Forward-Looking Statements - This presentation and accompanying oral presentation contain “forward-looking statements” regarding our future performance, including quotations from management, statements in the section entitled “Financial Outlook,” such as estimates regarding revenue, non-GAAP gross margin, and non-GAAP operating margin for the second quarter of 2025, long-term business and financial model and financial outlook for 2025 and beyond, forecasts relating to Arista’s future serviceable addressable market and new market targets, statements regarding Arista's business plans and its ability to execute such plans, statements regarding our ability to grow our revenue and expand our market share, statements regarding the benefits of Arista's products, and statements regarding Arista's innovation, growth, and profitability, and its conviction in the long-term value of the business. Forward-looking statements are subject to known and unknown risks, uncertainties, assumptions and other factors that could cause actual results, performance or achievements to differ materially from those anticipated in or implied by the forward-looking statements including risks associated with: escalated or escalating U.S. tariffs and countermeasures taken by affected countries; enhanced import/export restrictions, such as enhanced export controls the U.S. has adopted targeting trade with China, as well as countermeasures taken by affected countries; large purchases by a limited number of customers who represent a substantial portion of our revenue; adverse economic and geopolitical conditions and conflicts, continuing uncertain economic conditions or reduced information technology and network infrastructure spending; the impact of sole or limited sources of supply, supply shortages and extended lead times or supply changes; volatility in our revenue growth rate; variations in our results of operations; the rapid evolution of the networking market; failure to successfully carry out new products and service offerings and expand into adjacent markets; variability in our gross margins; intense competition and industry consolidation; expansion of our international sales and operations; investments in or acquisitions of other businesses; seasonality and industry cyclicality; fluctuations in currency exchange rates; failure to raise additional capital on favorable terms; our inability to attract new large customers or sell additional products and services to our existing customers; inability to grow sales of switches which generate most of our product revenue; large customers requiring more favorable terms; inability to increase market awareness or acceptance of our new products and services; decreases in the sales prices of our products and services; long and unpredictable sales cycles; inability to offer high quality support and services; declines in maintenance renewals by customers; product quality problems; failure to anticipate technological shifts; the complexity of managing the supply of our products and product components; our dependence on third-party manufacturers to build our products; assertions by third parties of intellectual property rights infringement; failure or inability to protect or assert our intellectual property rights; defects, errors or vulnerabilities in our products, the failure of our products to detect security breaches or incidents, the misuse of our products or the risks or product liability; breaches of our cybersecurity systems, or other security or privacy breaches or incidents; failure to comply with government law and regulations; issues in the development and use of artificial intelligence, combined with an uncertain regulatory environment; risks related to future decisions to reduce or discontinue repurchasing our common stock pursuant to our stock repurchase programs; and other future events. Additional risks and uncertainties that could affect us can be found in our most recent filings with the Securities and Exchange Commission, including, but not limited to, our annual report on Form 10-K and quarterly reports on Form 10-Q. You can locate these reports through our website at https://investors.arista.com/ and on the SEC’s website at https://www.sec.gov/. All forward-looking statements in this presentation are based on information available to the company as of the date hereof, and we disclaim any obligation to publicly update or revise any forward-looking statement to reflect events that occur or circumstances that exist after the date on which they were made.

Non-GAAP Financial Measures - This presentation and accompanying table contain certain non-GAAP financial measures including non-GAAP gross profit, non-GAAP gross margin, non-GAAP income from operations, non-GAAP operating margin, non-GAAP net income and non-GAAP diluted net income per share. These non-GAAP financial measures exclude stock-based compensation expense, intangible asset amortization, gains/losses on strategic investments, and the income tax effect of these non-GAAP exclusions. In addition, non-GAAP financial measures exclude net tax benefits associated with stock-based awards, which include excess tax benefits, and other discrete indirect effects of such awards. The company uses these non-GAAP financial measures internally in analyzing its financial results and believes that these non-GAAP financial measures are useful to investors as an additional tool to evaluate ongoing operating results and trends. In addition, these measures are the primary indicators management uses as a basis for its planning and forecasting for future periods.

Non-GAAP financial measures are not meant to be considered in isolation or as a substitute for the comparable GAAP financial measures. Non-GAAP financial measures are subject to limitations, and should be read only in conjunction with the company's consolidated financial statements prepared in accordance with GAAP. Non-GAAP financial measures do not have any standardized meaning and are therefore unlikely to be comparable to similarly titled measures presented by other companies. A description of these non-GAAP financial measures and a reconciliation of the company’s non-GAAP financial measures to their most directly comparable GAAP measures have been provided in the financial statement tables included in the appendix of this presentation, and investors are encouraged to review the reconciliation.

First Quarter 2025: Company Highlights

Arista Introduces Intelligent Innovations for AI Networking

Arista introduced advanced capabilities to maximize AI cluster performance and efficiency. Cluster Load Balancing (CLB) in Arista EOS® maximizes AI workload performance with consistent, low-latency network flows, while Arista CloudVision® Universal Network Observability™ (CV UNO™) now offers AI job-centric observability for enhanced troubleshooting and rapid issue inference, ensuring job completion reliability at scale.

Arista Networks Recognized in the Leaders Quadrant of the 2025 Gartner® Magic Quadrant™ for Data Center Switching, published on March 31, 2025

Gartner positioned Arista Networks as the vendor with the highest ability to execute in the report.

ARISTA

Arista's FY 2024 Achievements

EOS

- Arista EOS SWAG uses industry-standard Ethernet to group and manage individual switches via a single IP address
- The Arista EOS AI Agent aligns compute and network domains as a single managed AI entity, enabling coordination across domains to minimize job completion times

Platforms

- The Arista Etherlink portfolio (Distributed Etherlink Switch, 7800R4, 7060X6) supports AI cluster sizes ranging from thousands to 100,000s of XPUs
- Arista's Wi-Fi 7 access points support use cases such as AR/VR, streaming multimedia, IoT, video applications and high-density deployments

Innovation

- CloudVision UNO enables 360°AI-driven network observability and CloudVision Leaf Spine Stack (LSS™) Management helps customers manage a logical stack of switches as a single entity
- Arista MSS enables agentless microsegmentation via the switching fabric and simplifies customer zero trust networking efforts

Financial Results for First Quarter 2025

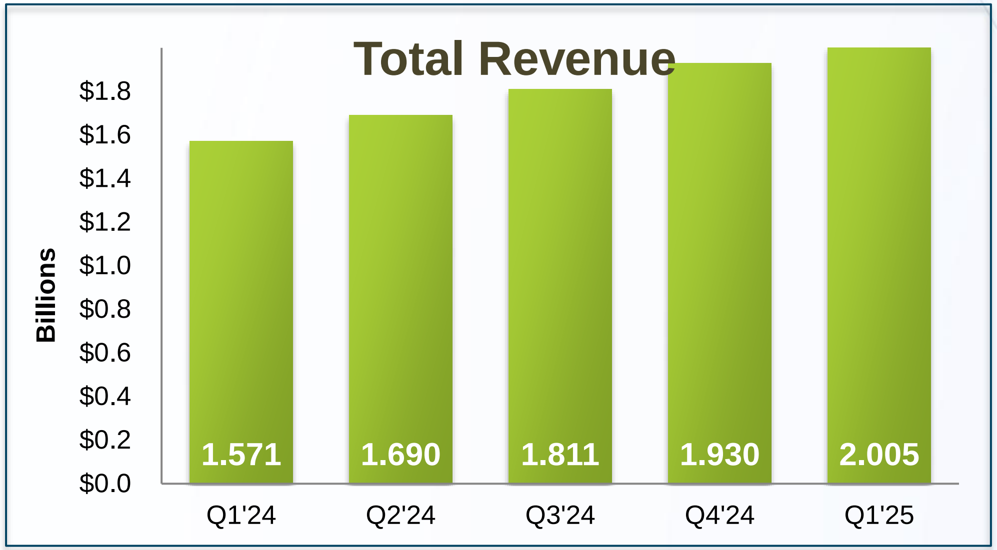
Financial Results (non-GAAP)[1]

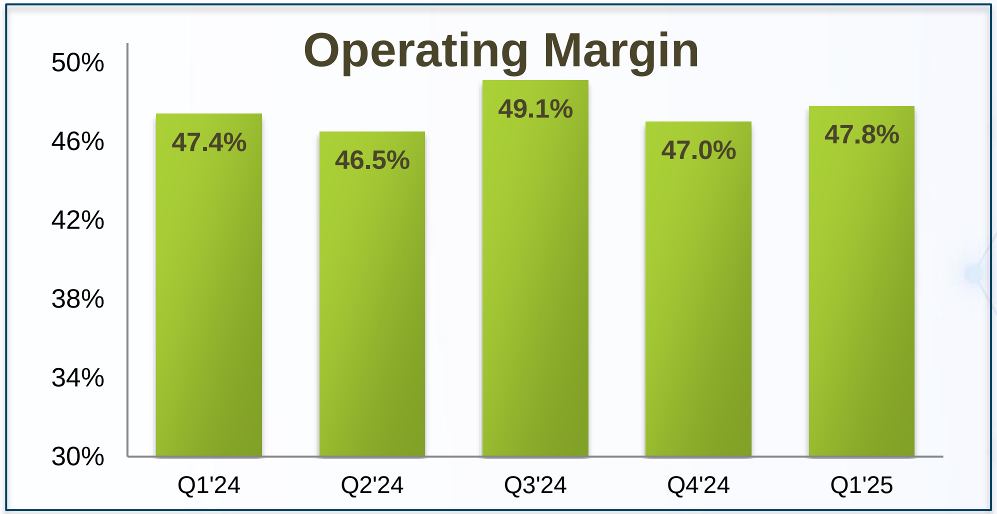
	Q1'25 Results
Revenue	$2.005B, up 27.6% YoY
Gross Margin (Non-GAAP)[(1)]	64.1%
Operating Margin (Non-GAAP)[(1)]	47.8%
EPS (Non-GAAP)[(1)]	$0.65

[1] Amounts are non-GAAP except for Revenue; refer to reconciliation between non-GAAP and GAAP in the appendix.

ARISTA

Financial Highlights[1]

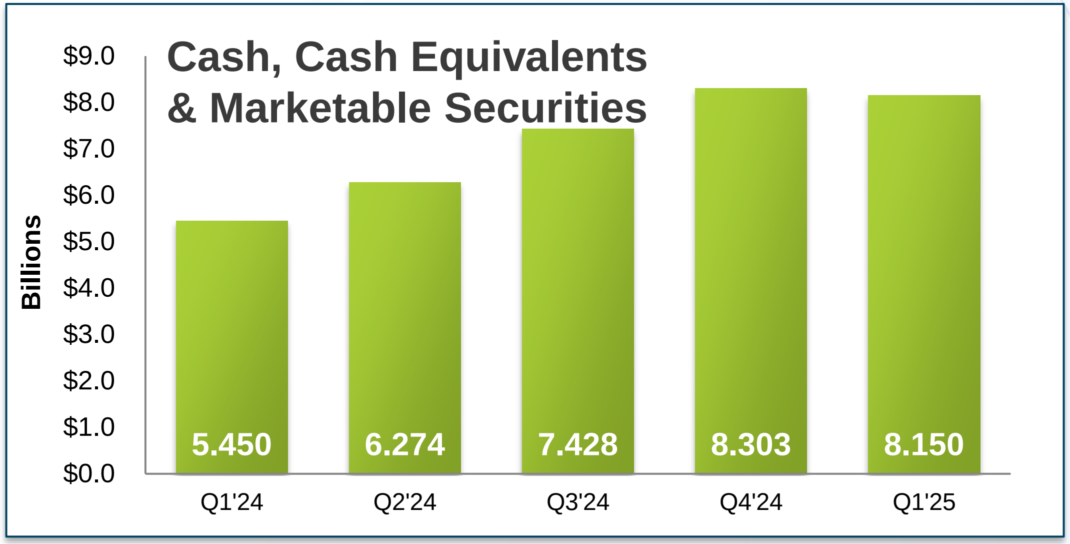


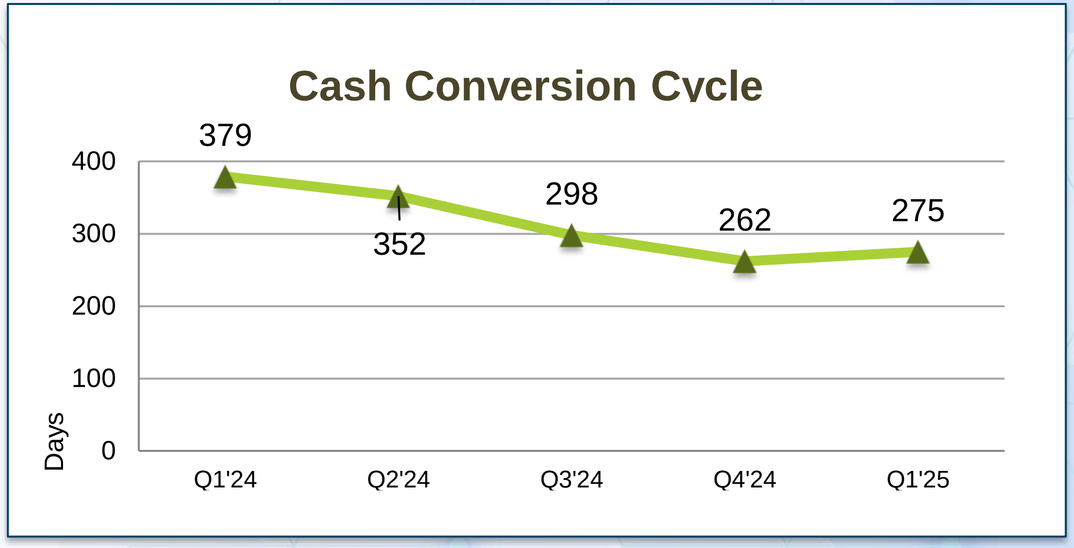


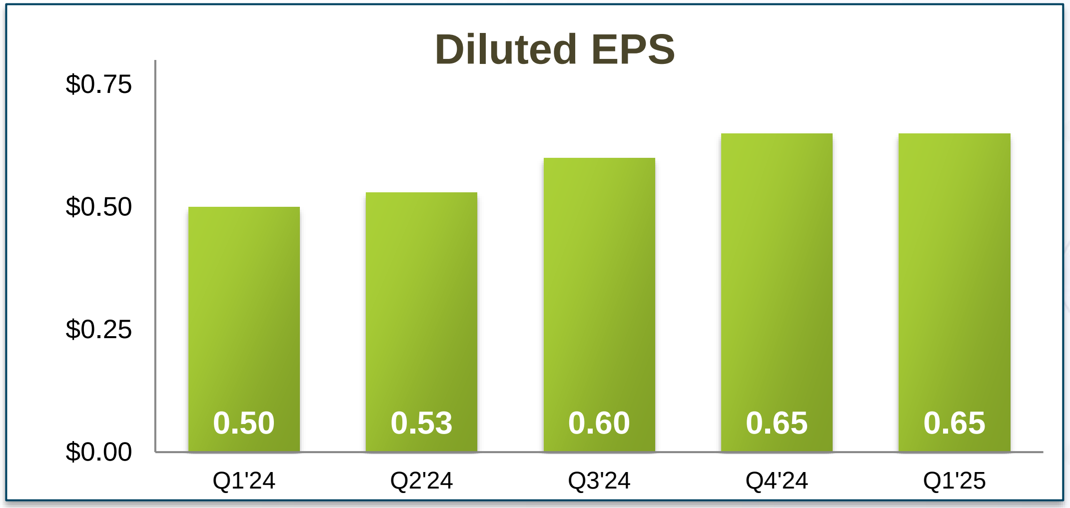
Q1’25 higher operating margin Y/Y driven by productivity gains, offset slightly by lower gross margin

[1] Amounts are non-GAAP except for Revenue; refer to reconciliation between non-GAAP and GAAP in the appendix.

Balance Sheet & Cash Conversion Cycle[1]





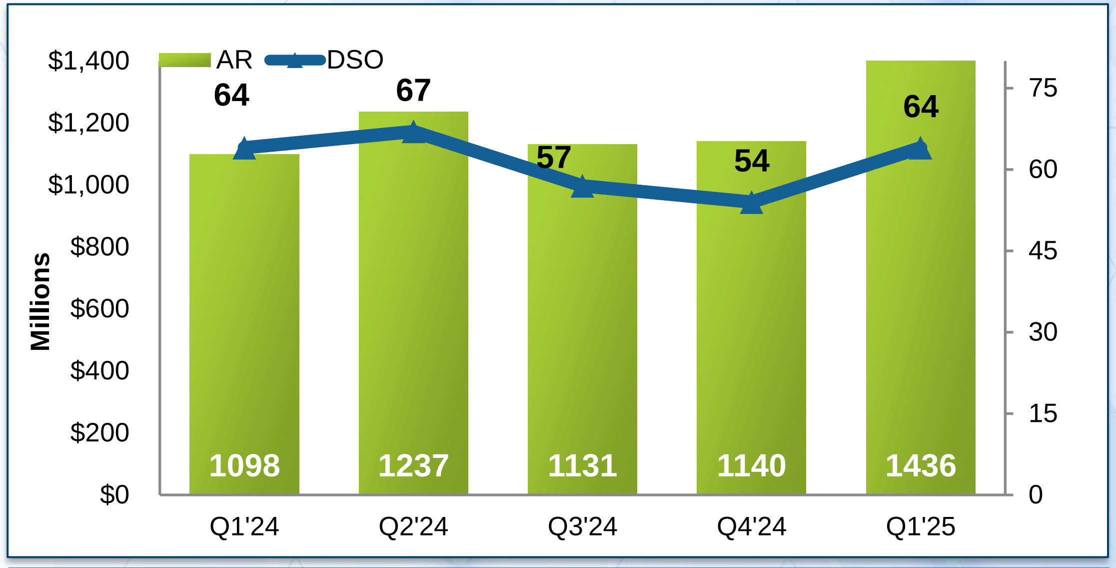


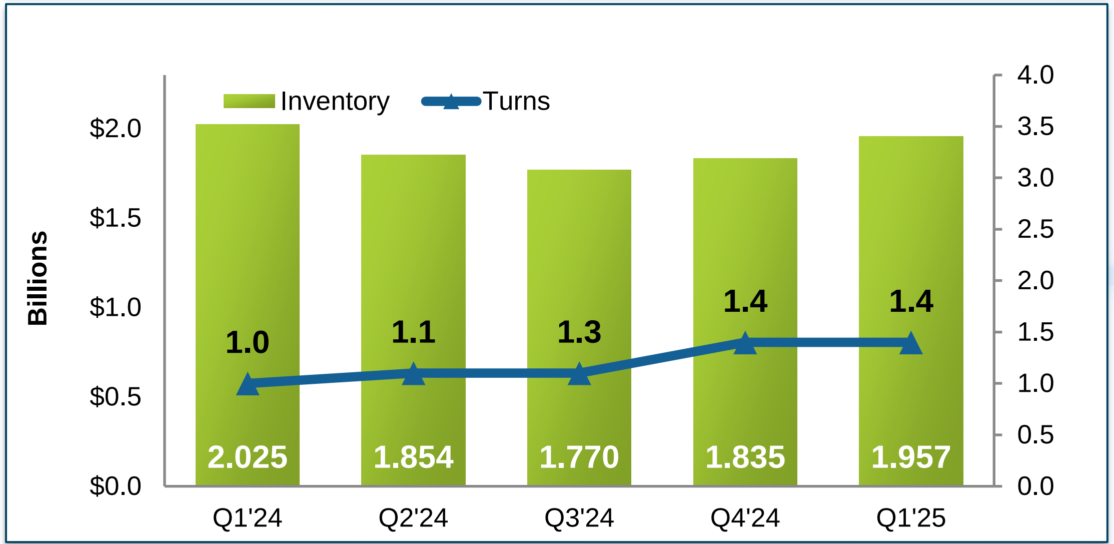
Strong EPS growth at +30% Y/Y

The Q1 share repurchase of $787M is the largest in Arista's company history.

[1] EPS amounts are non-GAAP; refer to reconciliation between non-GAAP and GAAP in the appendix.

Inventory Turnover





Purchase commitments increase due to new product introductions

Our Approach to Capital Allocation

Maintain a healthy balance sheet

Invest to strengthen operations/position of existing business if we earn a reasonable return e.g., supply chain & working capital investments

Invest cash balance to earn interest income when accretive to EPS

M&A (strategic opportunities and when the deal makes sense from multiple angles)

Share repurchases to offset dilution and return cash to shareholders at a price that is accretive

Q1 FY 2025
Net Income $813.8M

Guidance and Financial Outlook

Second Quarter 2025 – Guidance

	Q2'25 Guidance
Revenue	~ $2.1B
Gross Margin (Non-GAAP)[1]	~ 63%
Operating Margin (Non-GAAP)[1]	~ 46%

Diluted Shares ~ 1.272 billion
Non-GAAP Tax Rate[1] ~ 21.5%

(1) Guidance for non-GAAP financial measures excludes stock-based compensation, amortization of acquisition related intangible assets, and other non-recurring items. A reconciliation of non-GAAP guidance measures to corresponding GAAP measures is not available on a forward-looking basis because these measures are difficult to predict and subject to change. The actual amount of stock-based compensation expense will have a significant impact on the company's GAAP gross margin and GAAP operating margin.
