Arista to Showcase Cloud Networking for Healthcare in HIMSS Interoperability Showcase

2/5/2019

Arista cloud networking solutions enable agile campus and datacenter for digital healthcare initiatives

SANTA CLARA, Calif.--(BUSINESS WIRE)-- Arista Networks (NYSE:ANET) will be the network infrastructure provider in the HIMSS19 TeleHealth Interoperability Showcase™ School Telehealth Demonstration which addresses **network continuity, telemedicine, EHR and SMART on FHIR applications**. The HIMSS Interoperability Showcase highlights innovative solutions that enable healthcare providers to deliver affordable, accessible, higher quality care. HIMSS19 Interoperability Showcase TeleHealth participants include ViTel Net, Epic, Altarum, eClinicalWorks, and the National Consortium of Telehealth Resource Centers (NCRTC), and others.

“Healthcare providers today require reliable, scalable and secure wired and wireless network infrastructure to support their AI, IoT and Big Data initiatives,” said Ed Chapman, Vice President of Business Development for Arista. “Arista’s award-winning software driven **cloud networking** solutions enable healthcare CIOs to deploy modern Spine Leaf and Spline networks similar to cloud titans, large enterprise companies and service providers, to maximize positive patient outcomes.”

“HIMSS is pleased to welcome Arista as a participant of the HIMSS19 Interoperability Showcase,” said Christel Anderson, Senior Director, Interoperability issues at HIMSS. “Arista will be a key partner in demonstrating the key infrastructure required for interoperable telehealth technologies.”

Arista booth demonstrations at HIMSS include:

- Arista **Cognitive WiFi™** for Healthcare
- Arista **Macro Segmentation Services** (MSS™) for Securing Hospital Data Centers
- Arista **Any Cloud** for Enabling Hybrid Cloud Healthcare
- Arista **CloudVision®**Automation for Healthcare

CloudVision, Cognitive WiFI, MSS and Any Cloud deliver the reliability and security needed to make the network an IT asset in simplifying the growing list of healthcare use cases and IT requirements. Arista's innovative Architecture, Automation and Analytics deliver Agility for Any Cloud reducing the Total Cost of Ownership (TCO) and freeing up healthcare IT resources for digital initiatives.
