Report at the close of business as of the last calendar day of the quarter

This Report is required by law: Section 5(c) of the Bank Holding Company Act (12 U.S.C. 1844) and Section 225.5(b) of Regulation Y [12 CFR 225.5(b)].

This report form is to be filed by bank holding companies with total consolidated assets of \$500 million or more. In addition, bank holding companies meeting certain criteria must file this report (FR Y-9C) regardless of size. See page 1 of the general instructions for further information.

However, when such bank holding companies own or control, or are owned or controlled by, other bank holding companies, only the top-tier holding company must file this report for the consolidated holding company organization. The Federal Reserve may not conduct or sponsor, and an organization (or a person) is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

NOTE: Each bank holding company's board of directors and senior management are responsible for establishing and maintaining an effective system of internal control, including controls over the Consolidated Financial Statements for Bank Holding Companies. The Consolidated Financial Statements for Bank Holding Companies are to be prepared in accordance with instructions provided by the Federal Reserve System. The Consolidated Financial Statements for Bank Holding Companies must be signed and attested by the Chief Financial Officer (CFO) of the reporting bank holding company (or by the individual performing this equivalent function).

I, the undersigned CFO (or equivalent) of the named bank holding company, attest that the Consolidated Financial Statements for Bank Holding Companies (including the supporting schedules) for this report date have been prepared in conformance with the instructions issued by the Federal Reserve System and are true and correct to the best of my knowledge and belief.

**Schedule HC-R<sup>3/4</sup>Continued**

Bank holding companies are not required to risk-weight each on-balance sheet asset and the credit equivalent amount of each off-balance sheet item that qualifies for a risk weight of less than 100 percent (50 percent for derivatives) at its lower risk weight. When completing items 34 through 54 of Schedule HC-R, each bank holding company should decide for itself how detailed a risk-weighted analysis it wishes to perform. In other words, a bank holding company can choose from among its assets and off-balance sheet items that have a risk weight of less than 100 percent which ones to risk-weight at an appropriate lower risk weight, or it can simply risk-weight some or all of these items at a 100 percent risk weight (50 percent for derivatives).
