About USA Compression Partners, LP

USA Compression Partners, LP is a growth-oriented Delaware limited partnership that is one of the nation's largest independent providers of compression services in terms of total compression fleet horsepower. The Partnership partners with a broad customer base composed of producers, processors, gatherers and transporters of natural gas and crude oil. The Partnership focuses on providing compression services to infrastructure applications primarily in high volume gathering systems, processing facilities and transportation applications. On April 2, 2018, the Partnership closed its previously announced transactions with the Energy Transfer family, including, among other things, the Partnership's purchase of Energy Transfer's compression business and Energy Transfer Equity's purchase of 100% of the limited liability interests in the Partnership's general partner.
