allocated to the Participant (or sell Shares allocated to the Participant on behalf of the Participant) and remit to CPR the amount required to meet CPR's withholding obligation (and any balance to the Participant). The provisions of Paragraphs 8.1 and 8.3 shall govern any sale of Shares pursuant to this Section.

Participants are expressly advised that US and Canadian tax laws are complex and subject to change and each Participant is solely responsible to contact his or her own accountant, legal representative or qualified financial advisor to determine what current effect any applicable tax legislation may have with respect to his or her participation in the Plan or the sale of Shares and to determine any tax consequences. The Plan Administrator will provide all Participants with all appropriate tax forms and receipts.

Section 14 — No Trading on Undisclosed Information

No Participant shall in any manner participate in the trading of Shares based upon insider or undisclosed material corporate information as prohibited by law. Any trading based on undisclosed material information by Participants may be subject to prosecution and may result in discipline by CPR up to and including termination of a Participant's employment with CPR. Participants should consult the Insider Trading Policy of CPR available from CPR.

Section 15 — General Provisions

15.1 No Additional Rights to Employment

(a) The opportunity to participate in this Plan does not constitute a contract of employment, nor does the existence of a contract of employment between any

person and CPR give such person any right or entitlement to participate in the Plan or any expectation that an opportunity to participate in the Plan will be offered to the person subject to any conditions or at all.

(b) The rights and obligations of a Participant under the terms of any contract of employment with CPR shall not be affected by participation in this Plan.

(c) The opportunity to acquire Shares pursuant to the Plan shall not afford a Participant or any Eligible Employee any rights or additional rights to compensation or damages in consequence of the loss or termination of the Participant's office or employment with CPR for any reason whatsoever.

(d) A Participant shall not be entitled to any compensation for damages for any loss or potential loss which they may suffer by reason of being or becoming unable to acquire Shares under the Plan in consequence of the loss or termination of his or her office or employment with CPR for any reason (including, without limitation, any breach of contract by CPR) or in any other circumstances whatsoever.

15.2 Employee Eligibility

CPR reserves the right to restrict participation in the Plan to any employee or employee groups at any time in its sole discretion, including, but not limited to, the right to refuse to offer employees or employee groups the opportunity to participate in the Plan in any jurisdiction where operating the Plan in such jurisdiction or in respect of such employees is or becomes onerous (including, without limitation, having regard to the costs involved), impossible, illegal or impracticable, as determined by CPR in its sole discretion.

15.3 Liability

No Participant shall make any claim or demand against CPR or the Plan Administrator and Participants agree and acknowledge that CPR and the Plan Administrator shall not be liable with respect to:

(a) the performance of Shares on the Stock Exchange at or during any period of time;

(b) changes in the local currency value of Shares held by a Participant, where applicable, resulting from fluctuations in the exchange rates between the US dollar and any other currency;

(c) income taxes payable in respect of the Plan, except to the extent that:

(i) CPR withholds any such amounts either from a Participant's Eligible Earnings, other earnings, or payments under the Plan; or
(ii) CPR (but not the employee) is liable for such payment under applicable law.

15.4 Participant’s Agreement to be bound by Plan Terms

Participation in the Plan by any Participant shall be construed as acceptance by the Participant of the terms and conditions of the Plan and all rules and procedures adopted

hereunder and as amended from time to time, and as the Participant's agreement to be bound thereby.

15.5 Indemnification

By electing to participate in the Plan a Participant agrees to indemnify:

(a) CPR; and
(b) the Plan Administrator; and
(c) any other person who is or becomes liable to account for tax, social security contributions or any other regulatory or statutory contributions on behalf of the Participant against any amount of or representing tax, or any other regulatory or statutory contributions for which CPR (or such other person) is liable to account in respect of or in consequence of the facilitation of Participant Contributions, for the benefit of such Participant and which (as between the Participant and CPR or such other person) is the liability of the Participant but which CPR or such other person cannot otherwise lawfully recover from the Participant (whether by way of deduction from payroll or otherwise).

15.6 Assignment Exemption from Seizure and Bankruptcy

Except as may otherwise be specifically provided by applicable law, no right of a person under the Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge and any attempt by anyone to anticipate, alienate, sell, transfer, assign, pledge, encumber or charge the same shall be void, and any Shares or money to which any person is entitled under the Plan are exempt from execution, seizure and attachment. Any Shares withdrawn from any Plan Account may only be transferred (including any transfer pursuant to Paragraph 8.2) in accordance with applicable securities laws.

If, notwithstanding the foregoing, a Participant is deprived by applicable law of interests in Shares or ceases to retain beneficial interest in the Shares, then all rights under the Plan will cease forthwith and no further Shares will be allocated under the Plan to that Participant.

15.7 Share Certificates

Share certificates, if issued pursuant to any provision of the Plan, shall bear any legend that is necessary or is deemed advisable in order to comply with applicable securities laws, including any legends referring to restrictions on transfer in any jurisdiction.

15.8 Mental or Legal Incapacity of the Participant

If any payment is to be made under the Plan to a minor or other person who is mentally or legally incompetent, the Plan Administrator shall pay the same to the parent or guardian or other person having legal custody of, or being the legally appointed representative of, such person, to be applied by such parent, guardian, person having custody or legally appointed representative for the benefit of such person, without

the Plan Administrator being further liable to see to the application thereof and so that any such payment shall be a complete discharge of any liability under the Plan and of CPR.

15.9 Governing Law and Compliance with Laws

The Plan shall be governed by and construed in accordance with the laws of the state of Minnesota, US without regard to conflict of law principles, except that with respect to the issuance of securities, the laws of the jurisdiction of CPR shall govern. Notwithstanding any provision of this Plan, CPR shall operate the Plan in compliance with all applicable laws and regulations of all jurisdictions where CPR has, in accordance with the terms of this Plan, decided to offer the Plan.

15.10 Discretionary Relief

Notwithstanding any other provision of the Plan, CPR may, at its discretion, waive any condition of the Plan if specific individual circumstances warrant such waiver.

(a) the Corporation will promptly notify the Optionholder of the take-over bid and the rights of the Optionholder under this Section;

(b) the Optionholder may exercise the Options (including, for greater certainty, the Options that had vested as at the Date of Termination and the Options that had not yet vested as at the Date of Termination), during the period ending on the earlier of the expiration of the take-over bid and the Expiry Date;

(c) the exercise of the Options (including, for greater certainty, the Options that had vested as at the Date of Termination and the Options that had not yet vested as at

the Date of Termination) shall only be for the purpose of depositing the Optioned Shares pursuant to the take-over bid; and

(d) if the Optioned Shares are not deposited by the Optionholder pursuant to the take-over bid or, if deposited, are subsequently withdrawn by the Optionholder or not all taken up and paid for by the offeror, then the Optionholder shall promptly return the Optioned Shares (or the portion that are not taken up and paid for) to the Corporation for cancellation, the Options respecting such Optioned Shares shall be deemed not to have been exercised, the Optioned Shares shall be deemed not to have been issued and the Corporation shall refund to the Optionholder the aggregate Exercise Price for the Optioned Shares.

3.8 Accredited Investor

The Optionholder represents that he is an "accredited investor" (as such term is defined in National Instrument 45-106 – *Prospectus and Registration Exemptions*).

ARTICLE 4
EXERCISE OF OPTIONS

4.1 Manner of Exercise

4.1.1 The Optionholder who wishes to exercise the Options may do so by delivering the following to the Corporation on or before the Expiry Date of the Options:

(a) a completed Notice of Exercise; and

(b) subject to Section 4.3, a cheque (which need not be a certified cheque) or bank draft payable to the Corporation for the aggregate Exercise Price of the Optioned Shares being acquired.

4.1.2 If the Optionholder is deceased or mentally disabled, the Options may be exercised by a legal representative of the Optionholder or the Optionholder's estate or by a person who acquires the Optionholder's rights under the Options by bequest or inheritance and who, in addition to delivering to the Corporation the Notice of Exercise and (if applicable) cheque or bank draft described above, must also deliver to the Corporation evidence of their status.

4.2 Delivery of Share Certificate

Not later than five business days after receipt by the Corporation, pursuant to Section 4.1, of the Notice of Exercise and payment in full for the Optioned Shares being acquired, the Corporation will direct its registrar and transfer agent to issue a certificate in the name of the Optionholder or an intermediary on behalf of the Optionholder (or, if deceased, his or her legal representative or beneficiary) for the number of Optioned Shares purchased by the Optionholder (or his or her legal representative or beneficiary), which will be issued as fully paid and non-assessable Common Shares.

4.3 Cashless Exercise

4.3.1 The Optionholder may elect "cashless" exercise in a Notice of Exercise if the Optioned Shares are to be immediately sold. In such case, the Optionholder will not be required to deliver to the Corporation a cheque or bank draft in respect of the aggregate Exercise Price. Instead, the following procedure will be followed, as detailed in a Cashless Exercise Instruction Form to be provided by the Corporation and completed by the Optionholder (or such other form of cashless exercise instruction as may be established by the Corporation, including by electronic means through a service provider selected by the Corporation from time to time):

(a) the Optionholder will instruct a broker selected by the Optionholder to sell through the Toronto Stock Exchange the Common Shares issuable on exercise of the Options, as soon as possible and at the then applicable bid price for the Common Shares;

(b) on the settlement date for the trade, the Corporation will direct its registrar and transfer agent to issue a certificate in the name of the broker (or as the broker may otherwise direct) for the number of Common Shares issued on exercise of the Options, against payment by the broker to the Corporation of the Exercise Price for such Common Shares; and

(c) the broker will deliver to the Optionholder the remaining proceeds of sale, net of brokerage commission.

4.4 Withholding

If the Corporation determines that the satisfaction of taxes, including withholding tax, or other withholding liabilities is necessary or desirable in respect of the exercise of the Option, the exercise of the Options is not effective unless such taxes have been paid or withholdings made to the satisfaction of the Corporation. The Corporation may require the Optionholder to pay to the Corporation, in addition to the Exercise Price for the Optioned Shares, any amount as the Corporation is obliged to remit to the relevant taxing authority in respect of the exercise of the Options. Any such additional payment is due no later than the date on which any amount with respect to the Options exercised is required to be included in the gross income of the Optionholder for tax purposes. For clarity, section 2(k) of the Employment Agreement (Tax Equalization) applies to any payments made in accordance with this section.

(b) Subject to the limitations of the Plan, the Committee has the authority to:

(i) prescribe the form of Option Agreement and Notice of Exercise with respect to a particular Option, if other than substantially as set forth in Schedules A and B to this Plan; and

(ii) interpret the Plan and determine all questions arising out of the Plan and any Option granted pursuant to the Plan, which interpretations and determinations will be conclusive and binding on the Corporation, Non-Employee Directors, Optionholders and all other affected persons.

3.2 Shares Reserved

(a) The maximum number of Common Shares that may be reserved for issuance pursuant to Options granted under the Plan is 500,000. The maximum number of Common Shares will be reduced as Options are exercised and the Common Shares so reserved are issued.

(b) The maximum number of Common Shares that may be reserved for issuance to any one Non-Employee Director pursuant to Options granted under the Plan is 5% of the number of Common Shares outstanding at the time of reservation.

(c) Any Common Shares subject to an Option that expires or terminates without having been fully exercised may be made the subject of a further Option. No fractional Common Shares may be issued under the Plan.

ARTICLE 4 -
GRANT OF OPTIONS

4.1 Initial and Annual Grants

(a) An initial grant of 8,000 Options will be made to each Non-Employee Director. The Grant Date for such Options will be:

(i) for each person who is a Non-Employee Director on the effective date of the arrangement under section 192 of the *Canada Business Corporations Act* pursuant to which the holders of common shares of Canadian Pacific Limited become direct holders of Common Shares of the Corporation, within 30 days following such date, as determined by the Committee; and

(ii) for each person who subsequently becomes a Non-Employee Director, the third trading day on The Toronto Stock Exchange following the date on which such person is first elected or appointed as a Non-Employee Director.

(b) An annual grant of 4,000 Options will be made to each Non-Employee Director. The Grant Date for such Options will be the third trading day on The Toronto Stock Exchange following each annual meeting of shareholders of the Corporation at which directors of the Corporation are elected.

4.2 Option Agreement

(a) Upon the grant of an Option, the Corporation will deliver to the Optionholder an Option Agreement dated the Grant Date, containing the terms of the Option and executed by the Corporation. Upon return to the Corporation of the Option Agreement, executed by the Optionholder, the Optionholder will be a participant in the Plan and have the right to purchase the Optioned Shares on the terms set out in the Option Agreement and in the Plan.

(b) An Optionholder may elect at the time of grant to have all or a portion of the Option granted to the Optionholder's Family Trust, Personal Holding Corporation or Retirement Trust (if permitted by applicable securities laws). In that case, an Option Agreement will be entered into between the Corporation and the Family Trust, Personal Holding Corporation or Retirement Trust, which will be the Optionholder for the purposes of this Plan.

4.3 Exercise Price

The Exercise Price of Common Shares subject to an Option will be determined or ratified by the Board and will not be less than the market price of the Common Shares at the Grant Date, calculated as:

(a) the closing price of a board lot of the Common Shares on The Toronto Stock Exchange on:

(i) the last trading day preceding the Grant Date, if the Option is granted before the close of trading on the Grant Date; or

(ii) the Grant Date, if the Option is granted after the close of trading on the Grant Date;

provided that if the Common Shares did not trade on that trading day, then the closing price on the last preceding trading day on which a board lot of the Common Shares traded will be used;

(b) if the Options are to be granted on a pre-determined date in the future, the weighted average trading price, rounded up to the nearest cent, of the Common Shares on The Toronto Stock Exchange for the five trading days preceding the Grant Date; or

(c) such other Exercise Price as may be permitted or required by The Toronto Stock Exchange.

4.4 Time of Exercise

An Option may be exercised by an Optionholder from time to time on and after the Grant Date, as to 100% of the Optioned Shares or any part thereof.

4.5 Expiry Date

The Expiry Date of an Option will be ten years after the Grant Date, subject to the provisions of section 4.6 relating to early expiry.

4.6 Early Expiry

An Option will expire before its Expiry Date in the following events and manner:

(a) if an Optionholder ceases to be a member of the Board (whether as a result of the resignation of the Optionholder from the Board or the Optionholder not standing for re-election or not being re-elected as a member of the Board by the shareholders of the Corporation at a meeting, or for any other reason other than as a result of death), then the Option may be exercised by the Optionholder and any such exercise must be during the period ending on the earlier of (i) 36 months after the date of cessation and (ii) the Expiry Date, after which period the Option will expire; and

(b) if an Optionholder dies, then the Option may be exercised, any such exercise must be effected by a legal representative of the Optionholder's estate or by a person who acquires the Optionholder's rights under the Option by bequest or inheritance and any such exercise must be during the period ending on the earlier of (i) 12 months after the death of the Optionholder and (ii) the Expiry Date, after which period the Option will expire.

4.7 Limited Assignment

(a) An Option may not be assigned, except to:

(i) an Optionholder's Family Trust, Personal Holding Corporation or Retirement Trust (or between such entities or from either of such entities to the Optionholder); or

(ii) a legal representative of the Optionholder's estate or a person who acquires the Optionholder's rights under the Option by bequest or inheritance on death of the Optionholder.

(b) If a Personal Holding Corporation to which an Option has been granted or assigned is no longer controlled by the related Non-Employee Director, or the shares of the Personal Holding Corporation are no longer beneficially owned by the Non-Employee Director

and persons who were the spouse, minor children or minor grandchildren of the Non-Employee Director at the time of grant or assignment, then the Option cannot be exercised until it is assigned by the Personal Holding Corporation to that Non-Employee Director or another assignee permitted by section 4.7(a).

4.8 Participation Voluntary; No Rights as Shareholder or to Remain a Director

(a) Participation of a Non-Employee Director in the Plan is entirely voluntary.

(b) An Optionholder will only have rights as a shareholder of the Corporation with respect to those of the Optioned Shares that the Optionholder has acquired through exercise of an Option in accordance with its terms.

(c) Nothing in this Plan or in any Option Agreement will confer on any Optionholder any right to remain as a director of the Corporation.

4.9 Adjustments

Adjustments will be made to (i) the Exercise Price of an Option, (ii) the number of Common Shares delivered to an Optionholder upon exercise of an Option and/or (iii) the maximum number of Common Shares that, pursuant to section 3.2(a), may at any time be reserved for issuance pursuant to Options granted under the Plan in the following events and manner, subject to any required regulatory approvals and the right of the Committee to make such other or additional adjustments, or to make no adjustments at all, as the Committee considers to be appropriate in the circumstances:

(a) upon (i) a subdivision of the Common Shares into a greater number of Common Shares, (ii) a consolidation of the Common Shares into a lesser number of Common Shares or (iii) the issue of a stock dividend to holders of the Common Shares (excluding a stock dividend paid in lieu of a cash dividend in the ordinary course), the Exercise Price will be adjusted accordingly and the Corporation will deliver upon exercise of an Option, in addition to or in lieu of the number of Optioned Shares in respect of which the right to purchase is being exercised, such greater or lesser number of Common Shares as result from the subdivision, consolidation or stock dividend;

(b) upon (i) a capital reorganization, reclassification or change of the Common Shares, (ii) a consolidation, amalgamation, arrangement or other form of business combination of the Corporation with another person or corporation or (iii) a sale, lease or exchange of all or substantially all of the property of the Corporation, the Exercise Price will be adjusted accordingly and the Corporation will deliver upon exercise of an Option, in lieu of the Optioned Shares in respect of which the right to purchase is being exercised, the kind and amount of shares or other securities or property as results from such event;

(c) upon the distribution by the Corporation to holders of the Common Shares of (i) shares of any class (whether of the Corporation or another corporation) other than Common Shares, (ii) rights, options or warrants, (iii) evidences of indebtedness or (iv) cash (excluding a cash dividend paid in the ordinary course), securities or other property or assets, the Exercise Price will be adjusted accordingly but no adjustment will be made to the number of Optioned Shares to be delivered upon exercise of an Option;

(d) upon the occurrence of an event described in (a) or (b) above, the maximum number of Common Shares that, pursuant to section 3.2(a), may at any time be reserved for issuance pursuant to Options granted under the Plan will be adjusted accordingly;

(e) adjustments to the Exercise Price of an Option will be rounded up to the nearest one cent and adjustments to the number of Common Shares delivered to an Optionholder upon exercise of an Option and the maximum number of Common Shares that, pursuant to section 3.2(a), may at any time be reserved for issuance pursuant to Options granted under the Plan will be rounded down to the nearest whole Common Share; and

(f) an adjustment will take effect at the time of the event giving rise to the adjustment, and the adjustments provided for in this section are cumulative.

ARTICLE 5 - EXERCISE OF OPTIONS

5.1 Manner of Exercise

An Optionholder who wishes to exercise an Option may do so by delivering the following to the Corporation on or before the Expiry Date of the Option:

(a) a completed Notice of Exercise; and

(b) a cheque (which need not be a certified cheque) or bank draft payable to the Corporation for the aggregate Exercise Price of the Optioned Shares being acquired.

If the Optionholder is deceased or mentally disabled, the Option may be exercised by a legal representative of the Optionholder or the Optionholder's estate or by a person who acquires the Optionholder's rights under the Option by bequest or inheritance and who, in addition to delivering to the Corporation the Notice of Exercise and cheque or bank draft described above, must also deliver to the Corporation evidence of their status.

5.2 Delivery of Share Certificate

Not later than five business days after receipt by the Corporation pursuant to section 5.1 of the Notice of Exercise and payment in full for the Optioned Shares being acquired, the Corporation will direct its registrar and transfer agent to issue a certificate in the name of the Optionholder or an intermediary on behalf of the Optionholder (or, if deceased, his or her legal representative or beneficiary) for the number of Optioned Shares purchased by the Optionholder (or his or her legal representative or beneficiary), which will be issued as fully paid and non-assessable Common Shares.

5.3 Withholding

If the Corporation determines that the satisfaction of taxes, including withholding tax, or other withholding liabilities is necessary or desirable in respect of the exercise of any Option, the exercise of the Option is not effective unless such taxes have been paid or withholdings made to the satisfaction of the Corporation. The Corporation may require an Optionholder to pay to the Corporation, in addition to the Exercise Price for the Optioned Shares, any amount as the Corporation is obliged to remit to the relevant taxing authority in respect of the exercise of the Option. Any such additional payment is due no later than the date on which any amount with respect to the Option exercised is required to be included in the gross income of the Optionholder for tax purposes.

The Plan shall be governed by and construed in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable therein.

Section 2 Election Under the Plan

2.1 Payment of Annual Remuneration

Subject to Sections 2.2 and 3.3 and such rules, regulations, approvals and conditions as the Committee may impose, an Eligible Director may elect to receive his Directors' Annual Remuneration in the form of DSUs or cash or any combination thereof; provided that no such election shall be applicable for Directors' Annual Remuneration payable in respect of services provided in calendar 2014 and subsequent years. For services provided in calendar 2014 and subsequent years, all Directors' Annual Remuneration earned for such services shall be provided 100% in the form of Post-2013 DSUs.

2.2 Method of Electing

2.2.1 To elect to receive all or some portion of a Directors' Annual Remuneration in respect of the year in which this Plan becomes effective in the form of DSUs, the Eligible Director shall complete and deliver to CPRC an initial written election by no later than 15 business days before the end of the Quarter that includes the effective date of this Plan, which shall apply to the Eligible Director's Directors' Annual Remuneration payable on and after the end of such Quarter, subject to the provisions of this Section 2.2.1. An Eligible Director may change the portion of his Directors' Annual Remuneration to be provided in the form of DSUs for subsequent years by completing and delivering to CPRC a new written election by no later than the last business day of the year preceding the first year in which the Directors' Annual Remuneration that is subject to the new election is earned. Where an individual becomes an Eligible Director, other than a U.S. Eligible Director, during a calendar year, such Eligible Director shall be entitled to make an initial written election in accordance with Section 2.2.2 with respect to Directors' Annual Remuneration payable in respect of Quarters in the same calendar year commencing after the date of the Eligible Director's appointment or election to the Board or the Board of Directors of CPRC and in respect of subsequent years. Such election must be completed and delivered to CPRC no later than the last business day preceding the Quarter in which such Directors' Annual Remuneration that is subject to the election first becomes payable. Where an individual becomes an Eligible U.S. Director during a calendar year, such Eligible Director may make an initial written election in accordance with Section 2.2.2 in respect of Directors' Annual Remuneration earned by the U.S. Eligible Director after the date the election is made in the same year and in subsequent years. With respect to the Directors' Annual Remuneration earned in the year in which the individual becomes a U.S. Eligible Director, such election shall not be effective to require such Directors' Annual Remuneration be provided in the form of DSUs if (i) such election is not completed and delivered to CPRC within 30 days after the individual becomes an Eligible Director; or (ii) the individual previously participated in a plan maintained by the Company or CPRC that is a "non-qualified deferred compensation plan" for purposes of Section 409A of the Internal Revenue Code. Notwithstanding any of the foregoing, for services provided in calendar 2014 and subsequent years, all Directors' Annual Remuneration earned for such services shall be provided 100% in the form of Post-2013 DSUs, and no election to the contrary shall be effective.

2.2.2 For services provided prior to January 1, 2014, an Eligible Director shall be entitled to elect on an irrevocable basis one of the following five (5) options with respect to the payment of his Directors' Annual Remuneration:

(i) 25% of the Eligible Director's potential Directors' Annual Remuneration in the form of DSUs;

(ii) 50% of the Eligible Director's potential Directors' Annual Remuneration in the form of DSUs;

(iii) 75% of the Eligible Director's potential Directors' Annual Remuneration in the form of DSUs;

(iv) 100% of the Eligible Director's potential Directors' Annual Remuneration in the form of DSUs; or

(v) such other percentage of the Eligible Director's potential Directors' Annual Remuneration as is specified by the Committee in order to fulfill the Share ownership requirements applicable to the Eligible Director (A) at the time of the Eligible Director's election, in the case of U.S. Eligible Directors or (B) at the time for payment of such Directors' Annual Remuneration, in the case of all other Eligible Directors[1].

DSUs already granted to the Eligible Director pursuant to the Plan and Shares owned by or for the benefit of the Eligible Director shall be taken into account by the Committee in determining attainment of Share ownership requirements.

2.2.3 In the absence of a new election made in accordance with this Section 2.2, an Eligible Director's latest election with respect to the percentage of the Directors' Annual Remuneration that is to be provided in the form of DSUs, and cash (if applicable) shall continue to apply to all subsequent Directors' Annual Remuneration payments to such Eligible Director until the Eligible Director submits another written election in accordance with this section. An Eligible Director's election shall be irrevocable with respect to his Directors' Annual Remuneration for the Quarter or year, as applicable, commencing immediately following the date of the election and for any subsequent year unless the Eligible Director makes a new election in accordance with this Section 2.2 by the last business day of the year immediately prior to the first year in which the Directors' Annual Remuneration to which new election is intended to apply is earned. Notwithstanding any of the foregoing, for services provided in calendar 2014 and subsequent years, all Directors' Annual Remuneration earned for such services shall be provided 100% in the form of Post-2013 DSUs, and no election to the contrary shall be effective.

2.2.4 Notwithstanding any election made by an Eligible Director under this Section 2.2, the Committee may, in its sole direction, decline to award DSUs to an Eligible Director who is not a U.S. Eligible Director on account of the Eligible Director's potential Directors' Annual Remuneration or may require an Eligible Director to receive such portion of his Directors' Annual Remuneration in respect of one or more years in DSUs as the Committee may specify in order to fulfill the Share ownership requirements applicable to such Eligible Director at the time for payment of such Directors' Annual Remuneration; provided, however, that the Committee shall not be permitted to exercise such discretion with respect to U.S. Eligible Directors[2].

[1] [The ability of the director to change his or her share ownership in the middle of the year would act indirectly as a change in the director's deferral election, which would violate 409A.]
[2] [The company cannot accelerate or delay a deferral election under 409A.]

Section 3 Payment of Directors' Annual Remuneration and Crediting of DSUs

3.1 Payment of Director's Annual Remuneration

The portion of the Directors' Annual Remuneration payable in respect of a Quarter or other period within the year to which such Directors' Annual Remuneration relates shall be paid in cash (net of applicable withholdings) or provided in the form of DSUs as set out in Section 3.2 as soon as practicable after the last day of each Quarter or such other applicable period in respect of which the Directors' Annual Remuneration may be payable.

3.2 Elected and Provided DSUs

DSUs elected by an Eligible Director pursuant to the Plan or otherwise to be provided to an Eligible Director pursuant to the Plan shall, subject to the committee's discretion under Section 2.2.4, be credited to the Eligible Director's Account as of the Conversion Date applicable for the Quarter or other period to which the DSUs relate. The number of DSUs (including fractional DSUs) to be credited to an Eligible Director's Account as of a particular Conversion Date shall be determined by dividing (i) the portion of the Director's Annual Remuneration for the applicable Quarter or other applicable period to be satisfied by DSUs as elected by the Eligible Director pursuant to any of options (i) through (iv) of Section 2.2.2 or as determined by the Committee pursuant to option (v) of Section 2.2.2 or pursuant to Section 2.2.4 or otherwise, by (ii) the Fair Market Value on the particular Conversion Date. DSUs credited pursuant to this Section 3.2, Section 3.3 and Section 3.4 will be fully vested upon being credited to an Eligible Director's Account and the Eligible Director's entitlement to payment of such DSUs at his Termination Date shall not thereafter be subject to satisfaction of any requirements as to any minimum period of membership on the Board or on the board of directors of CPRC.

3.3 Additional DSUs

Subject to Section 3.6.2 and regardless of an Eligible Director's election (if any) under Section 2.2, the Committee may in its sole discretion grant additional DSUs to an Eligible Director as additional compensation in respect of services provided to the Company and/or CPRC by the Eligible Director and/or in lieu of other director's equity or equity related compensation. The Committee shall determine the date(s) on which such DSUs may be granted and the date(s) as of which such DSUs are credited to the Account of an Eligible Director.

3.4 Dividend Equivalents

On the payment date for dividends paid on Shares, an Eligible Director shall be credited with dividend equivalents in respect of DSUs credited to the Eligible Director's Account as of the record date for payment of dividends. Such dividend equivalents shall be converted into additional DSUs corresponding to the DSUs then credited to the Eligible Director's Account (including fractions thereof) based on the Fair Market Value on the date such dividend equivalents are credited.

3.5 Eligible Directors' Accounts

The Company or CPRC, as determined by the Board, shall maintain or cause to be maintained in its books an account for each Eligible Director ("Account") recording at all times the number and type of DSUs standing to the credit of the Eligible Director. Upon payment in satisfaction of DSUs credited to an Eligible Director in the manner described herein, such DSUs shall be cancelled. A written confirmation of the balance in an Eligible Director's Account shall be mailed by the Company or CPRC to the Eligible Director at least annually.

3.6 Adjustments and Reorganizations

3.6.1 In the event of any stock dividend, stock split, combination or exchange of Shares, merger, consolidation, spin-off or other distribution (other than normal cash dividends) of the Company's assets to shareholders, or any other change in the capital of the Company affecting the Shares, such proportionate adjustments, if any, as the Committee in its discretion may deem appropriate to reflect such change, shall be made with respect to the number of DSUs outstanding under the Plan.

3.6.2 Notwithstanding any other provision of the Plan, the value of each DSU, as applicable, shall always depend on the value of shares of the Company or a Related Corporation. No amount will be paid and no other benefit will be granted to, or in respect of, an Eligible Director under the Plan, in order to compensate for a downward fluctuation in the value of a Share.

Section 4 Termination of Service

4.1 Redemption of DSUs

Subject to Sections 4.2, 4.3 and 4.5, an Eligible Director may elect the date as of which the DSUs credited to the Eligible Director's Account shall be redeemed (the "Entitlement Date") by filing an irrevocable written election with CPRC no later than November 15 of the calendar year commencing immediately after the Eligible Director's Termination Date. The Fair Market Value of the DSUs credited to the Eligible Director's Account as at the Entitlement Date, as may be adjusted pursuant to Section 4.3 or Section 4.5, shall be redeemable by and payable to the Eligible Director or the Eligible Director's Beneficiary, as applicable. The Fair Market Value of the DSUs redeemed by or in respect of an Eligible Director shall, after deduction of any applicable taxes and other source deductions required to be withheld, be paid by the Company or CPRC as a lump sum in cash to the Eligible Director or the Eligible Director's Beneficiary, as applicable as soon as practicable after the Eligible Director's Entitlement Date.

4.2 Determination of Entitlement Date

4.2.1 The Entitlement Date elected by an Eligible Director (including a U.S. Eligible Director) pursuant to Section 4.1 with respect to Pre-2005 DSUs shall not be before the later of the date on which such election is filed with CPRC and 30 days after the Eligible Director's Termination Date and shall not be later than December 15 of the calendar year commencing immediately after the Eligible Director's Termination Date. The

Entitlement Date elected by an Eligible Director (other than a U.S. Eligible Director) pursuant to Section 4.1 with respect to Post-2004 DSUs shall not be before the later of the date on which such election is filed with CPRC and six months after the Eligible Director's Termination Date and shall not be later than December 15 of the calendar year commencing immediately after the Eligible Director's Termination Date. Where an Eligible Director does not elect a date within the permissible period set out above as his Entitlement Date, the Entitlement Date for such Eligible Director shall be December 15 of the calendar year commencing immediately after the Eligible Director's Termination Date.

4.2.2 Notwithstanding Section 4.2.1, where an Eligible Director elects an Entitlement Date under Section 4.1 for Pre-2005 DSUs that is earlier than the date that is six months after the Eligible Director's Termination Date the Entitlement Date for any Post-2004 DSUs credited to such Eligible Director's Account shall be date that is six months after the Eligible Director's Termination Date.

4.2.3 Notwithstanding any other provision of this Plan, the Entitlement Date of a U.S. Eligible Director with respect to Post-2004 DSUs shall be the date that is six months after the U.S. Eligible Director's Termination Date.

4.2.4 Notwithstanding any other provision of this Plan, including Section 4.2.3, the Entitlement Date of an Eligible Director with respect to Post-2013 DSUs shall be the date that is twelve months after the Eligible Director's Termination Date.

4.3 Extended Entitlement Date

In the event that an Eligible Director's Entitlement Date falls between the record date for a dividend on the Shares and the related dividend payment date then, notwithstanding Sections 4.1 and 4.2, the redemption of his DSUs shall not be deferred; however, the redemption of the dividend equivalents (to be redeemed at the same Fair Market Value determined on the Entitlement Date) to be credited in respect of the foregoing dividend payment shall be deferred until the day immediately following such dividend payment date (or as soon as practicable thereafter), but in the case of U.S. Eligible Directors not later than the last day of the calendar year in which the Entitlement Date occurs, and the number of DSUs to be redeemed under Section 4.1 in respect of such Eligible Director at his Entitlement Date shall include dividend equivalents determined in accordance with Section 3.4 with respect to such record date. In the event that the Committee is unable, by an Eligible Director's Entitlement Date, to compute the final value of the DSUs recorded in such Eligible Director's Account by reason of the fact that any data required in order to compute the market value of a Share has not been made available to the Committee, and such delay is not caused by the Eligible Director, then the Entitlement Date shall be the next following trading day on which such data is made available to the Committee.

4.4 Limitation on Extension of Entitlement Date

Notwithstanding any other provision of the Plan, all amounts payable to, or in respect of, an Eligible Director hereunder shall be paid on or before December 31 of the calendar year commencing immediately after the Eligible Director's Termination Date.

4.5 Postponed Entitlement Date

Without limiting the generality of Section 5.5 and notwithstanding any other provision of the Plan, if in the opinion of the Committee, an Eligible Director is in possession of material undisclosed information regarding either or both of the Company and the Shares on his Entitlement Date, which in the case of U.S. Eligible Directors would prohibit the receipt of a payment under the Plan under U.S. federal securities laws, such Eligible Director's Entitlement Date shall be postponed until the earliest of the date on which (i) the Committee is satisfied the Eligible Director is no longer in possession of any such material undisclosed information, or (ii) December 15 of the year following the year of the Eligible Director's Termination Date.

Section 5 General

Notwithstanding the foregoing, any amendment of the Plan shall be such that the Plan continuously meets the requirements of paragraph 6801(d) of the regulations under the *Income Tax Act* (Canada) or any successor to such provision. Notwithstanding the foregoing, termination of the Plan shall be such that the Plan continuously meets the requirements of paragraph 6801(d) of the regulations under the *Income Tax Act (Canada)* or any successor to such provision. In the case of U.S. Eligible Directors, the Board may accelerate the payment of benefits upon a Plan termination only if the termination occurs:

(a) within 12 months of a corporate dissolution taxed under section 331 of the Internal Revenue Code, or with the approval of a bankruptcy court pursuant to 11 U.S.C. §503(b)(1)(A), provided that the payments under the Plan are included in the Eligible Director's gross income in the latest of (i) the calendar year in which the Plan termination occurs, (ii) the calendar year in which such benefit becomes vested or (iii) the first calendar year in which the payments are administratively practicable;

(b) within 30 days preceding or within 12 months following a change in control event, as defined in Treasury Regulation §1.409A-2(g)(4)(i) or

(c) upon any other termination event permitted under section 409A of the Internal Revenue Code.

5.5 Applicable Trading Policies

The Committee and each Eligible Director will ensure that all actions taken and decisions made by the Committee or an Eligible Director, as the case may be, pursuant to the Plan, comply with applicable securities regulations and policies of the Company relating to insider trading and "black out" periods.

5.6 Currency

All payments and benefits under the Plan in respect of Eligible Directors who are residents of Canada for purpose of the Income Tax Act (Canada) shall be determined and paid in the lawful currency of Canada. All payments and benefits under the Plan in respect of Eligible Directors who are not residents of Canada for purpose of the Income Tax Act (Canada) shall be determined and paid in the lawful currency of the United States of America.

5.7 Designation of Beneficiary

Subject to the requirements of applicable laws, an Eligible Director shall designate in writing a person who is a dependant or relation of the Eligible Director as a beneficiary to receive any benefits that are payable under the Plan upon the death of such Eligible Director. The Eligible Director may, subject to applicable laws, change such designation from time to time. Such designation or change shall be in such form and executed and filed in such manner as the Committee may from time to time determine.

5.8 Death of Participant

In the event of an Eligible Director's death, any and all DSUs then credited to the Eligible Director's Account shall become payable to the Eligible Director's Beneficiary in accordance with Section 4.

5.9 Rights of Participants

5.9.1 Except as specifically set out in the Plan, no employee of the Company, or any Related Corporation, including any Eligible Director, or other person shall have any

claim or right to any Shares or other benefit in respect of DSUs granted pursuant to the Plan.

5.9.2 Rights of Eligible Directors respecting DSUs shall not be transferable or assignable other than by will or the laws of descent and distribution.

5.9.3 Neither the Plan nor any award thereunder shall be construed as granting an Eligible Director a right to be retained as a member of the Board or of the board of CPRC or any Affiliate or a claim or right to any future grants of DSUs.

5.9.4 Under no circumstances shall DSUs be considered Shares nor shall they entitle any Eligible Director or other person to exercise voting rights or any other rights attaching to the ownership of Shares, nor shall any Eligible Director or other person be considered the owner of Shares by virtue of this Plan.

5.10 Compliance with Law

The Eligible Director shall comply with all applicable laws and furnish the Company with any and all information and undertakings as may be required to ensure compliance therewith. This Plan is intended to comply with the provisions of Section 409A of the Internal Revenue Code, and shall be interpreted and construed accordingly.

5.11 Withholding

1.6 Governing Law

The Plan shall be governed by and construed in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable therein.

Section 2 Election Relating to Bonus DSUs

2.1 Election

2.1.1 An Eligible Executive may, with respect to any particular Performance Period, elect to participate in the Plan and be eligible to receive Bonus DSUs. In order to elect to participate in the Plan with respect to any particular Performance Period, an individual who has been designated as an Eligible Executive prior to the start of such Performance Period shall complete, and deliver to CPRC, a written election before the last business day of the calendar year immediately preceding the Performance Period. If an individual becomes an Eligible Executive during the first six months of a Performance Period, such Eligible Executive may elect to participate in the Plan for the purpose of being eligible to receive Bonus DSUs with respect to such Performance Period by completing and delivering to CPRC a written election within thirty days following the date on which such individual became an Eligible Executive. An individual who becomes an Eligible Executive during the last six months of a Performance Period is not entitled to elect to participate in the Plan for the purpose of being eligible to receive Bonus DSUs in respect of that Performance Period, but may so elect with respect to the next Performance Period.

2.1.2 An Eligible Executive who wishes to participate in the Plan with respect to a particular Performance Period in order to become eligible to receive Bonus DSUs shall be entitled to elect on an irrevocable basis, to defer a percentage of Bonus amount (25%, 50%, 75%, 100%) when combined with the value of the Eligible Executive's outstanding Discretionary or Bonus DSUs, not to exceed a value of 80% of the Eligible Executive's Ownership Requirement. Should the elected amount exceed 80% of the Eligible Executive's Ownership Requirement, the amount will be reduced accordingly.

DSUs already granted to the Eligible Executive pursuant to the Plan shall be taken into account by the Committee in determining attainment of Ownership Requirements. Notwithstanding an Eligible Executive's election under this Section 2.1.2, the Committee may, in its sole discretion, decline to award Bonus DSUs in respect of a particular Performance Period or, may require the Eligible Executive to receive a percentage, as specified by the Committee, of the Eligible Executive's potential incentive compensation under the STIP for that Performance Period in the form of Bonus DSUs; provided however, that the Committee shall not be permitted to exercise such discretion with respect to U.S. Eligible Executives.

Section 3 Crediting of DSUs Under the Plan

3.1 Award of Bonus DSUs

The Committee may, from time to time, award Bonus DSUs to Eligible Executives who have elected pursuant to Section 2.1 to participate in the Plan for a particular Performance Period. The Committee shall specify the Conversion Date of each award of Bonus DSUs under this Section 3.1 and the date as of which each such award of DSUs is to be credited to the Account of the applicable Eligible Executive. Each award of Bonus DSUs shall be confirmed by an instrument in writing issued by CPRC.

3.2 Where No Award of Bonus DSUs is Made

Where the Committee chooses not to award Bonus DSUs to an Eligible Executive under Section 3.1 in respect of a Performance Period, such Eligible Executive shall remain eligible to receive a cash incentive compensation award in respect of such Performance Period in accordance with the terms of the STIP as if such Eligible Executive had not elected to participate in the Plan for such Performance Period.

3.3 Calculation of Bonus DSUs

For the purpose of determining the number of Bonus DSUs to be awarded to an Eligible Executive in accordance with Section 3.1, the Committee shall compute the amount of incentive compensation award that would have been awarded to the Eligible Executive pursuant to the STIP had such employee not elected to participate in the Plan for the relevant Performance Period (the "Global Dollar Amount"). Where the Eligible Executive has elected to receive Bonus DSUs under Section 2.1.2, the Committee (subject to its discretion under Section 2.1.2) shall then award a number of Bonus DSUs (including fractional Bonus DSUs) to the Eligible Executive equal to the quotient determined by dividing: (i) the product determined by multiplying (a) the percentage amount elected by the Eligible Executive in accordance with Section 2.1.2 (as applicable), and (b) the Global Dollar Amount, by (ii) the Fair Market Value determined on the Conversion Date or on the date of the Eligible Executive's election, in the case of a U.S. Eligible Executive.

3.4 Award of Matching DSUs and/or Discretionary DSUs

3.4.1 The Committee may award Discretionary or Matching DSUs to an Eligible Executive in order to facilitate attainment of applicable Ownership Requirements in accordance with this Section 3.4. The Committee shall specify the date on which each award of Discretionary or Matching DSUs is to be credited to the Account of an Eligible Executive, the number of Discretionary or Matching DSUs to be awarded to the Eligible Executive on a particular date and the initial value of the Discretionary or Matching DSUs awarded on that date.

3.4.2 The initial value of a Discretionary or Matching DSU awarded to an Eligible Executive pursuant to Section 3.4.1 shall be the Fair Market Value on the date of the award except that it shall be determined based on the closing price of a Share on the applicable stock exchange on the actual date of the award rather than on the average closing price of a Share on the ten trading days prior to that date as otherwise provided in Section 1.2(p)

An Eligible Executive shall be awarded**,** subject to the approval of the Committee, during the 60-month period beginning on the date the Eligible Executive commences participation in the Plan or during the 60-month period following the move to the next level of ownership, one Matching DSU for every four Bonus DSUs awarded to the Eligible Executive until 20% Ownership Requirement is achieved through the greater of book value or Fair Market Value of Matching DSUs.

For greater certainty the value of outstanding Matching DSUs cannot exceed 20% of the Eligible Executive's Ownership Requirement on any date being considered for determining additional

Matching DSUs. Any award of Matching DSUs that would otherwise be made shall be reduced to the extent necessary to comply with reaching Ownership Requirement.

With respect to Eligible Executives who participated in the Deferred Share Unit plan prior to September 6, 2012 Matching DSUs will no longer be issued on Shares purchased.

3.4.3 The Committee may in its sole discretion grant, from time to time, Discretionary DSUs to an Eligible Executive in recognition of his services with CPRC or his position at CPRC. The Committee shall determine the date on which such Discretionary DSUs may be granted, which date shall in any event precede the Eligible Executive's Termination Date and shall not be earlier than his date of employment by CPRC, the Company or a Related Corporation. The Committee may, in its sole discretion, attach time based vesting conditions (which shall be expressed as a requisite number of months after the date of the grant of the Discretionary DSUs) to any such grant of Discretionary DSUs which, subject to Section 3.5.4, if not attained by the Eligible Executive prior to the date of termination of employment, may result in the forfeiture of such non-vested Discretionary DSUs.

3.5 Date of Crediting and Vesting of Bonus DSUs, Discretionary DSUs and Matching DSUs

3.5.1 Bonus DSUs shall be credited to the Account of an Eligible Executive as of the date specified by the Committee in accordance with Section 3.1. Bonus DSUs awarded under Sections 3.1 and 3.6 will be fully vested upon being credited to an Eligible Executive and the Eligible Executive's entitlement to payment of Bonus DSUs shall not thereafter be subject to satisfaction of any requirements as to any minimum period of employment or attainment of Share Ownership Requirements.

3.5.2 Discretionary DSUs shall be credited to the Account of an Eligible Executive as of the date specified by the Committee in accordance with Section 3.4.4. Except as provided in Section 3.5.4 below, if an Eligible Executive receives or gives notice of termination of employment following the date of grant of Discretionary DSUs and prior to completion of the vesting period relating to such Discretionary DSUs, the Eligible Executive shall (subject to the terms of the applicable instrument issued pursuant to Section 3.4.4) forfeit all rights, title and interest with respect to such Discretionary DSUs including, for greater certainty, any additional Discretionary DSUs granted pursuant to Section 3.6 in respect of those Discretionary DSUs.

3.5.3 Matching DSUs shall be credited to the Account of an Eligible Executive as of the date specified by the Committee in accordance with Section 3.4.1. Except as provided in Section 3.5.4 below or where the Committee or the President and Chief Executive Officer of CPRC specifies otherwise, if an Eligible Executive receives or gives notice of termination of employment following the date of a grant of Matching DSUs and prior to 36 months following such date of grant or; for Eligible Executives participating in the plan prior to September 6, 2012, if prior to 36 months following such date of grant the Eligible Executive disposes of the Shares to which such grant of Matching DSUs relates, the Eligible Executive shall forfeit all rights, title and interest with respect to such Matching DSUs.

3.5.4 Notwithstanding any other provision of this Plan, all Discretionary DSUs and Matching DSUs recorded in an Eligible Executive's Account, including for greater certainty any additional

Discretionary DSUs, granted pursuant to Section 3.6, shall vest immediately and shall not be considered forfeited under this Section 3.5 upon the earliest of the Eligible Executive's death, a the Eligible Executive's Disability Date, and the termination of the Plan in accordance with Section 5.4.

In the event of a Change in Control prior to the Vesting Date relating to Discretionary DSUs and Matching DSUs, such DSUs shall not be affected and shall continue to vest as per the terms hereof, unless an Eligible Employee ceases to be Employed by reason of termination of employment without Cause after such a Change in Control, in which case 100% of such Eligible DSUs (including any dividend equivalent) shall vest on the termination of employment date.

3.5.5 Except where the context requires otherwise, each Bonus DSU, Discretionary DSU, and Matching DSU which is vested pursuant to this Section 3.5 shall be referred to herein as a "Vested DSU" and collectively as "Vested DSUs".

3.6 Dividend Equivalents

On the payment date for dividends paid on Shares, an Eligible Executive shall be credited with dividend equivalents in respect of Bonus DSUs, Discretionary DSUs and Matching DSUs, as applicable, credited to the Eligible Executive's Account as of the record date for payment of dividends. Such dividend equivalents shall be converted into additional DSUs, as applicable, corresponding to the Bonus DSUs, Matching DSUs and Discretionary DSUs, then credited to the Eligible Executive's Account (including fractions thereof) based on the Fair Market Value on the date such dividend equivalents are credited.

3.7 Eligible Executives' Accounts

CPRC shall maintain or cause to be maintained in its books an account for each Eligible Executive ("Account") recording at all times the number of DSUs standing to the credit of the Eligible Executive. Upon payment in satisfaction of Vested DSUs credited to an Eligible Executive in the manner described herein, such Vested DSUs shall be cancelled. Upon forfeiture of Discretionary DSUs or Matching DSUs pursuant to Section 3.5, such Discretionary DSUs or Matching DSUs, as applicable, recorded in the Eligible Executive's Account shall be cancelled.
.

3.8.2 Notwithstanding any other provision of the Plan, the value of each DSU, as applicable, shall always depend on the value of Shares of the Company or a Related Corporation.

Section 4 Termination of Service

4.1 Redemption of Vested DSUs

Subject to Sections 4.2, 4.3 and 4.5, an Eligible Executive may elect the date as of which the DSUs credited to the Eligible Executive's Account that are Vested DSUs shall be redeemed (the "Entitlement Date") by filing an irrevocable written election with CPRC no later than November 15 of the calendar year commencing immediately after the Eligible Executive's Termination Date. For Eligible Bargaining Unit Representatives, service as a bargaining unit representative during the period of time that the Eligible Bargaining Unit Representative is on leave from CPR with the right to return to CPR shall be treated as Union Service under the CPR Pension Plan for purposes of determining an Eligible Bargaining Unit Representative's right to an unreduced pension under the Defined Benefit option of the CPR Pension Plan.

The Plan shall operate as an employee profit sharing plan as defined in Section 144 of the Income Tax Act (Canada) or any successor provision.

2.2 Effective date of the Plan

The effective date of the Plan, which was amended and restated as of July 1, 2006, is October 1, 2001.

Section 3 — Participation and Enrolment

Eligible Employees may elect to enrol as Participants in the Plan in any calendar month in which they are eligible. To enrol, the Eligible Employee must complete and deliver to the Plan Administrator an Enrolment/Change Form. Enrolment in the Plan will be effected as soon as practicable once the completed Enrolment/Change Form is received and processed by both the Plan Administrator and CPR. Delivery of a duly executed Enrolment/Change Form shall constitute acceptance by the Eligible Employee of all the terms and conditions of the Plan as set forth herein and of any regulations adopted or to be adopted pursuant to Section 11 herein.

The Plan Administrator will send a written letter of confirmation of enrolment to the Participant where applicable as soon as practicable.

Participation in the Plan is voluntary. CPR is not making any representations or warranties as to the value of Shares at any time, nor recommending to employees as to whether or not they should participate in the Plan. Employees considering participation in the Plan should consult their own accountant, legal counsel or other financial advisors regarding participation in the Plan.

Section 4 — Participant Contributions to the Plan

4.1 Amount of Contributions

Participants may contribute, via payroll deductions, a percentage of their Eligible Earnings ranging from a minimum of one per cent (1%) to a maximum of ten per cent (10%) (based on whole percentages) for investment under the Plan. The Participant shall indicate the percentage amount of Participant Contributions on the Enrolment/Change Form. Participant Contributions up to six percent (6%) of Eligible Earnings shall be eligible for Company Contribution pursuant to Paragraph 5.1.

In the event that the Eligible Earnings of a Participant vary at any time in the course of a Plan Year, the Participant Contributions of such Participant shall be automatically adjusted accordingly in order to remain equal to the selected percentage of the Participant's Eligible Earnings as set out in the Enrolment/ Change Form.

4.2 Payroll Deductions

Each Participant shall make Participant Contributions to the Plan by regularly scheduled payroll deductions at the end of each Pay Period for the percentage indicated on the Enrolment/Change Form. The Participant Contributions in any given Plan Year shall be made on the basis of the year of receipt of the Eligible Earnings from which such Participant Contributions are deducted. Payroll deductions shall commence as soon as practicable once the completed Enrolment/Change Form is received and processed by both the Plan Administrator and CPR.

4.3 Continuing Contributions

With the exception of a Participant's voluntary suspension of Participant Contributions as provided for in Paragraph 4.8, Participant Contributions via payroll deductions shall continue indefinitely while the Participant continues to receive Eligible Earnings. Should a Participant cease to receive Eligible Earnings from time to time, payroll deductions will cease and shall resume following the receipt of Eligible Earnings.

4.4 Union Representative Participant Contributions

In the case of Eligible Bargaining Unit Representatives where contributions via payroll deductions are not possible, contributions may be made via post-dated cheques provided to CPR, subject to the provisions of Paragraph 4.1. Contributions by this method may be made only on a monthly basis. Upon request, CPR shall notify Eligible Bargaining Unit Representatives of the amount of Eligible Earnings available for determination of contribution amounts and CPR will bring all such Eligible Bargaining Unit Representatives to the Plan Administrator's attention.

A Participant may not make retroactive Participant Contributions to the Plan, unless CPR determines otherwise.

The change will be implemented as soon as practicable once the completed Enrolment/Change Form is received and processed by both the Plan Administrator and CPR at which time the Participant Contributions shall be adjusted accordingly, provided such adjustment conforms with Paragraph 4.1.

4.8 Voluntary Suspension of Contributions

A Participant may at any time, by completing and delivering to the Plan Administrator an Enrolment/Change Form, request that Participant Contributions be suspended. The suspension will be implemented as soon as practicable once the completed Enrolment/Change Form is received and processed by both the Plan Administrator and CPR. However, in the event of a suspension under this Paragraph 4.8, the Participant shall not be allowed to resume making Participant Contributions until a waiting period of six (6) consecutive months has passed. Upon expiration of the six (6) month waiting period the Participant will have the option of resuming Participant Contributions by completing and delivering to the Plan Administrator a new Enrolment/Change Form. Participant Contributions shall resume as soon as practicable once the completed Enrolment/Change Form is received and processed by both the Plan Administrator and CPR at which time the Participant Contributions shall be adjusted accordingly, provided such adjustment conforms with Paragraph 4.1. If the voluntary suspension exceeds a period of four (4) consecutive full calendar quarters, CPR shall terminate the participation in the Plan of the Participant in accordance with the provisions of Paragraph 9.2.

4.9 Leaves of Absence

Subject to Paragraphs 4.1 and 4.3, a Participant shall continue to make Participant Contributions during any leave of absence for which the Participant continues to receive Eligible Earnings unless such Participant has completed and delivered to the Plan Administrator an Enrolment/Change Form indicating a desire to suspend Participant Contributions, during the period of such absence, in which event Paragraph 4.8 shall become applicable where appropriate and with the necessary changes.

If at any time prior to or during such leave of absence the Participant ceases to receive Eligible Earnings the Participant Contributions of the Participant will cease and shall resume following the receipt of Eligible Earnings. Should the cessation of contributions under this Paragraph 4.9 extend for a period exceeding four (4) consecutive full calendar quarters, the provisions of Paragraph 9.2 shall apply.

All Participant Contributions remitted to the Plan Administrator shall be invested solely in Restricted Shares.

4.11 Continued Participation in Plan

During any suspension of Participant Contributions under Section 4 a Participant shall remain eligible to receive Company Contributions earned prior to such suspension of Participant Contributions.

Section 5 — Company Contributions to the Plan

5.1 Company Contributions

In any month during which a Participant has made Participant Contributions, CPR shall remit to the Plan Administrator, in accordance with the provisions of Paragraph 4.10, a Company Contribution out of Profits. Such Company Contribution shall be equal to thirty-three (33%) per cent of the amount of any Participant Contributions being remitted during such period up to six per cent (6%) of Eligible Earnings. For greater certainty, Participant Contributions in excess of six per cent (6%) of Eligible Earnings shall not be eligible for corresponding Company Contribution.

The vesting of any Shares purchased with such Company Contributions is contingent upon holding the corresponding Restricted Shares within the Participant Account during the vesting period in accordance with Paragraph 8.4. Actual Company Contributions may be reduced from time to time by the value of forfeited Shares in the Plan Reserve. Shares purchased with Participant Contributions in excess of six per cent (6%) of Eligible Earnings shall be deemed to be Unrestricted Shares.

5.2 Minimum Company Contributions

Notwithstanding Paragraphs 5.1 and the amount of any Participant Contributions, the aggregate amount of Company Contributions out of Profits during any Plan Year shall not be less than the amount of $100 times the total number of Participants in the Plan at the end of that Plan Year.

All Company Contributions shall be invested solely in Unvested Shares.

6.2 Allocations to Participant Accounts

The Plan Administrator shall maintain a separate Account for each Participant. The Plan Administrator shall credit to the Account of a Participant all Company Contributions made for the benefit of the said Participant, all Participant Contributions made by such Participant, and all Shares acquired therewith. The Plan Administrator shall allocate either absolutely or contingently to each Participant all capital gains realized, and capital losses sustained by the Asset Fund on their Account at such time or times as the Plan Administrator may determine, but in any event, at least annually. The Plan Administrator shall use Participant Contributions eligible for Company Contribution to purchase Restricted Shares and shall use Participant Contributions not eligible for Company Contribution to purchase Unrestricted Shares, only on the open market through the Stock Exchange.

The Plan Administrator will purchase the requisite number of Restricted Shares and Unrestricted Shares as soon as practicable, as determined by the Plan Administrator, but in no circumstances less than once per calendar month or any other such period as required by securities legislation, stock exchange rules, or other relevant rules. The Plan Administrator will allocate the Restricted Shares and Unrestricted Shares to the appropriate Participant Accounts after each purchase.

7.2 Acquisition of Unvested Shares

The Plan Administrator shall use Company Contributions to purchase Unvested Shares on the open market through the Stock Exchange. The Plan Administrator will purchase the requisite number of Unvested Shares as soon as practicable, as determined by the Plan Administrator, but in no circumstances less than once per calendar month or any other such period as required by securities legislation, Stock Exchange rules, or other relevant rules.

7.3 Number of Shares Purchased

The number of Restricted Shares, Unrestricted Shares and Unvested Shares purchased depends upon the Market Price of the Shares at the time purchases are made and the total amount of contributed funds available for each of the respective purchases. To the extent set forth in Section 10.6, CPR will be responsible for the payment of all brokerage commissions or similar fees incurred in connection with such purchases.

Notwithstanding the provisions of Paragraphs 7.1 and 7.2 and Section 8, the Plan Administrator, in its discretion, may limit the daily volume of its purchases of Shares and sales of Shares or make such purchases and sales over several trading days to the extent that such action is deemed by it to be in the best interests of Participants. Should the purchase or sale of Shares by the Plan Administrator in any given month be at various prices, the Plan Administrator shall establish an average weighted purchase or sale price, as the case may be, applicable for each Share in the relevant month.

7.4 Registration of Shares

At the time of purchase, all Participants shall acquire beneficial ownership of all Restricted Shares and Unrestricted Shares and of any fractional interest in Restricted Shares and Unrestricted Shares acquired for their Account. Notwithstanding any other provisions of this Plan, no fractional common share certificates will be issued.

All Shares purchased by the Plan Administrator on behalf of a Participant pursuant to this Plan shall be registered in the name of the Plan Administrator, on behalf of such Participant. Participants shall not be allowed under any circumstance to withdraw a fraction of a Share. The value of any such fractional Share will be paid in cash.

7.6 Dividends

In the event a cash dividend is paid to holders of Shares, the net amount of such cash dividend attributable to Shares allocated to Plan Accounts, including any Unvested Shares, shall be applied to purchase Unrestricted Shares for the benefit of Participants. The net amount of the cash dividend that is available for the purchase of Shares shall be determined after deduction from the gross amount of the cash dividend of such amount of income and employment tax (if any) as is required to be withheld in accordance with applicable law (including foreign law) to the extent applicable to the Participant in question.

Each Participant shall receive quarterly confirmation from the Plan Administrator, which will include all changes, if any, in the amount of common shares held for the Participant's Account.

7.7 Interest

All Participant Contributions and Company Contributions remitted to the Plan Administrator shall, prior to the acquisition of Restricted Shares, Unrestricted Shares or Unvested Shares, earn interest. Any such interest earned on contributions between the time of receipt, by the Plan Administrator, and their subsequent investment in Shares shall be applied to offset Basic Administration Expenses, to the extent possible, in accordance with all applicable laws and regulations.

7.8 Shares acquired at end of Plan Year

All purchases of Shares with Participant Contributions or Company Contributions made prior to or on the last day of the Plan Year shall be allocated to the Participant in respect of such Plan Year regardless of actual settlement date of such purchase.

Upon completion and delivery to the Plan Administrator of a completed Withdrawal/Termination Form, a Participant may direct the Plan Administrator to sell some or all of the Unrestricted Shares or Restricted Shares in their Account. Upon such sale, the Plan Administrator shall pay to the Participant an amount equal to the net proceeds from the sale of such Shares. Any fees applicable to the sale of Shares shall be paid by Participants and withheld from settlement of the sale by the Plan Administrator.

For the purpose of the Plan, a Participant shall be deemed to sell all Unrestricted Shares in the Account prior to the sale of Restricted Shares in the Account. For purposes of the Plan, Restricted Shares shall be deemed to be sold on a "first in, first out" basis for purposes of determining forfeiture of Unvested Shares in accordance with Paragraph 8.5.

The price of fractional Shares will be the same as the price of whole Shares. Fractional Shares may only be sold by a Participant upon termination of participation in the Plan.

8.2 Withdrawal of Shares

Upon completion and delivery to the Plan Administrator of a completed Withdrawal/Termination Form, a Participant may direct the Plan Administrator to withdraw some or all of the Unrestricted Shares and/or Restricted Shares in the Account. Upon such withdrawal, the Plan Administrator shall transfer title and deliver to the Participant those Shares that have been withdrawn at the Participant's direction. Any fees applicable to the withdrawal of Shares shall be payable by the Participant and withheld from settlement by the Plan Administrator.

For the purpose of the Plan, a Participant shall be deemed to withdraw the Unrestricted Shares in the Account prior to the withdrawal of Restricted Shares in the Account. For purposes of the Plan, Restricted Shares shall be deemed to be withdrawn on a “first in, first out” basis for purposes of determining forfeiture of Unvested Shares in accordance with Paragraph 8.5. The price of fractional Shares will be the same as the price of whole Shares. Fractional Shares may only be withdrawn by a Participant upon termination of participation in the Plan.

8.3 Restriction on Sale and Withdrawal

A Participant may not direct the Plan Administrator to sell or withdraw any Unvested Shares. In the event a Participant sells or withdraws any Restricted Shares, the Participant shall forfeit all Unvested Shares contingent on such Restricted Shares in accordance with Paragraph 8.5.

Should a Participant make more than two (2) transactions being either a sale or withdrawal during a Plan Year such Participant shall be suspended from contributing to the Plan for a period of six (6) consecutive months from the date of such transaction, provided that the foregoing restriction shall not apply to Unrestricted Shares for which there were no corresponding Unvested Shares purchased with a Company Contribution. For greater certainty, any Unrestricted Shares purchased on behalf of a participant with Participant Contributions in excess of six per cent (6%) of Eligible Earnings may be sold or withdrawn by the Participant at any time without suspension of Participant from contributing to the Plan.

The Participant shall have the option of resuming Participant Contributions in accordance with the provisions of Paragraph 4.8 as if the suspension were deemed to be a voluntary suspension.

8.4 Vesting of Unvested Shares

All Unvested Shares shall immediately vest to become Unrestricted Shares on the first day of the calendar quarter after a holding period of four (4) consecutive full calendar quarters has passed subsequent to their purchase provided that the corresponding Restricted Shares upon which the Unvested Shares are contingent have, at all times during this period, been held for the Account of the Participant. Upon vesting of Unvested Shares all Restricted Shares upon which such Unvested Shares were contingent shall immediately become Unrestricted Shares.

8.5 Forfeiture of Unvested Shares

In the event a Participant chooses to sell or withdraw any Restricted Shares, such Participant shall forfeit all Unvested Shares contingent on such Restricted Shares and shall not be entitled to title to, or any proceeds of, such sale. Such Unvested Shares shall be credited to the Plan Reserve and may be utilized to satisfy future Company Contributions.

In the event of such termination the closure of the Participant's Account shall be handled in accordance with the provisions of Paragraph 9.3.

9.3 Account Closure Upon Termination

Upon the termination of a Participant's participation in the Plan for any reason the Plan Administrator will effect the closure of the Participant's Account and shall either transfer and deliver or sell all of the Unrestricted Shares and Restricted Shares in the Participant's Account, at the option of the Participant, or Legal Representative in the event of death of the Participant. The transfer and delivery of the Shares or payment of the net proceeds of sale, as the case may be, shall be effected as soon as practicable but in no event later than thirty (30) days from the date the Plan Administrator receives notification of such termination. Any fees applicable to the issuance of share certificates or the sale transaction will be payable by the Participant, or the Participant's estate in the event of death of the Participant and shall be withheld from settlement by the Plan Administrator.

If the Participant or Legal Representative fails to make an election, or if no Legal Representative comes forward to CPR, within ninety (90) calendar days of the termination of the Participant's participation in the Plan, the Plan Administrator shall issue a share certificate for all whole Shares recorded in such Account, plus a cash payment equal to the value of any fraction of a Share. The Plan Administrator shall send the share certificate and any cash payment to the last known address of such Participant or Legal Representative, as the case may be.

The Participant shall not be entitled to title to, or proceeds of, sale of their Unvested Shares. Such Shares shall be credited to the Plan Reserve and may be utilized to satisfy future Company Contributions.

In the event of a transfer and delivery of Shares, the Plan Administrator will issue a share certificate for all
whole Shares recorded in a Participant's Account, plus a cash payment equal to the value of any fraction of a Share as determined in accordance with the provisions of Paragraph 8.2.

The Plan Administrator shall send a written letter of confirmation of termination from the Plan to the Participant where applicable as soon as practicable.

9.4 Rejoining the Plan

Any former Participant who chooses to re-join the Plan will be subject to a mandatory six (6) month waiting period prior to re-enrolment. The Plan Administrator will keep track of such period and will, on behalf of CPR, re-enrol any former Participant who has completed such waiting period and submits a new Enrolment/Change Form as per Section 3. In seeking the benefits of participation in the Plan, a Participant solely accepts the risk of a decline in the market price of Shares in the Participant's Account.

The provisions of Paragraphs 8.1 and 8.3 shall govern any sale of Shares pursuant to this Section.

Participants are expressly advised that US and Canadian tax laws are complex and subject to change and each Participant is solely responsible to contact his or her own accountant, legal representative or qualified financial advisor to determine what current effect any applicable tax legislation may have with respect to his or her participation in the Plan or the sale of Shares and to determine any tax consequences.

The Plan Administrator will provide all Participants with all appropriate tax forms and receipts.

Section 15 — General Provisions

15.1 No Additional Rights to Employment

(a) The opportunity to participate in this Plan does not constitute a contract of employment, nor does the existence of a contract of employment between any person and CPR give such person any right or entitlement to participate in the Plan or any expectation that an opportunity to participate in the Plan will be offered to the person subject to any conditions or at all.

(b) The rights and obligations of a Participant under the terms of any contract of employment with CPR shall not be affected by participation in this Plan.

(c) The opportunity to acquire Shares pursuant to the Plan shall not afford a Participant or any Eligible Employee any rights or additional rights to compensation or damages in consequence of the loss or termination of the Participant's office or employment with CPR for any reason whatsoever.

(d) A Participant shall not be entitled to any compensation for damages for any loss or potential loss which they may suffer by reason of being or becoming unable to acquire Shares under the Plan in consequence of the loss or termination of his or her office or employment with CPR for any reason (including, without limitation, any breach of contract by CPR) or in any other circumstances whatsoever.

15.2 Employee Eligibility

CPR reserves the right to restrict participation in the Plan to any employee or employee groups at any time in its sole discretion, including, but not limited to, the right to refuse to offer employees or employee groups the opportunity to participate in the Plan in any jurisdiction where operating the Plan in such jurisdiction or in respect of such employees is or becomes onerous (including, without limitation, having regard to the costs involved), impossible, illegal or impracticable, as determined by CPR in its sole discretion.

15.3 Liability

No Participant shall make any claim or demand against CPR or the Plan Administrator and Participants agree and acknowledge that CPR and the Plan Administrator shall not be liable with respect to:

(a) the performance of Shares on the Stock Exchange at or during any period of time;

(b) changes in the local currency value of Shares held by a Participant, where applicable, resulting from fluctuations in the exchange rates between the Canadian dollar and any other currency;

(c) income taxes payable in respect of the Plan, except to the extent that:

(i) CPR withholds any such amounts either from a Participant's Eligible Earnings, other earnings, or payments under the Plan; or

(ii) CPR (but not the employee) is liable for such payment under applicable law.

15.4 Participant’s Agreement to be bound by Plan Terms

Participation in the Plan by any Participant shall be construed as acceptance by the Participant of the terms and conditions of the Plan and all rules and procedures adopted hereunder and as amended from time to time, and as the Participant's agreement to be bound thereby.

15.5 Indemnification

By electing to participate in the Plan a Participant agrees to indemnify:

(a) CPR; and
(b) the Plan Administrator; and

(c) any other person who is or becomes liable to account for tax, social security contributions or any other regulatory or statutory contributions on behalf of the Participant against any amount of or representing tax, or any other regulatory or statutory contributions for which CPR (or such other person) is liable to account in respect of or in consequence of the facilitation of Participant Contributions, for the benefit of such Participant and which (as between the Participant and CPR or such other person) is the liability of the Participant but which CPR or such other person cannot otherwise lawfully recover from the Participant (whether by way of deduction from payroll or otherwise).

15.6 Assignment Exemption from Seizure and Bankruptcy

Except as may otherwise be specifically provided by applicable law, no right of a person under the Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge and any attempt by anyone to anticipate, alienate, sell, transfer, assign, pledge, encumber or charge the same shall be void, and any Shares or money to which any person is entitled under the Plan are exempt from execution, seizure and attachment. Any Shares withdrawn from any Plan Account may only be transferred (including any transfer pursuant to Paragraph 8.2) in accordance with applicable securities laws.

If, notwithstanding the foregoing, a Participant is deprived by applicable law of interests in Shares or ceases to retain beneficial interest in the Shares, then all rights under the Plan will cease forthwith and no further Shares will be allocated under the Plan to that Participant.

15.7 Share Certificates

Share certificates, if issued pursuant to any provision of the Plan, shall bear any legend that is necessary or is deemed advisable in order to comply with applicable securities laws, including any legends referring to restrictions on transfer in any jurisdiction.

15.8 Physical, Mental or Legal Incapacity of the Participant

If any payment is to be made under the Plan to a minor or other person who is physically, mentally or legally incompetent, the Plan Administrator shall pay the same to the parent or guardian or other person having legal custody of, or being the legally appointed representative of, such person, to be applied by such parent, guardian, person having custody or legally appointed representative for the benefit of such person, without the Plan Administrator being further liable to see to the application thereof and so that any such payment shall be a complete discharge of any liability under the Plan and of CPR.

15.9 Governing Law and Compliance with Laws

The Plan shall be governed by and construed in accordance with the laws of the province of Alberta, Canada. Notwithstanding any provision of this Plan, CPR shall operate the Plan in compliance with all applicable laws and regulations of all jurisdictions where CPR has, in accordance with the terms of this Plan, decided to offer the Plan.

15.10 Discretionary Relief

Notwithstanding any other provision of the Plan, CPR may, at its discretion, waive any condition of the Plan if specific individual circumstances warrant such waiver.

CANADIAN PACIFIC U.S. SALARIED RETIREMENT INCOME PLAN

(Including all Amendments Adopted through December 31, 2014)

ARTICLE I
GENERAL

Sec. 1.1 Name of Plan. The name of the profit sharing plan set forth herein is the Canadian Pacific U.S. Salaried Retirement Income Plan. It is sometimes herein referred to as the "Plan".

Sec. 1.2 Purpose. The Plan has been established so that eligible employees may have an additional source of retirement income.

Sec. 1.3 Effective Date. The "Effective Date" of the Plan, the date as of which the Plan was established, is July 1, 2010. This restatement of the Plan dated "1-28-15" is generally effective as of January 1, 2015.

Sec. 1.4 Company. The "Company" is the Soo Line Railroad Company, a Minnesota corporation, and any Successor Employer thereof.

Any Successor Employer to a Participating Employer shall also be a Participating Employer in the Plan. As of July 1, 2010, the Company, the Dakota, Minnesota & Eastern Railroad Corporation and the Delaware and Hudson Railway Company, Inc. are the only Participating Employers in the Plan.

Sec. 1.6 Construction and Applicable Law. The Plan is intended to meet the requirements for qualification as a profit sharing plan under Section 401(a) of the Code. Except as may be specifically provided herein to the contrary, benefits under the Plan attributable to service prior to a Participant's Termination of Employment shall be determined and paid in accordance with the provisions of the Plan as in effect as of the date the Termination of

Employment occurred. Any amendment to the Plan shall apply only to benefits accrued by individuals who are employees of a Participating Employer or Affiliate on or after the effective date of such amendment, unless they become Active Participants after that date and such active participation causes a contrary result under the provisions the Plan. Notwithstanding the foregoing:

(a) Certain provisions of the Plan have specific effective dates, which are noted in the particular provisions.

(b) Notwithstanding any provision of the Plan to the contrary, contributions, benefits and service credit with respect to qualified military service will be provided in accordance with Section 414(u) of the Code and the Uniformed Services Employment and Reemployment Rights Act of 1994, P.L. 103-353 ("USERRA"). ARTICLE II
MISCELLANEOUS DEFINITIONS

Sec. 2.1 **Account.** "Account" means a Participant's or Beneficiary's interest in the Fund as described in Sec. 7.1.

Sec. 2.2 **Active Participant.** An employee is an "Active Participant" only while he or she is both a Participant and a Qualified Employee.

Sec. 2.3 **Affiliate.** "Affiliate" means any trade or business entity under Common Control with a Participating Employer, or under Common Control with a Predecessor Employer while it is such.

Sec. 2.4 **Annual Retirement Contributions.** "Annual Retirement Contributions" are the contributions made by the Participating Employers pursuant to Sec. 5.1.

Sec. 2.5 **Beneficiary.** "Beneficiary" means the person or persons designated as such pursuant to the provisions of Article VIII.

Sec. 2.6 **Board.** The "Board" is the board of directors of the Company, and includes any executive committee thereof authorized to act for said board of directors.

Sec. 2.7 **Certified Earnings.** "Certified Earnings" of a Participant from a Participating Employer for a Plan Year means the amount determined by the Participating Employer and reported to the Company to be the total earnings paid to the Participant by the Participating Employer during such Plan Year for service as an Active Participant, subject to the following:

(a) Discretionary bonuses shall not be included in Certified Earnings, except as provided in subsection (b).

(b) Certified Earnings shall include the bonus actually paid during the year under the Company's Performance Incentive Program. If bonuses under the Performance Incentive Program are paid in the year after they are earned, they will be credited to the year paid rather than the year earned. Notwithstanding the foregoing, if the Company designates part or all of a Performance Incentive Plan bonus, or any other payments or bonus, as not being includable in Certified Earnings, such bonus or payment shall not be included in Certified Earnings under the Plan.

(c) Payments or contributions to or for the benefit of the employee under this Plan shall not be included in Certified Earnings.

(d) Except as provided in subsection (e), allowances or reimbursements for expenses, moving allowances or relocation expenses, foreign tax-equalization pay, severance pay, payments or employer contributions to or for the benefit of the employee under any other deferred compensation, pension, profit sharing,

insurance, or other employee benefit plan, purchase discounts under (or payments from) the employee share purchase plan, stock options, stock appreciation rights or cash payments in lieu thereof, merchandise or service discounts, non-cash employee awards, benefits in the form of property or the use of property, earnings payable in a form other than cash, or other similar fringe benefits shall not be included in computing Certified Earnings, except as provided in subsection (e). Settlement proceeds paid in connection with any claim against the Company or a Participating Employer are not Certified Earnings.

(e) If, however, a Participant has elected to have his or her compensation reduced pursuant to a cash or deferred arrangement established under Code Section 401(k), a cafeteria plan described in Code Section 125 or a qualified transportation fringe benefit program under Code Section 132(f)(4), Certified Earnings for purposes of this Plan shall be the amount he or she would have received but for the reduction. If a portion of the reduction is later paid back to Participant, said payment shall not be included in Certified Earnings.

(f) A Participant's Certified Earnings for any Plan Year shall not exceed the annual compensation limit under Code Section 401(a)(17) in effect for that year. For example, the Code Section 401(a)(17) limit for the Plan Year beginning January 1, 2014 was Two Hundred and Sixty Thousand Dollars ($260,000) and the limit for the 2015 Plan Year is Two Hundred and Sixty Five Thousand Dollars ($265,000). The Code Section 401(a)(17) limit is subject to adjustment in future Plan Years for cost of living increases or otherwise. This subsection shall be applied in accordance with a good faith interpretation of regulations prescribed by the Secretary of Treasury.

(g) A Participant's Certified Earnings shall include the Certified Earnings that the Participant would have received during a period of qualified military service (or, if the amount of such Certified Earnings is not reasonably certain, the Participant's average earnings comprising Certified Earnings from all Participating Employers for the twelve-month period immediately preceding the Participant's period of qualified military service); but only if the Participant returns to work within the period during which his right to reemployment is protected by law or dies during the period of qualified military service. For purposes of this subsection, "qualified military service" shall mean any service in the uniformed services (as defined in chapter 43 of title 38, United States Code) where the Participant's right to reemployment is protected by law, including a period of military service where the Participant dies prior to the end of such military service and is thus unable to return to employment.

(h) Salary differential payments made to a Participant during a military leave shall not constitute Certified Earnings under the Plan, unless required by USERRA or other applicable law.

(i) If a Participant transferred employment in 2014 (without having a Termination of Employment) from the Canadian Pacific Railroad to a Participating Employer in this Plan, his or her Certified Earnings under this Plan for 2014 shall include compensation received from Canadian Pacific Railway in 2014 prior to the transfer. For this purpose, payments made to the Participant in Canadian dollars in 2014 prior to the transfer shall be converted to U.S. dollars using the rate of exchange as reported by the U.S. Federal Reserve Board for December 2014.

Sec. 2.8 Code. "Code" means the Internal Revenue Code of 1986 as from time to time amended.

Sec. 2.9 Common Control. A trade or business entity (whether a corporation, partnership, sole proprietorship or otherwise) is under "Common Control" with another trade or business entity (i) if both entities are corporations which are members of a controlled group of corporations as defined in Code Section 414(b), or (ii) if both entities are trades or businesses (whether or not incorporated) which are under common control as defined in Code Section 414(c), or (iii) if both entities are members of an affiliated service group as defined in Code Section 414(m), or (iv) if both entities are required to be aggregated pursuant to regulations under Code Section 414(o). Service for all entities under Common Control shall be treated as service for a single employer to the extent required by the Code; provided, however, that an individual shall not be a Qualified Employee by reason of this section. In applying the first sentence of this section for purposes of Sec. 6.1, the provisions of subsections (b) and (c) of section 414 of the Code are deemed to be modified as provided in Code Section 415(h).

Sec. 2.10 ERISA. "ERISA" means the Employee Retirement Income Security Act of 1974 as from time to time amended.

Sec. 2.11 Forfeitures. "Forfeitures" (or "Forfeited") means that part of the Fund so recognized under Sec. 9.2(a), which provides for the forfeiture of non-vested employer contributions and any other amounts treated as Forfeitures under the terms of the Plan.

Sec. 2.12 Fund. "Fund" means the aggregate of assets described in Sec. 11.1.

Sec. 2.13 Funding Agency. "Funding Agency" is a trustee or trustees or an insurance company appointed and acting from time to time in accordance with the provisions of Sec. 11.2 for the purpose of holding, investing, and disbursing all or a part of the Fund.

Sec. 2.14 Highly Compensated Employee. "Highly Compensated Employee" for any Plan Year means an individual described in (a) or (b):

(a) The employee received Testing Wages of $115,000 or more for the prior Plan Year, subject to the following:

(1) The $115,000 limit shall be adjusted for cost of living increases as provided in Code Section 414(q). For example, the Code Section 414(q) limit for 2014 was $115,000 and the limit for 2015 is $120,000.

(2) The Company may elect to treat those employees, who receive Testing Wages equal to or in excess of the applicable limit under Code Section 414(q) (as adjusted for cost of living increases) but who are not among the top paid 20 percent of all employees, as Non-Highly Compensated Employees. Any such election shall be made in accordance with applicable regulations prescribed by the Internal Revenue Service. Currently, the Company is not making this election.

(b) An employee of a Participating Employer who at any time during the current or prior Plan Year was a five percent (5%) owner as defined in Code Section 416(i)(1).

Sec. 2.15 Investment Fund. "Investment Fund" means any of the funds for investment of Plan assets established under Sec. 7.2.

Sec. 2.16 Leased Employees. "Leased Employees", within the meaning of Code Section 414(n)(2) and individuals who would meet those requirements but for failure to complete a year of leased service, shall be counted as employees of the Company or a Participating Employer to the extent required by the Code or regulations issued thereunder. "Leased Employee" means any person (other than an employee of the recipient) who, pursuant to an agreement between the recipient and any other person ("leasing organization"), has performed services for the recipient (or for the recipient and related persons determined in accordance with Code Section 414(n)(6)), on a substantially full-time basis for a period of at least one year, and such services are performed under primary direction or control by the recipient. Contributions or benefits provided a leased employee by the leasing organization which are attributable to service performed for the recipient employer shall be treated as provided by the recipient employer. Leased Employees are not Participants in the Plan, however, and are not eligible to receive Annual Retirement Contributions under the Plan.

Sec. 2.17 Named Fiduciary. The Company is a "Named Fiduciary" for purposes of ERISA with authority to control or manage the operation and administration of the Plan, including control or management of the assets of the Plan. Other persons are also Named Fiduciaries under ERISA if so provided thereunder or if so identified by the Company, by action of the Board. Such other person or persons shall have such authority to control or manage the operation and administration of the Plan, including control or management of the assets of the Plan, as may be provided by ERISA or as may be allocated by the Company, by action of the Board.

Sec. 2.18 Non-Highly Compensated Employee. "Non-Highly Compensated Employee" means an Active Participant who is not a Highly Compensated Employee.

Sec. 2.19 Normal Retirement Age. "Normal Retirement Age" is age 65.

Sec. 2.20 Participant. A "Participant" is an individual described as such in Article IV.

Sec. 2.21 Plan Year. The "Plan Year" is the 12-consecutive-month period commencing each January 1 and ending each December 31.

Sec. 2.22 Predecessor Employer. An employer shall be a Predecessor Employer if required by regulations prescribed by the Internal Revenue Service. In addition, any corporation, partnership, firm, or individual, a substantial part of the assets and employees of which are acquired by a successor is a "Predecessor Employer" subject to any conditions and limitations with respect thereto imposed by this section; provided, however, that any such corporation, partnership, firm or individual may be named as a Predecessor Employer only if all of its employees who at the time of the acquisition become employees of the successor and Participants hereunder are treated uniformly, the use of service with it does not produce discrimination in favor of Highly Compensated Employees, and there is no duplication of benefits for such service. To be considered a Predecessor Employer, the acquisition of assets and employees of a corporation, partnership, firm, or individual must be by a Participating Employer, by an Affiliate, or by another Predecessor Employer and, unless required by law, the Company recognizes that the entity is a Predecessor Employer for purposes of this Plan.

Sec. 2.23 Qualified Employee. "Qualified Employee" means a salaried employee (full-time or part-time) of a Participating Employer who is either hired or rehired on or after July 1, 2010 or is not a participant in the Canadian Pacific Pension Plan for U.S. Management Employees (the "Pension Plan") subject to the following:

(a) Individuals employed by the Dakota, Minnesota & Eastern Railroad Corporation (the "DM&E") on July 1, 2010 and employees hired or rehired by a Participating Employer on or after July 1, 2010 are Qualified Employees even if they are receiving benefits or are entitled to future benefits under the Pension Plan. These individuals are not eligible to accrue additional benefits under the Pension Plan.

(b) Individuals who were employed by the Soo Line Railroad Company or the Delaware and Hudson Railroad Company on July 1, 2010 and who were participants in the Pension Plan on that date are not eligible to participate in this Plan even if they were not actively accruing benefits under the Pension Plan on July 1, 2010.

(c) Former employees who are still entitled to benefits under the Pension Plan and who are rehired by a Participating Employer on or after July 1, 2010 are Qualified Employees eligible to participate in the Salaried Retirement Income Plan but are not eligible to accrue additional benefits under the Pension Plan with respect to their service after their rehire date.

(d) Any employee of a Participating Employer who transfers into a covered salaried position after July 1, 2010 and who is not a participant in the Pension Plan, is a Qualified Employee eligible to participate in the Salaried Retirement Income Plan. This includes transfers from Canada to U.S. salaried positions who relocate to a U.S. residence, transfers from hourly to salaried positions and transfers from union represented positions to salaried positions.

(e) Hourly paid employees are not Qualified Employees.

(f) Eligibility of employees in a collective bargaining unit to participate in the Plan shall be subject to negotiations with the representative of that unit. During any period that the wages and hours of service of an employee are covered by the provisions of a collective bargaining agreement between his or her Participating Employer and such representative he or she shall not be considered a Qualified Employee for purposes of this Plan unless such agreement expressly so provides. For purposes of this section only, such an agreement shall be deemed to continue after its formal expiration during collective bargaining negotiations pending the execution of a new agreement.

(g) An employee shall be deemed to be a Qualified Employee during a period of absence from active service which does not result from his or her Termination of Employment, provided he or she is a Qualified Employee at the commencement of such period of absence.

(h) A nonresident alien while not receiving earned income (within the meaning of Code Section 911(b)) from a Participating Employer which constitutes income from sources within the United States (within the meaning of Code Section 861(a)(3)) is not a Qualified Employee.

(i) An employee is not a Qualified Employee unless his or her services are performed within the United States, or his or her principal base of operations to which he or she frequently returns is within the United States.

(j) Any individual designated by the Company or a Participating Employer as an "independent contractor" by payroll practice or otherwise is not a Qualified Employee (regardless of whether the individual is actually a common law employee).

(k) An employee is not a Qualified Employee prior to July 1, 2010.

(l) An employee is not a Qualified Employee prior to the date as of which his or her employer becomes a Participating Employer in this Plan.

Sec. 2.24 Successor Employer. A "Successor Employer" is any entity that succeeds to the business of a Participating Employer through merger, consolidation, acquisition of all or substantially all of its assets, or any other means and which elects before or within a reasonable time after such succession, by appropriate action evidenced in writing, to continue the Plan; provided, however, that in the case of such succession with respect to any Participating Employer other than the Company, the acquiring entity shall be a Successor Employer only if consent thereto is granted by the Company.

Sec. 2.25 Testing Wages. A Participant's "Testing Wages" for a Plan Year means the Participant's compensation for the Plan Year as reported on Internal Revenue Service form W-2 subject to the following:

(a) The Company may, on a uniform and nondiscriminatory basis, modify the definition of Testing Wages in any other way that satisfies the definition of "compensation" under Code Section 414(s) or regulations issued thereunder. The same definition of Testing Wages shall be used for all Participants for a particular year, but different definitions may be used for different years.

(b) The Company may limit a Participant's Testing Wages to compensation received while the employee is a Participant.

(c) Testing Wages shall not exceed the limit as may be in effect under Code section 401(a)(17) for any given Plan Year.

Sec. 2.26 Valuation Date. "Valuation Date" means the date on which the Fund and Accounts are valued as provided in Article VII. Each of the following is a Valuation Date:

(a) The last day of each quarter of the Plan Year.

(b) A more frequently occurring date, such as daily valuations, as designated by the Company in written notice to the Funding Agency, as the Company may consider necessary or advisable to provide for the orderly and equitable administration of the Plan.

ARTICLE III
SERVICE PROVISIONS

Sec. 3.1 **Employment Commencement Date.** "Employment Commencement Date" means the date on which an employee first performs an Hour of Service for a Participating Employer (whether before or after the Participating Employer becomes such) an Affiliate, or a Predecessor Employer. The date upon which an employee performs an Hour of Service after a Recognized Break in Service is also an Employment Commencement Date.

Sec. 3.2 **Termination of Employment**. An employee has a "Termination of Employment" for purposes of the Plan upon resignation, discharge, retirement, death, failure to return to active work at the end of an authorized leave of absence or the authorized extension or extensions thereof, failure to return to work when duly called following temporary layoff, or upon the happening of any other event or circumstances which, under the policy of a Participating Employer, Affiliate or Predecessor Employer as in effect from the time to time, results in the termination of the employer-employee relationship. Notwithstanding the foregoing, no Termination of Employment shall be deemed to occur upon a transfer between any combination of the Company, Affiliates, and Predecessor Employers, nor shall the change in status from a common law employee to a Leased Employee constitute a Termination of Employment.

If the employer-employee relationship is terminated because of the entry of an employee into the armed forces of the United States and if the employee subsequently returns to employment with a Participating Employer or an Affiliate under circumstances such that he or she has reemployment rights under the provisions of any applicable federal law, for all purposes of the Plan and only for such purposes the employee shall be deemed to have been on authorized leave of absence during the period of military service.

Sec. 3.3 **Recognized Break in Service.** A "Recognized Break in Service" is a period of at least 12 consecutive months duration that begins on the day on which the individual's Termination of Employment occurs and during which the individual has no Hours of Service. A Recognized Break in Service ends, if ever, on the day on which the individual again performs an Hour of Service for a Participating Employer, an Affiliate or a Successor Employer. Notwithstanding the foregoing, if an individual is absent from work for maternity or paternity reasons, a period of up to 12 months beginning with the first day of such absence shall not count as part of a Recognized Break in Service.

For purposes of this Sec. 3.3 an absence from work for maternity or paternity reasons means an absence for one of the following reasons:

(a) Because the individual was pregnant;

(b) Because the individual gave birth to a child;

(c) Because the individual adopted a child or had a child placed with them for purposes of adoption; or

(d) Because the individual needs to care for the child for a period beginning immediately following a birth, adoption or placement described above.

Sec. 3.4 Years of Vesting Service. An individual's "Years of Vesting Service" are equal to the aggregate time elapsed between his or her original Employment Commencement Date and his or her most recent Termination of Employment or any other date as of which a determination of Years of Vesting Service is to be made, expressed in years and days, reduced by all Recognized Breaks in Service, subject to the following:

(a) Service prior to a Recognized Break in Service will not be excluded from a Participant's Years of Vesting Service regardless of the length of the Recognized Break in Service.

(b) For purposes of converting days into years, 365 days constitute one year.

Sec. 3.5 Hours of Service. "Hours of Service" are determined according to the following subsections with respect to each applicable computation period. The Company may round up the number of Hours of Service at the end of each computation period or more frequently as long as a uniform practice is followed with respect to all employees determined by the Company to be similarly situated for compensation, payroll, and record keeping purposes.

(a) Hours of Service are computed only with respect to service with Participating Employers (for service both before and after the Participating Employer becomes such), Affiliates, members of the Affiliated Group and Predecessor Employers and are aggregated for service with all such employers.

(b) For any portion of a computation period during which a record of hours is maintained for an employee, Hours of Service shall be credited as follows:

(1) Each hour for which the employee is paid, or entitled to payment, for the performance of duties for his employer during the applicable computation period is an Hour of Service.

(2) Each hour for which the employee is paid, or entitled to payment, by his employer on account of a period of time during which no duties are performed (irrespective of whether the employment relationship has terminated) due to vacation, holiday, illness incapacity (including disability), layoff, jury duty, military duty, or leave of absence, is an Hour of Service. Hours of Service shall not be credited under this paragraph with respect to payments under a plan maintained solely for the purpose of complying with applicable unemployment compensation or disability insurance laws or with respect to a payment which solely reimburses the individual for medical or medically related expenses incurred by the employer.

(3) Each hour credited for a period of time during which no duties are performed, but during which the employment relationship has not been terminated, during a period of excused absence, vacation, sick leave or jury duty is an Hour of Service. Such Hours of Service shall be credited on an assumed basis of a nine (9) hour workday and five (5) workdays per week. If an Hour of Service is creditable under both paragraph (2) and

this paragraph (3), the employee shall be credited with Hours of Service under the computation which results in the most Hours of Service being credited to the employee.

(4) Each hour for which back pay, irrespective of mitigation of damages, is either awarded or agreed to by the employer is an Hour of Service. Such Hours of Service shall be credited to the computation period or periods to which the award or agreement for back pay pertains, rather than to the computation period in which the award, agreement, or payment is made. Crediting of Hours of Service for back pay awarded or agreed to with respect to periods described in paragraph (2) shall be subject to the limitations set forth therein.

(5) Hours under this subsection shall be calculated and credited pursuant to Section 2530.200b-2 of the Department of Labor Regulations, which are incorporated herein by this reference.

(6) The Company may use any records to determine Hours of Service which it considers an accurate reflection to the actual facts.

(c) For any portion of a computation period during which an employee is within a classification for which a record of hours for the performance of duties is not maintained, he shall be credited with 45 Hours of Service for each week for which he would otherwise be credited with at least one Hour of Service under subsection (b).

(d) Nothing in this section shall be construed as denying an employee credit for an Hour of Service if credit is required under Code Section 414(n) or by any other federal law. The nature and extent of such credit shall be determined under such other law.

(e) In no event shall duplicate credit as an Hour of Service be given for the same hour.

ARTICLE IV
PLAN PARTICIPATION

Sec. 4.1 **Eligibility for Participation.** Eligibility to participate in the Plan shall be determined as follows:

(a) An employee of a Participating Employer shall become a Participant in the Plan on the earliest date (on or after July 1, 2010 or such later date on which the Plan becomes effective with respect to his or her Participating Employer) on which all of the following requirements are met:

(1) The employee is a Qualified Employee.

(2) The employee has attained age 21.

(3) The employee has completed an Hour of Service with a Participating Employer on or after July 1, 2010.

(b) If a former Participant is reemployed, he or she will become a Participant on the date he or she again becomes a Qualified Employee.

Sec. 4.2 **Duration of Participation.** A Participant shall continue to be such until the later of:

(a) The Participant's Termination of Employment.

(b) The date all benefits, if any, to which the Participant is entitled hereunder have been distributed from the Fund.

Sec. 4.3 **No Guarantee of Employment.** Participation in the Plan does not constitute a guarantee or contract of employment with the Participating Employers. Such participation shall in no way interfere with any rights the Participating Employers would have in the absence of such participation to determine the duration of an employee's employment.

ARTICLE V
EMPLOYER CONTRIBUTIONS

Sec. 5.1 Annual Retirement Contribution. The Participating Employers shall make an Annual Retirement Contribution each Plan Year on behalf of eligible Participants subject to the following:

(a) The Annual Retirement Contribution shall be equal to three and one-half percent (3 ½%) of the eligible Participant's Certified Earnings for the Plan Year and shall be credited to a separate Account established for the Participant pursuant to Sec. 7.1. Amounts credited to a Participant's Annual Retirement Contribution Account shall not be available for Participant loans or hardship withdrawals.

(b) The Participant must have satisfied at least one of the following requirements:

(1) The Participant was an Active Participant on the last business day of the Plan Year for which the Annual Retirement Contribution is being made;

(2) The Participant's Termination of Employment during the Plan Year occurred on or after the date the Participant reached age 55 with at least 10 years of Vesting Service;

(3) The Participant died during the Plan Year; or

(4) The Participant had an involuntary Termination of Employment during the Plan Year, which was not for cause.

Any contribution during a Plan Year will be based on the Participant's Certified Earnings actually received during the Plan Year.

5.2 Application of Forfeitures. Forfeitures recognized with respect to a Plan Year may, at the Company's discretion, be applied in any of the following ways:

(a) Such amounts may be used to pay reasonable administrative expenses of the Plan to the extent permitted by ERISA.

(b) To the extent directed by the Company, such amounts may be applied to reinstate Forfeited Accounts as provided in Sec. 9.2(b).

(c) Such amounts may be credited against Annual Retirement Contributions to be made by the Participating Employers for the current Plan Year or the next Plan Year. In making allocations to the Accounts of Participants, amounts credited against Annual Retirement Contributions shall have the same attributes as Annual Retirement Contributions.

(d) Such amounts may be used to make any corrective contributions that may be necessary under the Internal Revenue Service self correction program.

(e) Such amounts may be allocated among the Accounts of Active Participants employed on the last day of the Plan Year in the ratio that each such Active Participant's Certified Earnings for the Plan Years bears to the total Certified Earnings of Active Participants that are employed on the last day of the Plan Year.

Sec. 5.3 Limitations on Contributions. In no event shall the amount of a Participating Employer's contribution under this Article for any Plan Year exceed the lesser of:

(a) The maximum amount allowable as a deduction in computing its taxable income for that Plan Year for federal income tax purposes.

(b) The aggregate amount of the contributions by such Participating Employer that may be allocated to Accounts of Participants under the provisions of Article VI.

Sec. 5.4 No Rollover Contributions. The Plan does not accept rollover contributions from IRA's or other eligible retirement plans.

Sec. 5.5 Allocations. Annual Retirement Contributions shall be allocated to the Accounts of Participants as follows:

(a) Allocations shall be reflected in Accounts as provided in Article VII. For the purposes of allocating investment gains and losses, pro rata adjustments will be made to Participants' Accounts in a fair, equitable and non-discriminatory manner to reflect the time when contributions were actually received by the Funding Agency and allocated to Participant's Accounts.

(b) Annual Retirement Contributions with respect to a Plan Year which are deposited with the Funding Agency after the end of the Plan Year shall be allocated to the appropriate Accounts as of the last day of that Plan Year unless the Company determines that it is necessary to treat some or all of such contributions as being contributions for the Plan Year in which they are actually deposited with the Funding Agency.

ARTICLE VI
LIMITATION ON ALLOCATIONS

Sec. 6.1 **Limitation on Allocations.** Notwithstanding any provisions of the Plan to the contrary, allocations to Participants under the Plan shall not exceed the maximum amount permitted under Code Section 415. For purposes of the preceding sentence, the following rules shall apply unless otherwise provided in Code Section 415:

(a) The Annual Additions with respect to a Participant for any Plan Year shall not exceed the lesser of:

(1) $52,000 for 2014 and $53,000 for 2015, as adjusted after 2015 for any applicable cost of living increases under Code Section 415(d).

(2) 100% of the Participant's "Compensation" as defined in subsection (e) below.

The Compensation limit referred to in paragraph (2) shall not apply to any contribution for medical benefits after separation from service (within the meaning of Code Section 401(h) or 419A(f)(2)), which is otherwise treated as an annual addition.

(b) If a Participant is also a participant in one or more other defined contribution plans maintained by a Participating Employer or an Affiliate, and if the amount of employer contributions and forfeitures otherwise allocated to the Participant for a Plan Year must be reduced to comply with the limitations under Code Section 415, such allocations under this Plan and each of such other plans shall be reduced pro rata to the extent necessary to comply with said limitations, except that reductions to the extent necessary shall be made in allocations under profit sharing plans and stock bonus plans before any reductions are made under money purchase plans.

(c) If for any Plan Year the limitation described in subsection (a) would otherwise be exceeded with respect to any Participant and if there is any excess amount remaining after the adjustments in paragraph (b) as a result of an operational error, any excess annual additions shall be adjusted and self-corrected pursuant to the Internal Revenue Service Employee Plans Compliance Resolution System. Such correction is to be made pursuant to procedures established by the Company and shall be completed by the close of the second Plan Year following the error.

(d) For purposes of this section, "Annual Additions" means the sum of the following amounts allocated to a Participant for a Plan Year under this Plan and all other defined contribution plans maintained by a Participating Employer or an Affiliate in which he or she participates:

(1) Employer contributions.

(2) Forfeitures, if any.

(3) Voluntary non-deductible contributions, if any.

(4) Amounts attributable to medical benefits as described in Code Sections 415(1)(2) and 419A(d)(2).

An Annual Addition with respect to a Participant's Accounts shall be deemed credited thereto with respect to a Plan Year if it is allocated to the Participant's Accounts under the terms of the Plan as of any date within such Plan Year.

(e) For purposes of applying the limitations of Code §415, "Compensation" means a Participant's earned income, wages, salaries, and other amounts received for personal services actually rendered in the course of employment with the Company, or an Affiliate, subject to the following:

(1) Subject to paragraph (2) below, Compensation excludes employer contributions to a plan of deferred compensation which are not includable in the Participant's gross income for the taxable year in which contributed, and other amounts which received special tax benefits. However, any amounts received by a Participant pursuant to an unfunded non-qualified plan of deferred compensation are Compensation in the year such amounts are includable in the Participant's gross income.

(2) Salary reduction contributions to a cash or deferral arrangement under Code §401(k), a Code §457 are includable as Compensation. Compensation shall also include elective amounts that are not includable in the gross income of the employee under Code §132(f)(4).

(3) Compensation shall include any military differential pay paid to a Participant by a Participating Employer.

(4) Compensation recognized for an employee for a Plan Year shall not exceed the limit under Code §401(a)(17) as adjusted by the Secretary of Treasury.

(5) Payments made by the later of 2½ months after a Participant's severance from employment or the end of the Plan Year in which the severance from employment occurred are included in Compensation for the limitation year if, absent a severance from employment, such payments would have been paid to the Participant while the Participant continued in employment with the Company or an Affiliate and are regular earnings for services during the Participant's regular working hours, compensation for services outside the Participant's regular working hours (such as overtime or shift differential), commissions, bonuses or other similar compensation. This

provision shall be applied consistent with the requirements of Treas. Reg. §1.145(c)-2.

(f) This Section shall be applied in accordance with final regulations under Code Section 415 that were issued by the Department of Treasury and Internal Revenue Service on April 5, 2007, which are hereby incorporated by reference.

ARTICLE VII
INDIVIDUAL ACCOUNTS

Sec. 7.1 **Accounts for Participants.** A "Retirement Income Account" shall be established under the Plan for each Participant who receives an Annual Retirement Contribution under the Plan. Other sub-Accounts may be established for a Participant if deemed advisable by the Company (collectively referred herein as the Participant's "Account").

Sec. 7.2 **Investment Funds.** Investment Funds for the investment of amounts credited to Participants' Accounts shall be established at the direction of the Company. The Company shall determine the types of investments to be held in each Investment Fund or the investment manager, trustee, or insurance company responsible for selecting investments. Income on the investments of each Investment Fund shall be reinvested by the appropriate Funding Agency in the appropriate Investment Fund.

Sec. 7.3 **Valuation of Investment Funds.** As of each Valuation Date, the Funding Agency shall determine, in accordance with a method consistently followed and uniformly applied, the fair market value of each Investment Fund. During any period that all or a part of any Investment Fund is held under a contract, of a type sometimes referred to as a "guaranteed income contract", issued by an insurance company and invested by it and under which the insurance company pays a guaranteed minimum rate of return, and provided no event has occurred that would result in a payment by the insurance company under the contract at a discount from book value of the contract, the fair market value of the contract shall be deemed to equal its book value.

Sec. 7.4 **Valuation of Accounts.** As of each Valuation Date the value of each Participant's Account under the Plan shall be determined. The value of each such Account shall be adjusted to reflect the effect of income, realized and unrealized profits and losses, withdrawals, interfund transfers, and all other transactions since the next preceding Valuation Date.

Sec. 7.5 **Participant Statements.** The Company will cause each Participant to be provided with a statement of his or her Account balance at least on a quarterly basis each Plan Year. The statement can be provided electronically or otherwise in accordance with applicable regulations issued under ERISA or the Code.

ARTICLE VIII
DESIGNATION OF BENEFICIARY

Sec. 8.1 **Persons Eligible to Designate.** Any Participant may designate a Beneficiary to receive any amount payable from the Fund as a result of the Participant's death, provided that the Beneficiary survives the Participant. The Beneficiary may be one or more persons, natural or otherwise. By way of illustration, but not by way of limitation, the Beneficiary may be an individual, trustee, executor, or administrator. A Participant may also change or revoke a designation previously made, without the consent of any Beneficiary named therein.

Sec. 8.2 **Special Requirements for Married Participants.** Notwithstanding the provisions of Sec. 8.1, if a Participant is married at the time of his or her death, the Beneficiary shall be the Participant's spouse unless the spouse has consented in writing to the designation of a different Beneficiary, the spouse's consent acknowledges the effect of such designation, and the spouse's consent is witnessed by a representative of the Plan or a notary public. Such consent shall be deemed to have been obtained if it is established to the satisfaction of the Company that such consent cannot be obtained because there is no spouse, because the spouse cannot be located, or because of such other circumstances as may be prescribed by federal regulations. Any consent by a spouse shall be irrevocable. Any designation of a Beneficiary or form of benefits which has received spousal consent may be changed (other than by being revoked) without spousal consent only if the consent by the spouse expressly permits subsequent designations by the Participant without any requirement of further consent of the spouse. Any such consent shall be valid only with respect to the spouse who signed the consent, or in the case of a deemed consent, the designated spouse.

Sec. 8.3 **Form and Method of Designation.** Any designation or a revocation of a prior designation of Beneficiary shall be in writing on a form acceptable to the Company and shall be filed with the Company or recordkeeper. The Company and all other parties involved in making payment to a Beneficiary may rely on the latest Beneficiary designation on file with the Company or recordkeeper at the time of payment or may make payment pursuant to Sec. 8.4 if an effective designation is not on file, shall be fully protected in doing so, and shall have no liability whatsoever to any person making claim for such payment under a subsequently filed designation of Beneficiary or for any other reason.

Sec. 8.4 **No Effective Designation.** If there is not on file with the Company or recordkeeper an effective designation of Beneficiary by a deceased Participant, or if the designated Beneficiary fails to survive the Participant, the Beneficiary shall be the person or persons surviving the Participant in the first of the following classes in which there is a survivor, share and share alike:

(a) The Participant's spouse.

(b) The Participant's children, except that if any of the Participant's children predecease the Participant but leave issue surviving the Participant, such issue shall take by right of representation the share their parent would have taken if living.

(c) The Participant's parents.

(d) The Participant's brothers and sisters.

(e) The Participant's personal representative (executor or administrator).

Determination of the identity of the Beneficiary in each case shall be made by the Company.

Sec. 8.5 Successor Beneficiary. If a Beneficiary who survives the Participant subsequently dies before receiving all payments to which the Beneficiary was entitled, the successor Beneficiary, determined in accordance with the provisions of this Section, shall be entitled to the balance of any remaining payments due. A Beneficiary who is not the surviving spouse of the Participant may not designate a successor Beneficiary. A Beneficiary who is the surviving spouse may designate a successor Beneficiary only if the Participant specifically authorized such designations on the Participant's Beneficiary designation form. If a Beneficiary is permitted to designate a successor Beneficiary, each such designation shall be made according to the same rules (other than Sec. 8.2) applicable to designations by Participants. If a Beneficiary is not permitted to designate a successor Beneficiary, or is permitted to do so but fails to make such a designation and the Participant had designated a different individual as Beneficiary contingent on the death of said Beneficiary, the balance of any payments remaining due will be payable to such contingent Beneficiary, and otherwise to the personal representative (executor or administrator) of the deceased Beneficiary.

Sec. 8.6 Disclaimers by Beneficiaries. A Beneficiary entitled to all or a portion of a deceased Participant's Accounts may disclaim his or her interest therein, subject to the following:

(a) To be eligible to disclaim, the Beneficiary must not have received a distribution of all or any portion of the Participant's Accounts and, in the case of a Beneficiary who is a natural person, must have attained at least age 21 at the time such disclaimer is signed and delivered. A disclaimer shall state that the Beneficiary's entire interest in the Participant's Accounts is disclaimed or shall specify what portion thereof is disclaimed. The Company shall be the sole judge of the content, interpretation and validity of a purported disclaimer.

(b) Any disclaimer must be in writing and must be signed by the Beneficiary making the disclaimer and acknowledged by a notary public. The Company may establish rules for the use of electronic signatures and acknowledgments. Until such rules are established, electronic signatures and acknowledgments shall not be effective. To be effective, an original signed copy of the disclaimer must be actually delivered to the Company following the date of the Participant's death but not later than nine months after the date of the Participant's death. A disclaimer shall be irrevocable upon delivery to the Company. A disclaimer shall be considered to be delivered to the Company only when it is actually received by the Company.

(c) Upon the filing of a valid disclaimer, the Beneficiary shall be considered not to have survived the Participant with respect to the disclaimed interest. A disclaimer shall not be considered to violate the provisions of Sec. 10.7, and shall not be considered to be an assignment or alienation of benefits in violation of any federal law prohibiting the assignment or alienation of benefits under this Plan.

(d) No form of attempted disclaimer that does not meet the requirements of this Section will be recognized by the Company.

Sec. 8.7 Definition of Spouse and Marriage. Effective September 16, 2013, the Plan will recognize any marriage (same sex or otherwise) that is valid either under the laws of the State of Minnesota or the state in which the marriage took place. This Section shall be administered in accordance with guidance issued by the Department of Treasury.

ARTICLE IX
BENEFIT REQUIREMENTS AND VESTING

Sec. 9.1 **Vested Benefit on Normal Retirement Age or Disability**. If a Participant's Termination of Employment occurs on or after he or she has reached Normal Retirement Age (age 65) or if the Participant becomes totally and permanently disabled (as determined by the Company in its sole discretion), the Participant shall be fully (100%) vested and shall be entitled to a benefit equal to the value of all of his or her Accounts. The benefit shall be paid at the time and in the manner determined under Article X. The value of each Account shall be adjusted as provided in Sec. 7.4 until the Account has been distributed in full.

Sec. 9.2 **Vesting on Other Termination of Employment**. If a Participant's Termination of Employment occurs after the Participant has completed three or more Years of Vesting Service, the Participant is fully (100%) vested and is entitled to a benefit equal to the value of his or her Retirement Income Account. The value of the Participant's Account shall continue to be adjusted as provided in Sec. 7.4 until the Account has been distributed in full, subject, however, to the following:

(a) Timing of Forfeitures. If the Participant is not vested in his or her Retirement Income Account, the unvested balance in his or her Account shall be treated as Forfeitures by the end of the Plan Year in which his or her Termination of Employment occurs. For this purpose, he or she will be treated as having been zero percent (0%) vested and having received a distribution of the entire vested balance in all of his or her Accounts in the Plan Year in which he or she Terminates Employment. Forfeitures shall be applied as provided in Sec. 5.2 and shall be reinstated as provided in paragraph (b) below.

Otherwise, if the Participant is vested and does not receive a distribution of the entire vested balance in his or her Account, the Participant's Account shall not be forfeited, but shall remain in the Plan. All undistributed Accounts shall continue to share in investment earnings and losses until the Account is completely distributed.

(b) Reinstatement of Forfeitures. If a Participant's Account is Forfeited and the Participant resumes employment with a Participating Employer before incurring a Recognized Break in Service of 60 months or more, the following shall apply:

(1) The Participant's Retirement Income Account that was Forfeited prior to the Recognized Break in Service will be restored to its value as of the Valuation Date coincident with or next following the Participant's prior Termination of Employment. The Participant's right to these reinstated amounts following any subsequent Termination of Employment is subject to the completion of a total of three Years of Vesting Service (including both service before and after the Recognized Break in Service).

(2) Amounts to be reinstated pursuant to paragraph (1) may be obtained from any of the following sources:

(A) Forfeitures, if any, for the Plan Year in which the reinstatement occurs.

(B) Contributions by the Company or Participating Employer who rehired the Participant.

(C) Net income or gain of the Fund not previously allocated to other Accounts.

(c) Permanent Forfeiture. If a Participant whose Account was Forfeited pursuant to subsection (a) does not resume employment with a Participating Employer before incurring a Recognized Break in Service of 60 months, his or her Retirement Income Account is permanently Forfeited and will not be reinstated.

(d) The benefit under this section shall be paid at the times and in the manner determined under Article X.

Sec. 9.3 Death. If a Participant's Termination of Employment is the result of death, his or her Beneficiary shall be entitled to a fully vested benefit equal to the value of the Participant's Account. Such benefit shall be paid at the times and in the manner determined under Article X. If a Participant's death occurs after his or her Termination of Employment, distribution of the balance of the Participant's Account shall be made to the Beneficiary based on the Participant's vested status at the time of his or her death and in accordance with the provisions of Article X. In either event, the value of the Participant's Accounts shall continue to be adjusted as provided in Sec. 7.4 until the entire Account has been distributed in full or Forfeited.

Sec. 9.4 No Withdrawals While Employed. Withdrawals from a Participants' Retirement Income Account cannot be made prior to Termination of Employment, death or disability.

ARTICLE X
DISTRIBUTION OF BENEFITS

Sec. 10.1 Time and Method of Payment. Except as otherwise provided in this Section or in Sec. 10.2, the benefit to which a Participant or Beneficiary may become entitled under Sec. 9.1, 9.2 or 9.3 shall be distributed at such time and according to such method as he or she elects, subject to the following:

(a) Distribution shall be made by one or a combination of the following methods, as the Participant or Beneficiary may select:

(1) Payment in a single sum.

(2) Substantially equal installments over a period not to exceed the Participant's life expectancy or the joint life expectancy of the Participant and his or her Beneficiary.

(3) A direct rollover to another eligible retirement plan or an IRA.

(b) Subject to subsection (c) below, distributions from all Accounts may occur at any time after the Participant's Termination of Employment. Distributions will be made upon receipt of proper instructions from the Participant. In that regard, the Company shall provide Participants with a distribution election (or consent) form and notice 30 to 180 days in advance of the date the first distribution is made to the Participant. These materials shall include the following:

(1) An explanation of the right to defer commencement of benefits and the consequences of failing to defer receipt of benefits; and

(2) The special tax and rollover notice referenced in Code Section 402(f).

The 30-day advance notice period may be waived by the Participant provided that the distribution of benefits still cannot commence until at least eight days after the distribution notices are provided. The Company may require Participants to apply for benefits under the Plan before benefit payments will commence. Since Participants can elect to receive benefits at any time following Termination of Employment, the requirements of Code Section 401(a)(14) are satisfied.

(c) Distributions to a Participant must begin not later than the Participant's "required beginning date". A Participant's "required beginning date" is April 1 of the Plan Year following the later of (i) the Plan Year in which the Participant attains age 70½, or (ii) the Plan Year in which the Participant's Termination of Employment occurs. If the Participant is a 5% owner, however, as described in Code Section 416, the required beginning date is April 1 following the Plan Year the Participant reaches 70½ regardless of whether he or she has had a Termination of Employment.

(d) The amount distributed to a Participant for the calendar year preceding his or her required beginning date and for each subsequent calendar year shall not be less than the amount required by Treasury Regulation Section 1.401(a)(9)-5. The distribution for the calendar year preceding the individual's required beginning date must be paid not later than the required beginning date. The distribution for each subsequent year must be paid not later than December 31 of that year.

(e) If the Participant dies after his or her required beginning date and after beginning to receive payments in installments, the remaining payments shall be made to the Beneficiary in annual amounts at least equal to the minimum amount required by Treasury Regulation Section 1.401(a)(9)-5.

(f) If the Participant dies before his or her required beginning date, the Participant's Accounts shall be distributed to the Beneficiary not later than December 31 of the year containing the fifth anniversary of the Participant's death, subject to the following:

(1) Distributions to a Beneficiary may extend beyond five years from the death of the Participant if they are in the form of installment payments over a period not exceeding the Beneficiary's life expectancy, provided such payments begin not later than December 31 of the year following the year in which the Participant's death occurred.

(2) If a Beneficiary is the surviving spouse of the Participant, payments to that surviving spouse pursuant to paragraph (1) need not commence until December 31 of the year in which the Participant would have reached age 70½.

(g) If a Beneficiary of a deceased Participant dies before receiving all benefits to which the Beneficiary is entitled under the Plan, any remaining amounts shall be paid to the Successor Beneficiary provided in Sec. 8.5.

(h) If more than one Beneficiary is entitled to benefits following the Participant's death, the interest of each Beneficiary shall be segregated into a separate Account for purposes of applying this section.

(i) Distributions shall be made in accordance with the requirements of Code Section 401(a)(9), including the incidental death benefit requirements of Code Section 401(a)(9)(G) and in accordance with Treasury Regulation Sections 1.401(a)(9)-1 through 1.401(a)(9)-9. These requirements will override any inconsistent distribution option and no distribution option otherwise permitted under this Plan will be available to a Participant or Beneficiary if such distribution option does not meet the requirements of Code Section 401(a)(9), including paragraph (G) thereof.

Sec. 10.2 Accounts Totaling $5,000 or Less. If the total value of the Accounts of the Participant (or a Beneficiary following the Participant's death) is $5,000 or less when benefit payments can commence due to Termination of Employment, disability or death, installment payments are not available. If the Participant or Beneficiary has failed to make an election between a Direct Rollover (pursuant to Sec. 10.3) or a single sum cash distribution within 90 days following receipt of his or her distribution election form, the following rules shall apply:

(a) If the total value of the Participant's Accounts is more than $1,000 but not more than $5,000 and the Participant is alive but the Participant has not reached age 65, the Company will cause the balance in the Participant's Accounts (excluding unpaid loans) to be Directly Rolled over to an individual retirement account ("IRA") designated by the Company.

(b) If the total value of the Participant's Accounts is $1,000 or less and the Participant is alive, a single-sum cash distribution shall be made to the Participant as soon as administratively feasible following the Participant's Termination of Employment, disability or death.

(c) Unless benefit payments have already commenced, if the Participant dies, a single-sum distribution equal to the total value of the Participant's Accounts shall be made to the Participant's Beneficiary as soon as administratively feasible following the Participant's death. By way of clarification, no default Direct Rollovers to IRAs pursuant to subsection (a) shall be made on behalf of Beneficiaries of deceased Participants. Surviving Beneficiaries (including non-spousal Beneficiaries) are, however, eligible to elect voluntary Direct Rollovers pursuant to Sec. 10.3. If benefit payments have already commenced, any possible remaining payments to the Beneficiary are subject to the provisions of Sec. 10.1.

(d) If the Participant Terminates Employment after Normal Retirement Age (i.e., age 65), the default rollover rules do not apply and his or her Accounts will be distributed in a single-sum cash distribution as soon as feasible following his or her Termination of Employment.

(e) The default rollover provisions of this Section do not apply to alternate payees under a Qualified Domestic Relations Order. Those distributions shall be made in a single sum cash distribution.

(f) For purposes of this Section, a Participant (or Beneficiary) is deemed to have received his or her election form five days after the form is mailed to his or her last known address.

Sec. 10.3 Direct Rollovers to IRAs and Other Eligible Plans. A distributee may elect, at the time and in the manner prescribed by the Company, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee (a "direct rollover"). The following definitions shall be used in administering the provisions of this section.

(a) Eligible Rollover Distribution. For purposes of this section, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee that is not in the form of substantially equal installments over the lifetime or life expectancy of the Participant (or the Participant and his or her Beneficiary) or for a period of 10 years or more.

(b) Eligible Retirement Plan. An eligible retirement plan is one of the following plans or arrangements that agrees to accept the distributee's eligible rollover contribution: (i) a qualified trust described in Code Section 401(a), (ii) an individual retirement account described in Code Section 408(a), (iii) an individual retirement annuity described in Code Section 408(b), (iv) an annuity plan described in Code Section 457(b) maintained by a governmental entity such as a state, political subdivision or a state, or agency or instrumentality of a state or political subdivision of a state that agrees to separately account for amounts transferred from this Plan, (v) a Roth IRA described in Code Section 408A, or (vi) a tax sheltered annuity contract described in Code Section 403(b).

(c) Distributee. A distributee means a Participant, a Participant's surviving spouse, a surviving non-spouse Beneficiary of the Participant, a trust maintained for the benefit of one or more designated Beneficiaries, or a former spouse who is the alternate payee under a qualified domestic relations order, as defined in Code section 414(p). Individuals or entities other than those named in this subsection are not permitted to roll over distributions from the Plan.

(d) Direct Rollover. A direct rollover is a payment by the Funding Agency to the eligible retirement plan specified by the distributee.

(e) Direct Transfers by Non-Spousal Beneficiaries. A designated Beneficiary who is not the Participant's spouse, following the death of a Participant, may request a direct trustee to trustee transfer of his or her entire interest in the Plan, but only to an individual retirement account or annuity described in Code Sections 408(a) or 408(b) (an "IRA") that is designated as an "inherited IRA". For purposes of the preceding sentence, a designated Beneficiary includes a trust maintained for the benefit of one or more designated Beneficiaries. The transfer shall then be made as soon as practicable following the Beneficiary's request. Amounts transferred to an inherited IRA under this subsection are subject to the required minimum distribution rules of Code Section 401(a)(9). Also, any required minimum distributions that would otherwise be due to the Participant or Beneficiary shall be made to the Beneficiary before any such direct transfer is made to the inherited IRA. The inherited IRA must be established in a manner that identifies it as an inherited IRA with respect to the deceased Participant and must also identify the Beneficiary. Transfers under this Section shall be administered in accordance with applicable regulations or other guidance issued by the Department of Treasury.

Sec. 10.4 Accounting Following Termination of Employment. If distribution of all or any part of a benefit is deferred or delayed for any reason, the undistributed portion of any Account shall continue to be revalued as of each Valuation Date as provided in Article VII.

Sec. 10.5 Source of Benefits. All benefits to which persons become entitled hereunder shall be provided only out of the Fund and only to the extent that the Fund is adequate therefor. No benefits are provided under the Plan except those expressly described herein.

Sec. 10.6 Incompetent Payee. If in the opinion of the Company a person entitled to payments hereunder is disabled from caring for his or her affairs because of mental or physical condition, or age, payment due such person may be made to such person's guardian, conservator, or other legal personal representative upon furnishing the Company with evidence satisfactory to the Company of such status. Prior to the furnishing of such evidence, the Company may cause payments due the person under disability to be made, for such person's use and benefit, to any person or institution then in the opinion of the Company caring for or maintaining the person under disability. The Company shall have no liability with respect to payments so made. The Company shall have no duty to make inquiry as to the competence of any person entitled to receive payments hereunder.

Sec. 10.7 Benefits May Not Be Assigned or Alienated. Except as otherwise expressly permitted by the Plan or required by law, the interests of persons entitled to benefits under the Plan may not in any manner whatsoever be assigned or alienated, whether voluntarily or involuntarily, or directly or indirectly. However, the Plan shall comply with the provisions of any court order which the Company determines is a qualified domestic relations order as defined in Code Section 414(p). Any expenses relating to review or administration of a domestic relations order may be charged against the Accounts of the Participant and/or the alternate payee. Notwithstanding any provisions in the Plan to the contrary, an individual who is entitled to payments from the Plan as an "alternate payee" pursuant to a qualified domestic relations order may receive a lump sum payment from the Plan as soon as administratively feasible after the Valuation Date coincident with or next following the date of the Company's determination that the order is a qualified domestic relations order, unless the order specifically provides for payment to be made at a later time or in a different form of payment that is permitted under Sec. 10.1.

Sec. 10.8 Payments Pursuant to a Qualified Domestic Relations Order. Notwithstanding any provisions in the Plan to the contrary, an individual who is entitled to payments from the Plan as an "alternate payee" pursuant to a qualified domestic relations order may receive a lump sum payment from the Plan (or have a Direct Rollover made on his or her behalf pursuant to Sec. 10.3) as soon as administratively feasible after the Valuation Date coincident with or next following the date of the Company's determination that the order is a qualified domestic relations order, unless the order specifically provides for payment to be made at a later time or in a different form permitted under Sec. 10.1.

Sec. 10.9 Payment of Taxes. The Funding Agency may pay any estate, inheritance, income, or other tax, charge, or assessment attributable to any benefit payable hereunder which in the Funding Agency's opinion it shall be or may be required to pay out of such benefit. The Funding Agency may require, before making any payment, such release or other document from any taxing authority and such indemnity from the intended payee as the Funding Agency shall deem necessary for its protection.

Sec. 10.10 Conditions Precedent. No person shall be entitled to a benefit hereunder until his or her right thereto has been finally determined by the Company nor until the person has submitted to the Company relevant data reasonably requested by the Company, including, but not limited to, proof of birth or death.

Sec. 10.11 Company Directions to Funding Agency. The Company shall designate an individual or individuals to give such written directions to the Funding Agency as are necessary to accomplish distributions to the Participants and Beneficiaries in accordance with the provisions of the Plan.

ARTICLE XI
FUND

Sec. 11.1 Composition. All sums of money and all securities and other property received by the Funding Agency for purposes of the Plan, together with all investments made therewith, the proceeds thereof, and all earnings and accumulations thereon, and the part from time to time remaining shall constitute the "Fund". The Company may cause the Fund to be divided into any number of parts for investment purposes or any other purposes necessary or advisable for the proper administration of the Plan.

Sec. 11.2 Funding Agency. The Fund may be held and invested as one fund or may be divided into any number of parts for investment purposes. Each part of the Fund, or the entire Fund if it is not divided into parts for investment purposes, shall be held and invested by one or more trustees or by an insurance company. The trustee or trustees or the insurance company so acting with respect to any part of the Fund is referred to herein as the Funding Agency with respect to such part of the Fund. The selection and appointment of each Funding Agency shall be made by the Company. The Company shall have the right at any time to remove a Funding Agency, in which case the Company shall appoint a successor thereto, subject only to the terms of any applicable trust agreement or group annuity contract. The Company shall have the right to determine the form and substance of each trust agreement and group annuity contract under which any part of the Fund is held, subject only to the requirement that they are not inconsistent with the provisions of the Plan. Any such trust agreement may contain provisions pursuant to which the trustee will make investments on direction of a third party.

Sec. 11.3 Compensation and Expenses of Funding Agency. The Funding Agency shall be entitled to receive such reasonable compensation for its services as may be agreed upon with the Company. The Funding Agency shall also be entitled to reimbursement for all reasonable and necessary costs, expenses, and disbursements incurred by it in the performance of its services. Such compensation and reimbursements shall be paid from the Fund, except as specifically agreed to in writing by the Company.

Sec. 11.4 No Diversion. The Fund shall be for the exclusive purpose of providing benefits to Participants under the Plan and their beneficiaries and defraying reasonable expenses of administering the Plan. Such expenses may include premiums for the bonding of Plan officials required by ERISA. No part of the corpus or income of the Fund may be used for, or diverted to, purposes other than for the exclusive benefit of employees of the Participating Employers or their beneficiaries. Notwithstanding the foregoing:

(a) If any contribution or portion thereof is made by a Participating Employer by a mistake of fact, the Funding Agency shall, upon written request of the Company, return such contribution or portion thereof to the Participating Employer within one year after the payment of the contribution to the Funding Agency; however, earnings attributable to such contribution or portion thereof shall not be returned to the Participating Employer but shall remain in the Fund, and the amount returned to the Participating Employer shall be reduced by any losses attributable to such contribution or portion thereof.

(b) Contributions by the Participating Employers are conditioned upon initial qualification of the Plan under Code Section 401(a). If the Plan receives an adverse determination letter from the Internal Revenue Service with respect to such initial qualification, the Funding Agency shall, upon written direction of the Company, return the amount of such contribution to the Participating Employers within one year after the date of denial of qualification of the Plan; provided, however, that the application for qualification must have been submitted to the Internal Revenue Service by the time prescribed by law for filing the Employer's federal income tax return for the taxable year in which the Plan is adopted, or by such later date as the Secretary of the Treasury may prescribe. For this purpose, the amount to be so returned shall be the contributions actually made, adjusted for the investment experience of, and any expenses chargeable against, the portion of the Fund attributable to the contributions actually made.

(c) Contributions by the Participating Employers are conditioned upon the deductibility of each contribution under Code Section 404. To the extent the deduction is disallowed, the Funding Agency shall, upon written request of the Company, return such contribution to the Participating Employer within one year after the disallowance of the deduction; however, earnings attributable to such contribution (or disallowed portion thereof) shall not be returned to the Participating Employer but shall remain in the Fund, and the amount returned to the Participating Employer shall be reduced by any losses attributable to such contribution (or disallowed portion thereof).

In the case of any such return of contribution the Company shall cause such adjustments to be made to the Accounts of Participants as the Company considers fair and equitable under the circumstances resulting in the return of such contribution.

ARTICLE XII
ADMINISTRATION OF PLAN

Sec. 12.1 Administration by Company. The Company is the "administrator" of the Plan for purposes of ERISA. Except as expressly otherwise provided herein, the Company, and not the other Participating Employers, shall control and manage the operation and administration of the Plan and make all decisions and determinations incident thereto. In carrying out its Plan responsibilities, the Company shall have the discretionary authority to construe the terms of the Plan. Except in cases where the Plan expressly provides to the contrary, action on behalf of the Company may be taken by any of the following:

(a) The Board.

(b) The chief executive officer of the Company.

(c) Any person or persons, natural or otherwise, or committee, to whom responsibilities for the operation and administration of the Plan are allocated by the Company, by resolution of the Board or by written instrument executed by the chief executive officer of the Company and filed with its permanent records, but action of such person or persons or committee shall be within the scope of said allocation.

Sec. 12.2 Certain Fiduciary Provisions. For purposes of the Plan:

(a) Any person or group of persons may serve in more than one fiduciary capacity with respect to the Plan.

(b) A Named Fiduciary, or a fiduciary designated by a Named Fiduciary pursuant to the provisions of the Plan, may employ one or more persons to render advice with regard to any responsibility such fiduciary has under the Plan.

(c) To the extent permitted by any applicable trust agreement or group annuity contract a Named Fiduciary with respect to control or management of the assets of the Plan may appoint an investment manager or managers, as defined in ERISA, to manage (including the power to acquire and dispose of) any assets of the Plan.

(d) At any time the Plan has more than one Named Fiduciary, if pursuant to the Plan provisions fiduciary responsibilities are not already allocated among such Named Fiduciaries, the Company, by action of the Board or its chief executive officer, may provide for such allocation; except that such allocation shall not include any responsibility, if any, in a trust agreement to manage or control the assets of the Plan other than a power under the trust agreement to appoint an investment manager as defined in ERISA.

(e) Unless expressly prohibited in the appointment of a Named Fiduciary which is not the Company acting as provided in Sec. 11.1, such Named Fiduciary by written instrument may designate a person or persons other than such Named Fiduciary to carry out any or all of the fiduciary responsibilities under the Plan of such Named Fiduciary; except that such designation shall not include any responsibility, if any, in a trust agreement to manage or control the assets of the Plan other than a power under the trust agreement to appoint an investment manager as defined in ERISA.

(f) A person who is a fiduciary with respect to the Plan, including a Named Fiduciary, shall be recognized and treated as a fiduciary only with respect to the particular fiduciary functions as to which such person has responsibility.

Each Named Fiduciary (other than the Company), each other fiduciary, each person employed pursuant to subsection (b) above, and each investment manager shall be entitled to receive reasonable compensation for services rendered, or for the reimbursement of expenses properly and actually incurred in the performance of their duties with the Plan and to payment therefor from the Fund if not paid directly by the Participating Employers in such proportions as the Company shall determine. Notwithstanding the foregoing, no person so serving who already receives full-time pay from any employer or association of employers whose employees are Participants, or from an employee organization whose members are Participants, shall receive compensation from the Plan, except for reimbursement of expenses properly and actually incurred.

Sec. 12.3 Discrimination Prohibited. No person or persons in exercising discretion in the operation and administration of the Plan shall discriminate in favor of Highly Compensated Employees.

Sec. 12.4 Evidence. Evidence required of anyone under this Plan may be by certificate, affidavit, document, or other instrument which the person acting in reliance thereon considers to be pertinent and reliable and to be signed, made, or presented to the proper party.

Sec. 12.5 Correction of Errors. It is recognized that in the operation and administration of the Plan certain mathematical and accounting errors may be made or mistakes may arise by reason of factual errors in information supplied to the Company or Funding Agency. The Company shall have power to cause such equitable adjustments to be made to correct for such errors as the Company in its discretion considers appropriate. Such adjustments shall be final and binding on all persons. Any return of a contribution due to a mistake in fact will be subject to Sec. 11.4.

Sec. 12.6 Records. Each Participating Employer, each fiduciary with respect to the Plan, and each other person performing any functions in the operation or administration of the Plan or the management or control of the assets of the Plan shall keep such records as may be necessary or appropriate in the discharge of their respective functions hereunder, including records required by ERISA or any other applicable law. Records shall be retained as long as necessary for the proper administration of the Plan and at least for any period required by ERISA or other applicable law.

Sec. 12.7 General Fiduciary Standard. Each fiduciary shall discharge its duties with respect to the Plan solely in the interests of Participants and their beneficiaries and with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims.

Sec. 12.8 Prohibited Transactions. A fiduciary with respect to the Plan shall not cause the Plan to engage in any prohibited transaction within the meaning of ERISA.

Sec. 12.9 Claims Procedure. The Company shall establish a claims procedure consistent with the requirements of ERISA. Such claims procedure shall provide adequate notice in writing to any Participant or beneficiary whose claim for benefits under the Plan has been denied, setting forth the specific reasons for such denial, written in a manner calculated to be understood by the claimant and shall afford a reasonable opportunity to a claimant, whose claim for benefits has been denied, for a full and fair review by the appropriate Named Fiduciary of the decision denying the claim. No person claiming a benefit under the Plan may initiate a civil action regarding the claim until all steps under the claims procedure (including appeals) have been completed.

Sec. 12.10 Bonding. Plan personnel shall be bonded to the extent required by ERISA. Premiums for such bonding may, in the sole discretion of the Company, be paid in whole or in part from the Fund. Such premiums may also be paid in whole or in part by the Participating Employers in such proportions as the Company shall determine. The Company may provide by agreement with any person that the premium for required bonding shall be paid by such person.

Sec. 12.11 Waiver of Notice. Any notice required hereunder may be waived by the person entitled thereto.

Sec. 12.12 Agent for Legal Process. The Company shall be the agent for service of legal process with respect to any matter concerning the Plan, unless and until the Company designates some other person as such agent.

Sec. 12.13 Indemnification. In addition to any other applicable provisions for indemnification, the Participating Employers jointly and severally agree to indemnify and hold harmless, to the extent permitted by law, each director, officer, and employee of the Participating Employers against any and all liabilities, losses, costs, or expenses (including legal fees) of whatsoever kind and nature which may be imposed on, incurred by, or asserted against such person at any time by reason of such person's services as a fiduciary in connection with the Plan, but only if such person did not act dishonestly, or in bad faith, or in willful violation of the law or regulations under which such liability, loss, cost, or expense arises. The Company shall have the right, but not the obligation, to select counsel and control the defense and settlement of any action against the indemnitee for which the indemnitee may be entitled to indemnification under this Section.

Sec. 12.14 Expenses of Administration. Investment management and brokerage fees shall be charged against the Participants' Accounts to which such fees are attributable. In addition, the Company may, to the extent permitted by ERISA, allocate and charge other expenses of Plan administration against Participants' Accounts. Each Participants share of such expenses (other than investment management and brokerage fees) shall be allocated to and charged against each Participant's Account based on the ratio that his or her Account balances bears to the total Account balances of all Participants in the Plan.

ARTICLE XIII
AMENDMENT, TERMINATION, MERGER

Sec. 13.1 Amendment. Subject to the non-diversion provisions of Sec. 11.4, the Company (and not the other Participating Employers) by action of the Board, or by action of a person so authorized by resolution of the Board, may amend the Plan at any time and from time to time. No amendment of the Plan shall have the effect of changing the rights, duties, and liabilities of any Funding Agency without its written consent. Also, no amendment shall divest a Participant or Beneficiary of Accounts accrued prior to the amendment.

Sec. 13.2 Permanent Discontinuance of Contributions. A Participating Employer, by action of its board of directors, may completely discontinue contributions in support of the Plan. In such event, notwithstanding any provisions of the Plan to the contrary, no employee of such employer shall become a Participant after such discontinuance. Subject to the foregoing, all of the provisions of the Plan shall continue in effect, and upon entitlement thereto distributions shall be made in accordance with the provisions of Article X.

Sec. 13.3 Reorganizations of Participating Employers. In the event two or more Participating Employers shall be consolidated or merged or in the event one or more Participating Employers shall acquire the assets of another Participating Employer, the Plan shall be deemed to have continued, without termination and without a complete discontinuance of contributions, as to all the Participating Employers involved in such reorganization and their employees. In such event, in administering the Plan the corporation resulting from the consolidation, the surviving corporation in the merger, or the employer acquiring the assets shall be considered as a continuation of all of the Participating Employers involved in the reorganization.

Sec. 13.4 Termination. A Participating Employer, by action of its board of directors, may terminate the Plan as applicable to such Participating Employer and its employees. After a termination no employee of such employer shall become a Participant. The Accounts of each Participant in the employ of such Participating Employer at the time of such termination shall be nonforfeitable, the Participant shall be entitled to a benefit equal to the value of those Accounts determined as of the Valuation Date coincident with or next following the termination of the Plan, distributions shall be made to Participants and Beneficiaries as soon as administratively practicable (and, taking into account the provisions of Sec. 13.7) after the termination of the Plan, but not before the earliest date permitted under the Code and applicable regulations, and the Plan and any related trust agreement or group annuity contract shall continue in force for the purpose of making such distributions.

Sec. 13.5 Partial Termination. If there is a partial termination of the Plan, either by operation of law, by amendment of the Plan, or for any other reason, which partial termination shall be confirmed by the Company, the Accounts of each Participant with respect to whom the partial termination applies shall be nonforfeitable. Subject to the foregoing, all of the provisions of the Plan shall continue in effect as to each such Participant, and upon entitlement thereto distributions shall be made in accordance with the provisions of Article X.

Sec. 13.6 Merger, Consolidation, or Transfer of Plan Assets. In the case of any merger or consolidation of the Plan with any other plan, or in the case of the transfer of assets or liabilities of the Plan to any other plan, provision shall be made so that each Participant and Beneficiary would (if such other plan then terminated) receive a benefit immediately after the merger, consolidation, or transfer which is equal to or greater than the benefit he or she would have been entitled to receive immediately before the merger, consolidation, or transfer (if the Plan had then terminated). No such merger, consolidation, or transfer shall be effected until such statements with respect thereto, if any, required by the Code or ERISA to be filed in advance thereof have been filed and the Company has determined that the merger, consolidation, or transfer complies with the requirements of the Code and ERISA, and regulations issued thereunder.

Sec. 13.7 Deferral of Distributions. Notwithstanding any provisions of the Plan to the contrary, in the case of a complete discontinuance of contributions to the Plan or of a complete or partial termination of the Plan, the Company or the Funding Agency may defer any distribution of benefit payments to Participants and Beneficiaries with respect to which such discontinuance or termination applies (except for distributions which are required to be made under Sec. 10.1) until after the following have occurred:

(a) Receipt of a final determination from the Treasury Department or any court of competent jurisdiction regarding the effect of such discontinuance or termination on the qualified status of the Plan under Code Section 401(a).

(b) Appropriate adjustment of Accounts to reflect taxes, costs, and expenses, if any, incident to such discontinuance or termination.

ARTICLE XIV
TOP-HEAVY PLAN PROVISIONS

Sec. 14.1 Key Employee Defined. "Key Employee" means any employee or former employee (including any deceased employee) who at any time during the Plan Year that includes the determination date was an officer of the Company or an Affiliate having annual compensation greater than $160,000 (as adjusted under Code Section 416(i)(1) for Plan Years beginning after December 31, 2011), a five-percent owner of the Company or an Affiliate, or a one-percent owner of the Company having annual compensation of more than $150,000. For this purpose, annual compensation means compensation within the meaning of Code Section 415(c)(3). The determination of who is a key employee will be made in accordance with Code Section 416(i)(1) and the applicable regulations and other guidance of general applicability issued thereunder.

Sec. 14.2 Determination of Top-Heavy Status. The top-heavy status of the Plan shall be determined according to Code Section 416 and the regulations thereunder, using the following standards and definitions:

(a) The Plan is a Top-Heavy Plan for a Plan Year if either of the following applies:

(1) If this Plan is not part of a required aggregation group and the top-heavy ratio for this Plan exceeds 60 percent.

(2) If this Plan is part of a required aggregation group of plans and the top-heavy ratio for the group of plans exceeds 60 percent.

Notwithstanding paragraphs (1) and (2) above, the Plan is not a Top-Heavy Plan with respect to a Plan Year if it is part of a permissive aggregation group of plans for which the top-heavy ratio does not exceed 60 percent.

(b) The "top-heavy ratio" shall be determined as follows:

(1) If the ratio is being determined only for this Plan, or if the aggregation group only includes defined contribution plans, the top-heavy ratio is a fraction, the numerator of which is the sum of the account balances of all Key Employees under the Plan or plans as of the determination date (including any part of any account balance distributed in the five-year period ending on the determination date), and the denominator of which is the sum of the account balances (including any part of any account balance distributed in the one-year period ending on the determination date) of all employees under the Plan or plans as of the determination date. (The "Plans" referred to in the preceding sentence are the plans in the required or permissive aggregation group, as applicable.) The preceding provisions shall also apply to distributions under a terminated plan which, had it not been terminated, would have been aggregated with the Plan under Code Section 416(g)(2)(A)(i). Both the numerator and denominator

of the top-heavy ratio shall be adjusted to reflect any contribution not actually made as of the determination date but which is required to be taken into account on that date under Code Section 416 and the regulations thereunder. In the case of a distribution made for a reason other than severance from employment, death or disability, the "one-year period" shall be applied by substituting "five-year period" for "one-year period".

(2) If the determination is being made for a required or permissive aggregation group which includes one or more defined benefit plans, the top-heavy ratio is a fraction, the numerator of which is the sum of the account balances of all Key Employees under the defined contribution plan or plans and the present value of accrued benefits of all Key Employees under the defined benefit plan or plans as of the determination date, and the denominator of which is the sum of the account balances of all employees under the defined contribution plan or plans and the present value of accrued benefits of all employees under the defined benefit plan or plans as of the determination date. The account balances and accrued benefits in both the numerator and denominator of the top-heavy ratio shall be adjusted to reflect any distributions made in the one-year period ending on the determination date and any contributions due but unpaid as of the determination date, subject to the special aggregation rule for terminated plans in paragraph (1).

(3) For purposes of paragraphs (1) and (2), the value of account balances and the present value of accrued benefits will be determined as of the most recent valuation date that falls within the 12-month period ending on the determination date. The account balances and accrued benefits of an employee who is not a Key Employee but who was a Key Employee in a prior year will be disregarded. The calculation of the top-heavy ratio and the extent to which distributions, rollovers, and transfers are taken into account will be made in accordance with Code section 416 and the regulations thereunder. When aggregating plans, the value of account balances and accrued benefits will be calculated with reference to the determination dates that fall within the same calendar year.

(c) "Required aggregation group" means (i) each qualified plan of the employer (including terminated plans) in which at least one Key Employee participates in the Plan Year containing the determination date, or any of the four preceding Plan Years, and (ii) any other qualified plan of the employer that enables a plan described in (i) to meet the requirements of Code Sections 401(a)(4) or 410.

(d) "Permissive aggregation group" means the required aggregation group of plans plus any other plan or plans of the employer which, when consolidated as a group with the required aggregation group, would continue to satisfy the requirements of Code Sections 401(a)(4) and 410.

(e) "Determination date" means, for any Plan Year subsequent to the first Plan Year, the last day of the preceding Plan Year. For the first Plan Year of the Plan, the last day of that year is the determination date.

(f) The "valuation date" is the last day of each Plan Year and is the date as of which account balances or accrued benefits are valued for purposes of calculating the top-heavy ratio.

(g) For purposes of establishing the "present value" of benefits under a defined benefit plan to compute the top-heavy ratio, any benefit shall be discounted only for mortality and interest based on the interest rate and mortality table specified in the defined benefit plan for this purpose.

(h) If an individual has not performed any services for the employer at any time during the one-year period ending on the determination date with respect to a Plan Year, any account balance or accrued benefit for such individual shall not be taken into account for such Plan Year.

Sec. 14.3 Minimum Contribution Requirement. For any Plan Year with respect to which the Plan is a Top-Heavy Plan, the employer contributions and Forfeitures allocated to each Active Participant who is not a Key Employee and whose Termination of Employment has not occurred prior to the end of such Plan Year shall not be less than the minimum amount determined in accordance with the following:

(a) The minimum amount shall be the amount equal to that percentage of the Participant's Compensation for the Plan Year which is the smaller of:

(1) Three percent.

(2) The percentage which is the largest percentage of Compensation allocated to any Key Employee from employer contributions and Forfeitures for such Plan Year.

(b) Any employer contribution attributable to a salary reduction or similar arrangement (including Salary Reduction Contributions and Matching Contributions under this Plan) may not be used to satisfy the minimum amount of employer contributions which must be allocated under subsection (a).

(c) This Section shall not apply to any Participant who is covered under any other plan of the employer under which the minimum contribution or minimum benefit requirement applicable to Top-Heavy Plans will be satisfied.

Sec. 14.4 Minimum Vesting Schedule. If a Participant's Termination of Employment occurs under such circumstances that he is not entitled to a benefit under the Plan because he or she is not vested, and if he was an Active Participant during a Plan Year for which the Plan was Top-Heavy Plan, he shall be entitled to a benefit under this section. Except as

modified by this section, such benefit shall be payable under the terms and conditions that would be applicable under Sec. 10.1:

(a) The monthly amount of the benefit under this section shall be an amount equal to the value of the Participant's Account under the Plan multiplied by the vested percentage determined according to the number of his or her Years of Vesting Service, as follows:

Years of Vesting Service	Vested Percentage
Less than 2	0%
2 but less than 3	20%
3 or more	100%

(b) Years of Vesting Service for purposes of this section shall be as defined in Sec. 3.4.

(c) This section shall not apply to a Participant who has no Hours of Service after the Plan becomes a Top-Heavy Plan.

(d) If the Plan ceases to be a Top-Heavy Plan and continues to be a non-Top-Heavy Plan until the Participant's Termination of Employment, the benefit to which the Participant is entitled under this section shall not exceed the benefit to which he would have been entitled if his Termination of Employment had occurred on the date of such cessation.

Sec. 14.5 Definition of Employer. For purposes of this Article XIV, the term "employer" means all Participating Employers and trade or business entity under Common Control with a Participating Employer.

Sec. 14.6 Exception for Collective Bargaining Unit. Sections 14.3 and 14.4 shall not apply with respect to any employee included in a unit of employees covered by an agreement which the Secretary of Labor finds to be a collective bargaining agreement between employee representatives and one or more employers if there is evidence that retirement benefits were the subject of good faith bargaining between such employee representative and such employer or employers.

ARTICLE XV
MISCELLANEOUS PROVISIONS

Sec. 15.1 Insurance Company Not Responsible for Validity of Plan. No insurance company that issues a contract under the Plan shall have any responsibility for the validity of the Plan. An insurance company to which an application may be submitted hereunder may accept such application and shall have no duty to make any investigation or inquiry regarding the authority of the applicant to make such application or any amendment thereto or to inquire as to whether a person on whose life any contract is to be issued is entitled to such contract under the Plan.

Sec. 15.2 Headings. Headings at the beginning of articles and sections hereof are for convenience of reference, shall not be considered a part of the text of the Plan, and shall not influence its construction.

Sec. 15.3 Capitalized Definitions. Capitalized terms used in the Plan shall have their meaning as defined in the Plan unless the context clearly indicates to the contrary.

Sec. 15.4 Gender. Any references to the masculine gender include the feminine and vice versa.

Sec. 15.5 Use of Compounds of Word "Here". Use of the words "hereof," "herein," "hereunder," or similar compounds of the word "here" shall mean and refer to the entire Plan unless the context clearly indicates to the contrary.

Sec. 15.6 Construed as a Whole. The provisions of the Plan shall be construed as a whole in such manner as to carry out the provisions thereof and shall not be construed separately without relation to the context.

Sec. 15.7 Benefits of Reemployed Veterans. Notwithstanding any provisions of this Plan to the contrary, contributions, benefits and service credit with respect to Qualified Military Service will be provided in accordance with Code Section 414(u). For this purpose:

(a) As provided by Code Section 414(u), "Qualified Military Service" means service in the uniformed services (as defined in Chapter 43 of Title 38, United States Code) by an individual if he or she is qualified under such chapter to reemployment rights with the Company or an Affiliate following such military service.

(b) "USERRA" means the Uniformed Services Employment and Reemployment Rights Act of 1994 as amended.

(c) If an individual returns to employment with the Company or an Affiliate following a period of Qualified Military Service under circumstances that he or she has reemployment rights under USERRA, and the individual reports for said

reemployment within the time frame required by USERRA, the following provisions shall apply:

(1) The Qualified Military Service shall be recognized as service under the Plan to the same extent as it would have been if the employee had remained continuously employed with the Company or an Affiliate rather than going into the military.

(2) Certified Earnings shall be determined for the individual as of each January 1 during the period of Qualified Military Service. The amount of Certified Earnings shall be determined by the Company consistent with the requirements of the USERRA, and shall reflect the Company's best estimate of the earnings the individual would have received but for the Qualified Military Service. Any military differential pay shall be treated as Certified Earnings and Testing Wages under the Plan to the extent required by USERRA.

(d) The Plan shall comply with the provisions of the Heroes Earnings Assistance and Relief Tax Act (the "HEART Act"), which amended certain provisions of USERRA. The HEART Act provides that if a Participant dies while performing "qualified military service" (as defined in USERRA), the Participant's survivors shall receive the same benefits under the Plan as if the Participant died while employed by a Participating Employer. This rule does not, however, require survivors to be provided with any additional benefit accruals relating to the period of qualified military service.

(e) The foregoing provisions are intended to provide the benefits required by USERRA and the HEART Act, and are not intended to provide any other benefits. This section shall be construed consistently with said intent.

All amounts (including investments, any assets represented thereby and hypothetical earnings) which are credited to such Account are credited solely for computation purposes and are at all times assets of the Participating Company and subject to the claims of the Participating Company's general creditors. (For example, for an Annual Installment Method of 10 years, the first payment will be 1/10 of the Account, the following year, 1/9 of the Account, etc.). The Plan will limit Annual Installments to periods of 5, 10 or 15 years as selected by the Participant.

(b) is, by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months, receiving income replacement benefits for a period of not less than three (3) months under an accident and health plan covering employees of the Participating Companies; or

Whether or not a Participant has a Disability shall be determined, solely and exclusively, by the Committee.

2.11 **"Distribution Date"** means the January of the year following the earliest of the date the Participant incurs a Separation from Service, the date the Participant dies, becomes Disabled, or such other fixed date as may be elected by the Participant with respect to a Compensation Deferral Period.

2.23 **"Plan Year"** means the period beginning on the Effective Date and ending on December 31, 2013 (the initial Plan Year), and the twelve (12) consecutive month period being on each January 1 and ending on each following December 31 thereafter (the calendar year).

2.24 **"Qualified Plan"** means the Canadian Pacific U.S. Salaried Retirement Income Plan.

2.25 **"Separation from Service"** means for any Participant the occurrence of any one of the following events:

(a) The Participant is discharged by the Company;

(b) The Participant voluntarily terminates employment (including a Participant's retirement) with the Company; or

(c) The Participant dies while employed with the Company.

A Separation from Service does not occur if the Participant is on military leave, sick leave or other bona fide leave of absence if the period of leave does not exceed six (6) months or such longer period during which the Participant's right to reemployment is provided by statute or contract. If the period of leave exceeds six (6) months and the Participant's right to reemployment is not provided either by statute or contract, a

Separation from Service will be deemed to have occurred on the first day following the six (6) month period if the Company has determined that the Employee will not be reemployed. If the period of leave is due to any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than six (6) months, where the impairment causes the Participant to be unable to perform the duties of his or her position of employment or any substantially similar position of employment, a twenty-nine (29) month period of absence may be substituted for the six (6) month period.

Whether a Separation from Service has occurred is based on whether the facts and circumstances indicate that the Company and the Participant reasonably anticipated that no further services would be performed after a certain date or that the level of bona fide services the Participant would perform after such date (whether as an Employee or as an independent contractor) would permanently decrease to no more than twenty percent (20%) of the average level of bona fide services performed (whether as an Employee or an independent contractor) over the immediately preceding thirty-six (36) month period (or the full period of services to the Company if the Participant has been providing services to the Company for less than thirty-six (36) months).

If a Participant provides services both as an Employee and as a member of the Board, the services provided as a director are not taken into account in determining whether the Participant has incurred a Separation from Service as an Employee for purposes of this Plan, unless this Plan is aggregated under Code Section 409A with any plan in which the Participant participates as a director.

All determinations of whether a Separation from Service has occurred will be made in a manner consistent with Code Section 409A and the regulations promulgated thereunder.

2.26 **"Valuation Date"** means each business day, or such other dates as the Committee, in its discretion, may designate.

2.27 **"Vested"** means a non forfeitable right to receive benefits.

ARTICLE 3

ELIGIBILITY AND PARTICIPATION

3.01 Participation.

The eligible group of Employees shall be those Employees who are officers of the Company and covered by the Qualified Plan as defined in Section 2.24, and who determined by the Committee to be eligible for participation as indicated in Appendix A, which shall be attached to and made a part of the Plan as set forth herein and which may be amended from time to time by action of the Committee. Each such eligible Employee shall become a Participant in the Plan as of the Entry Date coincident with or immediately following the provided for by the Committee.

3.02 Termination of Participation.

ARTICLE 4

ACCOUNTS

4.01 Account.

The Participating Companies shall establish and maintain for each Participant or former Participant under the Plan a book reserve account (the Account as defined in Section 2.01 hereof) for the purpose of determining future supplemental compensation payable to the Participant. The determination of the amounts in such Account shall be governed by the provisions of this Article 4.

4.02 Company Contributions

For 2013 and all years thereafter, unless otherwise modified by the Board of Directors, the amount of the Company Contribution made by the Participating Company on behalf each the Eligible Employee listed in Appendix A shall be equal six percent (6%) of Basic Compensation and six percent (6%) of Bonus Compensation that is paid during the calendar year. This amount shall be determined at the end of the Plan Year and allocated to the Participants Account in the first calendar quarter of the subsequent Plan Year.

Establishing the rate of the Company Contribution shall always be subject to the authority of the Board of Directors, but the Committee may be authorized to establish rates of Company Contributions by the Board.

4.03 Investment Credits.

At the time a Participant first becomes a Participant, the Committee shall determine the appropriate investment funds in which the Participant's Account balance shall be deemed to be invested for purposes of adjusting such Account balance to reflect income, gains, losses and expenses in accordance with this Article 4.

As of each Valuation Date, each Participant's Account will be credited with income and gains and charged with losses, expenses and distributions equal to the amount by which the Account would have been credited or charged since the prior Valuation Date (in the manner described below) had the Participant's Account been invested in the investment funds (as defined below) selected by the Committee. The adjustments made as of each Valuation Date to the Participant's Account shall be made in any equitable, uniform and nondiscriminatory manner as the Committee, in its sole discretion, may direct, provided that such method is selected for the purpose of recognizing the timing of contributions, withdrawals, distributions, forfeitures or other temporal events affecting the account values. Annual contributions to a Participant's Account determined in accordance with Section 4.02 shall generally be credited as of the date that the Company makes profit sharing contributions to the Qualified Plan for the purpose of determining investment gains or losses under this Section 4.03.

The "investment funds" shall consist of those target date funds designated by the Committee for the Company's Qualified Plan for Participant's investment elections, or similar funds as the Committee may designate. Initially, the Committee shall designate

the age appropriate target date fund for each Participant, based upon that Participant's age at the end of the prior Plan Year.

The Committee may, in its sole discretion, designate additional investment funds or terminate existing investment funds. A Participant's account shall continue to be adjusted under this Section 4.03 until completely distributed in accordance with the Participant's election.

4.04 Status of Invested Accounts.

Title to and beneficiary ownership of any assets, whether cash or investments, which the Participating Company may earmark to pay the contingent deferred compensation hereunder, shall at all times remain in the Participating Company, and any Employee, Participant or designated beneficiary or beneficiaries of an Employee or Participant shall not have any property interest whatsoever in any specific assets of the Participating Company as further provided in Article 6 hereof.

4.05 Vesting of Accounts.

(a) The Participant shall vest in his or her Account in accordance with the following schedule:

A Participant with less than 3 Years of Vesting Service as determined under the terms of the Participating Company's Qualified Plan shall be zero percent (0%) vested. A Participant with 3 or more Years of Vesting Service shall be one hundred percent (100%) vested.

Vesting in this Plan shall correspond to the Participant's vesting in his/her corresponding Qualified Plan account.

(b) In correspondence with the provisions Article IX of the Qualified Plan the Participant's Account shall be fully vested if the event of the Participant's death, Disability or attainment of normal retirement age (as defined by the Qualified Plan).

(c) The portion of a Participant's Account that is not vested shall be forfeited on the day the Participant's employment with the Participating Companies terminates.

ARTICLE 5

The portion, if any, of a Participant's Account that is not vested as of the date of the Participant's Separation from Service shall not be distributed to the Participant and shall be forfeited as described in Section 4.05(b). However, if the Participant has not delivered a valid distribution election to the Company his distribution shall be paid in the form of a lump sum distribution at the time provided for in Section 5.04.

5.03 Form of Distribution Election.

(a) A Participant shall be permitted, in accordance with such rules as the Committee may establish from time to time, to elect a time of distribution that is different from the default provisions set forth in Section 5.02 and may revoke his or her distribution election or file a new distribution election with respect to subsequent Compensation Deferral Periods (or as permitted by Section 5.05 of the Plan) with the Committee at any time, subject to paragraph (b) below. The form of distribution may consist of a lump sum or an Annual Installment Method with installment periods of 5, 10 or 15 years as elected by the Participant.

(b) In the case of a Participant making an election to defer Compensation, or Excess Contributions for the first time, a distribution election filed at the same time as the eligible Employee's initial deferral election shall be given effect even if the Participant terminates employment within 12 months of the filing. A distribution

election filed with the Committee at the same time as the Participant's initial deferral election shall be irrevocable for 12 months.

(c) If the Participant fails to make an election as to the time and date of his distribution he shall be paid in the form of a lump-sum distribution of his entire Account on his Distribution Date.

5.04 Time of Distribution.

The time of distribution shall be soon as administratively possible, but not later than ninety (90) days (with the payment date selected by the Company in its sole discretion), following the Distribution Date. The Distribution Date shall apply to all amounts payable to the Participant under the Plan.

The Company on behalf of the Participating Company or Companies shall distribute benefits on the Distribution Date elected by the Participant.

5.05 Change of Time and Form of Distribution.

In accordance with Sections 5.03 or 5.04; the Participant shall make an election governing the timing and form of distributions relative to amounts contributed to his Account prior to each Plan Year. Any election by the Participant to change the timing and form of any payment anticipated under terms of the initial election shall not take effect until at least 12 months after the date the changed election is made. Except with respect to election changes involving the time and form of distribution in the event of death or Disability any election by the Participant to change the timing and form of payment under the Plan must defer the time of payment for a period of not less than five (5) years from the date such payment would have been made prior to the election to change. Further, any election by the Participant to change the timing of a payment from the Plan from one fixed date to another fixed date, such election must be made at least twelve (12) months prior to the date of the first scheduled payment under the distribution election prior to change.

Additionally, these restrictions are such that the Participant shall not be permitted to:

(a) accelerate the timing of a distribution; or

(b) convert an election to receive a distribution in the form of installments to an election to receive the distribution in the form of a single lump sum.

5.06 Payments After Participant's Death.

If the Participant dies before his benefit under the Plan has been distributed to him, then the deferred compensation benefits otherwise payable with respect to such Participant under the Plan shall be paid in a single lump sum to the beneficiary or beneficiaries designated by the Participant as soon as administratively possible, but not later than ninety (90) days (with the payment date selected by the Company in its sole discretion), following the Participant's death.

5.07 Designation of Beneficiaries.

The Participant may designate in writing (on a form provided by the Committee and delivered to the Committee before his death) primary and contingent beneficiaries to receive any deferred compensation benefit payments which may be payable hereunder following the Participant's death and the proportions in which such beneficiaries are to receive such payments. The Participant may change such designation from time to time, and the last written designation delivered to the Committee prior to the Participant's death will control. If the Participant fails to specifically designate such a beneficiary, or if no designated beneficiary survives the Participant, or if all designated beneficiaries who survive the Participant die before all payments are made, then the remaining payments shall be made to the Participant's surviving spouse if such spouse is then living; if such spouse is not living, then to the executors or administrators of the estate of the Participant. The Committee may determine the identity of such persons and shall incur no responsibility by reason of the payment of such interest in accordance with any such determination made in good faith.

5.08 Required Delay in Payment to Key Employees.

If required under Code Section 409A (for example, the Company issues common stock publicly traded on an established securities market), a distribution made because of Separation from Service to a Participant who is a Key Employee as of the date of his Separation from Service shall not occur before the date which is six months after the Separation of Service.

For this purpose, a Participant who is a Key Employee on an Identification Date shall be treated as a Key Employee for the twelve-month period beginning on the January 1 immediately following such Identification Date. The Company may designate another date for commencement of this twelve-month period, provided that such date must follow the Identification Date and occur no later than the first day of the fourth month thereafter, provided that such designation is made in accordance with the regulations promulgated under Code Section 409A and is the same for all nonqualified deferred compensation plans of the Participating Companies.

The Company may elect to apply an alternative method to identify Participants who will be treated as Key Employees for purposes of the six-month delay in distributions if the method satisfies each of the following requirements: (i) the alternative method is reasonably designed to include all Key Employees; (ii) the alternative method is an objectively determinable standard providing no direct or indirect election to any Participant regarding its application; and (iii) the alternative method results in either all Key Employees or no more than 200 Key Employees being identified in the class as of any date. Use of an alternative method that satisfies these requirements will not be treated as a change in the time and form of payment for purposes of Section 1.409A-2(b) of the Treasury Regulations.

The six-month delay provided for in this Section 5.08 does not apply to payments made to an alternate payee pursuant to a domestic relations order described in Code Section 414(p) or to payments that occur after the death of the Participant.

ARTICLE 6

FINANCING AND UNFUNDED STATUS

6.01 Costs Borne by the Participating Companies.

The costs of administration of the Plan shall be borne by the Participating Companies. However, the Committee may elect in its discretion to charge some or all of the Plan costs to the Accounts of the Participants.

6.02 Source of Benefit Payments and Medium of Financing the Plan.

Benefits payable under the Plan to any Participant shall be paid directly by the Participating Company which employs the Participant. The Participating Company shall not be required to fund or otherwise segregate assets to be used for payment of benefits under the Plan. While the Participating Company may, in the discretion of the Committee, make investments in the funds designated by the Committee as investment funds in amounts equal or unequal to Participants' Accounts hereunder, the Participating Company shall not be under any obligation to make such investments and any such investment shall remain an asset of the Participating Company subject to the claims of its general creditors. Notwithstanding the foregoing, the Participating Company, in the discretion of the Committee, may maintain one or more grantor trusts ("trust") to hold assets to be used for payment of benefits under the Plan. The assets of the trust with respect to benefits payable to the employees of each Participating Company shall remain the assets of such Participating Company subject to the claims of its general creditors. Any payments by a trust of benefits provided to a Participant under the Plan shall be considered payment by the Participating Company and shall discharge the Participating Company of any further liability under the Plan for such payments.

6.03 Unfunded Status.

This Plan is intended to be unfunded for purposes of both ERISA and the Code.

ARTICLE 7

ADMINISTRATION

7.01 General Administration.

The Board may appoint a Committee consisting of not less than three (3) persons to administer the Plan. If the Board does not appoint a Committee, the Board shall administer the Plan and all references to the Committee shall mean the Board. Any member of the Committee may at any time be removed, with or without cause, and his successor appointed by the Chief Executive Officer of the Company, and any vacancy caused by death, resignation or other reason shall be filled by the Chief Executive Officer of the Company. The Committee shall be the plan administrator of the Plan and in general shall be responsible for the management and administration of the Plan. The Committee shall have full power to administer the Plan in all of its details (including establishing claims procedures and other rules), subject to applicable requirements of law. No member of the Committee who is an Employee of the Participating Companies shall receive compensation for his services to the Plan. The Committee shall have such duties and powers as may be necessary to discharge its duties under this Plan.

The fiscal records of the Plan shall be maintained on the basis of the Plan Year.

7.02 Committee Procedures.

The Committee may act at a meeting or in writing without a meeting. The Committee may adopt such by-laws and regulations as it deems desirable for the conduct of its affairs. All decisions shall be made by majority vote. No member of the Committee who is at any time a Participant in this Plan shall vote in a decision of the Committee (whether in a meeting or by written action) made specifically and uniquely with respect to such member of the Committee or amount, payment, timing, form or other aspect of the benefits of such Committee member under this Plan.

7.03 Facility of Payment.

Whenever, in the Committee's opinion, a person entitled to receive any payment of a benefit or installment thereof hereunder is under a legal disability or is incapacitated in any way so as to be unable to manage his financial affairs, the Committee may direct payments to such person or to his legal representative or to a relative or friend of such person for his benefit, or the Committee may direct the payment for the benefit of such person in such manner as the Committee considers advisable. Any payment of a benefit or installment thereof in accordance with the provisions of this Section shall be a complete discharge to the Committee and the Participating Companies of any liability for the making of such payment under the provisions of the Plan.

7.04 Indemnification of Committee Members.

The Participating Companies shall indemnify and hold harmless each member of the Committee against any and all liability, claims, damages and expense (including all expenses reasonably incurred in his defense in the event that the Participating Companies

fail to provide such defense upon his written request) which the Committee member may incur while acting in good faith in the administration of the Plan.

7.05 Claims Procedure.

The Committee shall make all determinations in its sole discretion as to the right of any Participant to a benefit under the Plan. Any denial by the Committee of a claim for benefits under the Plan by a claimant shall be stated in writing by the Committee and delivered or mailed to the claimant within a reasonable period of time but not later than ninety (90) days after the receipt by the Committee of his claim, unless special circumstances require an extension of time for processing the claim. If such an extension is required, written notice thereof shall be provided to the claimant before the end of this ninety (90) day period which shall indicate the special circumstances requiring the extension and the date by which the Committee expects to render a decision. In no event shall the extension exceed ninety (90) days from the end of the initial ninety (90) day period.

If a claim for benefits under the Plan is wholly or partially denied, the Committee shall notify the claimant of the denial of the claim in writing, delivered in person or mailed by first class mail to the claimant's last known address. Such notice of denial shall contain:

(a) the specific reason or reasons for denial of the claim;

(b) a reference to the relevant Plan provisions upon which the denial is based;

(c) a description of any additional material or information necessary for the claimant to perfect the claim, together with an explanation of why such material or information is necessary; and

(d) an explanation of the Plan's claim review procedure.

If no such notice is provided, and if the claim has not been granted within the time specified above for approval of the claim, the claim shall be deemed denied and subject to review as described below.

Any claimant or authorized representative of the claimant whose claims for benefits under the Plan has been denied or deemed denied, in whole or in part, may upon written notice delivered to the Committee request a review of such denial of benefits. Such claimant shall have sixty (60) days from the date the claim is deemed denied, or sixty (60 days from receipt of the notice denying the claim, as the case may be, in which to request such a review. The claimant's notice must specify the relief requested and the reason the claimant believes the denial should be reversed. In pursuing his appeal, the claimant will be permitted to submit written comments, documents, records, or other relevant information relating to his claim. In addition, the claimant will be provided, upon receipt and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to his claim.

The Committee will conduct the review of any appeal. This review will take into account all information submitted by the claimant regarding his claim, regardless of whether or

not such information was submitted or considered in the initial decision. A decision regarding such review will be made within a reasonable period of time but not later than sixty (60) days after receipt of the claimant's appeal, unless special circumstances require an extension of time for processing the claim. If such an extension is required, written notice thereof shall be provided to the claimant before the end of this sixty (60) day period which shall indicate the special circumstances requiring the extension and the date by which the Committee expects to render the final decision. In no event shall the extension exceed sixty (60) days from the end of the initial sixty (60) day period.

If the claimant's appeal is denied in whole or in part, the claimant will receive a written notification of the denial which will include (i) the specific reasons for the denial, (ii) reference to the specific Plan provisions upon which the denial was based, and (iii) a statement of the claimant's right to bring an action under ERISA. The interpretations, determinations, and decisions of the Committee shall be final and binding upon all persons with respect to any right, benefit and privilege hereunder, subject to the review procedures set forth in this Section 7.05.

Notwithstanding the foregoing, any review of an appeal of a determination with respect to a claimant's Disability must meet the following standards: (1) the review shall not afford deference to the initial adverse determination; (2) the review shall be conducted by an appropriate person who is neither the party who made the initial adverse benefit determination that is the subject of the appeal nor a subordinate of such party; (3) the review shall provide for the appropriate person to consult with health care professionals with appropriate training and experience in the field of medicine involved in the medical judgment in deciding the appeal of an adverse benefit determination that is based in whole or in part on a medical judgment; (4) the review shall provide that any health care professional engaged for purposes of making determinations under clause (3) above shall be an individual was not an individual consulted in the initial adverse benefit determination that is the subject of the appeal nor a subordinate of such party; (5) the claimant shall have one-hundred eighty (180) days to request a review of the initial adverse benefit determination; and (6) the review shall provide for the identification of the medical or vocational experts whose advice was obtained in connection with the claimant's adverse benefit determination, without regard to whether the advice was relied upon in making the determination. Furthermore, the ninety (90) day period described in these procedures regarding the time period during which the Committee will make its initial decision regarding a claim shall be reduced to forty-five (45) days in the case of a claim of the claimant's Disability. This forty-five (45) day period may be extended by thirty (30) days if the Committee determines the extension is necessary due to circumstances outside the control of the Plan and the claimant is notified prior to the end of the forty-five (45) day period. If prior to the end of the thirty (30) day extension period, the Committee determines that additional time is necessary, the period may be extended for a second thirty (30) day period, provided the claimant is notified prior to the end of the first thirty (30) day period, provided the claimant is notified prior to the end of the first thirty (30) day extension period and such notice specifies the circumstances requiring the extension and the date as of which the Plan expects to render a decision. In addition, the sixty (60) day period described in these procedures regarding the time period during which the Board will make its decision regarding a claimant's appeal shall be reduced to forty-five (45) days with respect to the appeal of the denial of the

claimant's claim of Disability. The forty-five (45) day period may be extended by an additional forty-five (45) days if the Board determines the extension is necessary due to circumstances outside the control of the Plan, and the claimant is notified prior to the end of the initial forty-five (45) day period.

ARTICLE 8

PARTICIPATING COMPANY PARTICIPATION

8.01 Adoption of Plan.

Any subsidiary or affiliate of the Company may, with the approval of the Company and under such terms and conditions as the Committee may prescribe, adopt the Plan by filing with the Company a resolution of its Board of Directors to that effect. The Company may amend the Plan as necessary or desirable to reflect the adoption of the Plan by an employer, provided however, that an adopting employer shall not have the authority to amend or terminate the Plan under Article 9.

8.02 Participating Company Accounting.

If a trust is established pursuant to Section 6.02, the Committee shall maintain a bookkeeping account in the name of each Participating Company which, pursuant to rules established by the Committee, will reflect:

(a) deposits made by that Participating Company to the trust;

(b) income, losses, and appreciation or depreciation in the value of trust assets resulting from investment of the trust to the extent such items are attributable to such Participating Company's deposits;

(c) payments made from the trust to Participants employed or formerly employed by that Participating Company (or to their beneficiaries) in the form of benefits payable to them under the Plan, or to its creditors; and

(d) any other amounts charged to that Participating Company's account, including its share of compensation and expenses.

8.03 Withdrawal from the Plan by Participating Company.

Any such Participating Company shall have the right, at any time, upon the approval of and under such conditions as may be provided by the Committee, to withdraw from the Plan by delivering to the Committee written notice of its election to withdraw. Upon receipt of such notice by the Committee, the portion of the deferral account of Participants and beneficiaries attributable to amounts deferred while the Participants were Employees of such withdrawing Participating Company, plus any net earnings, gains and losses on such amounts, shall be segregated from the trust at the direction of the Committee in cash at such time or times as the Committee, in its sole discretion, may deem to be in the best interest of such Employees and their beneficiaries. To the extent the amounts held in the trust for the benefit of such Participants and beneficiaries are not sufficient to satisfy the Participating Company's obligation to such Participants and their beneficiaries accrued on account of their employment with the Participating Company, the remaining amount necessary to satisfy such obligation shall be an obligation of the Participating Company, and the Company and the other Participating Companies shall have no further obligation to such Participants and beneficiaries with respect to such amounts.

If as a result of a corporate transaction the withdrawing Participating Company is no longer a member of the same controlled group of employers with the Company as defined in Code Section 414(b) or 414(c), then after the Participant Accounts of Employees of the withdrawing Participating Company are segregated, that Participating Company may establish a separate plan, and it may maintain that separate plan or terminate that plan consistent with Section 9.02.

ARTICLE 9

AMENDMENT AND TERMINATION OF PLAN

9.01 Power to Amend.

The Plan may be amended by the Board at any time, but no such amendment or modification shall deprive any current or former Participant or Beneficiary of all or any portion of his Account which had accrued prior to the Amendment. Such amendment shall be in writing and authorized by the Board. Notwithstanding the foregoing, the Company may amend this Plan in any manner that it deems necessary to comply with Code Section 409A or Department of the Treasury guidance published with respect thereto.

9.02 Power to Terminate.

The Plan may be terminated by the Company under one of the following conditions:

(a) The Company may terminate the Plan at its sole discretion, provided that:

(i) All arrangements sponsored by the Company that would be aggregated with this Plan under Section 1.409A-1(c)(2) of the regulations promulgated under Code Section 409A are terminated with respect to all participants;

(ii) No payments will be made, other than those otherwise payable under the terms of the Plan absent a Plan termination, within twelve (12) months of the termination of the Plan;

(iii) All payments will be made within twenty-four (24) months of such termination;

(iv) The Company does not adopt a new arrangement that would be aggregated with any terminated arrangement under Code Section 409A and the regulations thereunder at any time within the three year period following the date of termination of the Plan, and

(v) The termination does not occur proximate to a downturn in the financial health of the Company.

(b) The Company, at its discretion, may terminate the Plan within twelve (12) months of a corporate dissolution taxed under Code Section 331, or with the approval of a bankruptcy court pursuant to 11 U.S.C. §503(b)(1)(A), provided that amounts deferred under the Plan are included in the gross income of Participants in the latest of the following years (or, if earlier, the taxable year in which the amount is actually or constructively received):

(i) The calendar year in which the Plan termination occurs;

(ii) The first calendar year in which the amount is no longer subject to a substantial risk of forfeiture; or

(iii) The first calendar year in which the payment is administratively practicable.

(c) The Company may amend the Plan to provide that termination of the Plan will occur under such conditions and events as may be prescribed by the Secretary of the Treasury in generally applicable guidance published in the Internal Revenue Bulletin.

A Plan termination shall not reduce the amounts credited to the Account of any Participant or the vesting of any Participant, determined as of the date of such termination. Such termination shall be in writing and authorized by the Board.

9.03 No Liability for Plan Amendment or Termination.

Neither the Company, nor any officer, nor any Board member thereof shall have any liability as a result of the amendment or termination of the Plan. Without limiting the generality of the foregoing, the Company shall have no liability for terminating the Plan notwithstanding the fact that a Participant may have expected to have future allocations made on Participant's behalf hereunder had the Plan remained in effect.

ARTICLE 10

GENERAL PROVISIONS

Each Grant and the participation of an Eligible Employee in the Plan may be evidenced by a Grant Agreement between the Corporation and the Eligible Employee in a form approved by the Plan Administrator.

Participation in the Plan by any Eligible Employee shall be construed as acceptance by the Eligible Employee of the terms and conditions of the Plan and all rules and procedures adopted hereunder, as amended from time to time.

Vesting Terms. RSUs shall vest at such time and be subject to such other terms and conditions as may be determined by the Plan Administrator and set forth in the applicable Grant Agreement.

4.2 **Administration.** The Plan Administrator shall administer the Plan in accordance with its terms. Subject to and consistent with the terms of the Plan, in addition to any authority of the Plan Administrator specified under any other terms of the Plan, the Plan Administrator shall have full and complete discretionary authority to:

(i) interpret the Plan and Grant Agreements;
(ii) prescribe, amend and rescind such rules and regulations and make all determinations necessary or desirable for the administration and interpretation of the Plan and Grant Agreements;
(iii) determine those Eligible Employees who may be granted RSUs, grant one or more RSUs to such Eligible Employees and approve or authorize the applicable form and terms of the related Grant Agreements;
(iv) determine the terms and conditions of RSUs granted to any Eligible Employee, including,
    (A) the number of RSUs subject to a Grant,
    (B) the Vesting Period applicable to a Grant,
    (C) the circumstances upon which an RSU shall be forfeited, cancelled or expire and

(D) the consequences of an Eligible Employee ceasing to be Employed with respect to an RSU;

(v) amend the terms of any outstanding RSU granted under the Plan, provided that such amendment shall not materially adversely affect the rights of an Eligible Employee without the consent of such Eligible Employee; and

(vi) determine whether, and the extent to which, adjustments shall be made pursuant to Section 5.3 and the terms of any such adjustments.

4.3 **Effects of Plan Administrator's Decision**. Any interpretation, rule, regulation, determination or other act of the Plan Administrator hereunder shall be made in its sole discretion and shall be conclusively binding upon all persons.

4.6 **Delegation and Administration**. The Plan Administrator may, in its discretion, delegate such of its powers, rights and duties under the Plan, in whole or in part, to any one or more directors, officers or employees of the Corporation as it may determine from time to time, on terms and conditions as it may determine, except the Plan Administrator shall not, and shall not be permitted to, delegate any such powers, rights or duties to the extent such delegation is not consistent with Applicable Law. The Plan Administrator may also appoint or engage a trustee, custodian or administrator to administer or implement the Plan or any aspect of it, except that the Plan Administrator shall not, and shall not be permitted to, appoint or engage such a trustee, custodian or administrator to the extent such appointment or engagement is not consistent with Applicable Law.

5. ACCOUNTS, DIVIDEND EQUIVALENTS AND REORGANIZATION

5.1 **RSU Account.** An account, called an "RSU Account", shall be maintained by the Corporation, or a Subsidiary, as specified by the Plan Administrator, for each Eligible Employee and will be credited with such number of RSUs as are granted to an Eligible Employee from time to time pursuant to Section 4.1 and any dividend equivalent RSUs granted pursuant to Section 5.2. RSUs that fail to vest (including pursuant to Section 6), or that are paid out to the Eligible Employee or his Beneficiary, shall be cancelled and shall cease to be recorded in the Eligible Employee's RSU Account as of the date on which such RSUs are cancelled under the Plan.

5.2 **Dividend Equivalent RSUs.** Unless otherwise specified in the Grant Agreement, each Grant shall be deemed to provide for the accrual of dividend equivalent amounts for the account of an Eligible Employee as hereinafter provided with respect to cash dividends paid in the ordinary course to shareholders in respect of outstanding Shares. Subject to the terms of the Grant Agreement, if and when cash dividends are paid with respect to Shares (other than any extraordinary dividend) to shareholders of record as of a record date occurring during the applicable Vesting Period, a number of additional RSUs shall be automatically granted to the Eligible Employee who is a party to such Grant Agreement in such number equal to the product of (i) the cash dividend paid with respect to a Share multiplied by (ii) the number of RSUs subject to such Grant (including related dividend equivalent RSUs granted pursuant to this Section 5.2 prior to the applicable record date) as of the record date for the dividend, divided by the closing price of a Share on the Stock Exchange on the date on which the dividend is paid. The additional RSUs granted to an Eligible Employee shall be subject to the same terms, including vesting and settlement terms, as the corresponding RSUs.

5.3 **Adjustments.** In the event of any stock dividend, stock split, combination or exchange of Shares, merger, consolidation, spin-off or other distribution (other than normal cash dividends) of the Corporation's assets to shareholders, or any other change in the capital of the Corporation affecting the Shares, such proportionate adjustments, if any, as the Plan Administrator in its discretion may deem appropriate to reflect such change, shall be made with respect to the number of RSUs outstanding under the Plan.

6. VESTING AND SETTLEMENT OF SHARE UNITS

6.1 **Settlement.** Subject to Section 6.3, RSUs shall vest upon, and be settled upon or as soon as reasonably practicable following (but in no event later than 30 days after), the Vesting Date applicable to such RSUs. Settlement of vested RSUs shall be made by payment in cash, subject to payment or other satisfaction of all related withholding obligations in accordance with Section 9.3 and the terms of the applicable Grant Agreement, of an aggregate amount equal to the product of A multiplied by B, where:

"A" equals the Market Value on the Vesting Date; and

"B" equals the number of RSUs then being settled**.**

6.2 **Failure to Vest.** An Eligible Employee shall have no right to receive a cash payment or any other compensation with respect to any RSUs that do not vest in accordance with the terms and conditions of the Plan.

6.3 **Continued Employment**. Subject to Sections 4.2, 6.4 and 6.5, RSUs relating to a Grant shall vest and be settled in accordance with Section 6.1 provided that

the Eligible Employee is Employed on the Vesting Date in respect of such Grant. For greater certainty, an Eligible Employee shall not be considered to be Employed on a Vesting Date if, prior to such Vesting Date, such Eligible Employee received a payment in lieu of notice of termination of employment, whether under a contract of employment, as damages or otherwise (the Corporation and its Subsidiaries do not intend to and shall not make payments in lieu of notice as a substitute for RSUs that are subject to taxation under the U.S. Code (as defined below)). Further, in the event an Eligible Employee has been Employed in accordance with section 1.3.8(b) during the Vesting Period in respect of a Grant, the number of RSUs relating to such Grant that become vested on a Vesting Date shall be determined by the formula A x B/C, where

"A" equals the total number of RSUs relating to such Grant that would have vested had the Eligible Employee been Employed in accordance with section 1.3.8(a) throughout such Vesting Period;

"B" equals the total number of months during such Vesting Period in which the Eligible Employee was Employed in accordance with section 1.3.8(a) (rounded up to the nearest whole number of months); and

"C" equals the total number of months in the Vesting Period relating to such Grant.

6.4 **Termination of Employment for Cause and Resignation and Retirement**
In the event an Eligible Employee's employment is terminated for Cause by the Corporation, or a Subsidiary, as applicable, or the Eligible Employee otherwise ceases to be Employed for any reason other than as provided in Section 6.5, each prior to the Vesting Date relating to a Grant, unless otherwise determined by the Plan Administrator in connection with the Retirement of an Eligible Employee (in which case the Eligible Employee shall be deemed instead to have ceased to be Employed by reason of termination of employment without Cause under Section 6.5), no RSUs relating to such Grant and no dividend equivalent RSUs in respect of such RSUs shall vest.

6.5 **Termination of Employment without Cause and Death**
Unless otherwise determined by the Plan Administrator, in the event an Eligible Employee ceases to be Employed by reason of termination of employment without Cause or death prior to the Vesting Date relating to a Grant, a number of RSUs (the "Pro-Rated RSUs") determined by the formula A x B/C, where

"A" equals the total number of RSUs relating to such Grant, being the number of RSUs credited to the Eligible Employee's RSU Account as at the Grant Date in respect of such Grant;

"B" equals the total number of months between the first day of the Vesting Period for such Grant and the date the Eligible Employee ceases to be Employed (rounded up to the nearest whole number of months); and

“C” equals the total number of months in the Vesting Period relating to such Grant,

together with any dividend equivalent RSUs relating to such Pro-Rated RSUs, shall be eligible to become vested RSUs subject to satisfaction or waiver by the Plan Administrator of any conditions relating to such Grant. Pro-Rated RSUs under this Section 6.5 that become vested RSUs (including dividend equivalent RSUs relating to such Pro-Rated RSUs) shall be settled in accordance with Section 6.1; provided that (i) the date on which the Eligible Employee ceases to be Employed by reason of death shall be deemed to be the Vesting Date for purposes thereof, (ii) for RSUs that are not subject to taxation under the U.S. Code (as defined below), the date on which the Eligible Employee ceases to be Employed by reason of termination of employment without Cause shall be deemed to be the Vesting Date for purposes thereof, and (iii) if the date on which the Eligible Employee ceases to be Employed by reason of termination of employment without Cause occurs after a Change in Control, “B” shall be deemed to equal “C”.

6.6 **Change in Control**
In the event of a Change in Control prior to the Vesting Date relating to a Grant, RSUs subject to such Grant shall not be affected and shall continue to vest as per the terms hereof, unless an Eligible Employee ceases to be Employed by reason of termination of employment without Cause after such a Change in Control, in which case 100% of such Eligible Employee’s RSUs (including any dividend equivalent RSUs) shall vest on the applicable Vesting Date and there shall be no pro-rata vesting thereof. Section 6.5 has been drafted to provide for the foregoing and this Section 6.6 is included solely for clarification purposes.

7. CURRENCY
7.1 **Currency.** Except where expressly provided otherwise, all references in the Plan to currency refer to lawful Canadian currency.

8. SHAREHOLDER RIGHTS
8.1 **No Rights to Shares.** RSUs are not Shares and the grant of RSUs will not entitle an Eligible Employee to any shareholder rights, including, without limitation, voting rights, dividend entitlement or rights on liquidation.

9. MISCELLANEOUS

9.1 **Compliance with Laws and Policies.** The Corporation's issuance of any RSUs and its obligation to make any payments is subject to compliance with Applicable Laws. Each Eligible Employee shall acknowledge and agree (and shall be conclusively deemed to have so acknowledged and agreed by participating in the Plan) that the Eligible Employee will, at all times, act in strict compliance with Applicable Law and all other laws and any policies of the Corporation applicable to the Eligible Employee in connection with the Plan including, without limitation, furnishing to the Corporation all information and undertakings as may be required to permit compliance with Applicable Law.

9.2 **Section 409A of U.S. Internal Revenue Code of 1986, as amended (the "U.S. Code").** All RSUs that are subject to taxation under the U.S. Code are intended to comply with the requirements of Section 409A of the U.S. Code, and the Plan shall be interpreted and construed consistently with such intent. The Corporation makes no representation that payments under this Plan comply in all respects with Section 409A of the U.S. Code and each Eligible Employee is solely responsible for all tax liability with respect to any payments hereunder, except to the extent that the Corporation has withheld applicable taxes from such payments.

9.3 **Withholdings.** So as to ensure that the Corporation or a Subsidiary, as applicable, will be able to comply with the relevant provisions of any federal, provincial, state or local law relating to the withholding of tax or other required deductions, including on the amount, if any, includable in the income of an Eligible Employee, the Corporation, or a Subsidiary, as applicable, shall withhold or cause to be withheld from any amount payable to an Eligible Employee, either under this Plan, or otherwise, such amount as may be necessary to permit the Corporation or the Subsidiary, as applicable, to so comply.

9.4 **No Additional Rights.** Neither the designation of an employee as an Eligible Employee nor the grant of any RSUs to any Eligible Employee entitles any person to the grant, or any additional grant, as the case may be, of any RSUs under the Plan.

9.5 **Amendment, Termination.** The Plan may be amended, supplemented, restated or terminated at any time by resolution of the Board or the Management Resources and Compensation Committee of the Board in whole or in part, without the consent of any Eligible Employee, provided that no such change may materially adversely affect the rights of any such Eligible Employee, without the consent of the Eligible Employee, with respect to RSUs that have been granted as of the date on which the aforementioned resolution is passed.

9.6 **Administration Costs.** The Corporation will be responsible for all costs relating to the administration of the Plan.

9.7 **Unfunded Obligation.** The obligation to make payments that may be required to be made under the Plan will be an unfunded and unsecured obligation of the Corporation or a Subsidiary, as applicable, unless otherwise determined by the Corporation. The Plan, or any provision thereunder, shall not create (or be construed to create) any trust or other obligation to fund or secure amounts payable under the Plan in whole or in part.

10. ASSIGNMENT

10.1 **Assignment.** The assignment or transfer of RSUs or any other benefits under this Plan shall not be permitted other than by operation of law.

CANADIAN PACIFIC

Policy 3411
Short Term Incentive Plan

Short Term Incentive Plan (STIP)

Non-Unionized Employees (Canada) and US Salaried Employees

Issuing Department: Human Resources

Policy Statement

Canadian Pacific offers a Short Term Incentive Plan (the "Plan"), to recognize the contribution that each regular, non-unionized and US salaried employee makes to the Railway's achievement of its business objectives.

Accountability

The Management Resources and Compensation Committee of the Board of Directors of Canadian Pacific Railway (the "Committee") has complete authority to interpret and define individual and group eligibility and to establish rules and regulations required to properly administer the Plan. The Board may also suspend, amend or terminate this Plan at any time.

On an annual basis, managers are responsible for guiding their employees in the objective setting process. Managers must conduct regular progress reviews throughout the year, evaluate performance against objectives at year end and report results to Human Resources.

Employees are responsible for setting and striving to achieve their annual performance objectives and for soliciting performance feedback from their managers.

Human Resources is responsible for interpreting this policy, guiding its administration and supporting employees and managers applying the policy.

Process and Application

Plan Year

The Plan Year runs from January 1 to December 31.

Eligibility

Regular employees who participate in the Company's non-unionized compensation program are eligible to participate in the Plan provided they join the Plan prior to October 1st in their first year of participation.

Employees must complete three (3) months (65 working days) of cumulative active service in the Plan year in order to be

eligible for a STIP payout.

Transfers and Joint Ventures	Employees transferred or seconded to employers participating in a joint venture with CP may be designated as participants in the Plan by the Company.
Temporary Replacements	Unionized employees who temporarily assume a non-unionized position will be eligible for STIP, provided the temporary assignment commences prior to October 1st of the Plan year and has a minimum continuous duration of three (3) months (65 working days) in the Plan year.
Plan Objectives	The objectives of the Plan are: • to tie a part of the employee's compensation directly to CP's results; • to reward the achievement of individual and team objectives that support CP's achievement of its annual business plans and long-term strategy; and • to maintain the competitiveness of CP's compensation program.
Ending Participation	Participation in the Plan ends when the employee reverts to a unionized position at the Company's request, retires or terminates their employment with CP. Employees who revert to a unionized position at their own initiative prior to payout will not be eligible for a STIP award.
Target Award Levels	For each Plan Year the Committee establishes the various classes of participants, the weighting of each performance measure assigned to each class and the Target Award Levels. Employee level determines their Target Award Levels. Target Award Levels are expressed as a percentage of annual salary and are the basis for calculating STIP awards.
Weighting of Corporate Individual Components	Individual STIP awards are based on two components, individual and corporate. STIP award payouts are based on an employee's group and weighting category at year end. The following table outlines the weighting for corporate and individual performance for the various management levels in

the organization:

LEVEL	CORPORATE	INDIVIDUAL
Level A to F	75%	25%
Level 1	60%	40%
Level 2 to 6	50%	50%

Assessing PMP Objectives

The individual component of STIP awards is tied directly to the individual's PMP objectives established under the Performance Management Program (PMP). A PMP rating (from Unsatisfactory to Outstanding) will be assigned to each of the individual's PMP objectives.
The performance ratings are determined on the basis of three dimensions:

1. achievement of objectives against the standards and measures established for each objective;
2. context of performance throughout the year; and
3. peer clustering of employees into a distribution profile established by the Company.

The context of performance dimension considers the "how" of the achievement and adds a necessary judgmental component to the assessment process. The demonstration of company values must be considered.

Taking the three dimensions into account, through the calibration process, an overall PMP rating and an overall STIP attainment level, based on the scales below, are determined for the employee's individual performance component.

Overall PMP Rating	Overall STIP Attainment Level
Outstanding	170% - 200%
Exceeds	125% - 165%
Achieved	90% - 110%
Partially Achieved	50% - 85%
Unsatisfactory	0%

Potential Corporate Payout Levels

Annually, the Committee establishes the performance criteria, the weighting assigned to each performance criterion and corporate performance target levels for the STIP Program.

Each corporate performance criterion will have three levels of performance and payout.

a) Exceptional Level - 200% of Target Award Level assigned to the corporate component where the actual CP performance meets or exceeds the exceptional level established by the Committee;

b) Target Level - 100% of Target Award Level assigned to the corporate component where the actual CP performance meets the target level established by the Committee;

c) Threshold Level - 50% of Target Award Level assigned to the corporate component when the actual CP performance level for the Plan Year is at the threshold level established by the Committee; and

Where the actual CP performance falls between the threshold and exceptional levels, the payout level will be prorated.

Where the actual CP performance falls below the threshold level, no awards will be paid under the corporate component.

Corporate Hurdle

For each Plan Year, the Committee establishes a minimum level of corporate performance, below the threshold level, called the corporate hurdle. If the Company's performance falls below this hurdle, no awards will be paid under the individual or corporate components.

Individual Hurdle

If individual performance levels are unsatisfactory, no award will be paid to the individual under the corporate or individual components.

In addition, the CEO has the discretion to not pay an award for the corporate component in any individual instance.

CP Net Loss

The Committee has the discretion to adjust the amount of awards so that payment of awards under the Plan does not

result in a net loss for CP. No awards will be paid if CP has a net loss for the Plan Year.

Calculation of Awards	Awards are calculated by performing the following calculation: Target Award Level multiplied by the weighting for the individual component, multiplied by the annual salary in effect at the end of the Plan Year, multiplied by the STIP attainment level **added to** the Target Award Level, multiplied by the weighting for the corporate component, multiplied by the annual salary in effect at the end of the Plan Year, multiplied by the weighting of the performance measure, multiplied by the payout level. This calculation is repeated for each of the Company's performance measures. For sample STIP calculations, see Appendix 1.
Payment of Awards	Awards to be paid out in any Plan Year, will be paid as soon as possible after CP financial results are determined, the Committee has approved a payout, and the participants' performance has been assessed under PMP.
Joining Plan Before October 1st	New entrants prior to October 1 of the plan year will have their award for that year prorated based on the length of time they have been a member of the Plan.
Leaving the Plan Before April 1st	Employees who cease participation in the Plan prior to April 1 of the Plan Year will not be eligible for any STIP Award for the Plan Year.
Leaves of Absence	Leaves of absence (LOA) are those periods when an employee is not actively at work i.e. short or long term disability, personal, maternity, parental, educational leaves. Participants who take a leave of absence greater than 30 consecutive days (22 working days) during the year will have their award prorated based on the length of time in active service during the year. Potential STIP Awards will be held for participants who take a

	personal (non-medical or educational) leave of absence. Eligibility for STIP will be determined at the end of the LOA. If the participant decides not to return it will be considered a voluntary resignation and the participant will not be eligible for a STIP Award. The payment of any STIP Award will only occur when the participant returns from the LOA.
Transfers	Participants transferring on or after April 1st of the Plan Year to a position to which this plan does not apply will have their award prorated based on the length of time in the eligible position.
Termination without Cause	Participants whose employment is terminated by the Company without cause on or after April 1st of the Plan Year will continue to participate in the Plan until their last day actively at work. If all program conditions are met, (i.e. Company performance and individual performance warrants a payout), they will receive a prorated award based on the length of time they participated in the plan during the year.
Retirements	Employees that retire on or after April 1 of the plan year without a severance payment are eligible for a prorated STIP award provided: • they are at least 55 years of age with a minimum of 10 years of service from their last hire date • have provided the required 3 month notice of retirement as outlined in Retirement Policy 8101
Termination for Cause	Employees who are terminated for cause during the year will not receive an award for the year in which their employment ended. They will also not be eligible to receive any award not yet paid at the time of their termination for cause.
Resignation	Employees who resign prior to the STIP payout date will not be eligible for an award for the previous or current plan year.
Death	When a participant dies on or after April 1st of the Plan Year, if all program conditions are met, a prorated award based on the length of their membership in the Plan during the year will be

paid to the participant's estate.

Administration

Setting PMP Objectives	The STIP cycle begins with the establishment of PMP Objectives. In discussion with their manager and/or team leader, participants are responsible for the development of their PMP objectives and assigning weightings.
Assigning Weights	PMP objectives are weighted according to their relative importance. The total value of all PMP objectives must equal 100%.
Reporting Results	By the end of January, annually, managers should have STIP attainment levels reported to Human Resources for the previous Plan Year.

The amendments to reflect the checkerboard approach to pension benefits were first reflected in the April 1, 2005 restatement of the Plan document.

1.06 Consolidation of Plan Document

This Plan document is a consolidation of the Plan rules incorporating all amendments to the Plan up to January 1, 2009. It applies to Members accruing Pensionable Service on or after April 1, 2005 and for Members with a Date of Cessation of Membership on or after April 1, 2005. For Members with a Date of Cessation of Membership prior to April 1, 2005, benefit entitlements are determined pursuant to the Plan rules and related amendments in effect prior to this date.

1A.01 Principles of the Checkerboard Approach

The key principles of the checkerboard approach to pension benefits are as follows:

(a) A "Key Date" and a "Member Key Date" are defined in Article 2. The Key Date refers to the first date past service formula pensions were improved under the Plan for Members represented by a Union, or January 1, 2001 in respect of Management Employees. Each Member shall have one Member Key Date;

(b) Pensionable Service prior to a Member Key Date is treated according to the Union or Management affiliation at the Member Key Date;

(c) Periods of Pensionable Service after a Member Key Date are segmented according to the Union or Management affiliation for that time period;

(d) The pension formula applicable to periods of Pensionable Service is determined according to the current provisions applicable to the particular Union, regardless of when the Pensionable Service was accrued or whether currently represented by such Union. For clarity, pension formula improvements apply retroactively to all periods of Pensionable Service only if the Member has been continuously represented by the same Union since the Key Date or since the Member's date of employment, if later;

(e) In addition to the pension formula, the following other Plan provisions also follow the checkerboard approach:

- Highest Plan Earnings and Base Earnings related thereto,
- Normal Retirement Date,
- Early retirement pension(s),
- Normal form of pension,
- Indexation eligibility and amount, and
- Vesting.

Certain other provisions (optional forms of pension, including any portability option on retirement and any entitlement to a pension on Disability Retirement Date) will be based on the Member's Union or Management affiliation at Date of Cessation of Membership, while other provisions (Member contribution rates, interest on Member contributions and buyback provisions, as set out in Article 17) will be based on the Member's Union or Management affiliation at that point in time (referred to as "current location").

B.6.4 **Termination Priorities**

In the event this Appendix B is terminated pursuant to Section B.6.1 or clause 3.03(d)(i) of the Plan, at any time in whole or in part with respect to a specified group of DC Members only, the assets of the DC Segment of the Fund, or the interest therein of DC Members affected by a partial termination, shall be allocated to provide, subject to Section B.6.6, for benefits equal to the value of each affected DC Member's Employee Account and Company Account. Further to subparagraph 14.15(a) of the Plan, the establishment and continuance of this Appendix B shall not be deemed to constitute a contract of employment between the Company and any Management Employee. Nothing contained herein shall be deemed to give to a Management Employee the right to be retained in the service of the Company or to interfere with the right of the Company to lay off or terminate the employment of such Management Employee at any time and to deal with such Management Employee without regard to the effect that such treatment might have under the Plan upon such Management Employee.

B.7.2 **Application for Payments**

A DC Member, a DC Member's Spouse or Designated Beneficiary, or legal representative thereof, claiming payments under this Appendix B must make written application to the Company on the forms provided, together with evidence by way of affidavit, declaration or certificate, as the Company may reasonably require, substantiating such claim before any benefits are payable. B.7.3 **Unclaimed Payments**

In the event that a DC Member, a DC Member's Spouse or Designated Beneficiary or a representative thereof satisfactory to the Company does not claim payments under this Plan within the time specified under Section B.7.2, the obligation for payments remains and such DC Member's Employee and Company Accounts shall continue to be maintained in accordance with Article B.11 until a valid claim is made.

B.7.4 **Timely Payments**

All payments to be made out of the Fund in respect of this Appendix B shall be made within 60 days after the event giving rise to the payment, or the completion and filing of all documents required to authorize the making of the payment, whichever is the later.

B.7.5 **Small Pensions**

Notwithstanding any provision of the Plan to the contrary, the Company may direct that a lump sum, equal to the Actuarial Equivalent value of the total DB Pension Benefits and DC Pension Benefits payable under the Plan, may be paid as full and final satisfaction of all claims under the Plan by the DC Member or anyone claiming by, through or under the DC Member, if the annual pension is less than 4% of the Year's Maximum Pensionable Earnings or such other amount as provided under the Act and Regulations. Further, and except for benefits described in Section B.14.1, in the event that the Actuarially Equivalent lump sum value of any pension payable from the Plan is less than 10% of the Year's Maximum Pensionable Earnings or such other amount as provided under the Act and Regulations, the value of such pension may, at the discretion of the Company, be paid to the Member by way of a transfer to a Locked-In Retirement Fund.

ARTICLE 1 – ESTABLISHMENT OF THE PLAN

1.1 The Company established the Canadian Pacific Railway Management Supplemental Pension Plan (1998) (the "Management Plan") and the Canadian Pacific Railway Executive Supplemental Pension Plan (1998) (the "Executive Plan") (collectively the "Prior Plans"), both effective May 1, 1998. The Management Plan provided supplemental pension benefits primarily on a defined benefit basis to eligible management employees of the Company. The Executive Plan provided supplemental pension benefits primarily on a defined benefit basis to designated executive employees of the Company. The Prior Plans were terminated effective December 31, 2010.

1.2 The Company hereby establishes the Supplemental Plan effective January 1, 2011, to provide retirement benefits to eligible management and executive employees of the Company. The Supplemental Plan provides benefits primarily on a defined contribution basis to eligible Members in excess of the contributions that may be made in respect of such employees under the Basic Plan, which contributions are restricted by the maximum contributions permitted under the Income Tax Act. The Supplemental Plan preserves the supplemental defined contribution account balances, if any, as at December 31, 2010 and the entitlement to a defined benefit pension, if any, under the Prior Plans for service to December 31, 2010. Included as Appendix A are supplemental defined benefit provisions, for the purpose of preserving such legacy lifetime retirement income and related benefits to management or executive employees of the Company who participated in the defined benefit provisions of the Prior Plans. However, different benefits may be provided under this

Supplemental Plan for individual Members or classes of Members as may be so designated from time to time.

1.4 The Supplemental Plan is intended to be exempt from federal legislation relating to pension plans.

8.3 The Supplemental Benefit of a deceased U.S. Member shall be paid in accordance with Appendix B hereto.

ARTICLE 9 – FINANCING

9.1 A Member shall neither be required nor permitted to make any contributions to this Supplemental Plan.

9.2 Except as otherwise provided herein, payments to be made by the Company under this Supplemental Plan shall be paid solely out of the general funds of the Company then available for that purpose.

9.3 Prior to the Effective Date the Company shall establish, and shall maintain during the continuance of the Supplemental Plan, a Trust Fund pursuant to a Trust Agreement between the Company and the Trustee, for the purpose of providing security for the funding of the Trust Fund with proceeds of a Letter of Credit in the event that an Event of Default shall occur. Notwithstanding the foregoing, the Company may make contributions to the Trust Fund to fund the Liabilities in accordance with the Trust Agreement.

9.4 (a) The Company shall make payments to the Trust Fund in accordance with the Trust Agreement. All monies accruing to the Trust Fund shall be deposited into a separate account to the credit of the Trustee and shall not form part of the revenues or assets of the Company. The Trust Fund shall be administered in accordance with the Supplemental Plan and the assets of the Trust Fund other than the Letter of Credit held in the Trust Fund shall be invested in accordance with such directions as the Pension Committee may give. The Pension Committee, on terms and conditions satisfactory to it, may retain the services of an agent or agents or designate employees of the Company to invest or reinvest any of the assets of the Trust Fund other than the Letter of Credit held in the Trust Fund and may, but need not, delegate to any such agent, agents or employees any of the power or authority that may be vested in it in relation to the investment or reinvestment of any such assets.

(b) There shall be paid from the Trust Fund

(i) the costs of administering the Supplemental Plan and the Trust Fund, including taxes, to the extent that such costs are not borne by the Company, and

(ii) all Secured Benefits to be paid under the Supplemental Plan to the extent that such pensions and other benefits are not borne by the Company.

(c) Subject to the Actuary's recommendation, the Company shall contribute to the Trust Fund from time to time

(i) where the Supplemental Plan is to be fully funded, such amount as may be required to enable the Trust Fund to provide for payment of all of the Secured Benefits and administrative costs required to be paid under the Supplemental Plan,

(ii) where the Supplemental Plan is to be partially funded and partially secured, such amount as is sufficient to enable the Trustee to obtain or renew a Letter of Credit with a face amount at least equal to the Liabilities less the market value of the other assets of the Trust Fund as at the Liability Valuation Date,

(iii) where the Supplemental Plan is to be fully secured, such amount as is sufficient to enable the Trustee to obtain or renew a Letter of Credit with a face amount at least equal to the Liabilities less the market value of the other assets of the Trust Fund as at the Liability Valuation Date.

Where the Supplemental Plan is to be fully funded, and the Liabilities as at a Liability Valuation Date exceed the market value of the Supplemental Plan's assets as at such Liability Valuation Date, then the Company shall contribute the amount by which such Liabilities exceed such value of assets within two (2) months following such Liability

Valuation Date (with 50% of such excess deposited in the Trust Fund and 50% remitted to the Canada Revenue Agency as refundable tax).

9.5 (a) If the Company makes a contribution that is subsequently determined to be an overpayment, then such contribution shall be returned to the Company to the extent of the overpayment.

(b) If at any time the market value of the assets of the Trust Fund (including for greater certainty the face amount of any Letter of Credit held in the Trust Fund) exceeds the greater of the Liabilities and the ongoing liabilities in respect of Secured Benefits that, in the estimation of the Actuary, would exist twenty-four (24) months from the date of such estimate, the Company shall have the right to receive, upon demand for payment made to the Trustee, the payment of all or part of such excess.

(c) In the event of termination of the Supplemental Plan, amounts payable from the Trust Fund shall be limited to expenses and Secured Benefits in respect of Service up to the date of such termination.

(d) For greater certainty, nothing herein shall affect the Company's obligations to provide all benefits under the Supplemental Plan.

ARTICLE 10 – AMENDMENT OR TERMINATION OF SUPPLEMENTAL PLAN OR BASIC PLAN

10.1 The Company expects to continue the Supplemental Plan indefinitely, but nevertheless reserves the right to amend or discontinue the Supplemental Plan, provided that no such action shall adversely affect the aggregate of the benefits which have accrued under the Basic Plan and the Supplemental Plan immediately prior to the time such action is taken, based on:

(a) in the case of benefits payable on a defined contribution basis hereunder, the Member's Registered Company Account and Supplemental Company Account balances as of the date of such amendment or discontinuance; and

(b) in the case of benefits payable on a defined benefit basis hereunder, the Member's Pensionable Service, Highest Plan Earnings and Average Year's Maximum Pensionable Earnings as of the date of such amendment or discontinuance.

10.2 Any amendment to the Supplemental Plan shall be made by the adoption of a resolution of the Board unless the Board's power or authority to amend the Supplemental Plan has been delegated. All such amendments shall be binding upon the Company and upon each Member.

10.3 It is hereby acknowledged that the Supplemental Benefit payable pursuant to this Supplemental Plan is contingent on the continuation of the Basic Plan. In the event that the Basic Plan is discontinued or terminated, and not replaced by a successor pension plan within the meaning of the Pension Benefits Standards Act, 1985 (Canada), the amount of the Supplemental Benefit payable hereunder shall be determined based on the Member's Supplemental Company Account balance, Pensionable Service, Highest Plan Earnings and Average Year's Maximum Pensionable Earnings, as applicable, as at the date of such discontinuance or termination, unless otherwise determined by the Company. Notwithstanding the foregoing, the discontinuance or termination of the Basic Plan shall not adversely affect the aggregate of the benefits which have accrued

to the Member under the Basic Plan and the Supplemental Plan immediately prior to the time such action is taken.

10.4 If the Basic Plan is amended so that references thereto contained in the Supplemental Plan are no longer applicable, the Supplemental Plan shall be deemed to be amended accordingly. No such amendment will be considered to adversely affect any right with respect to benefits which have accrued in aggregate under the Basic Plan and the Supplemental Plan immediately prior to the time such action is taken.

10.5 If, after satisfactory provision for all Supplemental Plan Secured Benefits and expenses has been made following the full termination of the Supplemental Plan, surplus assets remain in the Trust Fund (which for greater certainty includes all applicable refundable taxes received or receivable by the Trust Fund) such surplus assets shall revert to the Company.

10.6 In the event that the Trust Fund is insufficient to make in full the payments required after all refundable tax payable to the Trust Fund is received by the Trustee, the Trustee shall, after provision for the payment of expenses, reduce the payments to Members, their Spouses or beneficiaries in proportion to the insufficiency, as determined by the Actuary, and provided that, in each case, the Trustee may provide for some benefits or partial benefits prior to the receipt of the refundable tax and the remaining benefits after the refundable tax is received.

10.7 Where an Event of Default occurs which results in a draw by the Trustee on the full amount of the Letter of Credit and the Company does not make arrangements enabling the Trustee to renew or replace the Letter of Credit in accordance with the Trust Agreement, the benefit accruals under the Supplemental Plan shall cease as of the date of the Event of Default.

In such event, solely for purposes of the calculation of benefits payable under the Supplemental Plan,

(a) the Supplemental Plan and the Basic Plan shall be deemed to be terminated as of the date of the Event of Default; and

(b) all Members shall be deemed to have terminated or retired, as the case may be, as of the date of the Event of Default.

Following the Event of Default, a Member (other than a U.S. Member), Former Member, or Pensioner (or his or her Spouse or Post-Retirement Spouse), as the case may be, may elect to receive a lump sum payment determined in accordance with Appendix A.7 in lieu of the retirement income, determined in accordance with Appendix A, otherwise payable, if any.

10.8 Where, following an Event of Default, a Representative Participant has been appointed in accordance with the Trust Agreement, the Representative Participant shall carry out such duties and responsibilities as set out in the Trust Agreement.

10.9 Where new amendments to the Supplemental Plan's benefit provisions that increase the Supplemental Plan's liabilities are adopted after a Liability Valuation Date, and such amendments are not reflected in the Actuary's computation of the Liabilities as at such date, such amended benefits will not be secured by either the Letter of Credit or any assets of the Trust Fund until three (3) months following the subsequent Liability Valuation Date, unless the Actuary prepares a report reflecting such amendments and the face amount of the Letter of Credit is amended to reflect the associated increase in Liabilities or, if the Supplemental Plan is being fully funded, the Company contributes an amount equal to the increase in Liabilities (with 50% of such amount deposited in the Trust Fund and 50% remitted to the Canada Revenue Agency as refundable tax).

ARTICLE 11 – ADMINISTRATION

11.1 The Company shall administer this Supplemental Plan and shall adopt such rules as it may deem necessary for its proper administration.

The Company shall have the powers necessary to carry out the administration of the Supplemental Plan, including, but not restricted to, the power:

(a) to determine all disbursements payable under the Supplemental Plan; and

(b) to resolve questions involving the interpretation and application of the provisions of the Supplemental Plan.

The Company's decision in all matters involving the interpretation and application of such rules shall be final, conclusive and binding.

11.2 The Pension Committee shall oversee the operation and administration of the Supplemental Plan and shall be responsible for the investment and/or securitization policies pertaining to, and the management of, the Trust Fund.

11.3 Any reference in the Supplemental Plan to any action to be taken, any consent, approval or opinion to be given, or any discretion or decision to be exercised or made by the Company, shall refer to Canadian Pacific Railway Company, acting through the Board or any other person or persons from time to time authorized by the Board for purposes of the Supplemental Plan. A written explanation of any subsequent amendments to the Supplemental Plan shall be provided to each Member, or

other person entitled to a payment under the Supplemental Plan, who is or will be affected by the amendments.

11.5 Neither the Company nor any employee, officer or director thereof shall be liable to any person whatsoever for anything done or omitted to be done in respect of the administration of the Supplemental Plan, except where the act or omission was fraudulent or in bad faith on the part of the person against whom a claim is made.

11.6 The Company shall indemnify and save harmless any employee, officer or director of the Company from personal liability in respect of their respective acts or omissions in administering the Supplemental Plan, except where the act or omission was fraudulent or in bad faith on the part of the employee, officer or director.

11.7 Whenever the records of the Company are used for the purposes of the Supplemental Plan, such records shall be conclusive of the facts with which they are concerned.

11.8 Notwithstanding any other provision of the Supplemental Plan, no amount shall be payable to or in respect of a Member until the Member, Spouse or Designated Beneficiary, as applicable, has provided the Company with all information reasonably required to calculate and pay any amounts due under the Supplemental Plan and the Basic Plan.

11.9 If there is a dispute as to whether a person is a Spouse or other person entitled to payments hereunder, or where two or more persons make adverse claims in respect of a benefit, or where a person makes a claim that is inconsistent with information provided by the Member, the Company may obtain court directions and neither the Company nor the Supplemental Plan shall be held liable for any delays in payment of benefits hereunder as a result of any such dispute.

11.10 Where the Company is satisfied, on the basis of medical evidence, that a person entitled to receive any pension or lump sum under this Supplemental Plan is physically or mentally incompetent to receive it and there is no

guardian, curator, committee or other representative legally responsible for the estate of such person, the Company may make payment in trust for such person to such other person, group of persons or agency as, in the opinion of the Company, is best qualified to receive and administer the payment.

11.11 In the event that the Company pays an amount to or in respect of a Member in excess of the amount payable under the Supplemental Plan, the amount of the overpayment shall be repaid by the recipient forthwith upon demand for repayment by the Company. Alternatively, the Company may, in its sole discretion, reduce future amounts payable hereunder in respect of the Member in a manner as determined by the Company, on an Actuarial Equivalent basis.

11.12 (a) Each Member and each Spouse shall be given annually a written statement showing the pension benefit to which the Member is entitled at the end of the year.

(b) Each Member and Spouse may, once in each year of operation of the Supplemental Plan, either personally or by an agent authorized in writing for that purpose,

(i) examine the Supplemental Plan rules, the reports of the Actuary, the Trust Agreement, and the statement of investment policies at the head office of the Company or at such other place as is agreed to by the Company and the person requesting to examine the documents, and

(ii) order, in writing, a photocopy of any such documents and the Company shall comply with such order upon payment of such reasonable fee as the Company may fix.

(c) Where a Member retires or ceases to be a Member, the Company shall give to that Member and to the Spouse or Post-Retirement Spouse (and, in the case of the Member's death, to the Member's estate) a written statement of the Member's pension benefits and other benefits payable under the Supplemental Plan, within thirty (30) days after the

may be.

Retirement Date or the Date of Cessation of Membership, as the case

ARTICLE 12 – GENERAL CONDITIONS

12.1 The adoption and maintenance of this Supplemental Plan shall not be deemed to constitute a contract of employment between the Company and any Member. Nothing contained herein shall be deemed to give to any Member the right to be retained in the service of the Company or to interfere with the right of the Company to terminate the employment of such Member at any time without regard to the effect such treatment might have under the Supplemental Plan upon such Member.

12.2 Notwithstanding Appendix A and the form and manner in which benefits are paid to such person under the Basic Plan, the Company may, in its discretion, require the Member, Spouse or Designated Beneficiary entitled to receive benefits in accordance with Appendix A, as applicable, to receive any Supplemental Benefit payable under Appendix A in a lump sum, in instalments or as a retirement income in the form and manner determined by the Company, in full satisfaction of all rights of the Member, Spouse or Designated Beneficiary under the Supplemental Plan. Such lump sum or retirement income shall be the Actuarial Equivalent of the Supplemental Benefit otherwise payable under Appendix A, where applicable.

12.3 (a) All benefits to which a person is, or may become, entitled pursuant to this Supplemental Plan are for the support and maintenance of such person and may not in any manner, in whole or in part, be assigned, alienated, sold, transferred, pledged, hypothecated, encumbered or charged and, except as otherwise required by law, shall not be subject to attachment or otherwise by, or on behalf of, the creditors of such person.

(b) Notwithstanding Section 12.03(a), pursuant to a lawful decree, order or judgment of a competent tribunal, a benefit payable under this Supplemental Plan may be subject to execution, seizure or attachment in satisfaction of an order for support or maintenance or may be assigned, pledged, charged, encumbered or alienated to satisfy a division of matrimonial property.

12.4 (a) Supplemental Benefits under this Supplemental Plan shall on divorce, annulment or separation be subject to applicable provincial property law.

(b) A Member or Former Member may, by written agreement, assign, effective as of divorce, annulment or separation, all or part of that Member's or Former Member's pension benefit, pension benefit credit or other benefit under the Supplemental Plan to the Member's or Former Member's former Spouse. In the event of such an assignment, the former Spouse shall, in respect of the assigned portion of the Supplemental Benefit, be deemed

(i) to have been a Member, and

(ii) to have ceased to be a Member as of the effective date of the assignment,

but a subsequent spouse of the former Spouse is not entitled to any Supplemental Benefit in respect of that assigned portion.

(c) All or part of a Member's or Former Member's Supplemental Benefit under the Supplemental Plan may be assigned to the Member's or Former Member's former Spouse by court order pursuant to applicable provincial property law.

(d) Where all or part of a Supplemental Benefit of a Member or Former Member is required to be distributed to the Member's or Former Member's former Spouse under a court order or an agreement between the spouses, the Supplemental Benefit may be adjusted so that it becomes payable as two separate pensions, one to the Member or Former Member and the other to the Member's or Former Member's former Spouse, provided that the aggregate of the Actuarial Equivalent lump sum value of the two benefits is not less than the Actuarial Equivalent lump sum value of the benefit.

(e) The aggregate of

(i) the Actuarial Equivalent lump sum value of the Supplemental Benefit paid to a Member or Former Member, and

(ii) the Actuarial Equivalent lump sum value of the Supplemental Benefit paid to the former Spouse of the Member or Former Member

pursuant to this paragraph shall not be greater than the Actuarial Equivalent lump sum value of the Supplemental Benefit, as the case may be, that would have been payable to the Member or Former Member had the divorce, annulment or separation not occurred. The Actuarial Equivalent lump sum value shall be determined in accordance with generally accepted actuarial principles for the computation of transfer values from registered pension plans, including, where applicable, the adjustment described in paragraph A.7.01(b).

12.5 No pension, Supplemental Company Account balance or any other benefit under this Supplemental Plan shall be due or commence to be paid to a Member, Former Member, Spouse or Post-Retirement Spouse before any corresponding pension or other benefit of the Member, Former Member, Spouse or Post-Retirement Spouse under the Basic Plan has become due and commenced to be paid.

12.6 Article and Section headings are convenient references only and shall not be deemed to be a part of the substance of the Supplemental Plan or in any way to enlarge or limit the contents of any Article or Section.

12.7 In the event that any provision of this Supplemental Plan shall be illegal or invalid for any reason, said illegality or invalidity shall not affect the remaining parts hereof, but this Supplemental Plan shall be construed and enforced as if such illegal and invalid provision never existed.

12.8 Subject to Article 9, the Member and any person claiming a benefit through him shall have recourse only to the Company for any Supplemental Benefit

payable under this Supplemental Plan. Without restricting the generality of the foregoing, the directors, officers and other employees of the Company shall not be liable to any person for any Supplemental Benefit payable hereunder.

12.9 (a) This Supplemental Plan shall be construed in accordance with the laws of Canada applicable therein, except for those rights and obligations that are solely within the jurisdiction of a province or other competent authority.

(b) All matters in dispute between parties in relation to the Supplemental Plan shall be finally and conclusively resolved by way of arbitration before an arbitration panel. The provisions of the Arbitration Act (Alberta) and the rules and regulations thereof, where not inconsistent herewith, shall apply. The arbitration panel shall consist of a single arbitrator if the parties agree upon one. If the parties do not agree, the arbitration panel shall consist of three arbitrators, one to be appointed by each party and a third to be chosen by the first two named. The decision of the arbitration panel shall be binding upon the parties and their respective successors and assigns. The arbitration panel may award costs in respect of an arbitration in its sole discretion. All decisions of the arbitration panel shall be final and shall not be subject to appeal.

12.10 All amounts payable under this Supplemental Plan shall be construed as being expressed in the lawful currency of Canada.

12.11 All amounts payable under this Supplemental Plan shall be subject to deductions at source for income taxes or other assessments as may be required by law.

12.12 This Supplemental Plan shall enure to the benefit of and be binding upon the Company and its successors and assigns, the Members and their respective heirs, executors, administrators and assigns.

(d) The aggregate of

(i) the actuarial present value of the pension benefit or other benefit paid to a U.S. Member, and

(ii) the actuarial present value of the pension benefit or other benefit paid to the spouse of the U.S. Member pursuant to this paragraph shall not be greater than the actuarial present value of the pension benefit or other benefit, as the case may be, that would have been payable to the U.S. Member had the divorce, annulment or separation not occurred. (a) Life Annuity with a Guaranteed Period

A U.S. Member who does not have a Spouse at his or her Retirement Date may elect a reduced amount of lifetime pension with a guaranteed term of either 120 or 180 months. (c) An election to receive an optional form of retirement pension under this section may be revoked or changed, provided either:

(i) written notice of such revocation or change is received from the U.S. Member by the Company at least 30 days prior to payment of the first instalment of the pension benefit; or

(ii) the Spouse under a surviving spouse option has died prior to payment of the first instalment of the pension benefit to the U.S. Member.

B.2.4 In accordance with procedures prescribed by the Company and the transition rule set forth in IRS Notice 2005-1, Q&A-19(c), and extended in the preamble to regulations

proposed under Section 409A of the U.S. Code, IRS Notice 2006-79 and IRS Notice 2007-86, which permits Members in deferred compensation plans to change the date on which deferred compensation is payable, each person who is a U.S. Member as of December 31, 2008 shall be permitted to make an election prior to December 31, 2008 to receive his or her pension benefit at the time and in the manner elected by such U.S. Member in accordance with this paragraph:

(d) Members who, upon the occurrence of a Change in Control, have not attained age fifty-five (55) and who are subsequently involuntarily terminated without cause as a consequence of the Change in Control and prior to attainment of age fifty-five (55) shall be entitled to the pension described in subparagraph B.3.01(c) without the need for the exercise of discretion by the President of the Company.

The Company shall not provide any other health and welfare benefits including, without limitation, life insurance or any form of short-term or long-term disability benefits. The Executive will waive his eligibility for all Canadian Pacific US management employee benefits including but not limited to the Health Care Plan for Management Employees, the Canadian Pacific Railway Savings Plan for US Management Employees and the Salaried Retirement Income.

b. The Company agrees to pay the Executive a tax equalization amount representing incremental income tax, if any, as a result of working for the Company in Canada with respect to taxable income specified herein, the overall intent being that the Executive shall, on an after-tax basis, receive the same amount that he would have received had the Executive earned such income entirely in Florida. The income used to calculate the payment will be the Annual Salary, Initial Option Grant, Initial DSU Grant and all employment benefits which are taxable, (collectively, the "**Remuneration**").

c. The parties will determine, for any particular calendar year, (i) the notional amount of U.S. federal and Florida income tax payable by the Executive in respect of the Remuneration, on the assumption that the Executive is not subject to any Canadian taxes for the year ("**U.S. Notional Taxes**"), and (ii) the actual aggregate Canadian federal and Alberta income taxes and U.S. federal and Florida income taxes imposed on the Executive for the year in respect of the Remuneration, inclusive of any applicable foreign tax credits or deductions which the Executive may claim ("**Canada/U.S. Taxes**"). To the extent that the amount of Canada/U.S. Taxes payable exceeds the U.S. Notional Taxes, the Company will pay the Executive the difference as soon as reasonably practicable following such determination.

d. All determinations required to be made under this Section 2(k) shall be made in the first instance by an internationally recognized accounting firm

appointed by the Company and reasonably acceptable to the Executive. All fees and expenses of the tax accounting firm shall be borne solely by the Company.

e. If the Company is required by law to deduct any amount of income taxes in respect of the payment of the tax equalization amount to the Executive, such amount shall be increased as necessary so that after making all the required deductions, the Executive receives an amount equal to the sum he would have received had no such deductions been made, on an after-tax basis.

f. The Executive will be responsible for compliance with all applicable tax laws and regulations and for the payment of all income taxes, property taxes, customs duties, fees, licenses and other taxes imposed on the Executive by any taxation authority in Canada, the U.S. or elsewhere. Further, interest and penalties that are the result of the Executive failing to file Canadian or U.S. income taxes on a timely or correct basis shall be for the account of the Executive.

g. The Executive agrees to cooperate in good faith with the Company, but at its sole expense, to avoid (to the extent reasonably practicable, through tax structuring or otherwise) incurring any taxes, or associated interest or penalties, that would give rise to a right to a tax equalization payment.

3. **Expenses.** The Company shall promptly reimburse the Executive for his actual out-of-pocket expenses incurred in carrying out his duties hereunder in the conduct of the Company's business, which expenses shall be limited to ordinary and customary items and which shall be supported by vouchers, receipts or similar documentation submitted in accordance with the Company's expense reimbursement policy and as required by law.

4. **Vacations and Leave.** The Executive shall be entitled to up to five (5) weeks of annual paid vacation per year, and any additional other leave time as is provided for under the Company's personnel policies applicable to executives of the Company. The Company encourages the taking of vacation time during the year in which the vacation time is earned. At the end of any calendar year unused vacation days will be forfeited.

5. **Non-Disclosure of Confidential Information.**

(a) The Executive acknowledges that, as a result of his employment by the Company, he has and will be making use of, acquiring, and/or adding to the Company's Confidential Information (as defined below). Except as required in the performance of the Executive's duties under this Agreement or except in those instances in which the Executive reasonably determines, in good faith, that use or disclosure of Confidential Information is in the best interests of the Company, the Executive will not use or disclose to third parties, directly or indirectly, any Confidential Information, either during his employment or anytime following cessation of his employment. Notwithstanding the foregoing, the Executive will be permitted to disclose any Confidential Information to the extent required by validly issued legal process or court order.

(b) As used herein, "**Confidential Information**" means all confidential and proprietary information of the Company, including any business plan, compilation, list, program, device, formula, pattern, method, technique or process, that: (i) derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means, by other persons who can obtain economic value from its disclosure or use; (ii) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy; and (iii) is owned by the Company. For purposes of this Agreement, "Confidential Information" includes both information disclosed to the Executive by the Company and information developed by the Executive in the course of his employment with the Company. The types and categories of information which the Company considers to be its Confidential Information include but are not limited to information concerning the Company's management, financial condition, financial operations, employee lists, customer lists (including potential customers and prospects), pricing information, sales activities, marketing activities, sales and marketing strategies and business plans.

The parties agree that as used herein, "Confidential Information" shall not include the following: (i) information that at the time of disclosure is in the public domain; or (ii) information that, after disclosure, becomes part of the public domain by publication or otherwise through no fault of the Executive.

(c) The Company may also advise the Executive from time to time as to restrictions upon the use or disclosure of specified information that has been licensed or otherwise disclosed to the Company by third parties pursuant to license or confidential disclosure agreements that contain restrictions upon the use or disclosure of such information. The Executive agrees to abide by the restrictions upon use and/or disclosure contained in such agreements to the extent such restrictions do not conflict with this Agreement. In addition, the Executive will not use or disclose to the Company any confidential or proprietary information belonging to others including, but not limited to Canadian National Railway Company ("**CN**"), without the consent of the person to whom such information belongs.

6. **Property of the Company/Assignment of Developments.** All documents, encoded media, and other tangible items provided to the Executive by the Company, or prepared, generated or created by the Executive or others in the performance of the Executive's duties under this Agreement are the property of the Company. Upon cessation of the Executive's employment with the Company, the Executive will promptly deliver to the Company all such documents, media and other items in his possession, including all complete or partial copies, recordings, abstracts, notes or reproductions of any kind made from or about such documents, media, items or information contained therein. The Executive will neither have nor claim any right, title or interest in any trademark, service mark or trade name owned or used by the Company.

7. **Non-solicitation of Clients/Covenants Against Competition.**

(a) The Executive acknowledges that by reason of his employment the services he renders to the Company are of a special or unusual character with a unique value to the Company, the loss of which the Company believes cannot adequately be compensated by damages in an action at law. In view of the Confidential Information known or to be obtained by, or disclosed to the Executive, as set forth above, and as a material inducement to the Company to enter into this Agreement, the Executive covenants and agrees during his employment with the Company and during the Covenant Period (as defined below), the Executive will not, except as otherwise authorized by this Agreement, directly or indirectly, anywhere in North America, own, manage, engage in, operate, control, work for, consult with, render services for, do business with, maintain any interest in (proprietary, financial or otherwise) or participate in the ownership,

management, operation or control of, any business, whether in corporate, proprietorship or partnership form or otherwise, engaged in the business of a Class 1 Railroad (the "**Restricted Business**") including but not limited to CN, provided, however, that the restrictions contained in this Agreement shall not restrict the acquisition by the Executive, directly or indirectly, of less than 2% of the outstanding capital stock of any publicly traded company engaged in a Restricted Business or the acquisition of an interest in any company which purchases an interest in any entity in the Company.

As used herein, the "**Covenant Period**" shall mean the period of the Executive's employment with the Company and twenty four (24) months following the termination of the Executive's employment, regardless of the reason for termination.

(b) The Executive further covenants and agrees that during the Covenant Period, the Executive shall not, directly or indirectly: (i) cause, solicit, induce or encourage any employee of the Company to leave such employment or hire, employ or otherwise engage any such individual; or (ii) cause, induce or encourage any material actual or prospective client, customer, supplier or licensor of the Company (including any existing or former customer of the Company and any person or entity that becomes a client or customer of the Company after termination of the Executive's employment) or any other person or entity who has a material business relationship with the Company, to terminate or modify any such actual or prospective relationship. As used in this Agreement, a "**former customer**" is a person or entity which has been a customer of the Company within the immediately preceding twenty four (24) month period from the date of solicitation, and a "**prospective client or customer**" is a person or entity to which the Company has submitted a proposal in writing to perform services within the immediately preceding twenty four (24) month period from the date of solicitation. For purposes of this Section 7(b), general newspaper and other media advertisements shall not be considered solicitation of Company employees.

(c) In the event that the Executive resigns during the Term of this Agreement and is in violation of either Section 7(a) or 7(b), the Executive must repay to the Company the amounts previously paid for the Executive's benefit, as such amounts are more fully set out in the Indemnity Transfer Agreement which is to be executed. The Executive further agrees that for the 2 year period following the termination of this Agreement he will not contravene Section 7(a) of this Agreement in respect to CN. In the event of his

resignation, the 2 year non-solicitation period referred to in Section 7(b)will be extended to a 5 year period.

(d) In the event that the Executive, during the Term of this Agreement, is terminated without Cause or by the Executive for Good Reason (the "**Termination**") he shall be entitled to seek employment or provide consulting services to a Class 1 Railroad in North America, except in the case of CN in which case, the Executive agrees as of the date of the Termination, to (i) refrain from working for CN for a 2 year period; (ii) agree to extend the Covenant Period in respect to non-solicitation for 5 years; and (iii) shall repay to the Company the amounts previously paid for the Executive's benefit, as such amounts are more fully set out in the Indemnity Transfer Agreement which is to be executed, if he works for CN within 2 years of the Termination.

8. **Term, Termination and Effects of Termination.**

(a) This Agreement shall become legally binding and effective immediately upon the Effective Date and this Agreement and the Executive's employment shall continue for four (4) years, unless earlier terminated as provided herein. The word "**Term**" shall refer to the period of the Executive's employment under this Agreement.

(b) The employment of the Executive and this Agreement may be terminated as follows:

(i) Death. By the Company upon the death of the Executive. In the event of a termination of the Executive's employment due to the death of the Executive, the Company shall pay first to the Executive's surviving spouse, if applicable, or second to the person designated in writing to the Company by the Executive, or third, to the Executive's estate or legal representative, in a lump-sum within thirty (30) days of the date of death, (A) any accrued but unpaid prorata Annual Salary, provided for in Section 2(a) above, (B) any accrued but unpaid expenses required to be reimbursed under Section 3 above, (C) any unused vacation under Section 4 above as of the date of death, (D) any vested stock options granted on June 26, 2012 (provided such options are exercised in accordance with the terms of the option agreement governing the same), and all DSUs, whether vested or unvested, shall be redeemable one year after the Executive's death, and (E) any other amounts owing, but still unpaid, to the Executive.

(ii) Disability. For the purpose of this Agreement, "**Disability**" means a mental or physical disability whereby the Executive:

(A) is unable, due to illness, disease, mental or physical disability or similar cause, to fulfill his obligations as an executive of the Company for any consecutive six (6) month period, or for any period of eight (8) or more months (whether consecutive or not) in any consecutive twelve (12) month period; or

(B) is declared by a Court of competent jurisdiction to be mentally incompetent or incapable of managing his affairs; and

(C) the disability cannot be accommodated by the Company without causing undue hardship to the Company.

In the event of the Executive's Disability, the Company may terminate this Agreement and the Executive's employment by providing thirty (30) days prior written notice to the Executive. Upon termination of the Executive's employment due to Disability, the Company shall have no further obligation to the Executive, with the exception that the Executive shall continue to be entitled to (A) any accrued but unpaid prorata Annual Salary provided for in Section 2(a) above for services rendered through the date of termination, (B) any accrued but unpaid expenses required to be reimbursed under Section 3 above, (C) any unused vacation under Section 4 above as of the date of termination, (D) any vested stock options granted on June 26, 2012 (provided such options are exercised in accordance with the terms of the option agreement governing the same), and all DSU's, whether vested or unvested, shall be redeemable one year after the Executive's death, and (E) any other amounts owing, but still unpaid, to the Executive.

(iii) **By the Executive with Good Reason.** By the Executive, with "Good Reason", at any time upon written notice to the Company (following any applicable notice and failure to cure). For purposes of this Agreement, "**Good Reason**" means: (A) the Company's uncured breach of its obligations under any material term or provision of this Agreement; or (B) the relocation of the office in which the Executive is based (set forth in Section 1 above) to a location more

than twenty-five (25) miles from such location. In the event that the Executive believes that Good Reason, as defined above, exists for him to terminate this Agreement and his employment with the Company and if he intends to so resign, then he shall give written notice of such intent, which notice shall set forth in detail the reasons that the Executive believes Good Reason exists; provided that, if the Good Reason involves the failure of the Company to pay the Executive compensation, no notice period shall be required and no opportunity to cure shall be offered to the Company as a condition precedent to termination. Otherwise, the Company shall have thirty (30) days to cure the Good Reason stated in the notice.

In the event of a termination of the Executive's employment by him with Good Reason, the Company shall pay to the Executive in a lump sum, within 30 days: (A) a retiring allowance in the amount of $2,000,000 USD less amounts required by law to be withheld (B) any accrued but unpaid prorata Annual Salary provided for in Section 2(a) above for services rendered through the date of termination, (C) any accrued but unpaid expenses required to be reimbursed under Section 3 above, (D) any unused vacation under Section 4 above as of the date of termination, (E) any other amounts owing, but still unpaid, to the Executive, and (F) any vested stock options granted on June 26, 2012 (provided such options are exercised in accordance with the terms of the option agreement governing the same), and all DSU's, whether vested or unvested, shall be redeemable one year after termination. Unvested awards under the stock option plan shall be forfeited.

(iv) **Voluntarily by the Executive without Good Reason.** By the Executive upon thirty (30) days advance written notice to the Company, for any reason other than "Good Reason." In the event of a termination of this Agreement and the Executive's employment by him without Good Reason, the Company shall pay to the Executive, in a lump-sum within thirty (30) days of the date of termination, (A) any accrued but unpaid prorata Annual Salary provided for in Section 2(a) above for services rendered through the date of termination, (B) any accrued but unpaid expenses required to be reimbursed under Section 3 above, and (C) any unused vacation under Section 4 above as of the date of termination, and (D) any other amounts owing, but still unpaid, to the Executive.

The Executive will not be entitled to any unvested stock options granted on June 26, 2012 or other bonus or portion thereof for the year in which such termination occurs, but the Executive will be entitled to any vested stock options granted on June 26, 2012, exercisable in accordance with the terms of the option agreement governing the same, and all DSU's, whether vested or unvested, shall be redeemable one year after termination.

(v) **By the Company for Cause.** By the Company for Cause immediately upon written notice to the Executive. For purposes of this Agreement, "**Cause**" means any one of the following: (A) the commission by the Executive of any willful act of dishonesty, misappropriation, embezzlement or fraud against the Company or in the course of, related to or connected with the business of the Company; (B) a material breach by the Executive of any of his obligations under this Agreement, which breach remains uncured for a period of thirty (30) days after written notice to the Executive setting forth in detail the particulars of the breach; or (C) any act or omission which constitutes "just cause" at common law for summary termination of the Executive's employment.

In the event of a termination of the Executive's employment by the Company for Cause, the Company shall pay to the Executive, in a lump-sum within thirty (30) days of the date of termination, (A) any accrued but unpaid prorata Annual Salary provided for in Section 2(a) above for services rendered through the date of termination, and (B) any accrued but unpaid expenses required to be reimbursed under Section 3 above, and (C) any unused vacation under Section 4 above as of the date of termination. The Company may offset from the amounts due to the Executive under this Section 8(b)(v) all sums, if any, due from the Executive to the Company, for which the Employee has previously agreed. The Executive will not be entitled to exercise any stock options granted on June 26, 2012 (whether vested or not), or other bonus or portion thereof for the year in which such termination occurs or any other amounts owing but still unpaid, to the Executive, except that all vested DSU's, shall be redeemable one year after termination.

(vi) **By the Company without Cause.** By the Company upon thirty (30) days advance written notice to the Executive, for any reason other than Cause.

In the event of a termination of the Executive's employment by the Company without Cause, the Company shall pay to the Executive, in a lump-sum within thirty (30) days of the date of termination, (A) retiring allowance in the amount of $2,000,000 USD, less amounts required by law to be withheld, (B) any accrued but unpaid prorata Annual Salary provided for in Section 2(a) above for services rendered through the date of termination, (C) any accrued but unpaid expenses required to be reimbursed under Section 3 above, (D) any unused vacation under Section 4 above as of the date of termination, (E) any other amounts owing, but still unpaid, to the Executive, and (F) any stock options granted on June 26, 2012 (provided such options are exercised in accordance with the terms of the option agreement governing the same), and all DSUs, whether vested or unvested, shall be redeemable one year after termination. Unvested stock options granted on June 26, 2012 shall be forfeited.

(vii) Change of Control. A "**Change of Control**" for the purposes of this Agreement shall mean the transfer or acquisition to or by a person (other than an entity in the Company, or a transfer between a shareholder of the Company and such shareholder's estate planning trust or entity) of twenty (20%) percent or more of the voting shares of the Company. If the Executive's employment is terminated pursuant to Section 8(iii) or 8(vi) within 12 months of the Change in Control taking place, the Executive shall be entitled to the payments pursuant to Section 8(b)(vi) above, except that instead of the $2 million payment the Executive will receive a lump sum payment equivalent to 24 months Annual Salary or, if there is less than two years remaining in the Term, a lump sum payment equivalent to Annual Salary for the period remaining until the end of the Term.

The Executive acknowledges that the payments provided pursuant to this Agreement supersede and replace any and all rights to reasonable notice of termination that the Executive might otherwise be entitled to at common law, and the Executive expressly waives any rights to such notice. The Executive agrees that the payments are deemed conclusively to be reasonable notice of termination and specifically include all amounts owed for termination and/or severance pay arising under any contract, statute, common law or otherwise.

9. **Resignation From All Positions Upon Termination and Release.** The Executive hereby agrees that he shall resign from all other positions held by him with the Company and any entity in the Company, including without limitation any position as a director, officer, agent, trustee or consultant unless otherwise agreed with the Company, effective on the date when the Executive's employment with the Company terminates. In addition, and in exchange for any severance payment paid to the Executive pursuant to Sections 8(b)(iii),(vi) and (vii), above, the Executive shall sign a full and final release of the Company in a form satisfactory to the Company, acting reasonably, which release shall not impose any post-employment obligations on the Executive beyond those set forth in this Agreement.

10. **Post-Termination Cooperation.** The Executive shall, for a period of two years following the termination of the Executive's employment for any reason (including but not limited to retirement or the end of the Term), cooperate with the Company's reasonable requests relating to (A) matters that pertain to the Executive's employment with the Company and the transition of duties to the Executive's successor; and (B) any legal proceedings involving the Company or any of its affiliates.

11. **Indemnification.** The Company shall indemnify the Executive, and hold him harmless, to the maximum extent permitted under law, if he is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the Company, by reason of the fact that the Executive is or was a director, officer, employee or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against all expenses, including attorneys' fees, judgments, fines and amounts paid in settlement. To the extent permitted by applicable law, this Indemnity includes the obligation of the Company to pay for and provide defense legal counsel for the Executive and to pay the costs of the defense as the same are incurred. The Company may, but is not required to, procure directors' and officers' liability insurance to cover any such indemnification obligation. In the event the Company is indemnifying the Executive under this Agreement, the Company may select and engage the legal counsel representing the Executive.

12. **Waiver.** A party's failure to insist on compliance or enforcement of any provision of this Agreement shall not affect the validity or enforceability or constitute a waiver of future

enforcement of that provision or of any other provision of this Agreement by that party or any other party.

13. **Governing Law; Costs and Remedies.** This Agreement shall in all respects be subject to, and governed by, the laws of the Province of Alberta without giving effect to its conflict of laws principles. In addition to any remedies that may be available at law or in equity as a result of a breach of this Agreement, in the event of a breach or threatened breach by the Executive of any of the covenants in Sections 5, 6 or 7 above, the Company shall have the right to seek monetary damages and equitable relief, including, without limitation, specific performance by means of an injunction against the Executive to prevent or restrain any such breach.

14. **Severability.** If for any reason any Section, term or provision of this Agreement is held to be invalid or unenforceable for any reason, such invalidity or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed and enforced as if such provision had not been included herein and all other valid provisions herein shall remain in full force and effect. In the event that any provision of Section 7 above relating to the time period and/or the areas of restriction and/or related aspects shall be declared by a court of competent jurisdiction to exceed the maximum restrictiveness such court deems reasonable and enforceable, the time period and/or areas of restriction and/or related aspects deemed reasonable and enforceable by the court shall become and thereafter be the maximum restriction in such regard, and the restriction shall remain enforceable to the fullest extent deemed reasonable by such court.

15. **Notice.** Any and all notices and other communications required or permitted herein shall be in writing and deemed delivered if delivered personally, or sent by recognized overnight courier or registered or certified mail to the Company at its principal place of business, or to the Executive at the address hereinafter set forth following the Executive's signature, or at such other address or addresses as either party may hereafter designate in writing to the other, except that such notice of change of address will only be effective upon receipt.

16. **Amendments.** This Agreement may be amended at any time by mutual consent of the parties hereto, with any such amendment to be invalid unless in writing, signed by the Company and the Executive.

17. **Entire Agreement.** This Agreement contains the entire agreement and understanding between the Executive and the Company with respect to the employment of the Executive with

the Company. The parties agree that no prior representations, promises, agreements, or understandings, written or oral, with respect to such employment not contained in this Agreement shall be of any force or effect.

18. **Continuing Terms.** The Company and the Executive agree that in the event of cessation of the Executive's employment, and regardless of the reason for such cessation, the Executive shall continue to owe the Company fiduciary obligations and the provisions of Sections 5, 6, 7, and 9 through 19 of this Agreement shall continue to be in full force and effect in accordance with their terms.

19. **Burden and Benefit.** This Agreement may not be assigned by either party hereto without the prior written consent of the other party. This Agreement, together with any amendments hereto, shall be binding upon the Company's successors and will inure to the benefit of the Executive's estate, heirs and personal representatives.

20. **Headings.** The various headings in this Agreement are inserted for convenience only and are not part of the Agreement.

21. **Company Clawback Policy.** The Executive agrees to be bound by the Company's Clawback Policy for Executives, as amended from time to time, and to execute a copy of the policy.

22. **Counterpart.** The parties agree to execute this Agreement in counterpart and the separately executed versions shall be construed as one document.

IN WITNESS WHEREOF, the Company and the Executive have duly executed this Agreement intending to be bound by the terms set forth herein.

Exhibit 10.37

AMENDMENT TO EXECUTIVE EMPLOYMENT AGREEMENT

This **AMENDMENT** (this "Amendment") to the Executive Employment Agreement (the "Employment Agreement"), effective as of June 28, 2012, between Canadian Pacific Railway Company (the "Company") and Hunter Harrison (the "Executive"), is dated as of May [5], 2014.

WHEREAS, the Company and the Executive wish to amend the Employment Agreement as provided herein.

NOW, THEREFORE, in consideration of the mutual agreements and understandings set forth herein, the parties hereby agree as follows:

1. Capitalized Terms. Except as defined herein, capitalized terms used herein shall have the meanings ascribed to such terms in the Employment Agreement.

2. Extension of Tem1. Section 8(a) of the Employment Agreement is hereby amended by replacing the phrase "four (4) years" with the phrase "five (5) years".

3. Reduction of LTIP Target Level. The Company and the Executive agree that the annual target value of the long-term incentive awards provided to the Executive, commencing with the Company's 2014 fiscal year, shall be reduced from 350% of Base Salary to 300% of Base Salary.

4. PSUs. The Company and the Executive acknowledge that the Company's long-term incentive plan rules relating to performance share units ("PSUs") have been amended, with respect to grants in respect of the Company's fiscal year 2014 and subsequent years, to permit PSUs to continue to vest through the remainder of the applicable "Performance Period" following a participant's Retirement (as such term is defined in the Company's Performance Share Unit Plan for Eligible Employees (the "PSU Plan")), and that the Executive's PSUs will be accorded the same treatment upon the Executive's Retirement as is available to employees generally in respect of such PSUs under the PSU Plan.

5. Modification of STIP Target Level and Medium of Payment for Fiscal 2014 and Later Years. Section 2(c) of the Employment Agreement is hereby amended in its entirety, effective commencing with the Company's 2014 fiscal year, to read as follows:

> "(c) **Annual Bonus**. The Executive shall be entitled to receive an annual bonus to be based on the Company's profitability and such other factors to be determined annually by the Board, with such bonus to typically range between 0% and 300% of annual base salary, with a target of 150%. The actual level of the Executive's bonus payout will depend on the achievement of key financial, business and personal objectives set by the Board at the beginning of each year. The annual incentive bonus will be paid to the Executive in cash in the fiscal year immediately following the fiscal year to which it relates and at the same time as bonuses are paid to senior executives of the Company generally. For the avoidance of doubt,

the foregoing shall apply to the annual incentive bonus payable in respect of the Company's 2014 fiscal year and all subsequent years, it being understood that the Executive's entry into the Amendment to this Agreement, dated May [5], 2014, is the Executive's timely election with respect to the performance-based compensation payable in respect of the Company's 2014 fiscal year for purposes of Section 409A of the U.S. Internal Revenue Code of 1986, as amended, and the Treasury regulations and other related guidance thereunder **("Section 409A")**."

6. Modification of Exercise Date of 2012 Stand-Alone Option Agreement. Section 2(b) of the Employment Agreement is hereby amended by revising clause (iii) to read as follows:

"(iii) vested options may not generally be exercised until June 28, 2017 (except as otherwise provided in the written option agreement evidencing such grant in the case of certain terminations of employment)."

The Company and the Executive further agree to enter into an amendment (in substantially the form attached hereto as Annex A) to the Stand-Alone Option Agreement, dated as of June 26, 2012, between the Company and the Executive, to reflect the foregoing (i.e., that the stock option evidenced by such agreement shall not generally become exercisable until June 28, 2017, instead of the first anniversary of the Executive's termination of employment with the Company).

7. Clarification of Welfare Benefits Coverages. Notwithstanding anything to the contrary in Section 2(i) of the Employment Agreement, for the avoidance of doubt, the Executive shall be entitled to receive full medical, dental and prescription drug coverage (whether under the Company's plans in Canada or in the United States, in accordance with the terms of such plans as in effect from time to time for employees of the Company generally, or outside such plans as approved by the Company), except to the extent that such coverages may be offset by applicable government-mandated programs or as may be restricted by applicable law.

8. Section 409A. A new Section 12 of the Employment Agreement is hereby added as follows, with the subsequent sections of the Employment Agreement renumbered accordingly:

"12. **Section 409A**

(a) This Agreement is intended to comply with or be exempt from the requirements of Section 409A with respect to amounts, if any, subject thereto and shall be interpreted, construed and performed consistent with such intent in a manner including, but not limited to, the following:

(i) Redemption of DSUs. Notwithstanding anything to the contrary in Sections 2(d), 8(b)(i), 8(b)(ii), 8(b)(iii), 8(b)(iv), 8(b)(v) or 8(b)(vi) of this Agreement or elsewhere and consistent with the terms of the Canadian

Pacific Railway Limited Senior Executive Deferred Share Unit Plan (the **"DSU Plan")**, all DSUs granted to the Executive pursuant to Section 2(d) and all DSUs redeemable by the Executive in the event of a termination of Executive's employment under Section 8(b) of this Agreement shall be redeemable on December 31 of the calendar year following the year in which the Executive terminates employment with the Company.

(ii) Tax Equalization. Any payment made by the Company to the Executive under Section 2(k)(c) of this Agreement shall be made no later than December 31 of the second year after the year in which the Executive files his U.S. federal income tax return for the year to which the payment under Section 2(k)(c) relates.

(iii) Good Reason. Notwithstanding anything to the contrary in Section 8(b)(iii) of this Agreement or elsewhere, no action shall be deemed to constitute Good Reason until such action remains uncured after the expiration of thirty (30) days following the Executive's delivery to the Company of a written notice, setting forth the course of conduct deemed by the Executive to constitute Good Reason, provided that such written notice is delivered to the Company within ninety (90) days after the initial occurrence of the action the Executive believes to constitute Good Reason.

(iv) Expense Reimbursement. Any expense reimbursement paid or payable to the Executive pursuant to Sections 3 or 8(b) of this Agreement shall be made in accordance with the provisions of Section 12(c) below.

(b) To the extent the Executive would otherwise be entitled to any payment that under this Agreement, or any plan or arrangement of the Company or its affiliates, constitutes "deferred compensation" subject to Section 409A, and that if paid during the six months beginning on the date of termination of the Executive's employment would be subject to the Section 409A additional tax because the Executive is a "specified employee" (within the meaning of Section 409A and as determined by the Company), the payment, together with any earnings on it (if applicable pursuant to the terms of such payment), will be paid to the Executive on the earlier of the six-month anniversary of his date of termination or his death (if such payment would otherwise have been payable during such six-month period). Similarly, to the extent the Executive would otherwise be entitled to any benefit (other than a payment) during the six months beginning on the date of termination of the Executive's employment that would be subject to the Section 409A additional tax, the benefit will be delayed and will begin being provided (together, if applicable pursuant to the terms of such benefit, with an adjustment to compensate the Executive for the delay) on the earlier of the six-month anniversary of the Executive' s date of termination or his death or change in control (within the meaning of Section 409A). In addition, any payment or benefit due upon a termination of the Executive's employment that represents "deferred compensation" subject to Section 409A shall be paid or provided to the Executive only upon a

"separation from service" as defined in Treas. Reg. Section 1.409A-1(h). To the extent applicable, each severance payment made under this Agreement shall be deemed to be a separate payment for purposes of Section 409A, and amounts payable under Sections 8(b)(i), S(b)(ii), 8(b)(iii), S(b)(iv), S(b)(v) and 8(b)(vi) of this Agreement (in each case, other than the DSUs) shall be deemed not to be a "deferral of compensation" subject to Section 409A to the extent provided in the exceptions in Treas. Reg. Sections l.409A-l(b)(4) ("short-term deferrals") and (b)(9) ("separation pay plans," including the exception under subparagraph (iii)) and other applicable provisions of Treas. Reg. Section l.409 A-1 through A-6.

(c) Notwithstanding anything to the contrary in this Agreement or elsewhere, any payment or benefit under this Agreement or otherwise that is exempt from Section 409A pursuant to Treas. Reg. Section l.409A-l(b)(9)(v)(A) or (C) shall be paid or provided to the Executive only to the extent that the expenses are not incurred, or the benefits are not provided, beyond the last day of the Executive's second taxable year following the taxable year in which his "separation from service" occurs; and *provided further* that such expenses are reimbursed no later than the last day of the Executive's third taxable year following the taxable year in which his "separation from service" occurs. Except as otherwise expressly provided herein, to the extent any expense reimbursement or the provision of any in-kind benefit under this Agreement is determined to be subject to Section 409A, the amount of any such expenses eligible for reimbursement, or the provision of any in-kind benefit, in one calendar year shall not affect the expenses eligible for reimbursement in any other taxable year (except for any life-time or other aggregate limitation applicable to medical expenses), in no event shall any expenses be reimbursed after the last day of the calendar year following the calendar year in which the Executive incurred such expenses, and in no event shall any right to reimbursement or the provision of any in-kind benefit be subject to liquidation or exchange for another benefit."

9. Continuing Effect of Employment Agreement. Except as expressly modified hereby, the provisions of the Employment Agreement are and shall remain in full force and effect.

10. Governing Law. This Amendment shall in all respects be subject to, and governed by, the laws of the Province of Alberta without giving effect to its conflict of laws principles.

11. Counterparts. This Amendment may be executed in two or more counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument.

WHEREAS, the Executive has been offered and wishes to accept employment with the Company, serving as its President and Chief Operating Officer ("COO"); and

WHEREAS, the Company and the Executive desire, as of the Effective Date, to enter into a written employment agreement and define the terms of the employment relationship;

2. **Compensation.** All amounts expressed in this Agreement are U.S. Dollars unless stated otherwise. If an amount is expressed in Canadian Dollars, it will be converted to USD

immediately prior to payment to the Executive, and payment will be made to the Executive in USO. In consideration of the services to be rendered by the Executive to the Company pursuant to this Agreement, the Executive shall be paid the following compensation and other benefits:

(a) **Salary.** The Company shall pay the Executive an annual base salary of $850,000 USO payable in accordance with the Company's usual payroll practices, or such higher annual base salary as may be established by the Board of Directors of the Company {the "Board") from time to time. The Executive's annual base salary shall be referred to in this Agreement as the **"Annual Salary".** The Annual Salary shall be reviewed annually by the Management Resources and Compensation Committee of the Board and may be increased, but shall not be decreased, without the Executive's consent.

(b) **Short Term Incentive Plan.** The Executive shall be eligible to participate in the Company's Performance Incentive Plan ("STIP") as it may be amended from time to time. At present, the STIP provides the opportunity to earn an annual bonus at a target level of 100% of Annual Salary ("Target Bonus"). The bonus is dependent on corporate performance (75% weighting) and individual performance (25% weighting). Both corporate and individual components currently have a maximum of 200% of target (i.e., for a total of 200% of Annual Salary). The Executive shall fully participate in the STIP for calendar 2013, without pro-rata reduction based on the date he commences employment.

(c) **Long Term Incentive Program ("LTIP"l** The Executive shall be eligible to participate in an LTIP program with an **expected** value of 300% of Annual Salary commencing with the 2013 annual grant, without pro-rata reduction based on the date he commences employment.

(d) **Pension.** The Executive shall participate in the Canadian Pacific US Salaried Retirement Income Plan. In addition, the Executive shall participate in a supplemental executive retirement arrangement {the **"SERP").** The SERP shall provide for a defined contribution of 6 per cent of the Executive's Annual Salary during the term of his employment. All amounts payable under the SERP shall be forfeited if the Executive is in breach of the non-competition or non-solicitation covenants contained in this Agreement.

(e) **Housing.** The Company shall provide reasonable accommodation for the Executive in the City of Calgary in the form of a condominium unit with a monthly cost of approximately $8,000. It is understood that the Executive shall be responsible for applicable income taxes, if any, on this benefit.

(f) **Relocation Expenses / Equity Protection.** If the Executive (in his sole discretion) chooses to relocate his personal residence to Calgary during the term of this Agreement, the Company will reimburse expenses in accordance with its applicable Relocation Policy and will provide equity protection with respect to the sale of the Executive's Illinois residence and purchase of a Calgary residence, in accordance with the Company's applicable Relocation Policy

(g) **Corporate Jet.** The Executive may use the Company's corporate aircraft when available for corporate travel and for limited personal and family use on an otherwise business flight. It is understood that the Executive shall be responsible for applicable income taxes, if any, associated with the benefit of personal and family use.

(h) **Car Allowance.** The Executive shall have a vehicle leased for business and personal use in accordance with the Company's Vehicle Policy. It is understood that the Executive shall be responsible for applicable income taxes on this benefit.

(i) **Club Membership.** The Company shall pay the annual membership dues for one Golf Club membership for the Executive, such membership fees not to exceed
$15,000 per year. It is understood that the Executive shall be responsible for applicable income taxes on this benefit.

(j) **Benefits.** The Executive shall be enrolled in the employee benefit plans made generally available to U.S. based executives of the Company, subject to the terms of said benefit plans, including qualifying provisions and employee contribution requirements.

In addition, the Company shall pay for an executive medical examination once per year.

(k) **Withholdings.** Payments made hereunder shall be made subject to required governmental withholdings.

(l) **Financial Advisory Services.** The Company shall pay for financial counselling services provided to the Executive up to a maximum of $15,000.00 per year.

(m) **Tax Equalization.**

a. The Executive hereby represents that, for the purposes of the Income Tax Act (Canada) and the Canada – United States income tax convention (the **"Treaty"),** the Executive (i) is a resident of the State of Illinois in the United States **("U.S."),** (ii) is not, and is not deemed to be, a resident of Canada, and (iii) is entitled to the benefits of the Treaty.

b. The Company agrees to pay the Executive a tax equalization amount representing incremental income tax, if any, as a result of working for the Company in Canada with respect to taxable income specified herein, the overall intent being that the Executive shall, on an after-tax basis, receive the same amount that he would have received had the Executive earned such income entirely in Illinois. The income used to calculate the payment will be the Annual Salary, STIP, LTIP, termination payments under Section 9, indemnification payments under Section 13, and all employment benefits which are taxable (collectively, the **"Remuneration").**

c. The parties will determine, for any particular calendar year, (i) the notional amount of U.S. federal and Illinois income tax payable by the Executive in respect of the Remuneration, on the assumption that the Executive is not subject to any Canadian taxes for the year **("U.S. Notional Taxes"),** and (ii) the actual aggregate Canadian federal and Alberta income taxes and U.S. federal and Illinois income taxes imposed on the Executive for the year in respect of the Remuneration, inclusive of any applicable foreign tax credits or deductions which the Executive may claim **("Canada/U.S. Taxes").** To the extent that the amount of Canada/U.S. Taxes payable exceeds the U.S. Notional Taxes, the Company will pay the Executive the difference as soon as reasonably practicable following such determination.

d. All determinations required to be made under this Section 2(m} shall be made in the first instance by an internationally recognized accounting firm appointed by the Company and reasonably acceptable to the Executive. All fees

and expenses of the tax accounting firm, including with respect to preparation of tax returns in the U.S. and/or Canada, shall be borne solely by the Company.

e. If the Company is required by law to deduct any amount of income taxes in respect of the payment of the tax equalization amount to the Executive, such amount shall be increased as necessary so that after making all the required deductions, the Executive receives an amount equal to the sum he would have received had no such deductions been made, on an after-tax basis.

f. The Executive will be responsible for compliance with all applicable tax laws and regulations and for the payment of all income taxes, property taxes, customs duties, fees, licenses and other taxes imposed on the Executive by any taxation authority in Canada, the U.S. or elsewhere. Further, interest and penalties that are the result of the Executive failing to file Canadian or U.S. income taxes on a timely or correct basis shall be for the account of the Executive.

g. The Executive agrees to cooperate in good faith with the Company, but at its sole expense, to avoid (to the extent reasonably practicable, through tax structuring or otherwise) incurring any taxes, or associated interest or penalties, that would give rise to a right to a tax equalization payment.

3. **Expenses.** The Company shall promptly reimburse the Executive for his actual out-of-pocket expenses incurred in carrying out his duties hereunder in the conduct of the Company's business, which expenses shall be limited to ordinary and customary items and which shall be supported by vouchers, receipts or similar documentation submitted in accordance with the Company's expense reimbursement policy and as required by law.

4. **Vacations and Leave.** The Executive shall be entitled to five (5) weeks of annual paid vacation per year, and any additional other leave time as is provided for under the Company's personnel policies applicable to executives of the Company. The Company encourages the taking of vacation time during the year in which the vacation time is earned.

5. **Share Ownership.** The Executive shall maintain a minimum level of share ownership set at a multiple of four times (4x) Annual Salary in accordance with the company's share ownership guidelines. Share ownership guidelines can be met through the holding of common shares and deferred share units.

6. **Non-Disclosure of Confidential Information.**

(a) The Executive acknowledges that, as a result of his employment by the Company, he has and will be making use of, acquiring, and/or adding to the Company's Confidential Information (as defined below). Except as required in the performance of the Executive's duties under this Agreement or except in those instances in which the Executive reasonably determines, in good faith, that use or disclosure of Confidential Information is in the best interests of the Company, the Executive will not use or disclose to third parties, directly or indirectly, any Confidential Information, either during his employment or anytime following cessation of his employment. Notwithstanding the foregoing, the Executive will be permitted to disclose any Confidential Information to the extent required by validly issued legal process or court order.

(b) As used herein, **"Confidential Information"** means all confidential and proprietary information of the Company, including, without limitation, any business plan, compilation, list, program, device, formula, pattern, method, technique or process, that: (i) derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means, by other persons who can obtain economic value from its disclosure or use; (ii) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy; and (iii) is owned by the Company. In addition, "Confidential Information" includes, without limitation, both information disclosed to the Executive by the Company and information developed by the Executive in the course of his employment with the Company. The types and categories of information which the Company considers to be its Confidential Information include but are not limited to information concerning the Company's management, financial condition, financial operations, employee lists, customer lists (including potential customers and prospects), pricing information, sales activities, marketing activities, sales and marketing strategies and business plans.

The parties agree that as used herein, "Confidential Information" shall not include the following: (i) information that at the time of disclosure is in the public domain; or (ii) information that, after disclosure, becomes part of the public domain by publication or otherwise through no fault of the Executive.

(c) The Company may also advise the Executive from time to time as to restrictions upon the use or disclosure of specified information that has been licensed or otherwise disclosed to the Company by third parties pursuant to license or confidential disclosure agreements that contain restrictions upon the use or disclosure of such information. The Executive agrees to abide by the restrictions upon use and/or disclosure contained in such agreements to the extent such restrictions do not conflict with this Agreement.

(d) The Company and the Executive agree that it is a term and condition of the Executive's employment that he respect the confidentiality and proprietary interests of his former employer, Canadian National Railway Company and its affiliates ("CN"), and that he not use or disclose any confidential information of CN during his employment with the Company unless and until consent to such use or disclosure is obtained from CN or such information is otherwise in the public domain. The Executive further confirms that he has returned all property of CN, confidential or otherwise, to CN.

7. **Property of the Company/Assignment of Developments.** All documents, encoded media, and other tangible items provided to the Executive by the Company, or prepared, generated or created by the Executive or others in the performance of the Executive's duties under this Agreement are the property of the Company. Upon cessation of the Executive's employment with the Company, the Executive will promptly deliver to the Company all such documents, media and other items in his possession, including all complete or partial copies, recordings, abstracts, notes or reproductions of any kind made from or about such documents, media, items or information contained therein. The Executive will neither have nor claim any right, title or interest in any trademark, copyright, patent, trade secret, service mark or trade name owned or used by the Company.

8. **Non-solicitation of Clients/Covenants Against Competition.**

(a) The Executive acknowledges that by reason of his employment the services he renders to the Company are of a special or unusual character with a unique value to the Company, the loss of which the Company believes cannot adequately be compensated

by damages in an action at law. In view of the Confidential Information known or to be obtained by, or disclosed to the Executive, as set forth above, and as a material inducement to the Company to enter into this Agreement, the Executive covenants and agrees during his employment with the Company and during the Covenant Period (as defined below), the Executive will not, except as otherwise expressly authorized by this Agreement, directly or indirectly, anywhere in North America, own, manage, engage in, operate, control, work for, consult with, render services for, do business with, maintain any interest in (proprietary, financial or otherwise) or participate in the ownership, management, operation or control of, any business, whether in corporate, proprietorship or partnership form or otherwise, engaged in the business of a Class 1 Railroad (the **"Restricted Business")** including but not limited to CN, provided, however, that the restrictions contained in this Agreement shall not restrict the acquisition by the Executive, directly or indirectly, of less than 2% of the outstanding capital stock of any publicly traded company engaged in a Restricted Business.

As used herein, the **"Covenant Period"** shall mean the period of the Executive's employment with the Company and, additionally twenty four (24) months following the termination of the Executive's employment, unless terminated without cause and with a retiring allowance in which case the Covenant Period shall extend for three years following termination.

(b) The Executive further covenants and agrees that during the Covenant Period, the Executive shall not, directly or indirectly: (i) cause, solicit, induce or encourage any employee of the Company to leave such employment or hire, employ or otherwise engage any such individual; or (ii) cause, induce or encourage any material actual or prospective client, customer, supplier or licensor of the Company (including any existing or former customer of the Company and any person or entity that becomes a client or customer of the Company after termination of the Executive's employment) or any other person or entity who has a material business relationship with the Company, to terminate or modify any such actual or prospective relationship. As used in this Agreement, a **"former customer"** is a person or entity which has been a customer of the Company within the immediately preceding twenty four (24) month period from the date of solicitation, and a **"prospective client or customer"** is a person or entity to which the Company has submitted a proposal in writing to perform services within the immediately preceding twenty four (24) month period from the date of solicitation. For purposes of

this Section 8(b), general newspaper and other media advertisements shall not be considered solicitation of Company employees.

9. **Term, Termination and Effects of Termination.**

(a) This Agreement shall become legally binding and effective immediately upon the Effective Date and this Agreement and the Executive's employment shall continue for five (5) years, unless earlier terminated as provided herein. The word **"Term"** shall refer to the period of the Executive's employment under this Agreement.

(b) The employment of the Executive and this Agreement may be terminated as follows:

(i) Death. By the Company upon the death of the Executive. In the event of a termination of the Executive's employment due to the death of the Executive, the Company shall pay first to the Executive's surviving spouse, if applicable, or second to the person designated in writing to the Company by the Executive, or third, to the Executive's estate or legal representative, in a lump-sum within thirty (30) days of the date of death, (A) any accrued but unpaid prorata Annual Salary, provided for in Section 2(a) above, (B) any accrued but unpaid expenses required to be reimbursed under Section 3 above and (C) any unused vacation under Section 4 above as of the date of death. Equity compensation, outstanding at the time of death, shall be addressed in accordance with the terms of the applicable plan terms.

(ii) Disability. For the purpose of this Agreement, **"Disability"** means a mental or physical disability whereby the Executive:

(A) is unable, due to illness, disease, mental or physical disability or similar cause, to fulfill his obligations as an executive of the Company for any consecutive six (6) month period, or for any period of eight (8) or more months (whether consecutive or not) in any consecutive twelve (12) month period; or

(B) is declared by a Court of competent jurisdiction to be mentally incompetent or incapable of managing his affairs; and

(C) the disability cannot be accommodated by the Company without causing undue hardship to the Company.

In the event of the Executive's Disability, and notwithstanding continuing entitlements under applicable disability plans, the Company may terminate this Agreement and the Executive's employment by providing thirty (30) days prior written notice to the Executive. Upon termination of the Executive's employment due to Disability, the Company shall have no further obligation to the Executive, with the exception that the Executive shall continue to be entitled to (A) any accrued but unpaid prorata Annual Salary provided for in Section 2(a) above for services rendered through the date of termination, (B) any accrued but unpaid expenses required to be reimbursed under Section 3 above and (C) any unused vacation under Section 4 above as of the date of termination. Equity compensation, outstanding at the time of termination as a result of Disability, shall be addressed in accordance with the terms of the applicable plan terms.

(iii) **Voluntarily by the Executive.** By the Executive upon thirty (30) days advance written notice to the Company, for any reason. In the event of a termination of this Agreement by the Executive, the Company shall pay to the Executive, in a lump-sum within thirty (30) days of the date of termination,

(A) any accrued but unpaid prorata Annual Salary provided for in Section 2(a) above for services rendered through the date of termination, (B) any accrued but unpaid expenses required to be reimbursed under Section 3 above and (C) any unused vacation under Section 4 above as of the date of termination. Equity compensation, outstanding at the time of such termination, shall be addressed in accordance with the terms of the applicable plan terms except as provided in Section 13 below.

(iv) **By the Company for Cause.** By the Company for Cause immediately upon written notice to the Executive. For purposes of this Agreement, **"Cause"** means any one of the following: (A) the commission by the Executive of any wilful act of dishonesty, misappropriation, embezzlement or fraud against the Company or in the course of, related to or connected with the business of the Company; (B) a material breach by the Executive of any of his obligations under this Agreement, which breach remains uncured for a period of thirty (30) days

after written notice to the Executive setting forth in detail the particulars of the breach; or (C) any act or omission which constitutes "just cause" at common law for summary termination of the Executive's employment.

In the event of the termination of the Executive's employment by the Company for Cause, the Company shall pay to the Executive, in a lump-sum within thirty (30) days of the date of termination, (A} any accrued but unpaid prorata Annual Salary provided for in Section 2(a) above for services rendered through the date of termination, and (B) any accrued but unpaid expenses required to be reimbursed under Section 3 above, and (C) any unused vacation under Section 4 above as of the date of termination. The Company may offset from the amounts due to the Executive under this Section 8(b)(iv) all sums, if any, due from the Executive to the Company. Equity compensation, outstanding at the time of such, shall be addressed in accordance with the terms of the applicable plan terms except as provided in Section 13 below.

(v) **By the Company without Cause or on Expiry of Term.** By the Company upon thirty (30) days advance written notice to the Executive, for any reason other than Cause.

In the event of a termination of the Executive's employment by the Company without Cause (including a constructive dismissal), or in the event the Term expires five years from the Effective Date in circumstances in which the Company is not continuing or offering to continue the employment of the Executive on comparable or improved terms and conditions of employment, compared to those in effect on completion of the Term, the Company shall pay to the Executive, in a lump-sum within thirty (30) days of the date of termination, (A) retiring allowance in the amount of three years Annual Salary and Target Bonus, less amounts required by law to be withheld, (B) any accrued but unpaid prorata Annual Salary provided for in Section 2(a) above for services rendered through the date of termination, (C) any accrued but unpaid expenses required to be reimbursed under Section 3 above, (D) any unused vacation under Section 4 above as of the date of termination. Equity compensation, outstanding at the time of such termination, shall be addressed in accordance with the terms of the applicable plan terms.

iv) Notwithstanding the foregoing, if the Executive's employment is terminated without cause (including constructive dismissal) with more than three years remaining in the Term, a lump sum payment equivalent to Annual Salary and Target Bonus for the period remaining until the end of the Term shall be paid rather than the sum payable pursuant to Section 9(b)(v)A above.

The Executive acknowledges that the payments provided pursuant to this Agreement supersede and replace any and all rights to reasonable notice of termination that the Executive might otherwise be entitled to at common law, and the Executive expressly waives any rights to such notice. The Executive agrees that the payments are deemed conclusively to be reasonable notice of termination and specifically include all amounts owed for termination and/or severance pay arising under any contract, statute, common law or otherwise.

10. **Resignation From All Positions Upon Termination and Release.** The Executive agrees that he hereby resigns from all other positions held by him with the Company and any entity in the Company, including without limitation any position as a director, officer, agent, trustee or consultant unless otherwise agreed with the Company, effective on the date when the Executive's employment with the Company terminates. In addition, and in exchange for the full severance payment paid to the Executive pursuant to Sections 9(b)(v) or(vi), above, and satisfaction of any other obligation owed by the Company to the Executive, the Executive shall sign a full and final release of the Company in a form satisfactory to the Company, acting reasonably, which release shall not impose any post-employment obligations on the Executive beyond those set forth in this Agreement.

11. **Post-Termination Cooperation.** The Executive shall, following the termination of the Executive's employment for any reason (including but not limited to retirement or the end of the Term), cooperate with the Company's reasonable requests relating to (A) matters that pertain to the Executive's employment with the Company and the transition of duties to the Executive's successor; and (B) any legal proceedings involving the Company or any of its affiliates.

12. **Indemnification.** The Company shall indemnify the Executive, and hold him harmless, to the maximum extent permitted under law, if he is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the Company, by reason of the fact that the Executive is or was a director, officer, employee or agent of the Company, or

is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against all expenses, including attorneys' fees, judgments, fines and amounts paid in settlement. To the extent permitted by applicable law, this Indemnity includes the obligation of the Company to pay for and provide defence legal counsel for the Executive and to pay the costs of the defence as the same are incurred. The Company may, but is not required to, procure directors' and officers' liability insurance to cover any such indemnification obligation. In the event the Company is indemnifying the Executive under this Agreement, the Company may select and engage the legal counsel representing the Executive.

13. **Indemnification Regarding Prior Employment.** The Executive has advised the Company that, as a result of the Executive advising CN, at CN's request, that he had been contacted by a search firm and was considering his employment options, CN suspended certain compensation arrangements of the Executive notwithstanding its contractual obligations to him, creating the potential for substantial compensation losses for the Executive. As a result, the Company agrees to indemnify the Executive for all amounts that were required to be paid to the Executive by CN pursuant to its agreements with the Executive, but for his advising CN that he was considering his options and his acceptance of employment with the Company ("Losses"). The Executive shall be indemnified for the Losses as follows:

(i) The Executive shall be granted deferred share units ("OSUs) under the Canadian Pacific Railway Limited Senior Executives Deferred Share Unit Plan valued at $2,721,581 effective on the earliest date permissible following the Executive's commencement of employment, subject to a two year vesting period;

(ii) The Executive shall be granted DSUs valued at $680,395 effective on the earliest date permissible following the Executive's commencement of employment, subject to a three year vesting period;

(iii) The Executive shall be granted PSUs with an expected value of $2,617,373 under the Corporation's Performance Share Unit Plan for Eligible Employees, effective upon commencement of employment, upon the same terms as those PSUs approved by the Board for Company executives in November 2012;

(iv) Subject to TSX approval, the Executive was granted 159,100 stock options with an expected value of $3,867,373 on February 4, 2013 with strike price of $115.78 Cdn. Twenty-five per cent of such options shall vest on each anniversary date of the grant over a four year period;

(v) The Executive shall be paid $10,720,278 in cash on commencement of employment with the Company;

all of which shall be subject to the applicable compensation plans and programs of the Company and provided, however, that if the Executive resigns his employment with the Company during the Term or has such employment terminated for cause, he shall repay up to $11.6 million of the amounts awarded to him pursuant to this Section 13, based on the following schedule:

Resignation date	Amount repayable
On or before February 5, 2014	100%
From Feb 6 2014 to Feb 5 2015	80%
From Feb 6 2015 to Feb 5 2016	60%
From Feb 6 2016 to Feb 5 2017	40%
From Feb 6 2017 to Feb 5 2018	20%

In addition to the Indemnification obligations in Section 12, the Company further agrees to defend, indemnify and hold harmless, to the fullest extent permitted by applicable law, the Executive against all other losses, claims, damages, liabilities and expenses incurred by the Executive in connection with any action, suit or proceeding brought by or arising out of or related to the Executive's prospective or actual employment with the Company {"Action") including:

i) any claim by CN to recover up to $3.8 million in relation to a 2009 RSU payment previously paid to the Executive; and

ii) up to $3.4 million received by the Executive in relation to options exercised by the Executive pursuant to a 2009 option grant;

and in connection with any refusal by CN to pay the Executive, or withhold any benefits payable to the Executive, under CN's 2001 Supplemental Retirement Plan for Employees of CN U.S. Subsidiaries, it being agreed that the amount of such benefits is $10,876.00 monthly, commencing in June 2033.

The parties do not believe that there is any good faith basis for concluding that any injunctive relief sought by CN would be appropriate. Further, the parties believe that injunctive relief would cause the Company and the Executive irreparable harm that could not be compensated fully through monetary relief. In the unlikely event that CN is successful in obtaining injunctive relief, the Company will pay the Executive and provide all compensation and benefits in this Agreement to him as if he were actively employed at the Company during the period of the injunction, which includes STIP calculated at Target Bonus and LTIP calculated at the expected value of 300% of Annual Salary.

In connection with any Action, the Company shall have the right (and with respect to any action by CN against the Executive, the obligation) to assume the prosecution or defense thereof and shall not be liable to the Executive for any legal expenses of other counsel or any other expenses subsequently incurred by the Executive in connection with the defense thereof, except that (1) the Executive may retain separate counsel reasonably satisfactory to the Company to monitor the litigation, and the Company shall pay all reasonable fees and expenses of such counsel; and (2) if counsel for the Executive advises that there are issues that raise conflicts of interest between the Company and the Executive, The Executive may retain separate counsel reasonably satisfactory to the Company for the litigation, and the Company shall pay all reasonable fees and expenses of such counsel.

To the extent the Company advances or pays any amounts under this agreement and CN later pays the Executive in respect therefore, the Executive shall promptly transfer such amounts to the Company, up to the amount previously advanced or paid by the Company, together with any interest paid thereon.

The Executive shall promptly notify the Company in writing in the event of any claims actually made against the Executive or known by the Executive to be threatened if the Executive intends to seek indemnification hereunder in respect of such claims. The Company shall not be responsible for any settlement of any claim against the Executive covered by this letter agreement without the Company's prior written consent. However, the Company may not enter

into any settlement of any such claim without the Executive's consent unless the settlement includes a release of the Executive from any and all liability in respect of such claim.

14. **Waiver.** A party's failure to insist on compliance or enforcement of any provision of this Agreement shall not affect the validity or enforceability or constitute a waiver of future enforcement of that provision or of any other provision of this Agreement by that party or any other party.

15. **Governing Law; Costs and Remedies.** This Agreement shall in all respects be subject to, and governed by, the laws of the Province of Alberta without giving effect to its conflict of laws principles and the parties hereby attorn to the jurisdiction of the Courts of the Province of Alberta. In addition to any remedies that may be available at law or in equity as a result of a breach of this Agreement, in the event of a breach or threatened breach by the Executive of any of the covenants in Sections 6, 7 or 8 above, the Company shall have the right to seek monetary damages and equitable relief, including, without limitation, specific performance by means of an injunction against the Executive to prevent or restrain any such breach.

16. **Severability.** If for any reason any Section, term or provision of this Agreement is held to be invalid or unenforceable for any reason, such invalidity or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed and enforced as if such provision had not been included herein and all other valid provisions herein shall remain in full force and effect.

17. **Notice.** Any and all notices and other communications required or permitted herein shall be in writing and deemed delivered if delivered personally, or sent by recognized overnight courier or registered or certified mail to the Company at its principal place of business, or to the Executive at the address hereinafter set forth following the Executive's signature, or at such other address or addresses as either party may hereafter designate in writing to the other, except that such notice of change of address will only be effective upon receipt.

18. **Amendments.** This Agreement may be amended at any time by mutual consent of the parties hereto, with any such amendment to be invalid unless in writing, signed by the Company and the Executive.

19. **Entire Agreement.** This Agreement contains the entire agreement and understanding between the Executive and the Company with respect to the employment of the Executive with

the Company, subject to the employment policies of the Company generally applicable to executives. The parties agree that no prior representations, promises, agreements, or understandings, written or oral, with respect to such employment not contained in this Agreement shall be of any force or effect.

20. **Continuing Terms.** The Company and the Executive agree that in the event of cessation of the Executive's employment, and regardless of the reason for such cessation, the Executive shall continue to owe the Company fiduciary obligations and the provisions of Sections 6, 7, 8, and 10 through 19 of this Agreement shall continue to be in full force and effect in accordance with their terms.

21. **Burden and Benefit.** This Agreement may not be assigned by either party hereto without the prior written consent of the other party. This Agreement, together with any amendments hereto, shall be binding upon the Company's successors and will inure to the benefit of the Executive's estate, heirs and personal representatives.

22. **Headings.** The various headings in this Agreement are inserted for convenience only and are not part of the Agreement.

23. **Company Clawback Policy.** The Executive agrees to be bound by the Company's Clawback Policy for Executives, as amended from time to time, and to execute a copy of the policy.

24. **Counterpart.** The parties agree to execute this Agreement in counterpart and the separately executed versions shall be construed as one document.

IN WITNESS WHEREOF, the Company and the Executive have duly executed this Agreement intending to be bound by the terms set forth herein.

August 10th, 2015

Keith:

As part of CP's long term succession plan, you were recently appointed as a Company (non-independent) director on CP's Board. Coincident with this appointment and as the next step in your expected progression, the following changes will be made to your existing employment agreement with Canadian Pacific Railway Company and Soo Line Railroad Company dated February 5, 2013 ("Employment Agreement"):

1) Effective June 25th your **Employment Agreement** and any renewals or extensions will be considered to be solely with Canadian Pacific Railway Company (CP).
2) Your position will be based at CP's head office in Calgary, Alberta, Canada effective as soon as possible but no later than August 30th, 2015.
3) CP will be solely responsible for the cost, administration and payment of any accrued compensation amounts that are owed or will be owing to the executive.
4) The **Employment Agreement** specifically contemplates tax equalization between United States and Canadian jurisdictions. This arrangement continues in place.

CP OFFER DETAILS

Short Term Incentive Plan (STIP)

You will be eligible to participate in the Short Term Incentive Plan (STIP). Your target award level will be 80% of your base salary (or $428,000USD). This annual bonus is comprised of two components, individual and corporate: 25% will be based on your individual performance as measured through the Company's Performance Management Program and the remaining 75% will be based on the Company's performance against its corporate targets. Both corporate and individual components have a maximum of 200% of target (i.e., for a total of 160% of base salary). For 2015, you will be eligible to receive a prorated amount.

Long Term Incentive Plan (LTIP)

You will be eligible to participate in CP's annual Long Term Incentive Plan. Subject to plan design, as it may change over time and ongoing Board discretion, your target award level will be 275% of your annual salary (or $1,471,250USD), and will be delivered in performance share units (PSU's) and time vested options. Subject to Board approval, annual grants typically occur in January of each year.

Special Payments

In recognition of incentive payments that will be forfeited upon your resignation from your previous employer, you will be entitled to the following special payments/grants:

- $750,000USD cash, payable within 60 days following commencement of employment with full repayment if employment ceases prior to December 31, 2016 unless employment is terminated without cause by the Company, in such case, no repayment is required.
- $1,441,000USD expected value of option grant that vests over 4 years
- $1,441,000USD expected value in performance share units. This grant is subject to the performance criteria set out for the Company's 2015 PSU grant whose performance period ends on December 31, 2017.

The actual number of units awarded will be based on the closing price of a share on the relevant stock exchange on the date you commence employment (or the next available date should the CEO be in a blackout position).

Ownership Guidelines

By five (5) years from the effective date of this position, you will be required to achieve an ownership level equivalent to 3 times your annual salary. To help you meet your ownership requirements, the Company has a voluntary incentive deferral program. Annually, you may elect to defer all or a portion of your STIP payment into DSUs. The company will provide a 25% match, i.e., one DSU will be awarded for every four DSUs acquired with your STIP deferral. The matched units will only be provided if you are below your ownership level.

Canadian Pacific Pension Plan
You will be enrolled in the Defined Contribution (DC) Option of the Canadian Pacific Pension Plan. CP's competitive DC plan features employer and employee contributions which increase over time based on your combined age and years of service. For more information, please contact Pension Services by telephone at toll free 1-888-511-7557 or Local in Calgary at 319-3035, or by e-mail at pension@cpr.ca.

The following illustrates DC contribution levels.

		7%	60-69
		8%	70+

In addition, you will be eligible to participate in the Canadian Pacific Railway Company Supplemental Retirement Plan (the Supplemental Plan), which is fully paid by the Company. Supplemental benefits include pension benefits in excess of the Canada Revenue Agency maximums for the DC pension plan. For your level, this plan provides an additional notional contribution of 6% of your base salary and bonus annually.

Canadian Pacific Automobile Plan
Subject to the terms of the executive automobile plan, you are entitled to select an automobile up to a value of $48,600 Cdn (excluding sales tax, transportation, and license costs). The plan also allows you to exceed this limit but at your own expense**.**

The Company will obtain a vehicle and make it available for unrestricted use by yourself and immediate family members who reside with you (as well as occasional use by others). The Company will pay or will reimburse you for maintenance and operating expenses. The vehicle will be replaced after four (4) years or 100,000 kms, whichever occurs first.

Please note that depending on the vehicle selected, it may take up to 6 months from order placement to receive your vehicle, and as a result, to begin taking advantage of this benefit.

Benefits
You will be eligible to participate in CP's *Flex*Benefits administered through Manulife, our benefits provider. In addition to your core coverage, you will be given individual choices regarding each of the following: life insurances for you and your dependents, long-term disability, health care, dental care and personal travel insurance.

Upon residency in Alberta you will be eligible for Alberta Health Care.

You are also eligible to an annual executive medical examination. The examination includes a number of tests, which will assist in determining your health status as well as recommending preventative and/or curative measures, thus optimizing your health. The medical information obtained during the examination remains strictly confidential.

Financial Counselling/Club Memberships
The company will pay the annual dues for a club membership to a maximum of $4,000 as well as reimburse for financial counselling to a maximum of $7,200 annually. Any unused portion will be paid out in cash at year end. You will be responsible for the applicable taxes on this benefit.

Employee Share Purchase Plan (ESPP)
You can own part of CP through the Employee Share Purchase Plan (ESPP). CP shares may be purchased through payroll deduction and CP will match a portion of every dollar you invest (subject to certain vesting and contribution conditions). Participants may contribute between one and ten percent of eligible earnings to the Plan. The Company will contribute 33 cents for every dollar contributed to the Plan on the first 6% of your contributions, on an ongoing basis.

Vacation
You are entitled to five weeks' vacation per year. For 2015, your vacation entitlement will be prorated according to your start date.

Once returned to us, Brookfield Global Relocation Services (BGRS) will then contact you to initiate the process and answer any questions you might have.

Executive Compensation Clawback
By signing this offer letter you are agreeing to be bound by the Executive Compensation Clawback Policy. The Corporation may seek reimbursement of incentive compensation paid to you, specifically, where (i) you have received or receive incentive compensation that is based on financial results that are subsequently materially restated or corrected, (ii) through misconduct, you are responsible for causing the need for such restatement or correction, and (iii) your incentive compensation would have been lower based on the restated or corrected results.

The Board may from time to time approve amendments to the Executive Compensation Clawback Policy. If such amendments are made, you will be advised immediately. For further information please see Appendix 2.

Severance
In the event your employment with Canadian Pacific Railway is terminated by the Company without cause, it is agreed that the severance payment, including any payment in lieu of notice to which you will be entitled, will be equal to 24 months' of your annual base salary and continued coverage under the Company's *Flex*Benefits for 24 months. Equity compensation and pension benefits, outstanding at the time of such termination, shall be addressed in accordance with the terms of the applicable plan. No other notice or severance entitlements shall apply.

Your entitlement to the non-statutory payments and other benefits provided for above will be conditional on your providing the Company will a Full & Final Release of any and all employment related forms, in a form that is satisfactory to the Company, acting reasonably.

In the event of a change in control of the organization, you will also be offered certain enhanced benefits should you be involuntarily severed as a result of the change in control. Upon commencement of employment, you will receive a separate Change in Control Agreement to sign outlining the terms and benefits of such agreement.

Non-Compete/Non Solicitation
You acknowledge and agree to sign the Non-Compete / Non-Solicit Agreement contained in Appendix 3.

Executive Compensation Clawback Policy

The Board of Directors may determine that incentive compensation paid to a senior executive or former senior executive should be reimbursed to the Company in circumstances where:

1. The incentive compensation paid to the senior executive or former senior executive was predicated upon the achievement of financial results that were subsequently materially restated or corrected, in whole or in part; and

2. The senior executive or former senior executive engaged in gross negligence, fraud or intentional misconduct that caused or partially caused the need for such restatement or correction, as admitted by the senior executive, or, in the absence of such admission, as determined by the Board acting reasonably; and

3. The incentive compensation paid to the senior executive or former senior executive would have been lower based on the restated or corrected results.

Intentional misconduct includes (but is not limited to) acts or omissions that are not in good faith or which are a knowing violation of a law, and can also include conscious inaction, where no corrective measures were taken to avoid or rectify a material decision made, which resulted in financial harm to the Company.

In such an instance, reimbursement of all or a portion of the applicable incentive compensation paid to the senior executive or former senior executive under the Company's incentive plans will be sought, as permitted by applicable laws and to the extent the Board determines, in its sole discretion, that it is in the best interest of the Company to so require reimbursement (including to ensure compliance with applicable laws).

If it is determined recovery should be sought, the Board may pursue all reasonable legal and other remedies to recover the applicable incentive compensation, including, without limitation, by: (i) seeking repayment from the senior executive or former senior executive; (ii) reducing the amount that would otherwise be payable to the senior executive under a Company plan; (iii) reducing or withholding future equity grants, bonus awards, or salary increases; or (iv) taking any combination of these actions. These remedies would be in addition to, and not in lieu of, any actions imposed by law enforcement agencies, regulators or other authorities.

(the "Executive")

WHEREAS the Board of Directors of the Corporation (the "Board") recognizes that the establishment and maintenance of a sound and vital management team is essential to the protection and enhancement of the best interests of the Corporation and its shareholders;

AND WHEREAS the Board further recognizes that, as is the case with many corporations, the possibility of a Change in Control of the Corporation could arise and create a climate of uncertainty among the Corporation's Officers, and could result in the resignation or distraction of such Officers to the detriment of the Corporation and its shareholders;

AND WHEREAS, in order to induce the Executive to remain in the employ of the Corporation and to assure the Corporation of the Executive's continued and undivided attention and services, notwithstanding any events which might result in a Change in Control of the Corporation, this Agreement, which has been approved by the Board, records certain benefits extended to the Executive.

NOW THEREFORE, the Parties hereby mutually covenant and agree as follows:

1. Definitions

The following terms shall have the meanings assigned to them below.

(a) "Accrued Compensation" shall mean all amounts earned or accrued through the Termination Date but not paid as of the Termination Date including (i) base salary at the rate which is the greater of the rate in effect immediately prior to the Change in Control and the rate in effect on the Termination Date, (ii) reimbursement for reasonable and necessary expenses incurred by the Executive on behalf of the Corporation during the period ending on the Termination Date, (iii) vacation pay, (iv) any amounts to be paid to the Executive under the Corporation's benefit and pension plans, and (v) any short term or long term incentive award with respect to the Corporation's fiscal year ended prior to the Termination Date.

(b) "Cause" shall mean and be limited to:

(i) the wilful and continued failure by the Executive to substantially perform the Executive's duties with the Corporation after a written demand for substantial performance is delivered to the Executive by the Board, which demand specifically identifies the manner in which the Board believes that the Executive has not substantially performed the Executive's duties, and the Executive fails to correct such failure to perform the Executive's duties within 30 days after such written demand is delivered to the Executive; provided, however, that if such failure is as a result of the Executive's Disability or Retirement or occurs after the happening of circumstances which would entitle the Executive to terminate for Good Reason, the same will not constitute the basis for "Cause"; or

(ii) the wilful engaging by the Executive in conduct which is demonstrably and materially injurious to the Corporation, monetarily or otherwise. For purposes of this definition, any action by the Executive or any failure on the Executive's part to act, will be deemed "wilful" when done (or omitted to be done) by the Executive not in good faith and if the Executive had or ought to have had the reasonable belief that the Executive's action or omission would not be in the best interests of the Corporation.

(iii) any other act or omission that would amount to just cause at common law.

Notwithstanding the foregoing, the Executive will not be deemed to have been terminated for Cause, unless and until there will have been delivered to the Executive a copy of a resolution duly adopted by at least 75% of the votes cast by the entire membership of the Board at a meeting of the Board called and held for such purpose (after reasonable notice to the Executive and an opportunity for the Executive, together with the Executive's counsel, to be heard before the Board), finding that in the good faith opinion of the Board, the Executive was guilty of

conduct set forth in clauses (i) or (ii) of this Section and specifying the particulars thereof in detail.

(c) "Change in Control" of the Corporation shall be deemed to have occurred if:

(i) any Person or any Persons acting jointly or in concert, as defined in Section 159 of the *Securities Act* (Alberta), as amended from time to time, (such Person or Persons, an "Acquirer") becomes the beneficial owner of or acquires control or direction over, directly or indirectly, securities of the Corporation representing more than 20% of the combined voting power of the Corporation's then outstanding securities entitled to vote in the election of the directors of the Corporation (the "Voting Shares") unless the Acquirer is a wholly-owned subsidiary of a holding corporation of the Corporation (a "Holding Corporation") (as "subsidiary" and "holding corporation" are defined in the *Canada Business Corporations Act*);

(ii) an Acquirer becomes the beneficial owner of or acquires control or direction over, directly or indirectly, securities of a Holding Corporation representing more than 20% of the combined voting power of the Holding Corporation's then outstanding securities entitled to vote in the election of the directors of the Holding Corporation (the "Holding Corporation's Voting Shares");

(iii) any transaction or series of transactions, whether by way of consolidation, amalgamation or merger of a Holding Corporation or the Corporation, with or into any other Person (other than an affiliate of the Holding Corporation or the Corporation with or into a Holding Corporation) but excluding any such transaction or series of transactions in which the Persons who were shareholders of the Holding Corporation or the Corporation immediately prior to the transaction or series of transactions, as applicable, hold 80% or more of the voting shares of the new entity created by the transaction or series of transactions;

(iv) all or substantially all the assets of the Corporation or a Holding Corporation are sold, assigned or transferred (including by operation of law), or otherwise disposed of to another Person unless such Person is a wholly-owned subsidiary of the Corporation or a Holding Corporation;

(v) if on any day during the term of this Agreement more than 50% of the directors of a Holding Corporation or the Corporation then in office (A) were not directors of the Holding Corporation or the Corporation, as applicable, on the same day in the immediately preceding calendar year, and (B) were not proposed by the Board of Directors of the Holding Corporation or the Board, as applicable, existing prior to their appointment or election; or

(vi) the Board, by resolution duly adopted by the affirmative vote of a simple majority of the votes cast by the Board, determines that for purposes of this Agreement, a Change in Control has occurred.

(d) "Disability" shall mean a physical or mental impairment that is certified in writing by a physician as preventing the Executive from engaging in any employment for which the Executive is reasonably suited by virtue of the Executive's education, training or experience and that can reasonably be expected to last for the remainder of the Executive's lifetime.

(e) "Good Reason" shall mean:

(i) Inconsistent Duties. The assignment to the Executive of any duties inconsistent with the Executive's status as an executive officer of the Corporation, or a material alteration in the nature or status of the Executive's responsibilities or duties or reporting relationship from those in effect immediately prior to a Change in Control.

(ii) Benefits and Perquisites. The failure by the Corporation to provide the Executive with compensation and benefits, in the aggregate, at least equal (in terms of benefit levels and/or reward opportunities which opportunities will be evaluated in light of the performance requirements therefor) to those provided for under the compensation, incentive compensation, stock option, retirement, pension, savings, vacation, deferred compensation, professional fees and club dues reimbursement, financial counselling, expense reimbursement, company vehicle, benefit or material perquisite plans, programs and practices in which the Executive was participating at any time within 180 days preceding the date of a Change in Control or at any time thereafter;

(iii) Reduced Salary. A reduction of the Executive's salary as in effect on the date of the Change in Control or any time thereafter or the failure of the Corporation to grant the Executive salary increases at a rate commensurate with the increases accorded to other key executives of the Corporation;

(iv) No Assumption by Successor. A failure by the Corporation to obtain from any Successor its agreement to assume and perform this Agreement as contemplated by Section 6 hereof; or

(v) Relocation. A requirement that the Executive be based at any city located at minimum 30 miles from where the Executive is based immediately prior to the Change in Control or a substantial increase in the Executive's business travel obligations subsequent to the Change in Control.

(f) "Notice of Dispute" shall mean a notice sent by either the Executive or the Corporation to the other party following the delivery of a Notice of Termination indicating that the party giving such notice has a dispute, claim or difference

concerning the Notice of Termination and setting out with reasonable particularity the subject matter of the dispute.

(g) "Notice of Termination" shall mean a notice sent by either the Executive or the Corporation to the other party terminating the Executive's employment as of a certain date and setting forth the reasons therefor. The Executive's failure to set forth in the Notice of Termination any fact or circumstance which contributes to a showing of "Good Reason" will not result in a waiver of the Executive's rights hereunder or preclude the Executive from asserting such fact or circumstance in enforcing the Executive's rights hereunder.

(h) "Payment Date" shall mean a date that is no later than the 30th business day following the Termination Date.

(i) "Person" shall mean any individual, corporation, partnership, firm, group, association, trust, unincorporated organization or other "person" as such term is used in Section 2 of the *Canada Business Corporations Act* as amended from time to time.

(i) Accrued Compensation. The Accrued Compensation.

(ii) Severance Payment. An amount equal to 24 months of the Severance Salary Rate.

(iii) Incentive Compensation Plans

a. Short Term Incentive Plans

Any amounts required to be paid to the Executive under the Performance Incentive Plan (or any successor plan) in which the Executive is participating prior to the Change in Control. The Corporation will pay the Executive a lump sum amount in lieu of the Executive's participation in such annual incentive plan equal to the sum of:

(A) for the year during which the Termination Date occurs, an amount equal to the greater of

a. the amount payable to the Executive under such annual bonus plan for that year, determined as if 100% of the target result of the Corporation's performance for that year was achieved, and

b. the amount payable to the Executive under such annual bonus plan for that year, determined as if the actual performance of the Corporation from the beginning of that year to the end of the most recently completed fiscal quarter during that year, if any, prior to the Termination Date, on an annualized basis, was the actual performance of the Corporation for that year

and

(B) for each other year or portion thereof remaining in the Severance Period, an amount equal to the Executive's target annual bonus for the year during which the Termination Date occurs, prorated based upon the number of months and days that fell within the Severance Period during each such year.

All amounts payable hereunder with respect to such annual bonus plan will be determined based upon 100% of the Executive's award under such annual bonus plan, notwithstanding any discretion of the Management Resources and Compensation Committee of the Board and notwithstanding any amendments to such annual bonus plan occurring after the Change in Control.

b. Other Incentive Plans

Any amounts required to be paid to the Executive under the terms of such longer term incentive compensation plan(s) (including the stock option plans, deferred share unit plans and any successor or

additional plans) in which the Executive is participating prior to the Change in Control.

(v) Career Counselling. The Executive will be entitled to purchase, before the Payment Date, the car provided by the Corporation for the Executive's use, at a price calculated on the same basis as that used for the optional purchase of company cars by participants in the Corporation's Executive Automobile Plan in effect immediately prior to the Change in Control. In addition, the Corporation will pay the Executive an amount equal to the expenses that would have been incurred for the use of the car if the Executive had continued to be employed throughout the Severance Period, determined on the basis that the annual expenses for using the car are equal to the total vehicle expenses payable or reimbursable to the Executive, by the Corporation, during the calendar year preceding the calendar year in which the Termination Date occurs; provided, however, that such amount will not be less than the amount of such expenses (including any reimbursement of taxes) that would have been paid or reimbursed for such calendar year in accordance with the Corporation's policy in effect as of the Change in Control.

- Temporary Living Expenses
- Equity Protection
- Purchase of a New Property
- Mortgage Interest Differential Payment
- Housing Purchase Subsidy
- Rental Subsidy
- Bridge Financing.

In lieu of a payment under the Home Disposal Assistance Plan Section of the Policy, the Executive will be entitled to a payment equal to the greater of:

(A) the "appraised market value" (as defined under the Policy) of the Executive's current residence and

(B) the original purchase price of the Executive's current residence plus the cost of any capital improvements to such residence from the original date of purchase.

This payment will be paid to the Executive, within 5 business days after the determination of the appraised market value (as defined under the Policy). In consideration of such payment, the Executive agrees to transfer title to the Executive's current residence forthwith to the Corporation or to the relocation company engaged by the Corporation, as directed by the Corporation, and to deliver to it all title documents in the Executive's possession that relate to the Executive's current residence.

b. Moves of less than 75 miles

In the event that the Executive relocates the Executive's residence involving a distance of less than 75 miles, for any reason during the 12 month period following the Termination Date, the Corporation will reimburse the Executive for disbursements made in respect of any legal fees, real estate commissions and real property transfer taxes incidental to

the conveyance of the Executive's existing residence and the Executive's new residence.

(xi) Housing Loans. The Executive will make repayments of any loan issued by the Corporation in connection with the Corporation's Relocation Expenses Policy, in accordance with the repayment schedule under the loan as though the Executive had not terminated employment; except that full repayment of the loan will be due on the earlier of the end of the Severance Period and the date on which the Executive sells the Executive's residence.

(xii) Housing Subsidy. An after-tax amount equal to the present value of the cost of any housing subsidy given to the Executive by the Corporation prior to the Executive's termination of employment that would have been payable by the Corporation under the terms of its policy in effect as of the Change in Control had the Executive continued to be employed during the Severance Period.

(xiii) Professional Membership Fees. An amount equal to the membership fees for membership in professional organizations related to maintaining the Executive's professional status reimbursed by the Corporation for the year preceding the year during which the termination occurs, for each year in the Severance Period.

(xiv) Pensions.

a. In addition to the benefits to which the Executive is entitled under the Corporation's pension plan (the "Pension Plan") and the Corporation's supplemental pension plan (the "Supplemental Plan"), or any retirement arrangement established with his consent with respect to him, (collectively, the "Retirement Arrangement"), the Executive is entitled to a cash payment ("P") determined in accordance with this clause and due no later than the Payment Date.

PARTICIPANT IN DEFINED CONTRIBUTION OPTION

If the Executive is participating in the Pension Plan's defined contribution option at the Termination Date, "P" will be calculated as set out in Schedule "A" hereto.

b. In calculating “P”, no account shall be taken of any change in the rules of the Retirement Arrangement made after the Change in Control date which adversely affects the Executive and any required consent by the Corporation shall be deemed to have been granted.

c. Capitalized terms in this clause which are not defined in this Agreement have the meaning attributed to them under the Retirement Arrangement.

(xv) Legal Fees and Expenses. The Corporation will pay the Executive's legal fees and expenses incurred by the Executive as a result of the Executive’s termination (including all such fees and expenses, if any, incurred in seeking to obtain or enforce any right or benefit provided by this Agreement) to a maximum amount of $100,000 excluding applicable taxes provided however, that the Executive shall re-pay to the Corporation all such amounts if it is determined by an arbitrator or court that the Executive’s dispute was frivolous or vexatious.

(xvi) Tax Withholding. Unless expressly provided otherwise in an applicable provision of this Agreement, all payments to be made under this Section will be subject to required statutory deductions at source.

(xvii) Calculations. For purposes of determining the present value of an amount, other than for purposes of clause (c) (xv) above, the interest rate to be used will be the yield for 5 year constant maturity Canadian government bonds for the current week taken from the most recent weekly Canadian Debt Strategy published by ScotiaMcLeod Inc. or, if for any reason that report is not available at the relevant time, the most recent weekly report published by another recognized Canadian publisher of a report of similar standing chosen by the Corporation. All calculations of amounts payable under this Agreement will be subject to verification by the Corporation's independent auditors.

(xviii) No Mitigation. The Executive will not be required to mitigate the amount of any payment provided for in this Section by seeking other employment or otherwise, nor will the amount of any payment or benefit provided for in this Section be reduced by any compensation earned by the Executive as the result of employment, whether by another employer or self-employment, or by pension benefits after the Termination Date, or otherwise, except as specifically provided in this Section.

5. Payment of Benefits

If any payment to the Executive required by this Agreement is not made within the time for such payment specified herein, the Executive shall be paid interest on such payment at the legal rate payable from time to time upon judgments in the Province of Alberta from the date such payment is payable under the terms hereof until paid.

6. Binding Agreement

This Agreement shall inure to the benefit of and be enforceable by the Executive, and the Executive's heirs, legal or personal representatives. If the Executive should die while any amount would still be payable to the Executive hereunder if the Executive had continued to live, all such amounts will be paid in accordance with the terms of this Agreement to the Executive's devisee, legatee or other designee or, if there is no such designee, to the Executive's estate. This Agreement shall be binding upon the Corporation, its Successors and assigns. The Corporation shall require any Successor to expressly assume and agree to perform this Agreement in accordance with its terms. The Corporation shall obtain such assumption and agreement prior to the effectiveness of any such succession.

7. Notices

For the purpose of this Agreement, notices and all other communications provided for in this Agreement will be in writing, will be deemed to have been duly given when delivered or sent by facsimile or other form of recorded electronic communication, charges prepaid and confirmed in writing or on the third business day after having been sent by registered mail, postage prepaid, addressed to the respective addresses set forth on the first page of this Agreement, or to such other address as either party may have furnished to the other in writing in accordance herewith.

8. Most Favoured Benefits

If after a Change in Control there is a conflict between the provisions of this Agreement and the provisions of any incentive compensation plans, benefit plans, the Pension Plan, any other perquisites payable, or any basis of compensation or the payment of benefits to the Executive, generally, the parties acknowledge and agree that it is the intent of this Agreement that the Executive will receive the maximum of the amounts owing to the Executive hereunder or thereunder and in no event will the Executive be disadvantaged as a result of such a conflict.

9. Amendments; Waivers

No provision of this Agreement may be modified, waived or discharged unless such waiver, modification or discharge is agreed to in writing. No waiver by either party of the breach of any condition or provision of this Agreement shall be deemed a waiver of any other condition or provision at the same or any other time. Any Change in Control Agreement between the parties hereto which predates this Agreement is null and void.

10. Governing Law

The validity, interpretation, construction and performance of this Agreement shall be governed by the laws of the Province of Alberta.

11. Validity

The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect.

12. Dispute Resolution

(a) Following the delivery of a Notice of Dispute by either party, at the election of the Executive such dispute may be settled and determined by mandatory arbitration.

(b) Where the Executive has elected to settle the dispute by way of arbitration, the provisions of this Section 12 shall be deemed to constitute an "arbitration agreement" within the meaning of the *Arbitration Act*, R.S.A. 2000, c.A.-43 as amended (the "Act") and the provisions of the Act, except to the extent that a contrary intention is expressed herein, shall apply to any arbitration hereunder. The Executive may at any time give written notice to the Corporation of a desire to submit such dispute to arbitration. Within 10 business days after receipt of such notice, the parties shall appoint a single arbitrator, with appropriate experience to determine such dispute. If the parties fail to appoint an arbitrator either party may apply to a judge of the Court of Queen's Bench to appoint an arbitrator to determine such dispute. Notwithstanding the Act, the Executive may discontinue the submission to arbitration and revoke the appointment of an arbitrator at any time prior to the commencement of the hearing. The arbitrator so appointed shall have all the powers of a judge of the Court of Queen's Bench and shall forthwith proceed to arbitrate the dispute. The award of the arbitrator shall be delivered to the parties within 60 days of the conclusion of the arbitration hearing. The costs of the arbitration shall be paid as determined by the arbitrator. Judgment upon the award rendered by the arbitrator may be entered into any court having jurisdiction and thereupon execution or other legal process may issue thereon. The parties hereto and all persons claiming through or under them hereby attorn to the jurisdiction of the arbitrator and to the jurisdiction of any court in which the judgment may be entered.

(c) Following the delivery of a Notice of Dispute the Corporation will provide compensation and benefits in accordance with Section 4(c) herein, other than long term incentive plan or pension plan participation or payment, in which the Executive was participating when the Notice of Termination giving rise to the dispute was given, until the dispute is finally resolved either by way of mutual written agreement of the parties, by binding arbitration award hereunder or by final judgment, order or decree of a court of competent jurisdiction (which is not appealable, or the time for appeal therefrom has expired and no appeal has been

perfected). In the event that the final resolution determines that the Executive is entitled to benefits pursuant to Section 4(c), all amounts paid by the Corporation hereunder to the Executive following the Termination Date, shall be considered to be payments under Section 4(c) and shall not be duplicated. In the event that the final determination of the dispute determines that the Executive is not entitled to any benefits under Section 4(c), the Executive agrees to return promptly to the Corporation all payments received following the Termination Date set out in the Notice of Termination, other than any benefits to which he is entitled pursuant to Section 4(a) or (b), as applicable.

13. Counterparts

This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original but all of which together will constitute one and the same agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the day and year first above written.

Mr. Mark Wallace
21 Bruno Ridge Dr
Caledon, Ontario
L7E OB8

Dear Mark:

I am very pleased to offer you the position of Chief of Staff – Office of the President and CEO with the Canadian Pacific Railway Company (the Company), located in Calgary. Reporting directly to me, you will be responsible for overseeing the efficient operations within my office and will play a key leadership role in helping deliver the Company's objectives. The details of this offer are as follows:

Commencement Date

July 3, 2012.

Total Direct Compensation

In this role the expected value of your total direct compensation package (base salary, PIP and LTIP) will be $487,500 annually, and is comprised of:

Base Salary
Your annual base salary at the S43 level will be $250,000, paid bi-weekly.

Short Tern Incentive Plan
The Performance Incentive Plan (PIP) will provide you with the opportunity to earn an annual bonus currently at a target level of 30% of your base salary (or $75,000). This bonus is dependent on corporate performance (60% weighting) and individual performance (40% weighting). Both corporate and individual components have a maximum of 200% target (i.e., for a total of 50% of base salary). You will be eligible to participate in

this plan effective with commencement of employment. You will be prorated for the 2012 plan year.

Long Term Incentive Plan
You will be eligible to participate in the Company's Long Term Incentive Plan (LTIP). Subject to plan design as it may change over time and ongoing Board discretion, your target award level will be the expected value associated with the S43 level which is currently set at 65% of your annual salary (or $162,500), consisting of an allocation of 50% regular options and 50% performance share units (PSUs). Subject to Board approval, annual grants typically occur in April of each year.

Automobile Plan

The Automobile Plan allows you to select an automobile up to a value of $44,400 (excluding provincial sales tax, goods and services tax, transportation, and license costs). The plan also allows you to exceed this limit but at your own expense.

The Company will obtain a vehicle and make it available for unrestricted use by yourself and immediate family members who reside with you (as well as occasional use by others). The Company will pay or will reimburse you for all maintenance and operating expenses, including parking at Gulf Canada Square, Calgary. The vehicle will be replaced after four (4) years or 100,000 kilometers, whichever comes first. Provision has been made to allow you to purchase the vehicle, if you so wish, when it becomes eligible for replacement or sooner if you leave the employ of the Company, according to the terms of the plan.

As a result of your participation in this plan, you will incur an annual taxable benefit relating to the use of the vehicle in accordance with current tax laws. However, given it is the Company's objective to promote the use of more fuel efficient, environmentally friendly automobiles, the taxable benefit associated with this perk will be grossed up should you select a vehicle that meets the criteria for environmentally friendly vehicles as outlined in the Company's Executive Automobile Policy.

Upon commencement of employment, please contact Doug Rasmussen at Pattison Leasing (403) 301-2407 to arrange for your vehicle. Please note that depending on the vehicle selected, it may take up to 6 months from order placement to receive your vehicle, and as a result, to begin taking advantage of this benefit.

Annual Vacation

As an experienced hire, you will be entitled to five weeks' vacation. In this calendar year, your vacation entitlement will be prorated according to your start date. As part of CP's *Flex* benefits plan, you will also have the opportunity to purchase up to an additional 10 Personal Days Off (PDOs) per year, pro-rated according to your start date. For more information on PDOs, see Appendix II.

***FLEX* Benefits**

You will be eligible to participate in CP's *Flex* benefits administered through Manulife, our benefits provider. An activation key will be forwarded to you with a link for accessing *Flex* benefits on line. You will be given an expiry date by which time you must complete your enrolment. Please see Appendix II for a summary of benefits.

Executive Medical Program

You are entitled to an annual executive medical examination. The examination includes a number of tests, which will assist in determining your health status as well as recommending preventative and/or curative measures, thus optimizing your health. The medical information obtained during the examination remains strictly confidential.

Canadian Pacific Pension Plan

You will be enrolled in the Canadian Pacific Defined Contribution (DC) Pension Plan. CP's competitive DC plan features employer and employee contributions which increase over time based on your combined age and years of service. An enrollment kit describing the DC plan will be provided to you in your "Getting Started" package, and detailed information will be accessible on CP's intranet site, Rail City, after your start date.

In addition, you will be eligible to participate in the Canadian Pacific Railway Company Supplemental Retirement Plan (the Supplemental Plan), which is fully paid by the Company. Supplemental benefits include pension benefits in excess of the Canada Revenue Agency maximums for the DC pension plan. For your level, this plan provides an additional notional contribution of 6% of your base salary annually. A Supplemental Plan brochure describing this plan will be provided to you following your acceptance of this offer.

Employee Share Purchase Plan (ESPP)

You can own part of CP through the Employee Share Purchase Plan (ESPP). CP shares may be purchased through payroll deduction and the Company will match a portion of every dollar you invest (subject to certain vesting and contribution conditions). You can contribute between 1% and 10% of your eligible earnings to the Plan. On the first 6% of your base salary, CP will contribute 33 cents for every dollar you invest. You may contribute an additional 4% of base salary which will not be eligible for CP contributions.

Relocation

You will be eligible for reimbursement of reasonable relocation expenses involved in moving from Toronto to Calgary, including all family effects (see Appendix IV).

As well, home search assistance will be provided, certain costs associated with home purchase such as legal costs and home inspection charges will be paid and the Company will reimburse you for real estate and legal fees associated with the selling and closing of your Toronto home.

During the interim period before you purchase or lease a home in Calgary, the Company will reimburse expenses for temporary accommodation up to a period of two months. Related expenses such as meals, laundry etc., may be reimbursed for a period of up to 2 weeks.

In the event that you resign from the Company within 2 years of commencing your employment, you will be required to reimburse the Company any prorated costs incurred for your relocation. (a) "Accrued Compensation" shall mean all amounts earned or accrued through the Termination Date but not paid as of the Termination Date including (i) base salary at the rate which is the greater of the rate in effect immediately prior to the Change in Control and the rate in effect on the Termination Date, (ii) reimbursement for reasonable and necessary expenses incurred by the Executive on behalf of the Corporation during the period ending on the Termination Date, (iii) vacation pay, (iv) any amounts to be paid to the Executive under the Corporation's benefit and pension plans, and (v) any short term or long term incentive award with respect to the Corporation's fiscal year ended prior to the Termination Date.

(b) "Cause" shall mean and be limited to:

(i) the wilful and continued failure by the Executive to substantially perform the Executive's duties with the Corporation after a written demand for substantial performance is delivered to the Executive by the Board, which demand specifically identifies the manner in which the Board believes that the Executive has not substantially performed the Executive's duties, and the Executive fails to correct such failure to perform the Executive's duties within 30 days after such written demand is delivered to the Executive; provided, however, that if such failure is as a result of the Executive's Disability or Retirement or occurs after the happening of circumstances which would entitle the Executive to terminate for Good Reason, the same will not constitute the basis for "Cause"; or

(ii) the wilful engaging by the Executive in conduct which is demonstrably and materially injurious to the Corporation, monetarily or otherwise. For purposes of this definition, any action by the Executive or any failure on the Executive's part to act, will be deemed "wilful" when done (or omitted to be done) by the Executive not in good faith and if the Executive had or ought to have had the reasonable belief that the Executive's action or omission would not be in the best interests of the Corporation.

(iii) any other act or omission that would amount to just cause at common law.

Notwithstanding the foregoing, the Executive will not be deemed to have been terminated for Cause, unless and until there will have been delivered to the Executive a copy of a resolution duly adopted by at least 75% of the votes cast by the entire membership of the Board at a meeting of the Board called and held for such purpose (after reasonable notice to the Executive and an opportunity for the

Executive, together with the Executive's counsel, to be heard before the Board), finding that in the good faith opinion of the Board, the Executive was guilty of conduct set forth in clauses (i) or (ii) of this Section and specifying the particulars thereof in detail.

(c) "Change in Control" of the Corporation shall be deemed to have occurred if:

(i) any Person or any Persons acting jointly or in concert, as defined in Section 159 of the *Securities Act* (Alberta), as amended from time to time, (such Person or Persons, an "Acquirer") becomes the beneficial owner of or acquires control or direction over, directly or indirectly, securities of the Corporation representing more than 20% of the combined voting power of the Corporation's then outstanding securities entitled to vote in the election of the directors of the Corporation (the "Voting Shares") unless the Acquirer is a wholly-owned subsidiary of a holding corporation of the Corporation (a "Holding Corporation") (as "subsidiary" and "holding corporation" are defined in the *Canada Business Corporations Act*);

(ii) an Acquirer becomes the beneficial owner of or acquires control or direction over, directly or indirectly, securities of a Holding Corporation representing more than 20% of the combined voting power of the Holding Corporation's then outstanding securities entitled to vote in the election of the directors of the Holding Corporation (the "Holding Corporation's Voting Shares");

(iii) any transaction or series of transactions, whether by way of consolidation, amalgamation or merger of a Holding Corporation or the Corporation, with or into any other Person (other than an affiliate of the Holding Corporation or the Corporation with or into a Holding Corporation) but excluding any such transaction or series of transactions in which the Persons who were shareholders of the Holding Corporation or the Corporation immediately prior to the transaction or series of transactions, as applicable, hold 80% or more of the voting shares of the new entity created by the transaction or series of transactions;

(iv) all or substantially all the assets of the Corporation or a Holding Corporation are sold, assigned or transferred (including by operation of law), or otherwise disposed of to another Person unless such Person is a wholly-owned subsidiary of the Corporation or a Holding Corporation;

(v) if on any day during the term of this Agreement more than 50% of the directors of a Holding Corporation or the Corporation then in office (A) were not directors of the Holding Corporation or the Corporation, as applicable, on the same day in the immediately preceding calendar year and (B) were not proposed by the Board of Directors of the Holding Corporation or the Board, as applicable, existing prior to their appointment or election; or

(vi) the Board, by resolution duly adopted by the affirmative vote of a simple majority of the votes cast by the Board, determines that for purposes of this Agreement, a Change in Control has occurred.

(d) "Disability" shall mean a physical or mental impairment that is certified in writing by a physician as preventing the Executive from engaging in any employment for which the Executive is reasonably suited by virtue of the Executive's education, training or experience and that can reasonably be expected to last for the remainder of the Executive's lifetime.

(e) "Good Reason" shall mean:

(i) Inconsistent Duties. The assignment to the Executive of any duties inconsistent with the Executive's status as an executive officer of the Corporation, or a material alteration in the nature or status of the Executive's responsibilities or duties or reporting relationship from those in effect immediately prior to a Change in Control.

(ii) Benefits and Perquisites. The failure by the Corporation to provide the Executive with compensation and benefits, in the aggregate, at least equal (in terms of benefit levels and/or reward opportunities which opportunities will be evaluated in light of the performance requirements therefor) to those provided for under the compensation, incentive compensation, stock option, retirement, pension, savings, vacation, deferred compensation, professional fees and club dues reimbursement, financial counselling, expense reimbursement, company vehicle, benefit or material perquisite plans, programs and practices in which the Executive was participating at any time within 180 days preceding the date of a Change in Control or at any time thereafter;

(iii) Reduced Salary. A reduction of the Executive's salary as in effect on the date of the Change in Control or any time thereafter or the failure of the Corporation to grant the Executive salary increases at a rate commensurate with the increases accorded to other key executives of the Corporation;

(iv) No Assumption by Successor. A failure by the Corporation to obtain from any Successor its agreement to assume and perform this Agreement as contemplated by Section 6 hereof; or

(v) Relocation. A requirement that the Executive be based at any city located at minimum 30 miles from where the Executive is based immediately prior to the Change in Control or a substantial increase in the Executive's business travel obligations subsequent to the Change in Control.

(f) "Notice of Dispute" shall mean a notice sent by either the Executive or the Corporation to the other party following the delivery of a Notice of Termination indicating that the party giving such notice has a dispute, claim or difference

concerning the Notice of Termination and setting out with reasonable particularity the subject matter of the dispute.

(g) "Notice of Termination" shall mean a notice sent by either the Executive or the Corporation to the other party terminating the Executive's employment as of a certain date and setting forth the reasons therefor. The Executive's failure to set forth in the Notice of Termination any fact or circumstance which contributes to a showing of "Good Reason" will not result in a waiver of the Executive's rights hereunder or preclude the Executive from asserting such fact or circumstance in enforcing the Executive's rights hereunder.

(h) "Payment Date" shall mean a date that is no later than the 30th business day following the Termination Date.

(i) "Person" shall mean any individual, corporation, partnership, firm, group, association, trust, unincorporated organization or other "person" as such term is used in Section 2 of the *Canada Business Corporations Act* as amended from time to time.

(j) "Retirement" shall mean the voluntary retirement of the Executive at the Executive's own initiative in accordance with the provisions of the Corporation's pension plan.

(k) "Severance Period" shall mean a period of 24 months following the Termination Date.

(l) "Severance Salary Rate" shall mean the highest monthly rate of base salary that was payable to the Executive during the 24-month period immediately preceding the Termination Date.

(m) "Successor" shall mean the direct or indirect successor by purchase, merger, consolidation or otherwise, to all or substantially all of the business and/or assets of the Corporation.

(n) "Termination Date" shall mean (i) in the case of the Executive's death, the date of death, (ii) in the case of the Executive's Retirement, the date of Retirement in accordance with the Corporation's pension plan, (iii) in the case of a termination by the Executive in accordance with Section 3, the last day of employment as set forth in the Notice of Termination given by the Executive (which will not be less than 30 days or more than 60 days from the date such notice is given), (iv) in the case of a termination by the Corporation for Cause, a date not less than 30 days after receipt of the Notice of Termination by the Executive, (v) in the case of a termination due to the Executive's Disability, the date of the Disability, and (vi) in the case of a termination by the Executive in accordance with Section 3 where there has been no assumption of this Agreement by a Successor, the date on which the succession becomes effective.

2. Term of Agreement

This Agreement shall commence as of the date hereof and shall continue in effect until the date the Executive's employment is terminated; provided, however, that if the Executive's employment is terminated following, or in anticipation of, a Change in Control, the term shall continue in effect until all payments and benefits have been made or provided to the Executive hereunder.

3. Executive's Right of Termination

After a Change in Control and for 18 months thereafter, the Executive shall have the right to terminate employment for Good Reason by sending a Notice of Termination to the Corporation setting forth in reasonable detail the facts and circumstances claimed to constitute Good Reason. If the Executive's employment is terminated in accordance with the provisions of this Section 3, the Executive shall be entitled to the compensation and benefits described in Section 4(c) below.

4. Compensation and Benefits following Change in Control

Following a Change in Control, the Executive shall be entitled to the following compensation and benefits:

(a) Cause, Death, Retirement, Other than for Good Reason. If the Executive's employment is terminated (i) by the Corporation for Cause, (ii) by reason of the Executive's death (iii) by reason of the Executive's Retirement or (iv) by the Executive other than in accordance with Section 3, the Corporation shall pay to the Executive the Accrued Compensation.

(b) Disability. If the Executive's employment is terminated as a result of Disability, the Corporation shall pay to the Executive the Accrued Compensation and the Executive's benefits will be determined in accordance with the Corporation's insurance programs and other benefit or pension plans then in effect.

(c) By the Corporation Without Cause, By the Executive for Good Reason. If the Executive's employment with the Corporation shall be terminated by the Corporation for any reason other than for Cause or Disability within 18 months following a Change in Control, or by the Executive in accordance with the provisions of Section 3, the Executive shall be entitled to the following no later than the Payment Date:

(i) Accrued Compensation. The Accrued Compensation.

(ii) Severance Payment. An amount equal to 24 months of the Severance Salary Rate.

(iii) Incentive Compensation Plans

a. Short Term Incentive Plans

Any amounts required to be paid to the Executive under the Performance Incentive Plan (or any successor plan) in which the Executive is participating prior to the Change in Control. The Corporation will pay the Executive a lump sum amount in lieu of the Executive's participation in such annual incentive plan equal to the sum of:

(A) for the year during which the Termination Date occurs, an amount equal to the greater of

a. the amount payable to the Executive under such annual bonus plan for that year, determined as if 100% of the target result of the Corporation's performance for that year was achieved, and

b. the amount payable to the Executive under such annual bonus plan for that year, determined as if the actual performance of the Corporation from the beginning of that year to the end of the most recently completed fiscal quarter during that year, if any, prior to the Termination Date, on an annualized basis, was the actual performance of the Corporation for that year

and

(B) for each other year or portion thereof remaining in the Severance Period, an amount equal to the Executive's target annual bonus for the year during which the Termination Date occurs, prorated based upon the number of months and days that fell within the Severance Period during each such year.

All amounts payable hereunder with respect to such annual bonus plan will be determined based upon 100% of the Executive's award under such annual bonus plan, notwithstanding any discretion of the Management Resources and Compensation Committee of the Board and notwithstanding any amendments to such annual bonus plan occurring after the Change in Control.

b. Other Incentive Plans

Any amounts required to be paid to the Executive under the terms of such longer term incentive compensation plan(s) (including the

stock option plans, deferred share unit plans and any successor or additional plans) in which the Executive is participating prior to the Change in Control.

(iv) Insurance Coverage. The Corporation will continue to cover the cost of the Executive and the Executive's dependants coverage under the Corporation's life, disability, accident, dental and health insurance programs in place immediately prior to the Termination Date until the end of the Severance Period, subject to the Executive's continued contributions, if any; provided, however, that the Corporation has the option of paying a lump sum equal to the present value of the cost to the Corporation of such continued coverage in lieu of continuing the coverage.

(v) Career Counselling. At the Executive's request, the Corporation will pay for career counselling services actually obtained from the recognized professional career counselling firm of the Executive's choice and that are no less favourable than those made available to former Officers of the Corporation of similar standing or rank who terminated employment on or prior to the Change in Control. Such services will be provided until the Executive obtains subsequent employment or establishes the Executive's own business activity. Eligibility for these benefits is limited to one year following the Termination Date to a maximum cost of $50,000 excluding applicable taxes.

(vi) Company Car and Expenses. The Executive will be entitled to purchase, before the Payment Date, the car provided by the Corporation for the Executive's use, at a price calculated on the same basis as that used for the optional purchase of company cars by participants in the Corporation's Executive Automobile Plan in effect immediately prior to the Change in Control. In addition, the Corporation will pay the Executive an amount equal to the expenses that would have been incurred for the use of the car if the Executive had continued to be employed throughout the Severance Period, determined on the basis that the annual expenses for using the car are equal to the total vehicle expenses payable or reimbursable to the Executive, by the Corporation, during the calendar year preceding the calendar year in which the Termination Date occurs; provided, however, that such amount will not be less than the amount of such expenses (including any reimbursement of taxes) that would have been paid or reimbursed for such calendar year in accordance with the Corporation's policy in effect as of the Change in Control.

(vii) Financial Counselling. The Corporation will continue to provide the Executive throughout the Severance Period with the same financial counselling benefits as those to which the Executive was entitled immediately prior to the Change in Control, including the preparation of

the Executive's tax return(s) for himself and the Executive's spouse for the taxation year during which the Severance Period ends.

(viii) Relocation Assistance.

a. Moves of 75 miles or more

In the event that the Executive relocates the Executive's residence from one metropolitan area to another within Canada or the United States, involving a distance of not less than 75 miles, for any reason during the 12 month period following the Termination Date or 12 months past the resolution of any dispute under Section 12 hereof, the Corporation will provide the Executive with the same level of relocation assistance benefits as that provided under the Corporation's Relocation Policy (the "Policy") in effect at the time of the Change in Control, with the exception of the following:

- Temporary Living Expenses
- Equity Protection
- Purchase of a New Property
- Mortgage Interest Differential Payment
- Housing Purchase Subsidy
- Rental Subsidy
- Bridge Financing.

In lieu of a payment under the Home Disposal Assistance Plan Section of the Policy, the Executive will be entitled to a payment equal to the greater of:

(A) the "appraised market value" (as defined under the Policy) of the Executive's current residence and

(B) the original purchase price of the Executive's current residence plus the cost of any capital improvements to such residence from the original date of purchase.

This payment will be paid to the Executive, within 5 business days after the determination of the appraised market value (as defined under the Policy). In consideration of such payment, the Executive agrees to transfer title to the Executive's current residence forthwith to the Corporation or to the relocation company engaged by the Corporation, as directed by the Corporation, and to deliver to it all title documents in the Executive's possession that relate to the Executive's current residence.

b. Moves of less than 75 miles

In the event that the Executive relocates the Executive's residence involving a distance of less than 75 miles, for any reason during the 12 month period following the Termination Date, the Corporation will reimburse the Executive for disbursements made in respect of any legal fees, real estate commissions and real property transfer taxes incidental to the conveyance of the Executive's existing residence and the Executive's new residence.

(ix) Executive Medical. An amount equal to the cost of the annual physical examination last provided to the Executive before the Change in Control, for each year in the Severance Period.

(x) Club Memberships. An amount equal to the annual membership fees, not including any fees for initial membership paid on behalf of the Executive, for the year in which the Termination Date occurs, for each year of the Severance Period and prorated for incomplete years.

(xi) Housing Loans. The Executive will make repayments of any loan issued by the Corporation in connection with the Corporation's Relocation Expenses Policy, in accordance with the repayment schedule under the loan as though the Executive had not terminated employment; except that full repayment of the loan will be due on the earlier of the end of the Severance Period and the date on which the Executive sells the Executive's residence.

(xii) Housing Subsidy. An after-tax amount equal to the present value of the cost of any housing subsidy given to the Executive by the Corporation prior to the Executive's termination of employment that would have been payable by the Corporation under the terms of its policy in effect as of the Change in Control had the Executive continued to be employed during the Severance Period.

(xiii) Professional Membership Fees. An amount equal to the membership fees for membership in professional organizations related to maintaining the Executive's professional status reimbursed by the Corporation for the year preceding the year during which the termination occurs, for each year in the Severance Period.

(xiv) Pensions. The Executive is entitled to receive a lump sum value equivalent to the actuarial value of the benefits under the pension arrangement outlined in the Executive Employment Agreement had the Executive continues to accrue service from the Executive's Termination Date to the end of the Severance Period.

(xv) Legal Fees and Expenses. The Corporation will pay the Executive's legal fees and expenses incurred by the Executive as a result of the Executive's termination (including all such fees and expenses, if any, incurred in seeking to obtain or enforce any right or benefit provided by this Agreement) to a maximum amount of $100,000 excluding applicable taxes provided however, that the Executive shall re-pay to the Corporation all such amounts if it is determined by an arbitrator or court that the Executive's dispute was frivolous or vexatious.

(xvi) Tax Withholding. Unless expressly provided otherwise in an applicable provision of this Agreement, all payments to be made under this Section will be subject to required statutory deductions at source.

(xvii) Calculations. For purposes of determining the present value of an amount, other than for purposes of clause (c) (xv) above, the interest rate to be used will be the yield for 5 year constant maturity Canadian government bonds for the current week taken from the most recent weekly Canadian Debt Strategy published by ScotiaMcLeod Inc. or, if for any reason that report is not available at the relevant time, the most recent weekly report published by another recognized Canadian publisher of a report of similar standing chosen by the Corporation. All calculations of amounts payable under this Agreement will be subject to verification by the Corporation's independent auditors.

(xviii) No Mitigation. The Executive will not be required to mitigate the amount of any payment provided for in this Section by seeking other employment or otherwise, nor will the amount of any payment or benefit provided for in this Section be reduced by any compensation earned by the Executive as the result of employment, whether by another employer or self-employment, or by pension benefits after the Termination Date, or otherwise, except as specifically provided in this Section.

5. Payment of Benefits

If any payment to the Executive required by this Agreement is not made within the time for such payment specified herein, the Executive shall be paid interest on such payment at the legal rate payable from time to time upon judgments in the Province of Alberta from the date such payment is payable under the terms hereof until paid.

6. Binding Agreement

This Agreement shall inure to the benefit of and be enforceable by the Executive, and the Executive's heirs, legal or personal representatives. If the Executive should die while any amount would still be payable to the Executive hereunder if the Executive had continued to live, all such amounts will be paid in accordance with the terms of this Agreement to the Executive's devisee, legatee or other designee or, if there is no such designee, to the Executive's estate. This Agreement shall be binding upon the Corporation, its Successors and assigns. The Corporation shall require any Successor to expressly assume and agree to perform this Agreement in accordance with its terms. The Corporation shall obtain such assumption and agreement prior to the effectiveness of any such succession.

7. Notices

For the purpose of this Agreement, notices and all other communications provided for in this Agreement will be in writing, will be deemed to have been duly given when delivered or sent by facsimile or other form of recorded electronic communication, charges prepaid and confirmed in writing or on the third business day after having been sent by registered mail, postage prepaid, addressed to the respective addresses set forth on the first page of this Agreement, or to such other address as either party may have furnished to the other in writing in accordance herewith.

8. Most Favoured Benefits

If after a Change in Control there is a conflict between the provisions of this Agreement and the provisions of any incentive compensation plans, benefit plans, the Pension Plan, any other perquisites payable, or any basis of compensation or the payment of benefits to the Executive, generally, the parties acknowledge and agree that it is the intent of this Agreement that the Executive will receive the maximum of the amounts owing to the Executive hereunder or thereunder and in no event will the Executive be disadvantaged as a result of such a conflict.

9. Amendments; Waivers

No provision of this Agreement may be modified, waived or discharged unless such waiver, modification or discharge is agreed to in writing. No waiver by either party of the breach of any condition or provision of this Agreement shall be deemed a waiver of any other condition or provision at the same or any other time. Any Change in Control Agreement between the parties hereto which predates this Agreement is null and void.

10. Governing Law

The validity, interpretation, construction and performance of this Agreement shall be governed by the laws of the Province of Alberta.

11. Validity

The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect.

12. Dispute Resolution

(a) Following the delivery of a Notice of Dispute by either party, at the election of the Executive such dispute may be settled and determined by mandatory arbitration.

(b) Where the Executive has elected to settle the dispute by way of arbitration, the provisions of this Section 12 shall be deemed to constitute an "arbitration agreement" within the meaning of the *Arbitration Act*, R.S.A. 2000, c.A.-43 as amended (the "Act") and the provisions of the Act, except to the extent that a contrary intention is expressed herein, shall apply to any arbitration hereunder. The Executive may at any time give written notice to the Corporation of a desire to submit such dispute to arbitration. Within 10 business days after receipt of such notice, the parties shall appoint a single arbitrator, with appropriate experience to determine such dispute. If the parties fail to appoint an arbitrator either party may apply to a judge of the Court of Queen's Bench to appoint an arbitrator to determine such dispute. Notwithstanding the Act, the Executive may discontinue the submission to arbitration and revoke the appointment of an arbitrator at any time prior to the commencement of the hearing. The arbitrator so appointed shall have all the powers of a judge of the Court of Queen's Bench and shall forthwith proceed to arbitrate the dispute. The award of the arbitrator shall be delivered to the parties within 60 days of the conclusion of the arbitration hearing. The costs of the arbitration shall be paid as determined by the arbitrator. Judgment upon the award rendered by the arbitrator may be entered into any court having jurisdiction and thereupon execution or other legal process may issue thereon. The parties hereto and all persons claiming through or under them hereby attorn to the jurisdiction of the arbitrator and to the jurisdiction of any court in which the judgment may be entered.

(c) Following the delivery of a Notice of Dispute the Corporation will provide compensation and benefits in accordance with Section 4(c) herein, other than long term incentive plan or pension plan participation or payment, in which the Executive was participating when the Notice of Termination giving rise to the dispute was given, until the dispute is finally resolved either by way of mutual written agreement of the parties, by binding arbitration award hereunder or by final judgment, order or decree of a court of competent jurisdiction (which is not appealable, or the time for appeal therefrom has expired and no appeal has been perfected). In the event that the final resolution determines that the Executive is entitled to benefits pursuant to Section 4(c), all amounts paid by the Corporation hereunder to the Executive following the Termination Date, shall be considered to be payments under Section 4(c) and shall not be duplicated. In the event that the final determination of the dispute determines that the Executive is not entitled to

any benefits under Section 4(c), the Executive agrees to return promptly to the Corporation all payments received following the Termination Date set out in the Notice of Termination, other than any benefits to which he is entitled pursuant to Section 4(a) or (b), as applicable.

13. Counterparts

This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original but all of which together will constitute one and the same agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the day and year first above written.

Dear Laird

I am very pleased to offer you the position of Vice President Security and Risk Management with Canadian Pacific in Calgary Canada reporting to myself.

The details of this offer are as follows:

COMMENCEMENT DATE

April 2, 2014

TOTAL DIRECT COMPENSATION

In this role, the expected value of your total direct compensation package (base salary, STIP and LTIP) will be $756,250 annually, and is comprised of:

Base Salary

Your annual base salary will be $275,000 paid bi-weekly in Canadian dollars.

Short Term Incentive Plan (STIP)

You will be eligible to participate in the Short Term Incentive Plan as it may be amended from time to time. Your target award level will be 60% of your base salary (or $165,000). This annual bonus is comprised of two components, individual and corporate: 25% will be based on your individual performance as measured through the Company's Performance Management Program and the remaining 75% will be based on the Company's performance against its corporate targets. Both individual and corporate components have a maximum of 200% of target (i.e., for a total of 120% of base salary). In 2014, you will be eligible for a prorated amount.

Long Term Incentive Program (LTIP)

You will be eligible to participate in the Company's Long Term Incentive Plan (LTIP). Subject to plan design, as it may change over time and ongoing Board discretion, your target award level will be 115% of base salary (or $316,250), consisting of an allocation of 50% in regular stock options and

50% in performance share units (PSUs). Subject to Board approval, annual grants typically occur in January/February of each year.

OWNERSHIP GUIDELINES

By five (5) years from your start date, you will be required to achieve an ownership level equivalent to two times your annual salary. To help you meet your ownership requirements, the company has a voluntary incentive deferral program. Annually, you may elect to defer all or a portion of your annual bonus payment into DSUs. The Company will provide a 25% match, i.e., one DSU will be awarded for every four DSUs acquired with your bonus deferral. The matched units will only be provided if you are below your ownership level.

VACATION

You are entitled to five weeks' vacation per year. For 2014, your vacation entitlement will be prorated according to your start date.

FLEX BENEFITS

You will be eligible to participate in CPR's *Flex*Benefits through Manulife, our benefits provider. In addition to your core coverage, you will be given individual choices regarding each of the following: life insurances for you and your dependents, long-term disability, health care, dental care and personal travel insurance.

An activation key will be forwarded to you with a link for accessing *Flex*Benefits on line. You will be given an expiry date by which time you must complete your enrolment. Please see attached summary of benefits.

CANADIAN PACIFIC AUTOMOBILE PLAN

The Automobile Plan allows you to select an automobile up to a value of $48,600 (excluding sales tax, transportation, and license costs). The plan also allows you to exceed this limit but at your own expense**.**

The Company will obtain a vehicle and make it available for unrestricted use by yourself and immediate family members who reside with you (as well as occasional use by others). The Company will pay or will reimburse you for all maintenance and operating expenses. The vehicle will be replaced after four (4) years or 100,000 kms, whichever comes first. Provision has been made to allow you to purchase the vehicle, if you so wish, when it becomes eligible for replacement or sooner if you leave the employ of the Company, according to the terms of the plan.

As a result of your participation in this plan, you will incur an annual taxable benefit relating to the use of the vehicle in accordance with current tax laws. However, given it is the Company's objective to promote the use of more fuel efficient, environmentally friendly automobiles, should you select a vehicle that meets the criteria for

environmentally friendly vehicles as outlined in the Company's Executive Automobile Policy, the Company will gross up the Annual Lease Value (ALV) portion of the taxable benefit, based on a percentage of the ALV calculation.

Upon relocation to Canada, please contact Doug Rasmussen at Pattison Leasing (403) 301-2407 to arrange for your vehicle. Please note that depending on the vehicle selected, it may take up to 6 months from order placement to receive your vehicle, and as a result, to begin taking advantage of this benefit.

RETIREMENT PROGRAMS

You will be enrolled in the Canadian Pacific Defined Contribution (DC) Option of the Canadian Pacific Pension Plan. CP's competitive DC plan features employer and employee contributions which increase over time based on your combined age and years of service.

The following illustrates DC contribution levels.

Employee Contribution	Age plus service points	**CP** Contribution	Age plus service points
4% of earnings	<40	4%	<40
5% of earnings	40-49	5%	40-49
6% of earnings	50+	6%	50-59
		7%	60-69
		8%	70+

In addition, you will be eligible to participate in the Canadian Pacific Railway Company Supplemental Retirement Plan (the Supplemental Plan), which is fully paid by the Company. Supplemental benefits include pension benefits in excess of the Canada Customs and Revenue Agency maximum for the DC pension plan. For your level, this plan provides an additional notional contribution of 6% of your base salary annually.

FLEX PERQUISITIES PROGRAM

You are eligible to participate in the Canadian Pacific Railway Flexible Perquisite Program for senior officers. This program allows you to design the perquisite package best suited to your individual needs (executive automobile, clubs, financial counseling services etc.) within a set annual "flex dollar" amount. Any unused funds at the end of the year are paid out in cash.

EXECUTIVE MEDICAL PROGRAM

You are entitled to an annual executive medical examination. The examination includes a number of tests, which will assist in determining your health status as well as recommending preventative and/or curative measures, thus optimizing your health. The medical information obtained during the examination remains strictly confidential.

EMPLOYEE SHARE PURCHASE PLAN (ESPP)

You can also participate in the Employee Share Purchase Plan (ESPP). Shares may be purchased through payroll deduction and the Company matches a portion of every dollar invested (subject to certain vesting conditions). The Company will contribute 33 cents for every dollar contributed to the Plan on the first 6% of your contributions, on an ongoing basis

EXECUTIVE COMPENSATION CLAWBACK

By signing this offer letter you are agreeing to be bound by the Executive Compensation Clawback Policy. The Corporation may seek reimbursement of incentive compensation paid to you, specifically, where (i) you have received or receive incentive compensation that is based on financial results that are subsequently materially restated or corrected, (ii) through misconduct, you are responsible for causing the need for such restatement or correction, and (iii) your incentive compensation would have been lower based on the restated or corrected results.

The Board may from time to time approve amendments to the Executive Compensation Clawback Policy. If such amendments are made, you will be advised immediately. For further information please see Appendix 1.

RELOCATION

As your new position is located in Calgary, the relocation of you, your family and your household effects will be governed by the Company's Relocation (Canada) Policy #8801 which can be found under Employee Policies on Rail City.

As a relocating employee, please ensure that the request for Relocation Form (Appendix II) is returned with your signed acceptance as soon as possible in order to initiate your move. Once returned to us, Brookfield Global Relocation Services (BGRS) will then contact you to initiate the process and answer any questions you might have.

TAX PLANNING AND SETTLEMENT

For application to your specific tax situation, we will provide you with up to 3 hours of consultation with a tax advisor. Please contact Paul Watson, Senior Manager at KPMG at 403-691-8487 to arrange a mutually agreeable time for this consultation if you wish to use this service.

As a result of the complications resulting from the preparation of tax returns during the year of transfer, the Company is prepared to provide you with professional assistance in completing your tax returns for the transition year and the following tax year. The Company will not compensate you for any increased income tax burden arising from the assignment.

Due to different tax filing deadlines between the US and Canada, and the manner in which source tax deductions are made, there may be a potential allocation of tax liabilities between the two countries causing an amount owing to one jurisdiction while a refund is expected in the other, which can only be determined upon filing of all appropriate returns. The Company will offer a temporary advance of funds to you to cover the timing of tax liabilities where it is necessary to pay the tax liability owing to one jurisdiction in anticipation of a refund from the other. However, this advance will generally be limited to the amount of anticipated refund as such terms are intended to cover timing differences, but not to finance your net personal tax liability. A copy of this advance of funds for taxes is attached as Appendix III to this letter.

WORK PERMIT

This offer is conditional upon your obtaining a work permit in Canada. Until such time that a work permit is secured, you will perform your duties from your current location. You agree to provide such information as required, and Canadian Pacific agrees to arrange for your application to be sent to Canadian Immigration Authorities. This process may take up to six months.

Appendix I

Executive Compensation Clawback Policy

The Board of Directors may determine that incentive compensation paid to a senior executive or former senior executive should be reimbursed to the Company in circumstances where:

1. The incentive compensation paid to the senior executive or former senior executive was predicated upon the achievement of financial results that were subsequently materially restated or corrected, in whole or in part; and

2. The senior executive or former senior executive engaged in gross negligence, fraud or intentional misconduct that caused or partially caused the need for such restatement or correction, as admitted by the senior executive, or, in the absence of such admission, as determined by the Board acting reasonably; and

3. The incentive compensation paid to the senior executive or former senior executive would have been lower based on the restated or corrected results.

Intentional misconduct includes (but is not limited to) acts or omissions that are not in good faith or which are a knowing violation of a law, and can also include conscious inaction, where no corrective measures were taken to avoid or rectify a material decision made, which resulted in financial harm to the Company.

In such an instance, reimbursement of all or a portion of the applicable incentive compensation paid to the senior executive or former senior executive under the Company's incentive plans will be sought, as permitted by applicable laws and to the extent the Board determines, in its sole discretion, that it is in the best interest of the Company to so require reimbursement (including to ensure compliance with applicable laws).

If it is determined recovery should be sought, the Board may pursue all reasonable legal and other remedies to recover the applicable incentive compensation, including, without limitation, by: (i) seeking repayment from the senior executive or former senior executive; (ii) reducing the amount that would otherwise be payable to the senior executive under a Company plan; (iii) reducing or withholding future equity grants, bonus awards, or salary increases; or (iv) taking any combination of these actions. These remedies would be in addition to, and not in lieu of, any actions imposed by law enforcement agencies, regulators or other authorities.

1.4 Terms Generally

The definitions of terms herein shall apply equally to the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words "include", "includes" and "including" shall be deemed to be followed by the phrase "without limitation". In any Credit Document the phrase "the aggregate of", "the total of", "the sum of", or a phrase of similar meaning means "the aggregate (or total or sum), without duplication, of". In the computation of periods of time from a specified date to a later specified date, unless otherwise expressly stated, the word "from" means "from and including" and the words "to" and "until" each mean "to but excluding". The word "will" shall be construed to have the same meaning and effect as the word "shall". Unless the context requires otherwise:

(a) any definition of or reference to any agreement, instrument or other document herein (including this Agreement) shall be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented, restated or otherwise modified (subject to any restrictions on such amendments, supplements, restatements or modifications set forth herein);

1.5 Generally Accepted Accounting Principles and Changes Thereto

(a) All financial statements required to be furnished by the Covenantor or a Borrower to the Administrative Agent hereunder shall be prepared in accordance with Generally Accepted Accounting Principles. Each accounting term used in this Agreement, unless otherwise defined herein, has the meaning assigned to it under applicable Generally Accepted Accounting Principles and, except as otherwise provided herein, reference to any financial statement item means such item as computed from the applicable financial statement prepared in accordance with applicable Generally Accepted Accounting Principles.

(b) If the Covenantor, the Administrative Agent or the Majority Lenders determine at any time that any amount required to be determined hereunder would be materially different if such amount were determined in accordance with:

(i) Generally Accepted Accounting Principles applied by the Covenantor or a Borrower in respect of its financial statements on the date hereof ("**Old GAAP**"), rather than

(ii) Generally Accepted Accounting Principles subsequently in effect in the United States or Canada, as applicable, and applied by the Covenantor or a Borrower in respect of its financial statements (including the adoption of IFRS) and utilized for purposes of determining such amount,

then written notice of such determination shall be delivered by the Borrowers to the Administrative Agent, in the case of a determination by the Covenantor, or by the Administrative Agent to the Borrowers, in the case of a determination by the Administrative Agent or the Majority Lenders.

(c) If the Covenantor or a Borrower adopts a change in an accounting policy in the preparation of its financial statements in order to conform to accounting recommendations, guidelines, or similar pronouncements, or legislative requirements, and such change would require disclosure thereof under Old GAAP, or could reasonably be expected to adversely affect (i) the rights of, or the protections afforded to, the Administrative Agent or the Lenders hereunder or (ii) the position of the Covenantor or the applicable Borrower or of the Administrative Agent or the Lenders hereunder, the Borrowers shall so notify the Administrative Agent, describing the nature of the change and its effect on the current and immediately prior year's financial statements in accordance with Old GAAP and in detail sufficient for the Administrative Agent and the Lenders to make the determination required of them in the following sentence. If any of the Covenantor, the Administrative Agent or the Majority Lenders determine at any time that such change in accounting policy results in an adverse change either (A) in the rights of, or protections afforded to, the Administrative Agent or the Lenders intended to be derived, or provided for, hereunder or (B) in the position of the Covenantor or the applicable Borrower or of the Administrative Agent and the Lenders hereunder, written notice of such determination shall be delivered by the Borrowers to the Administrative Agent, in the case of a determination by the Borrowers, or by the Administrative Agent to the Borrowers, in the case of a determination by the Administrative Agent or the Majority Lenders.

(d) Upon the delivery of a written notice pursuant to either Section 1.5(b) or 1.5(c), the Covenantor and the Administrative Agent on behalf of the Lenders shall meet to consider the impact of such change in Old GAAP or such change in accounting policy (in each case, an "**Accounting Change**"), as the case may be, on the rights of, or protections afforded to, the Administrative Agent and the Lenders or on the position of the Covenantor or the applicable Borrower or of the Administrative Agent and the Lenders and shall in good faith negotiate to execute and deliver an amendment or amendments to this Agreement in order to preserve and protect the intended rights of, or protections afforded to, the Administrative Agent and the Lenders on the date hereof or the position of the Covenantor or the applicable Borrower or the Administrative Agent and the Lenders (as the case may be); provided that, until this Agreement has been amended in accordance with the foregoing, then for all purposes hereof, the Accounting Change shall be disregarded hereunder and any amount required to be determined hereunder shall, nevertheless, continue to be determined under Old GAAP and the Covenantor or the applicable Borrower's prior accounting policy, as applicable. For the purposes of this Section 1.5, the Covenantor and the Borrowers, the Lenders and the Administrative Agent acknowledge that the amendment or amendments to this Agreement are to provide substantially the same rights and protection to the Covenantor, the Borrowers, the Administrative Agent and the Lenders as is intended by this Agreement on the date hereof. If the Covenantor and the Administrative Agent on behalf of the Majority Lenders do not mutually agree on such amendment or amendments to this Agreement within sixty (60) days (or such longer period as may be acceptable to the Administrative Agent, acting reasonably) following the date of delivery of such written notice, the Covenantor or the applicable Borrower shall continue to either provide financial statements in accordance with Old

GAAP or such financial information as the Administrative Agent on behalf of the Majority Lenders may reasonably require in order for any amount required to be determined hereunder to be determined in accordance with Old GAAP and the Covenantor or the applicable Borrower's prior accounting policy and, for all purposes hereof, the applicable changes from Old GAAP or in accounting policy (as the case may be) shall be disregarded hereunder and any amount required to be determined hereunder shall, nevertheless, continue to be determined under Old GAAP and the Covenantor or the applicable Borrower's prior accounting policy, as applicable.

(e) If a Compliance Certificate is delivered in respect of a Financial Quarter or Financial Year in which an Accounting Change is implemented without giving effect to any revised method of calculating the Financial Covenant, and subsequently, as provided above, the method of calculating the Financial Covenant is revised in response to such Accounting Change, or the amounts to be determined pursuant to the Financial Covenant are to be determined without giving effect to such Accounting Change, the Covenantor shall deliver a revised Compliance Certificate. Any Event of Default arising as a result of the Accounting Change and which is cured by this Section 1.5(e) shall be deemed to be of no effect *ab initio*.

1.6 Non-Business Days

Subject as otherwise provided in this Agreement, whenever any payment is stated to be due on a day which is not a Business Day, such payment shall be made on the next succeeding Business Day, and such extension of time shall be included in the computation of interest or fees, as the case may be.

1.7 Rateable Portion of Accommodations

Subject as otherwise provided in this Agreement including, for certainty, the immediately following paragraph, references in this Agreement to a Lender's rateable portion of Advances, Drawings and Issues or rateable share of payments of principal, interest, Fees or any other amount, shall mean and refer to a rateable portion or share as nearly as may be rateable in the circumstances, as determined in good faith by the Administrative Agent based on the ratio of the applicable Lender's Commitment under the applicable Credit Facility to the Commitment under such Credit Facility or the ratio of Accommodations Outstanding under the applicable Credit Facility from a Lender to total Accommodations Outstanding under such Credit Facility, respectively; provided that if at any time there are Lenders with different 5 Year Maturity Dates, all Lenders will share in 5 Year Accommodations on a pro rata basis except to the extent the particular 5 Year Accommodation requested has a maturity date after the 5 Year Maturity Date of a Lender, in which case only those 5 Year Lenders with a 5 Year Maturity Date later than the maturity date of the requested 5 Year Accommodation will be required to participate in providing such 5 Year Accommodation and the Borrowers may request a similar 5 Year Accommodation to the extent permitted hereunder from the other Lenders with a maturity date occurring on or before the 5 Year Maturity Date of such Lenders. Each such determination by the Administrative Agent shall be prima facie evidence of such rateable portion or share.

1.8 Incorporation of Schedules

The Schedules attached to this Agreement shall, for all purposes of this Agreement, form an integral part of it.

ARTICLE 2
CREDIT FACILITIES

2.1 Availability

(a) Each Lender under each Credit Facility in which such Lender has a Lender Commitment, severally agrees, in accordance with the terms and conditions of this Agreement, to make available to the Borrowers its rateable portion of Accommodations (other than Fronted Documentary Credits and Swingline Advances) under each such Credit Facility up to the amount of its Lender's Commitment under each such Credit Facility. Each 5 Year Fronting Documentary Credit Lender severally agrees, on the terms and conditions of this Agreement, to make Fronted Documentary Credits available to the Borrowers up to the amount of its 5 Year Fronting Documentary Credit Commitment, subject to the 5 Year Documentary Credit Commitment. Each 5 Year Lender severally agrees, in accordance with the terms and conditions of this Agreement, to make 5 Year Accommodations available to the Borrowers by way of issuance of Non-Fronted Documentary Credits by the Administrative Agent, as attorney for the 5 Year Lenders up to the amount of the 5 Year Documentary Credit Commitment after taking into account the Equivalent U.S. $ Amount of all then outstanding Fronted Documentary Credits. The 5 Year Swingline Lender agrees, in accordance with the terms and conditions of this Agreement, to make Swingline Advances available to the Borrowers up to the amount of the Swingline Commitment.

(b) Accommodations shall be made available as:

(i) Advances pursuant to Article 3 under each Credit Facility;

(ii) Bankers' Acceptances or Drafts pursuant to Article 4 under each Credit Facility; and

(iii) Documentary Credits pursuant to Article 5 under the 5 Year Facility only,

(c) The Administrative Agent shall give each applicable Lender prompt notice of any:

(i) Accommodation Notice received from a Borrower and of each applicable Lender's rateable portion of any Accommodation; and

(ii) other applicable notices received by it from a Borrower or the Covenantor under the Agreement.

(d) The Covenantor shall be entitled from time to time and provided no Default or Event of Default has occurred and is continuing to designate a wholly-owned Subsidiary which is domiciled in Canada and is not a non-resident of Canada for the purposes of the *Income Tax Act* (Canada) (a "**New Borrower**") of the Covenantor to become a Borrower hereunder by providing a written notice thereof to the Administrative Agent and the Lenders together with:

(i) an agreement in writing made by such New Borrower in favour of the Administrative Agent and the Lenders agreeing to be bound, as a Borrower, by this Agreement and the other Credit Documents to which each Borrower is a party and certifying that the representations and warranties made in Section 7.1 are true and correct in respect of the New Borrower;

(ii) written confirmation from the Covenantor that its obligations under its Guarantee of the obligations of the Borrowers hereunder extends to the obligations of the New Borrower hereunder and under the other Credit Documents to which it is a party;

(iii) written confirmation from the other Borrowers that their joint and several liability for the obligations of each other and the New Borrower continues unaffected and extends to the obligations of the New Borrower hereunder and under the other Credit Documents to which it is a party; and

(iv) such customary legal opinions and evidence of corporate existence and due authorization together with such other matters delivered in respect of the existing Borrowers under Section 6.1 as the Administrative Agent may reasonably require.

The Covenantor may, by written notice to the Administrative Agent and the Lenders, revoke the designation of any Borrower, other than CPRC, as a Borrower provided no Default or Event of Default will exist after giving effect to such revocation and, concurrently with such revocation, all amounts owing by such Borrower to the Administrative Agent hereunder, including all Accommodations Outstanding obtained by such Borrower, are repaid in full.

2.2 Commitment Limits

(a) The Accommodations Outstanding:

(i) from all Lenders under a Credit Facility shall not at any time exceed the Commitment of the Lenders under such Credit Facility;

(ii) from each Lender under a Credit Facility shall not at any time exceed such Lender's Commitment under such Credit Facility;

(iii) under the 5 Year Facility and consisting of Documentary Credits from all 5 Year Lenders shall not at any time exceed the 5 Year Documentary Credit Commitment;

(iv) under the 5 Year Facility and consisting of Fronted Documentary Credits from each 5 Year Fronting Documentary Credit Lender shall not at any time exceed such 5 Year Lender's 5 Year Fronting Documentary Credit Commitment; and

(v) from the 5 Year Swingline Lender shall not at any time exceed the Swingline Commitment.

(b) The 5 Year Facility is a revolving credit facility and prior to the 5 Year Maturity Date of each 5 Year Lender, the Borrower may increase or decrease Accommodations Outstanding under the 5 Year Facility from each such Lender by obtaining Accommodations under the 5 Year Facility and by making repayments in respect thereof.

(c) The 1+1 Facility is a revolving credit facility during the Revolving Period of each 1+1 Lender and during such Revolving Period the Borrower may increase or decrease Accommodations Outstanding under the 1+1 Facility from each such Lender by obtaining Accommodations under the 1+1 Facility and by making repayments in respect thereof. On the Term Out Date of a 1+1 Lender, the unutilized 1+1 Commitment of such 1+1 Lender shall be terminated and permanently cancelled and the 1+1 Commitment of such 1+1 Lender shall be reduced to the Equivalent Amount in U.S. Dollars of all Accommodations Outstanding under the 1+1 Facility then

outstanding to such 1+1 Lender. Thereafter, the 1+1 Facility with respect to such 1+1 Lender will not be a revolving facility and the Borrower may only effect conversions and rollovers in respect of its Accommodations Outstanding under the 1+1 Facility from such 1+1 Lender. During the Term Period of a 1+1 Lender, any Accommodations Outstanding under the 1+1 Facility of such 1+1 Lender repaid or prepaid (except upon a conversion or rollover) shall effect a permanent reduction of its 1+1 Commitment.

(d) The Covenantor may at any time and from time to time in respect of either Credit Facility or both Credit Facilities add additional financial institutions hereunder as Lenders or, with the consent of the applicable Lender, increase the Lender's Commitment of a Lender under a Credit Facility and thereby increase the total Commitment under a Credit Facility, provided that at the time of any such addition:

(i) no Default or Event of Default has occurred and is continuing;

(ii) the aggregate total Commitment under the Credit Facilities does not increase by more than U.S. $500,000,000 and the increase under each applicable Credit Facility is at least U.S. $25,000,000 and in multiples of U.S. $5,000,000 thereafter;

(iii) the Administrative Agent and, in the case of the 5 Year Facility only, the 5 Year Swingline Lender and each 5 Year Fronting Documentary Credit Lender, has consented either to such financial institution becoming a Lender or, if it is already a Lender, to the increase in its Lender's Commitment under the applicable Credit Facility, such consent not to be unreasonably withheld or delayed;

(iv) concurrently with the addition of a financial institution as an additional Lender under a Credit Facility or the increase of the Lender's Commitment of a Lender under a Credit Facility, such financial institution or Lender, as the case may be, shall purchase from each Lender under such Credit Facility such portion of the Accommodations Outstanding of each Lender under the applicable Credit Facility as is necessary to ensure that all Accommodations Outstanding of all Lenders under the applicable Credit Facility, and including therein such additional financial institution, are in accordance with the rateable share of all such Lenders under the applicable Credit Facility (including the new financial institution) and such financial institution shall execute such documentation as is required by the Administrative Agent, acting reasonably, to novate such financial institution as a Lender hereunder;

(v) the Covenantor and each Designated Subsidiary which has provided a Designated Subsidiary Guarantee, as applicable, has ratified and confirmed the Guarantee and the applicable Designated Subsidiary Guarantee, respectively, in respect of the Credit Facility as so increased; and

(vi) the Covenantor has provided to the Administrative Agent a certified copy of a directors' resolution of the Covenantor and each Borrower authorizing any such increase in the Commitment (which may be the original directors' resolution authorizing the Credit Facilities) together with such other documents and legal opinions with respect thereto in substantially the same form as the documents and legal opinion in respect of the Covenantor and Borrowers delivered in connection with the initial closing of the Credit Facilities.

2.3 Use of Proceeds

The Borrowers shall use the proceeds of Accommodations for general corporate purposes.

2.4 Mandatory Repayments and Reductions of Commitments

(a) The Borrowers shall repay (subject as otherwise provided in this Agreement) their respective Accommodations Outstanding to each Lender under each Credit Facility (and the Lender's Commitment under each Credit Facility of such Lender shall be permanently cancelled) on the Maturity Date of such Lender under each such Credit Facility, together with all accrued interest and Fees and all other amounts payable to such Lender in connection with each such Credit Facility. On each applicable Maturity Date under the 5 Year Facility:

(i) unless otherwise agreed to by the Administrative Agent, the applicable Borrower shall either deliver to the Administrative Agent (or cause to be delivered to the Administrative Agent) the original of each Non-Fronted Documentary Credit issued by the Administrative Agent as attorney-in-fact for and on behalf of each 5 Year Lender whose Maturity Date under the 5 Year Facility has occurred or comply fully with Section 5.11 in respect thereof; and

(ii) unless otherwise agreed to by the applicable 5 Year Fronting Documentary Credit Lender, the applicable Borrower shall either deliver to such 5 Year Fronting Documentary Credit Lender (or cause to be delivered to such 5 Year Fronting Documentary Credit Lender) the original of each Fronted Documentary Credit issued by such 5 Year Fronting Documentary Credit Lender or comply fully with Section 5.11 in respect thereof with respect to each 5 Year Lender whose Maturity Date under the 5 Year Facility has occurred.

(b) Notwithstanding the Guarantee or any Designated Subsidiary Guarantee but without in any way limiting the Guarantee or any Designated Subsidiary Guarantee, each Borrower agrees that it shall be liable, on a joint and several basis, with each other Borrower for the Accommodations Outstanding and all interest, Fees and other amounts payable by each Borrower to each Lender in connection with the Credit Facilities without any further action or demand being required by the Administrative Agent or the Lenders to give effect to such joint and several liability and regardless of any dealings between the applicable Borrower and the Lenders and the Administrative Agent hereunder or under the other Credit Documents.

2.5 Adjustment for Currency Fluctuations

If the Administrative Agent notifies the Borrowers no later than 4:00 p.m. (Toronto time) on the applicable Exchange Rate Determination Date that solely by reason of fluctuations in currency valuation, the Accommodations Outstanding under a Credit Facility exceed 105% of the Commitment under such Credit Facility on any Exchange Rate Determination Date (the amount by which such Accommodations Outstanding exceed 100% of the Commitment under such Credit Facility on such date being the "**Excess**"), one or more of the Borrowers shall no later than the third Business Day thereafter:

(a) make an adjusting payment by repaying Floating Rate Advances outstanding under such Credit Facility in an amount equal to such Excess; or

(b) if there are no Floating Rate Advances outstanding under such Credit Facility in an amount equal to or greater than such Excess, make an adjusting payment by either:

(i) repaying Fixed Rate Advances and Drawings under such Credit Facility, as determined by the applicable Borrower; or

(ii) providing the Administrative Agent with cash or Cash Equivalents as collateral;

in either case in an amount equal to the amount by which the Excess exceeds the amount of such Floating Rate Advances.

2.6 Optional Reductions of Commitments or Prepayments

The Borrowers may, subject to the provisions of this Agreement, without penalty, reduce the Commitment under a Credit Facility, in whole or in part, upon the number of Business Days' notice to the Administrative Agent specified in Schedule 6 by an irrevocable notice to the Administrative Agent stating the proposed date and aggregate principal amount of the reduction. In such case, the Borrowers shall pay to the Lenders in accordance with such notice the amount, if any, by which the Accommodations Outstanding under the applicable Credit Facility exceed the proposed reduced Commitment under such Credit Facility, which prepayment shall be effected, in the case of outstanding BA Instruments or Documentary Credits, by cash collateralizing them in accordance with the Agent's normal practices in that regard, and, in the case of Eurodollar Rate Advances, such prepayment shall be subject to the indemnity provisions in Section 12.6(c). Each partial reduction of the Commitment under a Credit Facility shall be in an aggregate amount of U.S. $25,000,000 and, in the case of reductions in excess thereof, in integral multiples of U.S. $5,000,000.

2.7 Extension of 5 Year Facility

(a) The Borrowers may, from time to time, request an extension from each Lender (including any then 5 Year Non-Extending Lender) (each, a "**Requested 5 Year Lender**") of the then current 5 Year Maturity Date of each such Requested 5 Year Lender (each, a "**Current 5 Year Maturity Date**" and the requested 5 Year Maturity Date being the "**New 5 Year Maturity Date**") by sending to the Administrative Agent at the Administrative Agent's Branch of Account a Request for Extension no more than once in each fiscal year and the Administrative Agent shall forthwith notify the Requested 5 Year Lenders of such request. Any such request must provide that the New 5 Year Maturity Date of all Requested 5 Year Lenders be the same and that the New 5 Year Maturity Date not exceed five years (or such longer term as may be acceptable to all of the Extending 5 Year Lenders) from the 5 Year Extension Date. Each Requested 5 Year Lender shall advise the Administrative Agent as to whether it agrees with such request within thirty (30) days of being so notified and the Administrative Agent shall forthwith (and, in any event, within two (2) Business Days) advise the Borrowers of the Requested 5 Year Lenders that have agreed to extend the Current 5 Year Maturity Date (such date being the "**5 Year Extension Date**"), provided that in the event such Requested 5 Year Lender does not so advise the Administrative Agent within such thirty (30) day period, such Requested 5 Year Lender shall be deemed to have advised the Administrative Agent that it does not agree with such request.

(b) Subject to Section 2.7(c), if a Requested 5 Year Lender does not agree to extend the Current 5 Year Maturity Date applicable to it (such Lender being a "**Non-Extending 5 Year Lender**" and any Requested 5 Year Lender agreeing to extend the Current 5 Year Maturity Date applicable to it being an "**Extending 5 Year Lender**") the Borrowers may, but are not obligated, to:

(i) so long as there exists no Event of Default and subject to Section 12.6(c), repay all Accommodations Outstanding and other amounts owing hereunder to any Non-Extending 5 Year Lender under the 5 Year Facility at any time prior to the Current 5 Year Maturity Date of such Non-Extending 5 Year Lender and upon such payment any Non-Extending 5 Year Lender shall cease to be a 5 Year Lender and its Lender's 5 Year Commitment shall be terminated and the 5 Year Commitment reduced accordingly; or

(ii) arrange for a replacement lender (which may be one of the 5 Year Lenders) to replace each Non-Extending 5 Year Lender's Accommodations Outstanding and its Lender Commitment under the 5 Year Facility; provided that any such replacement lender shall have been approved by the Administrative Agent (but only if it is not an existing 5 Year Lender) and by each applicable 5 Year Fronting Documentary Credit Lender and the 5 Year Swingline Lender (including if it is an existing 5 Year Lender) (such approvals not to be unreasonably withheld or delayed) and shall be novated into the Credit Documents in the place and stead of the Non-Extending 5 Year Lender by execution of all necessary documentation at any time prior to the Current 5 Year Maturity Date of such Non-Extending 5 Year Lender and in respect of which the 5 Year Lenders shall do all things and make all such adjustments as are reasonably necessary to give effect to any such replacement.

(c) The Current 5 Year Maturity Date shall not be extended in accordance with Section 2.7(a) if Requested 5 Year Lenders holding more than fifty percent (50%) of the 5 Year Commitments of all Requested 5 Year Lenders do not agree or are deemed not to agree to extend the Current 5 Year Maturity Date pursuant to any Request for Extension. In any such case, the Current 5 Year Maturity Date of each Requested 5 Year Lender shall not be extended, provided, however, the Borrowers shall be entitled to request further extensions of the 5 Year Maturity Date as provided for in Section 2.7(a), including, for certainty, from 5 Year Lenders which have previously refused or were deemed to have refused an extension.

(d) If all Requested 5 Year Lenders agree to extend the Current 5 Year Maturity Date pursuant to a Request for Extension then the Current 5 Year Maturity Date shall, effective on the 5 Year Extension Date, be extended to the New 5 Year Maturity Date.

(e) If, with respect to any 5 Year Request for Extension, the provisions of Section 2.7(c) or 2.7(d) are not applicable and there are Non-Extending 5 Year Lenders under Section 2.7(b), then:

(i) the Current 5 Year Maturity Date for the Extending 5 Year Lenders shall, effective on the 5 Year Extension Date, be extended as provided for in the 5 Year Request for Extension; and

(ii) for those Non-Extending 5 Year Lenders, the Current 5 Year Maturity Date of all such 5 Year Lenders shall not be extended.

(f) The Borrowers understand that consideration of any Request for Extension constitutes an independent credit decision which each Requested 5 Year Lender retains the absolute and unfettered discretion to make and that no commitment in this regard is hereby given by any Requested 5 Year Lender.

(g) The extension of the Current 5 Year Maturity Date in respect of any Requested 5 Year Lender is subject to the conditions precedent that:

(i) the representations and warranties contained in Article 7 are true and correct as if they were made on the date of the request made by the Borrowers pursuant to Section 2.7(a), and each extension of the Current 5 Year Maturity Date shall be deemed to constitute a representation and warranty that on such date such representations and warranties are true and correct except as the Borrowers have previously disclosed to the Requested 5 Year Lenders in writing; and

(ii) no Default or Event of Default has occurred and is continuing.

(h) The extension of the Current 5 Year Maturity Date of any 5 Year Lender that is the 5 Year Swingline Lender shall automatically extend the Current 5 Year Maturity Date in respect of the 5 Year Swingline Commitment of such 5 Year Lender. The extension of the Current 5 Year Maturity Date in respect of any Lender that is a 5 Year Fronting Documentary Credit Lender shall automatically extend the Current 5 Year Maturity Date in respect of the 5 Year Fronting Documentary Credit Commitment of such 5 Year Lender.

2.8 Extension of 1+1 Facility

(a) The Borrowers may, once in each Revolving Period and not less than 45 days prior to the then current Term Out Date, request an extension of the Term Out Date (each, a "**Current Term Out Date**") from each 1+1 Lender which has not yet refused to extend the Term Out Date (or been deemed to have refused to extend the Term Out Date) pursuant to any prior Request for Extension (each, a "**Requested 1+1 Lender**") by sending to the Administrative Agent a Request for Extension requesting an extension of the Current Term Out Date for a further period of 364 days from the date the Borrowers accept the offer to extend the Current Term Out Date as described in this Section 2.8 (such requested date hereby called the "**New Term Out Date**") and the Administrative Agent shall forthwith, and in any event within two (2) Business Days, notify each Requested 1+1 Lender of such request. Each Requested 1+1 Lender shall advise the Administrative Agent as to whether it agrees to the Request for Extension within thirty (30) days of the delivery by the Borrower to the Administrative Agent of the Request for Extension, provided that in the event such Requested 1+1 Lender does not so advise the Administrative Agent within such thirty (30) day period, such Requested 1+1 Lender shall be deemed to have advised the Administrative Agent that it is not prepared to agree to the Request for Extension. Within two (2) Business Days of the Administrative Agent having received from all Requested 1+1 Lenders their decision or deemed decision with regard to the Request for Extension (the "**1+1 Decision Date**"), the Administrative Agent shall, unless the provisions of Section 2.8(c) or Section 2.8(g) are applicable at that time, advise the Borrower of the Requested 1+1 Lenders that have agreed to extend the Current Term Out Date to the New Term Out Date pursuant to the Request for Extension and shall provide the Borrower with an offer to extend the Current Term Out Date which the Borrower, subject to Section 2.8(g), shall be entitled to accept up to and including the last Business Day preceding the then Current Term Out Date by written notice to the Administrative Agent of such acceptance.

(b) Subject to Section 2.8(c), if a Requested 1+1 Lender does not agree to extend the Current Term Out Date (such Lender being a "**Non-Extending 1+1 Lender**" and any Requested 1+1 Lender agreeing to extend the Current Term Out Date being an "**Extending 1+1 Lender**") the Borrowers may, but are not obligated, to:

(i) so long as there exists no Event of Default and subject to Section 12.6(c), repay all Accommodations Outstanding and other amounts owing hereunder to any Non-Extending 1+1 Lender under the 1+1 Facility at any time prior to the Current Term Out Date and

upon such payment any Non-Extending 1+1 Lender shall cease to be a 1+1 Lender and its Lender's 1+1 Commitment shall be terminated and the 1+1 Commitment reduced accordingly; or

(ii) arrange for a replacement lender (which may be one of the 1+1 Lenders) to replace each Non-Extending 1+1 Lender's Accommodations Outstanding and its Lender Commitment under the 1+1 Facility; provided that any such replacement lender (if it is not a 1+1 Lender) shall have been approved by the Administrative Agent (such approval not to be unreasonably withheld or delayed) and shall be novated into the Credit Documents in the place and stead of the Non-Extending 1+1 Lender by execution of all necessary documentation at any time prior to the Current Term Out Date and in respect of which the 1+1 Lenders shall do all things and make all such adjustments as are reasonably necessary to give effect to any such replacement.

(c) The Current Term Out Date shall not be extended in accordance with Section 2.8(a) if Requested 1+1 Lenders holding more than fifty percent (50%) of the 1+1 Commitments of all Requested 1+1 Lenders do not agree or are deemed not to agree to extend the Current Term Out Date pursuant to any Request for Extension. In any such case, the Current Term Out Date of each Requested 1+1 Lender shall not be extended.

(d) If all Requested 1+1 Lenders agree to extend the Current Term Out Date pursuant to a Request for Extension, then the Current Term Out Date shall be extended to the New Term Out Date upon acceptance by the Borrowers of the offer made to the Agent on behalf of the Extending 1+1 Lenders to extend the Current Term Out Date.

(e) If, with respect to any Request for Extension, the provisions of Section 2.8(c) or 2.8(d) are not applicable and there are Non-Extending 1+1 Lenders under Section 2.8(b), then:

(i) the Current Term Out Date for the Extending 1+1 Lenders shall be extended as provided for in the Request for Extension upon acceptance by the Borrowers of the offer made to the Agent on behalf of the Extending 1+1 Lenders to extend the Current Term Out Date; and

(ii) for those Non-Extending 1+1 Lenders, the Current Term Out Date of all such 1+1 Lenders shall not be extended and the Term Period of each such 1+1 Lender shall commence.

(f) The Borrowers understand that consideration of any Request for Extension constitutes an independent credit decision which each Requested 1+1 Lender retains the absolute and unfettered discretion to make and that no commitment in this regard is hereby given by any Requested 1+1 Lender.

(g) The extension of the Current Term Out Date in respect of any Requested 1+1 Lender is subject to the conditions precedent that:

(i) the representations and warranties contained in Article 7 are true and correct as if they were made on the date of the request made by the Borrowers pursuant to Section 2.8(a), and each extension of the Current Term Out Date shall be deemed to constitute a representation and warranty that on such date such representations and warranties are true and correct except as the Borrowers have previously disclosed to the Requested 1+1 Lenders in writing; and

(ii) no Default or Event of Default has occurred and is continuing.

2.9 Fees

(a) CPRC shall, on behalf of itself and the other Borrowers, pay to the Administrative Agent for the account of the Lenders under the applicable Credit Facility a standby fee in U.S. Dollars on each Credit Facility at a rate per annum equal to the Applicable Standby Fee Rate for the applicable Credit Facility in effect from time to time, multiplied by the amount of the Commitment under the applicable Credit Facility minus the Accommodations Outstanding under such Credit Facility determined in U.S. Dollars, calculated daily and payable in arrears on the first Business Day following the last day of each Financial Quarter and on the 5 Year Maturity Date in respect of any 5 Year Lender and on the Term Out Date in respect of any 1+1 Lender.

(b) CPRC shall, on behalf of the Borrowers, pay to the Administrative Agent for its own account an administrative fee in the amount and in the manner agreed to in the Agency Fee Letter.

2.10 Payments under this Agreement

(a) Unless otherwise expressly provided in this Agreement, each Borrower shall make any payment required to be made by it to the Administrative Agent for its own account or for the account of any other Lender by depositing the amount of the payment in the relevant currency to the applicable Borrower's Account not later than 10:00 a.m. (Calgary time) on the date the payment is due. The applicable Borrower shall make each such payment:

(i) in Canadian Dollars, if the Accommodation was originally made in or has been converted to Canadian Dollars; and

(ii) in U.S. Dollars, if the Accommodation was originally made in or has been converted to U.S. Dollars.

The Administrative Agent shall distribute to each Lender under each Credit Facility, promptly on the date of receipt by the Administrative Agent of any payment, an amount equal to the amount then due to such Lender under the applicable Credit Facility. Each Borrower hereby authorizes and directs the Administrative Agent to automatically debit the applicable Borrower's Account to effect such distribution. If the distribution is not made on that date, the Administrative Agent shall pay interest to the Lenders entitled to receive such distribution on the amount for each day, from the date the amount is received by the Administrative Agent until the date of distribution, at the prevailing interbank rate for late payments. Any amount received by the Administrative Agent for the account of the Lenders shall be held in trust for their benefit until distributed.

(b) Unless otherwise expressly provided in this Agreement, the Administrative Agent shall make amounts available and other payments to the applicable Borrower under the applicable Credit Facility by crediting the relevant Borrower's Account (or causing the relevant Borrower's Account to be credited) with the amount of the payment in the relevant currency not later than 11:00 a.m. (Calgary time) on the date the payment is to be made.

(c) Each Borrower hereby authorizes each Lender, if and to the extent payment owed to such Lender by a Borrower is not made to the Administrative Agent when due, to charge from time to time any amount due against any or all of the applicable Borrower's Accounts with the Administrative Agent.

(d) If and whenever from time to time a Borrower intends to repay any Floating Rate Advance or any Fixed Rate Advance or Drawing which would otherwise become a Floating Rate Advance on the date of payment pursuant to Section 3.3(b) or Section 4.5(b), such Borrower shall:

(i) in respect of such repayments where the amount repaid is equal to or less than $25,000,000, give the Administrative Agent notice of such repayment substantially in the form attached hereto as Schedule 9 on or before 10:00 a.m. (Calgary time) on the date of repayment; and

(ii) in respect of such repayment where the amount repaid is in excess of $25,000,000, give the Administrative Agent one (1) day's prior written notice of such repayment substantially in the form attached hereto as Schedule 9.

2.11 Application of Repayments and Prepayments

(a) Subject as otherwise provided in this Agreement, all repayments or prepayments received by the Administrative Agent pursuant to this Agreement shall be applied by the Administrative Agent to the Accommodations Outstanding under the applicable Credit Facility to each Lender under such Credit Facility in accordance with such Lender's rateable share thereof in accordance with Section 1.7.

(b) Repayments and prepayments applied by the Administrative Agent pursuant to Section 2.11(a) shall:

(i) be applied to the payment of any Floating Rate Advance (including any Fixed Rate Advance or Drawing which would otherwise become a Floating Rate Advance on the date of payment pursuant to Section 3.3(b) or Section 4.5(b)); and

(ii) the balance, if any, shall be (y) held by the Administrative Agent and applied to the repayment of Fixed Rate Advances or Drawings on the next maturity date for such Fixed Rate Advances or Drawings, as the case may be, or (z) at the option of the relevant Borrower and, if applicable, upon payment of any amount contemplated by Section 12.6(c), be applied immediately to the repayment of Fixed Rate Advances or Drawings, as the case may be.

Amounts so held by the Administrative Agent shall be deposited in an interest bearing account and shall bear interest at a rate determined by the Administrative Agent and the relevant Borrower for such deposits, or shall be invested in Cash Equivalents acceptable to the Administrative Agent and the relevant Borrower, and such interest or the amount earned by any such investment shall be paid to such Borrower on the maturity date for such relevant Fixed Rate Advance or Drawing, as the case may be.

(c) All amounts received by the Administrative Agent from or on behalf of the Borrowers or any of them under a Credit Facility and not previously applied pursuant to this Agreement shall be applied by the Administrative Agent as follows:

(i) first, in reduction of the applicable Borrower's obligations to pay any unpaid interest and any Fees which are due and owing under such Credit Facility;

(ii) second, in reduction of the applicable Borrower's obligations to pay any claims or losses referred to in Sections 12.6 and 12.8 under such Credit Facility;

(iii) third, in reduction of the applicable Borrower's obligations to pay any amounts due and owing on account of any unpaid principal amount of Advances under such Credit Facility which are due and owing;

(iv) fourth, in reduction of the applicable Borrower's obligations to pay any BA Instruments under such Credit Facility which are due and owing;

(v) fifth, in reduction of any other obligation of the applicable Borrower under this Agreement and the other Credit Documents; and

(vi) sixth, to the applicable Borrower or such other Persons as may lawfully be entitled to or directed to receive the remainder.

2.12 Computations of Interest and Fees; Adjustments to Margins

(a) All computations of interest shall be made by the Administrative Agent taking into account the actual number of days occurring in the period for which such interest is payable, and:

(i) if based on the Canadian Prime Rate or the Base Rate (Canada) on the basis of a year of 365 or 366 days, as the case may be; or

(ii) if based on the Eurodollar Rate on the basis of a year of 360 days.

(b) All computations of Fees shall be made by the Administrative Agent on the basis of a year of 365 or 366 days, as the case may be, taking into account the actual number of days occurring in the period for which such fees are payable.

(c) Each Applicable Margin and Applicable Standby Fee Rate under each Credit Facility shall, if applicable, be adjusted on the date of any change in the senior unsecured debt ratings assigned by S&P or Moody's to CPRC's senior unsecured debt, to equal the rate determined in accordance with Schedule 7 after giving effect to such event, and each such adjustment shall be effective for purposes of calculating the rate of interest or fees on Advances and Documentary Credits, respectively, then outstanding on the date of such event.

(d) If at the time of a change in the Applicable Margin under a Credit Facility applicable to a Drawing under such Credit Facility there exists any outstanding Drawings under such Credit Facility, then:

(i) in the case of an increase in the Applicable Margin, each Borrower shall pay to the Administrative Agent (for the rateable benefit of the Lenders); or

(ii) in the case of a decrease in the Applicable Margin, the Lenders (rateably) shall credit the applicable Borrower,

in each case, an amount in respect of each such Drawing equal to the product obtained by multiplying:

(A) the product obtained by multiplying (w) the difference between the Applicable Margin in effect prior to such change and the Applicable Margin in effect immediately after such change, by (x) the aggregate face amount of such Drawing by

(B) the quotient obtained by dividing (y) the number of days to maturity remaining in respect of such Drawing by (z) 365 days.

Any payment or credit as a result of a change in the Applicable Margin shall be made in respect of Drawings on the maturity date thereof in accordance with Article 4.

(e) For purposes of the *Interest Act* (Canada):

(i) whenever any interest or Fee under this Agreement is calculated using a rate based on a number of days less than a full year, such rate determined pursuant to such calculation, when expressed as an annual rate, is equivalent to (x) the applicable rate, (y) multiplied by the actual number of days in the calendar year in which the period for which such interest or fee is payable (or compounded) ends, and (z) divided by the number of days based on which such rate is calculated;

(ii) the principle of deemed reinvestment of interest does not apply to any interest calculation under this Agreement; and

(iii) the rates of interest stipulated in this Agreement are intended to be nominal rates and not effective rates or yields.

2.13 Designation and Redesignation of Designated Subsidiaries

The Covenantor may, from time to time, by notice in writing to the Administrative Agent, be entitled to designate that either:

(a) a Subsidiary shall become a Designated Subsidiary (which designation may be retroactive to include the preceding Financial Quarter); or

(b) a Designated Subsidiary shall cease to be a Designated Subsidiary (which designation may be retroactive to include the preceding Financial Quarter);

provided that, in each case, the Covenantor shall not be entitled to designate that a Designated Subsidiary shall become or cease to be a Designated Subsidiary if a Default or an Event of Default would result from or exist immediately after such a designation. If a Designated Subsidiary ceases to be a Designated Subsidiary as permitted by this Section 2.13, the Lenders shall release any Designated Subsidiary Guarantee provided by such Designated Subsidiary if no Default or Event of Default would result therefrom.

As at the Effective Date, the only Designated Subsidiary is Mount Stephen Properties Inc.

2.14 Guarantee by a Designated Subsidiary

If, as contemplated by the definition of Subsidiary Debt, the Covenantor determines to cause a Designated Subsidiary to provide a guarantee (each a "**Designated Subsidiary Guarantee**") of the present and future obligations of each Borrower hereunder:

(a) the Designated Subsidiary Guarantee shall be substantially in the form of Article 11 hereof, subject to such changes thereto as are agreed to by the Administrative Agent and the Covenantor, each acting reasonably;

(b) concurrently with the delivery of each such Designated Subsidiary Guarantee:

(i) the applicable Designated Subsidiary shall deliver to the Administrative Agent such customary legal opinions and evidence of corporate existence and due authorization together with such other matters delivered in respect of the Covenantor under Section 6.1 as the Administrative Agent may reasonably require; and

(ii) the Covenantor shall deliver to the Administrative Agent a certificate certifying that the representations and warranties contained in Section 7.1 with respect to such Designated Subsidiary and the Designated Subsidiary Guarantee provided by it are true and correct in all respects.

As at the Effective Date, there are no Designated Subsidiary Guarantors.

2.15 Cancellation or Transfer of a Lender's Commitment

If:

(a) any payment is required to be made by a Borrower to a Lender or Lenders (but not to all of the Lenders) pursuant to Section 12.8;

(b) any Lender or Lenders give(s) notice to the Borrowers that amounts are payable by the Borrowers to such Lender or Lenders (but not to all of the Lenders) pursuant to Section 12.6(b);

(c) a Lender (or Lenders) is (are) affected by the provisions of Section 3.4, 4.6 or 12.7 but not all Lenders are so affected;

(d) a Lender does not provide its consent or agreement to a request by the Borrowers for a waiver or amendment which requires the consent of the Lenders and as a consequence thereof such waiver or amendment cannot be obtained;

(e) a Lender does not provide Accommodations in respect of a Takeover in circumstances permitted by Section 6.5 and other Lenders do not provide the full amount of the requested Accommodations (including the share thereof requested from the non-funding Lender);

(f) a 5 Year Lender does not have an external credit rating for its senior unsecured debt of at least A- by S&P or A3 by Moody's (a "**Required Rating**"), unless in respect of each Non-Fronted Documentary Credit either:

(i) another 5 Year Lender having a Required Rating has confirmed to the Administrative Agent and the Borrowers in writing (at no cost to the Borrowers) that, pursuant to Article 5 and the power or attorney therein granted, the Administrative Agent may issue such Non-Fronted Documentary Credit on behalf of such other 5 Year Lender attributing to such other 5 Year Lender an Applicable Percentage (as defined in Schedule 11) equal to the aggregate of the rateable portions of such 5 Year Lender and such other 5 Year Lender, or

(ii) the direct or indirect parent of such 5 Year Lender has the Required Rating and such direct or indirect parent or another 5 Year Lender hereunder which has a Required Rating has confirmed or otherwise guaranteed the obligations of such 5 Year Lender in respect

of such Documentary Credit in favour of the beneficiary thereof in form satisfactory to the Borrowers, acting reasonably; or

(g) a Lender is a Defaulting Lender;

(any such Lender being called herein the "**Affected Lender**")

then the Borrowers may exercise one or any combination of the following so long as no Default or Event of Default has occurred and is continuing and without regard to Section 2.6:

(h) upon at least five (5) Business Days prior written notice to the Administrative Agent (other than in the case of Section 2.15(g) in which case written notice may be effective immediately), irrevocably cancel all but not part of the Affected Lender's Commitment (which shall include its 5 Year Fronted Documentary Credit Commitment, if any) if on or prior to the last day of such notice period the Borrowers have prepaid or otherwise reduced all Accommodations Outstanding to such Affected Lender, and paid all accrued interest and other charges and fees in respect of such Accommodations Outstanding and, if applicable, Fronted Documentary Credits and, if such Lender is a 5 Year Fronting Documentary Credit Lender, returned to such 5 Year Fronting Documentary Credit Lender all Fronted Documentary Credits issued by it for cancellation; or

(i) within sixty (60) days of a Lender becoming an Affected Lender, arrange for a replacement lender or lenders (provided that such lender or lenders, if not a Lender, shall be approved by the Administrative Agent and, in the case of the 5 Year Facility, each 5 Year Fronting Documentary Credit Lender and the 5 Year Swingline Lender, such approval not to be unreasonably withheld or delayed) to replace the Affected Lender's Commitment and any such replacement lender shall be novated into this Agreement in the place and stead of the Affected Lender upon payment to the Affected Lender of the amounts referred to in Section 2.15(h) hereof;

provided that, notwithstanding the foregoing, the Borrowers may exercise their rights under Section 2.15(h) and 2.15(i) pursuant to Section 2.15(d) if a Default has occurred and is continuing provided that all Lenders other than the Affected Lender or Affected Lenders have provided the consent or agreement to such waiver or amendment and that by exercising such rights the Default is cured or waived by all Lenders after giving effect to any such cancellation or replacement, as the case may be. If, in any circumstance referred to in Sections 2.15(a), 2.15(b), 2.15(c), 2.15(d) or 2.15(e), there is more than one Affected Lender who have become such for the same reason and at the same costs or potential cost to the Borrowers, the Borrowers shall deal with all such Affected Lenders in an equivalent manner.

ARTICLE 3
ADVANCES

3.1 The Advances

(a) Each Lender severally agrees, on the terms and conditions of this Agreement and in accordance with the applicable Borrowing Notice, to make Advances under the applicable Credit Facility to the Borrowers from time to time on any Business Day prior to the 5 Year Maturity Date of such Lender in the case of a 5 Year Lender and prior to the 1+1 Maturity Date of such Lender in the case of a 1+1 Lender subject, for lack of doubt, in the case of the 1+1 Facility, to Section 2.2(c) and the non-revolving nature of the 1+1 Facility after a 1+1 Lender's Term Out Date. The 5 Year Swingline Lender agrees, on the terms and conditions of this Agreement, to make Swingline Advances consisting of Canadian Prime Rate Advances and Base Rate (Canada) Advances (on a

same day basis) to the Borrowers from time to time on any Business Day prior to the 5 Year Maturity Date in respect of the 5 Year Swingline Lender.

(b) Subject to Section 1.7, each Borrowing (other than a Swingline Advance) shall consist of the same Types of Advances made to a Borrower on the same day by the relevant Lenders in accordance with each such Lender's rateable portion. Each requested Advance shall be in the minimum aggregate amount and in an integral multiple of the amount set forth in Schedule 6.

(c) Each Borrower shall repay each outstanding Swingline Advance within five (5) Business Days of the date such Swingline Advance was made available to the applicable Borrower from the proceeds of an Accommodation under the 5 Year Facility which is not a Swingline Advance. Upon receipt of a notice from the Administrative Agent that an Event of Default has occurred and is continuing, the 5 Year Swingline Lender may, in its sole discretion, give notice to the Administrative Agent who shall forthwith notify the 5 Year Lenders that the principal amount of its outstanding Swingline Advances shall be funded with a Borrowing under the 5 Year Facility (provided that such notice shall be deemed to have been given (y) on the latest 5 Year Maturity Date in respect of the 5 Year Lenders if the applicable Borrower shall not have repaid all Swingline Advances in respect of the 5 Year Swingline Lender on or prior to such day, and (z) upon the occurrence of an Event of Default), in which case Advances (each such Borrowing, a "**Mandatory 5 Year Borrowing**") shall be made on the next Business Day by all 5 Year Lenders so that immediately after the Mandatory 5 Year Borrowing, each 5 Year Lender shall share rateably in the Accommodations Outstanding under the 5 Year Facility and the proceeds of such Mandatory 5 Year Borrowing shall be applied directly by the Administrative Agent to repay Swingline Advances outstanding to the 5 Year Swingline Lender. Each Lender shall make Advances pursuant to a Mandatory 5 Year Borrowing in the amount and in the manner specified in writing by the Administrative Agent notwithstanding:

(i) that the amount of the Mandatory 5 Year Borrowing may not comply with the minimum amount for Borrowings otherwise required under this Agreement;

(ii) that the conditions specified in Article 6 are not satisfied;

(iii) that an Event of Default is continuing;

(iv) the date of such Mandatory 5 Year Borrowing; and

(v) any reduction in the Commitment under the 5 Year Facility after any Advance was made by the 5 Year Swingline Lender.

3.2 Procedure for Borrowing

(a) Except as provided in Section 3.2(b), each Borrowing shall be made on the number of days prior notice specified in Schedule 6, given not later than 9:00 a.m. (Calgary time) by a Borrower to the Administrative Agent. Each notice of a Borrowing (a "**Borrowing Notice**") shall be in substantially the form of Schedule 2, shall be irrevocable and binding on the applicable Borrower and shall specify:

(i) the applicable Credit Facility;

(ii) the requested date of the Borrowing;

(iii) the Type of Advance requested;

(iv) the aggregate amount of the Borrowing; and

(v) in the case of a Fixed Rate Advance, the initial Interest Period.

Upon receipt by the Administrative Agent of funds from the Lenders and fulfilment of the applicable conditions set forth in Article 6, the Administrative Agent will make such funds available to the applicable Borrower in accordance with Article 2.

(b) Each Swingline Advance:

(i) may be made on the same day's telephone request made on or before 1:00 p.m. (Toronto time) on such day, and in such amount, as requested by a Borrower to the 5 Year Swingline Lender (with telephone confirmation thereof to the Administrative Agent on the same day), providing the same information to the 5 Year Swingline Lender (and in such confirmation) as would be contained in a Borrowing Notice (which shall be deemed to have been so provided); or

(ii) shall be made by the 5 Year Swingline Lender, without notice from or to such Borrower, in respect of any overdraft in any one or more of such Borrower's accounts with the 5 Year Swingline Lender by deposit to such account of an amount equal to such overdraft.

3.3 Conversions and Rollovers Regarding Advances

(a) Each Borrower may elect to:

(i) change any Advance outstanding under a Credit Facility, or portion thereof, in each case, in the amount referred to in Section 3.1(b) to another Type of Advance under the same Credit Facility or convert an Advance outstanding under a Credit Facility to another Type of Accommodation under the same Credit Facility (y) in the case of a Floating Rate Advance, as of any Business Day, and (z) in the case of a Fixed Rate Advance, as of the last day of the Interest Period applicable to such Fixed Rate Advance, provided that in the case of the change or conversion of a Canadian Dollar Advance to a U.S. Dollar Advance, or a U.S. Dollar Advance to a Canadian Dollar Advance, the principal amount and interest thereon of such Advance to be changed or converted is paid in full on the date of such change or conversion; or

(ii) continue any Fixed Rate Advance under a Credit Facility for a further Interest Period under the same Credit Facility beginning on the last day of the then current Interest Period applicable to such Advance.

(b) Each election to change or convert an Advance into another Type of Advance or Type of Accommodation or to continue a Fixed Rate Advance for a further Interest Period, shall be made on the number of days prior notice specified in Schedule 6 given, in each case, not later than 9:00 a.m. (Calgary time) by the applicable Borrower to the Administrative Agent. Each such notice (an "**Interest Rate Election**") shall be given substantially in the form of Schedule 3 and shall be irrevocable and binding upon the applicable Borrower. If the applicable Borrower fails to deliver an Interest Rate Election to the Administrative Agent for any Fixed Rate Advance under a Credit Facility as provided in this Section 3.3, such Fixed Rate Advance shall be converted (as of the

last day of the applicable Interest Period) to and be outstanding as a Base Rate (Canada) Advance under the same Credit Facility. A Borrower shall not select an Interest Period which conflicts with the definition of Interest Period in Section 1.1.

3.4 Circumstances Affecting Eurodollar Rate Advances

Notwithstanding anything to the contrary herein contained, if at any time subsequent to a Borrower giving a Borrowing Notice or an Interest Rate Election to the Administrative Agent with regard to any requested Eurodollar Rate Advance:

(a) the Administrative Agent, acting reasonably, determines that adequate and fair means do not exist for ascertaining the rate of interest with respect to, or deposits are not available in sufficient amounts in the ordinary course of business in the London, England interbank market at the rate determined hereunder to make, fund or maintain, a requested Eurodollar Rate Advance during the ensuing Interest Period selected;

(b) the Administrative Agent, acting reasonably, determines that the making or continuing of the requested Eurodollar Rate Advance by the Lenders under a Credit Facility has been made impracticable by the occurrence of an event which materially adversely affects the London, England interbank market generally; or

(c) the Administrative Agent is advised by Lenders under a Credit Facility, acting reasonably, holding at least 35% of the Commitment under such Credit Facility by written notice (each, a "**Lender Eurodollar Suspension Notice**"), such notice to be received by the Administrative Agent no later than 12:00 noon (Calgary time) on the third Business Day prior to the date of the requested Borrowing or change or conversion of an Advance, as applicable, that such Lenders have determined, acting reasonably, that the Eurodollar Rate will not or does not represent the effective cost to such Lenders of deposits in U.S. Dollars in the London, England interbank market for the relevant Interest Period,

then the Administrative Agent shall give notice thereof to the Lenders under the applicable Credit Facility and the applicable Borrower, as soon as possible after such determination or receipt of such Lender Eurodollar Suspension Notice, as applicable, and the applicable Borrower shall, within one (1) Business Day after receipt of such notice and in replacement of the Borrowing Notice or Interest Rate Election previously given by the Borrowers, give the Administrative Agent, a Borrowing Notice or Interest Rate Election, as applicable, which specifies the drawdown of any other Accommodation under such Credit Facility or the Conversion of the relevant Eurodollar Rate Advance on the last day of the applicable Interest Period into any other Accommodation under such Credit Facility which would not be affected by the notice from the Administrative Agent pursuant to this Section 3.4.

In the event the Borrowers fail to give a valid replacement Interest Rate Election with respect to the maturing Eurodollar Rate Advance which was the subject of an Interest Rate Election, such maturing Eurodollar Rate Advance shall be converted on the last day of the applicable Interest Period into a Base Rate (Canada) Advance under the applicable Credit Facility as if a valid replacement Interest Rate Election had been given by the applicable Borrower pursuant to the provisions hereof. In the event the applicable Borrower fails to give a valid replacement Borrowing Notice with respect to a drawdown originally requested by way of a Eurodollar Rate Advance, then the applicable Borrower shall be deemed to have requested a drawdown by way of a Base Rate (Canada) Advance under the applicable Credit Facility in the amount specified in the original Borrowing Notice and, on the originally requested date of Borrowing, the Lenders under the applicable Credit Facility (subject to the other provisions hereof) shall make available the requested amount by way of a Base Rate (Canada) Advance.

3.5 Interest on Advances

The applicable Borrower shall pay interest on the unpaid principal amount of each Advance from the date of such Advance or conversion of another Type of Advance into such Advance until the date on which the principal amount of the Advance is repaid in full or is converted into another Type of Advance or Type of Accommodation at the following rates per annum:

(a) **Base Rate (Canada) Advances.** If and so long as such Advance is a Base Rate (Canada) Advance and subject as provided in the following sentence, at a rate per annum equal at all times to the Base Rate (Canada) in effect from time to time plus the Applicable Margin under the applicable Credit Facility, calculated daily and payable in arrears:

(i) on the first day of each month in each year; and

(ii) on the day on which such Base Rate (Canada) Advance becomes due and payable in full pursuant to the provisions hereof.

Any amount of principal of, or interest on, any such Base Rate (Canada) Advance which is not paid when due (whether at stated maturity, by acceleration or otherwise) shall be payable on demand and shall bear interest (both before and after judgment), from the date on which such amount is due until such amount is paid in full, at a rate per annum equal to the Base Rate (Canada) in effect from time to time plus the Applicable Margin under the applicable Credit Facility plus 1%.

(b) **Canadian Prime Rate Advances.** If and so long as such Advance is a Canadian Prime Rate Advance and subject as provided in the following sentence, at a rate per annum equal at all times to the Canadian Prime Rate in effect from time to time plus the Applicable Margin under the applicable Credit Facility, calculated daily and payable in arrears:

(i) on the first day of each month in each year; and

(ii) on the day on which such Canadian Prime Rate Advance becomes due and payable in full pursuant to the provisions hereof.

Any amount of principal of, or interest on, any such Canadian Prime Rate Advance which is not paid when due (whether at stated maturity, by acceleration or otherwise) shall be payable on demand and shall bear interest (both before and after judgment), from the date on which such amount is due until such amount is paid in full, at a rate per annum equal to the Canadian Prime Rate in effect from time to time plus the Applicable Margin under the applicable Credit Facility plus 1%.

ARTICLE 4
BANKERS' ACCEPTANCES

4.1 Acceptances and Drafts

(a) Each Lender (other than the 5 Year Swingline Lender and the Documentary Credit Lenders in such capacities) severally agrees, on the terms and conditions of this Agreement, and in accordance with the applicable Drawing Notice, from time to time on any Business Day prior to the 5 Year Maturity Date in respect of such Lender if it is a 5 Year Lender and prior to the 1+1 Maturity Date in respect of such Lender if it is a 1+1 Lender (subject, for lack of doubt, in the case of the 1+1 Facility, to Section 2.2(c) and the non-revolving nature of the 1+1 Facility after a 1+1 Lender's Term Out Date):

(i) in the case of a Lender which is willing and able to accept Drafts, to create acceptances ("**Bankers' Acceptances**") by accepting Drafts and to purchase such Bankers' Acceptances in accordance with Section 4.3(b); and

(ii) in the case of a Lender which is unwilling or unable to accept Drafts, to purchase completed Drafts (which have not and will not be accepted by such Lender or any other Lender) in accordance with Section 4.3(b).

(b) Each requested Drawing shall be in the minimum aggregate Face Amount and in an integral multiple of the amount set forth in Schedule 6 and shall consist of the creation and purchase of Bankers' Acceptances or the purchase of Drafts on the same day, in each case for the Drawing Price, by the relevant Lenders in accordance with Section 4.3 and their respective Lender's Commitment under the applicable Credit Facility.

(c) The aggregate Face Amount of the Bankers' Acceptances to be created and purchased by a Lender or Drafts to be purchased by a Lender on any Drawing Date (upon a conversion or otherwise), shall be determined by the Administrative Agent based upon each Lender's rateable portion of the Drawing, except that, if the Face Amount of any Bankers' Acceptance to be created and purchased or Draft to be purchased, determined as aforesaid, would not be in an integral multiple of Cdn. $100,000, the Administrative Agent in its sole discretion may increase such Face Amount to the nearest whole multiple of Cdn. $100,000 or may reduce such Face Amount to the nearest whole multiple of Cdn. $100,000.

4.2 Form of Drafts

Each Draft presented by a Borrower shall:

(a) be in an integral multiple of Cdn. $100,000;

(b) be dated the date of the Drawing; and

(c) mature and be payable by the applicable Borrower (in common with all other Drafts presented in connection with such Drawing) on a Business Day which occurs approximately one (1) month, two (2) months, three (3) months or six (6) months, at the election of the applicable Borrower (or at such other time as may be agreed to by the Borrower and the applicable Lenders, acting reasonably), after the Drawing Date and, subject to Section 1.7, on or prior to the latest 5 Year Maturity Date in the case of the 5 Year Facility, and to the 1+1 Maturity Date, in the case of the 1+1 Facility.

4.3 Procedure for Drawing

(a) Each Drawing shall be made on notice (a "**Drawing Notice**") given by a Borrower to the Administrative Agent not later than 9:00 a.m. (Calgary time) on the number of days' notice specified in Schedule 6. Each Drawing Notice shall be in substantially the form of Schedule 4, shall be irrevocable, except as provided in Section 4.6(a), shall be binding on the applicable Borrower and shall specify:

(i) the applicable Credit Facility;

(ii) the Drawing Date;

(iii) the aggregate Face Amount of Bankers' Acceptances or Drafts to be accepted, if applicable, and purchased; and

(iv) the tenure thereof.

(b) Not later than noon (Calgary time) on an applicable Drawing Date, each Lender under a Credit Facility shall complete one or more Drafts under such Credit Facility in accordance with the Drawing Notice and either:

(i) accept the Drafts and purchase the Bankers' Acceptances so created for the Drawing Price; or

(ii) purchase the Drafts for the Drawing Price.

In each case, upon receipt by the Administrative Agent of funds from the Lenders under such Credit Facility on account of the Drawing Price and upon fulfilment of the applicable conditions set forth in Article 6, the Administrative Agent shall make such funds available to the applicable Borrower in accordance with Article 2.

(c) The applicable Borrower shall, at the request of any Lender under a Credit Facility, issue one or more non-interest bearing promissory notes under such Credit Facility (each a "**BA Equivalent Note**") payable on the maturity date of any unaccepted Draft referred to above, in such form as any such Lender may reasonably specify and in a principal amount equal to the Face Amount of, and in exchange for, any unaccepted Draft which any such Lender has purchased in accordance with Section 4.3(b).

(d) Bankers' Acceptances purchased by a Lender may be held by it for its own account until the maturity date thereof or sold by it at any time prior to that date in any relevant Canadian market in such Lender's sole discretion.

4.4 Presigned Draft Forms

(a) Subject to paragraph (b) of this Section 4.4, in order to enable the Lenders under a Credit Facility to create Bankers' Acceptances or complete Drafts in the manner specified in this Article 4, each Borrower shall supply each Lender under such Credit Facility with such number of Drafts as it may reasonably request, duly signed and endorsed on behalf of the applicable Borrower. Each Lender under the applicable Credit Facility hereby indemnifies the applicable Borrower against any loss or improper use thereof by such Lender, will exercise such care in the custody and safekeeping of Drafts as it would exercise in the custody and safekeeping of similar property owned by it and will, upon request by a Borrower, promptly advise the applicable Borrower of the number and designations, if any, of uncompleted Drafts held by it for such Borrower. The signature of any officer of a Borrower on a Draft may be mechanically reproduced and any BA Instrument bearing a facsimile signature shall be binding upon such Borrower as if it had been manually signed. Even if the individuals whose manual or facsimile signature appears on any BA Instrument no longer hold office at the date of its acceptance by the Lender or at any time after such date, any BA Instrument so signed shall be valid and binding upon the applicable Borrower. No Lender shall be liable for its failure to accept a Draft as required hereby if the cause of such failure is, in whole or in part, due to the failure of the Borrowers to provide Drafts to such Lender on a timely basis.

(b) Each Borrower hereby irrevocably appoints each Lender under a Credit Facility as its attorney to sign and endorse on its behalf, manually or by facsimile or mechanical signature, any BA Instrument under such Credit Facility necessary to enable each Lender to make Drawings in the manner specified in this Article 4 under such Credit Facility. All Bankers' Acceptances signed or endorsed on a Borrower's behalf by a Lender shall be binding on such Borrower, all as if duly signed or endorsed by such Borrower. Each Lender shall:

(i) maintain a record under the applicable Credit Facility with respect to any BA Instrument completed in accordance with this Section 4.4, voided by it for any reason, accepted and purchased by it hereunder, and cancelled at its respective maturity; and

(ii) retain such records in the manner and for the statutory periods provided in the various provincial or federal statutes and regulations which apply to such Lender and make such records available to the Borrowers acting reasonably.

On request by a Borrower, a Lender shall cancel and return to the possession of such Borrower all BA Instruments under a Credit Facility which have been pre-signed or pre-endorsed on behalf of such Borrower and which are held by such Lender and are not required to make Drawings in accordance with this Article 4 under such Credit Facility.

4.5 Payment, Conversion or Renewal of BA Instruments

(a) Upon the maturity of a BA Instrument under a Credit Facility, the applicable Borrower may:

(i) elect to issue a replacement Bankers' Acceptance or Draft under the same Credit Facility by giving a Drawing Notice in accordance with Section 4.3(a) under such Credit Facility;

(ii) elect to have all or a portion of the Face Amount of such BA Instrument converted to an Advance under the same Credit Facility (provided that in the case of a conversion of a portion only of the Face Amount of the BA Instrument, the remaining Face Amount, if any, of such BA Instrument shall not be less than the minimum Face Amount set forth in

Schedule 6) under the same Credit Facility by giving a Borrowing Notice in accordance with Section 3.2; or

(iii) pay, on or before 10:00 a.m. (Calgary time) on the maturity date for the BA Instrument, an amount in Canadian Dollars equal to the Face Amount of the BA Instrument (notwithstanding that a Lender may be the holder of it at maturity).

Any such payment shall satisfy the applicable Borrower's obligations under the BA Instrument to which it relates and the relevant Lender shall then be solely responsible for the payment of the BA Instrument.

(b) If a Borrower fails to pay any BA Instrument under a Credit Facility when due or to request a replacement in the Face Amount of such BA Instrument pursuant to Section 4.5(a), the unpaid amount due and payable shall be converted to a Canadian Prime Rate Advance under the same Credit Facility and shall bear interest calculated and payable as provided in Article 3. This conversion shall occur as of the maturity date of the BA Instrument and without any necessity for a Borrower to give a Borrowing Notice.

4.6 Circumstances Making Bankers' Acceptances Unavailable

If:

(a) the Administrative Agent, acting reasonably, makes a determination, which determination shall be conclusive and binding upon the Borrowers, and notifies the Borrowers, that there no longer exists an active market for Bankers' Acceptances and Drafts; or

(b) the Administrative Agent is advised by Lenders under a Credit Facility holding at least 35% of the Commitment under such Credit Facility by written notice (each, a "**Lender BA Suspension Notice**") that such Lenders have determined, acting reasonably, that the Reference Discount Rate will not or does not accurately reflect the cost of funds of such Lenders or the discount rate which would be applicable to a sale of Bankers' Acceptances or Drafts by such Lenders in the market;

then:

(c) the right of the Borrower(s) to request Bankers' Acceptances or Drafts from any Lender under such Credit Facility shall be suspended until the Administrative Agent determines that the circumstances causing such suspension no longer exist and so notifies the Borrowers and the Lenders under such Credit Facility;

(d) any outstanding Drawing Notice requesting a Drawing by way of Bankers' Acceptances and/or Drafts under such Credit Facility shall be deemed to be a Borrowing Notice requesting a Canadian Prime Rate Advance in the amount specified in the original Borrowing Notice under such Credit Facility;

(e) any outstanding Interest Rate Election requesting a conversion of a Base Rate (Canada) Advance or a Eurodollar Rate Advance into a Bankers' Acceptance and/or Draft shall be deemed to be a notice requesting a conversion of such Base Rate (Canada) Advance or Eurodollar Rate Advance into a Canadian Prime Rate Advance under such Credit Facility; and

(f) any outstanding Interest Rate Election requesting a rollover of a Bankers' Acceptance and/or Draft shall be deemed to be a notice requesting a conversion of such Bankers' Acceptances and/or Drafts into a Canadian Prime Rate Advance under such Credit Facility.

The Administrative Agent shall promptly notify the Borrowers and the Lenders under the applicable Credit Facility of any suspension of the Borrower's right to request Bankers' Acceptances and Drafts and of any termination of any such suspension. A Lender BA Suspension Notice shall be effective upon receipt of the same by the Administrative Agent if received prior to 12:00 noon (Calgary time) on a Business Day and if not, then on the next following Business Day, except in connection with a Drawing Notice or Interest Rate Election previously received by the Administrative Agent, in which case the Lender BA Suspension Notice shall only be effective with respect to such previously received Drawing Notice or Interest Rate Election under the applicable Credit Facility if received by the Administrative Agent prior to 12:00 noon (Calgary time) two (2) Business Days prior to the proposed date of the Drawing applicable to such previously received Drawing Notice or Interest Rate Election, as applicable.

The Issue Notice shall be in substantially the form of Schedule 5, shall be irrevocable and binding on the applicable Borrower, shall be accompanied by such other usual and customary documents (such as applications) required by the Administrative Agent or the 5 Year Fronting Documentary Credit Lender, as applicable (and which shall be consistent with the provisions hereof), and shall specify:

(i) the requested date of Issue (the "**Issue Date**");

(vi) whether such Documentary Credit is a direct credit substitute for the purposes of the Capital Adequacy Guidelines, provided that if the applicable Borrower and the Administrative Agent, in the case of a Non-Fronted Documentary Credit or the 5 Year Fronting Documentary Credit Lender, in the case of a Fronted Documentary Credit, do not agree on whether or not such Documentary Credit is a direct credit substitute, such Documentary Credit shall not be issued until such time as the applicable Borrower and the Administrative Agent or such 5 Year Fronting Documentary Credit Lender, as applicable, agree as to whether or not it is a direct credit substitute; and

(vii) the name and address of the Beneficiary.

(b) In respect of any Documentary Credit, the Administrative Agent shall provide each of the applicable Documentary Credit Lenders with a copy of the Issue Notice forthwith upon receipt thereof from a Borrower. Such notice shall specify each such Documentary Credit Lender's rateable portion of such Documentary Credit.

(c) The applicable Borrower shall repay, and there shall become due and payable on the Issue Date, the principal amount of any Accommodations Outstanding which are to be converted in whole or in part, to Documentary Credits, and interest and all other amounts payable in respect thereof, all as if such conversion were a prepayment of such Advances pursuant to Article 2.

5.3 Form of Documentary Credits

(a) Each Fronted Documentary Credit shall:

(ii) have an expiration date on a date that complies with Section 5.2(a) or, if such date is not a Business Day on the Business Day immediately preceding such date;

(v) be substantially in the form of Schedule 11, with any such changes to such form as:

(B) all of the applicable Documentary Credit Lenders shall approve;

provided that, without the prior written consent of each Documentary Credit Lender, no Non-Fronted Documentary Credit may be issued that would change or affect the several nature of the obligations of the Documentary Credit Lenders thereunder.

5.4 Administrative Agent to Execute Non-Fronted Documentary Credits as Attorney for Lenders

(a) Each Non-Fronted Documentary Credit shall be executed and delivered by the Administrative Agent in the name of and on behalf of, and as attorney-in-fact for, each Documentary Credit Lender party to such Non-Fronted Documentary Credit. The Administrative Agent shall act under each Non-Fronted Documentary Credit as the agent of the applicable Documentary Credit Lenders to:

(i) receive drafts, other demands for payment and other documents presented by the Beneficiary thereunder;

(ii) determine whether such drafts, demands and documents are in compliance with the terms and conditions of such Non-Fronted Documentary Credit; and

(iii) notify such Documentary Credit Lenders and the applicable Borrower that a valid drawing has been made and the date that the related payment by the Documentary Credit Lenders thereunder is to be made; provided that the Administrative Agent shall have no obligation or liability as Administrative Agent for any such payment under any Non-Fronted Documentary Credit, and each such Non-Fronted Documentary Credit shall expressly so provide.

Each Documentary Credit Lender hereby irrevocably appoints and designates the Administrative Agent as its attorney-in-fact, acting through any duly authorized officer of the Administrative Agent, to execute and deliver in the name and on behalf of such Documentary Credit Lender at

The Borrowers, the Administrative Agent and the Documentary Credit Lenders agree that each Non-Fronted Documentary Credit shall provide that all drafts and other documents presented thereunder shall be delivered to the Administrative Agent and that all payments thereunder shall be made by the Documentary Credit Lenders obligated thereon through the Administrative Agent. Each Documentary Credit Lender shall be severally liable under each Non-Fronted Documentary Credit issued in accordance with its rateable share of the Commitment on the date of issuance of such Non-Fronted Documentary Credit and each Non-Fronted Documentary Credit shall specify each Documentary Credit Lender's rateable share of the amount payable thereunder.

(b) The Administrative Agent shall maintain records showing the undrawn and unexpired amount of each Non-Fronted Documentary Credit outstanding under the 5 Year Facility and each Documentary Credit Lender's share of such amount, and showing for each such Non-Fronted Documentary Credit issued hereunder:

5.5 Procedure for Issuance of Documentary Credits

(a) Not later than 12:00 p.m. (Calgary time) on an applicable Issue Date, the Administrative Agent as attorney-in-fact for and on behalf of the Documentary Credit Lenders (in the case of Non-Fronted Documentary Credits) or the 5 Year Fronting Documentary Credit Lender (in the case of Fronted Documentary Credits), will complete and issue or arrange to have completed and issued an appropriate type of Documentary Credit

(iii) in a Face Amount equal to the amount referred to in Section 5.2(a); and

(iv) with the expiration date, as specified by the relevant Borrower in its Issue Notice (subject to Section 5.3).

Upon issuance of a Documentary Credit, the Administrative Agent or the 5 Year Fronting Documentary Credit Lender, as applicable, shall give prompt notice thereof to the relevant Borrower and each Documentary Credit Lender.

(b) No Documentary Credit shall require payment against a conforming draft to be made thereunder on the same Business Day upon which such draft is presented, if such presentation is made after 10:00 a.m. (local time) on such Business Day.

(c) Prior to the Issue Date, the Borrower requesting a Documentary Credit to be issued shall specify a precise description of the documents and the verbatim text of any certificates to be presented by the Beneficiary which, if presented by the Beneficiary, would require the applicable Documentary Credit Lender to make payment under the applicable Documentary Credit. The Administrative Agent or a Documentary Credit Lender may, before the Issue of the Documentary Credit and acting reasonably in consultation with such Borrower, require changes in any such documentation or certificate.

(d) In determining whether to pay under any Documentary Credit, the applicable Documentary Credit Lender shall be responsible only to determine that the documents and certificates required to be delivered under such Documentary Credit have been delivered and that they comply on their face with the requirements of such Documentary Credit.

5.6 Contingent Liability of Lenders

A 5 Year Lender who has Accommodations Outstanding consisting of contingent liability under Documentary Credits outstanding on behalf of a Borrower shall continue to be liable under such Documentary Credits up to and including the Lender's 5 Year Maturity Date. The applicable Borrower shall pay the Administrative Agent on behalf of such Lender on such Lender's 5 Year Maturity Date an amount equal to such Lender's contingent liability in respect of any Documentary Credits which remain outstanding on behalf of such Borrower on such 5 Year Maturity Date, in accordance with Section 5.11.

5.7 Payment of Amounts Drawn Under Documentary Credits

(a) Each 5 Year Lender and each Borrower hereby irrevocably authorizes the Administrative Agent or the applicable 5 Year Fronting Documentary Credit Lender, as applicable, to review on behalf of each 5 Year Lender each draft and other documents presented under each Documentary Credit. The determination of the Administrative Agent or the applicable 5 Year Fronting Documentary Credit Lender, as applicable, as to the conformity of any documents presented under a Documentary Credit to the requirements of such Documentary Credit shall, in the absence of the negligence or wilful misconduct of the Administrative Agent or the applicable 5 Year Fronting Documentary Credit Lender, as applicable, be conclusive and binding on the relevant Borrower and each 5 Year Lender. The Administrative Agent or the applicable 5 Year Fronting Documentary Credit Lender, as applicable, shall, within a reasonable time following its receipt thereof, examine all documents purporting to represent a demand for payment under any Documentary Credit. In respect of any Non-Fronted Documentary Credits, the Administrative Agent shall promptly after such examination:

(i) notify each of the Documentary Credit Lenders obligated under such Non-Fronted Documentary Credit and the relevant Borrower by telephone (confirmed in writing) of such demand for payment and of each Documentary Credit Lender's rateable share of such payment;

(ii) deliver to each such Documentary Credit Lender a copy of each document purporting to represent a demand for payment under such Non-Fronted Documentary Credit; and

(iii) notify each such Documentary Credit Lender and the relevant Borrower whether such demand for payment was properly made under the relevant Documentary Credit.

With respect to any drawing determined by the Administrative Agent or the applicable 5 Year Fronting Documentary Credit Lender, as applicable, to have been properly made under a Documentary Credit, each 5 Year Lender will make its rateable share of the applicable payment in respect of such Documentary Credit, in accordance with its liability under such Documentary Credit and this Agreement, such payment to be made to the Administrative Agent for the account of the applicable 5 Year Fronting Documentary Credit Lender (in the case of a Fronted Documentary Credit) or such account as the Administrative Agent shall advise (in the case of a Non-Fronted Documentary Credit). The Administrative Agent will make any payments made available to it by the applicable Documentary Credit Lenders to the Beneficiary of such Documentary Credit by promptly crediting the amounts so received, in like funds, to the account identified by such Beneficiary in connection with such demand for payment. Promptly following any payment by any Documentary Credit Lender in respect of any Documentary Credit, the Administrative Agent will notify the relevant Borrower of such payment; provided that any failure to give or delay in giving such notice shall not relieve the relevant Borrower of its obligation to reimburse the applicable Documentary Credit Lenders with respect to any such payment. The responsibility of the applicable 5 Year Fronting Documentary Credit Lender in connection with any draft presented for payment under any Fronted Documentary Credit shall, in addition to any payment obligation expressly provided for in such Documentary Credit, be limited to determining that the documents (including each draft) delivered under such Fronted Documentary Credit in connection with such presentment are in conformity with the requirements of such Fronted Documentary Credit. The responsibility of the Administrative Agent in connection with any draft presented for payment under any Non-Fronted Documentary Credit shall be limited to determining that the documents (including each draft) delivered under such Non-Fronted Documentary Credit in connection with such presentment are in conformity with the requirements of such Non-Fronted Documentary Credit.

(b) The relevant Borrower agrees to reimburse the applicable 5 Year Fronting Documentary Credit Lender for the account of the 5 Year Lenders (in respect of a Fronted Documentary Credit) or each applicable Documentary Credit Lender (in respect of a Non-Fronted Documentary Credit), on demand, for each payment made by the applicable Fronting Document Credit Lender or such Documentary Credit Lender, as applicable, under any Documentary Credit. The relevant Borrower shall make such reimbursement by paying to the applicable 5 Year Fronting Documentary Credit Lender (in respect of a Fronted Documentary Credit) or the Administrative Agent, for the account of each applicable Documentary Credit Lender (in respect of a Non-Fronted Documentary Credit) to the applicable Borrower's Account, the full amount of each such payment made by the applicable 5 Year Fronting Documentary Credit Lender or such Lender, as applicable. The relevant Borrower shall also pay and reimburse each applicable 5 Year Fronting Documentary Credit Lender or each Documentary Credit Lender, as applicable, for all taxes, fees, charges and other reasonable and customary costs and expenses incurred by such Lender in connection with such payment, as notified by such Documentary Credit Lender to the relevant Borrower through the Administrative Agent. Each reimbursement payment shall be due and payable on the date on which the Administrative Agent or the applicable 5 Year Fronting Documentary Credit Lender, as applicable, notifies the relevant Borrower of the amount of such reimbursement obligation.

(c) In respect of each Documentary Credit, unless on the date of such drawing the applicable Borrower has made payment on demand to the applicable Borrower's Account of an amount, in same day funds, equal to the amount of such drawing; then:

(i) the applicable Borrower shall be deemed to have given a Borrowing Notice to the Administrative Agent, requesting a Canadian Prime Rate Advance or a Base Rate (Canada) Advance, as the case may be, under the 5 Year Facility and as determined by the Administrative Agent acting reasonably, based upon the amount and currency required on the date on which such drawing is honoured in an amount equal to the amount of such drawing, provided that in the case of any Documentary Credit issued in Pounds Sterling, the Borrower shall be deemed to have requested a Canadian Prime Rate Advance in an amount equal to the Canadian Dollars utilized by each Lender or the applicable 5 Year Fronting Documentary Credit Lender in accordance with its usual practices to purchase Pounds Sterling on the date on which payment is made on such Documentary Credit;

(ii) the 5 Year Lenders shall on the date of such drawing, make such Canadian Prime Rate Advance or Base Rate (Canada) Advance, as the case may be, rateably under the 5 Year Facility; and

(iii) the Administrative Agent shall pay the proceeds thereof to the applicable 5 Year Fronting Documentary Credit Lender (in respect of a Fronted Documentary Credit) or each applicable Documentary Credit Lender (in respect of a Non-Fronted Documentary Credit) as reimbursement for the amount of such drawing; and

(iv) the Administrative Agent shall promptly notify the applicable Borrower of any such Canadian Prime Rate Advance or Base Rate (Canada) Advance, as the case may be.

(d) Each applicable Documentary Credit Lender shall be required to make its rateable portion of the Advances referred to in Section 5.7(c) notwithstanding:

(i) the amount of the Borrowing may not comply with the minimum amount for Borrowings otherwise required hereunder;

(ii) that any conditions specified in Article 6 are not then satisfied;

(iii) that a Default or Event of Default has occurred and is continuing;

(iv) the date of such Borrowing; and

(v) any reduction of the Commitment under the 5 Year Facility after any Documentary Credit was issued.

(e) In respect of any Non-Fronted Documentary Credit, the Administrative Agent shall not be required to make any payment under a Non-Fronted Documentary Credit in excess of the amount received by it from the applicable Documentary Credit Lenders for such payment. Promptly after making a payment under a Non-Fronted Documentary Credit on behalf of the Documentary Credit Lenders liable thereunder, the Administrative Agent shall remit to each such Documentary Credit Lender that remitted funds to the Administrative Agent in respect of such payment such Documentary Credit Lender's portion of the payments received by the Administrative Agent from the applicable Borrower in respect of such payment.

5.8 Fees

(a) The applicable Borrower shall pay to the Administrative Agent, for the account of the applicable Documentary Credit Lenders, a Documentary Credit fee with respect to each outstanding Documentary Credit at a rate per annum equal to the Applicable Margin under the 5 Year Facility in effect from time to time, calculated on the basis of the Face Amount of each such Documentary Credit and a year of 365 or 366 days, as the case may be, calculated daily and payable in arrears on the first Business Day following the last day of each Financial Quarter and on each 5 Year Maturity Date in respect of any Documentary Credit Lender and in the same currency as such Documentary Credit.

Any such fronting fee shall be calculated on the basis of the Face Amount of each outstanding Fronted Documentary Credit and a year of 365 or 366 days, as the case may be, calculated daily and payable in arrears on the first Business Day following the end of each Financial Quarter and on each 5 Year Maturity Date in respect of such 5 Year Fronting Documentary Credit Lender and in the same currency as such Fronted Documentary Credit.

(c) The applicable Borrower shall pay to each applicable Documentary Credit Lender its:

(i) reasonable set-up fees, cable charges and other customary miscellaneous charges in respect of the issue of Documentary Credits by it or on its behalf, as applicable, and upon the amendment or transfer of each Documentary Credit and each drawing made thereunder; and

(ii) reasonable and customary documentary and administrative charges for amending, transferring or drawing under, as the case may be, Documentary Credits of a similar amount, term and risks.

5.9 Obligations Absolute

(a) any lack of validity or enforceability of any Documentary Credit;

(b) the existence of any claim, compensation, set-off, defence or other right which the Borrowers or any of them may have at any time against a Beneficiary or any transferee of any Documentary Credit (or any Persons for whom any such transferee may be acting), any Documentary Credit Lender or any other Person, whether in connection with this Agreement, the transactions contemplated herein and therein or any unrelated transaction (including any underlying transaction between either of the Borrowers or one of their Subsidiaries and the Beneficiary of any Documentary Credit);

(c) any draft, demand, certificate or any other document presented under any Documentary Credit proving to be forged, fraudulent or invalid in any respect or any statement therein being untrue or inaccurate in any respect;

(d) any other circumstances or happenings whatsoever, which is similar to any of the foregoing; or

(e) that a Default or an Event of Default shall have occurred and be continuing.

5.10 Indemnification; Nature of Documentary Credit Lender's Duties

In addition to amounts payable as elsewhere provided in this Article 5, the Borrowers hereby agree to protect, indemnify, pay and save each Documentary Credit Lender and the Administrative Agent, or either of them, harmless from and against any and all claims or losses (including reasonable legal fees and expenses) which such Documentary Credit Lender and the Administrative Agent, or either of them, may incur or be subject to as a consequence, direct or indirect, of:

(a) the application for or issuance of or drawing under any Documentary Credit, other than as a result of the negligence or wilful misconduct of such Documentary Credit Lender or the Administrative Agent as determined by a court of competent jurisdiction, provided that such Documentary Credit Lender or the Administrative Agent acts in good faith; or

(b) the failure of such Documentary Credit Lender or the Administrative Agent to honour a drawing under any Documentary Credit as a result of any act or omission, whether rightful or wrongful, of any present or future de jure or de facto government or governmental authority prohibiting the payment of such drawing (all such acts or omissions herein called "**Government Acts**").

As between the Borrowers and each Documentary Credit Lender, the Borrowers assume all risks of the acts and omissions of, or misuse of any Documentary Credit issued by such Documentary Credit Lender, by the Beneficiary of such Documentary Credit. Except to ensure compliance with the applicable Documentary Credit, the Documentary Credit Lenders shall not have any responsibility for:

(i) the form, validity, accuracy, genuineness or legal effect of any document submitted by any party in connection with the application for, issuance of or drawing under any Documentary Credit (even if it should in fact prove to be in any or all respects invalid, inaccurate, fraudulent or forged);

(ii) the validity or sufficiency of any instrument transferring or assigning (or purporting to transfer or assign) any Documentary Credit or the rights or benefits thereunder or proceeds thereof, in whole or in part, which may prove to be invalid or ineffective for any reason;

(iii) errors, omissions, interruptions or delays in transmission or delivery of any messages, by mail, cable, telegraph, telex or otherwise (whether or not they are in cipher);

(iv) errors in interpretation of technical terms;

(v) any loss or delay in the transmission or otherwise of any document required in order to make a drawing under any Documentary Credit or of the proceeds thereof;

(vi) the misapplication by the Beneficiary of any Documentary Credit or of the proceeds of any drawing under such Documentary Credit; and

(vii) any consequences arising from causes beyond the control of the Documentary Credit Lender including any Governmental Acts.

None of the above shall affect, impair, or prevent the vesting of any of the Documentary Credit Lender's powers hereunder. Any action taken or omitted by the Documentary Credit Lender under or in connection with any Documentary Credit issued by it or on behalf of it or the related certificates if taken or omitted in good faith, shall not put the Documentary Credit Lender under any resulting liability to the Borrowers or any of them provided that the Documentary Credit Lender acts without intentional or gross fault and has not engaged in wilful misconduct.

Neither Borrower shall have any obligation to indemnify a Documentary Credit Lender in respect of any liability incurred by such Documentary Credit Lender arising out of the negligence or wilful misconduct of such Documentary Credit Lender as determined by a court of competent jurisdiction, or out of the wrongful dishonour by such Documentary Credit Lender of a proper demand for payment made under any Documentary Credit issued by it or on behalf of it.

5.11 Repayments

(a) If a Borrower shall be required to repay the Accommodations Outstanding to any or all of the Documentary Credit Lenders pursuant to Article 2, Article 9 or otherwise herein, then such Borrower shall pay to the Administrative Agent for and on behalf of the relevant Documentary Credit Lender to the extent required pursuant thereto and in the amount provided therein, an amount equal to such Documentary Credit Lender's contingent liability in respect of any Documentary Credit outstanding for the account of such Borrower hereunder, including any Documentary Credit which is the subject matter of any order, judgment, injunction or other such determination (a "**Judicial Order**") restricting payment by such Documentary Credit Lender under and in accordance with such Documentary Credit beyond the expiration date stated therein other than any Judicial Order permanently enjoining the applicable Documentary Credit Lender from paying under such Documentary Credit. Payment in respect of each such Documentary Credit shall be due in the currency in which such Documentary Credit is denominated.

(b) Each Documentary Credit Lender shall, with respect to any Documentary Credit issued by it or on behalf of it, upon the date on which any final and non-appealable order, judgment or other such determination has been rendered or issued either terminating the applicable Judicial Order or permanently enjoining such Documentary Credit Lender from paying under such Documentary Credit, pay to the applicable Borrower an amount equal to the aggregate of (y) the difference between the amount paid to such Documentary Credit Lender pursuant to Section 5.11(a) and the amounts paid by such Documentary Credit Lender under such Documentary Credit and (z) interest on such amount, if any, determined at such Documentary Credit Lender's applicable wholesale deposit rate for the relevant currency.

(c) Each Documentary Credit Lender shall, with respect to any Documentary Credit issued by it or on behalf of it, upon the earlier of:

(i) the date on which either (x) the original counterpart of such Documentary Credit is returned to the Administrative Agent or to such Documentary Credit Lender for cancellation, or (y) such Documentary Credit Lender is released by the Beneficiary from any further obligations in respect thereof; and

(ii) the expiry (to the extent permitted by Law) of such Documentary Credit;

pay to the applicable Borrower an amount equal to the aggregate of (y) the difference between the amount paid to such Documentary Credit Lender pursuant to Section 5.11(a) and the amounts paid by such Documentary Credit Lender under such Documentary Credit and (z) interest on such

amount, if any, determined at such Documentary Credit Lender's applicable wholesale deposit rate for the relevant currency.

ARTICLE 6
CONDITIONS OF LENDING

6.1 Conditions Precedent to Closing

The obligations of the Lenders hereunder are subject to fulfilment of the following conditions precedent on the Effective Date:

(a) the Administrative Agent shall have received, in form, substance and dated as of a date satisfactory to the Administrative Agent and its counsel and in sufficient quantities for each Lender and the Administrative Agent:

(i) executed copies of this Agreement and the other Credit Documents required to be executed prior to the initial Accommodation hereunder;

(ii) a certificate of a senior officer of the Covenantor certifying that no Default or Event of Default has occurred and is continuing and that the representations and warranties in Section 7.1 are true and correct in all respects;

(iii) a certified copy of:

(A) the Articles and by-laws of the Covenantor and each Borrower;

(B) evidence of the corporate authority of the Covenantor and each Borrower with respect to the borrowing and other matters contemplated by this Agreement and the entering into and completion of all transactions contemplated by the other Credit Documents; and

(C) all other instruments evidencing necessary corporate action of the Covenantor and each Borrower with respect to such matters;

(iv) a certificate of an officer of the Covenantor and each Borrower certifying the names and true signatures of its officers authorized to sign this Agreement and the other Credit Documents;

(v) a certificate of status, compliance or like certificate with respect to the Covenantor and each Borrower issued by the appropriate Governmental Entity of the jurisdiction of its incorporation;

(vi) favourable opinions of counsel to the Covenantor and each Borrower as to such matters as the Administrative Agent may reasonably request;

(vii) favourable opinions of counsel to the Lenders as to such matters as the Administrative Agent may reasonably request; and

(viii) such other documents and instruments as the Administrative Agent may reasonably request;

(b) the Existing Credit Agreement shall have been cancelled and terminated and all amounts outstanding thereunder shall have been paid and the Administrative Agent shall have received a copy of such notice of cancellation and termination and, acting reasonably, be satisfied all such amounts have been repaid; and

(c) all fees and other amounts then payable under the Credit Documents shall have been paid in full.

6.2 Conditions Precedent to Accommodations

(a) The obligation of each Lender to make Accommodations or otherwise give effect to any Accommodation Notice is subject to fulfilment of the following conditions at the time of any Accommodation Notice or Accommodation, as the case may be, if such Accommodation represents an increase in the Accommodations Outstanding thereafter:

(i) no Default or Event of Default, which has not been remedied to the reasonable satisfaction of the Lenders or has not been waived by the Lenders in accordance with Section 12.1, has occurred and is continuing or would arise immediately after giving effect to or as a result of the Accommodation; and

(ii) the representations and warranties of the Covenantor contained in Article 7 are true and correct in all material respects on the date of the Accommodation as if they were made on that date.

(b) Each of the giving of any Accommodation Notice by a Borrower and the acceptance by a Borrower of any Accommodation, in each case with respect to an Accommodation which represents an increase in the Accommodations Outstanding thereafter, shall be deemed to constitute a representation and warranty by the Covenantor that, on the date of such Accommodation, the statements set forth in Sections 6.2(a)(i) and (ii) are true and correct except as the Borrowers have previously disclosed to the Lenders in writing.

6.3 Rollovers, Conversions and Renewals

Except as provided in this Section 6.3, each request by a Borrower for a conversion, rollover, renewal or replacement of an Accommodation as contemplated by Section 3.3 and Section 4.5(a) shall be subject to the condition that at the time of each such request and each such conversion, rollover, renewal or replacement, no Default or Event of Default shall have occurred and be continuing and each such request and the acceptance of each such Accommodation by the applicable Borrower shall be deemed to constitute a representation and warranty to that effect. However:

(a) if a Default has occurred and is continuing and the Borrowers have disclosed that fact to the Administrative Agent or the Lenders in writing, a Borrower may request a rollover, conversion, renewal or replacement (and will not be deemed to have represented that no Default has occurred and is continuing) provided that in such circumstances the Borrowers will not be entitled to make an Interest Rate Election (in the case of a Fixed Rate Advance) or to request a replacement Bankers' Acceptance having an Interest Period or term to maturity, respectively, exceeding thirty (30) days unless the Administrative Agent, in its discretion acting reasonably, consents thereto; and

(b) if an Event of Default has occurred and is continuing, a Borrower may not request a rollover, conversion, renewal or replacement without the prior consent of the Majority Lenders (determined with reference only to the applicable Credit Facility) and each Fixed Rate Advance

outstanding shall be converted to a Base Rate (Canada) Advance on the last day of the Interest Period applicable thereto and each outstanding Bankers' Acceptance shall be converted to a Canadian Prime Rate Advance on its maturity, in each case unless the Majority Lenders (determined with reference only to the applicable Credit Facility) otherwise agree.

6.4 No Waiver

The making of an Accommodation or otherwise giving effect to any Accommodation Notice, without the fulfilment of one or more conditions set forth in Sections 6.1 or 6.2, shall not constitute a waiver of any condition and the Administrative Agent and the Lenders reserve the right to require fulfilment of such condition in connection with any subsequent Accommodation Notice or Accommodation.

6.5 Takeover Notification

(a) In the event a Borrower wishes to utilize Accommodations under a Credit Facility to make a take-over bid (as defined under applicable securities laws but excluding any takeover bids which are exempt from the formal take-over bid rules under such laws) which is unsolicited or the approval of which has not been publicly announced by the board of directors (or its equivalent) of the Person that is the target of the takeover offer (a "**Takeover**"), then either:

(i) such Borrower shall provide to the Administrative Agent evidence satisfactory to the Administrative Agent (acting reasonably) of the agreement of the board of directors or its equivalent of the Person that is the target of the Takeover approving the Takeover and the Administrative Agent shall, no later than the next Business Day thereafter, provide such evidence to the Lenders under the applicable Credit Facility; or

(ii) the following steps shall be followed:

(A) at least five (5) Business Days prior to the delivery of any notice to the Administrative Agent pursuant to Article 3, Article 4 or Article 5 requesting Accommodations intended to be utilized for such Takeover, the president, chief financial officer, treasurer or general counsel of such Borrower shall notify the Administrative Agent of the particulars of such Takeover in sufficient detail to enable each Lender under the applicable Credit Facility to determine whether it has a conflict of financial, economic or other existing business interest (such determination to be made by each Lender in the exercise of its sole discretion having regard to such considerations as it deems appropriate but, in each case, in accordance with its usual and customary practices) if Accommodations from such Lender are to be utilized by such Borrower for such Takeover; and

(B) within one (1) Business Day of being so notified, the Administrative Agent shall in like manner so notify each of the Lenders under the applicable Credit Facility and provide each of the Lenders with the related particulars; and

(C) within three (3) Business Days of the Administrative Agent being so notified;

(I) if a Lender shall not have notified the Administrative Agent and the Borrowers that a conflict of financial, economic or other existing business interest exists, such Lender shall be deemed to have no such conflict of interest; or

(II) if a Lender has notified the Administrative Agent and the Borrowers that such a conflict of financial, economic or other interest exists, then upon the Borrowers and the Administrative Agent being so notified, such Lender shall have no obligation to provide Accommodations directly or indirectly to finance such Takeover notwithstanding any other provision of this Agreement to the contrary.

(b) If any notification has been made by a Lender pursuant to Section 6.5(a)(ii)(C)(II), then, except as provided in Section 6.5(c) below, rateable portions of any Accommodations made to finance the Takeover in respect of which such notice was given shall be determined without reference to the Commitment of such Lender under the applicable Credit Facility; and such notification given by a Lender shall not relieve any other Lender of any of its obligations hereunder, provided that, for certainty, no Lender shall be obligated by this Section to make or provide Accommodations in excess of such Commitment.

(c) If the conflict of interest giving rise to a notification under Section 6.5(a)(ii)(C)(II) ceases to exist (whether by successful completion of the Takeover or otherwise), then the Lender giving such notification shall, in the case of a Eurodollar Rate Advance or Drawing, on the renewal or conversion thereof, or, in the case of a Floating Rate Advance, as soon as practicable on a date to be determined by the Administrative Agent, in each case in respect of the Accommodations made to finance the relevant Takeover, purchase, and the other Lenders shall on a rateable basis sell and assign to such Lender, portions of such Accommodations equal in total to the notifying Lender's rateable portion thereof.

ARTICLE 7
REPRESENTATIONS AND WARRANTIES

7.1 Representations and Warranties

The Covenantor represents and warrants to each Lender and the Administrative Agent, acknowledging and confirming that each Lender and the Administrative Agent is relying on such representations and warranties without independent inquiry in entering into this Agreement and, to the extent contemplated by Section 6.2, providing Accommodations, that:

(a) **Incorporation and Qualification.** The Covenantor, each Borrower and each Designated Subsidiary is a corporation duly incorporated, continued or amalgamated, as the case may be, and validly existing under the laws of its jurisdiction of incorporation, has the legal right and all necessary corporate power and authority to own its Assets and carry on its business and is duly qualified, licensed or registered to carry on business under the laws applicable to it in all jurisdictions in which it carries on business the absence of which qualification, licensing or registration would have a Material Adverse Effect.

(b) **Corporate Power.** The Covenantor, each Borrower and, if applicable, each Designated Subsidiary has all requisite corporate power and authority to enter into and perform its obligations under this Agreement and each other Credit Document to which it is a party and do all acts and things and execute and deliver all other documents and instruments as are required hereunder or thereunder to be done, observed or performed by it in accordance with the terms hereof and thereof.

(c) **Conflict with other Instruments.** The execution and delivery by the Covenantor, each Borrower and, if applicable, each Designated Subsidiary and the performance by it of its

obligations under, and compliance with the terms, conditions and provisions of, this Agreement and each other Credit Document to which it is a party will not conflict with or result in a breach of any of the terms, conditions or provisions of:

(i) its Articles or by-laws;

(ii) any applicable Law;

(iii) any material contractual restriction binding on or affecting it or its Assets; or

(iv) any material judgment, injunction, determination or award which is binding on it.

(d) **Corporate Action, Governmental Approvals, etc.** The execution and delivery of each of the Credit Documents to which any of the Covenantor, the Borrowers or, if applicable, any Designated Subsidiary, is a party, and the performance by it of its obligations thereunder have been duly authorized by all necessary corporate action including the obtaining of all necessary shareholder consents. No authorization, consent, approval, registration, qualification, designation, declaration or filing with any Governmental Entity or other Person, is or was necessary in connection with the execution, delivery and performance of the Covenantor's, each Borrower's and, if applicable, each Designated Subsidiary's obligations under the Credit Documents to which it is a party, except such as are in full force and effect, unamended, at the Effective Date.

(e) **Execution and Binding Obligation.** This Agreement and the other Credit Documents to which any of the Covenantor, the Borrowers or, if applicable, any Designated Subsidiary, is a party have been duly executed and delivered by each of the Covenantor, the Borrowers and, if applicable, each such Designated Subsidiary, as the case may be, and constitute legal, valid and binding obligations of each of the Covenantor, the Borrowers and, if applicable, each Designated Subsidiary, as the case may be, enforceable against it in accordance with its respective terms, subject only to any limitation under applicable laws relating to:

(i) bankruptcy, insolvency, reorganization, moratorium or creditors' rights generally; and

(ii) the discretion that a court may exercise in the granting of equitable remedies.

(f) **Authorizations, etc.** Each of the Covenantor, each Borrower and each Designated Subsidiary possesses all authorizations, permits, consents, registrations and approvals necessary to properly conduct its business the absence of which would have a Material Adverse Effect.

(g) **Ownership of Property.** The Assets of the Covenantor, each Borrower and each Designated Subsidiary are free and clear of any Lien except for Permitted Liens and Liens not prohibited by Section 8.2(a).

(h) **No Litigation.** To the Covenantor's knowledge and except as previously disclosed in writing by the Covenantor to the Administrative Agent, there is not now pending or threatened in writing against it, any Borrower or any Designated Subsidiary, any litigation, action, suit or other proceedings by or before any court, tribunal or other Governmental Entity in Canada, the United States of America or elsewhere or before any arbitrator, and which, in any such case, would reasonably be expected to have a Material Adverse Effect having regard to, among other things, applicable insurance coverage, or which purports to affect the legality, validity or enforceability

of this Agreement, any other Credit Document or any other instrument contemplated hereby or thereby.

(i) **Environmental Matters.** None of the Covenantor, the Borrowers or the Designated Subsidiaries:

(i) has failed to comply with any of the requirements of any applicable Environmental Law, the non-compliance with which, alone or in the aggregate, would reasonably be expected to have a Material Adverse Effect; or

(ii) is the subject of any pending or, to the knowledge of the Covenantor, threatened in writing, private or federal, provincial, state or local governmental proceeding or investigation relating to a release of any contaminants into the environment or the workplace, the use, handling, transportation or storage of any contaminants in any of its operations or any contaminants in any other respect, except proceedings which, in the aggregate, would not reasonably be expected to have a Material Adverse Effect.

(j) **Financial Condition.** The Covenantor has delivered to the Administrative Agent a true and complete copy of its audited year-end consolidated financial statements as at December 31, 2013 and its unaudited consolidated financial statements for the Financial Quarter ended June 30, 2014 and such financial statements present fairly the consolidated financial position of the Covenantor, in accordance with GAAP, as of the date thereof and for the financial periods then ended. All financial statements of the Covenantor or each Borrower, as the case may be, which have been or will be delivered to the Administrative Agent pursuant to Section 8.1 present fairly, or will present fairly, as the case may be, the consolidated financial position of the Covenantor and its subsidiaries or the Borrowers and their respective subsidiaries, as the case may be, in accordance with GAAP (except, in the case of unaudited financial statements, for exceptions which are customary for purposes of interim financial reporting and normal year end audit adjustments), as of the dates thereof and for the financial periods then ended.

(k) **Changes.** Since the later of June 30, 2014 and the date to which and as at which the most recent financial statements delivered to the Administrative Agent pursuant to this Agreement have been prepared there has occurred no event which has had a Material Adverse Effect or which would reasonably be expected to have a Material Adverse Effect, except as previously disclosed by the Covenantor to the Administrative Agent in writing.

(l) **Debt.** All payment obligations of the Covenantor, the Borrowers or any of them and any Designated Subsidiary Guarantor hereunder or under any Designated Subsidiary Guarantee (including of the Covenantor under the Guarantee in Article 12 hereof and of each Borrower on a joint and several basis for the obligations of each other Borrower hereunder and of each Designated Subsidiary under its Designated Subsidiary Guarantee), rank at least pari passu in right of payment with the other unsecured and unsubordinated Debt for Borrowed Money of the Borrowers or any of them, the Covenantor and any Designated Subsidiary Guarantor, as the case may be, (except for such claims as are preferred by operation of law).

(m) **Contractual Restrictions.** There are no contractual restrictions with any Person at Arm's Length to the Covenantor, the Borrowers and each Designated Subsidiary on the declaration of dividends or distributions by any Designated Subsidiary which would reasonably be expected to have a Material Adverse Effect.

7.2 Survival of Representations and Warranties

The representations and warranties in this Agreement and in any certificates or documents delivered to the Administrative Agent hereunder shall not merge in or be prejudiced by and shall survive any Accommodation and shall continue in full force and effect as of the date made or given so long as any amounts are owing by either of the Borrowers to the Lenders under this Agreement.

ARTICLE 8
COVENANTS OF THE COVENANTOR

8.1 Affirmative Covenants

So long as any amount owing by any Borrower under this Agreement remains unpaid or any Lender has any obligation under this Agreement, unless consent is given in accordance with Section 12.1, each of the Covenantor and the Borrowers shall:

(a) **Financial Reporting.** Deliver to the Administrative Agent with sufficient copies for each of the Lenders and the Administrative Agent:

(iii) as soon as practicable and in any event within forty-five (45) days after the end of each Financial Quarter of each Financial Year (except for the last Financial Quarter of any Financial Year, in which case within 90 days after the end of such Financial Quarter), a certificate of a senior officer of the Covenantor calculating the Financial Covenant as at the end of such Financial Quarter or such Financial Year and certifying no Default or Event of Default has occurred and is continuing;

(iv) forthwith upon sending of same to the Covenantor's shareholders, copies of all reports, financial statements, proxy circulars and other information sent by the Covenantor to such shareholders; and

(v) forthwith upon filing of same, copies of all material change reports filed by the Covenantor with securities regulatory authorities;

provided, however, that the consolidated financial statements specified in Section 8.1(a)(i) and Section 8.1(a)(ii) shall also be provided in respect of CPRC and its Subsidiaries and in respect of each other Borrower that is not a Subsidiary of CPRC at any time that the Covenantor shall carry on any business other than owning shares of CPRC. The requirement to deliver the foregoing financial statements in Section 8.1(a)(i) and (ii) and the information referred to in Section 8.1(a)(iv) and (v) may be satisfied by the Covenantor and, if applicable, CPRC and any other Borrower, posting such financial statements or other information on www.SEDAR.com or on the website of the Covenantor or CPRC, as applicable, within the time periods referred to above and forthwith advising the Administrative Agent that such financial statements and other information have been so posted and the details of any website on which the same have been posted.

(b) **Additional Reporting Requirements.** Deliver to the Administrative Agent (with sufficient copies for each of the Lenders and the Administrative Agent):

(i) as soon as practicable, and in any event within ten (10) days after a senior officer of the Covenantor or a Borrower has knowledge of the occurrence of each Default or Event of Default, a statement of the chief financial officer or treasurer of CPRC or any other officer acceptable to the Administrative Agent setting forth the details of the Default or Event of Default and the action which the Covenantor and the Borrowers propose to take or have taken;

(ii) promptly in writing a notice of any previously undisclosed actions, suits, arbitrations or proceedings pending, taken or threatened before or by any Governmental Entity or other Person against the Covenantor or any of its subsidiaries which if determined adversely to the interests of any of them would have a Material Adverse Effect; and

(iii) promptly in writing a notice of any change in the debt rating assigned to CPRC's senior unsecured and unsubordinated Debt for Borrowed Money by S&P or Moody's.

(c) **Corporate Existence.** Except as otherwise permitted in this Agreement, preserve and maintain, and cause the Designated Subsidiaries to preserve and maintain, its and their respective corporate existence, in each case where failure to do so would reasonably be expected to have a Material Adverse Effect.

(d) **Compliance with Laws, etc.** Comply, and cause each Designated Subsidiary to comply, with the requirements of all applicable Laws, non-compliance with which would reasonably be expected to have a Material Adverse Effect.

(e) **Maintenance of Properties, etc.** Maintain and preserve, and cause the Designated Subsidiaries to maintain and preserve, all of its and their respective Assets used or useful in its and their respective businesses in good repair, working order and condition (reasonable wear and tear excepted), where failure to maintain or preserve the properties in that state would reasonably be expected to have a Material Adverse Effect.

from time to time adopt other methods or plans of protection, including self-insurance, against risks in substitution or partial substitution for the aforesaid insurance.

(g) **Access to Information.** Subject to the next following sentence, at the request of the Administrative Agent, provide to the Administrative Agent such information in respect of the Covenantor and its subsidiaries as may be reasonably requested by the Administrative Agent. Neither the Covenantor nor the Borrowers shall be required to provide the Administrative Agent or the Lenders, as the case may be, with information under this Section 8.1(g) which is price or commercially sensitive or which it is prohibited by contract or Law to do so or which would require the Covenantor or any of its Subsidiaries to make a securities filing or press release in order to comply with securities disclosure rules as a result of such disclosure to the Lenders.

(h) **Payment of Taxes.** Pay, on or before the date for payment thereof all taxes, assessments and governmental charges or levies imposed upon the Covenantor, any Borrower or any Designated Subsidiary or upon its or their Assets, in each case, the non-payment of which would have a Material Adverse Effect, except any such tax, assessment, governmental charge or levy which is being contested in good faith and by proper proceedings and as to which appropriate reserves have been established in accordance with GAAP, or which is a Permitted Lien.

(i) **Ownership.** Ensure that more than 50% of the economic and voting rights associated with all of the outstanding capital stock of each of the Designated Subsidiaries are owned and controlled, directly or indirectly, by the Covenantor.

8.2 Negative Covenants

So long as any amount owing by any Borrower under this Agreement remains unpaid or any Lender has any obligation under this Agreement, unless consent is given in accordance with Section 12.1, neither the Covenantor nor any of the Borrowers shall:

(a) **Liens.** Create, incur, assume or permit to exist, or permit any Designated Subsidiary to create, incur, assume or permit to exist, any Lien (other than Permitted Liens) on any of its or their Assets securing Debt for Borrowed Money, unless, at the same time or as soon as reasonably practicable thereafter, it secures or causes to be secured equally and rateably with such Debt for Borrowed Money any Accommodations Outstanding and interest, if any, thereon.

(b) **Mergers, Etc.** Enter into or permit any Designated Subsidiary to enter into any merger or consolidation with any other Person unless:

(i) such Person is a wholly-owned Subsidiary of the Covenantor, a Borrower or a Designated Subsidiary, as the case may be, and, in the case of a Borrower, the surviving Person is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada); or

(g) **Covenantor, Borrowers and Designated Subsidiary Property.** Permit, for a period of more than forty-five (45) days after the last day of the first three (3) Financial Quarters of the Financial Year or for a period of more than ninety (90) days after the last day of the Financial Year, an amount equal to:

(B) by excluding all amounts which, under the definition of Consolidated Assets, are excluded in determining the Consolidated Assets of the Covenantor reported on a consolidated basis; less

(ii) the aggregate principal amount of Subsidiary Debt and Non-Recourse Debt;

as of the last day of such Financial Quarter to be less than seventy-five percent (75%) of the Consolidated Assets of the Covenantor, as shown on the most recent consolidated balance sheet delivered to the Administrative Agent pursuant to Section 8.1(a)(i) or 8.1(a)(ii), as applicable, and as determined as of the last day of such Financial Quarter and in accordance with GAAP to the extent relevant.

8.3 Financial Covenant

So long as any amount owing by any Borrower under this Agreement remains unpaid or any Lender has any obligation under this Agreement, unless consent is given under Section 12.1, the Covenantor shall maintain, during each Financial Quarter in each Financial Year, a ratio of Funded Debt to Total Capitalization of not more than 65%.

ARTICLE 9
EVENTS OF DEFAULT

9.1 Events of Default

If any of the following events (each an "**Event of Default**") occurs and is continuing:

(a) (i) a Borrower fails to pay any amount of the Accommodations Outstanding (other than a Swingline Advance) when due and payable; or

(ii) a Borrower fails to pay any Swingline Advance when due and payable and such failure remains unremedied for a period of one (1) Business Day following written notice of such failure by the Administrative Agent to the Borrowers;

(b) a Borrower fails to pay any interest or Fees when due and payable and such failure remains unremedied for a period of five (5) Business Days following written notice of such failure by the Administrative Agent to the Borrowers;

(c) the Covenantor fails to perform, observe or comply with any of the covenants contained in Section 8.3 and such failure remains unremedied for thirty (30) Business Days following written notice of such failure by the Administrative Agent to the Borrowers;

(d) any representation or warranty hereunder shall prove to have been inaccurate in any material respect when made or deemed to be made and, if and to the extent such inaccuracy is capable of being remedied, such inaccuracy remains unremedied for thirty (30) days following written notice of such inaccuracy by the Administrative Agent to the Borrowers;

(e) the Covenantor, a Borrower or a Designated Subsidiary Guarantor fails to perform, observe or comply with any other term, covenant or agreement contained in any Credit Document to which it is a party and, except in the case of Section 8.2(g) in which case no cure period shall be applicable, such failure remains unremedied for thirty (30) days following written notice of such failure by the Administrative Agent to the Covenantor, the Borrowers and the applicable Designated Subsidiary Guarantor or, if such failure is curable, such longer period not exceeding ninety (90) days as is reasonably required to remedy such failure;

(f) (i) the Covenantor, a Borrower or any Designated Subsidiary fails to pay the principal of any of its Debt for Borrowed Money (excluding Debt under this Agreement and Non-Recourse Debt) which is outstanding in an aggregate principal amount exceeding the greater of Cdn. $150,000,000 and an amount equal to 2% of Consolidated Equity (or the Equivalent Amount in any other currency) ("**Relevant Debt**") when such amount becomes due and payable (whether by scheduled maturity, required prepayment, acceleration, demand or otherwise) and such failure continues after the applicable grace period, if any, specified in the agreement or instrument relating to such Relevant Debt without waiver of such failure by the holder of such Relevant Debt on or before the expiration of such period; or

(ii) any other event occurs or condition exists (including a failure to pay the premium or interest on such Relevant Debt) and continues after the applicable grace period, if any, specified in any agreement or instrument relating to any such Relevant Debt without waiver of such failure by the holder of such Relevant Debt on or before the expiration of such period, if the effect of such event is to accelerate such Relevant Debt;

(g) any final judgment or order (subject to no further right of appeal) for the payment of money aggregating in excess of the greater of Cdn. $100,000,000 and an amount equal to 2% of Consolidated Equity (or the Equivalent Amount in any other currency) shall be rendered against the Covenantor, a Borrower or any Designated Subsidiary in respect of which enforcement proceedings have been commenced and such proceedings have not been effectively stayed and such Person has not paid or settled such judgment or order within thirty (30) days after enforcement proceedings have been commenced (provided that the foregoing shall not apply to any judgment in respect of Non-Recourse Debt which is enforced solely against the assets securing the same);

(h) the Covenantor, a Borrower or any Designated Subsidiary:

(i) becomes insolvent or generally unable to pay its debts as they become due;

(ii) admits in writing its inability to pay its debts generally or makes a general assignment for the benefit of creditors;

(iii) institutes or has instituted against it any proceeding involving or affecting its creditors seeking (x) to adjudicate it a bankrupt or insolvent, (y) liquidation, winding-up, reorganization, arrangement, adjustment, protection, relief or composition of it or its debts, in each case, under any law relating to bankruptcy, insolvency, reorganization or relief of debtors including any plan of compromise or arrangement or other corporate proceeding relating thereto, or (z) the entry of an order for relief or the appointment of a receiver, trustee or other similar official for it or for any material portion of its properties and assets, and in the case of any such proceeding instituted against it (but not instituted by it), either such Person fails to diligently and actively oppose such proceeding, or any of the relief sought in such proceeding (including the entry of an order for relief against it or the appointment of a receiver, trustee, custodian or other similar official for it or for any substantial part of its properties and assets) is given; or

(iv) takes any corporate action to authorize any of the above actions;

(i) the Covenantor shall cease to own, directly or indirectly, 100% of the issued and outstanding shares of each of the Borrowers (unless as a result of a transaction permitted pursuant to Section 8.2(b)); or

(j) the validity of Article 11 or the applicability thereof to the Accommodations or any other obligations purported to be guaranteed thereby or any part thereof shall be disaffirmed by the Covenantor;

then the obligation of the Lenders to make further Accommodations shall immediately terminate and the Administrative Agent may, and shall at the request of the Majority Lenders, declare the Accommodations Outstanding, all accrued interest and Fees and all other amounts payable under this Agreement to be immediately due and payable, without presentment, demand, protest or further notice of any kind, all of which are expressly waived by each of the Borrowers. Any notice to be given under this Section 9.1, if given by facsimile, shall also be sent by prepaid courier to the recipient thereof, provided that the delivery or non-delivery of such notice by prepaid courier shall not affect the validity of such notification by facsimile.

9.2 Remedies Upon Default

(a) Upon a declaration that the Accommodations Outstanding are immediately due and payable pursuant to Section 9.1, the Administrative Agent shall at the request of, or may with the consent of, the Majority Lenders, commence such legal action or proceedings as the Majority Lenders, in their sole discretion, deem expedient, including, the commencement of enforcement proceedings under the Credit Documents all without any additional notice, presentation, demand, protest, notice of dishonour, entering into of possession of any property or assets, or any other action or notice, all of which are expressly waived by the Covenantor and each of the Borrowers. All amounts received by the Administrative Agent following any declaration as provided for in this Section 9.2(a) shall be applied by the Administrative Agent to pay any expenses incurred by it and then to the Accommodations Outstanding and all other amounts owing to the Lenders under the Credit Facilities based on the rateable share of the Accommodations Outstanding to each Lender to the Accommodations Outstanding under the Credit Facilities.

(b) The rights and remedies of the Administrative Agent and the Lenders under the Credit Documents are cumulative and are in addition to, and not in substitution for, any other rights or remedies. Nothing contained in the Credit Documents with respect to the indebtedness or liability of the Covenantor and the Borrowers or any of them to the Administrative Agent and the

Lenders, nor any act or omission of the Administrative Agent or the Lenders with respect to the Credit Documents shall in any way prejudice or affect the rights, remedies and powers of the Administrative Agent and the Lenders under the Credit Documents.

ARTICLE 10
THE ADMINISTRATIVE AGENT AND THE LENDERS

10.1 Appointment and Authority

Each of the Lenders (including, if applicable, in its capacity as a 5 Year Fronting Documentary Credit Lender and the 5 Year Swingline Lender) hereby irrevocably appoints the Person identified elsewhere in this Agreement as the Administrative Agent to act on its behalf as the Administrative Agent hereunder and under the other Credit Documents and authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto.

10.2 Rights as a Lender

The Person serving as the Administrative Agent hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not the Administrative Agent and the term "Lender" or "Lenders" shall, unless otherwise expressly indicated or unless the context otherwise requires, include the Person serving as the Administrative Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money to, act as the financial advisor or in any other advisory capacity for and generally engage in any kind of business with any Borrower or the Covenantor or any Affiliate thereof as if such Person were not the Administrative Agent and without any duty to account to the Lenders.

10.3 Exculpatory Provisions

(a) The Administrative Agent shall not have any duties or obligations except those expressly set forth herein and in the other Credit Documents. Without limiting the generality of the foregoing, the Administrative Agent:

(i) shall not be subject to any fiduciary or other implied duties, regardless of whether a Default or Event of Default has occurred and is continuing;

(ii) shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Credit Documents that the Administrative Agent is required to exercise as directed in writing by the Majority Lenders (or such other number or percentage of the Lenders as shall be expressly provided for in the Credit Documents), but the Administrative Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Administrative Agent to liability or that is contrary to any Credit Document or applicable Law; and

(iii) shall not, except as expressly set forth herein and in the other Credit Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Borrowers or the Covenantor or any of their Affiliates that is communicated to or obtained by the person serving as the Administrative Agent or any of its Affiliates in any capacity.

(b) The Administrative Agent shall not be liable for any action taken or not taken by it:

(i) with the consent or at the request of the applicable Majority Lenders (or such other number or percentage of the Lenders as is necessary, or as the Administrative Agent believes in good faith is necessary, under the provisions of the Credit Documents); or

(ii) in the absence of its own gross negligence or wilful misconduct.

The Administrative Agent shall be deemed not to have knowledge of any Default or Event of Default unless and until notice describing the Default or Event of Default is given to the Administrative Agent by a Borrower, the Covenantor or a Lender.

(c) Except as otherwise expressly specified in this Agreement, the Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into:

(i) any statement, warranty or representation made in or in connection with this Agreement or any other Credit Document;

(ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith;

(iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default or Event of Default;

(iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Credit Document or any other agreement, instrument or document or

(v) the satisfaction of any condition specified in this Agreement, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent.

10.4 Reliance by Administrative Agent

The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of an Accommodation that by its terms must be fulfilled to the satisfaction of a Lender, the 5 Year Fronting Documentary Credit Lender or the 5 Year Swingline Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender, the applicable 5 Year Fronting Documentary Credit Lender or the 5 Year Swingline Lender, unless the Administrative Agent shall have received notice to the contrary from such Lender, the applicable 5 Year Fronting Documentary Credit Lender or the 5 Year Swingline Lender, prior to the making of such Accommodation. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrowers or the Covenantor), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

10.5 Indemnification of Administrative Agent

Each Lender agrees to indemnify the Administrative Agent and hold it harmless (to the extent not reimbursed by the Covenantor, the Borrowers or any Designated Subsidiary), rateably according to its rateable portion (and not jointly or jointly and severally) from and against any and all losses, claims, damages, liabilities and related expenses, including the fees, charges and disbursements of any counsel, which may be incurred by or asserted against the Administrative Agent in any way relating to or arising out of the Credit Documents or the transactions therein contemplated, provided, however, no Lender shall be liable for any portion of such losses, claims, damages, liabilities and related expenses resulting from the Administrative Agent's gross negligence or wilful misconduct.

10.6 Delegation of Duties

The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Credit Document by or through any one or more sub-agents appointed by the Administrative Agent from among the Lenders and their respective Affiliates. The Administrative Agent and any such sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. The provisions of this Article 10 and other provisions of this Agreement for the benefit of the Administrative Agent shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the Credit Facilities as well as activities as Administrative Agent.

10.7 Replacement of Administrative Agent

(a) The Administrative Agent may at any time give notice of its resignation to the Lenders, the 5 Year Fronting Documentary Credit Lenders, the 5 Year Swingline Lender and the Borrowers. Upon receipt of any such notice of resignation, the Majority Lenders shall have the right to appoint a successor, which shall be a Lender having an office in Toronto, Ontario or Montreal, Quebec, or an Affiliate of any such Lender with an office in Toronto or Montreal acceptable to the Borrowers, acting reasonably. The Administrative Agent may also be removed at any time by the Majority Lenders upon thirty (30) days' notice to the Administrative Agent and the Borrowers as long as the Majority Lenders, in consultation with the Borrowers, appoint and obtain the acceptance of a successor within such thirty (30) days, which shall be a Lender having an office in Toronto or Montreal, or an Affiliate of any such Lender with an office in Toronto or Montreal acceptable to the Borrowers, acting reasonably.

(b) If no such successor shall have been so appointed by the Majority Lenders and shall have accepted such appointment within thirty (30) days after the retiring Administrative Agent gives notice of its resignation, then the retiring Administrative Agent may on behalf of the Lenders, appoint a successor Administrative Agent meeting the qualifications specified in Section 10.7(a), provided that if the Administrative Agent shall notify the Borrowers and the Lenders that no qualifying Person has accepted such appointment, then such resignation shall nonetheless become effective in accordance with such notice and:

(i) the retiring Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Credit Documents (except that in the case of any collateral security held by the Administrative Agent on behalf of the Lenders under any of the Credit Documents, the retiring Administrative Agent shall continue to hold such collateral security until such time as a successor Administrative Agent is appointed); and

(ii) all payments, communications and determinations provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time as the Majority Lenders appoint a successor Administrative Agent as provided for in Section 10.7(a).

(c) Upon a successor's appointment as Administrative Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the former Administrative Agent, and the former Administrative Agent shall be discharged from all of its duties and obligations hereunder or under the other Credit Documents (if not already discharged therefrom as provided in the preceding paragraph). The fees payable by the Borrowers to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrowers and such successor. After the termination of the service of the former Administrative Agent, the provisions of this Article 10 and of Section 12.6(a) shall continue in effect for the benefit of such former Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the former Administrative Agent was acting as Administrative Agent.

10.8 Non-Reliance on Administrative Agent and Other Lenders

Each Lender, each 5 Year Fronting Documentary Credit Lender and the 5 Year Swingline Lender acknowledges that it has, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender, each 5 Year Fronting Documentary Credit Lender and the 5 Year Swingline Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any other Credit Document or any related agreement or any document furnished hereunder or thereunder.

10.9 Collective Action of the Lenders

Each of the Lenders hereby acknowledges that to the extent permitted by applicable Law, any remedies provided under the Credit Documents to the Lenders are for the benefit of the Lenders collectively and acting together and not severally and further acknowledges that its rights hereunder are to be exercised not severally, but by the Administrative Agent upon the decision of the Majority Lenders (or such other number or percentage of the Lenders as shall be expressly provided for in the Credit Documents). Accordingly, notwithstanding any of the provisions contained herein, each of the Lenders hereby covenants and agrees that it shall not be entitled to take any action hereunder including any declaration of default hereunder but that any such action shall be taken only by the Administrative Agent with the prior written agreement of the Majority Lenders (or such other number or percentage of the Lenders as shall be expressly provided for in the Credit Documents). Each of the Lenders hereby further covenants and agrees that upon any such written agreement being given, it shall co-operate fully with the Administrative Agent to the extent requested by the Administrative Agent. Notwithstanding the foregoing, in the absence of instructions from the Lenders and where in the sole opinion of the Administrative Agent, acting reasonably and in good faith, the exigencies of the situation warrant such action, the Administrative Agent may without notice to or consent of the Lenders take such action on behalf of the Lenders as it deems appropriate or desirable in the interest of the Lenders.

10.10 Sharing of Payments by Lenders

If any Lender, by exercising any right of setoff or counterclaim or otherwise, obtains any payment or other reduction that might result in such Lender receiving payment or other reduction of a proportion of the aggregate amount of its Accommodations Outstanding under the applicable Credit Facilities or either of them and accrued interest thereon or other obligations hereunder greater than its rateable share thereof as provided herein, then the Lender receiving such payment or other reduction shall:

(a) notify the Administrative Agent of such fact; and

(b) purchase (for cash at face value) participations in the Accommodations Outstanding under the applicable Credit Facilities and such other obligations of the other Lenders, or make such other adjustments as shall be equitable, so that the benefit of all such payments shall be shared by the Lenders rateably in accordance with the aggregate amount of principal of and accrued interest on their respective Accommodations Outstanding under the applicable Credit Facilities and other amounts owing them, provided that:

(i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest,

(ii) the provisions of this Section 10.10 shall not be construed to apply to (x) any payment made by any Borrower pursuant to and in accordance with the express terms of this Agreement or (y) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Accommodations Outstanding under the applicable Credit Facilities to any assignee or participant; and

(iii) the provisions of this Section 10.10 shall not be construed to apply to (w) any payment made while no Event of Default has occurred and is continuing in respect of obligations of the Borrowers to such Lender that do not arise under or in connection with the Credit Documents, (x) any payment made in respect of an obligation that is secured by a Permitted Lien or that is otherwise entitled to priority over the Borrowers' obligations under or in connection with the Credit Documents, (y) any reduction arising from an amount owing to a Borrower upon the termination of derivatives entered into between the Borrower and such Lender, or (z) any payment to which such Lender is entitled as a result of any form of credit protection obtained by such Lender.

The Borrowers consent to the foregoing and agree, to the extent they may effectively do so under applicable Law, that any Lender acquiring a participation solely pursuant to Section 10.10(b) may exercise against each Borrower rights of setoff and counterclaim and similar rights of Lenders with respect to such participation as fully as if such Lender were a direct creditor of each Borrower in the amount of such participation.

10.11 Reliance Upon Administrative Agent

The Covenantor and any Borrower (if other than the Covenantor) shall be entitled to rely upon any certificate, notice or other document or other advice, statement or instruction provided to it by the Administrative Agent pursuant to this Agreement, and the Covenantor and any Borrower (if other than the Covenantor) shall generally be entitled to deal with the Administrative Agent with respect to matters under this Agreement which the Administrative Agent is authorized to deal with without any obligation

whatsoever to satisfy itself as to the authority of the Administrative Agent to act on behalf of the Lenders and without any liability whatsoever to the Lenders for relying upon any certificate, notice or other document or other advice, statement or instruction provided to it by the Administrative Agent, notwithstanding any lack of authority of the Administrative Agent to provide the same.

10.12 Replacement of BA Reference Lender or Eurodollar Reference Lender

If:

(a) a BA Reference Lender or Eurodollar Reference Lender under a Credit Facility, as the case may be, assigns all of its rights hereunder under such Credit Facility, or otherwise ceases to be a Lender under such Credit Facility or gives notice of its intention to cease being a BA Reference Lender or Eurodollar Reference Lender under such Credit Facility, as the case may be; or

(b) in the opinion of the Administrative Agent (acting reasonably), a BA Reference Lender or Eurodollar Reference Lender under a Credit Facility, as the case may be, is no longer capable of exercising its function as a BA Reference Lender or Eurodollar Reference Lender under such Credit Facility, as the case may be;

then, in each case, the Administrative Agent shall, with the prior written consent of the Borrowers if prior to an Event of Default, appoint another Lender under such Credit Facility (with the latter's consent) to act as a BA Reference Lender or Eurodollar Reference Lender, as the case may be, in replacement thereof.

10.13 Reference Rate Determinations

Each BA Reference Lender and Eurodollar Reference Lender agrees to provide the Administrative Agent with timely information for purposes of determining the applicable Reference Discount Rate or Eurodollar Rate, as the case may be. If any one or more of the BA Reference Lenders or Eurodollar Reference Lenders fail to provide the information to the Administrative Agent, the Administrative Agent shall determine the applicable Reference Discount Rate or Eurodollar Rate, as the case may be, on the basis of timely information provided by the remaining BA Reference Lenders or Eurodollar Reference Lenders under the applicable Credit Facility, as the case may be. The Administrative Agent shall give prompt notice to the applicable Borrower and the applicable Lenders of the Reference Discount Rate or Eurodollar Rate, as the case may be, determined by the Administrative Agent for an applicable Drawing or Interest Period, as the case may be, and the applicable Reference Discount Rate furnished by each applicable BA Reference Lender for determining such Reference Discount Rate or, the applicable Eurodollar Rate furnished by each applicable Eurodollar Reference Lender for determining such Eurodollar Rate, as the case may be.

10.14 The Administrative Agent and Defaulting Lenders

(a) Each Defaulting Lender shall be required to provide to the Administrative Agent cash in an amount, as shall be determined from time to time by the Administrative Agent in its discretion, equal to all obligations of such Defaulting Lender to the Administrative Agent that are owing or may become owing pursuant to this Agreement, including such Defaulting Lender's obligation to pay its rateable share of any indemnification, reimbursement or expense reimbursement amounts not paid by the Borrowers. Such cash shall be held by the Administrative Agent in one or more cash collateral accounts, which accounts shall be in the name of the Administrative Agent and shall not be required to be interest bearing. The Administrative Agent shall be entitled to apply the foregoing cash in accordance with Section 10.14 to amounts owing to the Administrative Agent.

(b) In addition to the indemnity and reimbursement obligations noted in Section 10.5, the Lenders under each Credit Facility agree to indemnify the Administrative Agent (to the extent not reimbursed by the Borrowers and without limiting the obligations of the Borrowers hereunder) rateably according to their respective rateable share (and in calculating a rateable share of a Lender, ignoring the Commitments of Defaulting Lenders under the applicable Credit Facility) for any amount that a Defaulting Lender fails to pay the Administrative Agent under such Credit Facility and which is due and owing to the Administrative Agent pursuant to Section 10.14. Each Defaulting Lender agrees to indemnify each other Lender for any amounts paid by such Lender and which would otherwise be payable by the Defaulting Lender.

(c) The Administrative Agent shall be entitled to set off any Defaulting Lender's rateable share of all payments received from the Borrowers against such Defaulting Lender's obligations to make payments and fund Accommodations required to be made by it under the applicable Credit Facility and to purchase participations required to be purchased by it under this Agreement and the other Credit Documents. To the extent permitted by Law, the Administrative Agent shall be entitled to withhold and deposit in one or more non-interest bearing cash collateral accounts in the name of the Administrative Agent all amounts (whether principal, interest, fees or otherwise) received by the Administrative Agent and due to a Defaulting Lender pursuant to this Agreement, for so long as such Lender is a Defaulting Lender, which amounts shall be used by the Administrative Agent:

(i) first, to reimburse the Administrative Agent for any amounts owing to it, in its capacity as Administrative Agent, by such Defaulting Lender pursuant to any Credit Document;

(ii) second, to reimburse the Lenders for amounts paid to the Administrative Agent pursuant to the Lenders' indemnity obligations under Section 10.14(b);

(iii) third, to repay on a pro rata basis the incremental portion of any Accommodations made by a Lender under a Credit Facility pursuant to Section 12.9(b) and Section 12.9(d) in order to fund a shortfall created by a Defaulting Lender under such Credit Facility and, upon receipt of such repayment, each such Lender shall be deemed to have assigned to the Defaulting Lender such incremental portion of such Accommodations;

(iv) fourth, to cash collateralize all other obligations of such Defaulting Lender to the Administrative Agent owing pursuant to this Agreement in such amount as shall be determined from time to time by the Administrative Agent in its discretion, including such Defaulting Lender's obligation to pay its rateable share of any indemnification, reimbursement or expense reimbursement amounts not paid by the Borrowers; and

(v) fifth, to fund from time to time the Defaulting Lender's rateable share of Borrowings under the applicable Credit Facility.

For greater certainty and in addition to the foregoing, neither the Administrative Agent nor any of its Affiliates nor any of their respective shareholders, officers, directors, employees, agents or representatives shall be liable to any Lender (including a Defaulting Lender) for any action taken or omitted to be taken by it in connection with amounts payable by the Borrowers to a Defaulting Lender and received and deposited by the Administrative Agent in a cash collateral account and applied in accordance with the provisions of this Agreement, save and except for the gross negligence or wilful misconduct of the Administrative Agent as determined by a final non-appealable judgment of a court of competent jurisdiction.

ARTICLE 11
GUARANTEE

11.1 Guarantee

(a) The Covenantor irrevocably and unconditionally guarantees the due and punctual payment to the Lenders and the Administrative Agent, whether at stated maturity, by acceleration or otherwise, of all present and future debts, liabilities and obligations, direct or indirect, absolute or contingent, of each Borrower to the Lenders and the Administrative Agent or any of them arising pursuant to, or in respect of, the Credit Agreement and the other Credit Documents (such obligations collectively being herein called the "**Guaranteed Obligations**"), and promises to pay, on demand, any and all out-of-pocket expenses (including reasonable counsel fees and disbursements) incurred by or on behalf of the Lenders and the Administrative Agent in enforcing any of their respective rights under this Guarantee.

(b) The Covenantor hereby irrevocably and unconditionally agrees to indemnify the Administrative Agent and each of the Lenders from time to time on demand by the Administrative Agent from and against any loss incurred by the Administrative Agent or the Lenders or any of them as a result of any of the obligations of any Borrower under or pursuant to the Credit Agreement or any other Credit Documents being or becoming void, voidable, unenforceable or ineffective against such Borrower for any reason whatsoever, whether or not known to the Administrative Agent or the Lenders or any of them or any other Person, the amount of such loss being limited to the amount which the Person or Persons suffering such Loss would otherwise have been entitled to recover from such Borrower.

11.2 Absolute Liability

The Covenantor guarantees that the Guaranteed Obligations will be paid to the Administrative Agent and Lenders in accordance with the terms and conditions of the Credit Agreement and other Credit Documents, that the Covenantor shall be liable as principal debtor and not solely as surety with respect to the payment of the Guaranteed Obligations and that the liability of the Covenantor under this Guarantee shall be absolute and unconditional irrespective of:

(a) any lack of validity or enforceability of any terms of any of the Credit Documents;

(b) any contest by any Borrower or any other Person as to the amount of the Guaranteed Obligations or the validity or enforceability of any terms of the Credit Documents;

(c) any extension of the time or times for payment of the Guaranteed Obligations the Lenders or the Administrative Agent may grant to any Borrower or any other Person, or amendment to, restatement of, or alteration of this Guarantee or any of the Credit Documents or the Guaranteed Obligations;

(d) the assignment of all or part of the benefits of this Guarantee; and

(e) to the fullest extent permitted by Law, any other circumstances which might otherwise constitute a defence available to, or a discharge of, the Covenantor, any Borrower or any other Person in respect of the Guaranteed Obligations or this Guarantee, other than the payment and performance in full of the Guaranteed Obligations.

11.3 Remedies

The Covenantor agrees that the Lenders and the Administrative Agent need not seek or exhaust their recourse against any Borrower or any other Person before being entitled to payment under this Guarantee.

11.4 Amount of Guaranteed Obligations

Any account settled or stated by or among the Lenders, the Administrative Agent and any Borrower or, if any such account has not been settled or stated immediately before demand for payment under this Guarantee, any account stated by the Administrative Agent shall, in the absence of manifest error, be accepted by the Covenantor as conclusive evidence of the amount of the Guaranteed Obligations which is due by such Borrower to the Lenders and the Administrative Agent or remains unpaid by such Borrower to the Lenders and the Administrative Agent.

11.5 Payment on Demand

Upon the occurrence and during the continuance of an Event of Default, the obligation of the Covenantor to pay the amount of the Guaranteed Obligations and all other amounts payable by it to the Lenders or the Administrative Agent under this Guarantee shall arise, and the Covenantor shall make such payments immediately after demand for same is made in writing to it. The liability of the Covenantor shall bear interest from the date of such demand at the rate or rates of interest then applicable to the Guaranteed Obligations under and calculated in the manner provided in the Credit Documents, without duplication of interest otherwise payable by the Borrowers in respect of the Guaranteed Obligations.

11.6 Postponement

Upon the occurrence and during the continuance of an Event of Default, the Lenders and the Administrative Agent shall be entitled to receive payment of the Guaranteed Obligations in full before the Covenantor is entitled to receive any payment on account of any obligations, liabilities and indebtedness of any Borrower to the Covenantor of any nature whatsoever and all security therefor (the "**Intercorporate Indebtedness**"). In such case, the Intercorporate Indebtedness shall not be released or withdrawn by the Covenantor unless the Administrative Agent's written consent to such release or withdrawal is first obtained. The Covenantor shall not permit the prescription of the Intercorporate Indebtedness by any statute of limitations or ask for or obtain any security or negotiable paper for, or other evidence of, the Intercorporate Indebtedness after the occurrence and during the continuance of an Event of Default.

11.7 Suspension of Covenantor Rights

Until all of the Guaranteed Obligations have been irrevocably paid in full the Covenantor shall not exercise any rights which the Covenantor may at any time have by reason of the performance of any of its obligations under this Guarantee:

(a) to be indemnified by any Borrower;

(b) to claim contribution from any other Covenantor of the debts, liabilities or obligations of any Borrower; or

(c) to take the benefit (in whole or in part and whether by way of subrogation or otherwise) of any rights of the Lenders or the Administrative Agent under any of the Credit Documents.

11.8 No Prejudice to Lenders or Administrative Agent

The Lenders and the Administrative Agent shall not be prejudiced in any way in the right to enforce any provision of this Guarantee by any act or failure to act on the part of any Borrower, the Lenders or the Administrative Agent. The Administrative Agent and the Lenders may, at any time and from time to time, in such manner as they may determine is expedient, without any consent of, or notice to, the Covenantor, and without impairing or releasing the obligations of the Covenantor:

(a) change the manner, place or terms of payment or change or extend the time of payment of, or renew or alter, the Guaranteed Obligations;

(b) renew, determine, vary or increase any credit or credit facilities to, or the terms or conditions in respect of any transaction with, any Borrower or any other Person;

(c) release, compound or vary the liability of any Borrower or any other Person liable in any manner under or in respect of the Guaranteed Obligations, and

(d) apply any sums from time to time received to the Guaranteed Obligations.

In their dealings with any Borrower, the Administrative Agent and the Lenders need not enquire into the authority or power of any Person purporting to act for or on behalf of such Borrower.

11.9 Rights of Subrogation

(a) Until all of the Guaranteed Obligations have been irrevocably paid in full the Covenantor:

(i) shall have no right of subrogation to the claims of the Administrative Agent or the Lenders in respect of the Guaranteed Obligations;

(ii) waives, to the fullest extent permitted by applicable Law, any right to enforce any remedy which the Administrative Agent or the Lenders now have or may hereafter have against each Borrower in respect of the Guaranteed Obligations; and

(iii) agrees not to file any claim in insolvency, bankruptcy or reorganization proceedings in respect of any such subrogated claims.

(b) If:

(i) the Covenantor has paid to the Administrative Agent or the Lenders all amounts owing by all of the Borrowers under the Credit Documents; and

(ii) the Guaranteed Obligations have been irrevocably paid in full;

then the Administrative Agent and the Lenders will, at the Covenantor's request and expense, execute and deliver to the Covenantor appropriate documents, without recourse and without representation and warranty, necessary to evidence the transfer by subrogation to the Covenantor of the Administrative Agent and the Lenders' interest in the Guaranteed Obligations resulting from such payment by the Covenantor.

11.10 No Set-off

To the fullest extent permitted by Law, the Covenantor shall make all payments under this Guarantee without regard to any defence, counter-claim or right of set-off available to it.

11.11 Successors of the Borrowers

Any change or changes in the name of or reorganization (whether by way of reconstruction, consolidation, amalgamation, merger, transfer, sale, lease or otherwise) of any Borrower or of their respective business shall not affect or in any way limit or lessen the liability of the Covenantor under this Guarantee.

11.12 Continuing Guarantee

The guarantee in this Guarantee is a continuing guarantee. It extends to all present and future Guaranteed Obligations, applies to and secures the ultimate balance of the Guaranteed Obligations due or remaining due to the Administrative Agent and the Lenders and shall be binding as a continuing obligation of the Covenantor until the Administrative Agent and the Lenders release the Covenantor, which release shall not be unreasonably withheld or delayed. This Guarantee shall continue to be effective or be reinstated, as the case may be, if at any time any payment of any of the Guaranteed Obligations is rescinded or must otherwise be returned by the Lenders or the Administrative Agent upon the insolvency, bankruptcy or reorganization of any Borrower or otherwise, all as though such payment had not been made.

11.13 Supplemental Security

This Guarantee is in addition to and without prejudice to and supplemental to all other guarantees held or which may hereafter be held by the Lenders or the Administrative Agent.

11.14 Right of Set-off

Upon the occurrence and during the continuance of any Event of Default and after a demand having been made to the Covenantor for payment of the Guaranteed Obligations, the Administrative Agent and each of the Lenders are authorized by the Covenantor at any time thereafter and from time to time, to the fullest extent permitted by Law (including general principles of common law), to set-off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by the Administrative Agent or the Lenders to or for the credit or the account of the Covenantor against any and all of the obligations of the Covenantor to the Administrative Agent and the Lenders hereunder although such obligations may be unmatured or contingent. Such Lender shall promptly notify the Covenantor and the Administrative Agent after any set-off and application is made by it, provided that the failure to give notice shall not affect the validity of the set-off and application. The rights of the Administrative Agent and the Lenders under this Section 11.14 are in addition to and without prejudice to and supplemental to other rights and remedies which the Administrative Agent and the Lenders may have.

11.15 *Interest Act* (Canada)

The Covenantor hereby acknowledges that certain of the rates of interest applicable to the Guaranteed Obligations may be computed on the basis of a year of 360 days, 365 days or 366 days, as the case may be. For purposes of the *Interest Act* (Canada), whenever any interest is calculated using a rate

based on a year of 360 days, 365 days or 366 days, as the case may be, such rate determined pursuant to such calculation, when expressed as an annual rate is equivalent to:

(a) the applicable rate based on a year of 360 days, 365 days or 366 days, as the case may be;

(b) multiplied by the actual number of days in the calendar year in which the period for such interest is payable (or compounded) ends; and

(c) divided by 360, 365 or 366, as the case may be.

11.16 Judgment

(a) If for the purposes of obtaining judgment in any court it is necessary to convert all or any part of the Guaranteed Obligations or any other amount due to a Lender or the Administrative Agent in respect of the Covenantor's obligations under this Guarantee in any currency (the "**Original Currency**") into another currency (the "**Other Currency**"), the Covenantor, to the fullest extent that it may effectively do so, agrees that the rate of exchange used shall be that at which, in accordance with normal banking procedures, the Lender or Administrative Agent, as the case may be, could purchase the Original Currency with the Other Currency on the Business Day preceding that on which final judgment is paid or satisfied.

(b) The obligations of the Covenantor in respect of any sum due in the Original Currency from it to any Lender or the Administrative Agent shall, notwithstanding any judgment in any Other Currency, be discharged only to the extent that on the Business Day following receipt by such Lender or the Administrative Agent of any sum adjudged to be so due in such Other Currency such Lender or the Administrative Agent may, in accordance with its normal banking procedures, purchase the Original Currency with such Other Currency. If the amount of the Original Currency so purchased is less than the sum originally due to the Lender or the Administrative Agent in the Original Currency, the Covenantor agrees, as a separate obligation and notwithstanding any such judgment, to indemnify the Lender or the Administrative Agent against such loss, and if the amount of the Original Currency so purchased exceeds the sum originally due to the Lender or the Administrative Agent in the Original Currency, the Lender or the Administrative Agent agrees to remit such excess to the Covenantor.

ARTICLE 12
MISCELLANEOUS

12.1 Amendment and Waiver

(a) Subject to subSections (b) and (c), no amendment or waiver of any provision of any of the Credit Documents, nor consent to any departure by the Covenantor, the Borrowers or any other Person from such provisions, is effective unless in writing and approved by the Majority Lenders. Any amendment, waiver or consent is effective only in the specific instance and for the specific purpose for which it was given.

(b) Except as herein expressly provided, only written amendments, waivers or consents signed by all affected Lenders shall:

(i) increase a Lender's Commitment or subject any Lender to any additional obligation;

(ii) decrease the principal amount of any required payment, the interest rates, the Applicable Margins, the Applicable Standby Fee Rate or the Fees (other than the Fees payable pursuant to the Agency Fee Letter) as specified herein;

(iii) postpone any date fixed for any payment of principal of, or interest on, any Accommodation Outstanding or any fees;

(iv) amend Section 2.4(b), Section 2.7 (in a manner which would obligate any 5 Year Lender to extend the 5 Year Maturity Date in respect of such Lender) or Section 2.8 (in a manner which would obligate any 1+1 Lender to extend the Term Out Date in respect of such Lender), Section 10.10, Article 11 or Sections 12.10 or 12.13 or release any Designated Subsidiary Guarantee (except to the extent provided for in Section 2.13) or, in any case, consent to any waiver having such effect;

(v) change the number or percentage of Lenders required for the Lenders, or any of them, or the Administrative Agent to take any action;

(vi) change the definition of Majority Lenders;

(vii) change the types of Accommodations available from a Lender;

(viii) amend Section 2.11(c); or

(ix) amend this Section 12.1(b).

(c) The Borrowers and the Administrative Agent, acting together, shall be permitted to waive the minimum amounts specified in Section 12.10 in respect of the participation or assignment by a Lender of its interest in a Credit Facility.

(d) The Administrative Agent shall be entitled to decide upon routine or administrative matters without the necessity of Majority Lender approval.

(e) Only written amendments, waivers or consents signed by the Administrative Agent in addition to the Majority Lenders, shall affect the rights or duties of the Administrative Agent under the Credit Documents.

(f) Any waiver of or any amendment to any provision of the Credit Documents which relates to the rights or obligations of a 5 Year Fronting Documentary Credit Lender shall require the agreement of each 5 Year Fronting Documentary Credit Lender thereto, provided that in the case of Fees payable to a 5 Year Fronting Documentary Credit Lender in such capacity, only the agreement of the applicable 5 Year Fronting Documentary Credit Lender shall be required.

(g) Any waiver of or any amendment to any provision of the Credit Documents which relates to the rights or obligations of the 5 Year Swingline Lender shall require the agreement of the 5 Year Swingline Lender thereto.

(h) Any waiver of or amendment to any provision of the Credit Documents which relates only to the rights or obligations of the Lenders under one Credit Facility but not the other (the "**Affected Credit Facility**"), shall require the agreement of only the Lenders under the Affected Credit Facility with the definition of Majority Lenders being determined by reference only to Lenders under the Affected Credit Facility and their Commitment thereunder and provided that the

provisions of Section 12.1(b) shall apply to any such matters in respect of the Affected Credit Facility mutatis mutandis.

12.2 Waiver

(a) No failure on the part of any Lender or the Administrative Agent to exercise, and no delay in exercising, any right under any of the Credit Documents shall operate as a waiver of such right; nor shall any single or partial exercise of any right under any of the Credit Documents preclude any other or further exercise of such right or the exercise of any other right.

(b) Except as otherwise expressly provided in this Agreement, the covenants, representations and warranties shall not merge on and shall survive the initial Accommodation and, notwithstanding such initial Accommodation or any investigation made by or on behalf of any party, shall continue in full force and effect. The closing of this transaction shall not prejudice any right of one party against any other party in respect of anything done or omitted under this Agreement or in respect of any right to damages or other remedies.

12.3 Evidence of Debt and Accommodation Notices

(a) The indebtedness of each Borrower resulting from Accommodations under the Credit Facilities shall be evidenced by the records of the Administrative Agent acting on behalf of the Lenders which shall constitute prima facie evidence under each Credit Facility of such indebtedness.

(b) Prior to the receipt of any Accommodation Notice, the Administrative Agent may act upon the basis of a notice by telephone (containing the same information as required to be contained in the Accommodation Notice) believed by it in good faith to be from an authorized person representing the applicable Borrower. In the event of a conflict between the Administrative Agent's record of any Accommodation and the Accommodation Notice, the Administrative Agent's record shall prevail, absent manifest error.

12.4 Notices and Electronic Communications

(a) Subject to the next following sentence, any notice, direction or other communication required or permitted to be given under this Agreement shall, except as otherwise permitted, be in writing and given by delivering it or sending it by facsimile:

Any communication shall be deemed to have been validly and effectively given on the date of such delivery if such date is a Business Day and such delivery was made prior to 4:00 p.m. (Toronto time) or otherwise on the next Business Day. Any party may change its address for service from time to time by notice given in accordance with the foregoing and any subsequent notice shall be sent to the party at its changed address.

(b) The Administrative Agent shall within five (5) Business Days deliver to each Lender such documents, papers, materials and other information as are furnished by a Borrower or the Covenantor to the Administrative Agent on behalf of the Lenders pursuant to this Agreement (including notices under Section 7.1(h), 7.1(k), 8.1(a), 8.1(b) and 8.1(g)) and, subject to Section 12.4(c), each Borrower and the Covenantor shall provide the Administrative Agent with sufficient copies of all such information for such purpose. The Administrative Agent shall make requests of each Borrower or the Covenantor pursuant to Section 8.1(g) from time to time on behalf of a Lender for such information as such Lender may from time to time reasonably request.

(c) Notices and other communications to the Lenders, the 5 Year Swingline Lender and the 5 Year Fronting Documentary Credit Lenders hereunder may be delivered or furnished by electronic communication (including e-mail and Internet or intranet websites) pursuant to procedures approved by the Administrative Agent, provided that the foregoing shall not apply to service of process or to notices to any Lender of Accommodations to be made if such Lender has notified the Administrative Agent that it is incapable of receiving notices by electronic communication. The Administrative Agent or the Borrowers may, in their discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it, provided that approval of such procedures may be limited to particular notices or communications.

(d) Unless the Administrative Agent otherwise prescribes:

(i) notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by the "return receipt requested" function, as available, return e-mail or other written acknowledgement), provided that if such notice or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next Business Day for the recipient; and

(ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient at its e-mail address as described in Section 12.4(d)(i) of notification that such notice or communication is available and identifying the website address therefor.

12.5 Confidentiality

(a) Each of the Administrative Agent and the Lenders agrees to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed:

(i) to it, its Affiliates and its and its Affiliates' respective partners, directors, officers, employees, agents, advisors and representatives (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential and that it shall be responsible if any such Person fails to do so);

(ii) to the extent requested by any regulatory authority purporting to have jurisdiction over it (including any self-regulatory authority and bank examiners);

(iii) to the extent required by applicable Laws or regulations or by any subpoena or similar legal process;

(iv) to any other party hereto;

(v) in connection with the exercise of any remedies hereunder or under any other Credit Document or any action or proceeding relating to this Agreement or any other Credit Document or the enforcement of rights hereunder or thereunder;

(vi) subject to an agreement containing provisions substantially the same as those of this Section 12.5, to:

(A) any Assignee of or Participant in, or any prospective Assignee of or Participant in, any of its rights or obligations under this Agreement;

(B) any actual or prospective counterparty (or its advisors) to any swap, derivative, credit-linked note or similar transaction relating to the Covenantor or any Borrower and its obligations; or

(C) any credit rating agency solely in connection with a review, determination or other matter related to the credit ratings of a Lender and not, for certainty, of the Borrowers or the Covenantor;

(vii) with the consent of the Borrowers; or

(viii) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section by the disclosing party or (y) becomes available to the Administrative Agent or any Lender on a non-confidential basis from a source other than an Obligor.

(b) For purposes of this Section 12.5, "**Information**" means all information received in connection with this Agreement from the Covenantor, the Borrowers or any Designated Subsidiary related to

it or any of their respective businesses, other than any such information that is available to the Administrative Agent or any Lender on a non-confidential basis prior to such receipt. Any Person required to maintain the confidentiality of Information as provided in this Section 12.5 shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information. In addition, the Administrative Agent may disclose to any agency or organization that assigns standard identification numbers to loan facilities such basic information describing the facilities provided hereunder as is necessary to assign unique identifiers (and, if requested, supply a copy of this Agreement), it being understood that the Person to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to make available to the public only such Information as such person normally makes available in the course of its business of assigning identification numbers.

12.6 Costs, Expenses and Indemnity

(a) The Borrowers shall, whether or not the transactions contemplated in this Agreement are completed, indemnify and hold each of the Lenders and the Administrative Agent and their Affiliates and each of their respective officers, directors, employees and agents (each an "**Indemnified Person**") harmless from, and shall pay to such Indemnified Person on demand any amounts required to compensate the Indemnified Person for, any claim, loss, cost or expense (including any reasonable legal cost) suffered by, imposed on, or asserted against, the Indemnified Person as a result of, connected with or arising out of:

(i) the preparation, execution and delivery of, preservation of rights under, enforcement of, or refinancing, renegotiation or restructuring of, the Credit Documents and any related amendment, waiver or consent; or

(ii) a default (whether or not constituting a Default or an Event of Default) by the Borrowers or any of them, except to the extent caused by the gross negligence, wilful misconduct or default of the Indemnified Party as finally determined in a non-appealable judgment by a court of competent jurisdiction.

In case any proceeding shall be instituted involving any Person in respect of which indemnity may be sought pursuant to this Section 12.6(a), such Indemnified Person shall promptly notify a Borrower in writing (but failure to do so shall not relieve the Borrowers from any liability which they may have pursuant to this Section 12.6(a) except to the extent the Borrowers shall be prejudiced from instituting or defending any proceeding relating thereto) and the Borrowers, upon request of the Indemnified Person, shall retain counsel satisfactory to the Indemnified Person, acting reasonably, to represent the Indemnified Person and any others the Borrowers may designate in such proceeding and shall pay the fees and disbursements of such counsel related to such proceeding. In any such proceeding, any Indemnified Person shall have the right to retain its own counsel, but the fees and expenses of such counsel shall be at the expense of such Indemnified Person unless:

(iii) the Borrowers and the Indemnified Person shall have mutually agreed to the retention of such counsel; or

(iv) the named parties to any such proceeding include the Borrowers or any of them and the Indemnified Person and representation of such parties by the same counsel would be inappropriate due to actual or potential differing interests between them.

It is understood that the Borrowers shall not, in connection with any proceeding or related proceedings in the same jurisdiction and other than as provided for in the preceding sentence, be liable for the fees and expenses of more than one separate firm (in addition to any local counsel) for all such Indemnified Persons, and that all such fees and expenses shall be reimbursed as they are incurred. A certificate as to the amount of any such loss submitted in good faith by a Lender to the Borrowers or any of them shall be prima facie evidence of such amount.

(b) If, with respect to any Lender:

(i) any change in Law of general application, or any change in the interpretation or application of any Law, occurring or becoming effective after the Effective Date and the date that the Lender became a party hereto; or

(ii) compliance by the Lender with any direction, request or requirement (whether or not having the force of law) of any Governmental Entity made or becoming effective after such date;

has the effect of causing any loss to the Lender or reducing the Lender's rate of return by (w) increasing the cost to the Lender of performing its obligations under this Agreement or in respect of any Accommodations Outstanding (including the costs of maintaining any capital, reserve, liquidity or special deposit requirements but other than a reduction resulting from a higher rate or from a change in the calculation of income or capital tax relating to the Lender's income or capital in general), (x) requiring the Lender to maintain any liquidity or maintain or allocate any capital or additional capital or affecting its allocation of capital in respect of its obligations under this Agreement or in respect of any Accommodations Outstanding, (y) reducing any amount payable to the Lender under this Agreement or in respect of any Accommodations Outstanding by any material amount, or (z) causing the Lender to make any payment or to forego any return on, or calculated by reference to, any amount received or receivable by the Lender under this Agreement or in respect of any Accommodations Outstanding, then the Lender may give notice to each relevant Borrower specifying the nature and details of the event giving rise to the loss, together with a certificate of a duly authorized officer of the Lender setting forth the amount necessary to compensate the Lender for such loss and the basis of calculation thereof and the applicable Borrower:

(A) shall, on demand pay such amounts as the Lender specifies as necessary to compensate it for any such loss, reduction or expense, provided that if the Lender fails to give notice to such Borrower within three (3) months of the date on which the Lender should reasonably be expected to have been able to comply with its obligations to notify such Borrower as aforesaid, no payment of any compensation for such loss, reduction or expense shall be required to be made by such Borrower in respect of the period before the date the Lender has complied with its obligations as aforesaid except in circumstances where such loss, reduction or expense is imposed retrospectively; and

(B) may, provided no loss has yet been suffered by the Lender or the applicable Borrower has paid the compensating amount to the Lender, repay the Accommodations Outstanding to such Lender together with interest accrued thereon and unpaid Fees in relation thereto and terminate the Lender's Commitment by notice to such Lender specifying the date of prepayment and such Borrower shall make such prepayment in accordance with such notice.

A certificate as to the amount of any such loss submitted in good faith by a Lender to the Borrowers or any of them shall be prima facie evidence of such amount. Notwithstanding anything herein to the contrary, (i) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith and (ii) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States, Canadian or other regulatory authorities, in each case pursuant to Basel III ((i) and (ii) being, the "**New Rules**"), shall in each case be deemed to be a "**change in Law**" for the purposes of this Section 12.6(b), regardless of the date enacted, adopted or issued, in each case (iii) to the extent materially different from that in effect on the date hereof and (iv) to the extent that such New Rules have general application to substantially all of the banks which are subject to the New Rules in question.

(c) The applicable Borrower shall pay to each Lender on demand any amounts required to compensate the Lender for any loss suffered or incurred by it as a result of:

(i) any payment being made in respect of a BA Instrument, other than on the maturity thereof, or in respect of a Eurodollar Rate Advance, other than on the last day of the Interest Period thereof;

(ii) the failure of the applicable Borrower to give any notice in the manner and at the times required by this Agreement;

(iii) the failure of the applicable Borrower to effect an Accommodation in the manner and at the time specified in any Accommodation Notice; or

(iv) the failure of the applicable Borrower to make a payment or a mandatory repayment in the manner and at the time specified in this Agreement.

A certificate as the amount of any such loss submitted in good faith by a Lender to the applicable Borrower shall be prima facie evidence of such amount.

(d) The provisions of this Section 12.6 shall survive the termination of this Agreement and the repayment of all Accommodations Outstanding. Each of the Borrowers acknowledges that neither its obligation to indemnify nor any actual indemnification by it of any Lender, the Administrative Agent or any other Indemnified Person in respect of such Person's losses for the legal fees and expenses shall in any way affect the confidentiality or privilege relating to any information communicated by such Person to its counsel.

12.7 Illegality

If any Lender determines that any applicable Law has made it unlawful, or that any Governmental Entity has asserted that it is unlawful, for any Lender to make or maintain any Accommodation (or to maintain its obligation to make any Accommodation), or to determine or charge interest rates based upon any particular rate, then, on notice thereof by such Lender to the Borrowers through the Administrative Agent, any obligation of such Lender with respect to the activity that is unlawful shall be suspended until such Lender notifies the Administrative Agent and the Borrowers that the circumstances giving rise to such determination no longer exist. Upon receipt of such notice, the Borrowers shall, upon demand from such Lender (with a copy to the Administrative Agent), prepay or, if conversion would avoid the activity that is unlawful, convert any Accommodations, or take any necessary steps with respect to any Accommodation in order to avoid the activity that is unlawful. Upon any such

prepayment or conversion, the Borrowers shall also pay accrued interest on the amount so prepaid or converted. Each Lender agrees to designate a different office from which it funds its Commitment if such designation will avoid the need for such notice and will not, in the good faith judgment of such Lender, otherwise be materially disadvantageous to such Lender.

12.8 Taxes

(a) Subject to Section 12.10, each of the Borrowers and the Covenantor agrees to immediately pay any present or future stamp or documentary taxes or any other excise or property taxes, charges, financial institutions duties, debits taxes or similar levies which arise from any payment made by them under any of the Credit Documents or from the execution, delivery or registration of, or otherwise with respect to, any of the Credit Documents (all such taxes, charges, duties and levies being referred to as "**Taxes**") and, for greater certainty, "**Taxes**" shall not include (i) federal or provincial income or capital or franchise taxes, any other taxes imposed on the overall revenue, income, net income, capital or equity of a Lender under the laws of any jurisdiction (ii) any withholding, branch or similar taxes imposed by reason of any Lender being a "non-resident" of Canada and who deals at "non-arms length" with the Borrowers (both for purposes of the *Income Tax Act* (Canada)) or (iii) U.S. federal withholding taxes imposed under FATCA (collectively "**Excluded Taxes**").

(b) Subject to Section 12.10, the Borrowers and the Covenantor shall jointly and severally indemnify the Lenders and the Administrative Agent for the full amount of Taxes paid by the Lenders or the Administrative Agent and any liability (including penalties, interest and expenses) arising from or with respect to such Taxes. Payment under this indemnification shall be made within thirty (30) days from the date the Administrative Agent or the relevant Lender, as the case may be, makes written demand for it. A certificate as to the amount of such Taxes submitted to the Borrowers and the Covenantor or any of them by the Administrative Agent or the relevant Lender shall be prima facie evidence, absent manifest error, of the amount due from the Borrowers or the Covenantor to the Administrative Agent or the Lenders, as the case may be. If, following payment by or on behalf of a Borrower or the Covenantor of any Taxes, any Lender receives a refund, credit, remission, deduction or similar benefit in respect of any such amount (a "**Tax Benefit**"), such Lender shall credit or cause to be credited to the account of the applicable Borrower or the Covenantor, as the case may be, the amount of such Tax Benefit immediately upon the receipt thereof if such Tax Benefit is received by the Lender in the form of a cash payment, or, if such Tax Benefit is in the form of a credit, remission, deduction or similar non-cash form or amount, upon the date on which the Lender utilizes the benefit thereof. Each Lender shall use its reasonable commercial efforts to obtain each such Tax Benefit available to it, but shall not be obligated to seek or obtain or utilize any such Tax Benefit if, in the opinion of the Lender, acting reasonably, such action would subject or impose on the Lender tax or other financial obligations to which it would not have been subject but for the payment by or on behalf of a Borrower or the Covenantor of any Tax and the receipt or utilization of any Tax Benefit in connection with such amount. The Borrowers and the Covenantor shall jointly and severally reimburse the Lenders for all costs and expenses incurred by the Lenders in obtaining any Tax Benefit as provided in this Section 12.8(b).

(c) The provisions of this Section 12.8 shall survive the termination of the Agreement and the repayment of all Accommodations Outstanding.

12.9 Defaulting Lender

(a) Notwithstanding any provision of this Agreement to the contrary, if any Lender becomes a Defaulting Lender, then the following provisions shall apply for so long as such Lender is a Defaulting Lender:

(i) the standby fees payable pursuant to Section 2.9 shall cease to accrue on the unused portion of the Commitment of such Defaulting Lender;

(ii) a Defaulting Lender shall not be included in determining whether, and the Commitment and the rateable share of the Accommodations Outstanding of such Defaulting Lender shall not be included in determining whether, all Lenders or the Majority Lenders have taken or may take any action hereunder (including any consent to any amendment or waiver pursuant to Section 12.1(b)), provided that any waiver, amendment or modification requiring the consent of all Lenders or each affected Lender that (A) materially and adversely affects such Defaulting Lender differently than other affected Lenders, (B) increases the Commitment or extends the 5 Year Maturity Date or Term Out Date of such Defaulting Lender, or (C) relates to the matters set forth in Sections 12.1(b)(ii), (iii), (v) (insofar as it relates to Section 12.1(b)) and (vii), shall require the consent of such Defaulting Lender; and

(iii) for the avoidance of doubt, the Borrowers shall retain and reserve its other rights and remedies respecting each Defaulting Lender.

(b) If the Administrative Agent has actual knowledge that a Lender is a Defaulting Lender at the time that the Administrative Agent receives an Accommodation Notice, then each other Lender under the applicable Credit Facility shall fund its rateable share of such affected Accommodation (and, in calculating such rateable share, the Administrative Agent shall ignore the Commitments of each such Defaulting Lender under the applicable Credit Facility); provided that, for certainty, no Lender shall be obligated by this Section 12.9(b) to make or provide Accommodations in excess of its Commitment under the applicable Credit Facility. If the Administrative Agent acquires actual knowledge that a Lender is a Defaulting Lender at any time after the Administrative Agent receives, then the Administrative Agent shall promptly notify the Borrowers that such Lender is a Defaulting Lender (and such Lender shall be deemed to have consented to such disclosure). Each Defaulting Lender agrees to indemnify each other Lender for any amounts paid by such Lender under this Section 12.9(b) and which would otherwise have been paid by the Defaulting Lender if its Commitment had been included in determining the rateable share of such affected Accommodations.

(c) Any 5 Year Fronting Documentary Credit Lender or the 5 Year Swingline Lender may require a Defaulting Lender to pay to the Administrative Agent for deposit into an escrow account maintained by and in the name of the Administrative Agent an amount equal to such Defaulting Lenders' maximum contingent obligations hereunder to such 5 Year Fronting Documentary Credit Lender or the 5 Year Swingline Lender.

(d) If any Fronted Documentary Credits or Swingline Advances are outstanding (the Equivalent U.S. $ Amount of the undrawn amount of such Fronted Documentary Credits or Swingline Advances is the "**Defaulting Lender Exposure**") at the time a Lender becomes a Defaulting Lender, then:

(i) to the extent the Defaulting Lender has not provided cash collateral for its Defaulting Lender Exposure pursuant to Section 12.9(c) above, such Defaulting Lender Exposure shall be reallocated among the non-Defaulting Lenders under the 5 Year Facility in accordance with their respective rateable share (disregarding any Defaulting Lender's Commitment under the 5 Year Facility) but only to the extent that the sum of (A) the aggregate Equivalent U.S. $ Amount of the Accommodations Outstanding under the 5 Year Facility made by any non-Defaulting Lender and outstanding at such time, plus (B) such non-Defaulting Lender's rateable share (after giving effect to the reallocation contemplated herein) of the Defaulting Lender Exposure, does not exceed such non-Defaulting Lender's Commitment under the 5 Year Facility; and

(ii) if the reallocation described in Section 12.9(d)(i) above cannot, or can only partially, be effected, the Borrowers shall within one Business Day following notice by the 5 Year Swingline Lender or 5 Year Fronting Documentary Credit Lender prepay amounts outstanding as Swingline Advances and under Fronted Documentary Credits to the extent any such reallocation cannot be effected (in the case of Fronted Documentary Credits by the deposit of cash in accordance with Section 5.11(a), the provisions of which Section shall apply thereto as if a demand has been made pursuant thereto by each 5 Year Fronting Documentary Credit Lender in respect of the applicable amount of each outstanding Fronted Documentary Credits).

(e) So long as any Lender is a Defaulting Lender under the 5 Year Facility, a 5 Year Fronting Documentary Credit Lender or the 5 Year Swingline Lender, as applicable, shall not be required to issue any Fronted Documentary Credits or make any Swingline Advances unless, in each case, it is satisfied that the related exposure will be 100% covered by the Commitment of non-Defaulting Lenders in accordance with Section 12.9(d) and participating interests in any such newly issued Fronted Documentary Credits or Swingline Advances shall be allocated among non-Defaulting Lenders in a manner consistent with Section 12.9(d); and

(f) If any Lender shall cease to be a Defaulting Lender, then, upon becoming aware of the same, the Administrative Agent shall notify the other Lenders and (in accordance with the written direction of the Administrative Agent) such Lender (which has ceased to be a Defaulting Lender) shall purchase, and the other Lenders shall on a rateable basis sell and assign to such Lender, portions of the Accommodations Outstanding equal in total to such Lender's rateable share thereof without regard to Section 12.9(a).

12.10 Successors and Assigns

(a) This Agreement shall become effective when executed and delivered by the Borrowers, the Covenantor, the Administrative Agent and each Lender and after such time shall be binding upon and enure to the benefit of the Borrowers, the Covenantor, the Lenders, the Administrative Agent and their respective successors and permitted assigns.

(b) Except as permitted by Sections 2.1(d) and 8.2(b), neither the Covenantor nor either of the Borrowers shall have the right to assign its rights or obligations under this Agreement or any interest in this Agreement without the prior consent of all the Lenders.

(c) A Lender may:

(i) grant participations in all or any part of its interest in either Credit Facility to one or more Persons (each a "**Participant**"); or

(ii) upon prior written notice to the Administrative Agent and with the prior written consent of the Administrative Agent and (as long as no Event of Default has occurred and is continuing) the prior written consent of each Borrower, in each case, not to be unreasonably withheld and in the case of a Borrower, to be deemed to have been provided within 5 Business Days if a Borrower has not responded to any request for consent within 5 Business Days of any consent being requested, assign all or any part of its interest in either Credit Facility to one or more financial institutions, except that upon the occurrence and during the continuance of an Event of Default a Lender may assign all or any part of its interest in either Credit Facility to one or more Persons without the prior written consent of any Borrower, (each an "**Assignee**"), provided, in each case, that (w) after giving effect to any partial assignment, no Lender holds an interest less than U.S. $10,000,000 in the applicable Credit Facility, (x) such interest or part of its interest, as the case may be, is (if less than all of its interest in the applicable Credit Facility) not less than U.S.. $10,000,000 and integral multiples of Cdn. $1,000,000 over and above such amount, (y) such Assignee becomes a party to this Agreement pursuant to an assignment and assumption agreement substantially in the form of Schedule 8, and (z) such Assignee acknowledges and agrees that payments made to such Assignee pursuant to this Agreement may be subject to Excluded Taxes but that, in accordance with Section 12.8, the Assignee is not entitled to indemnification under either Section 12.8 or any other provision hereof with respect to any such Excluded Taxes and agrees that it will not be entitled to indemnification with respect to any such Excluded Taxes. Notwithstanding the foregoing and without the consent of each Borrower or the Administrative Agent but with the payment of the aforementioned U.S. $3,500, a Lender may, at any time, assign all or any part of its Commitment under either Credit Facility to an Affiliate of the Lender or to an Approved Fund, provided that any such assignment shall be subject to part (z) of the preceding sentence and the Lender remains responsible for, and is not released from, any and all funding obligations hereunder of such Lender. A Lender granting a participation shall continue to be liable hereunder as a Lender notwithstanding any such participation and shall act on behalf of all of its Participants in all dealings with the Borrowers in respect of the applicable Credit Facility. No Participant shall have any voting or consent rights with respect to any matter requiring the Lenders' consent and the Borrowers shall not be responsible for any increased costs arising in any way from any participation. Any assignment (including any assignment effected by the amendment or amendment and restatement hereof) of all or any part of a Lender's Commitment under the 5 Year Facility to any Person shall be subject to the prior written approval (not to be unreasonably withheld) of each 5 Year Fronting Documentary Credit Lender and the 5 Year Swingline Lender. In the case of an assignment, the Assignee shall have the same rights and benefits and be subject to the same limitations under the Credit Documents as it would have if it was a Lender under the applicable Credit Facility, provided that no Assignee shall be entitled to receive any greater payment, on a cumulative basis, pursuant to Sections 12.6 and 12.8 than the Lender which granted the assignment would have been entitled to receive. No Person shall be entitled to become a 5 Year Swingline Lender or 5 Year Fronting Documentary Credit Lender hereunder unless such Person is or becomes, concurrently therewith, a Lender under the 5 Year Facility. Notwithstanding the foregoing, a Lender shall be entitled to assign, pledge or grant a security interest in all or a portion of its Accommodations Outstanding under either Credit Facility to any Federal Reserve Bank or central bank in Canada or the United States, provided that it shall be a term and condition of any such assignment, pledge or security interest that any realization thereon which would result in a person becoming a Lender under the applicable Credit Facility where the consents in this Section 12.10(c)(ii) would otherwise be required, that such Federal Reserve Bank or

central bank shall be required (and shall so acknowledge) that all such consents shall be obtained unless such Federal Reserve Bank or central bank is becoming the Lender.

(d) The Covenantor and each Borrower (if other than the Covenantor) shall provide such certificates, acknowledgments and further assurances in respect of this Agreement and the Credit Facility as such Lender may reasonably require in connection with any assignment pursuant to this Section 12.10.

(e) A Lender may deliver to the Borrowers an assignment and assumption agreement substantially in the form of Schedule 8, by which an Assignee of the Lender assumes the obligations and agrees to be bound by all the terms and conditions of this Agreement under either Credit Facility, all as if the Assignee had been an original party under the applicable Credit Facility. Upon receipt by the Administrative Agent of a processing fee of U.S. $3,500 payable by the assigning Lender in the case of any assignment by such assigning Lender to a Person who is not an Affiliate of such assigning Lender and, in each case, the assignment and assumption agreement, the assigning Lender, each of the Covenantor and the Borrowers (if other than the Covenantor) shall be released from its respective obligations under this Agreement (to the extent of such assignment and assumption) and shall have no liability or obligations to each other to such extent, except in respect of matters arising prior to the assignment.

(f) Notwithstanding the foregoing, a Lender shall be entitled to assign, pledge or grant a security interest in all or a portion of the Borrowings advanced by it to any Federal Reserve Bank or central bank in Canada or the United States, provided that it shall be a term and condition of any such assignment, pledge or security interest that for any realization thereon which would result in a person becoming a Lender where the consents in this Section 12.10(f) would otherwise be required, that such Federal Reserve Bank or central bank shall be required (and shall so acknowledge) to obtain all such consents unless such Federal Reserve Bank or central bank is becoming the Lender.

12.11 Right of Set-off

If an Event of Default has occurred and is continuing, each of the Lenders is hereby authorized at any time and from time to time to set off and apply any and all deposits (general or special, time or demand, provisional or final, in whatever currency) at any time held and other obligations (in whatever currency) at any time owing by such Lender to or for the credit or the account of the Covenantor or the Borrowers against any and all of the obligations of the Covenantor and the Borrowers now or hereafter existing under this Agreement or any other Credit Document to such Lender, irrespective of whether or not such Lender has made any demand under this Agreement or any other Credit Document and although such obligations of the Covenantor and the Borrowers may be contingent or unmatured or are owed to a branch or office of such Lender different from the branch or office holding such deposit or obligated on such indebtedness. The rights of each the Lenders under this Section 12.11 are in addition to other rights and remedies (including other rights of setoff, consolidation of accounts and bankers' lien) that the Lenders may have. Each Lender agrees to promptly notify the Covenantor or the Borrowers, as applicable, and the Administrative Agent after any such setoff and application, but the failure to give such notice shall not affect the validity of such setoff and application.

12.12 Accommodations by Lenders

(a) The failure of any Lender to make an Accommodation under a Credit Facility shall not relieve any other Lender under such Credit Facility of its obligations in connection with such Accommodation, but no Lender is responsible for any other Lender's failure in respect of an

Accommodation. Unless the Administrative Agent shall have received notice from a Lender prior to the proposed date of any Accommodation that such Lender will not make available to the Administrative Agent such Lender's share of such Accommodation, the Administrative Agent may assume that such Lender has made such share available on such date in accordance with the provisions of this Agreement concerning funding by Lenders and may, in reliance upon such assumption, make available to the applicable Borrower a corresponding amount. In such event, if a Lender has not in fact made its share of the applicable Accommodation available to the Administrative Agent, then such Lender shall pay to the Administrative Agent forthwith on demand such corresponding amount with interest thereon, for each day from and including the date such amount is made available to the applicable Borrower to but excluding the date of payment to the Administrative Agent, at a rate determined by the Administrative Agent in accordance with prevailing banking industry practice on interbank compensation. If such Lender pays such amount to the Administrative Agent, then such amount shall constitute such Lender's Accommodation included in such Accommodation. If the Lender does not do so forthwith, the applicable Borrower shall pay to the Administrative Agent forthwith on demand such corresponding amount with interest thereon at the interest rate applicable to the Accommodation in question. Any payment by a Borrower shall be without prejudice to any claim such Borrower may have against a Lender that has failed to make such payment to the Administrative Agent.

(b) Unless the Administrative Agent shall have received notice from a Borrower prior to the date on which any payment is due to the Administrative Agent for the account of any Lender hereunder that such Borrower will not make such payment, the Administrative Agent may assume that such Borrower has made such payment on such date in accordance herewith and may, in reliance upon such assumption, distribute the amount due to the Lenders. In such event, if such Borrower has not in fact made such payment, then each of the Lenders severally agrees to repay to the Administrative Agent forthwith on demand the amount so distributed to such Lender with interest thereon, for each day from and including the date such amount is distributed to it to but excluding the date of payment to the Administrative Agent, at a rate determined by the Administrative Agent in accordance with prevailing banking industry practice on interbank compensation.

12.13 Judgment Currency

(a) If, for the purposes of obtaining judgment in any court, it is necessary to convert a sum due to a Lender in any currency (the "**Original Currency**") into another currency (the "**Other Currency**"), the parties agree, to the fullest extent that they may effectively do so, that the rate of exchange used shall be that at which, in accordance with normal banking procedures, such Lender could purchase the Original Currency with the Other Currency on the Business Day preceding the day on which final judgment is given or, if permitted by applicable law, on the day on which the judgment is paid or satisfied.

(b) The obligations of any Borrower in respect of any sum due in the Original Currency from it to any Lender under any of the Credit Documents shall, notwithstanding any judgment in any Other Currency, be discharged only to the extent that on the Business Day following receipt by the Lender of any sum adjudged to be so due in the Other Currency, the Lender may, in accordance with normal banking procedures, purchase the Original Currency with such Other Currency. If the amount of the Original Currency so purchased is less than the sum originally due to the Lender in the Original Currency, the applicable Borrower agrees, as a separate obligation and notwithstanding the judgment, to indemnify the Lender, against any loss, and, if the amount of the Original Currency so purchased exceeds the sum originally due to the Lender in the Original Currency, the Lender shall remit such excess to the applicable Borrower.

12.14 Interest on Accounts

Except as may be expressly provided otherwise in this Agreement, all amounts owed by the Borrowers or any of them to the Administrative Agent and to any of the Lenders, which are not paid when due (whether at stated maturity, on demand, by acceleration or otherwise) shall bear interest (both before and after default and judgment), from the date on which such amount is due until such amount is paid in full, payable on demand, at a rate per annum equal at all times to:

(a) the Canadian Prime Rate in effect from time to time plus the Applicable Margin, in respect of amounts payable in Cdn. $; and

(b) the Base Rate (Canada) in effect from time to time plus the Applicable Margin, in respect of amounts payable in U.S. $.

12.15 Governing Law

(a) This Agreement shall be governed by, and construed in accordance with, the laws of the Province of Alberta and the laws of Canada applicable therein.

(b) The Covenantor and each Borrower irrevocably and unconditionally submits, for itself and its property, to the nonexclusive jurisdiction of the courts of the Province of Alberta, and any appellate court from any thereof, in any action or proceeding arising out of or relating to this Agreement or any other Credit Document, or for recognition or enforcement of any judgment, and each of the parties hereto irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding may be heard and determined in such court. Each of the parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in this Agreement or in any other Credit Document shall affect any right that the Administrative Agent or any Lender may otherwise have to bring any action or proceeding relating to this Agreement or any other Credit Document against the Covenantor or any Borrower or its properties in the courts of any jurisdiction.

(c) The Covenantor and each Borrower irrevocably and unconditionally waives, to the fullest extent permitted by applicable Law, any objection that it may now or hereafter have to the laying of venue of any action or proceeding arising out of or relating to this Agreement or any other Credit Document in any court referred to in Section 12.15(a). Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by applicable Law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

12.16 Waiver of Jury Trial

Each party hereto hereby irrevocably waives, to the fullest extent permitted by applicable Law, any right it may have to a trial by jury in any legal proceeding directly or indirectly arising out of or relating to this Agreement or any other Credit Document or the transactions contemplated hereby or thereby (whether based on contract, tort or any other theory). Each party hereto:

(a) certifies that no representative, agent or attorney of any other person has represented, expressly or otherwise, that such other person would not, in the event of litigation, seek to enforce the foregoing waiver; and

(b) acknowledges that it and the other parties hereto have been induced to enter into this Agreement and the other Credit Documents by, among other things, the mutual waivers and certifications in this Section 12.16.

12.17 Anti-Money Laundering Legislation

(a) The Covenantor and each Borrower acknowledges that, pursuant to the *Proceeds of Crime (Money Laundering) and Terrorist Financing Act* (Canada) and other applicable anti-money laundering, anti-terrorist financing, government sanction and "know your client" applicable laws, whether within Canada or elsewhere (collectively, including any guidelines or orders thereunder, "**AML Legislation**"), the Lenders and the Administrative Agent may be required to obtain, verify and record information regarding the Covenantor, the Borrowers and the Designated Subsidiaries and their directors, authorized signing officers, direct or indirect shareholders or unitholders or other persons in control of the Covenantor, the Borrowers and/or any such Designated Subsidiary, and the transactions contemplated hereby. The Covenantor and each Borrower shall promptly: (i) provide all such information, including supporting documentation and other evidence, as may be reasonably requested by any Lender or the Administrative Agent, or any prospective assignee of a Lender or the Administrative Agent, in order to comply with any applicable AML Legislation, whether now or hereafter in existence; and (ii) if requested from time to time, notify the recipient of any such information of any changes thereto.

(b) If, upon the written request of any Lender, the Administrative Agent has ascertained the identity of the Covenantor, the Borrowers or any Designated Subsidiary or any authorized signatories of the Covenantor, the Borrowers or any Designated Subsidiary for the purposes of applicable AML Legislation on such Lender's behalf, then the Administrative Agent;

(i) shall be deemed to have done so as an agent for such Lender, and this Agreement shall constitute a "written agreement" in such regard between such Lender and the Administrative Agent within the meaning of applicable AML Legislation; and

(ii) shall provide to such Lender copies of all information obtained in such regard without any representation or warranty as to its accuracy or completeness.

Notwithstanding the foregoing, each of the Lenders agrees that the Administrative Agent has no obligation to ascertain the identity of the Covenantor, the Borrowers or any Designated Subsidiary or any authorized signatories of the Covenantor, the Borrowers or any Designated Subsidiary, on behalf of any Lender, or to confirm the completeness or accuracy of any information it obtains from the Covenantor, the Borrowers or any Designated Subsidiary or any such authorized signatory in doing so.

12.18 Counterparts; Electronic Execution

(a) This Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement and the other Credit Documents and the Agency Fee Letter with respect to fees payable to the Administrative Agent constitute the entire contract among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. Delivery of an executed counterpart of a signature page of this Agreement by telecopy or by sending a scanned copy by electronic mail shall be effective as delivery of a manually executed counterpart of this Agreement.

(b) The words "execution," "signed," "signature," and words of like import in any assignment and assumption agreement in the form of Schedule 8 shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable Law, including the *Electronic Transactions Act* (Alberta), Parts 2 and 3 of the *Personal Information Protection and Electronic Documents Act* (Canada), the *Electronic Commerce Act, 2000* (Ontario) and other similar federal or provincial laws based on the *Uniform Electronic Commerce Act* of the Uniform Law Conference of Canada or its *Uniform Electronic Evidence Act*, as the case may be.

12.19 Further Assurances

Each of the Covenantor, the Borrowers, the Lenders and the Administrative Agent shall promptly cure any default by it in the execution and delivery of any of the Credit Documents. The Covenantor and the Borrowers, at their expense, shall promptly execute and deliver to the Administrative Agent, upon request by the Administrative Agent (acting reasonably), all such other and further deeds, agreements, opinions, certificates, instruments, affidavits, registration materials and other documents reasonably necessary for the Covenantor's and the Borrowers' compliance with, or accomplishment of, the covenants and agreements of the Covenantor and the Borrowers hereunder or more fully to state the obligations of the Covenantor and the Borrowers as set out herein or to make any registration or recording, file any notice or obtain any consent, all as may be reasonably necessary or appropriate in connection therewith.

12.20 Severability

If any provision of this Agreement shall be deemed by any court of competent jurisdiction to be invalid or void, the remaining provisions hereof shall remain in full force and effect.

[The remainder of this page is intentionally left blank.]

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their respective authorized officers as of the date first above written.

2.1 Effective as of the Effective Date, all of the Lenders agree the Credit Agreement is amended by:

(a) adding the following definition in alphabetical order:

""**EBITDA**" means for any period, on a consolidated basis and without duplication, the sum of the Covenantor's:

(a) consolidated net income before (to the extent included in determining consolidated net income of the Covenantor):

(i) unrealized gains or losses from financial derivatives, non-cash pension income or expense, foreign-exchange translation gains or losses on U.S. Dollar denominated debt, and all other non-cash expenses including non-cash compensation expense, depreciation, amortization and accretion expense;

(ii) extraordinary items and gains or losses from dispositions of assets;

(iii) accrued expenses for third-party and environmental liabilities up to the aggregate amount of valid insurance coverage held by the Covenantor, plus any equity raised by the Covenantor to fund such expenses; and

(iv) the amount of any insurance proceeds applied to the expenses listed in (iii) above and recorded as income in accordance with GAAP, and

(b) to the extent deducted in determining net income of the Covenantor (i) all interest expense (including all capitalized interest, commissions, discounts and other fees and charges) plus the portion of rent expense of the Covenantor under Capitalized Lease Obligations that is treated as interest in accordance with GAAP, and (ii) the amount of taxes, based on or measured by income in accordance with GAAP.

EBITDA will be adjusted to include or exclude EBITDA, as applicable, associated with any acquisition or disposition (which increases or decreases EBITDA, as the case may be, by more than Cdn. $50,000,000 or the Equivalent Amount in U.S. Dollars) made within the applicable period, as if that acquisition or disposition had been made at the beginning of such period (in a manner satisfactory to the Lenders, acting reasonably).";

(b) deleting the definition "**Total Capitalization**" in its entirety; and

(c) deleting the paragraph in Section 8.3 in its entirety and replacing it with the following:

"So long as any amount owing by any Borrower under this Agreement remains unpaid or any Lender has any obligation under this Agreement, unless consent is given under Section 12.1, the ratio of Funded Debt to EBITDA of the Covenantor shall not exceed 4.00 to 1.00 on the last day of any period of four consecutive Financial Quarters."

3. REPRESENTATIONS AND WARRANTIES

3.1 The Borrowers hereby represent and warrant to and in favour of the Agent and the Lenders that as of the Effective Date:

(a) there exists no Default or Event of Default; and

(b) the representations and warranties contained in Section 7.1 of the Credit Agreement (other than any representations and warranties which expressly speak of an earlier date, and with this Agreement being a Credit Document and references to the Credit Agreement being deemed to be references to the Amended Credit Agreement) are true and correct.

4. CONDITIONS PRECEDENT TO EFFECTIVENESS

4.1 This Agreement shall be effective upon delivery by the Borrowers to the Agent of an executed copy of this Agreement.

5. CONFIRMATION OF CREDIT AGREEMENT AND OTHER DOCUMENTS
